

Chapter 371

"That's right, Chairman. I'm guessing that this is all done by this 'Mr. Lu's' father," the general manager said.

"It seems that we have far underestimated his ability..." The owner of the fish business gnashed his teeth and said.

"Chairman, what we should do is to contact him and apologize to him in order to remedy the situation." The general manager said urgently.

"That's the only thing we can do." The owner nodded helplessly.

...

On the other side, in Qingyang City.

At this time, Duane was having dinner with the fat man, Amin.

"Duane, the news is all over the news about the fishing business. Last night, 15 percent of the stock of the fishing business had hit rock bottom!" Sean said excitedly.

"This is just the beginning." Duane's eyes slightly narrowed.

At this time, Duane's mobile phone rang.

"Hello." Duane answered the phone.

"Hello, Mr. Lu's father, I'm Zhou Cheng, the owner of the fish business. I made a special phone call to apologize to you. The night before yesterday, a bug appeared on the list. I'm really sorry. On behalf of the fish business, I solemnly apologize to you." The owner of the fish business was very respectful.

"Boss Zhou, you are really arrogant. That night when we competed for the ranking list, I called you so many times and asked to call you. Not only did you not call me, but you also tried to play dirty tricks on me. Now you know that you have called me?" Duane sneered.

It was already in Duane's expectation that the owner of the Dou Yu restaurant would call him.

"Brother, I had a brain problem at that time. I realized my mistake and wanted to remedy it."

"Is this okay? We will be the new champion. Let's get an official to apologize to you publicly, and beg you to give us a chance to fish, okay?" The owner pleaded.

Duane sneered, "Now you know you're wrong? Now you know you're begging me? I don't think you know you're wrong. You're afraid, aren't you?"

"In any case, I'm here to apologize. Please give me a chance, okay?" The owner of the fish business kept a low profile.

"You want me to let you go at this point? You must be dreaming! I've said I'll wipe you out for fishing, and I'll do what I said!"

After that, Duane hung up the phone directly.

"Duane, is it the phone call from the douyu boss himself?" Sean asked.

Duane shook his head and said with a smile, "Yes, he came here to beg me to let him go. He won't give up until he sees his coffin. In the beginning, he gave them a chance, but they didn't take me seriously. Now, as soon as my revenge arrives, they will be afraid. It's really wishful thinking for me to let him go."

Lobb had called Duane to report on the progress several times. The progress was smooth. After all, there was plenty of money to pave the way. It was easy to do those things.

According to the current situation, as long as there was no budget to support the douyu, it was only a matter of time before it was over.

"Fishing is meant to be! Who told them to play the dirty game? Who do they think they are easy to bully?" said the fatty angrily.

"Here comes Fatty Amin. Let's toast. After this meal, I am ready to return to the capital." Duane raised his wine glass.

...

On the other side.

In the Jing City, the fish fighting headquarters.

Duane, the owner of the fish business, hung up the phone, and his face naturally looked very bad.

Thinking of the crisis Duane was in now, the owner had to clench his teeth and tried to call Duane several times, but the voice prompt told him that Duane's phone had been turned off.

The fish business owner knew that Duane didn't intend to give him a chance at all.

"Damn it! He didn't even give me a chance." The owner of the Dou Yu restaurant hit the table with his fist.

"It's all because of Jiang Xiaorou. If it wasn't for her seeking Young Master Zhu's help, and if it wasn't for her forcefully fighting with Sally, this wouldn't have happened, and it wouldn't have put me in a dangerous situation," the Douyu boss said fiercely.

"Chairman, in my humble opinion, in this situation, it's better to ask Young Master Zhu for help. After all, he asked us to do something in Sally's broadcast room so that Sally won't be able to receive any gifts," the general manager said.

"That's right, why didn't I think of this!" The owner of the Marine Casino suddenly realized something.

"Let's not talk about anything else. As long as the Zhu family is willing to provide funding, we will buy a group of big streamers from other families. Then we will invest money and save shares. If we survive this crisis, we will have a chance to win!" The general manager said.

"Okay, I'll call Young Master Zhu now."

The Dou Yu boss immediately took out his phone and dialed the number.

After the phone was connected.

"Hello, Mr. Zhu, I'm Zhou Cheng, the owner of the fish business." The owner of the fish business said in a very respectful tone.

"Tell me, what's the matter?" Young Master Zhu asked.

"Young Master Zhu, you asked me to give a gift for Sally's broadcast room as a reward,

allowing Jiang Xiaorou to win the championship. It's precisely because of this that we angered that Godly Hero, Young Master Lu's father, who supported Sally. He is revenging on Sally now, you have to help me!" said the leader of the fish business.

"Really? I also saw the news online. Your fishing website and app collapsed first, and a large number of streamers were poached, causing the stock price to plummet. In this way, are these all done by Mr. Lu's father?" Mr. Zhu asked.

Early this morning, the stock price of the worrisome market dropped sharply, and news, Weibo, headlines and so on were spread on the Internet. Young Master Zhu naturally saw it.

Nowadays, as long as people on the Internet knew that Dou Yu was in danger, and many netizens speculated that all this had something to do with Master Lu's father.

As for the identity of the Deity-like Mr. Lu's father, it became more and more fascinating on the internet.

"Yes, Mr. Zhu, this is all done by that person. Mr. Zhu, I did what you asked me to do, so that I offended that rich man. You must help me!" The owner of the fish business said urgently.

"Then tell me, how do you want me to help?" Mr. Zhu asked.

"I need a large amount of money to tide over the difficulties. As long as Young Master Zhu can help me to sponsor three billion dollars and add my own deposit, I should be able to tide over the difficulties," the owner said.

Although the douyu boss owned a lot of assets, he owned 30 percent of the shares, which were the most in his assets. Unless he sold his shares, it would be difficult for him to reproduce, so the cash balance he had was limited.

"Three billion? You must be dreaming!" Master Zhu roared.

"Well... If three billion yuan is too much, then two billion yuan will be fine," the fishmonger said with a hollow laugh.

"No, I don't have a penny!" Master Zhu said firmly.

After hearing this, the owner's expression froze.

"Young Master Zhu, you... you can't do this. I did what you ordered, so I offended that great man. You can't ignore me." The owner of the fish business said urgently.

"It's none of my business. Don't come with me. Even if you closed your business, what does it have to do with me?" Master Zhu sneered.

Then, there was a beeping sound of hanging up the phone.

Peng!

"You son of a b*tch!"

The owner of the fish business was so angry that he smashed the phone to the ground.

"Mr. Zhu, the damn bastard, he is so shameless. I helped him and caused trouble for me, but he didn't care!" The owner gnashed his teeth and roared.

The fish-fighting owner was angry, but he couldn't do anything about it. After all, Childe Zhu had a great power in Jingcheng City. He didn't care about it, and there was nothing he could do about it.

"President, Mr. Zhu is a villain. He doesn't care about favors. It's not surprising that he doesn't care about them at all," the general manager said.

"What should we do now? God wants me to die." The owner of the fish business looked anxious.

"Chairman, now is the only way. We can only

continue to find that "master Lu's father" to get his forgiveness and let him stop." The general manager said.

Then, the general manager got close to the owner and once again discussed the matter with him.

...

On the other side.

Qingyang City.

