

Chapter 301

After 3 billion was transferred into his account, Lin Qing immediately devoted himself to his work.

For Lin Qing, it was obvious that he would be busy in the next period of time.

Duane did not bother her any more. He just told her to inform Duane as soon as possible if she encountered any more troubles!

For Duane, what he needed to do now was to patiently wait, wait for the broken capital chain of Ye's Group to go bankrupt, and wait for the effects of Lin Qing's efforts.

...

At five o'clock in the afternoon, Duane drove to the Zhao Group, waiting for Zhao Ling.

"Duane!"

Duane's shoulder was patted.

Duane turned his head and found that it was Zhao Ling.

She wore a white lace dress today, which made her look like a fairy descending from

heaven.

"Duane, will you treat me to a big meal today?" Zhao Ling said with a smile.

"I'm sure it's the delicious food you've never eaten before!" Duane said with a smile.

"I don't believe it. I've been in the capital for 20 years. I've never eaten anything delicious in the capital." Zhao Ling said confidently.

"You'll know when you get there." Duane grinned.

Then, Zhao Lin sat in Duane's Porsche 918.

Duane did not go to the prosperous business circles, but to the shanty town. The houses here were old, the environment was not good, and they were known as civilian caves in the capital.

Most of the residents here lived in poor economic conditions, as well as foreign workers. After all, the rent here was much lower than other places.

He was a scar in the prosperous capital.

Duane drove the car to a parking space on the side of the road and stopped.

"This is the shanty area of the Jindu District? I didn't expect that there is such a place in Jindu." Zhao Ling couldn't help sighing. It seemed that

she had never been to such a place.

After all, as the daughter of the Zhao family, she was born with a golden key, so she always had the best life.

"I used to live in the shanty town of Qing City. I grew up in such a place," Duane said.

"It must be very bitter." Zhao Ling looked at Duane.

"It's good that you've gotten used to it. It's just that you've lived too lowly." Duane shook his head with a smile, and the past came back to his mind.

"Duane, didn't you treat me to a big meal? Why are you here?" Zhao Ling was a little confused.

"Yes, the feast is here." Duane said with a smile.

"Is there any big meal here? Are you kidding me?" Zhao Ling didn't seem to believe it.

"Haha, you'll see later. Come with me."

Duane locked the car while talking, and then walked along the street with Zhao Ling.

Zhao Ling was already beautiful. She was also well dressed and had an air of elegance about her. She walked on the street with a high head-turning rate.

There was even a man in an electric car who was stunned and bumped into the street lamp pole.

Duane took Zhao Ling to a night snack stall and sat down. The business here was very prosperous, and the fragrance could be smelled from far away.

"Duane, is this the big meal you are talking about?" Zhao Ling showed a helpless smile.

"Yes, it's here. Like I said, it must be a big meal you haven't eaten before. You certainly haven't eaten at the midnight snack stall, have you?" Duane said with a smile.

"This..." Zhao Ling looked at the simple, crude and dirty environment, and an awkward look appeared on her face.

It was just because of her relationship with Duane that she did not say it.

"Don't worry, Zhao Ling. There won't be any problems. There are so many people eating here every day," said Zhao Ling with a smile.

"Alright then." Zhao Ling nodded in agreement.

Although Zhao Ling was a little resistant in her heart. After all, she had never had a meal in

such a bad environment, she did not want Duane to be disappointed, so she agreed.

So Zhao Ling followed Duane into the night snack booth.

"Boss, find us a seat." Duane said.

"You two are really suitable to come. There are still the last seats over there. Please take your seats and order the dishes. The menu is on the table." The boss said with a smile.

"Wait for the boss!"

A voice came.

Then, four middle-aged men came over.

"Boss, the last seat, please give us a seat!" One of the bearded men said.

Duane glanced at them and found that they should be in the shanty town according to their clothes.

"Guys, it was we who came first," Duane said.

As soon as Duane finished his words, the four people looked at him one after another.

When they saw Zhao Ling, who was next to Duane, their eyes widened.

"Wow, what a pretty girl!"

However, when they saw Duane's clothes,

they also showed disdain on their faces.

"Boy, you are so awesome that you hook up with such a beautiful girl." The bearded strong man held his arms.

The other three men also stared at Zhao Ling with lust in their eyes.

"That's none of your business. Zhao Ling, let's take a seat." Duane pulled Zhao Ling, ready to go to the last table.

However, the three people next to the bearded man stepped forward and blocked Duane and his companion's way.

At this time, the bearded man took out 500 yuan and put it in front of the boss.

"Boss, this is tip. How about giving us that position?" The bearded man said proudly.

"Of course it won't be a problem!"

The boss nodded with a smile. Of course, he was willing to earn 500 dollars in vain.

Then the boss looked at Duane and Zhao Yuan and said, "Please wait for a moment. There will be seats soon."

"Do you mean to spend money to compete for this table?" Duane couldn't help but smile.

Then, Duane took 10,000 yuan out of his pocket and smashed it in front of the boss.

"Boss, 10,000 yuan, this table belongs to us." Duane said indifferently.

"Good, good, good!"

The store owner's eyes were wide open when he saw 10,000 yuan.

Duane turned his head to look at the bearded man and the other three. He sneered and said, "How can you afford 500 yuan? Aren't you ashamed of it?"

"You... "

When the four bearded men saw Duane take out so much money, the looks on their faces became ugly.

"I bid 10,000 now, but are you going to continue? If you continue to bid, I'll accompany you. If you can't afford it, I'll have to trouble you to get out of here," Duane said calmly.

Upon hearing this, the four people's faces became more and more ugly.

"Brat, you... you just wait and see!"

After the four people finished speaking, they turned and left directly.

After the four people left, Duane and Zhao Ling also sat at the last table.

Before serving the dishes, Duane told Zhao Ling that he wanted the Zhao family to help him suppress the Ye Family.

"Duane, it's such a big thing. I can only say that I will try my best to help grandpa, but I don't know whether he will agree or not. Moreover... I threatened him with suicide the last time. If he wants to use it again this time, it won't work." Zhao Ling said.

"You just need to take me to see Chairman Zhao. As for this matter, I will tell Chairman Zhao face to face. As long as you can help me say a few words, I will be very grateful to you." Duane said.

The last time Zhao Ling helped Duane so much, why did Duane have the nerve to ask Zhao Ling to help him too much?

Zhao Ling nodded and said, "No problem. Send me home after the meal. Then you can come to my house and have a rest, and you can see my grandfather naturally."

At this time, the owner personally served the dishes.

"You two, our stall is the best-flavored one

around here. You two have a taste of my cooking." The boss said with a smile.

After all, Duane just gave him a small fee of 10,000 yuan, and the boss naturally took it seriously.

"Zhao Ling, have a taste." Duane said with a smile.

Zhao Ling nodded and ate a chopstick.

"How is it? Is it delicious?" Duane looked at Zhao Ling.

It was Duane's bold idea to bring Zhao Ling here. Duane thought that Zhao Ling had always been a rich young lady and was tired of eating a big meal.

"What should I treat her for dinner?" Duane changed his mind and came to treat her to a late-night stall.

However, Duane was not sure whether Zhao Ling liked it or not.

"It's delicious!"

Zhao Ling's face was full of surprise. "Although there is no shape of the plate and the appearance of this dish is not good, I didn't expect it to be so delicious!"

After Zhao Ling finished speaking, she quickly

picked up the chopsticks and started to eat.

"Ha ha."

Duane laughed and was completely relieved.

This meal lasted for an entire hour. Zhao Ling had eaten a lot, which was enough to show how much she liked it.

After paying the bill, Duane was ready to send Zhao Ling home. At the same time, he could see Zhao Ling's grandfather and talk to him face to face about how to jointly suppress the Ye Family.

The two chatted as they walked towards the parking lot.

"Duane, you opened a new door for me today, which made me realize that I have new delicacies. I am so happy today." Zhao Ling said with a smile.

"Haha, I was afraid that you didn't like it before I came." Duane laughed.

As they spoke, the two of them walked into a remote alley.

Four dark shadows suddenly sprang up in front of him.

Duane fixed his eyes on them and found that they were the four people who wanted to grab his table.

Chapter 302

Duane!"

Zhao Ling was so scared that she grabbed Duane's arm and showed a look of fear on her face.

"Don't worry about Zhao Ling. I'm here." Duane gently patted his hand.

"Brat, I have just said that you can just wait and see. Now is the time to settle scores with you." The bearded man, who was the leader, proudly said.

The other several strong men were also rubbing their kagaya palms.

"Want to use force?" Duane showed a smile.

"Kid, I'm not afraid to tell you that I can't count the people who beat me with one hand. My punching skill is very famous in this generation!" The bearded strong man said proudly.

The bearded man said as he put on a show in front of Duane.

"Heh! Hah!"

The bearded man punched in Duane's face

and came to Duane at the same time.

In the twinkling of an eye, he came to Duane.

"Bloke, take this one punch of mine!"

The bearded man said as he punched at Duane.

"Don't move!"

As Duane shouted, he instantly took out his pistol and aimed it at the head of the bearded man.

When the bearded man saw the pistol in Duane's hand, his fist instantly stopped in the air, and his whole body was stiff.

"A spear! A spear!"

"This kid has a gun! Run! Run!"

When the three people behind the bearded man saw that Duane had a gun, they immediately ran away.

Peng!

"Don't move!"

Duane fired a shot in the air.

The three big men who were ready to run stopped instantly and did not dare to run again.

When the bearded man and the other three

heard the gunshot, they were so scared that their legs were trembling and they were going to wet their pants.

"Big beardy, didn't you say that your fist is powerful and that you were even able to fight in front of me? Unfortunately, the spear in my hand is specialized in handling all kinds of fancy moves." Duane stared at the bearded strong man and said with a sneer.

"Sir, I... I'm wrong! Can't I kneel down and beg you for mercy? Don't... don't shoot!"

The bearded strong man was kneeling on the ground as he spoke. His forehead was full of sweat, his face was extremely pale, and his voice was trembling. It could be seen how much fear he had in his heart.

The other three men also quickly knelt down on the ground and begged for mercy.

Duane glanced at them and said in a cold voice, "Slapping your own face. If someone doesn't do his best, we will shoot him!"

"Yes, yes, yes!"

The three people were so scared that they nodded again and again. Then they tried their best to slap themselves on the face, making a slapping sound.

