

Chapter 331

After a while, the Taoist let go of Zehi's hand.

"Taoist, how is it?" Grandpa looked at the Taoist.

Duane also looked at the Taoist with a little nervousness. Although this medicine pellet was known to cure all diseases in a bag, according to the book of medicine, it could cure all diseases of ordinary people.

But his grandfather was in the terminal stage of cancer, and Duane did not dare to guarantee whether he could be cured or not. It was also Duane's first time to use medicine.

"Mr. Liu's body is now full of vitality and is very healthy. Naturally, he has no cancer." The Taoist said.

"My liver cancer, is it really gone? I... I'm not dreaming, am I?"

Zehi was overjoyed. He was at a loss of words in his mood of being cured of his incurable disease.

"You can cure cancer! And you can only rely on a pill. Duane, you are really amazing!" Zehi said

happily.

Seeing that his grandfather's terminal illness was gone, and seeing that his grandfather was happy, Duane was also very happy when he thought of how his grandfather would be able to live for so many more years.

"Grandfather, I've said before that you'll have a long life of a hundred years. I also want you to see Duane take back the Gorgeous tripod enterprise, destroy the Ye Family, and reach the pinnacle with your own eyes!" Duane said with a smile.

"Haha, I'm looking forward to it, Duane, that you can do it all!" Grandpa said happily.

At this moment, Bennett opened his mouth, "Duane, what are you going to do about the revenge? As far as I know, the Ye Family only has Murong Yi, who is at the Void Dan stage. You and I are both at the Void Dan stage now. If we join hands, we can definitely defeat Murong Yi."

"I already have a plan for revenge." Duane said.

"Alright, as you say, Duane. I'll do what you say!" Bennett said.

"Duane, you are now a master with inner force, but in addition to force, the Ye family has the advantage in power. You have to think twice

before acting, and remember not to act on impulse," Grandpa said seriously.

"Grandfather, of course I understand this point. I have a way to resolve this." Duane smiled slightly.

Then, Duane whispered to his grandfather's ear and told him his plan.

"Great. If this plan of yours succeeds, it will not be a problem to destroy the Ye family!"

After listening to Duane's plan, grandpa praised him again and again.

"Bennett, let's head down the mountain for the Gold Capital. Let's make this proposal," Duane said.

"Alright!" Bennett nodded.

Then, Bennett turned to the Taoist.

"Master, I..."

As soon as Bennett opened his mouth, he waved his hand and interrupted him, "Go ahead. I know it's your mission."

Duane also looked at the Taoist.

"Taoist Priest, you helped me treat my grandfather during this period of time. There's no way for me to repay you. This Marrow Clearing Pill

is gifted to you, Daoist Priest."

Duane said as he took out an elixir and handed it to the Taoist priest.

"The Marrow-Cleansing Pill?" The Taoist was stunned.

"The Marrow- Cleansing Pill can remove impurities in a practitioner's body so as to increase his talent and speed. I wish you a good blessing and a better cultivation." Duane said.

"Alms Giver Duane, in today's Cultivation World, pills are priceless. Such a unique pill is even more valuable. If I sell it in exchange for high returns, will you give it to me just like that?" The Dao Master said in surprise.

The Taoist was very clear that its effect was absolutely priceless on the earth.

"I, Duane, want a little favor. I will repay you with a flood of water. You have helped my grandfather cure my illness, so you can afford this pill," Duane said.

"Then thank you, Miss Duane. I will take the elixir. From now on, I owe Miss Duane a favor. If Miss Duane needs my help, you can tell me."

After the daoist priest finished speaking, he accepted the pill. He didn't refuse any further,

because this pill truly had miraculous effects on him.

Duane looked at Zehi again.

"Grandpa, then I'll go down the mountain first. After Duane destroys the Ye family, and Fuxing Cauldron, I'll pick you up!" Duane said seriously.

"Duane, be careful of everything. If your plan fails, safety first. I don't want the Gorgeous tripod enterprise, but you can't make any mistakes!" Her grandfather warned her.

Duane nodded, then turned around and walked out of the Taoist temple with the Bennett.

After getting on the car.

"Bennett, this is a Marrow-Cleansing Pill and an Energy-boosting Pill. They are all useful for your cultivation, just take them."

Duane took out two elixirs and handed them to the white shark.

"Duane, the elixirs are too precious!" Bennett quickly waved his hand.

"Bennett, what's our relationship? You don't have to be so polite to me. Take it!"

Duane stuffed the pill into his white phone as he spoke.

"Haha, Duane, you're right. Then... I'll take it."
Bennett laughed and put it away.

"Let's go. We will head to the Capital. The Ye clan shall welcome my revenge!"

Duane started the car directly and drove to Jindu.

...

At two o'clock in the afternoon, Duane arrived in Jindu and drove the car to a mansion in the suburb of Jindu.

This was the mansion of Li Zeliang, the Commander of the Southwest Military Region.

Duane had heard his grandfather say that Li Zeliang was the most powerful existence in Hua Nan region.

The purpose of Duane's visit was to find him.

Duane heard that Li Zelang was straightforward and straightforward. It was absolutely impossible for him to build a relationship with Li Zelang by money. On the contrary, Li Zelang would be disgusted by Duane.

However, everyone was soft-hearted.

Duane knew that Li Zeliang was old, weak, and suffered from chronic illness which could not be cured. This was Duane's starting point.

Duane had ten medicine pellets. He gave one to his grandfather, and there were nine left.

Duane could give Li Zeliang one and get close to him.

At the manor's entrance.

"Stop right there!"

Two guards stopped Duane.

"I'm here to see Commander Li Zeliang," Duane said calmly.

"Do you have an appointment with Senior Li?" the guard asked.

"No." Duane shook his head.

"If you don't have an appointment, please withdraw from the cordon. Senior Li is not a person you can meet at your will." The guard said.

"I know that Senior Li's health is not good. He has a heart attack and has a serious indicate of dependence. I can help him cure it. Please send a message for me," Duane said.

"Are you kidding me? The famous doctors at home and abroad can't cure him, but can only delay Senior Li's illness. How dare a boy who doesn't know where he came from say such big words?" The guard sneered.

Then, the guard raised his gun at Duane and said, "This is the second warning. Please withdraw from the alert line immediately!"

Duane grabbed the muzzle of his rifle and pressed hard.

Peng!

Before the guard could react, the rifle was broken by Duane's hand.

When the other guard saw this, he immediately raised his gun, but as soon as he raised his gun, the white shark quickly grabbed the rifle.

"How dare you act so presumptuously here! You're courting death!"

The two guards directly hit Duane and Bennett with their bare hands.

These two guards were both from special forces and were highly-skilled in martial arts.

Peng!

Duane grabbed his fist, and the guard only felt that his hand was clamped and could not move.

"We've met an expert!"

This made the guard's heart skip a beat.

"What's going on?" A voice suddenly

sounded.

Duane turned his head and saw an old man.

The old man was supported by two caretakers, followed by several guards and several foreign doctors in white coats.

Although the old man was old, he showed his authority even though he was not angry, giving people a strong aura. This kind of aura was usually owned by people who were in a high position all year round.

"From the looks of this display, is he Commander Li Zeliang?"

"Commander Li, this man said he wanted to help you cure your illness. I stopped him, but he used force," the guard said.

As soon as the guard said that, several guards behind Li Zeliang rushed up and pointed their guns at Duane and Bennett.

Duane didn't panic. He smiled and said, "Commander Li, my name is Duane. I'm here to pay you a visit. I know that you have a heart disease, and it depends on me. I can cure it for you."

"Where did this hairy brat come from? You actually dare to say that you can cure him? Truly

laughable. Brat, do you understand medicine?" The golden-haired and blue-eyed foreigner on the side berated.

This foreigner with blond hair and blue eyes was Li Zeliang's principal doctor, whose name was Frank.

"I don't know about medicine, but I'm sure that I can cure Senior Li's illness," Duane said calmly.

"You don't know anything about medicine and yet you're able to cure it? Don't you think you're ridiculous? How can there be so many mentally handicapped people in the world?" Frank said in Chinese, his tone a little tsundere.

"Duane? Where have I heard of this name?" Li Zeliang murmured.

"I am Zehi's grandson, from Gorgeous tripod enterprise Group," Duane said.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 332

"Zehi's grandson? I remember now. A few days ago, you and the Ye Family made a big deal out of Gold Capital, but I heard that you're dead?" Li Zeliang was a little confused.

"How could I, Duane, die so easily?" Duane smiled.

"Haha, young man, you're a little interesting. You said you can cure my illness. Then tell me, how do you treat it?" Li Zeliang said with a smile.

"Elder Li, do you know any cultivators?" Duane asked.

"Of course I do. Judging from your skills just now, it's very likely that you're a practitioner." Li Zeliang said.

At Li Zeliang's level, he would definitely be aware of such things as a cultivator.

"That's right. I'm a practitioner."

As Duane spoke, he stamped his foot on the ground.

Peng!

The floor tiles under the ground were instantly

shattered.

"An expert with inner force!" Li Zeliang was shocked.

Even Frank, who was standing at the side, was shocked. With just a stamp of his foot, he could crush the floor to pieces!

"As far as I know, most of the cultivators who have internal strength are relatively old. It seems that it's not easy for you to have internal strength at such a young age." Li Zeliang sighed.

Then, Li Zeliang waved his hand.

"Drop the guns, all of you."

The guards who raised their guns and pointed at Duane then took back their guns.

Seeing Duane's strength, Li Zeliang's attitude toward Duane became a little bit more friendly.

As for what happened just now between Duane and the guards, he was not going to investigate further.

Next to him, Frank said disdainfully, "Even if he can crush the floor tiles, he's still nothing more than a martial artist. What does this have to do with treating illnesses?"

"Senior Li, who is this?" Duane looked at Frank.

"Let me introduce you. This is my private doctor, Frank, a famous doctor from M Country," Li Zeliang said.

"It turns out to be the famous doctors of Country M. I said why you are so self-righteous." Duane smiled.

Duane continued, "Senior Li, the old saying in Hua Country, 'Medicine and Martial Arts are interrelated', do you know about it, Senior Li?"

Duane knew that the current difficulty was how to make Li Zeliang trust him and be willing to take his pills.

After all, with Li Zeliang's identity, he had to protect himself from being persecuted, let alone to eat things of unknown origin!

Only by winning Li Zeliang's trust could he take the Exorcism Pill.

"Of course I know, but I have asked some experts to help, and they don't know what to do." Li Zeliang said.