During the contest for the championship for the 'Fans of the Fish', Duane said that after the fight for the championship, he would investigate Sally's plagiarizing time.

Duane decided to return to Jindu first, and then go to the capital city to personally investigate the case of Sally's plagiarizing. Duane always thought that Sally couldn't be plagiarizing, and there must be something else.

And if this matter wasn't too clear, then Sally would forever be blamed and abused by others over this matter!

Therefore, Duane must find out the truth of the matter!

As for fishing, Duane believed that it would not last long, and it would lead to extinction

unless someone was willing to throw money at it.

Just then, Duane's cell phone suddenly rang.

Duane took a look and found it was a strange number.

"Hello, who is it?" Duane answered the phone.

"It's Duane, right?" A cold voice came from the other side of the phone.

Duane was sure that he had never heard this voice before!

"Yes, I am Duane. Who are you?" Duane asked vigilantly.

"Let me introduce myself. My name is Murong Jing, the current Patriarch of the Murong Family." The voice on the other end of the line was deep and cold.

Chapter 372

Master Murong? Duane was stunned.

Duane didn't expect that the head of Murong would call him.

"Head of Murong Family, what do you mean by calling me?" Duane asked in a cold voice.

"I'm going to inform you that your girlfriend, Julia, is now in my hands." The Patriarch of Murong Family said with a smile.

"What did you say?!"

After hearing this, Duane's pupils suddenly twitched and his voice became sharp.

Duane had never dreamed that he would suddenly hear such news.

"Master Murong, are you lying to me?" Duane calmed down and asked in a cold voice.

"Cheating you? Haha, I'm not that stupid. If you don't believe me, I'll let you hear her voice!" The Patriarch of Murong Family laughed.

Then, Julia's voice came out of the phone. "Duane, they are setting a trap for you. Don't worry about me!"

After hearing Julia's voice, Duane's heart trembled, his hands had been clenched into a fist, and his eyes instantly burst out an astonishing meaning.

At this time, the Murong Family's master's voice came from the other side of the phone again.

"Duane, if you want to save her, come to the Murong Family to save her. I will give you three days. If you don't come for more than three days, I will kill her and then send your body back to you!" The Master of Murong Family said.

"Master Murong, don't blame your parents, don't harm your wife and children. This is the law of Jianghu. As a cultivator, you actually played such a trick. You are too despicable!" Duane shouted in a harsh tone.

At this time, Duane's eyes had already flashed with an amazing cold light.

The dragon had reverse scales. If you touched it, you would die!

It was obvious that the behavior of the Master of Murong had touched the nail on Duane's neck!

"You should have heard a saying, 'do whatever it takes to reach your goal'. You can choose not to come and save her. Anyway, if you don't appear in

three days, I will kill her. In addition, I will send the address of Murong Family to your mobile phone." The Head of Murong Family said with a smile.

After saying this, the head of Murong directly hung up the phone.

"Murong Clan!!!" Duane gazed at the void with endless fury in his eyes.

Duane had fought with the Great Elder and the Second Elder of the Murong Family last time. Under the joint efforts of the two of them, they were evenly matched with Duane.

Duane knew in his heart that if he went to the Murong Family to save people alone, he would not only have to deal with the First Elder and the Second Elder, but also the entire Murong Family.

Once he broke into the Murong Family's home alone, it would be the same as jumping into the fire pit!

This was obviously a trap set up by the Murong Family.

However, it was impossible for Duane not to save Julia. Even if Duane knew that it was a fire pit, he would jump into the fire pit to save her!

"Julia, wait for me! I'll come and save you soon!"

Given Duane's character, it was impossible for him to ignore Julia. Otherwise, he would not be called Duane!

...

On the other side.

In the Murong Family.

After the Patriarch of Murong hung up the phone, he smiled and sent the address of the Murong Family to Duane through text message.

He wanted 100% of Duane's presence. Naturally, he was afraid that Duane would not be able to find a place, so he sent the addresses to Duane very intimately.

After the first and second elders failed their mission the last time, they had come up with a plan to 'please the king for his help'. After a thorough plan, they had already completed it.

"Patriarch, as long as that kid is not stupid, he knows how dangerous it is to come here to save a person. If he chose to abandon his woman and did not come to save Murong Family, then our plan would be in vain." Second Elder said.

"Don't worry, I have checked him. This kid is very loyal. I believe that even if he knows that coming to the Murong Family to save people is a

trap, he will definitely jump into it." The Patriarch of Murong Family revealed a cold smile.

...

On the other side.

John called Duane.

"Duane, where are you now? I found that sister-in-law Julia seemed to be missing." John said.

"The Murong Family has taken Julia away." Duane's tone was cold.

"What? Sister-in-law has been taken away by the Murong Family?" John was shocked.

Then, John said with self-accusation, "Duane, it's all my dereliction of duty. It's my fault that I failed to do my job of protection."

If Duane was not there, John would naturally be protected in secret, and Duane's loved ones would be loved.

However, John was now also practicing. At night, he was practicing in the villa that Duane gave him. He guessed that the Murong Family must have started at this time.

"It's not your fault. Even if you find out, even with the strength of the Murong Family, you can't stop them." Duane said.

"Duane, what should we do now?" John asked anxiously.

"Let's go to the Murong Family to save people!" Duane said in a firm tone.

"Duane, don't rush over. If you charge into the Murong Family alone, you will definitely die." John said solemnly.

"Of course I know that it's dangerous, but you know me well. It's impossible for me not to go. If you encounter any danger this time around, even if it's a pit of fire, I'll still jump into it to save you." Duane said solemnly.

The John on the other end of the line nodded. Of course, he knew this.

"Duane, I know, but saving someone doesn't necessarily mean that you can enter the Murong Family alone. Why don't you go to the Yangliu Taoist temple and ask for your help? If you go with us, the chances of saving someone will be much higher." John said.

"Why didn't I think of this!"

Upon hearing this, Duane's eyes lit up.

After hanging up the phone, Duane rushed to the Linshire Taoist Temple without stopping.

The Taoist master of the Linshire Taoist

Temple, also known as Bennett's master, Duane guessed that his strength was probably at the Golden Dan Stage!

If Master Bennett had gone to the rescue team with Duane, with the addition of the Bennett, Duane would have a lot more confidence.

...

In the Yangliu Taoist temple.

Duane parked the car outside and then rushed into the Taoist temple.

"Duane, why are you here?"

When the people who were practicing martial arts in the yard saw Duane, they greeted him with a smile.

"Bennett, where's your master? I have something to discuss with him." Duane said with a serious face.

"My master is in the inner hall. I'll take you to Duane."

After saying that, Bennett led the way.

Seeing that Duane's expression was not quite right, Bennett asked while leading the way, "Duane, what happened?"

"Julia was taken away by the Murong Family.

They used Julia to threaten me and let the Murong Family save her within three days. If not, kill Julia." Duane looked serious.

"What? Sister-in-law has been captured by the Murong Family?" Bennett was shocked.

"Duane, as a reclusive clan, the Murong Family is powerful. If you go alone, you'll be jumping into a fiery pit. This is definitely a trap set up by the Murong Family on purpose!" Bennett said urgently.

"Yes, that's why I came to your master for help. If he helps me, I'm sure I can save him," Duane said as he walked.

"My master is a Golden-stage warrior at the Dan stage. He might have a chance to win if he has the help of my master, but..." Bennett's face showed that he was helpless.