Duane glanced at the three of them and said, "Zhao Ling, let's go!"

When he walked out of the alley, Duane heard the sound of the four people slapping him in the face.

After exiting the alley.

"It was so close. I was scared to death just now. If Duane didn't have a gun, the consequences would be unimaginable." Zhao Ling seemed to have a lingering fear.

"If you come back to this place again in the future, you must bring bodyguards. You are so beautiful, so as not to be targeted by others." Duane warned.

"Duane, are you praising my beauty? Hahahaha!" Zhao Ling covered her mouth and laughed.

...

After getting on the car.

"Duane, you were so handsome when you took the gun just now!" Zhao Ling looked at Duane with a smile.

"Uh..." Duane was a little embarrassed and didn't know what to say.

Because Duane felt that Zhao Ling seemed to

have something in her words.

Duane quickly started the car and drove to Zhao Ling's home.

On the way, Duane asked Zhao Ling why Master Zhao did not retire and handed over the position of chairman of the Zhao Family to Zhao Ling's father to take charge of the company.

"After all, at the age of Elder Zhao, it's really time for him to retire."

Like the Ye Family's Old Master Ye, he had long lived his retirement life.

Duane's grandfather would have retired if it weren't for the fact that he hadn't found a suitable successor.

After the interrogation, Duane learned that Zhao Ling's father loved gambling, so her grandfather had always been worried about handing the company to her father.

Half an hour later, Duane drove his car into the rich paparazzi of the Zhao family, and then Zhao Ling led him into her house.

In the living room.

"Grandpa, I'm back!" Zhao Ling walked into the villa happily.

"Hey, it's Duane. You're here too. Please have

a seat!"

Old Master Zhao said with a smile.

Mr. Zhao's attitude towards Duane was completely different from the first time.

The reason was very simple. Last time at the wine party, Old Master Zhao had witnessed Duane's strength, so his attitude toward talents was naturally different.

"Good evening, Chairman Zhao." Duane greeted him with a smile.

"Housekeeper, go and get a bottle of 1982's Lafite. Come and get it for Mr. Lin," Mr. Zhao's son ordered.

"Yes sir!"

After the housekeeper responded, he went to fetch some wine.

"Duane, I've heard the news today. I heard that your Gorgeous tripod enterprise is doing a huge-down event to attack the Ye Family," Old Master Zhao said.

"Yes, I knocked 10 billion yuan on the Ye family before, and the capital chain is nervous. The reason why I, Gorgeous tripod enterprise, hit seven billion yuan like crazy this time is that I want to take advantage of this problem and kill

him to completely destroy the Ye Group," Duane said.

After a pause, Duane quickly said, "Chairman Zhao, I came here today for a purpose, that is, on behalf of Gorgeous tripod enterprise, I come here to talk about cooperation with you, Chairman Zhao."

Since he had said that, Duane naturally had to say it out quickly.

"I think you want my Zhao family to cooperate with you Gorgeous tripod enterprise and defeat the Ye Group together, right?" Old Master Zhao said with a smile.

The old man Zhao was able to set up the Zhao family on his own, so he was naturally a smart person, and he could guess that.

"Yes, I hope that the Zhao family can help us. With the help of our two families, I believe that Ye's Group will not be able to resist this time!" Duane said in a firm tone.

Duane still had some hesitation in his heart, because Duane knew very well that with the wisdom of Master Zhao, he would not easily get involved in this mess.

Because once they failed to destroy the Ye's Group this time, they would definitely become

enemies with the Ye Family.

Moreover, the Zhao Family's background was not as good as Gorgeous tripod enterprise's. Once the Ye Family wanted to retaliate, they would definitely retaliate against the Zhao Family first.

Therefore, the best way to deal with it was to be neutral.

Old Master Zhao said with a smile, "Although it's risky, our Zhao family is willing to ally with Gorgeous tripod enterprise this time and fight against the Ye Family together."

"Chairman Zhao, you... have you agreed?"

Duane looked surprised.

Duane was ready to persuade Master Zhao. Duane didn't expect that Master Zhao would directly agree.

Even if the Zhao family agreed, they would at least take the opportunity to make some demands and take the opportunity to get some benefits from Gorgeous tripod enterprise.

Even Zhao Ling, who was sitting next to them, was very surprised.

Zhao Ling also prepared a stomachful of words to persuade her grandfather to cooperate. She did not expect that her grandfather would

directly agree.

"Yes, I agree. Later, I will call the executives of the group and ask them to come up with a plan overnight. Tomorrow morning, we will also launch a large-scale discount on the competition of Ye's Group!" Elder Master Zhao said.

"Chairman Zhao, may I ask, how much are you going to invest?" Duane asked.

Although Old Master Zhao had promised to deal with Ye's Group, there was a big difference between taking out one hundred million yuan and one hundred million yuan.

"It's fine if I don't play. Since I want to play, I naturally want to play a big game. Since I have decided to deal with the Ye Family, I must destroy him. Otherwise, there will be endless troubles in the future. I am ready to smash... about 4 billion!" Master Zhao said slowly.

"Four billion?" Duane was shocked.

Duane did not expect that Master Zhao was willing to take out so much money.

The Zhao family ranked third in the four families of Jin City, and its financial resources were certainly not comparable to that of Gorgeous tripod enterprise Group and Ye Group.

Moreover, as businessmen, most of the time, when money was invested into the group and continued to operate the business, there would not be too much money left in the company. The cash that could be transferred in a short period of time was limited.

"Master Zhao spent 4 billion yuan in cash at once. He absolutely did his best!"

Gorgeous tripod enterprise's investment was seven billion yuan, and the Zhao Family's investment was four billion yuan, which was a total of 11 billion yuan!

Both Zhao Family and Gorgeous tripod enterprise tried their best, and now the Ye Family was short of funds. Duane believed that Ye's Group would definitely not be able to resist this storm!

Duane was confident that the Ye's Group would definitely be defeated this time!

"Chairman Zhao, thank you!"

Duane stood up and bowed deeply to Master Zhao.

Zhao Group's participation was really too important.

If Duane had been seventy percent sure

before, then now Duane was ninety-nine percent sure.

As for the remaining 'one million', it was because everything couldn't be too absolute.

"Duane, I'm willing to ally with you Gorgeous tripod enterprise, one of the reasons is that I don't like the Ye family."

"Second, I admire you very much," said Grandfather Zhao. "I think you'll be able to accomplish great things this time. I think that in the future, you'll be able to achieve great things. In fact, you might even be able to become famous throughout Hua Country."

After a pause, Old Master Zhao continued with a smile, "Duane, I'm in the same generation as your grandfather, and I'm also your elder. If you don't mind, call me grandpa Zhao. Don't call me Chairman Zhao."

"Of course no problem, Grandfather Zhao." Duane grinned.

At this time, the housekeeper had brought the wine and poured for Duane and Old Master Zhao.

"Come to Duane, let's toast. We wish you a happy cooperation and win!" Old Master Zhao raised his wine glass.

Duane smiled and picked up the cup.

"Me too!"

Zhao Ling also raised her glass.

Then the three clinked their glasses and had a drink together.

Chapter 303

Just as Duane was negotiating with Mr. Zhao, at the Zhou's villa on the other side.

Among the four great clans of the Golden Capital, the Zhou family was ranked number four.

As for the relationship between the Zhou family and the Ye family, it was also very special.

The Zhou family didn't have a particularly strong background, so they had been relying on the Ye family to support them all the time.

Naturally, the Ye Family did not support him for nothing.

Every year, the Ye Family would take enough benefits from the Zhou Family. There were also dirty things that couldn't be done on the table, so the Zhou Family asked them to do it on behalf of the Ye Family.

In the living room of the villa.

"Ye Family Head, what is your visit in the middle of the night?" The Zhou Clan's Patriarch's face was full of flattering smiles.

"Do you know that Gorgeous tripod enterprise belittled the super capital to suppress me?" Ye

Guangde asked with a serious face.

"Well... I've heard about it." The head of the Zhou family nodded.

"Then I'll get straight to the point. The Ye family is in urgent need of a large sum of money to get through the difficulties. I hope the head of the Zhou family will support me by 5 billion yuan." Ye Guangde leaned against the sofa.

"Fifty... five billion?" The head of the Zhou family was shocked.

"Lord Ye, don't be kidding. I do business with underground forces. Although it looks good on the surface, I actually need to raise a lot of brothers. It costs a lot."

"Moreover, the Zhou family has to provide tribute to you every year, so they can't make much money in a year. Five billion yuan is my life, and I can't afford that much money." The Master of the Zhou family said urgently.

"Humph, don't laugh at me. You make a lot of money by doing some shady business these years? Don't think I don't know!" Ye Guangde snorted coldly.

After a pause, Ye Guangde continued, "Moreover, your Zhou family is protected by the Ye family. If the Ye family can't overcome the

difficulties, your family will be finished in the future!"

"Lord Ye, of course I understand this, but I really don't have that much money. Even if I have to risk my life, I can only pay you one billion in cash at most." The head of the Zhou family said.

Ye Guangde narrowed his eyes and stood up. Then, he took out a pistol and pointed it at the head of the Zhou family.

"Now that you can't take it out, what's the use of raising your dog? I'll kill you now!"

Ye Guangde said as he reloaded his gun.

"Don't, don't, don't, Ye Family Head, don't be so excited!"

The face of the head of the Zhou family changed drastically in fright.

"Then tell me, can you take it out?" Ye Guangde asked coldly.

"4 billion. 4 billion is really my limit! If you don't believe me, you can go to the bank to check," said the head of the Zhou family.

"4 billion. Show them to my account within two days!"

Ye Guangde put away his gun as soon as he finished speaking.

"Yes, yes!" The Family Head Zhou could only nod his head.

The Zhou family's Patriarch was also very angry. He had a gun by his waist, so he wished he could take out a gun now and shoot Ye Guangde to death with one strike.

But he knew that he couldn't do this. Once he shot Ye Guangde, with the background of the old master of the Ye Family, not only would the Zhou Family be dead immediately, but he would also die without a burial place.

Moreover, as long as he wanted to continue to work in the capital, he had to rely on the Ye Family as his backer. It was all because he did not have a strong backer.

After a pause, the master of the Zhou family continued, "Lord of Ye Family, I'm afraid that even with this 4 billion yuan, I'm afraid that it can't be completely resolved. The Ye Family is in danger."

