

Chapter 352

Seeing how rude Chen Yingran was, Xena's temper flared up on the spot.

She was a person who would die for nothing. Even if Chen Yingran did not let her buy it, she still wanted to buy it.

"This is your store? Aren't you talking too big? As far as I know, this is Harper's property, isn't it? Do you know that William and Old Wang..."

Chen Yingran interrupted Xena in an overbearing manner. "I'm the manager of this store. I have the final say. How dare you call me Mr. Wang? You're just a kid. How dare you call me Mr. Wang?"

Xena was so angry that she kept stamping her feet. "William! Get her! Get her! I'll give you benefits tonight!"

William was a little unhappy at first, but she was almost amused by what she heard from Xena.

How could my sister-in-law not be funny?

However, William only promised Felicity not to make trouble this week. After thinking for a while, he pulled Xena and said, "Xena, forget it, let's go to other shops to buy."

Sun Richard laughed loudly when she saw William giving in in front of everyone.

Sometimes, power didn't need to be too much.

The key was to use the right path!

Although Chen Yingran was just a store manager, William happened to appear in her store.

"He's been taking advantage of me."

However, how could she bear to endure such humiliation? She pinched William hard with one hand. "Why don't you just tease her? Fuck her! Where did you find the ferocity and vigor of dragons and tigers in me?"

The ambiguous meaning of his words sent chills down William's spine.

But at this moment, Chen Yingran suddenly asked, "Lady, is your surname Bai? Is your name Xena?"

Xena was stunned and couldn't help but nod.

Chen Yingran and Sun Richard looked at each other and laughed together.

His surname was Bai!

In that case, this matter would be much easier to resolve!

Last night, the name Bai caused a sensation

in the entire Qena City.

Hugo, the Lord of Rivers and Canghai teamed up to inform the Qena City that they would sever the relationship with the Bai family.

Although they didn't know why the two elders were so hostile to the Bai family, the names of the people of the Bai family had spread quickly among all the shop owners in Qena City's shops.

With the order of the two heroes of Qena City, they would be expelled from the Bai family on the spot!

Chen Yingran was going to use his identity as the manager to suppress Xena.

But now, it didn't even work for him to use his power to achieve his own goals.

"Unbridled, I'm taking advantage of you!"

"You don't dare to be presumptuous!"

It was because this was an order from Old Wang himself!

"Who dares to disobey?"

Sun Richard was so happy that her lips were twisted.

He had been afraid that William was Liu Tigger's subordinate, so he did not dare to be too presumptuous.

But now, with the presence of the two elders, it was enough for Sun Richard to let her go!

"Haha, since you have the surname Bai, then it's a coincidence. The two elders of Qena City ordered us to kill all the members of the Bai Family when we meet them last night! All of you can't take the clothes with you today! Security, throw them out!" Chen Yingran shouted with a serious face.

Suddenly, several security guards rushed in and surrounded William and Xena.

When Xena saw so many people, she was a little scared. She asked William with grievance, "Old Master Li and the others resisted Yasmine all over the city. It's not a big deal. How come I'm also included? I've been a good person for a long time."

William looked at Bai Rubing with a smile and said faintly, "Maybe they still don't know that you are a good person."

Xena kicked William's calf and said, "Brother-in-law, you are so bad."

Sun Richard and the others were about to look at the frightened William duo.

But she didn't expect that these two people were flirting with each other in front of them!

Sun Richard's nameless anger rushed towards him. "Get them out of our store! Let's do it!"

The security guard took a look at Chen

Yingran and waited for her order.

As if he had an imperial edict in his hand, Chen Yingran proudly said: "Beat him! Hehe, I'll bear the consequences if there are any consequences! No, there are no consequences at all! On the contrary, because we have taught the Bai Family a lesson, our superiors will be overjoyed!"

When the security guards heard this, they immediately rushed up with great enthusiasm.

William shook his head helplessly.

"I've only promised Feng and snow for more than an hour, and I'm going to break the religious precept."

Wasn't he cursing himself in the snow by drawing circles at night?

Just as he was about to retaliate, Chen Yingran's cell phone suddenly rang.

When she saw the phone number, she suddenly stopped the security guard. "Wait! Let's start the call first. Don't quarrel."

The main reason why Chen Yingran appeared here today was that today was the monthly review of Harper's assets.

Every month on this day, Harper would send his men to investigate the assets in various industries.

Chen Yingran whispered to the security guard, "Surround them. Don't let them run away."

He picked up the phone and said respectfully, "Brother Fei, will you be here soon? I've been waiting for you in the restaurant for a long time."

This Brother Fei was Harper's right-hand man. His status was not comparable to that of a small store manager like Chen Yingran.

Unfortunately, although Chen Yingran was quite beautiful, he still could not hook up with this Brother Fei.

She didn't know what to say on the other end of the phone, but she saw Chen Yingran constantly nodding and bowing. "Okay, okay, I'll wait for you. By the way, I have great news for you. The Bai family has appeared in my store, and I've asked security guards to block them. Do you want to come and give instructions personally?"