At this time, Bennett had gone to the inner hall with Duane.

The Daoist priest was sitting in the hall.

"It's benefactor Duane. Please take a seat." The Taoist smiled and waved his hand.

"Taoist Priest, I have come today to ask for a favor. I hope you will do me a favor." Duane said with a serious face.

"When you gave me the pill last time, I said that I owed you a favor. If Miss Duane has anything to say, you can just say it." The Taoist said indifferently.

"My girlfriend was caught by the Murong Family. I want to go to the Murong Family to save people. I hope that you can help me to go up the mountain with me to save people." Duane came straight to the point.

"Donor Duane, the Master of the Murong Family is at the Golden Dan stage. The other two Elders are at the True Dan stage and eight Guardians at the Void Dan stage."

"The family members who haven't extended their internal strength are even more numerous. Even if I go with you, I won't be able to save you even if I'm more confident than you." The Taoist leader shook his head and said.

"How do you know if you don't try? I know that if you go up the mountain, you'll have to risk your life. But even if you fail, with your strength at the Golden Dan stage, you'll be able to escape unscathed." Duane said.

After a pause, Duane continued, "As long as you are willing to help me with this, I can give you a few more elixirs."

"Benefactor Duane, it's not that I'm afraid of danger, it's not that I'm unwilling to help. When I first went up the mountain to build a temple, I swore not to have any relationship with the eight hidden clans of Hua Country and the four major cultivation sects. I can't violate my oath." The Taoist leader shook his head and said.

Chapter 373

"Taoist Priest, if you have any other requirements, you can mention them. As long as I can do it, as long as you are willing to help me this time, I, Duane, owe you a big favor. If you have any help in the future, I will never refuse!" Duane looked serious.

Duane knew very well that if he got the Taoist's help, he would have a better chance to save Julia.

If the Taoist priest refused to help, Duane alone would go to the Murong Family to save people, and it would be almost impossible for him to survive!

That was why whether the dao elder would help or not, it was extremely important!

"Donor Duane values friendship and loyalty. I admire you, but I also have my own difficulties. I hope you can understand." The Taoist said calmly.

Upon seeing this, Bennett pleaded as well. "Master, I beg of you, please help my Duane!"

"Bennett, as a cultivator, I'm very fond of oaths. Once I make some oaths, I'll comply with

them." The Daoist leader shook his head.

"Well, I'm sorry to disturb you."

Duane immediately stood up.

Duane had already seen that the Taoist priest was determined not to help him because he had an oath.

"Donor Duane, I sincerely advise you not to be impulsive."

"If you go to the Murong Family right now and fall right into the Murong Family's trap, not only will you not be able to save him, you will also end up dying. At that time, only two people will die. As a cultivator, patience is very important." The Taoist priest's tone was heavy.

Duane turned to look at the Taoist priest and said in a fierce tone, "Daoist priest, you mean to let me open my eyes and watch my woman die in the Murong Family? Sorry, I, Duane, can't do it!"

"You mean, you must go to the Murong Family to save people?" The Taoist looked at Duane.

"As a man, I don't dare to say how great I am. But at the very least, the land under my feet, my parents, the woman in my arms, and my brothers, I must protect them with my life!"

"So, even if the Murong Family is in a sea of fire and knives, I, Duane, will definitely make it! Even if I have no chance to live, I, Duane, will never regret!!!" Duane said in a loud and firm tone.

After that, Duane turned around and walked out quickly.

"Duane, I'll go with you!"

The white shark chased after him.

The road leader looked at Duane's back and could not help but shake his head and sigh.

"What a loyal and loyal person. If it weren't for my oath, I would have definitely accompanied you on this trip to the mountains of blades and the sea of flames. What a pity..."

The road leader knew that Duane's trip this time was no different from sending himself to his death.

...

On the other side.

After Duane walked out of the Taoist temple, Bennett followed him.

"Duane, I'm at the Empty Dan Stage anyway. I'll go with you!" Bennett said in a firm tone.

Duane turned his head to look at the white

shark.

"Bennett, don't mess around. Stay in the Taoist temple and cultivate. If I don't return from the Murong Family, I'll be counting on you to avenge my family's death when you become strong!"

Duane said as he hit the shark's chest with his fist with a smile.

"Duane, if you want to live together, die together with me! I'll fight with you in a mountain of blades and a sea of fire. Damn it! It's just the Murong Family. I'm afraid of a ball!" Bennett shouted loudly.

Upon hearing this, Duane's heart trembled and he felt a lump in his throat.

"Oh, the wind here is really f**king strong, and the sand has been blown into my eyes." Duane rubbed his eyes, and his eyes were a little red.

With a brother like Bennett, Duane had no regret in his life.

After rubbing his eyes, Duane said, "Okay, Bennett, but you have to promise me that if it doesn't work, you must find a chance to break through."

Duane knew that the white shark was

determined to go with him.

Duane thought it over and over again. If he couldn't save Bennett, Duane would use his life as a shield to protect him.

"As long as Duane allows me to go, I'll agree to whatever you say," Bennett agreed.

"Okay, let's go." Duane nodded hard.

At this time, an SUV drove to the front of the Taoist temple.

Then the car door opened and John got out of the car.

"John, why are you here?" Duane looked at John.

"Duane, how is it possible that you don't take me with you when you go to the Murong Family to save people!" John said as he walked over.

"John, don't joke with me. I know what you're thinking, but Murong Family is full of cultivators and there are many masters. You can't deal with them!" Duane looked serious.

"Duane, I also have inner power now. It's not that I can't help you."

John said as he tried to exert his Internal Strength!

"Innate False Core realm!"

Duane looked surprised because he had felt the internal force in John's body.

The difference between the Postliminary and Preliminary Realm was like the difference between heaven and earth. The three Postliminary Realm (body refining, bone refining, and Qi refining) were all allocations of one's body. Although one's body was much stronger than that of an ordinary person, it was still an ordinary person.

After entering the Natural Realm, one could have internal force and completely become different from ordinary people. This was the dividing line. Only when one really stepped into the Natural Realm, could he or she really enter the door of practice.

"John, you have also stepped into the Connate False Core realm! I have only given you the cultivation method for less than a week. Your speed is just too fast!" Duane was astonished.

After all, it was very difficult to break through the Postliminary Realm to the Innate Realm.

Taking the Murong Family as an example, there were more than a thousand people in such a large Hermit's family.

However, the vast majority of them were at

the Postliminary Realm (body transformation, bone refinement, and qi refinement).

The only ones who could step into the Innate Realm (Virtual Dan, True Dan, and Golden Dan) which could generate inner strength were the Master of the Murong Family (Golden Dan), the two Elders (True Dan), and the eight biggest protection elixirs (Emptiness Dan)

There were only 11 Xiantian cultivators with internal power in total, so it could be seen that the proportion was terrifying.

"Duane, I had a good foundation in the past. Before I started cultivating, I was comparable to a practitioner at the Postliminary Qi Refining Stage. It can be said that I was short of a cultivation method from the Innate Stage to the Innate Stage. You gave me the cultivation method so naturally, I stepped into the Pre-celestial False Core Stage very quickly!" John said.

"Good! You are able to break through to the Innate Realm so quickly and possess internal strength. This is really a good thing!" Duane cheered repeatedly.