"Don't worry, as long as the 4 billion yuan is enough to hold on for a while. Let me lay the bottom line for you. Our Ye Family is about to unite with the Murong Family. As long as the marriage is successful, it will be the time when the Gorgeous tripod enterprise will be destroyed." Ye Guangde showed a cold smile.

"Murong Family? It's... it's the Hidden Family's Murong Family?" The Patriarch of the Zhou Family was shocked.

"That's right." Ye Guangde nodded with a smile.

"Hiss... I didn't expect that the Ye Family could unite with the Murong Family through marriage. If the marriage is successful, Gorgeous tripod enterprise will be really finished!" The Master of the Zhou Family took a cold breath.

The Master of the Zhou family knew very well how terrifying the Murong Family's style was!

"Let's wait and see. With the support of the Murong Family, our Ye Family will soon become the super dominator of Jindu."

After Ye Guangde finished speaking, he stood up and left with a smile.

...

Early the next morning, the Zhao family announced that all the industries competed with the Ye family would be largely reduced.

As soon as the news came out, the whole Golden Capital business world was in an uproar.

Everyone knew that the Zhao Family was declaring war on the Ye Family!

Gorgeous tripod enterprise just declared war on the Ye Family yesterday, and the Zhao Family actually followed him today. Was this the alliance between Gorgeous tripod enterprise and the Zhao Family?

The big bosses in the Jindu encrypt were all amazed. They didn't expect that the Zhao family would get involved in this matter.

Because of the big discount, the customers of the Ye Family were immediately attracted.

The Ye's Group had originally been in a desperate situation, but now it suddenly became even more furious!

In the manor of the Ye family.

Peng!

"Dammit! Dammit! Dammit Zhao Clan!"

After Ye Guangde got the news that the Zhao family had fallen into the trap, he threw the cup on the ground in anger to vent his anger.

It wasn't easy for Ye Guangde to get 4 billion from the Zhou family. He was barely able to deal with Gorgeous tripod enterprise's attack.

As a result, once the Zhao family intervened, the situation would certainly be different. His four billion yuan was not enough to burn!

The intervention of the Zhao family disrupted Ye Guangde's plan again.

Then Ye Guangde took out his phone and wanted to call the old master of the Zhao family.

However, after hanging up several times, he knew that Old Master Zhao was determined not to consult with him at all!

"Damned Zhao Laolao, you dare to go against the Ye Family, just wait and see! I will let your Zhao Family be destroyed together!!!" Ye Guangde roared angrily.

...

Time passed. In the blink of an eye, a week had gone by.

During this week, under the joint attack of Zhao's Group and Gorgeous tripod enterprise's Group, the Ye Family had an extremely difficult time.

Duane's grandfather also rushed to find men. At that time, the capital chain of Ye's Group was broken and the news that it was going to close down spread all over the place.

In the face of all kinds of public opinion, the stock price of the Ye Group also dropped.

The loan of the Ye family in the bank should

have been loaned off for a while, but after hearing the public opinion that the Ye Group was about to close, banks began to urge the Ye family to loan them in advance.

But at this time, how could the Ye Family take out the money and lend it to the Ye Family?

The urge from the bank made the Ye Family even worse.

In order to further increase the success of the war, Duane invested another 1.3 billion yuan and further enhanced the crackdown on the Ye Family.

Judging from the current situation, the Ye's Group was like duckweed in the rain. They would not live for long!

As for her cousin, she gradually began to promote it this week.

Because they would talk about advertisements, film movies, and offline promotion, they all needed a certain amount of time to talk about it and do it.

Therefore, during this week, the main task was to come to an agreement on the cooperation of these advertising, and to finalize the plans of the advertising and other early preparations.

It was estimated that in about a week, the

less unlikely advertising campaign would suddenly sweep across the whole country, making everyone familiar with it!

The development of the Xudong Security Company, which had been developed by Poisonous Teeth and Iron Leg, was also steadily developing and constantly recruiting people to expand.

As for Qing City, Duane's gold mine factory was also under construction.

For Duane, everything was developing in a flourishing way.

In addition, during this period of time, Duane had also made a live fishing live broadcast. The popularity of Sally's broadcast room was now very high.

However, Sally wasn't an anchor after all. She would only occasionally go up to the Battle of the Fish.

For Duane, although he couldn't see Sally in person, he could occasionally go up to fish and take a look at Sally, which could be considered not bad.

...

Gorgeous tripod enterprise Group, in

Grandpa's office.

"According to the current situation of Ye's Group, it will be declared bankruptcy in three or five days at most." Zehi was full of smiles.

"Grandpa, when the Ye's Group goes bankrupt, I can also kill Bradley, right?" Duane said.

Because of the hatred between Duane and Bradley, Duane would not be able to vent his anger if he did not kill him.

"That won't do. The bankruptcy and bankruptcy of the Ye Corporation doesn't mean that the Ye Family will collapse. Bradley is also a lieutenant commander, and his identity as the old man of the Ye Family is there." Grandpa shook his head and said.

Grandpa continued to say, "So, we can only defeat him financially and let them become poor, but we can't kill him."

Duane suddenly understood and nodded. Duane understood his grandfather's words.

Gorgeous tripod enterprise had used economic means to destroy Ye's Group, which was legal and legal. Even if the old man of the Ye Family had an identity and background, he could not find an excuse.

Besides, his grandpa, Zehi, also had a powerful background and he was not easy to deal with.

However, the nature of the person who wanted to kill Bradley was different.

"Haha, as long as I can destroy the Ye Group in my lifetime, I'll be content," said his grandfather with a smile.

His grandfather had fought with the Ye's Group for many years. He had nothing to worry about as long as there was a result.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 304

"It's not bad to let the Ye's Group go bankrupt."
Duane also nodded.

Although it was a little pity that he couldn't kill Bradley, Duane was quite satisfied that he could destroy Ye's Group.

"Duane, I will retire after the Ye's Group collapses. At that time, you can take the position of chairman of Gorgeous tripod enterprise," said her grandfather.

"Chairman? Grandpa, I'm still inexperienced. You'd better wait for a while."

Duane looked a little surprised. He didn't expect that his grandfather was so fast that he was ready to give up the chairman's position to him.

"Duane, don't be modest. You have the ability and qualifications. Besides, you contributed the most to the deal with the Ye Group this time. Most of the money was paid by you, and the cooperation of the Zhao family was also discussed by you." Grandpa said with a smile.

After a pause, Grandpa continued, "And, I am

more than 70 years old now. I am tired of the business. I want to retire and enjoy the company. I want to travel around the world."

"That's right. Grandpa, you've been tired for your entire life. It's time for you to enjoy yourself." Duane smiled and nodded.

It was indeed inappropriate for her to work so hard at her grandfather's age.

"Duane, recently in Jindu University, he wants to talk to us about a public program. He wants us to donate money to Jindu University and build a new library. You go to Jindu University and discuss with their headmaster." Grandpa said.

"No problem!" Duane nodded.

At this time, grandfather's cell phone suddenly rang.

"Hello?" Grandpa picked up the phone.

"What did you say?" Hearing the words on the phone, grandpa's face suddenly changed.

After hanging up the phone.

"Grandpa, what's wrong?" Duane asked in a hurry.

It was rare for Duane to see his grandfather's face change so drastically.

"It's Old the Wu family sudden heart attack."
Grandpa's expression was solemn.

Old Wu was the biggest backer of his grandfather and Gorgeous tripod enterprise Group.

"What? Old Wu suddenly had a heart attack? How about Old the Wu family current situation?" Duane hurriedly asked.

Duane knew very well that if something bad happened to Old Wu, then Gorgeous tripod enterprise would lose his big backer, Old Wu. Without the support of the River Protector, the situation might be reversed.

"I don't know. We're in the hospital for emergency treatment now. Let's hurry there." Grandpa said.

So Duane followed his grandfather all the way to Ren Ai hospital.

When Duane and his grandfather arrived at the hospital, Old Wu had been fully rescued and was in the ICU ward.

In the ward.

Old Wu was lying on his sickbed. His face was pale and devoid of color. He looked sick.

After all, at Old the Wu family age, he might

die at any time in his declining years.

"Old Wu, are you all right?" Grandpa asked with concern.

"I'm fine and won't die." Old Wu replied, but his voice was a little weak.

"Chairman Liu, the patient is in a bad condition now. I suggest that he rest and don't talk to him," the doctor said.

"Okay, let's go out first. Wu, you take a rest first."

After his grandfather finished speaking, he took Duane out of the ward.

Outside the ward.

"Duane, you can go and do your own business first. I'll stay here to accompany Old Wu." Grandpa said.

Duane nodded and agreed. Then he left the hospital to go to the University of Jindu.

At the entrance of the university.

Because Duane did not call the principal, the principal did not come to the school gate to pick up Duane.

Duane's car was stopped at the door.

"The university has a rule that foreign cars are

not allowed to enter without a pass. I'm sorry, sir. We also follow the rules." The security guard said politely.

"It doesn't matter, then I will stop outside," Duane said.

Duane was not a person who was unreasonable. The security guard was also a person at the bottom of society. He just did his duty and his attitude was very good. Duane did not need to embarrass him.

Then, Duane walked into the University of Jin Ling.

It was also fun to walk, which was to enjoy the scenery along the way slowly.

"Jindu University is much better than Qingyang University in terms of both environment and atmosphere." Duane sighed.

As the top university in Xichuan Province, Jindu University was large in scale. Naturally, there were a lot of students, two or three times as large as Qingyang University.

They came and went, and some beautiful women came and went.

On the campus road, Duane saw a sanitation worker pushing a fully loaded model toward a

slope.

When Duane saw this scene, he did not think about it at all. He ran straight up and helped the sanitation worker to push the model up.

Although the expeler was filled with trash and it was smelly, Duane did not dislike it at all.

Because Duane's mother used to be a sanitation worker, Duane knew the hardships of his mother, so he knew the hardships of the sanitation worker.

"Don't give it a break!"

Duane tried his best to push the Marrow-Cleansing Vehicle onto the slope. His face turned red because of the strong push, but it seemed that he still needed some effort.

At this moment, a skinny male student rushed over and pushed the sanitation car together.

Thanks to Duane and the skinny boy's combined efforts, the model was pushed across the slope slowly.