On the other end of the phone, Brother Fei's tone became higher when he heard this. "Is that true? You know, since last night, the Bai family has evaporated from the world! You can catch them! That's a great contribution! I'll ask for credit from Mr. Wang. Wait, I'm on a street where I can enjoy life."

After hanging up the phone, Chen Yingran's mouth was almost twisted from laughing.

Never in her wildest dreams did she expect

that her luck would come. She would not be able to stop it even if she tried.

These two b*stards, they didn't take the path to heaven, but broke into hell without doors!

"William? What should we do?" Seeing Chen Yingran's sinister smile, Xena couldn't help feeling a little scared.

"What can I do? I can only make a phone call to Mr. Wang." As William said this, he took out his mobile phone.

Sun Richard looked at him and burst into laughter. "Hey, pretend! Keep pretending! Are you going to call someone? Brother Tigger's men? Haha, I'm telling you, it's not going to work in front of Elder Wang!"

Chen Yingran's face was full of pride. The man standing behind her was one of the top masters in Qena City. Would Liu Tigger offend Mr. Wang for one of his men?

"Is he a little naive?"

William looked at the phone and said lightly, "Harper, what's wrong? Even Xena and I have been blacklisted by you? You can change the store manager of 'Tang and Song'."

After that, he hung up the phone directly.

Seeing William call Harper's name directly, Chen Yingran's face became even angrier. "Haha,

kid, you don't know the immensity of heaven! I won't say anything about your pretentiousness, but you dare to be rude to Mr. Wang! How dare you deny my position? You really think that you are a god! I'd like to see how you fire me today!"

The situation instantly came to a standstill.

While waiting, Sun Richard suddenly had a stomachache. He touched his belly and said to Chen Yingran, "I'll go to the toilet. Remember to wait for me to come back later."

Chen Yingran nodded with a smile.

After a while, she saw a man walking into the store.

With a happy look, she went over and shouted respectfully, "Brother Fei! Here! I have already surrounded them, and I am waiting for your words."

Chapter 353

This Brother Fei was tall and strong. His facial features were scrunched up together, making him look extremely ugly.

But Chen Yingran's eyes lit up when he saw him.

William and Xena happened to have their backs to Brother Fei, so Brother Fei didn't recognize them at the moment.

Chen Yingran stood in front of brother Fei, pointing at their backs and saying, "Brother Fei, what do you think? A word?"

Brother Fei looked at Chen Yingran high up in the air and said, "Since it's Mr. Wang's order, we should be ordered to do it. Let's catch them first."

As soon as he finished his words, his phone suddenly rang.

He picked it up and took a look. His expression suddenly changed. It was Harper who had personally called him!

"Nice to meet you, Mr. Wang. Do you have any instructions?" Brother Fei asked respectfully.

Harper's powerful roar came from the phone. "Are you fucking sick? I can forgive Bai Rubing for not knowing what's going on with you! But she

even dared to sign up William! Are you looking for death!"

Brother Fei was stunned by his shout in an instant!

He had been with Harper for several years, and Mr. Wang had always been a very experienced and prudent person in his heart.

He had never seen Mr. Wang so angry!

His words were full of anger!

Moreover, there was a faint hint of fear!

Brother Fei couldn't help but reply, "No, I didn't dare to put him in the blacklist. I wouldn't dare to do it even if I were ten thousand times braver."

"Where are you now? Go to the 'romantic Song Dynasty' right now! He's there right now!" Harper roared.

"I'm in the store now. They reported that they caught two people from the Bai Family. Could it be..." When Brother Fei said this, he just saw William looking back.

At this moment, Brother Fei's mobile phone fell to the ground with a click.

His face was instantly full of horror!

"It's really William!"

Brother Fei knew William!

Coincidentally, Brother Fei was one of

Yasmine's subordinates who followed Harper to attend Yasmine's 80th birthday yesterday.

Yesterday, he was the one who delivered the birthday gift on Harper's behalf. It was also him, the one who withdrew the birthday gift on Harper's behalf!

He was at the scene and saw William's overbearing words!

He saw that people as strong as Harper and Li Honghe were all respectful to William's words!

Not to mention whether William could be superior to the Qena City's two heroes!

However, in Brother Fei's mind, William could at least be on equal footing with the two heroes of Qena City!

Moreover, he was so young!

In time, the entire Qena City would belong to him!

Just this point alone, Brother Fei did not dare to oppose William even if he was beaten to death!

Brother Fei instantly looked at Chen Yingran.

He had understood everything!

Chen Yingran, who didn't know what was good or bad, actually regarded William as a member of the Bai Family!

And he called so many security guards to

surround him!

He simply didn't want to live anymore!

Brother Fei made up his mind instantly.

If he was not able to handle this matter properly, Elder Wang would not be able to secure his position if he was satisfied with this arrangement.

Thinking of this, he suddenly raised his hand and slapped Chen Yingran in the face in public!

Chen Yingran originally wanted to ask for credit from Brother Fei, but the sudden slap in the face made her dumbfounded.

What on earth was going on with Brother Fei?

"He beat up my subordinate in front of the Bai family?"

"What the hell is this?"