"Commander Li, but I'm 100 percent sure that you can cure your illness. Don't you want to be cured?" Duane said with a smile.

"Haha, I don't want to hide it from you. I dreamed of curing my illness." Li Zeliang laughed.

Not only did Li Zeliang have a heart attack, he also had severe take inhibitors. He had to maintain it with a long period of injection.

One had to know that the side effects of the injection were not small. Li Zeliang had to suffer pain every day, and it was extremely painful. Those who had been infected all knew about this torture.

Moreover, Li Zeliang could also feel that his body was getting worse day by day. He felt that if he kept going on like this, he would not live for long.

Li Zeliang continued to say, "Duane, if you don't mind, go to the cold house and sit down. How about that?"

People who were seriously ill would easily become a doctor in a hurry, and Li Zeliang was no exception. Even if he knew that it was almost impossible to cure his disease thoroughly.

However, Duane was so sure that he still wanted to listen to Duane's specific words and then make plans. At least, this was a glimmer of hope.

"Of course." Duane nodded with a smile.

In this way, Duane was invited to his house by Li Zeliang.

The house was a classic Chinese style house, and it was incorporated with some modern advanced technologies.

In the living room.

"Duane, you said that you can cure my disease. If you don't mind, you can say it, your treatment," Li Zeliang said.

"It's relying on elixir. I don't know if Senior Li has ever heard of elixir," Duane said.

"Elixirs? I once read about them in ancient books. But as far as I know, pills should have long been lost." Li Zeliang said.

Li Zeliang loved to read ancient books, so he had read about elixirs.

"No, it's not lost. It's just that everyone thinks that it's lost and I can refine elixirs." Duane smiled slightly.

Duane didn't know how to make pills at the moment. The pill in Duane's hand came from his master.

However, Duane didn't want to expose to outsiders that he had got the inheritance, so it was better to say that the medicine was made by himself.

Of course, the Elixir Book that Duane had

obtained actually had records on how to refine pills. As long as Duane wanted to learn how to refine pills, it was not impossible, but it took time to learn. Duane didn't have the time to learn it yet.

"You can refine medicine pellets? You... you're not joking with me, are you?" Li Zeliang was shocked.

Through the ancient books, Li Zeliang knew the power of the pill. Li Zeliang once sighed that such a powerful thing had been lost. It was really a big loss to China.

"How dare I joke with you, Senior Li," Duane said with a smile.

Then Duane took out a medicine named Exorcism-Dispelling Pill.

"Senior Li, this is a pill named the Anti-Cease Pill. It can cure all diseases, not to mention heart disease or lynosia, even the advanced stage of cancer can be cured." Duane said.

"Oh? Duane, little friend, is this elixir? Can you show it to me?" Li Zeliang was very interested.

Moreover, when he heard that Duane knew how to refine pills, the attitude of Li Zeliang and Duane became more friendly. He knew that if Duane was really an alchemist, such an identity was absolutely awesome!

"Of course."

Duane handed the pill to Li Zeliang's guard and then handed it to Li Zeliang.

At this time, Frank, who was standing next to them, sneered, "A black pill claims to be able to cure all diseases? It can even cure all terminal diseases? I have been studying medicine for many years. This is definitely the most ridiculous remark I have ever heard. Commander Li, this is obviously a charlatan in your Country of Hua."

Obviously, Frank didn't believe that the medicine in Duane's hand could cure all diseases.

"You don't know. It's because your knowledge and experience are shallow. You don't understand the essence of Hua Country's traditional Chinese medicine." Duane sneered.

"It's true that the skill of refining pills can be figured out by traditional Chinese medicine."

When they were outside, this Frank had ridiculed Duane, said that Duane was boasting, and said that Duane was just a martial artist. Duane felt a little uncomfortable, but he was too lazy to talk nonsense with him.

What annoyed Duane most was that he said something to stop Li Zeliang from believing in himself.

"What? You're saying that I'm short-sighted? I'm not bragging. I'm a little famous in the medical field of Country M, but you're saying that I'm short-sighted?" Frank sneered.

Frank continued with a smile, "Also, what do you mean by 'the essence of Chinese medicine'? It's even more laughable. I've never been optimistic about your Chinese medicine skills. How much of a level of medical expertise in your country is behind that of our country M? Don't tell me you don't really know what's going on?"

"Besides, aren't hospitals in Hua Country western medicine now? Also, rich people in Hua Country prefer to come to M Country to treat when they are ill. If the so-called traditional Chinese medicine is powerful, how can this be? Let me say a rude word, traditional Chinese medicine is trash!"

It could be seen that Frank was very arrogant. He had a sense of superiority as a citizen of Country M. His tone showed that he was even more dismissive of Chinese medicine and Chinese culture.

It could even be felt from his tone that he seemed to look down upon the entire Hua nation.

"You're so arrogant!" Duane looked at him

with his eyes slightly narrowed.

"I am not being arrogant. I am merely stating the truth." Frank said with a smile.

At this time, Li Zeliang was watching the pill Duane gave him. He first looked at it, then smelled it.

"It's somewhat similar to the pills recorded in the ancient books." Li Zeliang muttered.

However, Li Zeliang had only seen it in the ancient books. He had never seen an elixir before. He was not sure if it was the elixir recorded in the ancient books.

"Senior Li, as long as you take this medicinal pill, you can get rid of the disease. You can have a try," Duane said.

After hearing this, Frank hurriedly said, "Senior Li, don't take it. The origin of this pill is unknown. What if it's poison?"

Hearing this, Duane frowned. This was completely spoiling his own business.

Li Zeliang, who was sitting in the front with an elixir in his hand, hesitated. He believed Duane or not? This was also the problem he faced.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 333

Frank continued to remind him, "Senior Li, as your private doctor, I must remind you seriously that you must never take pills of unknown origin."

Li Zeliang nodded, then looked at Duane and said, "Duane, how can I trust you?"

"Senior Li, if you don't believe me, I have a way to find a seriously ill patient and give him the pill. If he is cured, it can prove the authenticity of my pill," Duane said.

Duane also knew that it was really difficult for him to make Li Zeliang believe him and take the pill when they just met for the first time.

Duane had no choice but to do so.

"Well, this is a way." Li Zeliang nodded.

"Little Zhang, you go to find a health system to take this pill and see if it can help him recover." Li Zeliang said.

"Yes." The secretary nodded and took the pill at the same time.

Then, the secretary left quickly.

The rest of the time was to wait for the result.

While waiting, Li Zeliang took out good tea to entertain Duane.

More than an hour later, the secretary finally returned to the reception room.

The secretary, who was panting, rushed in.

"How is it going?"

Li Zeliang was sitting up and looking forward to the result. After all, it was related to his illness.

If his illness couldn't be cured, he, Li Zeliang, would not live for a few years. At his age, the most important thing to him was health and life span, which was more important than anything else!

"Senior Li, that's amazing. I went to the hospital and found a dying patient. He is not only born with depends on ten percent of his body disease, but also his lung disease. He doesn't have a good heart either. But after taking the pill, he's all right now!" the secretary said excitedly.

"What? This... how is this possible! This isn't scientific! You must be lying to Commander Li!" Frank looked at the secretary in horror.

"Dr. Frank, I've been with Commander for 20 years. How can I lie to him? This person's casebooks and the examination after the tampering are all here." The secretary took out the

casebooks and inspection reports.

As the secretary spoke, she walked forward and handed her to Li Zeliang.

"Senior Li, the doctors in the hospital are also shocked and feel incredible. They keep asking me what this is. I said it's military secret, so they didn't ask." The secretary said with a smile.

Senior Li nodded with a smile on his face, then quickly stood up and walked quickly to Duane with the help of two constitutional leaders.

"Mr. Duane, I'm sorry for my previous discourtesy. Please forgive me." Li Zeliang made a bow to Duane.

Li Ze's conscience was clear that since the pill was real, it meant that Duane might really be an alchemist.

With this identity, it was enough for him to treat Duane as a distinguished guest.

Li Ze knew very well that he might be the only alchemist in the country. With his identity, he could easily make a group of big shots chase Duane and ask Duane to give them elixirs.

Moreover, he had to beg Duane to give him another pill!

Seeing Li Zeliang make a bow by cupping one

hand in the other before his chest, Duane also breathed a sigh of relief.

"It's very kind of you, Senior Li." Duane replied with a smile.

"Mr. Duane, can you give me another pill before? If you have any requirements, feel free to give them to me," Li Zeliang said politely.

"That medicinal pill is extremely difficult to refine, and every one of them is hard to come by. But since Senior Li needs it, of course I won't be stingy with it."

Duane took out another Drowsy-Dispelling Pill as he spoke.

Duane pretended that the pill was made by himself. Because of his identity as an alchemist, Li Zeliang respected him even more.

"I come here this time because I have one thing to ask Commander Li," Duane said.

"If I'm right, it's for the Ye family's business," Li Zeliang said with a smile.

Since Li Zeliang could sit in such a position, his mind was naturally strong. He could still guess the purpose of Duane's visit.

"Senior Li is really something. You guessed it before I said anything." Duane smiled slightly.

"I helped you with this. The Ye family's behavior is not good, and I have long been unhappy. I now order to take over the Ye family, and then destroy the network behind it. What cooperation do I need? Mr. Duane, do not hesitate to mention it." Li Zeliang said.

The Ye Family had done a lot of bad things, so it was easy for them to find some dirt to seal up the Ye Family. However, there was enough power behind the Ye Family to support them. It was impossible for most people to do it. But as long as Li Zeliang said something, it would not be a problem!

Hearing Li Zeliang's words, Duane felt a burst of ecstasy in his heart. His wish was finally coming true.

"Thank you, Senior Li." Duane said, cupping one hand in the other before his chest.

Then Duane handed the pill to Li Zeliang.

"Senior Li, please keep this pill."

Li Zeliang held the pill with both hands as if he had found a treasure. His face was full of smiles.

"Commander Li, be careful!" Frank opened his mouth to advise.

However, Li Zeliang did not listen to Frank again this time. He opened his mouth directly and swallowed the medicine pellet. The secretary next to him quickly brought over some water and handed it to Li Zeliang.

After the pills were swallowed.

"This... this feeling is simply amazing!"

After Li Zeliang felt the pill fall into his stomach, he instantly turned into a stream of energy and spread all over his body. He only felt an unspeakable comfort from head to toe. Only the people who had taken the feeling knew how wonderful it was.

Li Zeliang's face, which was originally pale and sickly, quickly turned ruddy. Just looking at his appearance, his whole spirit had improved a lot.

"Quick, give me a full-body examination to see how my body is." Li Zeliang said excitedly.