"Thank you so much, my two friends. My ambulance ran out of battery, so I have to push it. If it weren't for your help, I wouldn't have been able to push it up." The sanitation worker thanked them repeatedly.

Duane took a look at the sanitation worker. Her skin was dark and her hands were as rough as the bark of an old tree. She looked exactly the same as her mother.

"It's all right. It's just a small matter." Duane said with a smile.

"Yes, it's just a piece of cake." The skinny boy said with a smile.

After the sanitation workers left.

"This student, thank you for your help just now." Duane turned to the skinny boy and said.

There were at least more than 30 students who had just passed by, but only the skinny boy chose to help.

Many people thought that the garbage vehicle was too dirty and didn't want to help.

If it had not been for the help of the skinny boy, Duane alone would not have been able to carry the ambulance to the hospital.

"Buddy, you are too polite. We are all helping you, so you don't need to thank me." The skinny boy said.

"Haha, that's right." Duane laughed.

Duane looked at the skinny boy from head to toe. He was dressed very simply, and his clothes

were washed off. There was even a hole in his clothes.

Nowadays, very few young people would wear tattered clothes out.

It was enough to see that this skinny boy should be a poor student from a poor family. His family should be very poor.

"Buddy, I still have something to do, so I have to go now." The skinny boy said.

After saying goodbye to this student, Duane continued to walk to the principal's office.

Outside the principal's office.

"This student, this is the principal's office. Don't come here if you're not available. What's up?" A uniformed female secretary looked at Duane.

"You're the president's secretary, aren't you? I'm the vice president of Gorgeous tripod enterprise Group, Duane. I'm here to talk to you." Duane said calmly.

"What? You say that you are the vice president of Gorgeous tripod enterprise? Classmate, you are very bold. You are a pig with a nose like a pig's nose, and you come here to pretend." The female secretary sneered.

Looking at Duane's appearance, he looked like a poor student, who was not like a vice president at all. She thought that Duane was a school student.

And in her opinion, even if the vice president of Gorgeous tripod enterprise was coming, such a person must have informed the president in advance and let the president greet him personally at the school gate. How could he come here alone?

Duane frowned and said, "I'm not kidding you. My time is precious. Inform your headmaster quickly."

"Classmate, I'll tell you too. If you continue messing around here, I'll have to inform the security department of the university. At that time, you'll have to remember the punishments and get lost if you know what's good for you!" the female secretary said with a straight face.

"You want me to get lost? I'm afraid you're not qualified." Duane squinted and said.

She didn't know Duane, so Duane could understand her. But when she shouted and even let Duane roll away, Duane couldn't understand her words.

Duane hated this kind of people who used

chicken feathers as arrows.

Then, Duane took out a document and threw it in front of her.

"Open your dog eyes. This is the document your university sent to me, Gorgeous tripod enterprise. There is also an official seal on it." Duane said coldly.

Duane just showed his watch when he dropped the file.

"The e- mei flight series of O- meid 18:00 series!"

The secretary's face suddenly changed when she saw Duane's watch.

She had some research on luxury watches. She knew that the watch in Duane's hand was enough to buy a luxury sports car!

She picked up the file and saw that it was indeed the document that their school sent to Gorgeous tripod enterprise.

Chapter 305

Then, she quickly stood up and repeatedly said, "President... Chairman Lin, I'm really sorry. I failed to recognize you. Please forgive me!"

"Now, can you take me to see your headmaster?" Duane asked coldly.

"Yes! Yes!" The secretary nodded repeatedly.

Led by the secretary, Duane entered the president's office.

It was a short and fat middle-aged man with glasses who was sitting in the office. He should be the headmaster of the University of Jindu.

"Principal Chuan, this is the vice president of Gorgeous tripod enterprise Group, Mr. Duane," the secretary said.

"You are the grandson of Zehi, the chairman of the board. Mr. Duane, I have heard someone mention you before. Please take a seat!" The headmaster quickly got up and greeted with a big smile.

Then, the principal personally poured tea for Duane.

"Here's the thing, Mr. Lin. Our school's library

was built in the 80s of the last century. The school is expanding now. The old library is not enough for it, so we are preparing to build a new modern library. It is estimated to have 170 million yuan, but the school still needs 100 million yuan. We want you to sponsor it." The headmaster said with a smile.

"One hundred million yuan is not a problem for us, but what's the benefit for us?" Duane asked.

"First, the library is named after the Gorgeous tripod enterprise Library. It is called the Gorgeous tripod enterprise Library."

"Second, Mr. Lin will be awarded the honorary professor title of the University of Jin Ling."

"Third, we can give it to Gorgeous tripod enterprise. We should make it possible for a graduate. After all, there is a shortage of talents in this society."

The principal said three words in one breath.

"Well, that's settled then. After the contract is signed, 100 million will be transferred to our account within a week," Duane said calmly.

"Did Mr. Lin agree?" The headmaster was surprised and delighted. He didn't expect Duane to agree so readily.

"One hundred million yuan is not a big deal." Duane said indifferently.

At three o'clock, Duane thought it was good. After all, Jindu University was the best university in Xichuan. It could send talents to Gorgeous tripod enterprise.

"Haha, Mr. Lin is really generous!" The principal gave a thumbs-up.

Immediately, the principal ordered the secretary to hand over the contract, and then Duane and the principal would sign the contract.

After signing the contract, the principal originally wanted to send Duane, but Duane refused. Duane didn't like that kind of thing.

After coming out of the president's office, Duane walked out of the school.

Outside the school.

When Duane went out of the school gate, he found that there were a lot of people in front of him.

"Hm hm?"

With an attitude of watching a show, Duane went over to see that several young men were beating others.

Duane saw that the person who had been

beaten was the skinny classmate who had pushed the Doggie together with Duane.

Although there were some students around watching, no one meddled in other people's business.

"Stop it!"

Duane immediately shouted.

The thing that he pushed the ambulance before made Duane have a good impression of this skinny classmate. Although Duane didn't know why he was beaten, Duane would definitely not stand by.

After the young men heard Duane's rebuke, they stopped and looked at Duane.

Duane went straight to the thin student and helped him up.

"Are you all right?" Duane asked while helping him up.

Duane found that his face was black and blue. Obviously, the other party had hit him hard.

"It's you!" The skinny man also recognized Duane.

The leader of the group was a man with Mohican hair and earrings.

"Kid, you want to poke your nose into other people's business." The ear stud man looked at Duane with a smile.

The people behind him were also staring at Duane arrogantly.

"You are students of Jindu University, aren't you? You beat people publicly at the school gate. How dare you!" Duane sneered.

"Yes, I'm so bold. I'm the king of the Capital University. Who doesn't know!" The ear-studs guy said proudly.

"I didn't expect Jindu University, such an important university, to have trash like you." Duane shook his head and said.

"I'm not afraid to tell you that I came here with my own money. You tried so hard to get into the school, but I can play it. You don't want to accept it? If you don't want to accept it, you can hold it in!" The ear stud man said proudly.

Immediately, the earring man looked up and down at Duane. At the same time, he sneered and said, "Boy, you are also a poor student, aren't you? How dare you to meddle in other people's business? I have to admire your courage. Get out of here if you know what's good for you. Otherwise, I will beat you too."

The thin and skinny student also quickly said to Duane, "Student, I appreciate your kindness. You should leave now. You can't afford to offend him."

The thin and skinny student saw Duane's appearance and knew that Duane should be similar to him. They were all poor students, and he naturally did not want to involve Duane in this matter.

Duane said with a smile, "Don't worry. I don't take people like him seriously. As long as I say a word, he will be expelled from the university."

"What? You fired me with just one word? Haha!"

The earring man and several people behind him all laughed.

The students around the crowd also began to talk about it.

"Where did this kid come from? How dare he say such big words?"

"He looks like his family is also very poor. I really admire his courage to poke his nose into this kind of business, but the consequences are..."

...

In the field.

"Boy, I'm curious to know what you're capable of forcing me to be expelled from the University of Golden Capital," said the man with ear studs, his face full of pride as he held onto the gang member.

"Okay, let your headmaster deal with it." Duane narrowed his eyes and said.

Duane didn't want to talk nonsense with such a person.

Then, Duane took out his phone and called the president of the University of Jin Ling.

"Hey, headmaster, I have students from your school looking for trouble at the school gate. I'll see you in five minutes." Duane said coldly.

After Duane hung up the phone.

"Hey, this guy really pretended to call the principal, and he even pretended to be good-looking. Haha."

The men behind the ear studs burst into laughter.

The earring man also laughed and said, "Boy, you're really good at pretending. You even ordered the president to come here in five minutes? Do you think I'm a fool? You can scare me by pretending to make a phone call?"

"Believe it or not, it's up to you. We'll see in five minutes." Duane spread his hands with a sneer.

"Well, I'll just wait for five minutes. If you, a poor boy, can call the president, I will write my fu*king name upside down!" The earnail man held his arm and said.

The students around were also whispering. It could be imagined that the content of the discussion was basically said that this boy was so good at bragging.

The thin and thin student who was saved by Duane also said eagerly to Duane, "Classmate, before they start to fight, you'd better leave quickly. You are a good person, and I really don't want to drag you down!"

The thin and thin student also didn't believe that Duane could call the headmaster.

"You are also a good person, so you should not be bullied. Don't worry, I will handle it." Duane said.

"In this society, good people can only be bullied." The skinny boy shook his head, and his tone was full of helplessness.

"Get out of here, all of you!"

A reproach was heard all of a sudden.

Everyone turned their heads and saw a short and fat middle-aged man with more than a dozen security guards from the school security department. They would not come over soon.

Everyone recognized the short and fat middle-aged man. He was the principal of Jindu University.

"I depend on you, headmaster!"

"The headmaster actually came? Is it really the boy who asked him to come?"

The students around were shocked when they saw the principal really showed up.

They made way for him one after another, not daring to stop him at all.

At the sight of the headmaster, the face of the man with ear studs and others also changed.

Under the gaze of all the people, the principal came directly to Duane.

"Mr. Lin." The principal greeted Duane with a flattering smile.

"Creak!"

When the people around saw this scene, they were all stunned.

"The headmaster is so respectful to this person? What kind of identity does this person have?"

Especially the ear studs man and other people, all of their faces changed dramatically.

The ear studs man's eyes were wide and round.

