

Chapter 6

Soon, several important figures of the Lin family and the Huang family walked into the banquet hall with a smile.

"Sisyue has already come over to entertain the guests."

Lin Haotian was an old man in his fifties. He was tall and strong. Due to his good soldiers, he didn't look old. When he spoke, he was full of energy and smile.

"She has such a virtuous daughter-in-law, which is given to me by World War II."

Huang Tianqi laughed loudly and seemed to be very happy.

He was about the same age as Lin Haotian, but he looked much older on the outside.

"World- Gamble, don't stay here. Go to accompany Siyue."

Huang Tianqi saw that Huang Dahua was still standing there foolishly. While urging him, he said to Lin Haotian with a smile, "Obviously, this child is too happy."

"Haha, World highway is a good child." Lin Haotian also laughed.

"Humph..."

However, at this time, Huang Dahua gave a cold snort with a gloomy face. He did not say hello to the two of them and walked straight ahead.

"What's wrong?"

Both Lin Haotian and Huang Tianqi were puzzled about the sudden change in Huang Dahua's expression.

"Dad, do you know the man sitting next to my sister?"

At this moment, Lin Suhao, the son of Lin Haotian, approached Lin Haotian and asked in a low voice.

"What?"

Lin Haotian and Huang Tianqi, at the same time, looked at the corner of the banquet following Lin Shhao's eyes. Lin Syue and Xiao Fei were sitting next to each other intimately.

"This..."

They understood why Huang Dahua left unhappily.

Lin Siyue, who was about to become his fiancée, was sitting with a strange man and talking happily. How could she be happy?

"Shihao, go and see what's going on."

Lin Haotian was afraid that something bad would happen, so he quickly ordered his son to

follow him.

"Yes."

Lin Shimo hurried to catch up with Huang Bhua.

When they came to the corner, they just saw Lin Siyu's pretty face was blushing and her eyes were as beautiful as silk, as if they were going to drip water. She looked at the strange man with deep affection.

This scene made both of them full of anger.

However, Huang Dahua, as the eldest son of Huang's Family, did not break out into curses at once. Instead, he said with a gloomy face, "I have never seen you in all the families in Luo City. Which family are you from?"

Although Huang Bhua knew almost all the rich and powerful families in Luo City, he was afraid that the people in front of him would come to some ancient big families.

"It's my first time here. I would like to know what kind of rich and powerful family is in the eastern box." Xiao Fei took a sip of wine and said in a simple and calm tone.

"It's not a wealthy family in Luo City."

When Huang Dahua heard this, he immediately breathed a sigh of relief. "I knew it. How could there be a wealthy family disciple I don't know in the East Cold? It turns out to be a

good-for-nothing."

Immediately, he looked stern and said in a condescending tone, "This is the engagement banquet of the Lin Family and the Huang Family. Only the invitations are allowed to enter. You're just a useless person. Do you have an invitation?"

"An invitation?"

This was the second time that Xiao Fei had received an invitation from someone. The first time was at the door, and the second time was when he had already entered the banquet.

With a smile at the corner of his mouth, he said, "The world is so big. Where should I go? Why do I need an invitation?"

"Haha..."

Upon hearing this, Huang Dahua's face became even more scornful. He laughed and said, "What a joke, an ignorant person like you is not even as good as a three-year-old child. Do you think you are a king?"

At the same time, he waved his hand and said, "Get out of here. Don't deceive my fiancée here. Don't think that you can come in and make trouble just because you look like a dog. I'll give you three minutes to leave the party, otherwise..."

After a pause, he said with arrogance and indifference, "After tonight, you'll be the one to be punished in the East."

Xiao Fei didn't continue to speak. He just glanced at Huang Dahua and said lightly to Lin Syue, "Why are all kinds of nobodies coming in for your birthday party?"

His non-telekinesis words made Lin Ziyue nervous. She quickly explained in a low voice, "He, he is a friend of my father. Yes, he is..."

She didn't dare to say the rest of the words.

At this moment, she was very embarrassed and had made up her mind not to continue today's engagement. However, if this god-like man in front of her knew that he was going to get engaged to her, would he be angry?

What's more, Huang Dahua targeted Xiao Fei as soon as she came up, which made Lin Syue feel uncomfortable. "Which side do I have to stand on?"

"I'm her fiancee."

Lin Syue's behavior made Huang Dahua angrier. With a cold look in his eyes, he shouted, "Stay away from my fiancee."

He, the protagonist of tonight's banquet, Ma Shan was even going to get engaged to Lin Syue. However, at this moment, Lin Syue actually hesitated.

If it weren't for the fact that there were too many people at the banquet, Huang Dahua might even have the urge to rush over and fight with Xiao

Fei.

At this moment, the people around had noticed the conflict here, and they all looked at it in surprise.

Lin Shimo frowned and said to Huang Bhua in a low voice, "Don't make things big. Let's finish the engagement first. As for him, I'll handle it."

Huang Dahua thought for a long time. He tried to suppress the anger in his heart and finally nodded.

While Lin Shhao said to Lin Syue, "Sisyue, you go to prepare for the engagement. This gentleman let me entertain you."

At the same time, she pulled Lin Siyue away without saying a word. Throughout the whole process, Lin Siyue's face was full of hesitation.

At this moment, there were countless thoughts in her mind, and three figures kept flashing across her mind. In the end, they turned into two figures. One was the figure of a man who fell from the sky like a deity, and the other was the support of Huang Dahua, who was the First Young Master of the Huang Family.

"This woman..."