Frank naturally didn't dare to disobey.

Moreover, Frank also wanted to go through the examination and see how Li Zeliang's current condition was. Anyway, he did not believe that Li Zeliang could recover after taking a pill.

"The two of you take care of him. Help

Commander Li to the medical room," Frank said.

"You don't need to help me. I feel strong all over. I'll go by myself!" Li Zeliang said.

Then, Li Zeliang turned to Duane and said, "Mr. Duane, I'm going to do a detailed examination. Do you want to go with Mr. Duane?"

Li Zeliang's attitude of talking to Duane was very polite.

"Of course." Duane nodded with a smile.

After Duane followed Li Zeliang out of the reception room, they went straight to the medical room.

Because Li Zeliang was not in good health, so his house was equipped with a special medical room with advanced medical equipment.

In the medical room.

Li Zeliang quickly finished the examination and then waited for the inspection report.

A foreign doctor who was in charge of the examination ran over in a hurry.

"Oh, my god. Commander Li, your several diseases have all disappeared. Now you're in good health. Who can tell me what the disease is?" The doctor exclaimed.

This doctor had been responsible for Li Zeliang's physical examination. He was very clear about Li Zeliang's physical condition.

"Haha, I knew it," Li Zeliang said happily.

After taking the pill, Li Zeliang felt very comfortable, and his whole spirit came back. At that time, he estimated that he should have recovered.

A check-up was just for further confirmation.

This kind of healthy feeling made Li Zeliang feel very comfortable. For him, it was worthwhile to give anything in exchange for health!

"How is this possible!?"

Frank snatched the list from the doctor's hands in disbelief and examined it himself.

"This... all the indicators are normal. Did... did he really recover? Oh, my god!" After taking a close look at the list, Frank exclaimed with an extremely exaggerated expression.

Frank was clear that Zehi's illness was currently a disease that the world's medical treatment could not cure. He could only delay and control it through treatment, so he did not believe in Duane in any case.

But now, Li Zeliang had really recovered?

"This... this is a miracle! This is a miracle in the medical field!" Frank exclaimed repeatedly.

With just a small pill, Senior Li recovered. For Frank, this simply subverted his cognition of the world!

"Fulls, do you still think that I'm a charlatan? Do you still think that our Hua Country's traditional Chinese medicine is trash? I say you're short-sighted. Do you agree now?" Duane looked at him with a faint smile.

"Oh, Mr. Lin, I, Frank, am short-sighted. I didn't expect Hua Country to have such a great medical skill. You are really a master. I solemnly apologize to you. I'm sorry! Please accept my salute!"

As he spoke, Frank bowed and apologized to Duane.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 334

The magic of the pill had already convinced Frances.

Seeing Frank take the initiative to bow and apologize, Duane was too lazy to argue with him.

"Mister Lin, since you actually have such a miraculous medicine, why aren't you selling it to the outside world? If you were to sell it, it would definitely shake the entire world. You might even be able to earn the richest person in the world and save countless lives," Frank said in excitement.

Li Zeliang also said, "Yes, Mr. Duane. Why don't you sell it to the public? No matter how expensive it is, I think someone will buy it."

Duane shook his head with a smile and said, "Senior Li, it's very difficult to refine this pill. Each one is extremely precious, so it's impossible to make a large amount of it. I will only sell it to my friends and relatives, not outsiders, and there is no excess."

Li Zeliang nodded as if he suddenly understood something.

"Haha, in this case, I'm very lucky to get one.

But I didn't trust Mr. Lin before, so I wasted one. I'm ashamed, I'm ashamed!" Li Zeliang said with a hollow laugh.

"As long as Senior Li can help me settle the Ye Family, it is not a waste." Duane smiled and said.

"Haha, of course. Don't worry, I will do it for you personally. I will definitely do it. In addition, I really want to make a friend with Mr. Duane. I wonder if Mr. Duane is willing?" Li Zeliang said with a smile.

"Are you kidding? In Li Ze's mind, Duane is an alchemist. I'm afraid that the whole Hua Country can't find the second alchemist."

As long as he was on good terms with Duane, he would be able to ask Duane for elixir again if Li Xuliang fell ill in the future or his children and grandchildren fell ill again!

Therefore, it was not Duane who wanted to make a good relationship with Li Zeliang, but Li Zeliang wanted to make a good relationship with Duane!

"Of course." Duane nodded with a smile.

Of course, Duane was willing to make friends with Li Zeliang. With him as a friend, he would have a super backer!

In the southwest region, who could be more powerful than Li Zeliang, who had a strong background? There was absolutely no second one!

The reason why Duane came to Li Zeliang was that he wanted to build a relationship with him.

"Mr. Lin, this is my private business card. I have a 24-hour clear private phone number on it. If you need me, please call me, Mr. Duane." Li Zeliang handed out a business card and gave it to Duane.

"Okay." Duane took the business card with a smile.

"Senior Li, I still have something to deal with, so I have to go now." Duane said.

"Okay, I'll see Mr. Lin off in person," Li Zeliang said with a smile.

The secretary and agency next to him secretly sighed. Usually, those famous big shots came to visit Li Zeliang. Li Zeliang asked his secretary to send them to see him because of his health.

Today, Li Zeliang was going to see Duane off in person, which showed that Li Zeliang attached great importance to Duane.

In this way, Li Zeliang walked Duane all the way to the door of the house.

"Senior Li, let's see you off here." Duane turned around and said.

"Mr. Lin, I'll do it for you now. Call me if you need anything," Li Zeliang said with a smile.

After saying goodbye to Li Zeliang.

Bennett, standing at the door, caught up with him and asked, "Duane, how is it? Did you succeed?"

The white shark didn't go in earlier and waited for Duane at the door, so he didn't know what was inside.

"Of course." Duane nodded with a smile.

"Great! With Li Zeliang's power and influence, it will be easy to deal with the Ye family." Bennett jumped up excitedly.

Duane smiled and nodded. After which, he raised his head and looked at the sky. He smiled and said, "That's right. This time around, the Ye clan is finished!"

At the end of his words, Duane's eyes were filled with a strong desire to kill.

Then, Duane waved his hand and said, "Let's go to the Ye Family! Today, we should settle the

accounts for what I have done to the Ye Family!"

Since the Ye Family destroyed the Gorgeous tripod enterprise, Duane had been thinking of killing the Ye Family to avenge his family all the time, but his strength was not enough.

Today, Duane had enough strength and had attracted enough power.

This was a chance for revenge.

"I've got it!"

The white shark nodded and followed Duane into the car. Then, the car sped directly towards the Ye family.

In the hall of the Ye's villa.

Dozens of top figures of the Jin City's political business community gathered in the hall.

The Ye Family held a family banquet today, inviting these people to have dinner. The whole hall was very lively.

Zhou Jun's father was also present.

There was also the Bureau of Lands, the Bureau of Lu, and the Bureau of Industry, the Bureau of Guo.

Even the most awesome Zheng Shu-ji of the Capital was present.

After all, Zheng Shuji was the most powerful person in Jindu. The first time he attacked Gorgeous tripod enterprise, it was the Murong Family who asked Zheng Shuji to operate it.

"Dear bosses, I propose to give a toast to Chairman Ye. Congratulations to him for unifying the Jin City's business." Zheng Shuji stood up and said.

The bosses present all got up, picked up their glasses, and toasted Ye Guangde.

Everyone knew that after the Ye Family integrated the Zhao Corporation and the Gorgeous tripod enterprise Group, it had become a unicorn-like existence. In addition to the power behind the Ye Family, they could only respect the Ye Family.

"Thank you for your kindness and contribution to destroying the Gorgeous tripod enterprise. Zheng Shuji contributed a lot. I'd like to propose a toast to him alone." Ye Guangde raised his cup and said.

Bradley also got up with a glass of wine and toasted with his father.

Peng!

A loud noise suddenly rang out.

All the people present turned their heads and

found that the door of the villa had been kicked open.

Under the gaze of the crowd, two figures slowly walked in.

They were Duane and Bennett!

"Isn't... isn't that Zehi's grandson, Duane?"

"Yes, yes, yes! It's Duane! I've seen him at the charity party last time!"

"Isn't he dead? Why did he suddenly appear?"

...

The moment the bosses saw Duane, they immediately burst into an uproar. They all thought that Duane was dead.

After Zhou Jun of the Zhou family saw Duane, his face suddenly changed. He was the one who killed his son.

"Duane!"

When Bradley and Ye Guangde saw Duane, their pupils suddenly twitched and their faces were full of shock.

Especially Bradley, he had seen Duane jump off the cliff with his own eyes. Now, seeing Duane's figure, his heart was naturally in turmoil.

"Duane, are... are you a human or a ghost?"

Bradley got up and shouted.

After Bradley's scolding, the whole hall quieted down, and everyone looked at Duane.

At this time, Duane had walked to the center of the hall and stopped.

"Of course I am human. Bradley, you must not have thought of it. I fell into the cliff and didn't die." Duane showed a cold smile.

When he saw Bradley again, Duane's chest was burning with endless killing intent.

"Humph, then how dare you come back to Jiangdu without finding a place to spend the rest of your life? How dare you come to me?" Bradley said with a sneer.

Although Bradley felt that Duane would be fine even if he jumped from such a high place and it was incredible, the facts were in front of him.

Duane narrowed his eyes slightly and said in a cold voice, "Hypocrite? Sorry, that's not my style. I'm going back to Jindu to destroy your Ye Family and take back everything that belongs to me!!!"

"What? Destroy the Ye Family? Taking back everything that belongs to you? Just you two alone? It's a big joke, hahaha!" Bradley laughed out loud.

Bradley and his father were not the only ones laughing.

In everyone's eyes, Gorgeous tripod enterprise had already collapsed, and Duane was a cripple. Moreover, the Ye Family was attached to the Murong Family. It was simply impossible to destroy the Ye Family for revenge!

"Come on, catch these two people!" Ye Guangde waved his hand.

"Dad, wait a minute!" Bradley waved his hand.

Immediately, Bradley stood up and said with a smile, "Duane, since you have overestimated yourself and come here in person, I will grant your wish and kill you myself today."

For Bradley, he wanted to kill Duane with his own hands last time, but Duane jumped off the cliff and didn't give him the chance.

This time, Duane came to his door. For Bradley, he could kill Duane with his own hands.

"Bradley, do you want to fight with me?" Duane smiled coldly.

"What do you think?" Bradley's face was full of a confident smile.

Bradley said as he slowly walked toward Duane.

