

Chapter 327

Baxter would never have dreamed that he would see William here!

"This is Master Lu!"

Since Baxter helped William at the meeting of the destiny in Lunanica last time, they hadn't met each other again.

As for William's important deeds in Qena City, Baxter had always been watching them.

Recently, he had been thinking about whether there was a chance to get close to William again.

"I didn't expect that the opportunity would come inadvertently."

However, he suddenly thought about it. Why would William appear here?

As he thought about it, an idea came to his mind!

No way!

William and Felicity turned out to be the son-in-law and niece of the father and son of the Zhang family in front of them!

In other words, the target of the father and son of the Zhang family was actually William!

"He's dragging me along with him?" she

thought.

He- heh. A dumb person with plenty of money?

"The father and son of the Zhangs, you must be tired of living!"

Baxter was about to vent his anger on the father and son of the Zhang family in public, but William took a step forward unexpectedly. She reached out her hand and said indifferently, "Hello, you're the head of the luxury car club, aren't you? I'm William."

The moment William saw Baxter, she understood.

"What a coincidence! The other side is Baxter!"

In that case, it would be much easier to handle this matter.

Baxter was stunned by William's strange greeting.

Zhang Ruolong saw that William was so bold that he wanted to shake William's hand. He suddenly clapped William's hand and shouted, "Who are you? You want to shake hands with my brother! Get out of here! Call my niece out!"

Hearing this, William almost burst out laughing.

Zhang Ruolong's age was enough for Baxter

to be his father. How could he still call Baxter brother?

It was also A Min who had reached a certain level of flattery.

When Baxter saw this scene, he was so angry that he almost burst into a rage!

"Who is the bold one?"

Who was rude!

You're courting death!

He slapped Zhang Ruolong so hard that he couldn't even find a clue. "What the hell are you? You don't need to talk!"

Zhang Ruolong covered his face and hurriedly explained in a low voice, "Brother, this person's status is very low, how could he shake hands with a noble person like you..."

Baxter was so angry that he had no choice but to kick him again. "It's none of your business who he is!"

This time, Zhang Ruolong was stunned. He felt extremely wronged in his heart!

"A person with a low status dared to let me be beaten twice for no reason!"

He had lost all his face!

William winked at Baxter and invited them in.

Baxter didn't know what the look in William's

eyes meant at the moment, so he had to walk in, trembling with fear.

The father and son of the Zhang family were a step behind. Zhang Jin asked in a trembling voice, "Dad, what's Brother Chen's intention? Why does he look like a completely different person? Is he in a fight?"

Zhang Ruolong covered his swollen mouth, thought for a moment, and said, "I guess that Brother Chen is trying to show me off in front of them. Such a big shot must be scared when he comes out. It's just that I'm unlucky. I happened to show up in front of Brother Chen. Let's go. Let's go in first and talk about it."

Zhang Jin suddenly realized that what he said was reasonable.

After entering, when Felicity saw Baxter, he was also stunned. "Hey, this is not..."

"Felicity, this is the leader of the luxury car club." William interrupted Felicity.

Felicity was confused. "What's going on?"

"Don't act like you don't know me?"

Wasn't this person William's friend?

"How much do you want compensation?" William asked Baxter.

Baxter didn't dare to accept William's money.

However, Zhang Ruolong covered his face

and said proudly, "Four million yuan. Brother Chen is also a reasonable person. As long as you pay four million yuan, this matter will be over."

When William heard the number, he showed a meaningful smile.

He looked at Baxter.

Baxter was usually a smart person. After thinking about it for a while, he seemed to understand William's meaning.

Master Lu asked me to show up and teach the father and son of the Zhang family a lesson for him who didn't know what's good for them.

Thinking of this, Baxter suddenly slapped Zhang Ruolong directly on his swollen face and scolded him fiercely, "Come with me!"

With a glance, he directly brought the father and son of the Zhang family to the door.

Felicity's heart leaped. He grabbed William's hand and asked nervously, "William, are you okay?"

William smiled and said, "Let Baxter teach them how to behave."

Felicity looked at the black-bellied William and didn't know what to say for a while.

Zhang Ruolong was dragged outside and looked confused. "Brother Chen, what do you mean?"

Baxter didn't even bother to say anything. He gave a signal to his men with his eyes.

Those people immediately understood, and the father and son of the Zhang family were beaten and kicked.

The screams of the two of them came into the room, which scared Felicity and Yang Shiwen. "Will you beat them to death?"

"I don't think so." William said with a smile.

Felicity said, "Okay then."

Zhang Ruolong was beaten black and blue, so it was okay for him to be injured.

But what made him even more resentful was why Baxter went back on his words and changed his mind at the last minute.

"Where did the trouble come from?"

He racked his brain but failed to come up with a reasonable explanation.

After beating him for a few minutes, Baxter motioned for his men to stop.

"Brother Chen, why did you hit us? We are ready to give you our money..." Zhang Ruolong said weakly.