Xiao Fei shook the glass of wine in his glass with a faint smile on his face. He had seen the mountains and rivers, fought for eight years, and traveled countless places. How could he not know

Lin Syue's hesitation?

A sinister smile gradually bloomed.

His smile made Huang Dahua, who was just about to leave, angry. "Good boy, how dare you to show such an arrogant smile? You're looking for death."

"Go and find out his identity and see if he has an invitation. If not, 'please' go out."

Then, Huang Dahua summoned one of his men and ordered him to do his work. After that, he came to Xiao Fei again.

"What's the matter?"

Xiao Fei lifted his eyelids slightly.

"Do you know what the consequences are?" Huang Dahua asked in a cold voice.

Without waiting for Xiao Fei's reply, he continued, "I am the young master of Huang's Family, the only successor of Huang's Family. Our Huang's Family is Dongzhen Zheng's distinguished family. With your status, you will definitely have no good end if you offend me."

"Oh?" Xiao Fei took a sip of wine slowly and never fixed his eyes on Huang Dahua.

His actions made Huang Dahua even angrier. He said in a cold voice, "Well, well, well, you nameless son of a bitch. Since you don't know what's good or bad for you, I'll help you."

"Your status is very high?"

Xiao Fei finally looked at Huang Bhua.

His eyes were deep and his expression was very calm. However, in the eyes of Huang Dahua, his heart could not help but tremble, and a sense of panic rose from the bottom of his heart.

"Young Master, I've checked. Without any information about this person, he sneaked in secretly. Moreover, there was a conflict outside the door, but it ended up with nothing definite."

At this time, a wall quickly walked over and told Huang Dahua the results of the investigation.

"They slipped in."

Upon hearing this, Huang Dahua was immediately overjoyed. He laughed and said, "Okay, okay, since that's the case, there's nothing good about it."

At the same time, he raised his head again and proudly said, "Although you didn't sneak in because you didn't have an invitation, today is my wedding day. I won't care about this for the time being.

You squat in the corner and don't make trouble. Otherwise, you have to know that no one cares when a person is missing in such a big Luo City."

He felt that this was his greatest kindness to Xiao Fei. After he said that, he glanced around. Lin

Jiahao, who had just walked over, and other people around him saw his eyes, all smiled and praised him.

"Master Huang is really kind. Without an invitation, he allowed him to eat and drink at this banquet."

"No wonder he is the First Young Master of Huang's Family. I admire his bearing."

"....."

Listening to the admiring words of the people around him, Huang Bhua was even more proud. He said to Lin Shhao, "Brother-in-law, what do you think of my way?"

Lin Shimo nodded with a smile. "You're the protagonist today. I'll listen to you."

"Haha, good."

Huang Dahua laughed and turned to look at Xiao Fei. He said in a light tone, "Did you hear that? I am kind and didn't drive you away immediately. But if you dare to approach Siyue, Luo City will lose one person tomorrow. Do you believe that?"

As the first young master of the Huang's Family, with his status, it was absolutely impossible for a man like Donghe to be silent. No one knew.

If it were in the past, Huang Bhua would have

sunk the other party into the river. The reason why he hadn't made his move today was that all the people from the Eastern Union had gathered here.

This was his engagement party. No matter how much he hated the other party, he had never thought of killing the other party immediately. He only thought that he would deal with this guy after the party was over and the guests had left.

"You don't have to wait until tomorrow. Now, there will be one less person in Luo City. Do you believe it?"

VAMP20 WORKS

Chapter 7

However, at this moment, a faint voice sounded in his ears.

"What?"

Huang Dahua couldn't help but dig his ears and squinted at Xiao Fei. "Did I hear that correctly? How dare you speak to me in such a tone?"

This coquetry, without a name or invitation, sneaked into the banquet without invitation. How dare he speak in his own tone?

At this moment, he found that Lin Siyue, who had finished making up, came over again. She seemed to understand something and said with a laugh, "I see. Do you want to show your so-called masculinity in front of me after seeing her come?"

Xiao Fei looked calm and looked at Lin Syue, who had already walked over. "I'll take his life."

"No."

Lin Siyue's face changed greatly, and she no longer looked calm and elegant. She rushed to the middle of Xiao Fei and Huang Dahua in an instant. She opened her hands to stop Xiao Fei, and her eyes were pleading. "Please don't do anything, please?"

"Damn it."

Xiao Fei hadn't opened his mouth yet. When Huang Dahua saw his fiancée opening her hands in front of him and begging him in a low voice, he was suddenly furious.

"Syue, get out of my way. With this nameless follower, how dare he say that he wants to kill me? Today, I will stand here and see who dares to do anything to me."

"That's right. World map is my friend. Whoever dares to do something to him will be embarrassed by me."

At this time, among the people who had noticed what had happened here, a young man with an ugly face stood out with a sneer on his face. "In the East Han, no one dares to make a move in front of me, even if the emperor comes."

"Thank you, Master Chen."

When Huang Dahua saw the young man speaking, his face flushed with excitement. He glanced at Xiao Fei with disdain and said, "But don't worry, Master Chen. This guy is just a nobody. Even if I stand here and don't move, he doesn't dare to do anything to me."

"Okay."

Childe Chen nodded with his hands behind his back and a calm look on his face. "Today's banquet is your engagement party. Don't make trouble. This matter can be solved after the

banquet."

His tone was not a negotiation, but an order.

He said in a condescending tone, as if everyone was his subordinate.

Huang Dahua did not feel any dissatisfaction, but said excitedly, "Yes, Master Chen, whatever you say."

Master Chen was not satisfied with Huang Bhua's behavior. He turned to look at Xiao Fei and asked, "What do you think?"