"President, these students beat up my friend publicly at the school gate. If you don't give me an explanation today, not only will the donation of 100 million yuan be gone, but also you and Gorgeous tripod enterprise will become enemies." Duane said coldly.

Hearing this, the principal was shocked.

"Yes, yes, yes. I'll definitely give Master Lin an explanation," the principal said repeatedly.

Then, the principal looked up at the ear studs and the others.

"You guys are too reckless. Do you know who this is? This is the vice president of Gorgeous tripod enterprise Group, and this is Zehi's grandson!" The headmaster shouted.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 306

For all the people present, such an identity was absolutely a very awesome existence. In their eyes, he was the top rich man's third generation!

The thin and skinny student, Ye, covered his mouth with a face full of incredulity. The person who pushed the three-wheeler toilet with him before had such a horrible identity and property?

He was worried that Duane would be implicated because of him.

The earring man and his men were even more panicked. They knew that they had provoked a big shot today.

"Brother, I know I'm wrong. Please let me go!"

The earring man stepped forward to beg Duane in horror. He knew that he, Duane, was such a horrible existence that it was easier to kill him than to kill an ant.

Duane ignored him and turned to the principal and said, "Headmaster, I think they are all moths to the school and should be expelled from the University of Jindu. What do you think?"

"Yes, yes, yes! Master Lin is right." The

principal nodded quickly.

Immediately, the principal turned his head and said to the earring man and others, "I announce that from now on, you will be expelled from the school by the University of Jindu and will not be accepted again!"

The ear studs man and others lowered their heads, and their faces were full of despair.

They knew that their education was ruined. Originally, when they graduated later, they could tell others that they were the top students who graduated from the University of Jindu.

"If I go out now, I can only have a high school education!"

"Chief of Security and Security, quickly take these few people away. We have to go through the discharge formalities," said the principal as he turned his head to face the visitor.

The Head of Security quickly agreed and then took the ear studsman and the others away.

"President, this is my friend. Please take care of him at the university in the future." Duane pointed at the thin student and said.

"No problem. This student, which class are you in? What's your name?" The principal looked

at the thin and thin student with a smile.

"Headmaster, my... my name is Chen Zhe. I'm a senior student in the construction department." The thin and thin student felt a little flattered.

"Okay, I'll keep it in mind. If there is any trouble at school and you need my help in the future, just come to me directly," the principal said.

"Thank you, principal. Thank you, principal." The skinny student quickly thanked him.

For the thin man Chen Zhe, he used to be a little transparent in school. He didn't even have a chance to talk to the department director, let alone talk to the president.

The students around were even more envious. It was a great blessing to be taken care of by the principal.

After everything was done, Duane asked the headmaster to go back, while Duane asked the skinny man Chen Zhe to step aside.

"Brother... Duane, thank you so much just now." The skinny man, Chen Zhe, thanked him repeatedly.

"For me, it's just a small thing. I helped you because I think you are a good person. Why did he beat you?" Duane asked.

"During the university sports meeting a few days ago, I defeated him in a sprint project, which made him very unhappy, so he retaliated against me." Chen Zhe said.

"Is that so? People like him just need to be taught a lesson." Duane sighed with emotion after knowing the reason.

"By the way, I just heard that you are a senior in the construction department. Are you interested in coming to work in Gorgeous tripod enterprise after graduation?" Duane said with a smile.

Duane thought that this person was good. Not to mention his ability, at least he had good character. The reason why he invited him into the Gorgeous tripod enterprise was that he wanted to give him a chance to change his life, and he wanted to help Gorgeous tripod enterprise absorb talents.

"Of course!" Chen Zhe nodded repeatedly.

Gorgeous tripod enterprise's main business was real estate. For students of the construction department, they must want to join the most powerful large group in the province like Gorgeous tripod enterprise.

"Okay, I'll leave my phone to you. Call me when you graduate. I'll help you arrange it," Duane

said.

Then Duane left the phone to Chen Zhe.

At this time, Duane received a call from Zhu Jing, the talented girl.

"Duane, the last time you asked me to investigate the financial manager, Liu Heng, you've already made some progress. Liu Heng often does things in his accounts to pay the payment, and then the escaped part will be taken into his own pocket," Zhu Jing said.

"I see. I will go back to the company now!" Duane said.

After hanging up the phone, a cold smile appeared on the corner of Duane's mouth.

"Liu Heng, it's your turn this time!"

Since Duane arrived at the head office, Liu Heng had been hostile to Duane. This time, it was time to deal with him.

...

In the office of the executive president, Zhu Jing in Gorgeous tripod enterprise Building.

"Duane, this is the evidence that I have sorted out. He has been paying the payment these years. A total of hundreds of millions of yuan, which is enough for him to spend the rest of his life in

prison." Zhu Jing said.

"Very good." Duane nodded with satisfaction.

At this moment, the office door was pushed open and Liu Heng walked in.

Liu Heng glanced at Duane, then turned to Zhu Jing and said, "President, what do you want to see me about?"

"Liu Heng, I'm the one who's looking for you," Duane said as he walked up to Liu Heng.

"President... Chairman Lin, what do you want to see me about?" Liu Heng looked at Duane.

"Liu Heng, ever since I came here, have you always wanted to throw me out of the group and even put me to death?" Duane asked with a smile.

"Chairman Lin, what are you talking about?" Liu Heng laughed dryly.

"It doesn't matter if you don't admit it. I know that you were involved in the things Liu Yuanhai had done," Duane said with a cold smile on his face.

Then, Duane picked up the evidence on the table and handed it to Liu Heng.

"Look at this." Duane said indifferently.

Liu Hengyuan opened it and took a look.

When he saw the things inside, his face suddenly changed. This was the evidence that he had used the public funds.

Liu Heng was even more aware that Duane was going to make trouble for him by showing him this.

"Liu Heng, as the chief financial officer, you took advantage of your position to pay the fake account and put it into your pocket. You are very bold. Do you know how many years you can be sentenced?" Duane said coldly.

"Duane, I'm Chairman Liu's nephew. Do you think that Chairman Liu doesn't know about this? He only opens one eye and closed the other. Chairman Liu doesn't even care. What right do you have to do this!" Liu Heng questioned loudly.

"Why? I'm the vice president of Gorgeous tripod enterprise Group, and I have this right! Chairman Liu doesn't care, I'll take care of it!" Duane said sharply.

"Duane, in terms of seniority, I am your elder. How... how can you treat your elder like this?" Liu Heng's hands trembled with anger.

"Elder? Ha, you tried so hard to make things difficult for me before and even wanted to kick me out of the company. At that time, why don't you

think that you are an elder?" Duane sneered.

After a pause, Duane continued, "For the sake of what you have, and for the sake of my grandfather, I won't report to the police. But from now on, your position of CFO of Gorgeous tripod enterprise will be unloaded and it will take effect immediately."

Liu Heng heard that Duane was going to fire him, and his face was burning with anger.

"You... What right do you have to remove my position without Chairman Liu's consent! I'm from the Liu Family! How dare you! Aren't you afraid that Chairman Liu will blame you?" Liu Heng roared furiously.

Duane walked up to Liu Heng, pointed at his nose and said sharply, "I'll say it again, I'm the vice president of Gorgeous tripod enterprise, and I have the right to do so. I'll fire you without your evidence, let alone you. That's what you'll end up against me, understand? !"

"You... you..."

Liu Heng's face turned blue with anger. He knew that Duane, as the vice president, did have the right to fire him, the chief financial officer.

Liu Heng had thought that Duane wouldn't dare to touch him because of his surname Liu. He

didn't expect that Duane would have no scruples about this.

Duane smiled coldly and continued, "The expulsion is only one aspect. You have to return the money you stole within 10 days!"

"How could that be possible! I've already spent more than half of that money!" Liu Heng's voice was sharp.

"Why is it your business? I only look at the result. If you can't come up with it in ten days, I will definitely report the case and then send you to prison," Duane said calmly.

"I... I'll go talk to Chairman Liu right now!" Liu Heng said angrily.

For Liu Heng, he could only ask Zehi for help now.

"Grandpa is not in the company now. In the whole company, I'm the biggest, understand?" Duane sneered.

His grandfather, Zehi, was now accompanying Old Wu in the hospital.

At this time, four security guards pushed the door and came in, which was ordered by Duane in advance.

"You four, take Liu Heng out of the Gorgeous

tripod enterprise Building and don't let him step on the Gorgeous tripod enterprise Mansion again," Duane said.

"Yes, Chairman Lin!"

After the four security guards responded, they went forward and forcefully pushed Liu Heng outside.

"Duane, you're a bastard! You're a bastard!" Liu Heng roared angrily.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 307

"You can only blame yourself. You've done everything possible to go against me. This is the most wrong choice in your life," Duane said coldly.

What Liu Heng had done was destined that Duane would never let him go.

Just like that, Liu Heng roared and was escorted out of the office by the security guards.

Duane called his secretary Natasha to inform the whole company that all the employees, including Liu Heng, had been fired.

At the same time, those executives who had been with Liu Heng before, Duane, also ordered to dethrone some of them directly.

After this round of cleanup, Duane basically excluded all the dissidents in the company.

After this round of cleansing, there were also a lot of needs, which could be given to more capable people to take up the position.

After Duane was ready to defeat Ye's Group and took over the position of chairman of Gorgeous tripod enterprise Group, he reformed the internal structure of Gorgeous tripod enterprise.

In addition, Duane was also preparing to transfer Lobb and Julia to the head office.

Lobb's ability was strong, and Duane trusted him enough. He had helped Duane a lot in Qing City, and Duane had promised him before.

As for Julia, she was excellent in business, and she was Duane's woman. Duane naturally trusted her, but she had no reason to come to the head office.

Moreover, if she was sent to the head office, she would be able to live with Duane...

For Duane, everything was developing in a wonderful way, and Duane's great ambition was also going on in an orderly manner.

At this time, Duane's cell phone rang. Duane saw that it was his grandfather's call.

"Duane, I'll be at the company soon. Are you at the company? I have something urgent to talk to you face to face." Zehi's voice sounded a little urgent.

"Grandpa, I'm in the company," Duane answered.

"Okay, then you wait for me in my office." Zehi said.

Duane didn't know what was going on, but

seeing Zehi so anxious, Duane felt that it was definitely not a trivial matter.