Baxter snorted coldly at this time. "Well, then you have to pay for it! I don't want any money today, and I want your own money. Can't you afford to own Lamborghini? You should have a lot

of money."

Zhang Ruolong's face froze. He glared at Zhang Jin and said innocently, "Brother Chen, I really don't have money from my son. To tell you the truth, it was my son who borrowed money from the two people inside. They have money."

"Haha, then do you know who the Lamborghini is?" Baxter suddenly asked in a gloomy voice.

Zhang Ruolong asked with a puzzled face, "Isn't she my niece?"

"I'll tell you, the Lamborghini was given to them by me! You used my car to hit my people and let Felicity and snow take the blame for you. You're bold enough! Beat them again!" Baxter shouted again.

The fist fell on the father and son again like a storm.

Zhang Ruolong was directly numb.

In his mind, there was only one thought that hovered.

This Lamborghini was Baxter's?

What the f**k!

What was the relationship between Felicity and Baxter?

No wonder he was beaten to such a miserable state.

It seemed that Baxter was trying to save Felicity's face.

"F*ck, I deserve it, but I didn't know there was such a relationship between us."

Wasn't he going to directly knock into someone else's gun?

"Stop fighting, stop fighting, niece! Help! I know it's my fault, I know it's my fault." Zhang Ruolong shouted desperately outside.

At this time, a faint voice came from the inside. "You know you're wrong? Fine, let's officially start. Let's talk about how to compensate."

William came out.

Chapter 328

The punches and kicks stopped.

Zhang Ruolong's face was already bleeding.

Baxter asked William with his eyes, as if asking if it was enough to fight like this.

"Should I be beating him again?"

William shook her head with a smile, as if to say that it was over.

On the other hand, Zhang Ruolong, who was lying on the ground, was completely speechless.

How could things turn out like this!

He was the one who had cooperated with Baxter and planned to earn half a million yuan from his niece.

"Now, it's fine if I'm beaten half to death."

"And you want to compensate him!"

He lost all his money!

William looked down at Zhang Ruolong and said, "Four million, this is a big number. Zhang Ruolong, how do you want to pay for it?"

Zhang Ruolong instinctively wanted to ask Felicity to compensate him.

But she swallowed back the words on the tip of her tongue.

It was clear that Baxter had a good relationship with Felicity.

This made Felicity pay for it. He had a few lives that were enough for these people to fight today.

However, if he didn't let Felicity and snow pay for it, how could he have four million yuan?

What the f**k!

This was a dead knot!

"Brother Chen, I really don't have any money. Can you give me less compensation, or give me a few days? I have a good friend in Qena City..." Zhang Ruolong said with fear.

However, Baxter was not that kind-hearted. "Haha, you're the one who proposed four million."

Zhang Ruolong was so angry that he gave himself a slap in the face!

What the f**k!

"It was really put forward by me."

"What should I do now?"

Finally, he looked at William helplessly.

This William was obviously a person who lived off a woman. He relied on Felicity's influence to give orders here.

Zhang Ruolong despised this kind of person. Even when talking to him, he felt that he was down-

to-earth.

But now, Felicity didn't come out, so he had to ask William for help.

"William, since I am your uncle, can you help me? Help me come up with an idea," Zhang Ruolong said gloomily.

"An idea? Fine. Didn't you promise Felicity to tell her where your father is? If you tell her now, I promise that you'll be safe," William said with a smile.

Zhang Ruolong became angry. It turned out that William was waiting for him here!

This is the biggest bargaining chip in my hand!

How could he tell Felicity so easily?

He was about to refuse, but he saw Chen Dong rolling his eyes at him.

He was shocked and felt helpless. He hurriedly said, "Okay, okay, okay. I'll tell you now that you don't want to hit me anymore."

As he said that, under everyone's gaze, he put his hand into his pocket and took out a wrinkled envelope.

With a trembling voice, he handed the envelope to William.

William frowned, because it was written on the envelope that the recipient of the letter was

Felicity.

Then why was the letter in Zhang Ruolong's hands?

"You intercepted this letter?" William asked coldly.

Zhang Ruolong was shocked and was slapped again by Chen Dong's fan on his face.

He fell to his knees with a splash and cried, "I know I was wrong. Her father came to find me once when he was about to leave and gave me this letter. In fact, I have always wanted to return it to Felicity, but I have never been able to find the right opportunity."

William shook her head and winked at Chen Dong.

Baxter immediately ordered his subordinates to grab the father and son of the Zhang family and bring them outside. "Let's go. Let's give them a good beating."

William returned to the house and handed the letter to Felicity.

Seeing the familiar words on the envelope, Felicity's eyes instantly reddened.

It was his father's handwriting.

After so many years, there was finally news about his father. Everything was worth waiting for.

She opened the envelope with her trembling

hands, and there was only one piece of paper in it. William and she read the letter together.

After reading it, William did not know what to say for a while.

There were three main meanings to this letter.

One was to express the apology he had for his daughter without saying goodbye.