"Duane, that's why I must go to the Murong Family this time as well." John's tone was firm.

"Okay!" Duane nodded.

Duane knew the determination of John. Even if he refused, John would be determined to go with him like Bennett.

Therefore, Duane agreed directly.

"This time, we three brothers will break into the Murong Family together!" Duane stretched out his hand.

John and Bennett also reached out their hands and held each other's hands tightly.

"Don't give up, don't give up! We three brothers will fight together in the mountain of blades and sea of fire!" The three people shouted in unison.

Then, the three people got on the cars and went straight to the Murong Family.

With the help of the lone wolf and the white shark, Duane's hope was a little higher, but it was just a little bit. 

The three of them knew very well how dangerous this trip was!

After all, they went to break into the home camp of the Murong Family.

However, the three of them were not afraid at all!

...

The Murong Family.

Inside a small house.

Julia was locked up here.

"Duane, don't come!" Julia looked worried.

Julia knew that the Murong Family deliberately used her to draw Duane here and then kill him.

Two juniors of the Murong family were guarding Julia.

"Damn, this little girl is really beautiful. She is a stunner. Third brother, why don't we deal with her together?" A man with a pointed mouth and skinny cheeks said.

"Well, I've had this idea for a long time." The man next to him also grinned.

Then, the two turned to look at Julia with greed in their eyes.

"Girl, today we will let you have a good time." The two men walked to Julia with a wretched smile.

"You... help me!"

Julia screamed in fear.

Julia, of course, heard the conversation between the two men just now.

"Girl, it's useless to cry your throat!" The two men said as they took off their coats.

Peng!

The door was suddenly pushed open and the Patriarch of Murong walked in.

"Patriarch!"

When the two of them saw the head of Murong Family, they quickly bowed to the head of the household.

"What are you guys doing?" The Patriarch of Murong Clan had a serious expression on his face.

"We... we..." The two stuttered, unable to say a word.

"Clap clap!"

The Patriarch of Murong directly gave them two slaps on their faces.

"Don't tell me I can't guess what you all are trying to do? Remember, as cultivators, you all need to have the arrogance of cultivators. Even though we are doing despicable methods, we still need to have a bottom line!" Murong Family's lord said coldly.

As cultivators, especially the strong ones, they all had a sense of arrogance. Even the

Patriarch of Murong Clan was no exception.

"Yes, yes, yes!" The two could only nod their heads repeatedly.

At this moment, a junior from a family ran in in a hurry.

"Patriarch, Duane has arrived. He is currently in front of the clan's mountain gate. The seven Protectors are already standing at the entrance, confronting him," the junior said anxiously.

"He's here? Very good!"

A cold smile appeared on the head of Murong Family's face...

Chapter 374

The Murong Family was built along the mountain. The entire Murong Family covered a large area, which was equal to an ordinary town. There were about two thousand people living in it, all of whom were direct descendants and collateral relatives of the Murong Family.

At the mountain gate.

The mountain man stood there, Duane, John, and Bennett.

The seven guardians of the Murong Family and hundreds of the Murong Family's disciples stood in front of Duane and the other two. They confronted each other and blocked Duane's way.

Originally, there were eight Protectors in the Murong Family. However, one of them was that Murong Yi. Previously, when he destroyed the Ye Family, he had already been killed by Duane, so there were only seven left.

At the gate of the mountain, a grey-haired old man and a woman in white were standing on the top of a mountain one thousand meters away.

The two of them were secretly watching the

movement at the entrance of the Murong Family's mountain.

The two of them were members of the Gongsun family.

Gongsun Family, a hermit family in the Hua Bei District, had an old grudge against the Murong Family, so they had been secretly sending people here to spy on the Murong Family, to find out every move of the Murong Family.

Why didn't the head of Murong Family dare to go down the mountain and kill Duane? He was afraid that once he left the Murong Family, the Murong Family would be sneakily attacked by the Gongsun Family.

This old man was an expert at the True Dan Stage. He was an Elder of the Gongsun family.

The young lady was actually at the False Core stage. For her to be able to reach the False Core stage at such a young age, in China's cultivation world, she could definitely be considered one of the top.

"Third Elder, who are these three people?" The white-clothed woman asked.

"As far as I know, the leader should be Duane. He is a tycoon in the business world in Huanan, and he has a special relationship with Li Zeliang. I

don't know what kind of opportunity he got, but he suddenly becomes a cultivator at the Void Core Realm. He also has a feud with the Murong Family." The old man said.

"Humph, how dare they come to the Murong Family to cause trouble with just three of them at the mere Emptiness Dan stage? Aren't they overestimating themselves? What's the difference between this and sending themselves to their deaths?" The white clothed lady said disdainfully.

They were all cultivators. When Duane and the other two released their cultivations, they could feel that Duane and the other two were at the Void Core Realm.

"These three people are indeed too reckless. Even if our Gongsun Clan were to seek revenge on the Murong Family, we would not dare to make a move so easily. Let alone the three of them, who are merely at the Emptiness Dan Stage." The old man shook his head.

In their eyes, this was the same as throwing one's life away.

At the entrance of the Murong Family's mountain.

"Ding!"

Duane unsheathed his sword.

"I'm here today to save people. Anyone who stands in my way shall be killed without exception!"

Duane looked ahead, with a sharp light flashing in his eyes.

Then, holding a sword, Duane walked toward the Murong Family. Although Duane didn't have many people, his momentum was not weak at all.

When the people of the Murong Family saw Duane drawing out his sword and coming over, they could not help but step back.

At this time, one of the seven guardians, a bald protector, stood out.

"Brat, you're the one who killed my cousin, Murong Yi's, right? Since you've delivered yourself to me today, I'll take revenge for my cousin!" The bald head protector's voice was loud and clear.

The bald Guardian was the leader of the Eight Great Protectors. Although he was also at the False Core realm, he was the cream of the crop among the firefighters at the False Core realm.

"Duane, this kind of person doesn't need to take action. Let me do it!" John stood up.

"John, I've just reached the level of the False Core stage. If he fights with an opponent of the

same level of the False Core stage, I'm afraid he'll suffer," Duane said seriously.

"Duane, believe me!" John said in a firm tone.

"Well, be careful." Duane nodded.

"I've just entered the False Core stage. I haven't even had the chance to test the power of the False Core stage yet. Today, I'm going to use it as practice." John stared at the bald-headed Guardian.

"A weakling who has just stepped into the Emptiness Dan stage actually wants to use me to practice? Haha, what a big joke!" The bald head protector laughed out loud.

"Ha ha!"

The surrounding members of the Murong Family also burst into laughter.

Because they all know that a bald guardian is the most formidable among the 8 guardians and a new practitioner who has just stepped into the Emptiness Dan stage. What right does he have to challenge a bald guardian?

"Whether it's a joke or not, we'll find out soon enough!" The lone wolf revealed a cold smile.

Then, John rushed out like an arrow and went straight to the bald-headed protector.

"Since he insists on throwing his life away, I'll grant his wish. Don't fight him, and I can take care of him myself!" The bald protector was full of confidence.

After that, the Protector also rushed forward.

"Bang bang bang!"

The battle between the two of them began in an instant.

As soon as he got the upper hand, John had the absolute upper hand. The battle experience of John made the bald guardian retreat one step after another, and he was constantly attacked.