Chen Yingran covered his face and was about to cry. "Brother Fei, what's wrong with you? Did I do something wrong?"

Brother Fei's face was very ugly, and it was even uglier than before. "You didn't do it right? Is this a problem that you didn't do it right?! This is a matter of losing your head! Who gave you the courage to surround them!"

Only then did Chen Yingran know that Brother Fei cared about William and the others!

For a moment, she had a bad feeling in her

heart.

She forced herself to say, "But, wasn't it personally ordered by you? The entire city has been banned and killed by the Bai family! I'm only following your orders?"

Brother Fei suddenly laughed cruelly. "I'm ordering the whole city to ban the Bai family! But did I say that William is to be banned from the city?"

Chen Yingran's heart missed a beat!

Could it be that the problem was caused by William?

Brother Fei did not say that he would blacklist William before. He only gave Xena and William on his blacklist.

Chen Yingran was just thinking, "Anyway, this guy belongs to the Bai family. I'd rather kill the wrong guy than let him go."

However, he didn't expect that he would make such a big mistake!

Chen Yingran wasn't satisfied. He said gloomily, "Then consider it a misunderstanding. Xena is finally on the blacklist, right? I can always make up for it with my merits, right?"

"Brother Fei is going to die of anger with this fool!"

Merits offset demerits!

"What you have done is just a piece of cake!"

"What you've done is absolutely a disaster!"

Offending William was even worse than robbing tens of millions of members of the Bai Family!

"Smack!" Brother Fei slapped Chen Yingran's face once more, and the two slaps were symmetrical.

"Open your eyes and watch! This, it's William! It's Old Wang's guest! Whose order do you think sealed off the entire city to kill the Bai Family? Old Wang? Haha, I'll tell you now, it's not Old Wang! It's him! Who's the one we're listening to! It's him too! You must be tired of living!" Brother Fei was practically shouting at him.

When Chen Yingran heard this, he was stunned as if he had been struck by lightning.

It was not Harper but William who sent out the order of the whole city!

In other words, Harper was working for William!

If he thought in this manner, just how frightening this brat's identity would be!

"What did I do just now?"

Not only did he sneer at him, but also asked the security guards to surround him.

"What's this?"

Thinking of this, Chen Yingran suddenly shivered with extreme despair and regret in his eyes!

She didn't expect that this seemingly ordinary young boy actually had the ability to cover the sky!

"If I want to punish him, I'm like a dog in the sky!"

"I'm doomed now!"

After Brother Fei defeated Chen Yingran, he walked to William respectfully and bent his waist to 90 degrees. "Mr. Lu, I'm sorry. My men are blind. I'm guilty. Please punish me."

In Chen Yingran's eyes, Brother Fei was incomparably tall, but he was so respectful to William that he took the initiative to confess. He didn't even defend himself.

How awe-inspiring was this?

William glanced at brother Fei and said calmly, "Oh, it's you. I met her yesterday. You also met my sister-in-law yesterday, didn't you?"

Brother Fei kept nodding his head. "Miss Bai, it's true that we were negligent. I immediately gave the order. Mr. Lu, I deserve to die."

William saw that brother Fei was polite and nodded.

It seemed that Harper's subordinates still had some quality. Not everyone was as unreasonable

as Chen Yingran.

"Forget it, those who don't know are innocent. Today, I came with my sister-in-law to buy clothes. I don't want to cause more trouble." William said with a smile.

Since he had promised Felicity to have vegetarian meals for a week, he should also pay a little attention to the Buddhism Department.

Chen Yingran was just a clown.

Brother Fei nodded and suddenly shouted at Chen Yingran, "Come and apologize to Mr. Lu!"

Chapter 354

Chen Yingran looked at William at this moment. He could no longer share the same first impression as William.

"He is an unfathomable big shot!"

How could he, a small store manager, afford to be on a par with her?

Not to mention offending him.

At this moment, her heart was filled with hatred towards Sun Richard!

It was all because of him!

He had no idea of death or danger. How dare he become enemies with such a person!

"Serves me right! One of my hands was almost ruined!"

It was all thanks to Mr. Lu's magnanimity that Sun Richard was able to survive until now!

However, Sun Richard was still so short-sighted. He had tricked her into doing that!

As for him, he went to the bathroom to sleep happily. It was so embarrassing to leave me alone here!

Chen Yingran trembled and stood in front of William. He lowered his head and dared not to

look at them. "Mr. Lu, I'm sorry. It's my fault. Could you please let me go? I promise there won't be a next time."

William waved his hand. "Forget it. Let's start a business. Anyway, I am a guest. I don't ask you to pay attention to me, but please treat me equally."

Chen Yingran nodded again and again. "Mr. Lu is right. I will keep it in my heart."

"Alright, I'm here to buy clothes today. It's time to scatter." William waved her hand and said.

Hearing this, Brother Fei immediately said, "Mr. Lu, take your time to pick. All today's expenses are recorded in Chen Yingran's account."

Chen Yingran's body shook, and his face looked worse than crying.

She had seen all the clothes that Xena had taken from a moment ago. They were extremely expensive.