Secondly, he had left in a hurry and explained that he had a master in his early years. Now that something had happened to his sect, he had to rush back to help.

Third, he had asked Felicity to wait for him to return for no more than nine years.

William counted the time, and it was the ninth year this year. That was to say, Felicity's father would come back this year.

Felicity seemed to have figured out the time. He buried his head in William's arms, feeling wronged.

Finally, it's your turn, dad...

As for William, as soon as she read the letter, she seemed to have thought of something.

After becoming a disciple of his master's family, Felicity's father must be someone with a high status.

Outside, Baxter and a group of people beat up

the father and son of the Zhangs again before they left.

Zhang Ruolong spat a mouthful of blood on the ground, and he was already in a terrible state.

His heart was filled with grievance!

Why was he beaten up?

What was the relationship between this Baxter and Felicity?

Zhang Jin burst into tears and said, "Dad, what should we do now? Not only did we fail to get the money from Felicity, but we were beaten so badly. The two hundred thousand yuan we got from Yasmine was also lost. We are so miserable."

When Zhang Ruolong heard this, he felt even more aggrieved.

He suffered a double loss!

"Is there anyone who is more miserable than me?"

"It's all because of that William!"

That wimp, who, on the basis of the relationship between Felicity and Baxter, humiliated him in public!

Even the letter had been taken away.

What else could he do to threaten Felicity in the future?

"Dad, do you think that William will have a powerful background? Otherwise, why would Baxter suddenly turn against him?" Zhang Jin cried and asked.

Zhang Ruolong spat, "She is a good-for-nothing! What does it matter! Obviously, Baxter did it for the sake of Felicity's face! Hehe, I guess that Felicity is cuckolding that good-for-nothing. She must have a relationship with Baxter, otherwise, Baxter would not do such a thing to us. I must avenge him! William, just wait to die!"

Zhang Jin's face became stiff. "Dad, we have no power in Qena City. How can we revenge..."

Thinking of this, Zhang Ruolong took out his mobile phone and made a phone call.

He was the one and only good brother he had ever met in Qena City.

In the early years, they had roamed the martial arts world together. Now, it was said that their brother was quite powerful in Qena City.

However, Zhang Ruolong had been calling him for the past few days and did not pick up the phone.

Now he could only be a dead pig who was not afraid of boiling water.

But this time, unexpectedly, the phone was connected!

Zhang Ruolong was so excited that his heart almost jumped out of his chest. "Brother Chang Mao, nice to meet you. Do you still remember me? I'm Ruolong."

At the other end of the line came a tired voice. "It's you. What's the matter? I've been busy these days and haven't answered the phone."

"Brother Chang Mao, I came to Qena City to seek refuge with you this time. Where are you? If it's convenient for you, I'll go and find you?" Zhang Ruolong said excitedly.

The person on the other end of the line was stunned. He gave a wry smile and said, "Join me? What a coincidence. I'm also going to join the big boss of Qena City tomorrow. Forget it. We are brothers. Let's make an appointment tomorrow. Let's go together and take care of each other in the future."

Chapter 329

Zhang Ruolong and Brother Long Mao had agreed on the time and place. He was so excited that his whole body was trembling.

He knew Brother Chang Mao's position in Qena City.

Although they were not the most powerful forces, they were still a small force under the Qena City.

Brother Long Mao was still an old man, and his days were going on in a good mood.

He did not expect to seek help from a big boss like Brother Long Mao, but Brother Long Mao actually agreed just now.

It meant that the opportunity for him to achieve meteoric success was coming soon!

"William, William!"

"You never thought that I would have a brother in Qena City, didn't you?"

"Hehe, I've told you guys before. Who told you to look down on me? You don't believe me!"

"Well, after tomorrow, I will become a member of the underground world of Qena City. Just wait for my crazy revenge!"

At the thought of this, he pounded the ground

hard, as if to vent his anger.

Zhang Jin was stunned when he heard this. "Dad, is this Brother Long Mao the brother you said?"

Zhang Ruolong said with a smug smile, "Yes, tomorrow you will go with me to see brother Chang Mao. At that time, you will be taken as a trouble maker. I promise that we will enjoy the delicious food and drinks in the future!"

Zhang Jin's heart was still fluttering with fear. "But Dad, I just heard brother Long Mao say that he will go to other people tomorrow. What the hell is going on?"

Zhang Ruolong was stunned as he recalled the last sentence of Brother Long Mao.

But he immediately understood. "What do you know? People are in the Jianghu, and the water flows to the top. The person who can make Brother long-haired come to us must be a bigger force with a better future. It's a good thing, you know! If we go there together tomorrow, we will be the founding elders."

Zhang Jin listened and said, "You're right. My father is experienced."

"Let's go to the hospital and bind it up. We'll go there tomorrow morning," Zhang Ruolong said. The father and the son supported each other and went to the hospital sadly.

After William and Felicity finished their meal, Felicity went to take a nap.