"Damn it, Brother John is so powerful!" Bennett couldn't help but exclaim.

"John deserves to be the top player who has been fighting black boxing for so many years. His combat experience is really enough. Relying on his old experience, he forcefully increased his combat effectiveness by a lot." Duane couldn't help but sigh.

This was like playing a game. In a situation where one's level and equipment lagged behind slightly, one would be able to defeat one's opponent with extremely powerful operations and techniques. This was the logic behind it.

Of course, if the difference in level and equipment was too big, there was no way to make up for it.

It was just like other people's Level Six Divine equipment, which was too low in level and equipment. They didn't have any reaction when hitting others, but other people didn't need to use it at all. They could kill people with a casual attack.

Peng!

The constantly retreating Guardian of the bald head had been found a defensive flaw by the John, and he punched heavily on the belly of the Guardian of the bald head.

Peng!

The bald protector was sent flying backward and landed heavily on the ground.

Pu!

The guardian fell to the ground and spat out a mouthful of blood. His face was pale.

John looked at the bald man and sneered, "Just with that bit of strength, how dare you be so arrogant just now? That's really laughable."

The bald guardian gritted his teeth and his facial expression was extremely ugly. He had

indeed ridiculed John earlier. He did not expect that this person, who claimed to have just stepped into the Emptiness Dan stage, would actually be this powerful!

The surrounding members of the Murong Clan also completely quieted down. They didn't expect that the head of the Eight Protectors, the bald-headed Protector, would be defeated so easily!

At this time, the bald Guardian had been supported by several other Protectors to stand up.

"Let's go together!" The guardian said through gritted teeth.

The other 6 guardians nod.

"Kill!"

The six guardians rushed straight to John. The bald-headed protector wiped the blood on the corner of his mouth and also rushed forward.

"Bennett, let's go. First, we have to deal with the few Guardian at the Void Core realm. Only then will we be less of a threat." Duane held the Blood-red Sword in his hand.

"That's right!"

Bennett nodded as well.

Then, Duane and Bennett also rushed

forward.

After Duane and Bennett released their internal energies, the surrounding members of the Murong family could sense that Duane, Bennett, and John were at the False Core realm.

"Humph, you're really overestimating your abilities. You dare to barge into the Murong Family's hideout just because you're three just at the Emptiness Dan Stage. These three people are just courting death!"

"Even if they're all at the peak of the False Core Realm, there're only three of them. It's impossible for both of them to fight four of them. If the seven Guardians team up, they'll definitely die!"

...

All of the Murong Family's disciples wore disdain on their faces.

To think that three people at the Empty Dan Stage would want to shake the Murong Family? In their eyes, this was simply a fantasy.

On the top of a mountain a kilometer away.

"Earlier, that guy won one on one. However, this time around, he was going to fight seven against three. I'm afraid that the three of them

would definitely be defeated." Said the Hundred Clothed woman.

"That's right. What a pity that the three of them are at the Connate False Core realm." The old man shook his head and sighed.

At the gate of the Murong Family.

At this time, Duane had already rushed to the front of the three Protectors of the Void Core Realm.

When they saw Duane holding a sword, they also took out a knife one after another and were ready to fight Duane with a cold weapon.

"Boy, go to hell!"

One of the Guardians raised his knife and slashed at Duane fiercely.

"Those who deserve to die!" Duane said with a sneer.

At the same time, Duane raised the Blood-red Sword in his hand and slashed it toward Jian Wushuang.

"Ding!"

With the sound of metal clashing, the Protector's sword was cut in half, but the Scarlet Sword didn't stop and instantly chopped at the Protector's neck.

In front of the sharp Crimson Blood Sword, cutting off the head of this Void Dan stage Guardian was as easy as chopping a watermelon.

"Buzz buzz!"

The head of the Guardian was cut off and fell to the ground in an instant, and his head was displaced!

Just in an instant, the Protector was killed. He even lost his life before he could realize what had happened.

One strike, instant kill!

Chapter 375

One of the eight Protectors of the Murong Family had been killed!

Blood dripped along the Blood-red Sword.

After seeing this scene, the surrounding members of the Murong Family burst into an uproar.

They had never imagined that just a single encounter would result in the head of a Protector being cut off. This was just too fierce!

"This person is obviously also at the False Core stage, how could he be so powerful!"

"Oh, my god. It's incredible. How could Protector Murong Xi be killed so easily?"

...

The members of the Murong Family looked at Duane in disbelief.

Before they started, they were still thinking that if the seven Guardians teamed up and fought seven against three, they would be able to easily defeat the three opponents of the Void Core Realm, right?

However, when they started to fight, they realized that the opponent's strength was much stronger than they had imagined.

On the top of a mountain a kilometer away.

The old man and the white clothed woman also had shocked expressions on their faces.

"He killed an opponent at the Emptiness Dan stage in a single exchange. This Duane is... too strong!" The white-dressed woman's face was filled with shock.

"Even if it's me, I wouldn't dare to say that I could kill an expert of the False Core Realm with just one move. This kid is impressive!" The old man couldn't help but sigh.

They were all monks, so they were very clear that in the same realm, it was very difficult to defeat people in the same realm. It was just like a fantasy to kill someone in the same realm in one move.

That was why they were all shocked.

The old man continued with a sigh, "I really didn't expect that even the seven guardians of the Murong family couldn't do anything to them."

They had thought that the seven guardians would be able to deal with the three of them, but

the current situation was completely different from what they had imagined.

At the gate of the Murong Family.

The two Murong Family guardians, who were about to rush toward Duane, couldn't help but swallow their saliva after seeing this scene. They didn't dare to rush up. Obviously, they were frightened!

As for John and Bennett, although they were two-on-two, they had completely gained the upper hand.

Although it was a three-versus-seven fight, Duane and the other two were sure to win.

"All of you, retreat!"

An explosive shout suddenly rang out.

Following which, the Head of Murong led the two elders to appear in front of everyone's eyes.

"The Master is here! The elders are here!"

The members of the Murong Family who were watching around suddenly cheered.

The arrival of the Master and the two elders made their hearts calm down instantly.

As long as the Master and the two elders came, there was no need to worry about the

blame on Duane and the other two.

Because the big noise here had almost spread throughout the Murong Family, more and more members of the Murong Family gathered here.

There were at least five hundred members of the Murong Family gathered around, and more and more of them were gathering.

On the top of a mountain a kilometer away.

"If Duane and his two brothers were to face the seven Protectors of the Murong Clan, they would still be able to fight. However, when the Head of the Murong Clan and the two Elders arrive, the three of them will definitely die." The white clothed woman shook her head and sighed.

"That's right. The two elders of the Murong Family are at the True Dan Stage, while the head of the Murong Family is at the Golden Dan Stage. No matter how Duane and the other two people put it, they are only at the Void Dan Stage. In the face of such great disparity in cultivation, even if they have great abilities, I'm afraid there's no way for them to recover." The old man shook his head.

They were well aware of how powerful a Golden Dan Stage martial artist was.

The Golden Dan Stage and the Void Dan

Stage were two realms apart. Even thirty cultivators at the Void Dan Stage would not be a match for a Golden Dan Stage cultivator, much less three at the Void Dan Stage.

...

At the gate of the Murong Family.

With the exception of the guardian whose head had been chopped off, the other six Protectors quickly retreated to the side of the Patriarch of Murong Family when they saw the Patriarch's arrival.