Originally, he didn't need to ask Xiao Fei because of his identity. However, although Xiao Fei didn't speak, he had a very unique temperament when he just stood there casually, which made him feel very uncomfortable. He wanted to make Xiao Fei bow his head in front of him.

Xiao Fei was silent. His hands with gloves folded together, as if he was thinking about something.

However, Master Chen did not force him. Instead, he looked haughty and looked down on others.

As a matter of fact, as a member of the Chens, he did have such a talent.

At this moment, Lin Haotian and Huang Tianqi, who noticed this scene, didn't come over, but they were also shocked in the distance.

"It turned out to be a member of the Chens. I didn't expect that even the Chens would know about the World War Plan."

Lin Hao looked at Huang Tianqi in shock.

The Chens was also a prominent family in Luo City, but they could be called the first family in Luo City. Because the Chens had a history of nearly a thousand years, and they were called "Millennium Chen".

Even in the cities of the East China Sea Tribe of Yan River, the Chens held a high position.

In front of the millennium families, powerful families like the Lin Family and the Huang Family were nothing at all.

Huang Tianqi smiled and said with satisfaction, "Huhua went abroad to study in early years and knew a group of disciples from the top aristocratic families in China. Master Chen is one of them. He is the descendant of the Chen family for thousands of years and has a good relationship with World Tree."

"Hiss..."

Lin Haotian's face lit up when he heard that. He felt that he was absolutely wrong about his daughter being married to Huang Bhua.

Huang Tianqi smiled and said, "Master Chen doesn't like to communicate with the people of the older generation like us, so we won't go there to

join in the fun. Let the young people handle the affairs there by themselves."

"Okay, let's prepare for the engagement later."

Lin Haotian laughed and didn't mean to talk with Huang Tianqi about what he needed to do for the engagement later.

On the other hand, some of the other people who knew Master Chen's identity gasped in shock. They were even more shocked by the wide range of communication between Huang Bhua and the Chen family. They even knew the members of the Chen family, who had been around for a thousand years.

"Obviously, this guy is not from a well-known big family. He has to fight with Master Huang. He is dead."

"Yes, not to mention that Master Chen is Master Huang's backer, even if Master Huang is alone, he can also make this guy suffer a lot."

"Poor, after tonight, Luo City will lose one person."

"....."

Many people sighed and looked at Xiao Fei with pity in their eyes.

Xiao Fei remained silent, while Lin Syue was stunned.

At this moment, she looked at Master Chen,

Huang Dahua, and Xiao Fei. Suddenly, she felt that everything in front of her had made her hesitating, but she was even more hesitant.

Although the person in front of him had an extraordinary temperament and extraordinary strength, compared to Huang Bhua, who had a friend from a millennium family like Master Chen, he seemed to be a little inferior.

However, her heart had been deeply impressed by the figure falling from the sky like a Divine Realm expert when she saw him.

Huang Dahua glanced at Xiao Fei and found that Xiao Fei was still silent. He snorted and said, "Even Master Chen doesn't dare to answer you. Even if you're scared by Master Chen's identity, you'd better give me a word."

Childe Chen had a proud smile on his face. His temperament was very good. There were few people in the field who could compare with him. This was a kind of temperament that was cultivated by him as a member of the Chens for thousands of years.

At this moment, when he found that Xiao Fei seemed to ignore him, and directly ignored himself, he frowned and looked at Xiao Fei, "Kid, didn't you hear my order?"

Huang Dahua had planned to prepare for the engagement. When he saw Master Chen frowning

and dissatisfied, he quickly stood up and shouted angrily, "Are you mute?"

"Croak."

At this time, Xiao Fei spoke. He didn't even look at Master Chen and Huang Dahua. Instead, he slowly tidied up the corners of his clothes and said, "A clown dance, why should you care?"

"Clown? Do you dare to say that we are clowns?"

Huang Dahua and Master Chen's faces changed at the same time. This time, before Huang Dahua opened his mouth, Master Chen shouted, "You, you should know what kind of person you are facing. Now, I order you to slap your own lips..."

"Oh, what the hell are you?"

However, before he could finish his words, a voice full of killing intent suddenly came from behind them.

Master Chen and Huang Dahua flew into a rage.

At this time, there was someone who dared to jump out and provoke them from behind?

Master Chen, in particular, was so angry that his face turned livid. "Very good, you really provoked me."

"So what if I piss you off?"

Clap! Clap! Clap!

Before they could turn their heads to look at the person behind them, they felt a gust of wind rushing toward them. Both Master Chen and Huang Dahua were slapped in the face at the same time.

Even Master Chen failed to dodge it.

"Who is it?"

Huang Dahua and Master Chen were both stunned.

Master Chen, in particular, looked extremely terrible. With his own strength, the other party could slap him so easily. Who was the other party?

The two of them looked up and saw a young man in black with a respectful look on his face saluting Xiao Fei. "Your Highness, Xiao Qi is late."

The newcomer was Xiao Fei's subordinate, Xiao Qi.

"Don't call me Prince Wang. Even if you are a member of the Wang family, if you dare to beat Master Chen, you will definitely die."

Huang Dahua's eyes were red and bloodshot.

Today was his engagement party, but he was slapped in the face. Even if he had decided to bring them down to the river, he felt humiliated and his heart was filled with endless anger.

He shouted angrily, "Get over here and tie them up. No matter what kind of people you are, you'll all die today..."

Snapped! Snapped! Snapped!

However, before he could finish his words, a slap suddenly fell on his face.

"Master, Master Chen, why, why did you hit me?"