William continued to study the "Nine Moves of Impermanence" of the third chapter of the "Illusionary Medicine Method" in the study room.

At this time, his phone rang.

He took a look and found it was from Brother Tigger.

William picked it up casually. "Brother Tigger, good afternoon."

From the phone came Brother Tigger's tired but excited voice. "William, I brought you two pieces of good news."

William asked casually, "What is the good news?"

"The first piece of good news is about the Yellow-crowned Crane Immortal of the Sky Yi Martial Club. I have inquired about it. The Yellow-crowned Crane Immortal is not in Qena City during this period of time, so he won't trouble you for the time being. You can rest for a while." Liu Tigger said.

William answered and felt her body.

Although she didn't know why, her body recovered more than one or two times faster than normal people's.

But after all, the time was too short, and he

still felt a little powerless at the moment.

This news was indeed good news.

"What else?" William continued to ask.

"What's more, I've already wiped out almost all of Sirius's forces. Without Sirius, those bastards would be nothing but trash. They would have submitted to me obediently," Liu Tigger said with a smile.

William nodded. All this was expected.

Liu Tigger was a man who did great things. He just lacked ambition before.

In his current state, Liu Tigger needed strength and ambition. Qena City would belong to him sooner or later.

"There is one more thing. In the underground of Qena City, although Qin Sirius and I have been fighting fiercely, there are still some other small forces, after these days of my sweeping, those small forces are all scared and are ready to defect to us. You see, this matter..." Liu Tigger asked again.

William naturally did not care about these details. "Just look at it yourself. If you have a good character, you can take it if you are loyal enough. If you have a bad character, you can take it. If you have a bad character and do things in a lawless way, you can take it in one pot."

"Well, I see. Do you have time tomorrow

morning? Let's meet at a place and I'll take all our assets and take them all for you," Liu Tigger said.

"Okay, send me the time and place." William said.

"Okay." After saying that, Liu Tigger hung up the phone.

William slowly closed her eyes.

"The amount of property?"

In William's account, Liu Tigger had at least two or three billion yuan.

And this time, by annexing Sirius's faction, he had taken all his assets. Now, Liu Tigger probably had five to six billion assets.

With the addition of the money in his hand, he should have more than 10 billion yuan.

However, in the eyes of ordinary people, 10 billion was a lot.

However, there was still some distance to go.

However, William was not anxious about this this time.

Money was like a snowball. It could only get bigger and bigger as it rolled.

The more money it was, the faster it would be to make money in the future.

With the money, in addition to Wang Qingmian and Janet, two talented and smart

Dragonslayers, it was not difficult to achieve the goal of a hundred billion yuan.

What William was worried about right now was his 'Illusionary Medicine Manual'.

According to his grandfather's last wish, he had to cultivate the fifth chapter of the "The Scripture of Tranquility" to get his revenge.

And now, he had just entered Chapter Three.

Chapter 2 What's More, he broke through several times because of risking his life. It could be imagined that the following chapters would only become more and more difficult.

He still had a few lives left to squander in this way.

Thinking of this, William couldn't help but smile bitterly. He once again calmed down and concentrated on reading.

The next morning, Zhang Ruolong and Zhang Jin stood on the street, and soon a group of people dressed in fancy clothes came in.

This group of people were from Zhang Ruolong's hometown, and they were all some hooligans in their village.

Yesterday, Zhang Ruolong called them and boasted that he had sworn allegiance to Brother Damao. Hearing this, these hooligans immediately envied him so much that their eyes

turned red. They all shouted that they wanted to work for Zhang Ruolong.

Zhang Ruolong, with his vanity in mind, promised them immediately and asked them to go to see Brother Long Mao today.

Would Brother Mao think that there were too many people under his charge?

What Zhang Ruolong thought was that after this group of gangsters turned to Brother Chang Mao together with him, they would be grateful and loyal to him in the future.

In this way, his first small force in Qena City would begin to take shape.

A group of people went to the peach-and-blossom tea restaurant, which they had agreed with brother Long Mao yesterday.

The peach tea restaurant was originally a quiet place. After this group of people came in, they spoke in rough voices and behaved unrestrainedly, which made the staff frown.

But out of courtesy, the clerk still welcomed them in.

A group of people were looking for seats. At this time, Zhang Ruolong's eyes were serious!

Suddenly, he let out a cold laugh.

He saw a man sitting in the corner of the tea restaurant who wanted to eat his own flesh and

07:39 

bones!

William!

@vamp20work

Chapter 330

Seeing William, Zhang Ruolong's grievance came out in an instant!

Yesterday, he had suffered a humiliation that he would never be able to accept in his entire life!

All of this was caused by this wimp in front of him.

Well, he acted as if nothing had happened to him.

He had spent his niece's money to come to such an expensive place to have some morning tea!

It was a shame in men's eyes!

Zhang Ruolong made a gesture to those punks, indicating them to keep up with him.

He took the lead and stood in front of William.