"Master, it's not that the seven of us are incompetent. It's just that the three of them are too powerful. Even Murong Xi's head has been chopped off by that kid." The wounded Protector with a bald head cried out bitterly.

"I know. The six of you can leave. As for the rest, leave it to me and the two Elders." The Patriarch of Murong Clan waved his hand indifferently.

Then, the Patriarch of Murong stepped forward and looked at Duane.

"Duane, you've really come. I have no choice but to admire your courage. Three people at the Emptiness Dan Stage dare to challenge my Murong Family. You are clearly aware of the fact

that there are tigers in the mountains, but you are still partial towards them." The head of Murong Family wore a smile on his face.

Duane looked at him and said, "You are the Master of the Murong Family, aren't you? I will give you a chance to hand over my woman. As long as she is intact, I will leave directly, otherwise..."

"If not, what do you think?" pressed Patriarch Murong.

Duane looked up at the head of Murong Family and said in a fierce tone, "Otherwise, I will slaughter your Murong Family!"

As Duane spoke, there was an amazing light flashing in his eyes.

"Wamp my Murong Clan with blood? Haha!" The Patriarch of Murong Clan immediately laughed out loud.

"Ha ha ha ha!"

The other members of the Murong Family, who were standing beside her, burst into laughter.

The head of Murong Family and the two elders had arrived, and they still dared to say such a thing. Wasn't it a big joke?

Wasn't it a great joke for three members of the False Core Realm to massacre the Murong

Family who were under the charge of the head of the Murong Family?

On the top of the mountain one kilometer away, the old man and ten billion women shook their heads and sighed. With the head of the Murong Family holding down the fort, even the Gongsun Family did not dare to rashly come to the Murong Family for revenge, let alone these three people who were at the Void Core Realm.

A bloodbath in the Murong Family? It was even more so a fantasy!

...

At the entrance of the Murong Family's mountain.

"Duane, to tell you the truth, I'm just taking advantage of your girlfriend to lure you here so that I can kill you. But you still want me to let your girlfriend go? As for turning the Murong Family into a bloody mess, that's a big joke." The Head of Murong Family laughed.

"Patriarch, let's stop wasting time talking to him. Kill this kid and avenge Miss Murong Mei and the two dead Guardians!" said the Great Elder.

"Alright. Leave the two boys he brought to the two elders to deal with. As for Duane, let me kill him myself!" The Master of Murong Family

narrowed his eyes, which were filled with a strong killing intent.

Thinking of his daughter, Murong Mei, died in the hands of Duane, he couldn't help but get angry.

"Patriarch, don't worry. Both of us are at the True Core realm. It will definitely not be a problem for us to deal with the two of them!" The two Elders took the order.

"Let's get started." The Patriarch of Murong spat out these three words.

After the First and Second Elder nodded, they headed straight for John and Bennett.

John's and Bennett's gazes were solemn. Even though they were able to deal with a fighter of the False Core Stage with ease, it was still a great challenge for them!

After all, it was almost impossible to fight across levels in the Cultivation World. The difference between each level was like the difference between heaven and earth.

"Bennett, John, these two elders are both at the real Dan stage. I'm afraid that you two will have to deal with them. The next difficult moment is the real big battle." Duane said with a serious face.

"Don't worry, Duane. We will do our best."

John and Bennett nodded their heads vigorously.

He had just witnessed John's strength. He might not be able to defeat someone at the actual Dan stage, but with his strong actual combat experience, he did not dare to say that he could win. At the very least, there would be no problem for him to win for a period of time.

As for the white shark, he had a special body constitution. With the addition of this special body constitution, his strength was stronger than that of a cultivator at the same cultivation realm.

Moreover, Duane had given the shark two elixirs after he came back from the valley. Naturally, his strength had increased greatly after consuming the two elixirs.

Therefore, it should not be a problem for Bennett to fight against a real Dan stage opponent for a period of time.

"Duane, you're the one I'm worried about. We're just fighting one level above us, but you're two realms away from the Master of Murong Family!" Bennett was very worried.

As cultivators, they all clearly knew what it meant to fight an opponent who was two levels

higher than him!

There were thousands of ravines between each level.

Usually, it was incredible to fight with someone who was one level higher than him. As for fighting someone two levels higher than him, it was absolutely a fantasy. Even in the Cultivation World of Hua Country, it was unheard of.

Generally speaking, a mighty warrior of Jindan could kill a warrior of Emptiness Dan Stage and also easily killed a warrior of True Dan Stage with no effort.

"That's right, Duane. After all, you're at the False Core stage. If you were to fight that Murong Family's patriarch, I'm afraid..." John seemed very worried.

He couldn't imagine how Duane could fight against an expert of the Golden Pill Realm.

What's more, the purpose of their coming today was to save lives.

If he wanted to save people successfully, he had to not only fight against the superiors of the Golden Pill Realm, but also win them...

 [Watch Ads to Get 15 Vouchers](#)

Chapter 376

"I haven't fought with an expert of the Gold Core Realm, so I can only give it a try." Duane said.

Duane was not sure in his heart, but in order to save people, he had no way out. Even if he was faced with an expert of the Gold Core Realm, he had to face the difficulty.

At this time, the two elders of the Murong Family had already rushed up.

"Duane, let's start first."

After saying that, John and Bennett rushed forward and fought with the two elders of the Murong Family.

"Bang bang bang!"

The pill battle between the two of them immediately began.

Although the two of them were powerful, after all, they were fighting above their level, so it was a little difficult for them to fight, but it should not be a problem for them to hold on for a while!

"Damn it! How come the two of them are so powerful!"

After the fight between the two elders, they could not help but curse.

The two of them originally thought that it would be very easy for them to deal with John and Bennett, who were at the Emptiness Dan stage.

As a result, they fought very hard. Although they had a slight advantage, the advantage was very weak, and in a short period of time, it was not enough to affect the outcome of the fight.

The surrounding members of the Murong Family were also very surprised.

"These two people are really fierce. The two elders are fighting, but they can't defeat them in a short time."

"Yeah, although they are at the Empty Dan stage, they can fight against those at the True Dan stage. I really don't know how they did it."

...

The members of the Murong Family were all sighing with emotion. They were all cultivators and understood how difficult it was to fight someone of a higher level.

Even the Patriarch of Murong could not help but sigh, "If these two people were members of my Murong Family, how great would that be!"

The Master of Murong Family had made up his mind. After he took care of Duane, he wanted to see if he could recruit these two people into the Murong Family.

On the top of a mountain a kilometer away.

"Duane's two helpers can actually block two experts of the True Dan Realm? They're really powerful!" The old man looked at the place where the fight was going on and exclaimed.

"Even if these two could delay the two elders of the Murong Family, there's still the head of the Murong Family at the Golden Dan Stage. Could it be that Duane wants to fight an expert of the Gold Core Stage with his strength at the Emptiness Dan Stage? Isn't that a fantasy?" The white-clothed woman's face was filled with confusion.

They knew that the highlight of the battle was between Duane and the head of Murong Family!

The old man nodded and said, "That's right. An Emptiness Dan Pill against a Golden Elixir is undoubtedly courting death. If a fight really broke out, the Head of Murong Clan would be able to take Duane's life with a single move. There is no doubt about that."