Huang Dahua gawked at Master Chen.

This slap was not from someone else. It was from Master Chen, who was standing beside him.

"Shut up, you good-for-nothing."

Master Chen roared at Huang Dahua with a ferocious face. Huang Dahua was so scared that his face turned pale and he was shocked.

Master Chen, who had helped him just now, suddenly beat him. What, what was going on?

However, he would know immediately.

Master Chen's face turned pale. He looked carefully at the man in black who had just appeared, and his voice was trembling. "You, Li, Li, Li, Li. Why are you here?"

"....."

Xiao Qi ignored him and bowed slightly, looking at Xiao Fei with respect.

Xiao Fei put his hands behind his back and

looked at Huang Dahua. He said with a faint smile, "You just said, after tonight, who are you?"

"And you, were you ordering me to slap you?" Without barking, he turned his eyes directly to Master Chen, whose face was pale.

Huang Bhua was speechless.

Master Chen, "..."

VAMP20 WORKS

Chapter 8

The crowd was shocked. Master Chen, the Big Master of Huanghuahua, was slapped in the face. He stood there with a pale face and didn't dare to say a word.

At this time, everyone had seen that the identity of the man in black who they didn't know just now was definitely not simple.

At this time, Xiao Qi looked at Master Chen with endless anger. "You, dare to order the prince to slap you?"

"Young Master Li, I, I'm just joking. I don't know that Mr. Wang is your friend."

Master Chen's face turned pale, and he forced a panic smile.

No one in the field knew the identity of this person in front of him, but he was not Chu.

This family came from an extremely terrible family. Compared to this family, the Chens was nothing.

Even if the real principal of the Chen family came, he would salute the young man, not to mention himself.

"Slap him in the face."

Xiao Qi's eyes turned cold and he suddenly

shouted.

"Ah..."

Master Chen's face became paler and paler, and he said with a sad face, "Young Master Li, I was wrong..."

"Do you want me to do it?" Xiao Qi glanced at him.

"No, no, I, I'll do it myself."

Childe Chen shivered all over. He quickly raised his hand and slapped himself hard.

Snapped! Snapped! Snapped!

The crisp voice was so clear that it could be heard all over the place.

"Don't stop."

Xiao Qi sneered.

"Yes."

Master Chen gritted his teeth and slapped his face one slap after another. What's more, he didn't try his best to slap each time.

"Clap clap..."

"Master, Master Chen..."

Huang Dahua was dumbfounded. He stared blankly at Master Chen, who was fanning his mouth forcefully. He only felt that his whole body was trembling.

The person in front of him was Master Chen

of the Chens, who had been around for a thousand years.

He was high and mighty, and no one in the field could compare with Master Chen in terms of status. However, now, Master Chen actually took the initiative to slap him, this...

Lin Siyu also looked at this scene blankly, recalling the words of Xiaoqi bowing to Xiao Fei and shouting "Your Highness".

Master Chen and Huang Dahua did not know the name of the man in front of them, who looked like a god. Therefore, they thought that Xiao Qi called him 'Lord' because Xiao Fei was surnamed Wang. In the name of 'Lord', he was called 'Lord'.

However, Lin Syue knew that the name of this god-like man was Ye Qing, not Wang!

Xiao Qi ignored the crowd and turned to look at Huang Bhua. "Tell me, after tonight, who do you think you are?"

"I, I..."

Hearing the crisp slap of Master Chen next to him and Xiao Qi's question, Huang Dahua was at a loss at once.

"Your Highness, do you want to send him on his way?"

Xiao Qi looked at Xiao Fei respectfully.

Xiao Fei waved his hand slightly and asked

Xiao Qi to stand aside. He looked at Huang Dahua and smiled softly. "Do you still remember what I said?"

Huang Bhua was speechless.

"You don't have to wait until tomorrow. Now, there will be one less person in Luo City. Do you believe it?"

As this sentence sounded in his mind, his face turned pale and his whole body began to tremble.

Just now, he didn't believe it.

Not only because he was the eldest son of the Huang Family, but also because his big backing was the figure of Master Chen, who came out of the Chens.

However...

Now, he believed it.

The other party really had such an ability to make him lose from the east.

"Pfft!"

At this time, Xiao Fei stopped talking and picked up a pair of chopsticks on the table in front of him. He shook his right hand, and the chopsticks flashed like lightning in the air and shot toward Huang Dahua.

"No..."

Huang Dahua's face changed dramatically, and his hair stood on end all over his body. When he was horrified, the chopstick pierced his neck in an instant.

It was transparent in front and back, and blood was dripping down.

"You, you... Ahem... plop!"

All of this happened too fast.

At the end of the day, Huang Dahua's eyes were full of unwillingness. He covered his bloody neck with his hand and crashed to the ground.

Xiao Fei's words still echoed in his mind. "There's no need to wait until tomorrow. Now, Luo City will lose one person..."

"Hiss..."

No matter if it was Lin Shhao, Lin Ziyue, or the crowd of onlookers around, they all gasped and felt a chill all over their bodies.

"Send him to the hospital right away, and there's still a chance that he'll survive."

However, as the person concerned, Xiao Fei leisurely crossed his legs, picked up the magazine on the table, and read it carefully.

It was as if all this had nothing to do with him.

Lin Siyue was speechless. "..."

Master Chen, "..."

Everyone, "..."

Everyone was in silence, except for Master Chen, who slapped himself in the face with a strange sound.

In the distance, Huang Tianqi, who was talking and laughing with Lin Haotian, suddenly felt silence. When he turned his head, he saw a scene that made his heart and heart shatter.

