

## Chapter 725

After Sabina left, Chuck sat down and was in a daze for a while before Black Rose came out.

"Aren't you going back?" Black Rose had already put away her gun.

"Yeah..."

"She slapped you, and you didn't return it?" Black Rose was particularly upset with him. Sabina had slapped Chuck, and his face was still red now.

"She didn't mean to." Chuck touched his cheek and felt nothing. He got up and stared in the direction in which Sabina left.

"Didn't mean to?" Black Rose was annoyed.

Just now, she almost wanted to shoot Sabina to death. How dare she slap Chuck?

"No, it's not like that." Chuck didn't want to go back.

Chuck thought there was something wrong with the message Sabina had received from Brooke. It probably was Loomis' trap.

Loomis was a cruel man with no bottom line!

"Whatever," Black Rose huffed.

She didn't care at all. Why should she care for him?

Even she felt puzzled.

But when she saw Chuck get slapped, she would still be fuming!

Black Rose really wanted to catch up to Sabina and give her a slap back!

"If she dares to slap you again, I will put a bullet through her skull!" Black Rose will absolutely do what she said.

Chuck felt that he still had to tell Karen, the situation might have changed.

Chuck didn't want Sabina to die.

"Let's go back," Chuck said.

Black Rose kept silent, but she nodded.

"Are there any ice cubes? I'll apply it..."

Chuck's face was still swollen. If he went back looking like this, Yvette, Willa, and Karen would ask questions.

To avoid trouble, it was better to deal with it in advance.

"There's no refrigerator in the car. How could there be ice?" Black Rose was angrier with each word.

"Oh." Chuck shrugged.

The two of them continued walking.

"Do you want some water?" She suddenly asked.

"Will it reduce the swelling?"

"No." Black Rose glanced at him.

"..."

Chuck was speechless.

He said nothing and went straight home to find Karen.

When Karen saw Chuck's swollen face, she was surprised. "Chucky, you..."

"Mom, I just met Sabina. She..." Chuck confessed his doubts.

"That's to say, Loomis might have killed Brooke for the position of family head?" Karen's eyes were gleaming with keen light.

"I suspect so. Loomis even used Brooke to draw Sabina back! She's in grave danger now!"

"Oh, am I to understand that you came over to tell me this because you didn't want Sabina to die? She's not an

easy girl," Karen must have read Chuck's mind.

Chuck thought of Sabina as a friend. If it wasn't for that, Sabina wouldn't have left safely at Karen's hands last time!

It was even more impossible for her to get the antidote.

"Yes, I..."

"I don't want to get involved in this!" Karen shook her head.

"Why?" Chuck was extremely surprised. Why did Karen say that?

"People need to grow. It's her growth, and it's your growth too," Karen was telling the truth.

She firmly believed that this was natural selection. Only those who have the ability can survive in this situation.

"But..." Chuck's mind went blank.

Karen sighed. "Chucky, what I've told you is all the truth. Sabina has her own fate, so you don't have to interfere with it. I won't let her interfere with your fate as well, do you understand?"

"But we are friends."

This sentence appeared in Chuck's mind, but he didn't speak it out. Karen's expression made him speechless.

Was he going to watch Sabina possibly die?

One should know that Sabina didn't even have the intent to kill just now. She treated Chuck as a friend, but what about him?

Chuck went out in a trance.

Karen was silent. She then asked Willa and Betty to come in, telling them about this matter. Willa was surprised. "This doesn't seem like you..."

Karen was the kind of person who cherished affection a

lot. To Karen, whether opponent or otherwise, Karen admired Sabina, because she could see herself in Sabina.

In the past, she would have done something. But now, Karen was too calm, it was abnormal.

Karen didn't say a word. She was thinking about something.

Her intuition told her that something was going to happen, so she decided to change her mind!

.....

Sabina arrived at the Yeager family house and used the secret passage to enter the house. She did not wait for long and went straight into it.

Of course, she knew that something was fishy. However, she was already well prepared in the car before she came.

It was a preparation just in case!

She walked into Brooke's room, and tears welled up in her eyes. On the bed, Brooke had stopped breathing.

Her grandfather was dead!

Bang!

The door was suddenly closed. More than ten people walked out, with a cold look on their face!

Except Loomis.

"Sabina, why haven't you become wise yet? Trying to break in when you know it's a trap? You're such a fool. What qualifies you to be the head? Tell me!" Loomis laughed out maniacally!

Finally, he caught Sabina!

It was really not easy.

"You killed Grandpa?" Sabina's tears fell.

Her eyes were red.

"No, you can't say that. He was in so much pain, so I sent him off. I did this out of goodwill!" Loomis said as he snapped his fingers. A dozen or so people had already surrounded Sabina.

Sabina's beautiful eyes were cold. "I will show you that there is a price to pay for doing this!"

"Oh, really? I'm good now, but you're going to die soon. Haven't you realized what's going on?" Loomis sneered.

Sabina took out a dagger.

This was a weapon she had used for many years, it had many blood stains on it.

"I'll only ask you this once. You're all from the Yeager family. Are you sure you want to fight me?" Sabina was full of arrogance!

Her voice didn't sound very loud, but it was like thunder.

The bodyguards looked at each other subconsciously!

What a strong voice!

Loomis felt Sabina's words to be harsh. "Cut the crap. Do it, kill her now!"

"Yes, Mr. Loomis!"

These men were all the top bodyguards of the Yeager family. Their strength was extraordinary!

Sabina took action. Her true strength broke out at this moment, and coldness filled the air. She shuttled back and forth like a goddess of death, and with a crash, she killed someone with a stab of her dagger.

With a thud, that person fell onto the ground. The expression on their face was unimaginable!

Sabina grew up in a pile of corpses. To her, these sieges were just another survival test.

The men surrounded and attacked Sabina, the clanging of weapons sounding everywhere.

Amidst the glints of the daggers and sabers, Loomis gave a sinister sneer. Once Sabina died, he would soon become the head of the Yeager family!

"Kill her for me. I'll give ten billion dollars to whoever kills her!" Loomis said.

Hearing this, the men were pumped up and had a strong fighting spirit. They all took out their daggers and stabbed at Sabina!