"Haha, William, it's really you. Seeing you, I don't know if this is a strange meeting or a small world?" Zhang Ruolong sneered.

William took a sip of her breakfast and looked up.

When he saw it was Zhang Ruolong, he also laughed and said, "He must be haunted by the ghosts."

The people behind him asked one after another, "Brother Long, who is this fool? How did he talk to you?"

Zhang Ruolong coldly smiled and stared at William with a strong hatred in his eyes. He almost gnashed his teeth and said: "This fool, he is the mortal enemy of my death!"

"F**k! How dare he offend our Brother Long! Brother Long, let's help you kill him!" The group of gangsters suddenly shouted, attracting the attention of the people around them.

However, Zhang Ruolong stopped this group of people's clamor. He said, "Don't worry. Don't forget that we are here today for a big event. We can't make a big mistake. This boy, when our big event is done, I will definitely not let him go!"

The group of people nodded one after another. "Brother Long is farsighted. Well, let's keep this grudge in mind for you first. We'll teach him a lesson in a while. Boy, pray for him. If you know what's good for you, just run away."

In order to show his fierceness, a man grabbed a chair and smashed it on the table next to the table.

A deep crack was immediately created on the mahogany table.

Seeing this, the shop assistant's face changed greatly, and he grabbed the phone on the

spot to make a call.

The others didn't know that disaster was coming. They laughed arrogantly and said, "Haha, run? Where can he go? After today, we can do whatever we want in Qena City. He can't escape from a monk or a temple!"

William looked at this group of country bumpkins with a smile and shook her head.

"They are really a group of ignorant and fearless people."

"Don't you know what this tea cafe is called?"

At this time, a group of men in black rushed in with sticks in their hands.

The shop assistant led them over in a hurry and said to one of them, "Brother, it's them who smashed our tables and chairs."

The group of men in black surrounded these hooligans in an instant.

Zhang Ruolong's heart turned cold. Looking at this group of aggressive people, he said with some internal conflicts, "What are you doing?"

"What are you doing? Don't you know who runs this tea restaurant? How dare you behave atrociously in Old Master Li's place! You don't want to live anymore!" The leader of the men in black kicked him hard.

The man who smashed the table just now

was kicked to the ground.

The group of people immediately became angry and scolded one by one, "Dam*! You still dare to hit us! Don't you know who we are? I don't care what Mr. Li and Mr. Wang are! They are bullshit in my eyes!"

But Zhang Ruolong's face suddenly changed greatly.

Old Master Li!

"Who else dares to call himself Old Master Li in Qena City?"

He was afraid that there was only one...

Hugo river!

Peach and plum...

What the f**k!

This tea restaurant was the property of Hugo!

"What the f*ck! Now I'm in big trouble!"

Zhang Ruolong was so angry with this ruffian that he dared to smash Mr. Li's store. Obviously, he didn't care about his own life.

Looking at the few of them who were ignorant and fearless, Zhang Ruolong broke out in a cold sweat. He quickly stepped forward to stop them from yelling.

Then he smiled apologetically to the man and said, "I'm sorry, I'm so impulsive. We didn't do it on

purpose. We'll pay for it. How much is this table and chair?"

Seeing Zhang Ruolong admit his defeat, the shop assistant said in a low voice, "All the tables and chairs in our shop are from Hainan Yellow Flower Pear, and the table and chair add up to 100,000 yuan. Is it on Wechat or on a Alipay?"

"D*mn it!" Even Zhang Ruolong was confused by the price.

So expensive!

However, looking at the group of people who were so aggressive, it was obvious that they would not give up. He could only helplessly say, "Okay, okay, we'll pay, we'll pay."

He said to them in a low voice, "Take out the money now. You don't want to die even if you want to."

"Brother Long, what are you afraid of? Just fight with them." The group of people shouted.

"F**k you! Take the money! I'll explain it to you later!" Zhang Ruolong slapped the guy's head hard.

When they saw Zhang Ruolong approaching the abyss, they also began to understand that things were not as simple as they thought.

They clicked and searched and then lowered their heads. After a short while, they found that it

was only a little more than 100,000.

It was just right for compensation.

"Elder Brother Long, this is all of our assets." The group of people wanted to cry, but no tears came out.

"Damn it! You don't have eyes and dare to smash the table of anyone! Pay the bill first. You will earn the money back sooner or later when you follow brother Long Mao." Zhang Ruolong said.

Then the four of them handed over the money.

The clerk snorted coldly and said, "You come here as a customer and welcome us here. But if you want to make trouble, we won't be soft-hearted."

"Yes, yes, yes! We won't make any more trouble." Zhang Ruolong said with an obsequious smile.

The group of men in black glared at Zhang Ruolong before turning to leave.

Zhang Ruolong didn't have time to talk to William at this time. He found a big table beside William and sat around him.

Zhang Ruolong told Hugo the identity of Hugo, and everyone's eyes widened and their hearts were still fluttering with fear.