Moreover, Duane's right eyelid kept twitching, and he had a bad feeling in his heart. He always felt as if something was going to happen.

Duane followed his grandfather's instructions and went to his grandfather's office, waiting for his grandfather's arrival.

Standing in front of the French window of the office, Duane could overlook half of the Golden Capital.

"So many dark clouds, is it going to rain heavily?" Duane looked at the dark clouds in the air.

The wind was still blowing outside.

Under the cover of the dark clouds, the sky was dark, giving people a kind of oppressive feeling.

At this time, the door of the office was suddenly pushed open. Grandpa Zehi rushed into the office.

"Grandfather!"

Duane quickly turned to look at Zehi.

"Duane, something... something bad happened! The Zhao Family is doomed!" Zehi

gasped and walked in a hurry.

Duane was shocked and said, "What? The Zhao family is ruined? Grandpa, are you talking about the Zhao Group?"

"It's the Zhao's Group. Now the Zhao's Group has changed its owner," Zehi said.

"How did Zhao's Group come to an end all of a sudden? Grandpa, what's going on?" Duane hurriedly asked.

"Zhao Ling's father is good at gambling. The day before yesterday, he was trapped in the Qiaomen Casino. He not only lost all the money he brought, but also borrowed 1.5 billion usury from the casino." Grandpa said.

Grandpa continued to say, "The casino detained the people and let the Zhao family pay 20 billion yuan in one day. It's impossible for Old Master Zhao to raise so much money in one day, so that the other side will let Old Master Zhao take out the entire Zhao Group to pay off his debts."

"Elder Zhao, did he take the entire Zhao's Group to pay off his debts?" Duane exclaimed.

"Yes, and as far as I know, it is very likely that the Ye Family is behind this matter. In other words, the Ye Family deliberately set this trap to ruin the Zhao Family!" Grandpa said.

"Damn it! Damn it! The Ye Family is on the verge of collapse, yet they are still able to do such a thing." Duane slammed his fist on the table, his face turning ashen.

Duane knew very well that the Zhao Family cooperated with Gorgeous tripod enterprise to deal with the Ye Family because of his request.

Now that the Ye Family had retaliated against the Zhao Family and caused the Zhao Family to be doomed, Duane naturally felt guilty.

"If I hadn't asked the Zhao family for help, and if the Zhao family hadn't dealt with the Ye Family, such a thing wouldn't have happened!"

"By the way, Grandpa, where are Mr. Zhao and Zhao Ling now? How are they?" Duane asked hurriedly.

"As soon as Zhao's Group fell, the enemies and creditors that Zhao's Group had offended before, came to find them one after another and wiped out all the luxury cars, mansions, and even jewelry of Zhao's Group."

"Now old man Zhao and Zhao Ling can be said to be penniless. They don't even have a place to live." Grandpa said.

After Duane heard this, the worry on his face was even more serious.

"Grandpa, where are they now? If they are in trouble, we will help them anyway." Duane gritted his teeth and said.

Because of himself, the Zhao family collapsed. In any case, Duane would give the greatest support to them. At the worst, he would help them to stage a comeback.

"That's for sure. I've already helped them arrange a place for them to stay. We'll go over now and meet them. We can discuss things later." Grandpa said.

"Okay!" Duane nodded solemnly.

Then, the two hurried down the stairs.

Outside the building, the wind was blowing, and the weather was gloomy, indicating that a heavy rain was coming.

As soon as Duane and his grandfather walked out of the building, they saw a familiar figure coming from the front!

"Bradley!"

Duane's pupils twitched because the person who came over was Bradley.

A middle-aged man stood beside Bradley.

This middle-aged man dressed quite differently. Most importantly, when Duane saw

this middle-aged man, he felt a kind of pressure that he had never felt before.

In the twinkling of an eye, Bradley walked to the opposite side of Duane.

"Bradley, what are you doing here? Last time at the wine party, don't you think that you lost enough?" Duane slightly narrowed his eyes, and there was a chill in his eyes.

Seeing that the Ye Family had destroyed the Zhao Family, Duane naturally became angry when he saw Bradley.

"Duane, I'm here today to humiliate you and to enjoy your show," Bradley said with a smile.

"It's just destroying the Zhao family, isn't it? There's nothing to brag about. Your Ye Family can't last for a few days." Duane narrowed his eyes and said coldly.

"Haha, if that's what you think, then it's a big mistake." Bradley laughed.

"I have something to do now, so I don't want to talk nonsense with you. Get out of here!" Duane frowned and said.

"What if I don't?" Bradley asked with a smile.

"If you don't, I can only let John take action and 'invite you' to the other side," Duane said

coldly.

While Duane was talking, the John walked out.

"Do you really think that you are invincible just because you have a lone wolf?" Bradley laughed.

Immediately, Bradley turned to the middle-aged man next to him and said, "Uncle Yi, please help me defeat this person."

"Leave it to me." The middle-aged man nodded.

Following which, the middle-aged man took a step forward and said indifferently to John, "Make your move. I'll let you common people take a look and see what a true strong person is."

John sneered, "You're very arrogant. Usually, those who talk to me like this won't have a good ending."

"Take this!"

After saying that, John punched directly at the middle-aged man.

"You're just so-so!"

The middle-aged man shook his head.

When the fist of John arrived in front of him, he also raised his hand and punched at the fist of

John.

Peng!

The two people's moves collided in an instant.

The next moment, John stepped back again and again.

After retreating five steps, John finally managed to steady himself after crushing the floor tiles under his feet.

A paleness surfaced on John's face.

"So powerful, this person actually has Internal Strength!" John gritted his teeth and said.

Seeing that John was at a disadvantage, Duane's face suddenly changed.

Since Duane knew John, he only knew that he had lost once. He had lost to John, the director of Yang Liu Seminary, when he had competed with Bennett's master.

This was the second time Duane saw John, and he was surprised that he couldn't defeat him.

And at that time, John also said that the director of the Yangliu Martial Arts School had inner force!

That was to say, the middle-aged man was

also a man with internal strength?

"With that bit of effort, you can only bully the commoner's friends," said the middle-aged man with a sneer as he shook his head.

"Who are you?" Duane gritted his teeth and asked.

"My name is Murong Yi, a member of the Murong Family." The middle-aged man slowly said.

"What? Murong Family?!"

Grandfather's expression changed drastically when he heard of the head of Murong Family.

Chapter 308

"Based on his grandfather's reaction, it seems that he knows about the Murong Family. Is he really afraid of the Murong Family?"

"How could a member of the Murong Family be with Bradley!" Grandpa gritted his teeth and said.

"Zehi, I'm not afraid to tell you that I have made an engagement with the youngest daughter of the Master of Murong Family. In other words, I have arranged marriage with Murong Family," Bradley said proudly.

"What! You... your Ye Family is connected by marriage with the Murong Family?" Her grandfather's face suddenly changed.

"Now I finally understand why the Ye Family set up a trap to deal with the Zhao Family at a place so far away from Macao. Your Ye Family relies on the Murong Family's relationship!" Grandpa gritted his teeth and said.

"Haha, congratulations. But you'd better worry about yourself now." Bradley laughed.

As for the Murong Family that his grandfather

and Bradley talked about, Duane was confused. Wasn't the strongest family in Jindu the Four Families of Jin City?

Her grandfather was the richest man in the southwest region. Where did the Murong Family come from? How could her grandfather be so afraid after hearing her name?

Duane was surprised and confused.

At this time, the general manager of Gorgeous tripod enterprise Group, Li Zongdi, rushed out from Gorgeous tripod enterprise Building.

"Chairman, something bad has happened. The managers of all the branches called just now, and the branch branches under Gorgeous tripod enterprise were suddenly sealed up in an industrial attack. They said that the company is involved tax evasion, transactions of power and money, etc." Li Zongdi said urgently.

"What!? How could this happen?" Duane's face changed dramatically.

From Duane's point of view, Gorgeous tripod enterprise had a solid relationship with him. How could the investigation be suspended all of a sudden? It didn't conform to logic at all!

When Zehi heard the news, his face turned

pale. He quickly took out his phone and called his friends who were in charge of the business and business in the province.

"Hello, Director Zhang, what's the matter with you? Why did you suddenly attack Gorgeous tripod enterprise?" Zehi suppressed his emotions and asked.

"Chairman Liu, do you know that I'm doomed this time because of your relationship with me?" The other side said loudly.

Then, Zehi heard from the phone that someone asked Director Zhang to go and accept the sound of investigation. Then the phone was hung up.

At this time, Zhu Jing, the president of the executive mansion, also rushed out of the building.

"Chairman Liu, Duane, the company's bank account suddenly froze!" Zhu Jing said anxiously.

"Grandpa, how could it be like this! How could it be?"

Duane's heart trembled when he heard the news. Duane couldn't figure it out at all. What was going on!

"Old Wu is still in the hospital, but in the

current situation, we can only call Old Wu." Grandpa's face was pale.

Mr. Wu was still in ICU. Under such circumstances, Zehi definitely didn't want to see him unless he had no alternative. But the current situation had reached the point where he had to ask for Old the Wu family help!

This was his only hope!

Then, Grandpa took out his phone and called Old Wu.

"Hello, Old Wu, all the branches under our Gorgeous tripod enterprise were suddenly sealed off today. The company's bank account was also frozen, and even Mr. Zhang, an industrial and business company, was suddenly taken away to investigate. How could this be?" Zehi said in a serious tone.

"Old Liu, today, my web of connections suddenly suffered a great blow. My web of connections has been completely paralyzed. Many people in the web of connections have been taken away for investigation. As far as I know, it has something to do with the Murong Family!" Old the Wu family voice was weak.

After a pause, Old Wu continued, "If I hadn't participated in the battle in the 80s and made

great contributions, I'm afraid that I would have died this time."

When Zehi heard this, he was so shocked that he almost fainted.

"Grandfather!"

Duane hurriedly went forward to help Zehi and stopped him from falling.

On the phone, Old Wu continued to say, "Lao Liu, Gorgeous tripod enterprise is definitely going to die this time. I can't even get out of bed now. I can only do my best to protect you and Duane. As for the rest, I can do nothing."

Old the Wu family words were full of helplessness.

If it was 20 or 30 years ago, when Old Wu was at his peak, Old Wu might have been able to think of a way to help Zehi turn the situation around.