"World-Gamble..."

It was not until the hoarse roar of Huang Tianqi came out that everyone reacted. The guests in the field were noble. Have they ever seen such a person who killed people without a second thought?

At this moment, in their eyes, Xiao Fei, who was sitting on the sofa and reading a magazine, had turned into a killing god coming out of hell.

"Something big happened."

Lin Haotian whispered in a low voice. With shock on his face, he quickly followed Huang Tianqi and came to Lin Shhao's side. He shouted in a deep voice, "Didn't I ask you to watch? Why are you in such a mess?"

This time, no matter who made a mistake, Huang Tahua was seriously injured and wanted to die at the banquet held by the Lin family. The Lin family would definitely not be able to get rid of

this responsibility.

"Lin Xiaotian!"

Just then, Huang Tianqi spoke with Huang Bhua in his arms. His eyes were cold and emotionless. "If the Lin family doesn't give me an explanation for this matter, I won't let you go."

As soon as he finished speaking, he turned his head and roared at the rushing wall, "What are you looking at? Hurry up and send him to the hospital."

"Yes, yes..."

A group of walls rushed to send Huang Dahua to the hospital. Huang Tianqi's face was gloomy and terrible. Before he left, he gave Lin Haotian a hard look.

As for Master Chen, the members of Huang's Family were no longer in the mood to pay attention to him.

There was bitterness in the corner of Lin Xiaotian's mouth. He thought that after Huang Dahua hooked up with Master Chen, he would form an alliance with Huang's Family. From then on, Lin's Family would definitely rise to a higher level.

Who would have thought that Master Chen would slap him in the face like a dead dog and that Huang Dahua would be seriously injured by a pair of chopsticks?

This...

"Damn it, what's going on here?"

Even Lin Haotian couldn't help cursing in a low voice.

Today's banquet was completely canceled.

"Clap! Clap!"

At this time, beside him, although Master Chen's face was red and swollen, he still did not dare to shoot. Instead, he lowered his head and slapped himself again and again.

The loud voice made Lin Haotian dare not to lose his temper at all. He could only ask his children what had just happened in a low voice.

"Your Highness!"

Xiao Qi bowed and stood next to Xiao Fei.

Everyone in the field didn't even dare to gasp for breath, for fear of alarming the other party and leading to a fatal disaster.

Xiao Fei put down the magazine, stood up, and looked around at the crowd. It was calm and simple, but everyone was nervous.

He nodded slightly and said, "Please forgive me for disturbing you tonight. We'll meet again in the future if we're fated."

Her every move carried an air of nobility and elegance. She was like a young master of the secular world, making people feel like they were in

a warm spring breeze.

He took a meaningful look at Lin Haotian and then turned to leave.

This glance made Lin Haotian frown. He felt that there was something wrong with the way she looked at him, but he didn't dare to ask more.

Lin Siyu gritted her teeth and stood there at a loss. At this moment tonight, she was dazzling and no one could compare with her.

However, before the birthday party could be held, the engagement party was over.

The Huang Family, a daughter-in-law of a family that was more powerful than the Lin Family and had more backing than the Lin Family, had lost her status.

And this god-like person also left.

She lost her wits and wanted to catch up with him, but her father, Lin Haotian, seemed to understand her and held her tightly to prevent her from taking action.

In the field, only Master Chen's slap in the face made a slapping sound.

Even after Xiao Fei and Xiao Qi had left for a long time, he did not dare to vomit.

Until Lin Haodong carefully came forward and reminded him, "Master Chen, they have left."

"Phew..."

His words were like the release of life and death. Childe Chen's raised hand suddenly froze in the air. His red and swollen face began to tremble, and then, his whole person began to tremble...

"Finally, she's gone..."

Master Chen fell to the ground as if he had run out of strength. His eyes were full of confusion and fear.

The Seventh Young Master Li, the successor of that horrible family, seemed to be just a follower of the other side.

"Who on earth is this guy?"

After a long time, he looked at the people around with "concern" in their eyes and suddenly woke up. He shouted loudly, "Whoever dares to tell others about what happened tonight, I'll kill his whole family!"

Chapter 9

At the entrance of Jun Shang International Hotel, in the business car, Xiao Fei was sitting in the passenger seat, while Xiao Qi was sitting in the driver's seat, ready to drive.

"Master Li, I didn't expect that the reputation of your Li family could spread to Luo City."

Xiao Fei looked at Xiao Qi with a faint smile.

"Although the Li family is famous in the east of the eighteen provinces, it is just like an ant compared to you."

Xiao Qi looked at the man who had a calm face but looked like a god with infinite admiration in his eyes.

He had not seen the man beside him many years ago, and he also thought that he was in a high position as the Seventh Childe of Li family. Few people could compare with him.

He was so arrogant that both his strength and family background were powerful enough to conquer the whole world.

Until he really met this god-like man in front of him, he finally understood what was the real unparalleled in the world.

The Moship was as beautiful as jade, and the

childe was unparalleled. He raised his hand and turned the world upside down. He could control the sky with his hands.

No one could compare with him from the sky and the earth.

Because he was a king!

"In this world, all living beings are equal. Why do you say that you are not an ant?"

Xiao Fei shook his head slightly. The more powerful he was, the less arrogant he would be.

Xiao Qi's eyes were full of admiration. In his eyes, this man was the real symbol of invincibility.

"Let's go."

Xiao Fei lit a cigarette and looked out of the window. In Jun Shang International Hotel, countless guests left in a hurry...