"In the future, in Qena City, wipe the spotlight

with your eyeballs! Don't make trouble for me." Zhang Ruolong ordered again.

The group of people nodded one after another and didn't dare to do it again.

This matter was over. Then they began to chat in a daze. The topic naturally shifted to the long-haired man.

"Brother Long, why hasn't Brother Long Mao come yet?" Someone asked.

Zhang Ruolong glanced at William, as if he was doing it on purpose, and said loudly, "Brother Chang Mao, what is your identity? Naturally, the big shot will be the last one to show up! I'm telling you, today Brother Chang Mao is going to join the biggest force in our Qena City. If word gets out, we'll be the most powerful people in our city. Who dares to provoke us?"

The others were excited when they heard this. "Are you serious? Then we can do whatever we want in the future."

Someone asked curiously, "The biggest force in Qena City? Is it Brother Tigger?"

But Zhang Ruolong directly dumped the man's head and scolded, "Keep your voice down! Brother Tigger's name is something you can call randomly? Come to Brother Tigger, think of it. Brother Tigger is supreme in the underground of Qena City. I heard from Brother Long Mao that this

time we are going to go to him, it is Brother Knife."

@vamp20w0rld

Chapter 331

"Brother Xiao Dao? Who is he? Why haven't I heard of him before?" someone asked.

In fact, William also heard it completely. He was also curious about where this little brother knife came from.

As Rebecca was not disappointed, she immediately explained, "Let me put it this way. Brother Long Mao came to Brother Xiao Dao. Brother Long Dao's boss is Brother Long Force, and Brother Long's boss is Brother Tigger. We are separated by several days. How could a big shot like Brother Tigger like us? However, we are also his subordinates after all."

When everyone heard this, they were all stunned. Although there were several flights of gaps between them, Brother Tigger looked even more unattainable.

But the higher they couldn't reach, the more they felt insignificant.

Zhang Ruolong saw that each of them had a little low morale, so he encouraged them. "But don't be discouraged. As long as you can enter this door, you will have to fight more in the future. I believe that we still have a chance to see Brother Tigger become his subordinate in less than ten

years."

The others nodded one after another, their confidence returning.

At this time, Zhang Ruolong stood up deliberately and looked at William. "You were eavesdropping just now, weren't you?"

William looked at Zhang Ruolong with a smile. She spoke so loudly that everyone in the tea restaurant could hear her.

Zhang Ruolong said proudly, "Since you know what's going to happen next, you should know that it's almost time for you to die. Pray."

William smiled. "It seems that I will have to thank you for taking care of me in the future."

Zhang Ruolong burst out laughing, and then his face quickly turned serious. "Take care of her? Haha, okay, then wait and see!"

"Well, okay, I'm also waiting for a little brother. You can take care of him together." William had nothing to do, so she continued.

"It turns out that you have brought a helper? Haha, I really think highly of you. You really think that you are not afraid of anything. But after today, I don't care about anyone. If you have the guts, just stay here and wait!" Zhang Ruolong said fiercely.

The others started to move restlessly and pointed their middle finger at William.

William smiled and stopped talking.

It was completely boring to argue with this kind of small followers.

When Zhang Ruolong saw that William was so cowardly that he did not even dare to speak, he sat down with satisfaction.

This was just a new beginning. They still had a long way to go.

At this time, a middle-aged man with whiskers walked into the tea restaurant.

At the sight of this man, Zhang Ruolong seemed to be shocked by electricity and sprang to his feet. "Brother Long Mao! I'm here!"

William turned around and saw the bearded man. She thought, "So this man is Brother Long Mao."

The long-haired man nodded at Zhang Ruolong and then walked over.

Zhang Ruolong hurriedly introduced other brothers to Brother Long Mao.

They were all very clever and bowed to Brother Long Mao one after another.

However, Brother Long Mao frowned slightly.

He had come to look for Brother Xiao Dao today. Originally, he had wanted to take Zhang Ruolong in as well.

He didn't expect that Zhang Ruolong would

bring so many ruffians here.

"What's wrong with that? This place is a garbage shelter."

However, since the time was approaching, Brother Long Mao decided to hold this matter back for the time being.

Zhang Ruolong felt that Brother Long Mao had agreed. He immediately shouted excitedly, "Waiter, serve the wine! After drinking this glass of wine, we will be a family from now on."

The clerk frowned, but found that they didn't make any trouble, so she helped them to get wine.

After a few glasses of wine, the atmosphere suddenly became lively.

The few of them surrounded Brother Long Mao and called out to him warmly.

At this time, a person appeared silently in front of William.

Liu Tigger!

Liu Tigger naturally did not know this group of people. Seeing that William was looking at them with amusement, he sat down and asked, "What are you looking at?"

"I'm just waiting to watch the show," William said with a smile.

Liu Tigger was sitting with his back to them. He looked back.

Zhang Ruolong had been watching William's side all the time. When he saw a middle-aged man turn back to look at them, Zhang Ruolong's face turned cruel. "What are you looking at? Are you looking for death?"