"Well, let's have a one-on-one fight today. I will make you sincerely accept your defeat!" Duane also showed a confident smile on his face.

If it was in the past, Duane would certainly not have the ability to fight with Bradley alone. After all, Bradley was from the Dragon's Special Forces and had won the championship in the military contest. He was really good at martial arts.

But Duane was no longer what he used to be!

Chapter 335

"One-on-one fight with me? You want me to be sincerely convinced? Haha, what a big joke! What qualifications do you, Duane, have to fight one-on-one with me, Bradley!" Bradley laughed out loud.

The giant crocodiles present also laughed out loud.

"Haha, this Duane is really funny. Bradley was the special- forces soldier who won the championship in the military competition and had excellent skills. Duane has never heard that he knew kung fu. He and Bradley fought one-on-one. There is no difference between them and they are looking for death."

"Maybe Duane has no way to deal with Bradley except one-on-one, haha."

"From the last charity party, I think Duane is quite smart. It seems that we think too highly of him."

"Let's wait and see. This Duane is dead today."

...

In everyone's eyes, Duane was simply overestimating himself.

Duane laughed at their discussion.

Because Duane would soon prove it to them.

"Who is the real strong one!"

At this time, Bradley had already taken off his coat and walked to the open space in the middle. Duane also came here.

"Bradley, I will defeat you with my own hands and trample you under my feet!"

Duane narrowed his eyes and stared at Bradley, with coldness flashing in his eyes.

"Haha, come on then!"

Bradley laughed loudly. He didn't even treat Duane as an opponent, because in his eyes, he could knock out Duane with one punch.

"Take this one punch of mine!"

Without hesitation, Duane threw a punch at Bradley.

This punch of Duane's was full of power, and the speed of his punch was astonishingly fast.

"What's that?"

When Bradley felt the power of Duane's fist, the smile on his face instantly froze, and his

pupils suddenly twitched.

Because of the terrifying power contained in Duane's fist, even his heart was trembling!

He could not believe that Duane's fist could be so powerful.

"Boom!" "Boom!"

Your fists arrived at Bradley in an instant. Bradley had no choice but to raise his hand to block.

Peng!

After hitting Bradley with his fist, Bradley was hit and flew backward. He slammed into a table behind him and knocked it over.

Pu!

Ye Yulong hit the ground and spat out a mouthful of blood.

"Hiss! So fierce!"

"How could he be so strong!"

All the people present were shocked to see that Duane punched Bradley and made him spit blood.

No one expected that Duane was so powerful.

Duane stared at Bradley, who was lying on the

ground like a drowned mouse. He sneered and said, "Bradley, you are so weak that you can't even take one punch from me!"

It was absolutely enjoyable to be able to knock an enemy down with his bare fists!

Of course, with Duane's current strength, he could actually kill Bradley with one punch.

However, if he let Bradley die like this, it would be too easy on him. Duane wanted him to suffer a fate worse than death!

"Internal Strength! Damn it, damn it! How did you suddenly have internal strength!"

Bradley gritted his teeth and stared at Duane, his face full of disbelief. He was very familiar with Duane. He knew that Duane was just an ordinary college student who didn't know any martial arts at all.

But he just clearly felt that there was internal force in Duane's fist.

"Why? It seems that I don't need to report it to you." Duane smiled.

At this time, Bradley had already covered his chest and struggled to stand up.

Ye Long spat a mouthful of blood, and then shouted with a ferocious face, "Hum, so what if

you have internal strength? I think you are at most at the Void Dan stage. Want revenge? You're still far from that! And without the help of power, it's impossible for you to destroy our Ye family with your force alone!"

At this time, Bradley's father, Ye Guangde, had also stood up.

"Brother Yi, I'll have to trouble you to take action. Deal with this kid," Ye Guangde said.

Murong Yi, who was drinking, slowly stood up.

"Ye Family Head, Young Master Ye, there's no need for you to panic. I'll take care of it." Murong Yi said indifferently.

When Duane attacked just now, Murong Yi felt Duane's realm, which was at the Void Dan Stage. He saw that Duane was so young, so he must have broken through to the Void Dan Stage not long ago.

It had been six years since he broke through to the Void Dan Stage. His realm strength was very solid. Among those in the same realm, he could be considered as strong. He was confident that he could take on Duane without any problems!

Following which, Murong Yi stepped forward

and slowly walked in front of Duane.

"You're the one who killed John, aren't you? Today, I'm going to use your life to sacrifice the heavens to him!!!"

Duane's tone was sharp, his fists clenched so tightly that they crackled, and his eyes were full of killing intent!

Thinking of John's death, Duane felt very sad.

"You want to take revenge? Junior, I'm afraid you don't have the strength to do so." Murong Yi sneered disdainfully.

At that moment, Bennett walked up to them.

"Duane, this Murong Yi is also at the Void Dan Stage. Furthermore, judging from his age, he should be at least forty years old. His cultivation time shouldn't be short, so he should be quite strong among those at the Void Dan Stage. It might be difficult for you to deal with him alone, but with the two of us joining forces, we should be able to defeat him," said Bennett.

Even if they were in the same realm, there would definitely be some differences in strength. Those who had just stepped into the illusory Dan stage, and those who had already been in the same realm for a long time, were about to step into the next realm. There was definitely a

difference in strength.

As Bennett spoke, he was rubbing his hands as he prepared to join forces with Duane to deal with Murong Yi.

"Bennett, let me fight him alone. Can you help me? If I can't defeat him, it won't be too late for you to attack him again," Duane said.

Since Duane became a cultivator, it was the first time for him to fight with a cultivator, and their realms were the same. Therefore, Duane looked forward to fighting with him alone to see how much strength he had compared with his opponents in the same realm.

"Alright." Bennett nodded.

In Bennett's view, Duane and Murong Yi were in the same realm after all. Even if Duane couldn't beat him, at most, he would be at a disadvantage, so he wouldn't be beaten too badly. Moreover, as long as the situation wasn't right, Bennett could join the battle to help Duane at any time.

"Murong Yi, die!"

Duane roared and then threw a punch at Murong Yi.

Murong Yi also waved his fist and clashed with Duane.

Peng!

After the two fists collided into each other, Murong Yi took several steps back and only stopped after taking five steps back!

"What a powerful force!"

Murong Yi's arm trembled slightly. He felt that his entire arm was a little numb.

"Wow, Duane is so powerful!"

When the White Sand saw this, it shouted in joy.

Ye Guangde and Bradley's facial muscles twitched when they saw this scene. They'd thought that Murong Yi was stronger than Duane.

He hadn't thought that Murong Yi would be at a disadvantage in the first exchange.

Bradley, Ye Guangde, and Murong Mei were all sweating on Murong Yi's behalf.

After all, the Murong Family had sent an expert like Murong Yi to watch over the Ye Family. If Murong Yi was defeated, they wouldn't be able to find an even stronger person to deal with Duane.

"Brother Zheng, hurry up and call the special police team to come to our rescue." Ye Guangde said to Zheng Shuji anxiously.

"I've called the emergency line, and the special police team will come in five minutes. Don't worry." Zheng Shuji said calmly.

When Ye Guangde heard this, he was relieved. As long as the special police team arrived, even if Duane was a cultivator at the Void Core Realm, he would be finished.

"Humph, so what if you, Duane, have become a cultivator? It's wishful thinking for you to seek revenge without the help of power and influence!" Ye Guangde sneered.

In the field.

"No wonder it's the Cultivation Method of Sword Master. It's really amazing." Duane showed a satisfied smile.

The exercises that Duane practiced were given to Duane by the Dark Darkness Sword Master. At that time, the Dark Darkness Sword Master had said that it was much better than those cultivation methods on the earth.

Now, it seemed that it was true.

After practicing this kind of powerful Cultivation Method, Duane's strength was much stronger than that of the cultivators in the same realm as him on the earth.

"Murong Yi, today is the day you die!" Duane revealed a cold smile.

After that, Duane took action again.

"Bang bang bang!"

The two instantly exchanged blows.

Duane had no actual combat experience, but after Duane fully broke out his strength and speed, these two aspects were obviously stronger than Murong Yi's, which was enough to make up for Duane's lack of actual combat experience.

There is a saying that goes, a strong man can beat a hundred people. That's the reason.

Under Duane's powerful offensive, Murong Yi was continuously losing ground.

"Dammit, his strength and speed are already on par with that of the real Dan stage. How could this be! He's obviously at the Void Dan stage!" Murong Yi, who was continuously losing, was clearly unwilling to accept this.

Although Duane was only at the Empty Dan Stage, his strength, speed, and so on were on the same level as those at the True Dan Stage.

Peng!

After another fist-to-fist collision.

Murong Yi's face turned pale as he spat out a mouthful of fresh blood.

At this moment, Murong Yi was already injured and could at most display seventy percent of his strength. As the battle dragged on, the outcome of his defeat was decided.

"You lost." Duane calmly stared at Murong Yi.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 336

Kid, so what if you lose? I have the entire Murong Family backing me up. I advise you to obediently get the hell out of here. If you dare to kill me, if you dare to kill anyone in the Ye Family, even if you challenge the entire Murong Family, you will definitely be finished!" Murong Yi said fiercely.

"I'm sorry. Your life and the life of the Ye Family, I'm determined. It's useless even if the Jesus City comes. !! Tell me! Tell me!" Duane's eyes were full of killing intent.

"Want to kill me? Dream on!" A sinister smile appeared on Murong Yi's face.

"Life Forbidden Art, get out!"

Murong Yi shouted out explosively.

After his explosive shout, Murong Yi's aura suddenly rose up.

The Life Forbidden Art was used at the cost of burning vitality. After it was used, it could improve one's strength in a short period of time.

The only result, however, was that his life was compressed. Once he used it, at most he would

live another ten years, and then he would die.

It was a very easy move to learn, but normal cultivators would never use this move unless they were forced into a dead end and risked their lives to learn it.

Murong Yi had used the Forbidden Spell of Life. It was obvious that he'd been forced into a dead end.

"Boy, go to hell!"

After unleashing his life force, Murong Yi actually took the initiative to throw himself at him.

Ye Guangde and Bradley silently prayed in their hearts that Murong Yi would be able to last until the special police team arrived. As long as the special police team arrived, the situation would be clear.

In the field.

"Bang bang bang!"

Murong Yi and Duane once again exchanged blows.

After using the Forbidden Life Technique, Murong Yi's current strength was already comparable to that of a real Dan stage martial artist. Therefore, it was hard to tell who was stronger between him and Duane for a while.

"Ha-ha, I'm happy!" Duane was full of smiles and did not panic at all.