But right now, Mr. Wu was in his late twenties and was lying in the ICU. Maybe he would die at any time. There was nothing he could do!

"Old Wu, it's time for you to work hard..."

Zehi said weakly and hung up the phone.

"Grandpa, how is it?" Duane asked in a hurry.

"Old the Wu family network has been completely paralyzed. It's over! It's over!"

Grandpa looked up to the sky and sighed. His tone was full of despair.

"Grandfather, what exactly is the Murong Family?" Duane gritted his teeth and asked.

Duane knew that all this was because of the Murong Family that had suddenly appeared.

"The Murong Family is a hermit family in Hua Nan region. Ordinary people don't know about the existence of the Murong Family, but he is the most terrifying family in Hua Nan, with hundreds of years of history. He has a strong foundation and great power!" Zehi said weakly.

At this time, more than a dozen police cars drove over, followed by a group of uniformed people.

"Go in, seal up the tripod, seal up all the information, and take all the executives for investigation," the leader of the bald middle-aged men said.

"Yes sir!"

After a group of uniforms responded, they directly rushed into the Gorgeous tripod enterprise Building.

The bald man, who was the leader, walked up to Zehi.

"Chairman Liu, this is the truth. Please come back with us for an investigation," the bald man said.

Then, the bald man waved his hand, and the two men behind him directly rushed up and handcuffed Zehi.

"And General Manager Li Zongdi and General Manager Zhu Jing, you also need to go back with us for investigation!"

The bald middle-aged man waved his hand again, and then a few uniforms rushed forward and caught Li Zongdi and Zhu Jing.

"Grandfather, Uncle Li, Zhu Jing, stop! Stop! What right do you have to catch them? What right do you have!"

Duane roared crazily and rushed forward at the same time, but he was stopped by several uniformes.

"You are Duane, right? If you are obstructing us from handling the case, we can only catch you!" The bald man sneered.

"F**k you!"

Enraged, Duane threw a punch at the bald

man.

The bald man became angry immediately.

"How dare you hit him! Do you still think you are the First Young Master of Gorgeous tripod enterprise? You are not even a fart now! If it weren't for the order from the higher-ups not to catch you, you would also follow in now!" The bald man said angrily.

Seeing this, grandfather shouted at Duane.

"Duane, don't be impulsive. The more you are in such a situation, the calmer you should be! John, take good care of Duane!"

John nodded, and then quickly stepped forward and pulled Duane.

"Duane, calm down! You must calm down!" John held Duane and repeatedly persuaded.

"Yes, Duane, you must calm down! Calm down!" Zhu Jing also said repeatedly.

"Duane, listen to me, buy a ticket and go abroad by plane! Jindu can't stay here any longer!" Zehi said.

After saying this, Zehi was directly escorted into the car.

This was the last sentence Zehi said to Duane before he got in the car.

Li Zongdi and Zhu Jing were also escorted into the carriage one after another.

At this time, the employees in the Gorgeous tripod enterprise Building had been dismissed.

The executives were even escorted out, all handcuffed. They all looked puzzled. How could such a powerful Gorgeous tripod enterprise suddenly happen?

"Haha, Duane, I just said that I came to see you make fun of me. Now do you understand what it means?" Bradley laughed and said.

"Ye! Ru! Dragon!"

Duane clenched his fists and clenched his knuckles so hard that his knuckles turned white. His eyes were full of fury.

Because Duane knew in his heart that this was all caused by Bradley and the Ye Family!

There was also the Murong Family!

"Duane, as the vice president of the Gorgeous tripod enterprise Company, do you know why you are not caught? To tell you the truth, I specially told you that I will let you have a good experience outside. What is despair! Haha!" Bradley laughed.

"Bradley, I'll kill you!"

Enraged, Duane directly took out the gun in

his arms and wanted to shoot Bradley.

"It's none of Duane's business!"

John quickly grabbed Duane's hand and grabbed the pistol.

"Duane, I know that you must be very angry now, but once you shoot and hurt Bradley or kill Bradley, you will definitely die!"

John urgently persuaded, "As long as we're alive, we still have a chance. If the tripod falls down, we can make another tripod. If we lose our life, we'll lose everything!"

"That's right! As long as I'm alive, I'll have a chance to turn the tables!" Duane gritted his teeth and nodded.

"You want to turn the tables? Dream on!" Bradley said with a smug smile.

Bradley smiled and continued to say, "Duane, from now on, you will have a good taste of the feeling of falling from heaven to hell!"

"Ha ha ha ha!"

Bradley laughed and turned to leave.

Chapter 309

Duane looked back at the Gorgeous tripod enterprise Building. In front of the towering Gorgeous tripod enterprise Building, the notice and note were being posted.

Duane knew that the business empire of Gorgeous tripod enterprise collapsed in an instant!

At this moment, Duane felt that his belief was collapsing.

Since Duane recognized his grandfather, Gorgeous tripod enterprise had always been Duane's biggest reliance, and his grandfather was Duane's most powerful backer.

But now, everything was gone!

The tripod had been sealed, and her grandfather had been captured!

At this time, the ordinary employees and middle- and- low- level management who were expelled from the building gathered in front of Duane.

After all, all the senior leaders of Gorgeous tripod enterprise had been taken away, and now

Duane was the only one left.

"Master Lin, what the hell is going on?"

"Yes, Master Lin, our Gorgeous tripod enterprise is so powerful. How could he be seized all of a sudden?"

"Master Lin, what's the matter? Tell us!"

...

In an instant, countless inquiries rushed into his ears.

At this time, Duane looked pale, as if his essence, qi, and spirit had been sucked away.

Although Duane didn't want to talk at the moment, he still gritted his teeth and said, "Everyone, Gorgeous tripod enterprise is in an unprecedented danger now, but I believe that Gorgeous tripod enterprise can still rise again in the future. You go home first and wait for news."

Everyone nodded and then dispersed. The secretary, Natasha, came to Duane.

John stepped forward and patted Duane on the shoulder, saying seriously, "Duane, the more critical the situation is, the more you must cheer up. You can't be corrupted like this. Bradley didn't catch you because he wanted to see you look embarrassed and degenerating outside. You must

not let him succeed! Who else can make a comeback? You still have deposit and Xudong Group!"

Natasha also said, "Yes, Chairman Lin, you need to be strong! You are the most strong man in my heart, the bravest man, and will never be beaten down by such a little difficulty!"

After hearing this, Duane's originally careless eyes suddenly became fierce.

"Yes! I need to be strong, and I can't let Bradley see my embarrassed look. I still have 5 billion deposits, and I still have the Xudong Group! I can still make a comeback!" Duane's tone was sharp.

Although Gorgeous tripod enterprise suddenly fell down, Duane thought carefully and found that he had not really fallen down!

"Let's go back to the lakeside mansion first and convene the people for further consideration!" Duane said in a firm tone.

"Duane, I'm relieved to see you pull yourself together." John smiled.

Natasha also nodded and said, "Yes, yes, yes, Chairman Lin, you will definitely be able to rise again!"

Then, Duane and the other two went to the parking lot and were ready to drive back to the lakeside mansion.

"You're not allowed to enter here!"

Duane was subdued by several people and stopped in front of the parking lot.

"I am going in to drive my car." Duane said.

"Your car? All the cars here have been detained! Hurry up and go aside." The man in uniform said impatiently.

"You..." Duane's face darkened.

However, Duane didn't choose to do it by force, because now he had no one to rely on, and he couldn't afford to do it.

"Duane, forget it. Let's take a taxi back," John said.

"That's the only way." Duane nodded.

Then, Duane stopped a taxi and headed for the lakeside mansion.

When they arrived at the lakeside luxury house, the sky had gradually become dark.

As soon as he arrived at the door of the lakeside mansion, Duane saw several uniformed men standing at the door and posting a seal on

the mansion!

"Damn it! The house has also been sealed!"
Duane's face darkened.

However, Duane thought it through. The house owner of this mansion was her grandfather. They would seal up her grandfather's property.

Just then, Duane's mobile phone rang. Duane took out his mobile phone and looked at it. It was a call from Lobb, the general manager of the Qingyang branch.

"Hello, Lobb." Duane answered the phone.

"Duane, the branch of Qingyang Group of Gorgeous tripod enterprise Group has been blocked." Lobb said.

"I already know that. Now you should focus on the Xudong Group, and we can set up the Xudong Group," Duane said.

"Dong- ge, Xu Dong... Xu Dong's mining industry has also been seized." Lobb's deep voice came from the phone.

"What? The Xudong Group has also been sealed up?" Duane couldn't help exclaiming.

"On what basis? What right do they have to seal the mining industry of Feng Xudong!" Duane questioned loudly.

"Duane, the potential of Xudong mining industry was acquired by Chairman Liu relying on his connections. We can't afford to investigate it. If we investigate it now, we will..." Lobb seemed very helpless.

Lobb continued, "As for Duane and Xudong security company, they have also been banned. The reason is that they are suspected of several cases of injury-making. Matthew, the general manager of security guards, and some other leaders have all been arrested!"

Duane's face was pale, his hands were trembling, and he couldn't hold his mobile phone anymore.

Lobb's pieces of news were like knives stabbing into Duane's heart, which made Duane feel a twinge of pain.

"Duane, now the people in the industry are going to take me to the car. I'll hang up first. Duane, you must cheer up! You must!" Lobb said seriously.

It could be seen that Lobb was also afraid that Duane would not be able to recover in such a short time.

Then, an impatient voice came from the phone. "Lobb, why are you still talking nonsense?"

Hang up the phone and get in the car!"

Then, the "beep beep" sound of the phone being hung up was heard. Obviously, Lobb had been caught and got in the car.

"Lobb!"

Duane held his cell phone tightly, and his hands were shaking!

Duane knew that Lobb must have been taken away for investigation!

Duane was very clear about Lobb's loyalty to him.

"By the way, Julia!"

Duane quickly turned out the number and dialed it, but he repeated it for a long time, but no one answered.

Duane knew clearly that Julia, as the general manager of Qingguang Branch of Gorgeous tripod enterprise Group, was probably taken away for investigation.

Watching people who were related to him being caught one by one, Duane felt like his heart was being twisted by a knife!

Duane really wanted to save them, but he couldn't do it!

Honglong!

A sudden thunder in the sky seemed to tear the sky apart!

The dark sky looked as if it was about to collapse.