If Xena had a grudge and deliberately bought all the clothes in the shop, he couldn't afford the loss even if he had to spend all his money!

Just like what Chen Yingran was worried about, Xena was a person who would definitely take revenge on anyone who had a grudge against her.

She bowed to Chen Yingran with a sinister

smile on her face and said, "Okay, thank you so much, Mr. Chen. I'll let you spend a lot."

Chen Yingran felt worse than when he ate shit.

Xena walked quickly. In a few minutes, she took more than a dozen pieces of clothes and said, "That's all. The rest won't be good-looking."

William was speechless.

"It's because I didn't take a fancy to anyone. If there is, I can really empty the store."

When Chen Yingran saw that Xena had stopped, as if she had taken medicine, he rushed to send the clothes to brush the card.

She looked as if she was afraid that Xena would go back on her word.

Seeing this, William did not stop him.

It was time for him to teach such a vile person a lesson.

"Mr. Lu, Miss Bai, take care." After Chen Yingran respectfully invited the two gods to leave, he breathed a sigh of relief.

The matter had finally come to an end. The scene just now was simply too terrifying. It was simply a nightmare.

He could also be considered as having gotten rid of the disaster by breaking his wealth.

But at this time, Brother Fei suddenly sneered and said, "Chen Yingran, pack up your things and get out of here."

Chen Yingran was stunned and looked at Brother Fei in disbelief!

"Brother Fei! What did you say?"

"I'm telling you to get lost! Don't let me say it a third time!" Brother Fei said coldly.

"But Mr. Lu didn't let me go just now. I really know I was wrong..." Chen Yingran's face turned pale.

Brother Fei sneered and said, "He didn't let you go. He was magnanimous and didn't want to argue with an ant like you. But it doesn't mean that I won't argue with you! Chen Yingran, do you know how big a trouble you've caused? How angry Mr. Wang was just now! Because you're a snob. Mr. Wang may apologize to Mr. Lu personally today. This sin, I'm asking you to get out of here. It's kind of mercy."

Chen Yingran looked at Brother Fei in horror.

Mr. Wang personally apologized to Mr. Lu...

Just because he didn't know how to appreciate favors...

"Will I be able to bear the consequences like this?"

However, Chen Yingran was unreconciled to

the extreme in his heart!

She had worked so hard all these years and finally made it to the position of store manager!

Just because of his momentary negligence, he had offended that Mister Lu. The status that he had accumulated over the years had all vanished in a single day!

How could he accept this?

"Brother Fei, can you give me another chance..." Chen Yingran cried.

However, Brother Fei didn't even look at her. He turned around and left, saying, "I don't want to see you at the restaurant tomorrow."

Chen Yingran looked blankly at Brother Fei as he left, and he had completely lost his mind.

In her heart, she suddenly remembered what William had said before.

He kept saying that he would fire himself.

Then, he was really fired.

"Damn it. The guy must have secretly told Brother Fei to kill me, which is why he fired me!"

"This guy is a completely fake gentleman!"

He pretended to be a saint in front of everyone, but secretly, he was so unscrupulous!

"He was so merciless to me, a weak woman, and did not show any mercy to her at all!"

"Son of a b*tch!"

Just when the anger in her heart reached the extreme, a voice sounded in her ear. "Yingran, what's the matter? Where are the two bastards? How did you let them go? You are so silly!"

Chen Yingran looked up and found that Sun Richard, who had just gone to the toilet, had come back.

Seeing Sun Richard, the anger in Chen Yingran's heart grew even stronger!

All of this was because of Sun Richard!

"This kid didn't say that he offended William, but I slipped away, which made me lose all my reputation!"

Now that I'm here, I didn't notice that my face was swollen from the beating. All I care about is the two of them leaving!

"Ha ha!"

Both sides were not good people!

"All of you should die!"

Thinking of this, there was a trace of ferocity on Chen Yingran's face, but it disappeared in a blink of an eye.

She suddenly threw herself into Sun Richard's arms and burst into tears, "Why do you come back so late?"

Sun Richard and Chen Yingran had been with

each other for less than a month, but their relationship had never been so strong.

Seeing that Chen Yingran threw himself into his arms, he was so happy that his heart blossomed.

However, he still pretended to ask, "What's wrong? What happened just now? Tell me, I'll help you!"

Chen Yingran was waiting for Sun Richard's words. With sparkle in her eyes, she looked around and said, "Let's talk outside."

When they went outside, Chen Yingran suddenly pretended to be miserable and said, "Young Master Sun, after you left, that bastard slapped me twice when we were not paying attention. And he ran away directly. My face is going to be painful."

Sun Richard grew angry when she heard that. This was her own woman being beaten up!

"That damn William! I've already bypassed him once! I didn't expect him to make things even worse. He even dared to hit my woman! He really doesn't want to live!"

However, this sentence did not meet Chen Yingran's expectations. She cried even harder, "Master Sun, I am your woman. If he slaps me in the face, that is to hit you in the face! You must avenge me today!"

"Ah?" Sun Richard hesitated instinctively. Chen Yingran had seen everything clearly.