Xiao Qi started the car skillfully. As he drove forward, he said, "The Xiao family's villa has been checked. Now, it is in the hands of Zhang Duanming, the eldest son of the head of the Dong family. However, coincidentally, Zhang Duanming seems to have encountered economic difficulties recently. He intends to auction the Xiao family's villa. The time is set in three days."

"Yes."

Xiao Fei narrowed his eyes slightly. "How is the relationship between the Zhang family and the

Lin family and the Huang family?"

"The Zhang family is an old family in Luo City with an extremely old status. It is incomparable to the Lin family and the Huang family. However, indeed, the Zhang family participated in what happened that year. The Xiao family's villa is the gift of the Lin family and the Huang family to the Zhang family." Xiao Qi said in a deep voice.

"Arrange it. I'm going to attend the auction."

Xiao Fei rubbed the space between his eyebrows and put away the cigarette in his hand. There was a sharp look in his eyes.

"Yes."

Xiao Qi nodded in response and continued, "I just bought a villa as a temporary residence for the past few days. After Xiao Family's villa is taken back, shall we move there?"

"I don't need to worry about you."

Xiao Fei nodded and then closed his eyes. "I'll rest for a while. Call me when we get there."

"Yes."

Xiao Qi responded in a low voice. He did not dare to disturb Xiao Fei anymore. Instead, he focused on driving.

It was not until dozens of strong men in black rushed out and stood in front of them that the car started to vomit.

"It's the Huang Family."

At some point, Xiao Fei opened his eyes and saw Huang Tianqi standing in front of the crowd.

"He's courting death." Xiao Qi's eyes were filled with cold killing intent.

The two of them opened the car door and went out at the same time. In front of them was Huang Tianqi's furious roar. "You finally come out. Die."

"Break their limbs, take them to my son's operating room and kneel down. I want my son to see these two bastards after the operation."

Without any extra words, accompanied by Huang Tianqi's angry shout, dozens of black-clothed walls rushed over with a ferocious look, directly surrounding them.

Although his son, Huang Dahua, might be able to be saved because he was sent to the hospital in time, Huang Tianqi's heart was full of endless anger and killing intent.

The other party almost killed his own son.

This was his only child.

If he did not take revenge, the Huang Family would become the laughing stock of Luo City.

"You dare to provoke my Huang's Family. Do you really think that my Huang's Family is easy to deal with?"

Huang Tianqi's expression was cold. In the past few years, Huang's Family had developed rapidly. Not only was it a financial advantage, but it also spent a lot of money to train a group of powerful subordinates.

He did not believe that the two men in front of him could fight against the wall that he had spent a lot of money to cultivate.

"Tiezhu, break his leg."

"Yes."

As Huang Tianqi's shout fell, a burly man, who was more than two meters tall, walked toward Xiao Fei and Xiao Qi step by step with a ferocious look on his face.

"If you dare to hurt young master, I will crush your bones bit by bit and break your legs."

His body was too strong, and his muscles were bulging, which made him look like a moving meat mountain. His whole body was full of expansion power.

Compared to him, Xiao Fei and Xiao Qi were so thin and weak.

There was no comparison at all between the two sides.

"The Iron Pillar can dent a steel plate with one punch. I don't believe that your flesh and blood can be compared with the steel plate." Huang

Tianqi sneered.

The Iron Pillar was born with Divine Power. In addition, he spent a lot of money on training, so it was the trump card of the Huang Family.

He had never seen anyone survive a punch from the Iron Pillar.

By asking Tiezhu to help, he had already overestimated the two men.

"Thump! Thump!"

With the sound of the iron pillar stepping on the ground, it seemed that even the ground trembled a little.

In front of him, Xiao Fei and Xiao Qi looked calm, and even Xiao Qi showed a trace of sarcasm on his face. "Ignorant guy..."

"Go to hell."

Tiezhu rushed over with a loud roar and punched towards Xiaoqi.

Wherever his fist passed, the air burst, making the other walls of the Huang Family excited. "Brother Tiezhu is mighty."

"Even a cow will be beaten to death with this punch, let alone these two thin guys."

"Some time later, there must be flesh, blood, and bones flying all over the place..."

The difference between the two could be easily seen without any comparison. It was

obvious that Xiao Qi was dead.

"You don't have to be merciful. Kill him with one punch, as long as you leave the other one alive." Huang Tianqi shouted directly.

Although everyone was very excited, in fact, it was only a moment.

The punch was coming at him quickly.

Xiao Qi's face was cold. He didn't raise his hand until the fist was in front of him. As if he was picking up something lightly, he gently grabbed it...

boom! boom! boom! boom! boom! boom!

The next moment, he caught hold of the huge fist.

"How dare you grab my fist with your hand? I'll break you into pieces... No... How, how could it be..."

Iron Pillar had a ferocious smile on his face, as if he had seen his opponent's hand was badly mutilated.

However, his smile immediately froze, revealing a shocked and incredible expression. Immediately, it turned into horror...

"No..."

"Crack..."

The sound of bones breaking rang out. It was not Xiao Qi, but Iron Pillar's fist.

"How is this possible?"

Huang Tianqi's smile froze. Xiao Qi smiled contemptuously. "You're a good-for-nothing. I can kill countless people with one punch."

Then, he kicked the Iron Pillar away, and the Iron Pillar fell to the ground, unable to stand up again.

"How is this possible?"

Huang Tianqi's face changed greatly. While he was exclaiming, he did not forget to shout, "Let's go together and kill them all."

Although the group of walls were shocked, after receiving the boss's order, they did not hesitate. Instead, they rushed toward Xiao Qi and Xiao Fei.

"You're courting death again."

Xiao Qi shook his head and suddenly jumped out.