For Duane, what he lacked the most now was actual combat experience. Fighting with Murong Yi now could improve his actual combat experience.

At this moment, Murong Yi seized a hole in Duane's move and threw a punch towards Duane.

"Dong dong dong!"

Duane stepped back a few steps.

The white shark, who was standing behind and watching the battle, hurried forward to support Duane.

"Duane, let me join you. With the two of us joining forces, we'll definitely be able to defeat him," said Bennett.

"There's no need. I still have my ace up my sleeve." Duane revealed a smile and was not nervous at all.

Then Duane took the Blood-red Sword off his back.

"Ding!"

He unsheathed his precious sword.

This was Duane's first time using the Blood-

red Sword in actual combat.

"Murong Yi, if you can make me use the Scarlet Blood Sword, then even if you die, it's enough for you to be proud." Duane squinted his eyes and said.

Then, Duane directly stabbed with his sword.

"It's a sword!"

Murong Yi's pupils violently twitched. He wasn't good at any weapon.

However, the sword had already stabbed over, and Murong Yi had no choice but to retreat continuously. At the same time, he picked up a baseball bat from the rack next to him to block the sword.

"Ding!"

After the baseball bat collided with the Crimson Blood Sword, the baseball bat was cut into two in an instant, but the Crimson Blood Sword didn't stop. It pierced straight through Murong Yi's defenses and entered his chest.

In an instant, blood flowed out.

"How... how could it be so sharp!"

Murong Yi's eyes widened. He hadn't thought that the sword in Duane's hand would be able to chop the baseball bat into two with such ease.

The remaining strength even easily broke through his body's defenses.

In the next moment, Murong Yi lowered his head and immediately lost his breath. After all, the sword had already pierced through his heart.

Murong Yi had died just like that!

The murderer, Duane!

Duane pulled out the Crimson Blood Sword, and Murong Yi also fell to the ground, with blood flowing all over the ground.

The strange thing was that there was no bloodstain on the sword. It deserved to be called a treasure sword.

Duane looked up and murmured, "John, the person who killed you is dead, and your soul in heaven can rest in peace."

At this moment, all the people in the room were dead silent.

Bradley, Ye Guangde, Murong Mei, and even the giant political Crocodile all turned pale.

"Dammit, Uncle Yi is so strong, yet he's still killed by him. How could this fiend be so strong!" Bradley was envious, jealous, and resentful.

In Bradley's eyes, Duane used to be a good-for-nothing and a good-for-nothing third-

generation rich man. He never had any ability, so he always looked down on Duane.

But now, Duane's strength had already far exceeded his, and he needed to look up to him, even to the point that he could not catch up with him!

This made Ye Long feel very uncomfortable in his heart.

In addition, Murong Yi was their strongest backer in terms of martial strength. They had lost their backer after Murong Yi's death.

"Why haven't the special police team come yet?" Ye Guangde was also burning with anxiety.

With Murong Yi's death, the current situation meant that the special police team was their last source of support and hope.

As long as the special police team arrived, they could ask the special police to kill Duane and turn the situation around.

Although a cultivator was powerful, a cultivator of the Void Core Realm would definitely not be able to deal with a team of special police who were armed to the teeth. The power of a thermal weapon was absolutely not to be ignored.

There were very few cultivators in the era of

the late arts. Because of the power of thermal weapons, their cultivation could not meet the cost-to-performance ratio.

An ordinary cultivator who had cultivated for more than ten years had reached the Void Core Realm. An ordinary person would be able to get rid of him with a rifle.

"Master Ye, don't worry. We should be arriving soon." Zheng Shuji looked at his watch.

Peng!

At this time, the door of the villa was pushed open with a loud bang.

"Reinforcements are coming! They must be coming!" Ye Guangde looked excitedly at the door.

Zheng Shuji and the others also turned to look at the door, their faces full of anticipation.

Under the gaze of all the people, a team in military uniform with rifles rushed into the house and surrounded the whole house.

"What's going on? I called the armed police, but why are they the army?" Zheng Shuji looked puzzled.

Zheng Shu-Ji knew clearly that his authority was that he could call the armed police, but he absolutely had no right to call the army.

"Master Ye, is this the person you're calling?" Zheng Shuji asked as he looked at the Master Ye.

Although the Ye Family Head was a businessman, the old Master of the Ye Family used to be a general in the military. He had a military background.

"I... I didn't scream!" Ye Guangde was also confused.

Although the Ye Family had a military background, they did not dare to mobilize the army at will. They were not the largest military area, so they mobilized the army at will. Once the opponents reported it, it would be very troublesome for the higher-ups to investigate.

At this time, the leading Lieutenant Colonel quickly walked up to Duane.

"Mr. Lin!" The Lieutenant Colonel saluted Duane.

"Creak! Creak!"

After seeing this scene, all the people present were confused. What was going on? Were these people called by Duane?

In particular, Bradley and his son's faces were full of shock and confusion.

"Where did he, Duane, get the military

background? Why did a team of people come? What's going on?" Bradley gnashed his teeth and growled.

Just then, another group of people in suits and badges walked in from the door.

"I'm a member of the Discipline Commission!"

Zheng Shuji took a look and found that these people were all the Committee of Discipline Inspection. The person who walked in the forefront was Lu Cheng, the Committee of Discipline Conference of Xichuan Province.

"Old Lu, what kind of wind has brought you here?" Zheng Shuji stood up with a smile on his face.

"Old Zheng, I invited you to the Discipline Commission to have tea." Lu Cheng looked serious.

"Old Lu, you must be kidding me. Who's with who?" Zheng Shu's face was wreathed in smiles.

"Do I look like I'm joking?" Lu Cheng's face darkened.

Then Lu Cheng waved his hand and said, "Cuff her."

"Yes sir!"

The people behind Lu Cheng directly rushed forward to place their bets on Zheng Shuji.

Lu Cheng continued, "And the country's Director Lu, the industrial and industrial Director Guo, as well as Zhang Quan and Wu Weiguang... take all of them away and accept their investigations."

The seven or eight important people on the table were suppressed.

Each and every one of these characters was a big fish that could cause Jindu to tremble with fear.

Seeing Lu Cheng take it seriously, everyone's face became ugly.

"Lu Cheng! What are you doing! At the same time, you caught so many important people of us Jindu. Do you want Jindu to stop? You are too bold! Who gave you the guts to do that?" Zheng Shuji shouted.

"Old Zheng, you even sent the army out. Don't you see that? It's Commander Li's order." Lu Cheng said with a smile.

"What! Senior Li!" Zheng Shuji was shocked.

After hearing what he said, all the people present were also shocked. "It turns out that the

group of people who just rushed in was sent by Senior Li?"

God, how could Senior Li suddenly intervene?

"How could this be?" Ye Guangde and Bradley were also anxious.

These people were all part of the Ye Family's web of connections, and Zheng Shuji was part of the Murong Family's web of connections.

If these people were taken away, it meant that the Ye Family's network of connections, even the Murong Family's network of connections, would suffer a devastating blow!

 [Watch Ads to Get 15 Vouchers](#)

Chapter 337

Take all of them away!"

With Lu Cheng's order, these giant crocodiles were all taken away from the villa.

Right at this moment, the Zhou Family's Family Head's phone rang.

"What? Our company has been sealed off? Our company's account is also frozen?"

The head of the Zhou family received a call and all the industries under his jurisdiction were checked. The Zhou family was originally a gray industry and could not afford to be checked at all. Therefore, the Zhou family had been submitting to the Ye family and let the Ye family be the protector of the Zhou family.

Ye Guangde's phone suddenly rang. He saw that it was a call from the group's general manager.

"What did you say? All the subsidiary companies of the group have been seized? The head office has also been seized, and the company's bank account has been frozen. Are you going to be taken away? How could this be! How

could this be!" Ye Guangde roared unwillingly.

After hanging up the phone, a new phone call came in quickly. The bank called him to inform him that his private account was frozen because it was suspected of violating the rules.

The company had been sealed, the account had been frozen, and the relationship network had been destroyed.

The vast Ye's Group was facing a sudden collapse!

"Who is the one behind this? Who is the one behind this?" Ye Yulong also roared angrily.

"Didn't you see it clearly? I did everything." Duane smiled.

"You? I don't believe it. What qualifications do you have to ask Senior Li to help you like this?!" Bradley looked like he didn't believe it.

"Apart from me, could there be anyone else? Furthermore, I actually dared to come and seek revenge today. Do you think that I am truly a fool who would dare to come and seek revenge without relying on anyone else? I've said before that I'm here to destroy your Ye Clan today." Duane's tone was sharp.

Although Bradley didn't want to believe it, he

knew that other than Duane, he couldn't think of anyone else.

However, Bradley did not think through it. Duane actually had the relationship with Senior Li. This was not worth even the Ye Family or the Murong Family's efforts.

Duane showed a cold smile and continued, "Bradley, when Gorgeous tripod enterprise was sealed, you came to see me and made a fool of me. Today, it should be my turn to make a fool of you."

"You... you..." Bradley's face turned ashen.

"What? Are you very angry in your heart? Do you want to beat me? Come on and beat me. If you beat me, I will lose!" Duane smiled.

Bradley clenched his fist with a cracking sound, but there was nothing he could do because he couldn't defeat Duane.

"Don't worry, Bradley. Everything I can bear will be thousands of times more than what I can bear. It will be tens of thousands of times more than what I can repay you." Duane slightly narrowed his eyes, and there was an astonishing cold light flashing in his eyes.

Immediately after that, Duane waved his hand and said, "Bennett, bring Ye Guangde here!"

The white shark nodded and walked straight to Ye Guangde.

No one dared to obstruct the white shark wherever it passed.

Ye Guangde didn't have any strength to resist. Because he had Murong Yi's protection, he didn't carry a gun with him. The gun was placed in the room.

Just like that, Bradley's father, Ye Guangde, was brought in front of Duane.

Ye Guangde's face was pale and full of despair.

He knew that Commander Li helped Duane, and he lost!

"Duane, the Murong Family is behind the Ye Family. If you dare to hurt my son and me, the Murong Family will never let you go. Your strength is no match for the Murong Family!" Ye Guangde said fiercely.

Now, Ye Guangde could only use the reputation of the Murong Family to suppress Duane and scare him.

Duane sneered, "What a joke. I even killed Murong Yi, how could I be afraid of the Murong Family's revenge? To be honest, after destroying

your Ye Family, my next goal is to destroy the Murong Family."

After hearing this, Ye Guangde's facial muscles suddenly twitched. Even the reputation of the Murong Family couldn't suppress Duane. Now he had no way to fight against Duane.