"Hmph, yet another coward!"

"You were f*cking fooling around with me just now!"

Chen Yingran made up his mind and decided to let them bite each other.

She suddenly became thoughtful. Her cheeks flushed slightly and her fingers drew circles on Sun Richard's chest...

"Young Master Sun, as long as you can help me revenge today, tonight, I will listen to you..."

@vamp20wot

Chapter 355

Sun Richard was very excited when she heard that.

As he looked at Chen Yingran's body, his eyes suddenly became hot.

This was a beautiful and charming woman.

Her charming face was full of pure desire.

Her sexy and curvaceous figure aroused people's imagination.

Sun Richard had come this month and had tried countless times to get hold of her.

However, Chen Yingran had seen too much of the young master's tricks, so he didn't buy them.

She didn't expect that she would be angry with William and help herself instead.

Ha, ha, ha!

"William, William, you've never expected that you've helped me so much!"

"Little beauty, this is what you said." Sun Richard quickly pinched Chen Yingran's slender waist with a teasing smile.

Chen Yingran pretended to be shy and said, "But only today."

"I understand, I understand!" Sun Richard kept

nodding.

Even if Chen Yingran didn't say it, Sun Richard also knew that this matter should be done sooner or later.

The next day, maybe Chen Yingran didn't want to be held back.

However, Sun Richard was also making a fuss over this matter after agreeing to it.

Before that, Sun Richard met William for the first time when Brother Tigger met her. He thought that William should be Brother Tigger's subordinate.

Brother Tigger's momentum in Qena City was surging recently. Wasn't it a slap in Brother Tigger's face just to beat William?

Although his father had a little power, he couldn't waste it on this trivial matter.

"Let's see where we can find some outlaws or gangsters."

She didn't know Brother Tigger. She was just a newborn calf who didn't fear tigers.

Sun Richard held Chen Yingran in her arms. As she tried to think of a way, she called her men and asked them to quickly come over and keep an eye on William's whereabouts.

As for William and Xena, they were still wandering around. Xena's eyes were bright when

she looked at William.

"Brother-in-law, you just pretended to be handsome!" Xena pounded William and almost knocked off the bag on William's body.

"I say, how could I be so pretentious just now? I obviously didn't want to cause trouble, okay?" William said helplessly.

Xena's little face was a little red. "I like the most deadly temperament of an invisible pretentious man like my brother-in-law. He's so handsome."

Seeing this elf start to be in a rutting mood again, William suddenly stopped talking.

If she continued, she would get started.

The two of them spent the whole day on this street. It was the first time in William's life that he had experienced the crazyness of girls shopping.

During this period, William carried the bags twice to the car, and both of his legs were soft. However, Xena was more and more energetic as if she had been injected with chicken blood.

William looked at the fierce and fierce Xena and couldn't help sighing. Sure enough, there was no difference between this matter and that matter. There were no fields that had been plowed, only cattle that had been exhausted to death.

In the afternoon, Sun Richard, who had been looking for people everywhere, finally found

several ruffians who met his requirements.

These little punks were dressed like gangsters, but all of them were poor. When they heard the money, their eyes were shining with green light.

At first glance, she was a person who had just arrived at Qena City and knew nothing.

This was just right. Sun Richard was going to let these people take the place of the scapegoats.

He did not tell them that they were going to beat up Brother Tigger's men. He just offered them a generous reward and said that he would help him teach a lesson to a rascal boy.

When those people got the money, they were so surprised that their mouths were almost to their ears.

If William was present, he would definitely be able to recognize these people.

These people were indeed gangsters, and they had indeed just arrived in Qena City.

They were Zhang Ruolong's fellow townsmen.

Since they failed to join Zhang Ruolong, they dared not go back.

Because in their view, this face was the most important thing for people in Jianghu.

When they said that they would go out to seek

shelter with Zhang Ruolong, they had been widely spread in the village for a long time.

Overnight, the entire village knew that they were about to make their way out of the mountains, and that they were going to eat and drink.

Now that he had returned crestfallen, his teeth would definitely be laughed off. How would he be able to do whatever he wanted in the countryside in the future?

Therefore, they held their breath and planned to stay in Qena City for a while longer. They would go back after the villagers stopped gossiping.

Now, each of them was holding 10,000 yuan in their hands, and each of them laughed and blossomed.

As Rebecca had expected, gold was everywhere in the big cities.

As long as he stayed there, he would have a chance.

But it was a pity for Zhang Ruolong. He was so lucky that he had offended a big shot who looked ordinary but was extremely capable.

They felt sorry for Zhang Ruolong, but at the same time, when they thought of the indifferent figure, they couldn't help but feel frightened.

It seemed that she would have a foothold in

Qena City after tonight's incident.

The next time he saw that kid, he would definitely have to go around him.

After Sun Richard gave a few simple instructions to the few punks, he told them to stay for now.

He went to inquire about William's whereabouts first.

And William's subordinate reported that William was actually still on a street.

Sun Richard agreed silently.

"God is helping me!"

When he found William's number, he immediately called her.

