

“Fei,” Jiang Ning turned to glance at Fei. “You settle this.”

“Yes, Big Boss,” Fei nodded.

They just needed a lawyer, didn't they? Any internationally renowned lawyer who found out that Jiang Ning wanted a lawyer would fight each other tooth and nail just to get the job.

No matter how formidable Lee Group was, they would never understand what the words ‘God of War of the East’ truly meant.

DA DA DA!

A huge number of footsteps could be heard from outside.

These footsteps were even greater in number and more hurried than the last time Park Daeseong brought his men here.

Jiang Ning just looked up and glanced at the entrance.

“These bloody idiots don't know what's good for them!” scoffed Fei as he got up and walked out with the wolves.

From afar, they could see that Lee Seongjae and the head of Black Dragon Society had brought a lot of men into the Extreme Martial Arts Academy.

They were going to attack!

“You guys are really bold! How dare you barge into

Extreme Martial Arts Academy!” roared Fei as his angry gaze looked like laser beams. “Anyone who takes another step closer will be killed without hesitation!”

The wolves were all shirtless and the terrifying scars on their bodies were enough to frighten everyone.

On top of that, their gazes were extremely frightening!

They all looked like ferocious wolves that had their eye on their prey and would tear them to pieces anytime.

“Where is Jiang Ning?” Lee Seongjae scoffed. “Tell him to come out here and see me!”

He narrowed his eyes and smiled coldly, “I want to see who is this arrogant man who dares to make trouble in Korea, and dares to make trouble in front of the Lee family!”

He wanted to see Jiang Ning?

Fei suddenly laughed. But the murderous look in his eyes only intensified.

Nobody had ever dared to speak of Jiang Ning like this, and nobody dared to be so rude to him!

This Lee Seongjae deserved to die!

He was about to attack when even more hurried footsteps came from outside.

“Hurry! Hurry up!”

Another group of men dashed in and Fei immediately narrowed his eyes as he saw Lee Seongbong leading the way. What was wrong with the Lee family? They decided to all come here to die together?

He could already see how the Lee family would no longer exist in Korea after today!

Fei and the wolves were about to make their attack when Lee Seongbong suddenly roared, “Catch hold of Lee Seongjae and the rest!”

Lee Seongjae was still surprised at why Lee Seongbong was here and almost didn’t catch what Lee Seongbong had just said.

Catch hold of him?!

“Lee Seongbong, what did you just say?!” roared Lee Seongjae angrily.

“I said, catch hold of Lee Seongjae!” yelled Lee Seongbong like a lunatic. “Anyone who dares to go against my commands will be chased out of the Lee family and will be hunted down for the rest of his life!”

His voice was ear deafening and Lee Seongjae’s side was thrown into confusion.

SWOOSH!

SWOOSH!

SWOOSH!

All the highly skilled fighters of the Lee family dashed out and stood next to Lee Seongjae and the rest with him. They kept a close eye on all of them, so if they tried anything funny, they would really kill them on the spot!

“Lee Seongbong!” Lee Seongjae was furious.

He had the chance to kill Jiang Ning, destroy Extreme Martial Arts Academy and get hold of the manual he wanted, but now Lee Seongbong had appeared to stop him?

Lee Seongbong ignored him as he looked around nastily at everyone who didn't dare to move anymore.

If he was one step later, the Lee family would vanish from the face of the earth!

If he didn't teach these idiots a good lesson and make them suffer, they would never know that there were other terrifying people out there in the world, and these were people that the Lee family couldn't afford to offend at all.

He didn't say anything and walked straight to the door of the practicing arena but didn't dare to go in at all. He suddenly fell to his knees and shouted respectfully, “Sir, the Lee family has offended you once again! Please punish me!”

It was as if they had been hit by an earthquake. Everyone was shocked speechless.

What on earth was going on?

Lee Seongbong had actually fallen to his knees?

The head of the Lee family was on his knees!

They almost couldn't believe their eyes. It was as if all this was nothing but an illusion.

Even Lee Seongjae was completely stunned and had no idea what was happening at all.

He knew better than anyone else about the sort of person Lee Seongbong was. He was as proud as a peacock and had no regard for anyone in Korea.

But now, he had actually fallen to his knees and didn't even dare to walk through the door?

Wasn't it just one Jiang Ning inside that room?

Wasn't he just the principal of this Extreme Martial Arts Academy?

Wasn't he just someone from Lin Group?

Jiang Ning was just someone the Lee family could kill if they wanted to, no?

All their minds were blank and they simply couldn't understand what on earth was happening.

Lee Seongbong continued to kneel at the door

uneasily. He was really terrified now!

Jiang Ning sat inside and didn't say anything. But the more silent he remained, the more panicky Lee Seongbong became.

He had just confirmed who Jiang Ning was and begged for Jiang Ning's forgiveness. But before he could even warm his seat back home, Lee Seongjae and all those other idiots had made trouble again.

He had no choice but to allow Jiang Ning to punish his family, because the authority of the God of War was not to be challenged!

The entire place was silent.

Some of them started to figure it out. They didn't know who Jiang Ning really was or what was going on, but if the proud and mighty head of the Lee family was kneeling so humbly on the floor, it meant that the person inside the room had to be terrifying!

"Sir, please punish me!" Lee Seongbong shouted again.

Creeeak.

The door opened.

Lee Seongbong shuddered violently but didn't dare to look up.

"Lee Seongbong, you want me to punish you?"
Lee Seongbong took a deep breath and gulped

when he heard Jiang Ning's voice.

"The Lee family has offended you time and again and it is our fault. So if you punish us, the Lee family will not say anything!"

"Kill them then," said Jiang Ning quietly.

WOONG.

Lee Seongjae's expression changed. All the other family members who had come with him also paled.

Jiang Ning wanted to kill them?

"You're too arrogant!" One of them couldn't hold himself back and started yelling angrily, "Jiang Ning, who do you think you are? You want to kill us? You think the Lee family will listen to you?!"

He didn't think Lee Seongbong would kill important members of the Lee family for the sake of Jiang Ning.

"Kill him!" Lee Seongbong suddenly shouted. Before that man could do anything, the highly skilled fighter watching over him immediately reached out and broke his neck.

CRAAACK!

The sound of his neck breaking wasn't loud, but everyone heard it and their ears started ringing.

He had really been killed!

Lee Seongbong had really given the command to kill the person Jiang Ning wanted him to!

Lee Seongjae's face paled even more now.

He felt like his heart was going to leap out of his mouth soon. What on earth was even happening?

Had Lee Seongbong gone mad?

The dead body crashed to the floor and Lee Seongjae's pupils continued to constrict as he simply couldn't believe what he was seeing.

"You..."

He opened his mouth to speak but didn't know what he should say or what he could even say.

Lee Seongbong had definitely gone mad!

"If you want me to kill him, I will kill him!" said Lee Seongbong respectfully as he remained kneeling in front of Jiang Ning.