"Duane, can you give me and my son a chance to live? We will return Gorgeous tripod enterprise Group immediately, and Ye Group is also yours. You can ask me whatever you want, as long as I can do it!" Ye Guangde gritted his teeth and said.

Ye Guangde had just seen Duane's strength with his own eyes, and he also had Commander Li to help Duane. He knew that Duane could take action now and kill him and his son.

Therefore, his last resort was to bow to Duane and beg for mercy. He really had no other choice.

"If you are begging me, kneel down and beg me!" Duane held his arms.

"I... I'll kneel!"

After thinking for a while, Ye Guangde had no choice but to agree.

Ye Guangde knew that his social network had

been destroyed and Murong Yi had died as well. Although he still had the support of the Murong Family, it was absolutely impossible for the Murong Family to rush over and provide aid in such a short amount of time.

The Ye family was now the fish on Duane's chopping board. They could only be slaughtered by Duane.

After Ye Guangde finished speaking, he gritted his teeth, knelt on the ground, and knelt down in front of Duane.

"Father!" Duane called out.

Bradley roared when he saw his father kneeling down. When had the Ye Family ever been humiliated like this?

"Duane, I've knelt down and begged you as you said." Ye Guangde looked at Duane.

"You are not enough. Your son, Bradley, has to kneel down," Duane said while looking at Bradley.

Bradley's facial muscles twitched violently. He, Bradley, had never knelt down to anyone and asked him to kneel down. Moreover, he asked him to kneel down to his enemy, Duane. It was like asking him to die!

"Rulong, kneel down!" Ye Guangde shouted at

Bradley.

"No! I won't kneel!" Bradley gritted his teeth, his face turning livid.

"Don't you kneel? Then I will kill your father first and then kill you," Duane said while drawing his sword out of the sheath.

"Wait a minute!"

"I... I'll kneel!"

In the end, Bradley chose to yield.

Then, Bradley gritted his teeth, forced himself to kneel down to Duane.

Bradley was known as the God's favored son of the younger generation of the capital. With countless glory on his body, he had a very high opinion of himself and always looked down on anyone.

But at this moment, all of his halos dimmed. His dignity had been ruthlessly taken away by Duane.

The bosses present saw Bradley and Ye Guangde kneeling down. They all sighed. Before Duane's arrival, the father and son of the Ye Family had already reached the top of the Jindu. It seemed that no one could move them at all, so they could only look up and worship them.

But now, the father and son of the Ye Family were kneeling on the ground awkwardly and became Duane's prisoners. This change was simply too fast.

"Duane, we have already knelt down. Can you let us go?" Ye Guangde said in a pleading tone.

"No!" Duane shook his head with a smile.

When Duane and Ye Guolong showed up, Ye Guangde's and Bradley's faces suddenly changed.

"You... you are messing with us!" Bradley roared at Duane with a pale face.

"That's right. I'm just messing with you guys. What's the matter? I didn't say that I'll let you go if you kneel down," Duane said with a sneer.

"You! You! I'll kill you!"

Bradley, who had become angry from embarrassment, clenched his sandbag-like fist and rushed forward, about to hit Duane. In his anger, his fist almost broke out with all his strength.

If this punch landed on Duane's former body, Duane would not die but would be seriously injured.

Unfortunately, Duane had already been reborn and was no longer the weak Duane.

But now, the father and son of the Ye Family were kneeling on the ground awkwardly and became Duane's prisoners. This change was simply too fast.

"Duane, we have already knelt down. Can you let us go?" Ye Guangde said in a pleading tone.

"No!" Duane shook his head with a smile.

When Duane and Ye Guolong showed up, Ye Guangde's and Bradley's faces suddenly changed.

"You... you are messing with us!" Bradley roared at Duane with a pale face.

"That's right. I'm just messing with you guys. What's the matter? I didn't say that I'll let you go if you kneel down," Duane said with a sneer.

"You! You! I'll kill you!"

Bradley, who had become angry from embarrassment, clenched his sandbag-like fist and rushed forward, about to hit Duane. In his anger, his fist almost broke out with all his strength.

If this punch landed on Duane's former body, Duane would not die but would be seriously injured.

Unfortunately, Duane had already been reborn and was no longer the weak Duane.

"Bang!" "Bang!"

As soon as the fist arrived in front of Duane, Duane grabbed Bradley's fist and made his fist unable to move.

"You're not qualified to beat me." Duane sneered.

Then, Duane gently exerted his strength.

"Ow, oww!"

With a sad and shrill scream, the bones in Bradley's wrist were crushed directly by Duane.

Then Duane slapped Bradley to the ground with one palm, and then stepped on his back to step on Bradley!

Bradley wanted to resist, but Duane stepped on him so hard that he couldn't resist at all.

"Bradley, the current you is just an ant in my eyes. Do you understand? As long as I want to kill you, it's just a matter of a moment." Duane looked down at Bradley from a high position.

Indeed, Duane could step on Bradley to death with a little force.

"F*ck! F*ck! F*ck!"

Bradley roared angrily. Duane's humiliation of him made him full of anger, and he was about to

explode. Most importantly, he could do nothing about it.

"Duane, I know I'm wrong. I apologize to you. Please let go of me and my son!" Ye Guangde begged.

"Let you go? Well, sign this contract and I'll give you a way out."

Duane took out a contract and a pen and threw them to Ye Guangde.

Chapter 338

Ye Guangde saw that it was a property transfer contract. The contents of the contract was that all the property of the Ye Family, including the entire Ye Group, would be transferred to Duane.

"After you sign the contract, you will let me and my son go? Are you sure?" Ye Guangde confirmed with Duane again.

"Yes, I, Duane, keep my word." Duane nodded.

"Okay, I'll sign it!"

Ye Guangde could only nod. Then he picked up the pen and signed the contract. It was now a dead end, and it was the most important thing to save his life.

Finally, it was done.

"Duane, the contract has been signed. Can you let go of my son and me?"

Ye Guangde handed the signed contract to Duane as he spoke.

Duane took the contract and checked it to make sure that there was nothing wrong with it.

"Well, I'll let you go first."

After he finished speaking.

"Ding!"

A crisp sound was heard as the sword was unsheathed.

The Blood-red Sword had already pierced into Ye Guangde's chest.

"You... you... you don't keep your promise. You... you break your promise!" Ye Guangde glared at Duane with his round eyes.

"I, Duane, always keep my word to my friends. When it comes to my enemies, I don't need to keep my promise," Duane said calmly.

Duane narrowed his eyes and continued, "Don't worry, your Ye Family will soon go to hell and meet you. From the day you destroyed the Huajun, I have told you that I will destroy your Ye Family!"

Hearing this, Ye Guangde showed a look of despair. "Is he and the Ye Family going to die just like that?"

A sense of despair and regret welled up in Ye Guangde's heart.

Duane pulled out his sword, and Ye Guangde also fell to the ground with a thud. There was no

breath left, only his eyes were still wide open, as if he was saying his unwillingness.

The head of the Ye family, who had an awe-inspiring reputation, died just like that.

The murderer, Duane!

The bosses present saw Ye Guangde die like this, and they also sighed in their hearts.

This was the head of the Ye Family. The Ye Family was the head of the four major families in the capital. Recently, after destroying Gorgeous tripod enterprise and the Zhao Family, it became the existence of the unicorn. Moreover, it was backed by the Murong Family. In their eyes, this was a terrifying existence.

However, Ye Guangde just died like this!

While they were shocked in their hearts, they looked at Duane with more respect.

"Dad!!!"

Seeing his father being killed, Bradley roared hysterically. The blue veins on his forehead and neck bulged, and his face turned red.

Bradley rushed to his father and held him up, crying bitterly.

However, Duane had no mercy for him.

If his grandfather had hidden in the Linshire Taoist Temple before, his grandfather had already been killed by him, as well as John and himself. Would Bradley take pity on him? No!

"Bradley, do you feel pain in your heart? That's right. I just want to kill your father in front of you and make you suffer!" Duane looked ferocious.

"You bastard! Bastard! Bastard!" Bradley roared angrily.

Bradley wanted to kill Duane, but he just couldn't beat Duane.

Duane grabbed Bradley by the collar and asked coldly, "Bradley, tell me, where is John's body?"

John was dead. Duane had to bury him well and then worship him every year, so Duane had to find John's body.

"You want to know? Dream on! Haha! I won't tell you even if I die!" Bradley laughed.

"F**k you!"

Enraged Duane directly punched Bradley in the face, causing him to fall to the ground.

"Don't you want to tell me? Then let me torture you!"

Duane raised the sword in his hand and

stabbed Bradley in the palm of his hand, nailing him to the ground.

"Ow, oww!"

Bradley let out a scream.

Then, Duane took out another dagger.

"Bradley, I will cut off your body one cut after another. In other words, I will cut you into pieces until you say so!" Duane said with a cold look in his eyes.

Given Duane's strength, he could have killed Bradley a long time ago, but why didn't Duane kill him?

It was too easy for him to kill Su Mo with one stroke. Duane wanted to torture him to death.

What's more, Duane needed to find out the whereabouts of John's body.

"Cut us into pieces?" The muscles on Bradley's face twitched suddenly.

It was a thousand cuts, and it was also known as buffering. This was the cruelest of the ten most cruel tortures in ancient times. It required a thousand cuts, and only when the last cut was used could the executioner be stabbed to death.

Each cut was as big as a fingernail until the

bones of the dead appeared. From beginning to the end, one usually needed a day, and the body and mind of the tortured had to suffer a lot.

Bradley was well aware of this.

"Bennett, attack!"

Duane handed the dagger to the Bennett.

Bennett nodded, then stepped forward and began to punish Bradley.

As pieces of flesh were cut off, Bradley kept screaming in pain.

Most importantly, Bradley was desperate. He could not think of a way to reverse the situation. He knew that he was completely defeated by Duane, and his life was already in the hands of Duane.

"I'll talk! I'll talk!" Bradley couldn't bear the roar.

"Say it!" Duane looked at Bradley.

"That day, after you jumped off the cliff, we returned to the place where we defeated John, and he disappeared." Bradley said, gritting his teeth.

"Disappeared?" Duane's pupils twitched.

Duane hurriedly asked, "Before you defeated him and chased after me, is he still angry?"

"You... still have a breath left," Bradley said.

"In that case, it's very likely that John didn't die?" Lin Dazzled as he walked out.

According to Bradley's statement, it was very likely that John was not dead!

Thinking of this, Duane went wild with joy.

Although it was just a possibility, at least it was a hope!