When William heard that it was Sun Richard, she wanted to die, but Sun Richard was well-prepared. "William, I just want to treat you to a meal and apologize. Don't you give me face? I've said it clearly. I, Sun Richard, am a person who can only be persuaded by reason but not forced by force. I've already given in. If you still insist, then don't blame me. I'll let you and your sister-in-law die in the future."

This kind of threat was a piece of cake for William.

However, William frowned.

Sun Richard was a sinister person at first

glance. She did not have much to do with him.

If Shuang was targeted in the future, he didn't know what kind of accident would happen.

"The time and location." William said lightly.

"Fine, I'll remind Sun Richard in the past and remind him to behave like a coward in the future."

Sun Richard immediately reported, "It's 6 o'clock tonight at Chunyi Villa."

William was stunned. Chunyi Villa was a little remote in the outskirts of the city.

Hehe, it seemed that this was not a good meal.

This was a banquet called the Hongmen Banquet.

"Alright, I'll be right there." William looked at the time and said.

Xena, who was standing on the side, had been listening. When she heard that William had agreed to Sun Richard's invitation, she burst into anger.

"Brother-in-law, are you stupid? I can tell at a glance that the guy is not a good person! And he asked you to go to such a remote place, just to trick you! You promised them!"

"You go back first, but don't tell your sister." William felt a little embarrassed at the thought of Felicity.

At noon this day, William was still vegetarian, and a bird came out of her mouth.

"No! If you don't let me follow you, I'll call and tell you right away!" Xena became unreasonable again.

"What are you going to do? Isn't this adding to the chaos?" William said helplessly.

Xena grabbed William's hand and said angrily, "I want to live and die with you! If you don't agree, I will immediately shout at my brother-in-law, don't do this! I am your sister-in-law!"

William looked around at the people coming and going, and goosebumps appeared on his skin.

If he shouted out these words, things would become a big problem.

"All right, all right! Don't make trouble. Go, go, go!" William almost knelt down to his sister-in-law.

Xena suddenly came to his senses, and he felt a little yearning in his heart.

In the beginning, she also followed her brother-in-law to go to the Lin family with a knife!

Was he going to be gloriously re-emerged tonight?

"Then how are we going?" Xena asked excitedly.

The corners of William's mouth turned up, and

his eyes seemed to slowly become cold.

"Crush over."

@vamp20w0rld

Chapter 356

Xena raised her eyebrows.

It was precisely this kind of momentum!

Looking at the indifferent but overbearing look in William's eyes, Xena's eyes turned into stars again.

His brother-in-law was mighty and domineering!

The two of them drove to Chun Yi Villa.

But Xena still kept his heart and soul in check.

After all, William went to the banquet alone. It was okay that he couldn't help, but he would be a burden to him.

Furthermore, Sun Richard did not look like a good person at first glance. There might be even more vicious tricks waiting for her brother-in-law.

Xena was aware that William would be at a disadvantage if she was alone and weak. So she took out her mobile phone from the co-pilot's seat and secretly sent a message to Felicity.

"Sister, we're in danger outside. We're in Chun Yi Villa. Call someone to help us."

After sending the message, Xena sneaked a glance at William.

At this time, her cell phone rang immediately. It was Felicity.

Just as she was about to pick it up, her phone beeped twice. Then, it went dead and her phone went off.

She sweated. She had been hanging out outside for a day today. Her cell phone was so good that it had run out of battery at this time.

She wanted to borrow William's mobile phone, but on second thought, no, she was just making a small report. How could she let William find out?

Sister, sister, just do what I told you to do. Don't call me anymore.

Xena thought a little uneasily.

However, what Xena didn't know was how much concern this brainless message brought to Felicity!

When Felicity saw this message, he called Xena, but her phone was turned off again.

She was going to call William, but she was worried that William was facing danger, so it was inconvenient for her to answer the phone.

At this moment, her heart was burning with anxiety, and she even felt a bit resentful.

"You are my brother-in-law. I can take you out for less than a day, but you can make things

worse!"

He was a born troublemaker!

She still remembered that William promised her that he would eat vegetarian food and pray for Buddha this week.

William would definitely keep her promise.

If he was in danger like this, wouldn't he be in a passive position!

At the thought of this, she became restless, wondering who she should ask for help.

At this time, a person appeared in her mind.

Brother Tigger!

Brother Tigger was the king of the underground world in Qena City. With him around, there was nothing he couldn't do.

Fortunately, William reserved a phone number for Brother Tigger because he was worried that something bad would happen to the snow storm.

Felicity immediately called Brother Tigger.

"Brother Tigger! I'm Felicity. William is in danger. Please help him. I beg you." Felicity said anxiously after the call was connected.

At this moment, Liu Tigger was having dinner at home. When he suddenly heard Felicity's call, he couldn't hold his chopsticks anymore. He asked in shock, "William is in danger? Where is he? Who is he? How many people are there?"

In the face of such a series of questions, Felicity and Yang Shiwen's faces turned red.

She said in a weak voice: "I don't know who they are, and how many they are. I only know that they are in Chun Yi Villa right now."