...

In the field.

The Patriarch of Murong Family looked at Duane.

"Kid, this day next year will be your death anniversary. If you have any last words, just say them!" The Patriarch of Murong Clan's hands were clasped behind his back and his posture was proud.

Obviously, the Patriarch of Murong didn't take Duane seriously. After all, he was an expert of the Gold Core Realm!

Duane sneered and said, "I'm afraid you have made a mistake. You must have some last words. Say them quickly."

"Humph, you don't know the immensity of heaven and earth, yet you are still so arrogant in the face of death. Today I'll let you see how powerful a Golden Dan Stage warrior is!"

"Go to hell!"

The Patriarch of Murong shouted.

After that, the Patriarch of Murong also took out a sword and stabbed at Duane!

The speed of Murong Family's Patriarch's sword was astonishing. If it was an ordinary person, they would only be able to see the shadow of an illusionary sword.

"Tear! Crack!"

Wherever the edge of the sword passed, the air seemed to be cut open.

"So fast, so strong!"

After feeling the power on the blade, Duane's pupils suddenly twitched. The power contained on the blade made Duane feel a sense of palpitation.

After all, the Patriarch of Murong was an expert of the Gold Core Realm. In terms of speed, strength, and body movement, he was much stronger than Duane!

The sword of the head of Murong Family reached him in a flash.

"I have to go all out!"

Duane did not hesitate at all. He immediately pushed his internal force to the extreme and lifted his sword to block!

This move was perhaps just an ordinary move for the Patriarch of Murong Family.

But for Duane, he had to go all out!

The two swords collided with each other fiercely, bursting out a stream of sparks.

But for Duane, he had to go all out!

"Ding!"

The two swords collided with each other fiercely, bursting out a stream of sparks.

The great power within the Murong Family's

Patriarch's Sword instantly flowed into Duane's body through the guidance of the sword!

"Dong dong dong!"

After the two swords collided, Duane retreated again and again until he took six steps backward before stopping.

Every step you take, you will crush the blue flagstones under your feet.

After Duane steadied himself, Duane's right hand, holding the sword, was shaking slightly.

Duane only felt that his whole arm was numb from the shock.

With the help of powerful Cultivation Method, Duane was able to make his own strength, speed, body movement, etc. equivalent to that of a Dan-stage warrior.

However, the Head of Murong Clan was an expert of the Golden Pill Realm.

There was a huge difference between the True Dan and the Golden Dan!

Duane looked at the Blood-red Sword in his hand and thought in his heart, "Fortunately, this sword helped me reduce at least 30% of its power, otherwise, I would have been in a worse situation now."

As a peerless treasure sword used by the Dark Night Sword Master, the Blood-red Sword was made of the most precious, rare materials in the world where the Dark Night Sword Master existed, not to mention that it could not be found on the earth.

Apart from the precious sword's toughness and sharpness, it also had the most direct advantage. It was the power that the opponent was executing. When worn into this precious sword, this precious sword would help the owner reduce thirty percent of the opponent's power.

Don't look down on thirty percent. Let's give an analogy. If the other party had the strength to activate ten thousand Jin, he would be able to reduce the master's strength by three thousand Jin!

It was precisely this characteristic that allowed it to be known as a sword!

If it were not for the fact that his strength had been reduced by thirty percent, if Duane had been able to endure the power of thirty percent, Duane's arm would probably not have been as numb as it was now.

"What? He didn't get hurt after taking a blow from me?" Seeing that Duane was fine, the

Patriarch of Murong Family's eyes were full of shock.

The Patriarch of Murong family didn't show any mercy when he struck just now. He was confident that even if he was at the True Dan Stage, he wouldn't be able to take it!

The Master of Murong family originally thought that this sword attack could directly defeat Duane.

However, Duane was not injured.

Even the surrounding members of the Murong Family were in an uproar when they saw Duane carry him down.

On the top of a mountain a kilometer away.

"Oh my God, he can resist such a strong sword, and most importantly, he is not injured!" The woman in white couldn't help exclaiming.

"I'm afraid that even I can't block the sword move of the head of Murong Family. I'm afraid that he will be injured. He actually blocked it. This boy is not simple!" The old man's eyes were full of shock.

The old man was at the True Dan Stage.

They had thought that Duane would be killed in one move by the head of Murong Family, but the

reality was beyond their expectations.

Based on the exchange of blows just now, they did not dare to look down on Duane.

The old man continued to say, "He was able to take this move without being hurt with the strength of the False Core Realm. This is enough for Duane to be proud. Moreover, he is so young. If he is given a few decades, his future will surely be limitless."

"Unfortunately, even if he was able to withstand the strike, he would probably be using his full strength. However, the Patriarch of Murong Clan had yet to completely explode. If he were to continue fighting, he would have died." The white-dressed woman shook her head with a sigh.

At this time, the woman in white suddenly felt pity for this Duane. He was so strong, and his future was bound to be endless, but he was doomed to die here.

At the entrance of the Murong Family's mountain.

Duane raised his head and looked at the head of Murong Family. He sneered and said, "It seems that the Golden Dan Stage is just so-so."

The Patriarch of Murong Clan's face sank as he said, "Hmph, an arrogant fellow! Do you really

think you can look down on an expert of the Gold Core stage just because you were able to block my sword? I didn't unleash my full strength just now."

"Cut the crap. You just made a move. Now you should take a blow from me as well." Duane raised his sword at once.

"You're only at the Emptiness Dan Stage. What kind of attack could you possibly have that could pose a threat to me?" The Patriarch of Murong Clan sneered coldly, his words full of disdain.

"Just give it a try and you'll know! Take this!"

After Duane shouted, he immediately stamped his feet and rushed towards the head of Murong Family.

"Hmph." The Patriarch of Murong Clan snorted coldly, his face still filled with disdain.

An enemy of the Emptiness Dan stage actually attempted to attack him? In his opinion, this was a joke.

Duane was very fast and arrived in front of the Master of Murong in an instant.

"Cloud-swallowing Movement, the first move of the Dark Darkness Swordplay, come out!"

When Duane arrived at the front of the head of Murong Family, he suddenly turned the edge of the sword. The edge of the sword was like an electric drill, spinning rapidly to stab the head of Murong Family at an amazing speed.

Under such a rapid rotation, all the power was gathered at the tip of the sword!

"What is it?"

The Patriarch of Murong Family was suddenly shocked. It was the first time that he had seen such a move.

The most important thing was that the power on the tip of the sword made him feel shocked!

At this moment, the sword was stabbed in front of the head of Murong Family. He could only hurriedly raise his sword to block it.

"Ding!"

The tip of Duane's sword stabbed the Master of Murong Family's blade, and the power of the tip of the sword instantly surged toward the Master of Murong Family.

"Dong dong dong!"

The Patriarch of Murong continued to retreat, taking four steps back. He only managed to stabilize his body after crushing a slab of stone

under his feet.

"Boom!" "Boom!"

At this moment, all the people in the field burst into an uproar!

"Oh my god, the head of Murong Family was defeated by a fighter at the level of the Empty Dan Stage?"

Chapter 377

All the members of the Murong Family looked at Duane in disbelief!

It had already shocked everyone that Duane could still be safe after taking one move from the head of Murong Family.

His current state of shock was tens of thousands of times stronger than before.