If John didn't die, he didn't know where he was right now, and what would happen to him?

"Duane, I've said what you asked. Please... please don't kill me!" Bradley, who was on the ground, pleaded.

"Then let's change the way, waist cut!"

After Duane finished his words, he directly swung his sword at Bradley.

Pu!

With a slash of his sword, Bradley was cut in half and separated from his waist.

The cut in the waist was one of the top ten cruel tortures.

The main organs of a person's body were all on the upper body, so after being cut into two parts from the waist, they would wake up and die

after a long time.

In this period of time before death, he needed to bear the pain and torture of flying people.

"Ah ah ah ah! Ah ah ah ah!"

Bradley screamed in pain, and his shrill voice was heard all over the place.

Bradley could never have imagined that he would end up in such a state and die in such a way.

Thinking that he was about to die, Bradley finally felt a little regret. If he had known the result earlier, he would never have done the right thing with Duane again.

Unfortunately, what he had done could not be changed.

When the bosses present heard Bradley's shrill scream, their scalps went numb and their faces turned pale. Some of the more timid bosses couldn't help but vomit.

Duane turned around and walked slowly to the table.

These bosses all lowered their heads, and many of them were trembling. Obviously, they were frightened.

Duane glanced around and then asked in a

cold voice, "Is there anyone who is not convinced by me? Is there anyone who wants to stand up for the Ye family?"

Duane's voice was not loud, but it was full of aggressiveness. Every word could make the hearts of the bosses present tremble.

A fat boss stood up, bowed to Duane and said, "From now on, our Wu family will follow young master Duane's lead!"

"From now on, I, Wang Yongbin, respect young master Duane!" Another boss also quickly stood up and bowed.

"Young Master Duane is the most respected member of our Yunrun Group!"

"My Zhu Family follows the lead of young master Duane!"

...

For a moment, all the giant crocodiles present got up and surrendered one after another. Their voices were sonorous and their attitude was respectful.

They knew that this time, the Jin Capital had changed once again. Jindu would no longer be surnamed Wu, it was about to change its surname to Lin!

Moreover, Duane's means of killing Ye Guangde and Bradley had deeply impressed them.

All of this was witnessed by Bradley, who was still alive. Before he died, he could only watch as Duane climbed to the summit of the Golden Capital....

After scanning the room, Duane fixed his eyes on a man, the Master of the Zhou family.

Duane knew that the Zhou family had been helping the Ye family, and they were the lackeys of the Ye family.

After the head of the Zhou family felt Duane's gaze, he trembled with fear.

"Duane Master, please spare my life!" The Master of Zhou family quickly knelt on the ground and begged for mercy.

"Helping the Zhou family harm my Gorgeous tripod enterprise. Your son tried to kill me many times. Do you think I'll let your family off?" Duane squinted and said coldly.

Then, Duane waved his hand and said, "Bennett, kill him!"

After this experience, Duane understood that if the grass was cut off, the grass would grow again, and the spring wind would blow again.

Devin of Qingyang City was an example. At that time, Duane was too kind to him. As soon as Duane was down, he immediately came to revenge.

The Master of the Zhou's must hate Duane. If he did not kill him, he would definitely take revenge on Duane if he had the chance!

 [Watch Ads to Get 15 Vouchers](#)

Chapter 339

The white shark directly walked in front of the head of the Zhou family.

"No! Don't! Let me go!" Fear was written all over the Zhou Family's face, and they were shivering all over.

"Go to hell!"

The white shark grabbed hold of the head of the Zhou family's neck and then squeezed it hard.

"Ka Chak!"

Master Zhou's neck was directly pinched off by the white shark, and then collapsed to the ground.

This scene made everyone present tremble with fear, especially the boss sitting near the family head of the Zhou family. He was trembling with fear.

How could the head of Zhou family, one of the Four Great Families in the Golden Capital, die like this?

For the bosses present, this was simply shocking.

At this time, Duane turned his eyes to one person, and that would be the traitor's iron leg.

After Gorgeous tripod enterprise and Xu Dong were conferred the title, they betrayed Duane and turned to the Ye family.

Just a moment ago, Duane noticed that the iron leg, as a bodyguard, had been standing in the house all the time.

Then, Duane put his hands behind his back and slowly walked to the front of the iron leg.

When Iron Leg felt Duane's gaze, he quickly begged Duane, "Duane, I know I was wrong! I was fooled by the Ye Family at that time. Now my brain is awake. I am willing to continue to serve Duane in the future!"

Pa!

Duane slapped the iron leg in the face.

"Swindled? Do you think I'll believe you? When I'm down and out, you're unwilling to follow me. I can understand that, but you've turned to my enemies. In that case, you'll also become my enemy," Duane said coldly.

After he was down and out, Duane would understand if Iron Leg no longer followed him. At most, Duane would be a little disappointed with

him and would not find trouble with him.

However, he was willing to work for the Ye Family. This was absolutely intolerable for Duane!

"On account of our past friendship, I'll give you a chance to live. Pick your tendons and then get out of Xichuan Prefecture!" Duane said coldly.

The muscles of his iron leg twitched, and he picked the tendons of his hand, and then he would be disabled!

Duane narrowed his eyes and said, "What's wrong? You don't want to do it? If you want me to do it, it's not picking your tendons, but your life!"

When the iron leg heard this, he could only nod. Then he picked up a Western food knife on the table and cut the wrist tendons on his right hand.

"Get out! Don't let me see you again." Duane waved his hand.

Iron Leg gritted his teeth and nodded. Then he quickly turned around and left in disgrace.

After the iron leg left, Duane slowly walked forward.

"As far as I know, Bradley is engaged to the Murong Family by marriage. Which one of them is the daughter of the Murong Family?" Duane

asked.

As soon as Duane finished his words, all the bosses present turned their eyes to Murong Mei.

At this moment, Murong Mei, who was sitting at the table, was almost hiding under the table. When she saw Duane kill Murong Yi, her heart was already filled with fear.

When Duane killed Bradley, she didn't dare to stand out because she was afraid. She knew that no one could deal with Duane today.

So she had been hiding in the crowd, praying that Duane didn't know her existence. After Duane left, she could escape back to the Murong Family.

Now that the name had been called, Murong Mei was naturally scared to death.

"Bennett, bring him here!" Duane said.

Bennett nodded, then rushed up to grab Murong Mei and took her to Duane.

Duane fixed his eyes on Murong Mei. Murong Mei was fat and ugly, which made him want to eat.

"You look so ugly, but Bradley is really good-for-nothing." Duane couldn't help but sigh.

"Big brother, please let me go!" Murong Meimei begged Duane.

As Murong Mei spoke, his tone suddenly attacked Duane.

"My gosh, it smells so bad!"

"Ugh!" she retched.

After Duane smelled Murong Yuetong's bad breath, he couldn't help but vomit with his hands covering his nose. The smell was too strong.

Then, Duane turned to look at Bradley, who was still breathing, and said, "Bradley, is this your wife? It's amazing that you can bear such a wife!"

Bradley, who was still struggling, opened his mouth, but he couldn't hear what he was saying.

At this time, Murong Mei grabbed Duane's arm and said, "Brother, as long as you're willing to spare me, I'm willing to serve you all night. Men like this."

Murong Mei knew that moving out of the Murong Family would not frighten Duane. After all, the Ye Family had already moved in before, so she could only think of other ways.

Duane covered his nose and said, "I think it's better to let you die. I said, I was going to destroy the Murong Family. You are a member of the Murong Family, naturally, you are also included."

As soon as he finished speaking, Duane

pinched Murong Mei's neck directly.

"Ka Chak!"

Murong Mei's neck was instantly twisted off, and she fell straight down.

Duane looked back and saw that Bradley had already fallen down at this time. Obviously, he had died.

When he met Bradley for the first time in Qingyang City, he was like a mountain pressing on Duane's heart, making Duane feel depressed all the time.

Looking at Bradley's body and the mountain pressed on Duane's chest, which finally disappeared, Duane let out a long sigh of relief.

This kind of feeling was unspeakably pleasing!

"Everyone, where is the elder of the Ye family?" Duane looked at the bosses.

Although Duane killed Ye Guangde and Bradley, as well as Bradley's grandfather, Duane was bound to get rid of him. If Duane said that he would destroy the entire Ye family, he would absolutely break his promise.

What's more, the old master of the Ye Family was the one with the highest status in the Ye

Family, so it would be even more difficult for them to keep him alive in the future.

One of the bosses stood up and said, "Master Lin, as far as I know, after the retirement of the old man of the Ye family, he was engrossed in practicing martial arts. After the union of the Ye family and the Murong family, Master Ye stayed in the Murong family and did not practice martial arts in the capital."

"In the Murong Family?" Duane muttered.

Duane continued to mutter, "If that's the case, I'll let him live for a little longer. The day he exterminates the Murong Family will be the day he dies!"

Gorgeous tripod enterprise had closed down, and the Murong Family was an accomplice behind the scenes. Duane swore that he would destroy the whole Murong Family, and Duane would definitely do that.

It was just that Duane's current strength was at the Void Core Realm. It was not appropriate for him to go to the Murong Family for revenge now. Duane planned to go to the Murong Family for revenge after his realm was upgraded to one more level.

"Bennett, let's go," Duane said.

Next, there would be Mr. Li's people to deal with the scene, so Duane didn't have to worry at all.

The bosses present looked at the back of Duane as he left. They were all very clear that in the following days, Jindu's victory would be greatly shaken again, and the whole pattern of Jin City would once again be faced with a big washing in the cards!

...

After walking out of the Ye family, Duane received a call from the bank, indicating that his bank account had been unsealed.

As for his own Xudong Group, it was naturally unsealed. The Xudong Security Company under Xudong's control, the mining company, could be resumed at any time.

Both the Gorgeous tripod enterprise Group and the Zhao Group had long been untied by the Ye Family and were transferred to the Ye Family's name.

However, before Ye Guangde died, he had already signed a contract with Duane to transfer all the assets of the Ye family to Duane's name.

In other words, the three groups, Gorgeous tripod enterprise Group, Zhao Group, and Ye

Group, were now under the name of Duane.

Originally, among the four great clans of the Golden Capital, the properties of the three great clans were all held in Duane's hands.

The rest of the Zhou family was also destroyed by Duane. Next, Duane would definitely rob the estate of the Zhou family.

At this moment, it could be said that the businesses of the four families were all in Duane's hands.

At that time, Duane would be in the business world of Jindu, even the business world of Xichuan Province, and even the business world of the three southwestern provinces. Duane's power would not be shaken by anyone, and it would not be too much to say that he dominated the business world in this region.