Liu Tigger was speechless for a while. Then he shrugged his shoulders and turned back to ignore them.

Zhang Ruolong, however, felt that his words were overbearing. He couldn't help laughing. "Brother Long Mao is indeed very famous. Look at those two people. They are as cowardly as dogs after being yelled at by me. They don't even dare to make a response."

Looking at Liu Tigger's back, Brother Long Mao couldn't help laughing. He said, "Everyone, keep a low profile. Brother Xiao Dao is coming soon."

The crowd agreed one after another, but they were still arrogant.

After a while, a thin middle-aged man finally arrived.

The long-haired man quickly went up to him, almost completing 90 degrees of his body. "Knife brother! You are finally here."

Zhang Ruolong also hurriedly took everyone to bend down and bow. He shouted, "Hello, Brother Xiao Dao."

Brother Xiao Dao frowned as he looked at this bunch of people messed up. He was not happy at all, and wrote it down on his face.

The long-haired man knew that this situation was not good. He quickly took out a bank card that had been prepared and quietly stuffed it into Brother Xiao Dao's hand. He whispered, "Brother Xiao Dao, thank you for taking care of me in the future. The password is six six six."

Brother Xiaodao saw that he was quite good at making trouble, so he nodded slightly and said, "Well, since you are quite clever, I will accept you today. In the future, if you follow me, I will not treat you badly."

The long-haired man nodded gratefully at once, and then suddenly knelt on the ground, kowtowing three times. "Darren, you are our second savior."

Zhang Ruolong was confused, but he also hurriedly took everyone to kneel down.

"Alright, everyone will be brothers from now on. Let's drink," said Brother Daozi with a smile.

The crowd suddenly began toasting Brother Xiaodao.

When William saw this scene, she couldn't help but smile and said to Liu Tigger, "Is this what you told me yesterday that some small forces want to go to you?"

Although Liu Tigger's back was facing them, he had heard what they said.

His face became very bad!

Although William did not care about this and let him deal with it.

However, William was now on the spot!

This group of people was obviously a group of hooligans. They couldn't make a big deal out of it at all.

Liu Tigger, the knife, knew that although he was only a sub-chief, he still had some power.

"I didn't expect that he would even take away this trash!"

William saw it too.

Although William was talking with a smile now, it made Liu Tigger feel deeply humiliated!

William didn't blame him, Liu Tigger blamed himself!

He could not help but look back at the group of people.

That group of people had already drunk so much that their faces turned red. They were on good terms with Brother Xiaodao one by one.

Zhang Ruolong saw the silly man in front of William look back again. This time, he was so angry that he threw a glass of wine directly at Liu

Tigger. He cursed fiercely, "How dare you look at me! I'll gouge out your eyeballs! Brothers! We are all under Brother Xiao Dao. Let's do a good show today. Give Brother Xiao Dao a salute and show him our courage!"

Chapter 332

Those ruffians couldn't hold back their excitement at the moment.

They couldn't wait to prove their strength and courage to Brother Long Mao.

Not to mention that Brother Xiao Dao's status was even more amazing than Brother Chang Mao's.

If he was lucky enough to be chosen by Brother Xiao Dao, his life would be good in the future.

Each and every one of them shouted, "Beat him up!" They picked up their chairs and were about to smash them.

But at this time, they saw that the wine glass flying to Liu Tigger was suddenly held by Liu Tigger with one hand.

Liu Tigger's face was as cold as ice.

His eyes passed through the agitated crowd and looked at the knife.

Small Sabre had thought that this was just a minor farce and did not take it seriously at all.

He was still leisurely drinking until a pair of eyes landed on him, causing him to suddenly feel a chill run down his spine.

He could not help but raise his head and look ahead.

This time, the quilt in his hand clattered and fell to the ground.

His big bean sweat instantly came out of his forehead!

The person who looked at him was none other than Brother Tigger!

"Stop, all of you!" Little Saber roared as if he had gone mad.

The group of people had surrounded Liu Tigger and William.

The chairs in their hands were about to hit Liu Tigger's head.

The sound of the Small Sword's shout froze everyone in an instant.

He wanted to go forward and kneel down to worship Liu Tigger in a hurry, only to find that his feet had been out of control.

He couldn't even stand still!

There was also a long-haired man who had already fallen to the ground.

"Chang Mao has been in Qena City for more than ten years. How could he not know who Liu Tigger is?"

Just now, Liu Tigger had been turning his

back to him, so he did not recognize him.

Now, he was looking at the long hair with a cold face. How could he not recognize him?

"Tiger, tiger..." The voice of the long hair coming out was trembling.

As for Zhang Ruolong, he was very bold because of a few bottles of wine.

Seeing that Xiaodao stopped their action, he immediately said to Xiaodao: "Brother Xiaodao, what are you afraid of? The toy boy in front of you is my nephew's son-in-law. He's useless so there's nothing to be afraid of. And this middle-aged man, I just heard that he was under my crap nephew's son-in-law, so you don't have to be afraid of him."