At this time, another voice came in. Duane found that it was an iron leg call.

"Iron legs." Duane answered the phone.

"Duane, the Golden Capital Branch of Xudong Security Company has been seized. As the person in charge, Poisonous Tooth has been arrested." Iron Leg said.

Hearing the news that Poisonous Teeth was caught, Duane's heart trembled again.

In this way, his own Xudong Group would also be finished!

"What about you? How are you?" Duane asked hurriedly.

"I didn't get caught because I didn't have a formal position in the Xudong Security Company," Iron Leg said.

After hearing this, Duane felt a little bit better. After all, it was a good thing that one less person was arrested.

"Then where are you now? I'm outside the villa by the Deny Lake. Come here and let's meet." Duane said.

"I don't think it's necessary. You are doomed now. Why should I follow you?" Iron Leg said.

Iron legs continued, "Bradley just came to see me. After today, I will work for the Ye Family. I will call and inform you of these things. I am carrying Bradley. I have done my duty perfectly."

"Iron Leg, you... you f*cking submitted to Bradley? F*ck your ancestors!" Duane roared angrily.

He didn't want to work for Duane, but Duane could understand and forgive him.

He actually turned to Bradley? Duane would not understand him, nor would he forgive him!

Sure enough, when people were in distress, they could see clearly that the people around them were real friends, and those people were dogs!

"Duane, you should worry about yourself before scolding me."

After saying that, Iron Leg hung up the phone directly.

"Duane, did Iron Legs betray us?" John hastened to ask.

"Yes!" Duane gnashed his teeth and nodded.

"Don't worry, Duane. It's a good thing to see what kind of person he is now." John quickly comforted him.

John patted Duane on the shoulder and continued to say, "Besides, don't you want to pay me back? Duane, even if you have nothing, I will still fight with you to the end. It's not worth being sad for such a person!"

Hearing John's words, Duane was deeply moved.

"John! Good brother!"

Duane couldn't help but turn around and embrace John!

"John, you're right. It's not worth it to be sad for someone like him! I should be glad that I've seen his true colors. Thank you, John!" Duane said in a firm tone.

"Dong-ge, the difficulty is only temporary. I believe that we can get rid of the fog and see the sky again. Even if Xu Dong is gone, you still have a few billion yuan in your account!" John said.

"Tink Bell!"

His mobile phone rang again. Duane saw that it was a call from the bank.

Chapter 310

Mr. Duane, I am a staff member of the trading company. Your bank card may be for the illegal trade and Trade Trade, so it is temporarily frozen!" The bank member said.

When Duane heard these words, he felt as if his heart had been stabbed by another knife.

The 5 billion on his bank card was Duane's last hope!

"purple money? Are you kidding me? I don't have any money at all. You haven't investigated clearly. Why do you want to freeze my bank card? Why?" Duane roared hysterically.

"Sir, we are investigating the suspected bank account's frozen state. It's reasonable and legal. If you really don't have any suspicion of sex and illegal transactions, we will naturally defrost it," said the bank staff.

"Tell me, how long do you want to investigate?" Duane gritted his teeth and asked.

"That's hard to say. It may be a month, or a year, or longer. It depends on your luck," the staff said.

At this point, Duane did not roar any more, but silently hung up the phone and squatted on the ground.

Duane knew that this was definitely done by the Ye Family!

When Gorgeous tripod enterprise was closed down, Duane was still thinking that he still had Xu Dong and 5 billion yuan left, which was Duane's capital to turn the tables.

But it was beyond his expectation that these things had also been taken care of by the Ye Family!

At this time, Duane suddenly remembered that in front of the Gorgeous tripod enterprise Building, Bradley said that he would let Duane enjoy the despair next.

Duane finally understood why Bradley said that.

At this moment, Duane fell into despair.

Duane wanted to turn the tables, but at this moment, he could not think of anything!

John and Natasha next to him saw Duane squatting on the ground with his head down.

They knew that Duane was absolutely in an extremely bad mood at this time.

They had never seen Duane in such a bad mood since they knew him.

They couldn't even think of a way to comfort Duane, because they were also suffering to the extreme.

At this moment, the sky had already turned dark, and it was already evening.

Honglong!

Another thunder boomed.

In the next moment, a torrential rain fell!

Rumble! Tumble! Tumble! Tumble!

The heavy rain poured down on Duane, while the John and Natasha were in the arms of Natasha.

"Duane! You can't be decadent!" John shouted at Duane.

Duane stood up slowly, and rained on Duane's face and body mercilessly, making Duane look like a drowned rat.

"Let's go. We'd better find a place to shelter ourselves from the rain, and then we'll talk about it later," Duane said weakly.

Although Duane was extremely uncomfortable now, Duane could not allow John

and Natasha to be in the rain with him.

John's body was strong and healthy, but Natasha was just a girl.

So the three of them stopped a taxi and asked the driver to find a hotel for them.

In the taxi.

"According to the information from our station, Gorgeous tripod enterprise Group is suspected of paying the taxes, and many regulation regulations such as power and money trade have currently been completely sealed up. The chairman, Zehi, and the company's senior executives have all been arrested. This matter has been fully explained to all of us that no matter how much money programmed, anyone who violates the regulations will be severely punished!"

The radio in the car was broadcasting the news of Gorgeous tripod enterprise.

Obviously, this news was a very exciting news for Capital Jin and even for the whole Xichuan province.

It was conceivable that this news would soon spread throughout the city!

After hearing that, the driver couldn't help sighing, "Gorgeous tripod enterprise is such a

great group, and Zehi is so rich. I didn't expect that it would be sealed off."

"Money is not everything." Duane couldn't help shaking his head and sighing.

Before this, Duane thought that money was omnipotent and you could do whatever you wanted with money.

However, after today's incident, Duane finally understood that power was more important than money!

Even if his grandfather was the richest man in the southwest, no one could compare to him in terms of money in the southwest.

However, if he didn't have enough power and influence to back him up, and if his opponents were to pull in more powerful power and influence than him, he could easily destroy his business empire with a random excuse!

Just like Duane's bank card was sealed. So what if there was more deposit in the bank card? Without enough power and authority, the other party could find some reasons to seal it. Moreover, he also said that it was legal. There was no place for you to argue if you wanted to!

Duane now understood that power was the way of the Emperor!

The taxi pulled the three of them to a nearby hotel.

When they arrived at the hotel, the sky was completely dark, but the rain was getting heavier and heavier. With the wind and lightning, the street turned into a stream.

At the front desk of the hotel.

After handing the ID card to the front desk lady, Duane took out the money from his pocket and was ready to pay.

Although Duane got a card and was sealed, he still had thousands of cash on him.

"I'm sorry, sir. Our guest room is full."

The girl at the front desk handed the ID card back to Duane.

"It's full? I just asked you, didn't you say a lot?" Duane frowned.

The manager, who was sitting next to him, stood up and said, "Sir, to tell you the truth, Ye Group has informed all the hotels in the city. We can't take you in, or we will suffer."

"Bradley, you are so vicious!" Duane gritted his teeth, and his eyes were filled with endless anger.

Duane knew that this was absolutely

Bradley's doing!

Now Duane finally realized why Bradley didn't catch him. He just wanted to see himself in a bad state and wanted to make himself lose a place to live, and to make himself homeless!

"Sir, we just want to save our lives. I hope you won't put us in a difficult position," the manager said.

"Well, I don't want to live here. Can you arrange a place for them for me?" Duane said.

The storm outside was so fierce that Duane couldn't bear to let John and Natasha be beaten outside by the wind and rain.

In particular, Natasha. She was just a girl. How could she withstand such a fierce storm?

"This..." The manager was very hesitant.

"This is 5,000 yuan. This is all my money. Sorry to bother you." Duane begged.

"Well, anyway, the Ye family only told you not to move in, and no one else." The manager nodded and then put away the 5,000 yuan given by Duane.

"Chairman Lin, I don't want to live! I want to be with you, I want to stay with you!" Natasha took Duane's arm and said in a firm tone.

"Natasha, I have nothing now. These five

thousand dollars are my last savings. I am now a poor wretch. It is meaningless for you to stay by my side." Duane shook his head and said.

"Even if you are poor, you are still the Chairman Lin in my eyes! Even if you have nothing, I'm willing to stay with you. No matter how hard it is, I'm willing to suffer together with you!" Natasha said in a firm tone.

After hearing these words, tears were welling up in Duane's eyes.

In this type of adverse situation, one could see even more clearly who was the one who was truly sincere to you.

When Natasha saw Duane's tears in his eyes, she became more anxious.

"Chairman Lin, don't be sad. No matter how sad and tired you are, I will accompany you in silence!" Natasha comforted Duane repeatedly.

Upon hearing this, Duane forced a smile.

"Thank you, Natasha. That's why I can't let you be hit by the wind and rain outside. Listen to me, take a good rest here for the whole night." Duane patted Natasha on the shoulder gently.

"No! I want to accompany you, Duane! Even if I'm out in the rain, I'm willing!" Natasha's beautiful

face was full of determination.

Seeing this, John stepped forward and said, "Natasha, after all, you are weak. It will be more troublesome if you catch a cold in the rain. By the time you get to Dong, there are already a lot of troubles. You don't want to catch a cold and get into the hospital to make trouble for him, do you?"

"I... Of course I don't want to make trouble for Duane!" Natasha said seriously.

"That's right, so you must have a good rest in the hotel. Don't catch a cold," said John.

"Well... All right then." Natasha finally nodded and agreed. She didn't want to make trouble for Duane.

"John, you should also move in quickly!" Duane looked at John.

"Duane, what are you talking about? I must be with you so that I can protect you at any time!" John said.

John patted his chest and continued, "And my body is countless times tougher and stronger than yours. I've been trained in the Dragon's Special Forces and practiced the Black Punch for so many years. I don't know how much hardship I've suffered. The wind and rain are just a piece of cake!"

"All right." Duane nodded.

Duane knew that John would not change his mind.

So the two walked out of the hotel.

It was already eight o'clock in the evening. It was late autumn now. Under the fierce wind, Duane felt cold.

Honglong!

Another thunder boomed. The heavy rain fell heavily on the street and on the houses.

Because of the weather today, many stores had already closed.

Duane and John found a closed shop and sat in front of the shop. The location was not bad, at least... they could not get wet in the rain.

At this time, Duane was hungry and cold and was penniless.
