

Chapter 173

Amanda Yang felt anxious and panicked as she saw Cindy Jiang picking up the bowl and was about to drink it.

After all, she was her daughter.

"I'm sorry, Cindy, but I have no choice. You and that loser Jason have no future together. Since you don't want to abort the baby, I will be the villain who make you do so!"

Amanda thought cruelly in her mind.

Cindy held the bowl and was about to drink the medicine, but suddenly her phone rang.

She hesitated for a moment before putting the bowl down and take a look at the phone. It was the company number.

"Mom, I'll drink it later. I have to take this call."

Cindy got up quickly and ran out while taking the call.

Amanda shouted anxiously, "Hey, Cindy, you can take the call after you finish the drink."

However, she had already left.

Amanda was angry, as she was only one step away from success.

When Cindy came back, she hurriedly picked up her bag and gave Angela a quick kiss before leaving.

"Hey, Cindy, drink the medicine." Amanda was anxious.

Cindy looked back and said with a conflicted look, "Maybe next time, mom. My company needs me, I'm in a hurry."

Cindy trotted out of the hospital.

Amanda stomped her foot angrily. She spent the whole afternoon to brew the medicine just for it to go to waste.

"Grandma, don't be mad at mom. Mom had been busy with work, she is very tired..."

Angela was sitting on the bed, playing with puppets. She looked so innocent, and was so adorable.

Amanda turned her head and walked over. She poked Angela on the forehead with her finger and

gritted her teeth. "You little b*stard, it's all because of you! Your dad is a loser, and you are a little b*stard! Now your mom is pregnant again. When she gives birth to the baby, your dad and your mother will abandon you and throw you into the garbage. Then you will starve to death!"

Upon hearing these words, Angela's big watery eyes suddenly burst into tears and cried loudly, "Mom, mom... Dad..."

Amanda was angry. She even grabbed Angela's hair and shouting, "Cry. If you cry again, I'll beat you to death, little b*stard!"

Angela was so scared that she choked on her tears and just biting her lip, looked so distressed.

Meanwhile, the female nurse who took care of Angela rushed in. She was annoyed when she saw Amanda being so rude to Angela.

"Who the hell are you? How can you bully the child!"

The nurse was a tall woman. She held Angela in her arms and comforted, "Don't cry Angela, don't cry."

Angela leaned on the nurse's shoulder. Her cry

was so loud that she looked like she was in a heartbroken daze.

Amanda was so angry. When she saw the nurse, she immediately pointed at her and scolded fiercely, "Who are you? What right do you have to speak? You are just a nurse taking care of the child. Why do think you can talk to me like this?"

Seeing Amanda coming back at her, the female nurse retorted immediately, "It's not right for you to scold the child like this! Who are you? If you don't leave now, I'll call security!"

Amanda sneered, "Huh, are you in charge now? You are just a nurse hired by my daughter. How dare you talk to me like this? Believe it or not, I will have my daughter fire you."

The female nurse was a little stunned when she heard this.

Her daughter?

"Who are you?" asked the female nurse tentatively.

"Hah, I'm her grandmother. Why? Are you afraid now? Apologize to me immediately or I'll ask my daughter to fire you!"

Amanda folded her arms, holding her chin high and shaking her head. She looked arrogant and domineering.

It was obvious that the nurse was from a poor family. How dare she act this way in front of Amanda? She was definitely asking for trouble!

The nurse was very angry!

This unreasonable middle- aged woman was Angela's grandmother?

She could never realize it!

How could she have such a vicious grandmother!

No wonder she had never seen her mother coming to visit Angela. It had always been only Jason and Cindy took turns to be here.

Now Leah Fang finally knew why.

Would Jason and Cindy live a good life with such a mother-in-law?

"Sorry, I won't apologize! It's you who should apologize to the child! Since you are Angela's grandmother, the vicious words you just said have seriously hurt Angela!"

Leah would not give in and argued reasonably.

She was not afraid.

Their quarrel had drawn the attention of patients and family members in the hospital.

A lot of people were pointing at them and talking.

"It seems like she's the child's grandmother. So cruel!"