After leaving the Ye family, Duane convened a luxury motorcade and rushed to the detention center of the Golden Capital.

As for those who were locked up because of him, Duane should have come to pick them up.

The news of the Ye Family's destruction spread quickly.

At the gate of the detention center.

After waiting for a while, Duane saw Poison Teeth and Li Zongdi coming out from inside.

"Venomous Teeth!"

Duane rushed up and gave Poison Teeth a big hug, which made him even more excited.

Duya was taken over as the general manager of the capital of Xudong Security Company, so he was caught.

"Duane, when I was locked up in prison, I heard that you were killed by the Ye Family. I just heard from the staff that you came to pick me up. I'm so happy!" Poison Teeth was very excited.

For Poison Teeth, Duane was his benefactor. He helped him keep his old house. He swore to be loyal to Duane for the rest of his life. When he heard the news that Duane was killed, Poison Teeth was also very sad.

Chapter 340

"Look at how lively I am now. It's not so easy for the Ye Family to kill me." Duane said with a smile.

Duane turned to look at Li Zongdi and said, "Uncle Li, you have suffered."

Li Zongdi was not only the general manager of Gorgeous tripod enterprise, but also the elder of Gorgeous tripod enterprise Group. Following his grandfather, he made Gorgeous tripod enterprise bigger along the way. He was the hero of Gorgeous tripod enterprise.

"Duane, we were supposed to be trialed in the court soon. As a result, we suddenly received a notice saying that the investigation was wrong and we were released without being guilty. What... what is going on? According to the Ye Family's means, how could they let us go?" Emperor Li Zongdi was very curious.

"Yes, Duane, how did the situation suddenly change?" Poison Teeth was also curious.

After they were arrested, their criminal records were soon confiscated, and the hearing date had been fixed. It had only been a few days,

but they were suddenly released today.

"Because the Ye Family has been destroyed by me. I naturally have to save you." Duane said with a smile.

"What?! The Ye Family was destroyed by you?" Emperor Li Zong was shocked.

Venomous Teeth's face was also full of shock.

"Duane, you... you're not joking, right? The Ye Family received the support of the Murong Family, and even your grandfather was helpless. Did you destroy the Ye Family?" Emperor Li Zongzong couldn't believe it.

Emperor Li Zong was very clear that after the Ye Family got the support of the Murong Family, both its power and force were unshakable. He couldn't imagine how Duane could destroy the Ye Family.

"Uncle Li, if the Ye Family is not eradicated, will you be released all of a sudden?" Duane asked with a smile.

"That's true." Emperor Li Zong nodded.

Then, Emperor Li Zong gave a thumbs up and said, "Duane, you really created a miracle. Your grandfather really didn't misjudge you! You are

really amazing!"

Just because Duane could destroy the Ye family, Li Zongdi had to bow down in admiration of Duane.

"Uncle Li, let's return Gorgeous tripod enterprise to us. Next, there must be a lot of things in the group to deal with. I'm afraid that you will have a chance to rebuild Gorgeous tripod enterprise and let him return to the right track," Duane said.

"Don't worry, leave this to me. I'll deal with it now." Li Zongdi nodded in agreement.

Duane looked at Venomous Teeth and said, "Venomous Teeth, I also have an important thing to give you."

"Duane, feel free to command me. Even if there is a sea of fire under the mountain of knives and swords, I won't refuse." Poison Teeth's voice was sonorous.

"Xudong Security Company has been unsealed now. Call our people back quickly, and then take your people to clean out the remaining members of the Ye Family. Kill all the immediate relatives of the Ye Family!" Duane said seriously.

Duane once swore that it was definitely not a joke to destroy the entire Ye Family.

"Alright, Duane. Leave this matter to me. I will definitely eliminate the remaining members of the Ye clan with the fastest speed possible." Poison Teeth nodded in agreement.

"In addition, I also destroyed the Zhou family. After you wipe out the remaining members of the Ye family, you begin to rule over the entire underground forces of the capital and take over all the industries of the Zhou family," Duane said.

"No problem, Duane!" Poison Teeth nodded.

With Duane's current influence, if he wanted to rule the entire underground forces in Jindu, absolutely no one dared to oppose Duane. There was absolutely no one who dared to say no. After all, even the Ye Family had been destroyed by Duane.

"By the way, Duane, why didn't I see Brother John?" Poison Teeth asked.

Duane hesitated for a moment and said, "John, he... I don't know where he is now. He was injured to protect me and his whereabouts are unknown. Maybe he is dead, but maybe he is still alive."

"What!?" Lei Zheng was shocked.

"So, I have another very important thing to ask you to do," Duane said.

"Alright, Duane. Leave this matter to me. I will definitely eliminate the remaining members of the Ye clan with the fastest speed possible." Poison Teeth nodded in agreement.

"In addition, I also destroyed the Zhou family. After you wipe out the remaining members of the Ye family, you begin to rule over the entire underground forces of the capital and take over all the industries of the Zhou family," Duane said.

"No problem, Duane!" Poison Teeth nodded.

With Duane's current influence, if he wanted to rule the entire underground forces in Jindu, absolutely no one dared to oppose Duane. There was absolutely no one who dared to say no. After all, even the Ye Family had been destroyed by Duane.

"By the way, Duane, why didn't I see Brother John?" Poison Teeth asked.

Duane hesitated for a moment and said, "John, he... I don't know where he is now. He was injured to protect me and his whereabouts are unknown. Maybe he is dead, but maybe he is still alive."

"What!?" Lei Zheng was shocked.

"So, I have another very important thing to ask you to do," Duane said.

"Duane, it's your order!" Poison Teeth nodded.

"Start up the relationship network between the police and the underground forces, spread out the picture of John, and offer a large reward to find John! Remember, find him at all costs! To live, to die, to see the body!" Duane said firmly.

"Okay, Duane. I'll do my best!" Poison Teeth nodded firmly.

Duane also looked up at the sky and murmured, "God, you must bless John to be alive. You must bless me that I can reunite with John!"

After the two of them received the order, they immediately joined the mission.

Duane drove the car and went straight to Zhao Ling's neighborhood.

Now, Duane had turned the tables. Now that the Zhao Group had fallen into Duane's hands, Duane would return the Zhao Group to the Zhao Family no matter what. It was the principle of his life!

Duane parked the car in the parking lot outside the community and then walked into the community.

At the gate of the community.

A Mercedes-Benz slowly came out of the

community.

"Dee dee dee!"

An ear-piercing vuvuzela sounded. Seeing this, Duane took a few steps to the side and gave it a way out. Then Duane continued to walk into the community.

When Duane passed by the Mercedes, the Mercedes suddenly stopped.

Then, the window of the co-pilot was slowly rolled down.

"Duane, it's you!"

A familiar voice sounded.

Duane turned around and found that the woman sitting in the co-pilot seat was Fifi, his university girlfriend!

Duane still clearly remembered that he was dumped by Fifi before he and his grandfather recognized each other. The next day, Duane took office in the Qingyang branch of Gorgeous tripod enterprise Group and fired Fifi and her boyfriend.

At that time, Fifi also begged Duane to give her a chance, but Duane did not give her a chance.

Since then, Duane had never seen her again. Of course, Duane had never inquired about her because Duane was not interested in her.

Duane never thought that he would meet her here!

"Fifi, it turned out to be you. I haven't seen you for a long time. You have been riding fast since you were riding a BMW. It seems that you are getting better and better." Duane smiled.

"Of course, if I leave you, I can still live a good life. But you, I heard that Gorgeous tripod enterprise is finished, and you have become a poor boy who has nothing?" Fifi covered her mouth and said with a smile.

The news that Gorgeous tripod enterprise was done was in the headlines of the local news. Of course, Fifi knew it.

It could be seen that Fifi was very happy when she learned that Gorgeous tripod enterprise was done.

"That's right." Duane said with a smile on his face.

Sitting in the driver's seat was a bald middle-aged man. He turned to Duane and said with a smile, "Oh, this is Zehi's grandson, the young master of Gorgeous tripod enterprise Group. Mr. Lin, I've heard a lot about you!"

Seeing this, Fifi quickly said, "Duane, let me introduce him to you. The driver next to you is my

boyfriend Luo Yongcheng, the general manager of Tianquan Hotel!"

The tone of Fifi's voice was full of arrogance, as if she was showing off to Duane.

Duane took a look at it and then sneered, "Fifi, you are getting older and older. The one you have been looking for before, at least he is still a young man, but now you are looking for this kind of person? I really admire you."

Upon hearing this, the middle-aged man sitting in the driver's seat was immediately unhappy.

"Boy, how can you say that! Do you want to die? Do you really think you are still the young master of Gorgeous tripod enterprise? You are nothing now, and I can slap you to death. Believe it or not?" The middle-aged man said angrily.

Fifi covered her mouth and smiled secretly. Then she hypocritically said, "Duane, you should apologize to my boyfriend quickly. If you really annoy him, you can't afford the consequences. You only need to apologize. On account of our past friendship, I will help you to plead for mercy. Maybe my boyfriend will spare you."

"Apologize?" Duane showed a playful smile.

"Fifi, I know. You really want to see me make a

fool of myself, but I have to tell you that the Ye Family has been destroyed by me, and Gorgeous tripod enterprise has also returned to my hands. Both the Ye Group and the Zhao Group are now in my hands. In my eyes, your boyfriend is not even a fart," Duane laughed and said.

"Puff, Duane, it seems that you want to continue to be a rich third generation, don't you?" Fifi sneered.

Obviously, Fifi didn't believe it at all.

The middle-aged man in the driver's seat also sneered and said, "Boy, you still want to make a comeback? I think you're an idiot. I warn you, if you don't apologize to me immediately, you'll have to bear the consequences."

"I'll also tell you that if you don't apologize to me, you'll have to bear the consequences!" Duane said with a sneer.

Just then, the radio of the Mercedes suddenly rang out the news of Gorgeous tripod enterprise.

"Dear friends, there is a latest news, that Ye Guangde, chairman of Ye's Group, and his son Bradley, were preyed on because of many illegal transactions and suspected of framing Gorgeous tripod enterprise Group, and were arrest."

"In the arrest, the two of them were killed in

law because of resisting the arrest by force. Gorgeous tripod enterprise Group was also wronged and the relevant personnel of Gorgeous tripod enterprise were also released from justice. After this incident, the Jin City Commercial Bank will certainly start a change again."

...

After hearing the radio, the smile on Fifi's and the fat middle- aged man's faces suddenly stopped.