His body was still thin and weak, and one of the dozens of walls was stronger than him. However, when the two sides really fought against each other, the result turned Huang Tianqi's face from shock to despair.

"This, this is impossible..."

His pupils dilated, his eyes widened, and he looked at the arena incredulously.

Hey! Hey! Hey! Hey! Hey! Hey!

Xiao Qi rushed past them, and each of them did not hesitate. In a short period of time, the dozens of walls that had been cultivated at a great cost all fell to the ground. No one knew whether they were dead or alive.

None of the dozens of people could touch the corner of Xiao Qi's clothes!

"Hiss..."

Huang Tianqi stood still on the spot, and his body began to tremble at this moment.

Originally, he didn't have to intercept them in person, but in order to vent the anger and killing intent in his heart, he chose to lead the team personally.

He thought that he could easily break the four limbs of the two men and catch them when he was confident of victory.

Who would have thought that the result would be completely different from what he had imagined.

Xiao Qi walked over with disdain on his face. "Do you think dozens of people can deal with us with empty hands?"

"Ignorant guys, even if there are ten times or a hundred times more people, I'm not afraid."

The Huang Family in Luo City was well-known in the East Cold, but in the eyes of Xiao Qi, it was

really nothing.

If it was in front of him, he would not even have the right to fight, let alone the Dragon King, who was invincible all over the world, standing beside him!

"Who... who are you?" Huang Tianqi's body trembled. Until now, he remembered how shocked Master Chen was when he faced Xiao Qi!

"It seems that I have really provoked a very powerful person."

At this time, Xiao Fei stepped forward. His eyes were deep, and he whispered to himself, "If I send you to hell like this, it will be too good for you."

The voice was so low that even Huang Tianqi could not hear it clearly.

However, when Xiao Fei came over, Huang Tianqi's horrified eyes instantly turned ferocious. He suddenly took out a pistol and shouted angrily, "Go to hell..."

"What can you do no matter how powerful you are? Can you be faster than a gun?"

His eyes were full of madness and his face was ferocious. It seemed that he had seen the two people in front of him lying in a pool of blood and screaming.

resolutely and decisively, he shot.

“.....”

The expected gunshot did not sound. Instead, his eyes flashed, and his pistol disappeared in his hand.

"Clap!"

Then, he slapped Huang Qiankun hard. With a crisp sound accompanied by a strong force, Huang Qiankun was sent flying and fell to the ground. Blood spilled from the corner of his mouth, and his face was full of disbelief.

"You... you, how could it be possible?"

His eyes were full of the light that he could not believe even if he died.

In less than one second, or even 1.5 seconds, he could shoot down the two people in front of him.

However, Xiao Qi, who was just a few meters away, appeared in front of him in less than a second and took his gun away easily!

If he hadn't witnessed it with his own eyes, he absolutely couldn't believe that all of this would be true.

With a pistol in hand, Xiao Qi stood in front of Huang Tianqi with a faint smile on his face. He smiled gently and said, "I won't play with it when I'm eight years old."

After a casual shake, it turned into countless

parts and scattered down.

"Ding-dong..."

The crisp sound of a small part falling on the ground sounded like the sound of death. Huang Tianqi's face was pale, and his eyes were full of disbelief.

Then, Xiao Qi turned to look at Xiao Fei with respect. "Your Highness, shall we send him on his way?"

Huang Tianqi didn't know what to say.

He was like a knife to himself. He had never thought that one day, death would be so close to him.

His pupils dilated, and the bloodshots in his eyes could be seen clearly. He seemed to be the one who was waiting for the lord's sentence.

And the handsome and detached young master in front of him was the one who decided his life and death.

"Break an arm."

Xiao Fei's tone was indifferent, and he turned back to the car.

"If I kill him like this, won't it be too easy for him?"

"No, don't..."

Huang Tianqi slowly retreated backward. He tried to escape with his hands and feet, but he

was so scared that he could not even stand up. How could he escape?

A mouthful of snow-white teeth appeared on Xiao Qi's face. "Your Highness, you're merciful. You've only destroyed one arm of yours. Won't you thank me for your kindness?"

As soon as he finished speaking, he walked over with a murderous look in his eyes.

"Ah..."

A moment later, the business car set off again, leaving a mess on the ground, and there were screams and screams.

VAMP20 WORK

Chapter 10

"Your Highness, the villa we bought this time is in the villa area of Mount Yun Ding. However, due to the rush of time, we just paid the money and signed the contract first. The rest of the procedures will be completed in the next few days."

The car drove slowly toward the villa area of Mount Yun Ding, a luxury villa in Luo City.

"Cloud Top Manor?"

Xiao Fei's hand hit on the armrest of the car, his right hand gently clasped, and whispered, "Okay, this way, it can be closer to the Xiao family's villa."

The former Xiao family's villa was in the villa area of Mount Yun Ding.

He looked out of the window, and a familiar road appeared in front of him.

Eight years ago, they had walked the same road countless times.

Now, by the time he set foot on this road again, he was already the Monkey of the Cang. The things were still there, but the people were no more the same ones.

The scenery outside the window flew away.

Unconsciously, the car had arrived at the destination and started to vomit.

"Eh?"

However, when the car dug out the parking lot of the villa that Xiao Qi had just bought, he saw a group of fierce-looking people standing at the door. It was obvious that they were not easy to deal with.

"This is the villa you bought?"

Xiao Fei looked at Xiao Qi with a teasing look on his face.

"Ahem, maybe, there was an accident." Xiao Qi touched his head and smiled awkwardly.