"How could she curse the child that way? I heard it just now. It was so vicious!"

"I remember this little girl's parents are very nice. They are very easy-going. I didn't expect them to have such a mean mother-in-law."

All of a sudden, Amanda could no longer bear the critics.

She was so angry because she was being pointed at by so many people. She immediately walked to the nurse and slapped her angrily, "Who do you think you are? What right do you have to meddle in my family's affairs? You are just a nurse hired by my son-in-law and daughter. You need to learn your place. Mind your own business. Otherwise, I will beat you to death!"

Leah was stunned. The slap made her cheek turn red.

Amanda was so vicious and extremely mean.

She endured it since Angela was in her arms.

"I get paid by your son-in-law and daughter, so it has nothing to do with you. You must apologize to Angela. Otherwise, don't even think about leaving!"

Leah was a nice girl. She really could not stand to see Amanda's behavior.

She was a woman with a venomous heart.

It was the first time that Leah had seen someone treat her own granddaughter like this.

Amanda was very unhappy now because she had been scolded in public. She glared at Leah, slapped her again and scolded, "Bitch, are you trying again? I'll tear your mouth apart. You poor girl, we pay you to work for us. You should know the rules as a nurse. My daughter is CEO of Bi Kang Pharmacy. Who do you think you are? How dare you speak to me like this?"

Leah's cheeks turned red from the slap but she was still stubborn. She held her head high, "I work for your family but I don't really care about money. You can't humiliate me like this. I'll call Mr. Smith and resign right now!"

Amanda felt a little panicked when she heard this. What would she do if Jason knew about this?

When she saw Leah taking out her mobile phone, she quickly slapped it out of her hand. It fell to the ground and the screen cracked.

"How dare you make a phone call? I'll beat you to death!"

Amanda grabbed Leah's hair and pulled it desperately. She scolded madly, "You b*tch, don't you know the rules? Jason, that good-for-nothing's money is my money. My daughter's money is my money. If you dare to offend me, I'll beat you to death!"

Seeing this situation, the group of outsiders did not dare to help.

With this kind of incident, they just wanted to watch the fun unfold. They did not want any trouble for themselves.

Leah held the crying Angela tightly and took each of Amanda's punches and kicks.

In the end, Amanda pressed Leah on the bed and slapped her a few times.

Leah had already put Angela aside. Her face was red and full of palm prints. Her uniform was torn.

She gritted her teeth, her eyes were full of tears and grievance.

"You're such a bully!"

Leah cried. She covered her mouth and ran out.

Amanda was like a triumphant cock. She pointed at the crowd out the door, "What are you looking at? Get out of my way!"

Those people were very angry but they did not dare to do anything.

After scolding the onlookers, Amanda looked at Angela in the corner. She pointed at her fiercely, "I'll teach you a lesson next time."

After that, she turned her head and left.

Meanwhile, Leah ran out of the hospital and came to the garden. She covered her face with her hands, put herself on her knees and crying loudly.

She was so wronged.

She had never been humiliated like this. She was poor but she had always work so hard on her own.

How could Amanda bully her like that?

"What's the matter, Leah?"

Meanwhile, Jason came over with a lunch box and fruit in his hands.

Hearing Jason's voice, Leah hurriedly turned around and quickly wiped the tears from her face.

"No. Nothing."

Leah squeezed out a smile. Her eyes were red because she had cried so hard.

Jason's eyes squinted, "What's the matter? Why you are crying like this. Who bullied you? Tell me, I'll help you."

"Who else could it be? It was your vicious mother-in-law!"

Suddenly, a young nurse came over, glaring at Jason, "She beat Leah up in front of a group of people just now."

"Sister Sofia, please be quiet. Brother Jason, don't listen to her nonsense. It's nothing."

Leah tugged at the young nurse's clothes next to her and made a gesture with her eyes.

Amanda?

"What's going on?" Jason frowned and asked.

The young nurse could not stand it anymore. "I'll say what I want to even you stop me. Jason, let me tell you, your mother-in-law is really bad. Just now, she..."

After listening to the nurse, Jason suddenly became furious.

He pulled Leah's hand firmly, "Let's go. I'll back you up!"