Hearing this, the knife was so angry that his heart was about to explode.

Liu Tigger was just a good-for-nothing in your mouth?

"I'm afraid that you even don't know how crazy your words are!"

"All of you stop! All kneel down!" Xiaodao exerted all his strength and staggered a few steps. Finally, he came to the front of Liu Tigger and knelt down hard on the ground.

The next one was a long-haired man.

He knelt on the ground and almost fell to the ground. He didn't dare to look up at people at all.

After all, it was Liu Tigger.

Brother Knife, Brother Qi, and Brother Qi, Brother Tigger, were the ones with long hair!

Zhang Ruolong felt a chill on his back when he saw that Xiaodao and the long-haired man suddenly kneeled down in unison.

He couldn't help but look at the middle-aged man with a cold face. Now, he faintly felt that something was wrong.

This middle-aged man was too calm from the beginning to now.

The chair in their hands was hanging on his forehead.

If he had not been through a life-and-death ordeal, he would not have been so calm.

"Is this middle-aged man a big shot?"

Both Brother Xiao Dao and Brother Long Mao were afraid of him.

Thinking of this, he suddenly looked at William in grief and indignation!

"Damn it, he's been messed up by this little trash!"

Just now, he must have deliberately said that the person who came was his subordinate, so he was completely careless.

"This little trash is going to kill me!"

In a hurry, Zhang Ruolong also quickly knelt down on one knee.

The others followed suit and fell to their knees.

There was silence on the scene.

Brother Xiaodao's mouth moved, but he couldn't find a proper excuse.

He was already so scared that his entire body was trembling.

"The scene of receiving money must have been seen by Brother Tigger."

After Zhang Ruolong knelt down, he couldn't help but ask Brother Long Mao, "Brother Chang Mao, who is this middle-aged man? Why are you so afraid of him..."

The long-haired brother's face was ashen, and his lips were trembling.

Zhang Ruolong asked in a low voice, "Is he Brother Xiao Dao's superior, Brother Qi ALBA? Damn it!"

Zhang Ruolong's mind was in a frenzy because of the sudden thought!

Brother Ye Zi!

"He is a powerful figure in the Immortals."

He actually appeared here. It was as if he had saved the universe in his previous life to meet

such a big shot by coincidence.

However, Brother Long Mao shook his head slightly, and sweat dripped down his cheeks.

This caused Zhang Ruolong to be at a loss. Wasn't it Brother Qi?

Since it was not Brother Qi, why was Brother Xiao Dao so afraid?

"Is he the other person who is on the same level as Brother Long?" Zhang Ruolong asked again.

This time, Brother Long Mao's mouth moved.

He almost struggled to spit out a few words, "Brother Man of Strength went higher..."

Brother Ye force is higher than him?

Zhang Ruolong didn't react at first.

After a few smashes, his whole face suddenly turned white!

Brother Ye Yi was much more powerful than him, and that was!

The King of the underground world in Qena City!

Liu Tigger!

What the f**k!

This middle-aged man turned out to be Liu Tigger!

The ultimate tiger that they would never be

able to reach in their entire lives!

Just now, he actually wanted to beat Liu Tigger!

Thinking of this, Zhang Ruolong felt that the strength in his body was quickly emptied, and he collapsed to the ground.

He even twitched for a while. He was so scared that he directly peed himself.

The crowd was silent, and no one dared to speak first.

Zhang Ruolong had already felt that life and death were in an instant.

His brain began to spin frantically, thinking about how to quickly think of a way to free himself from this dangerous situation.

What could he do...

He suddenly looked at William, who had a calm face.

Damn it!

This guy was the one who caused all these troubles.

This guy should be responsible for this life and death situation!

Otherwise, if Brother Long Mao and Brother Xiao Dao blamed her, she would definitely not be able to survive in Qena City.

In the end, he mustered up his courage and looked at Liu Tigger.

With a trembling voice, he said: "Hu, Brother Tigger, we know we're in the wrong, but it's not our fault, because someone told a big lie in front of us. And it's a very disrespectful lie for you. This kind of person deserves to die, not us."

Liu Tigger asked with a cold face, "Oh, I want to know who lied to you?"

Seeing that Liu Tigger finally spoke, Zhang Ruolong suddenly felt that things had a turning point.

He suddenly pointed at William and said fiercely, "It's him! It's him who lied!"

Zhang Ruolong wanted to know why William would sit with Liu Tigger.

It didn't matter if he couldn't figure it out, but it was enough if he was a little self-confidence.

That was to say, the tiger in Qena City was absolutely not subject to others.

William's words just now were absolutely a sin worthy of ten thousand deaths!

"Just now, this little bastard pretended to be arrogant to us and said that you are his little brother. All of us can testify. You say, whether you should blame this kind of lies that deserve to die or not!" Zhang Ruolong said to Liu Tigger grimly.