He thought that he had paid the money and signed the contract. There should be no accident. Who would have thought that something unexpected happened?

"Let's go out and have a look."

Both of them pushed open the door and walked out at the same time.

At this time, when they saw a car coming, more than a dozen fierce guys who were standing there had already come to them.

"Boss Cheng, you're right, aren't you?"

One of the leaders of these strong men looked at a middle-aged man in a suit, who looked like a successful man.

"That's right. He bought the villa from me by forcing me to sell it by force."

The middle-aged man named Boss Cheng looked at Xiao Qi with a cold look in his eyes. "Big Boss Jin, as long as you help me solve this contract, 500,000 yuan will be immediately presented with both hands."

"There are only two thin little guys. It's easy to do this business."

Big Boss Jin laughed and pulled the thumb-sized golden necklace around his neck. Then, he pulled down his clothes to reveal his chest muscles which were bigger than a woman's.

"Let's go and talk to them about the 'truth'."

Then, more than a dozen strong men sneered and walked toward Xiao Fei and Xiao Qi with Boss Cheng.

"Boss Cheng, the contract has been signed and the money has been given to you. All the transactions have been completed except for the transfer. What are you doing here with these guys?"

Xiao Qi went up and looked at the middle-aged man with a terrible face.

"Kid, don't talk nonsense. I'm going back on my word now. The contract is invalid. Hand over the key to the house."

Boss Cheng didn't say anything. Boss Jin walked up to them casually, looked at Xiao Qi and Xiao Fei, and shouted, "Hurry up. After finishing this deal, I have to go to the next one."

"Yes, yes, you upstarts spent tens of millions of yuan to buy such a villa. Who would have thought that I made money so hard? In the middle of the night, I still have to collect protection money."

At the same time, this guy rolled up his sleeves triumphantly, revealing his high bulging muscles.

It was very big. When ordinary people saw his muscles, they must be very careful.

Xiao Fei didn't say anything from beginning to end. Instead, he looked at Xiao Qi and said, "This is what you said. Has the deal been completed?"

"Ahem..."

Xiao Qi coughed a few times, with a depressed look in his eyes. "Who would have thought that he would be bullied as soon as he returned to China?"

While sighing, he looked at Boss Cheng and said coldly, "Do you want to go back on your words?"

"That's right. At that time, you forced me to sell this house. Now I don't want to sell it anymore. Give it back to me. The contract is

invalid."

Seeing the cold voice of Xiao Qi, Boss Cheng was a little scared. However, when he thought of the group of people standing next to him, he suddenly had courage and looked at Xiao Qi without fear.

"Since you don't want to sell it, you can do it."

Xiao Fei stepped forward and said calmly, "The contract can be invalid, but you have to pay me back the penalty and capital according to the agreement."

He was not aggressive. He just did things according to the contract's plan.

The deal was between the two parties. Since the other party did not agree, then it would be settled according to the contract's default.

As for whether Xiao Qi would insist on buying the other party's villa or not?

It was a joke. Not to mention that Xiaoqi was his subordinate, even the former Xiaoqi was not the kind of person who would force him to sell his hands.

Obviously, all of this was just an excuse that the other party had been looking for.

Xiao Qi looked gloomy and looked at Boss Cheng. "Since His Highness said so, then let's call it a day. The capital and three times the penalty money will be returned to me."

After hearing this, Boss Cheng's eyes were extremely cold, and he snorted, "You forced me to sign the contract of the contract, and now you want me to pay you three times the penalty. You are robbing."

At the same time, he turned to look at Boss Jin. "Boss Jin, one million yuan, as long as they cancel the contract immediately, I will give you one million yuan."

As for the cost of the sale, hehe, as long as the contract was signed, did he still need to give it to the other party?

The final price of this villa was 30 million yuan. In this case, as long as he gave one million yuan to Boss Jin, the rest would be mine.

At the thought that he could earn so much money in such a short time, Boss Cheng felt very excited.

"Okay."

After hearing this, Big Boss Jin's eyes lit up. He laughed and said, "Boss Cheng, I like to cooperate with you guys who are rich and unkind. We can earn money together. Haha."

At the same time, he did not hide his purpose at all. He approached Xiao Fei and Xiao Qi directly. "Two thin monkeys, hand over the contract and tear it up face to face. Then write a fort book. I won't touch you, otherwise..."

As he spoke, he raised his right hand, revealing his bulging muscles.

"The muscles on my arm are thicker than your thighs. If I punch you, your heart and liver will be torn to pieces. Are you scared?"

He was so proud that he thought it was so easy to earn one million dollars.

This thin monkey, who had no power, power, or strength, but was rich, deserved to be played by others.

He did not believe that the other party dared to resist him.

"Ha-ha, Big Boss is awesome."

"Our boss is the most beautiful man on this street."

"Hoo hoo hoo hoo hoo, when the boss comes out, who can compete with..."

Big Boss Jin's followers flattered him from behind desperately.

In the face of these two thin and weak guys, their boss could kill a group of people by himself, let alone the dozens of strong men.

This was a one-sided crushing.

However, they liked to do things that could outclass others.

Boss Cheng also smiled and felt that he had

done a big thing. "It seems that I should often cooperate with Big Boss Jin in the future. We can make money together if we have money. I like it..."

He just needed to go around and sign the contract, and then he could earn more than 20 million yuan. This kind of good thing, how could he find it?

"Alas..."

Seeing that the group of people in front of him were sure to win, Xiao Fei sighed faintly. He stopped Xiao Qi, who was about to fight, and whispered, "I'll give you a chance to leave now, and I can pretend that nothing has happened."