Liu Tigger pondered for a moment and said to Felicity, "Sister-in-law, don't worry. I'll take some people there right away. You can stay at home and wait for me. I'll report to you in time if anything happens."

At this moment, Felicity could only nod and said in a choked voice, "Brother Tigger, thank you. You must save William."

After Liu Tigger hung up the phone, he didn't raise his eyebrows.

It was getting a bit tricky.

He knew William's ability very well.

If it was some kittens or puppies, William would not care about them.

Since Felicity was so serious, it must mean that William had encountered something that couldn't be solved and needed to save himself.

From the looks of it, the other party was either very strong or too many people.

Even William couldn't deal with it.

Thinking of this, he immediately called his men and said, "Take people with you and follow

me to Chun Yi Villa immediately."

The man was stunned and asked, "How many do you bring? Fifty? Is it enough?"

Liu Tigger was so angry that he shouted, "Fifty people are not enough! At least two or three hundred people!"

"Are you kidding me? 50 of you?"

If there were fifty people, William alone could deal with them, because there were at least hundreds of them on the other side.

Liu Tigger thought for a moment and continued to say, "Call me as many as I can when I'm at home! I don't mind four or five hundred people at home! Let's go right away!"

If William encountered any danger in Qena City and encountered any accidents, it would be a complete humiliation for Liu Tigger!

Not just because William was Liu Tigger's boss now.

What's more, Liu Tigger was now the king of the Qena City's underworld, and there was still someone who could touch William. This was a slap in Liu Tigger's face!

"No matter what price I have to pay today, I must save William safely!"

What made Liu Tigger even more puzzled was, who else in Qena City would dare to lay a

finger on William?

While Liu Tigger was gathering his troops and horses, William and Xena had already arrived at Chun Yi Villa.

Chunyi Villa was said to be a villa, but in fact, it was a farmhouse music in the suburbs.

The manor was a house covered with wood. It was antique and looked like a country village.

The reason why Sun Richard was chosen at Chunyi Villa was that this place was relatively remote and easy to handle.

On the other hand, Wu Xudong, the boss of Chunyi Villa, was Sun Richard's bad friend. With him taking care of him, everything could be negotiated.

Wu Xudong was about the same age as Sun Richard. At this moment, he was on Sun Richard's shoulder and said proudly, "Brother Sun, don't worry. In my territory, there is no problem in hiding a few people, not to mention others. Just in case, I also called a few helpers to help you. They are on the way."

As Wu Xudong spoke, he ordered the gangsters to hide in a compartment in the largest box on the third floor. When they came out, William would be scared out of his wits.

Sun Richard thanked Wu Xudong with a smile. "Xudong, we've settled this matter. Let's

have a good drink later."

"No problem, no problem!" Wu Xudong made an obeisance to Sun Richard.

At this time, Sun Richard found that a car had stopped at the gate of the villa. He was refreshed and said, "It's coming!"

The two of them walked toward the door at the same time.

William and Xena got out of the car.

Seeing Xena's beautiful appearance, Wu Xudong, who had always been a lecher, swallowed directly and said, "She's of the best quality! I didn't expect this guy to have such good luck in love!"

How could Sun Richard not know Wu Xudong's thoughts? He patted Wu Xudong on the shoulder and whispered with a smile, "Then, Yanfu will be yours later."

Wu Xudong's mouth was wide open. "Elder Brother Sun, you are so righteous. Let's go and welcome the guests."

When William got out of the car and saw Sun Richard, she was calm.

Sun Richard had a warm and friendly look on her face. She said to William, "I didn't expect you to come. Quick, invite him in."

Xena followed behind William and looked at Sun Richard with dissatisfaction.

William, on the other hand, followed Sun Richard to the third floor in a carefree manner.

Wu Xudong did not follow him into the room. He returned to the lobby on the first floor and suddenly ordered, "Quick! Close the door. Today, I want these two people. I can't fly away even if I have wings!"

Chapter 357

The shop assistants of the manor immediately closed the wooden door.

Wu Xudong sat downstairs, tasting the wine and looking at the time from time to time.

In a little while, he would be able to kiss her. How wonderful! How wonderful!

And after Sun Richard brought William into the room, she closed the door of the room.

He looked at William and Felicity and felt very excited.

She really didn't know whether William was really stupid or just pretending to be dumb.

He knew that he wouldn't be easy to deal with if he came here, but he didn't expect that he would come alone.

He even took this little beauty with him.

Hee hee, hee.

"It's interesting now."

Xena had been paying attention to Sun Richard's eyes all the time. When she saw Sun Richard's arrogant look, she couldn't help but grabbed William's clothes and asked with her eyes why there was only one person on William's side.

William patted on Xena's hand, indicating that she should not talk and let him come.

Sun Richard sat calmly on her chair. At that moment, no dishes were served in the room and no wine was served.

William asked faintly, "Sun Richard, I am still in a hurry to go back. If you have any tricks, just use them."

Sun Richard looked at William in surprise when she heard that.

"Could it be that this kid is hiding in ambush?"

But the door downstairs had been closed, and his ambush should not be able to enter.

Sun Richard smiled proudly when she thought of that. She said, "I have invited you to meet here today. I just want to end the grudges between us."

"William, you almost ruined one of my hands before. Today, you gave my girlfriend two slaps. Let's settle this score properly!"

Hearing this, William couldn't help laughing.

"Two slaps on his girlfriend's face?"

It seemed that Chen Yingran's woman lied to Sun Richard. She was trying to make Sun Richard find fault with her.

It was a pity that this move of hers was so easy to deal with, and it was a piece of cake.

He was worried about playing with fire.

"Sure. How are we going to settle this?"

William did not expose Chen Yingran's lie and asked calmly.

"How? Haha, of course there's revenge, there's revenge! Today, you kowtow to me and call me Grandfather. Let me stab you again. Then, I'll have your little beauty stay behind to keep us company for the night. We're even now." Sun Richard said the words that he had long prepared.

Xena blew up at once. "Damn you! I'm going to find your mother to accompany you! You b*stard!"

Sun Richard was scolded, but was not angry at all. Instead, she looked at Xena with interest. "Oh, you're still a little wild horse. I'm born with the habit of taming little wild horse. How about that? Follow me. I promise you that I'll make sure you'll live a good life in the future."

Xena was so angry that her face turned red. She was about to retort, but was pulled back by William.

What's the point of arguing with such a person?

"What if I say no?" William asked.

"Haha, I can only tell you that you have no choice. Come on!" Sun Richard suddenly shouted.

The door of the small compartment was

immediately knocked open with a bang.

Seven or eight people came out of it!

These little punks had already followed Sun Richard's instructions. In order to demonstrate their ferocity, they all wore their upper bodies naked and had their bodies painted like dragons and tigers.

What they were holding was not a stick, but a long saber!

Rows of cold light flickered on the longblades one by one under the light.

This scene really scared Xena out of his mind.

After all, she was a little woman. When she saw so many strong men coming out with such a fierce look, she was immediately scared to hide behind William.

Her body was shaking, and she couldn't help but think, "Why haven't my sister sent people to save us? They are too cruel."

As soon as these people came out, they shouted, "If you dare not to listen to our Brother Sun, we will tear you into pieces today! Let you know how powerful the men are!"

Each and every one of them roared loudly, their faces brimming with confidence.

After all, this was their first-round trade in a

big city, so it should be enough in terms of momentum.

Just as they were happily agreeing with each other, they suddenly saw the face of the man on the other side.

At the sight of this, seven or eight people were dumbfounded on the spot.

This man!

Wasn't it the nightmare they had in this life?!

William!

Damn it!

How could he have appeared here!?

Could it be that Sun Richard wanted us to deal with these little sluts? He was talking about William!

What the f**k!

"He's not a small fish at all! He's definitely a big devil!"

The four of them looked at each other, with a look of awe and despair in their eyes.

Because of these people's dressing, William did not recognize their identities at once.

But when he looked at it carefully, he almost laughed out loud.

It turned out to be them.

It seemed that Qena City was not big either.

They thought that they had run back to their hometown in disgrace, but they didn't expect that they still stayed in Qena City.

And now, he was standing in front of her second time.

It was ridiculous. She thought that the immortal whom Sun Richard had invited was just a bunch of ignorant people.

Sun Richard, who was standing in front of those people, did not notice that a great change had taken place behind him.

He thought that the momentum of these people had completely scared William.

He smiled with satisfaction, "How is it? You didn't come for nothing for today's banquet. I'll give you two choices now. One, according to what I said just now, kowtow to me and let me stab you, and then let this little beauty accompany us brothers. I promise that I won't make things difficult for you in the future. As for the second choice, hehe, if you don't agree, then ask my brother for his knife first!"

Upon hearing this, Xena got goose bumps all over his body and couldn't help but lean close to William.

At this moment, she finally regretted her actions.

He should really listen to his brother-in-law and not come over.

But now, in order to enjoy the bustling scene for a while, she had been defeated.

If these vicious people really wanted to kill him today, would he be able to live in the rest of his life?

At the thought of this, Xena's eyes suddenly turned red.

"Brother-in-law, I'm sorry. I've caused you so much trouble." Xena choked with sobs.

William laughed and looked at Xena, who was about to cry. "This little goblin, it's better to scare her. Otherwise, she always looks like that I have a brother-in-law who is not afraid of anything. Maybe something will happen in the future."

So William pretended to be helpless and asked Xena, "Ruoshan, which one do you think I should choose?"

Upon hearing this, Xena burst into tears. She pointed at William's neck and cried. "Brother-in-law, you are such an ungrateful wretch. You don't need to think about it. Do you really want to hand me over?"

Sun Richard, who was standing by the side, laughed loudly. It was done!

The young man's hesitation showed that he

had done a great job.

"Isn't he very awesome?"

Didn't he like to act cool?

"What's wrong with me? I'm too timid now?"

"So, you're afraid of death as well, but you're also willing to give up your conscience in order to live?"

Ha, ha, ha!

When he laughed, he didn't notice that the faces of the gangsters behind him were getting worse and worse.