In the Cultivation World of Hua Country, it had never been heard that a single cultivator in the Emptiness Realm could make a Gold Core Realm master suffer.

"What the f**k! Duane is so powerful!"

John and Bennett exclaimed in shock.

On the top of a mountain a kilometer away.

The woman in white and the old man widened their eyes. Terrified waves were surging in their hearts.

"He... he actually defeated an expert of the Golden Pill Realm with the strength of the False Core Realm? How... how did he do that?!" The white-clothed woman's voice became extremely sharp, filled with horror.

The woman in white was also a cultivator of the False Core stage. She knew very well how big the gap between the Golden Core stage and the False Core stage was!

"This boy is really amazing. Relying on the Realm of Emptiness Dan, he can make an expert of the Golden Pill Realm lose. If this news is spread out, he will shock the whole Cultivation Field of Hua Country!"

The old man also marveled repeatedly, and the shock on his face was only increased.

At first, they thought that Duane would be directly killed by the head of Murong Family. Just now, Duane was not injured after taking a blow, which had already shocked them very much. Now, Duane's performance had completely made a storm in their hearts.

They felt that they had witnessed a miracle.

At the entrance of the Murong Family's mountain.

"Profound Darkness Swordsmanship is indeed not bad." Duane nodded with satisfaction.

The move Duane used just now was the first move of the Dark Darkness Swordplay. No wonder it was created by the Dark Darkness Sword Master. Its power was really horrible.

Of course, the other important reason why Duane was able to beat the head of Murong Family back was that the head of Murong Family was too arrogant at the beginning and didn't take Duane seriously. He thought that Duane, as a warrior of the False Core State, absolutely couldn't threaten him at all.

At the very last moment, when the head of the Murong Family felt the power of the sword strike, he hurriedly resisted it. He was not able to resist it with all his strength, so he was forced to retreat.

"Damn it! Damn it!"

The Master Murong, who had managed to stabilize his body, kept cursing angrily. His face was even more ashen.

Previously, he had not been able to defeat Duane with one move, which had already made him feel a little ashamed. Now, he was actually beaten by Duane, who was at the level of the Empty Dan Stage, and retreated.

Furthermore, this had happened in front of so many members of the Murong Family. This had caused the Master of Murong Family to feel utterly humiliated and humiliated.

"Master Murong, you're not a fake Gold Core, are you? With this little strength, if you can't beat

him and hand him over as soon as possible, maybe I can let you live." Duane said lightly.

"Kid, I underestimated the enemy just now. I admit that I underestimated you and suffered a little loss. However, from now on, this will never happen again."

"Now, prepare to meet your death!"

"Murong Family Master's tone is cold.

After the Patriarch of Murong finished speaking, he raised the sword in his hand again.

"Kid, go to hell!"

After shouting, the Master of Murong Family once again launched an offensive towards Duane.

Looking at the head of the Murong family coming towards him, Duane's face fell.

Although Duane had just looked down upon the Master of Murong Family in terms of words, Duane was very clear about how difficult it was for him to fight with the Master of Murong Family. What would happen next was definitely a fierce battle of life and death.

Then, Duane went up with his sword.

"Ding ding ding!"

As the sound of metal clashing rang out,

Duane started a direct fight with the Patriarch of Murong.

Everyone's eyes were focused on the two of them. Everyone knew that this was the key to today's event.

In the field.

In the face of strong enemies, Duane naturally pushed his strength to the limit.

Even so, the gap could not be made up.

During the fight, Duane kept stepping back as he took the attack, completely showing the trend of defeat.

Although the Blood-red Sword had reduced the power by 30% for Duane, Duane's hand, which held the sword, still felt pain.

If the Crimson Blood Sword hadn't made a 30% discount for Duane, Duane would have been defeated a long time ago.

However, the gap between Duane and the head of Murong family was too big. Even if the Crimson Blood Sword reduced Duane's injury by 30%, it could only delay Duane's defeat.

As the battle continued, the powerful force shook Duane's internal organs, which were all in a state of confusion.

"Kid, let's see how long you can last!" The Patriarch of Murong's face was ferocious.

The Patriarch of Murong Family was naturally aware that Duane was just at the end of his rope. He was just barely holding on and could not hold on for much longer.

To the Master of Murong Family, this was a battle without any suspense. Before the start of the battle, he was already sure to win. The only difference was in how he won.

"Ding!"

After another hard hit, Duane stepped back repeatedly. At the same time, his face turned pale and he spat out a mouthful of blood.

"I have to admit that you are powerful, but in the face of the absolute gap in the realm, everything is in vain. Boy, you have already lost." The Head of Murong Family pointed at Duane with his sword.

Duane wiped off the blood on the corner of his mouth, and then slowly raised his head, revealing a ferocious smile.

"Defeat? I, Duane, am not so easy to be defeated!"

After Duane finished speaking, he took out a

pill and swallowed it.

This pill was one of the pills that his master left to Duane. It was called the 'Hundred Cycle Pill'. After taking it, one's strength could soar for about half an hour in a short time by squeezing one's body.

Compared to the previous Marrow-Cleansing Pills, this one was much more precious. There were only two of them in total. One for each pill was one less.

Of course, there were side effects of this medicinal pill. That was, after the efficacy of the pill, the body would be very weak for the next two weeks.

Unless it was a critical moment, Duane would never eat it, but now it was obviously a critical moment.

"What did you eat?" The Patriarch of Murong Clan frowned and appeared to be a little alert.

He had suffered a loss in the hands of Duane before, so he became cautious.

"You don't have to worry about that." Duane sneered.

As the elixir was swallowed, the powerful energy contained in the elixir instantly rushed into

Duane's Dantian.

This elixir may seem small, but it contained a terrifying amount of energy. This was just like a nuclear weapon. Even though it was small in size, its power was terrifying.

"Hm? What's going on!"

The Patriarch of Murong Clan was taken aback.

This was because he had discovered that Duane's aura had suddenly soared. His realm's aura had actually soared from the Emptiness Dan to the True Dan!

"Master Murong, do you really think that I don't have any backing if I dare to go up the mountain to save people?" Duane showed a chilling smile.

"Next, let's welcome the true battle!"

"Cloud-swallowing Movement, the first move of the Dark Darkness Swordplay, come out!"

Accompanied by Duane's shout, Duane stabbed at the head of Murong Family directly.

...

Before that, on the top of a mountain one thousand meters away.

"He was defeated after all." Duane, the woman in white, was beaten to step back and spit blood. She shook her head and sighed.

The old man said in a heavy tone, "After all, he is only at the level of the False Core Realm. He is amazing enough to fight with the superiors of the Golden Pill Realm for so many moves. The defeat is inevitable. After all, there is a big gap between them. It's expected that he will be defeated."

"No! Third Elder, look!" The woman in white suddenly exclaimed.

The old man quickly looked up and saw that Duane took the initiative to attack the head of Murong Family.

Moreover, he could clearly feel that Duane's aura at this moment was suddenly much stronger than before.

"What's going on?" The old man was very surprised.

He just saw that Duane had already vomited blood and lost. Obviously, he suddenly launched a counterattack.

"Look, Mr. Zhang, he... he is fighting against the head of Murong Family. It's hard to tell who is better and he even has a little advantage. Oh my god, how on earth did he do that? Is he a

monster?"

The woman in white exclaimed, and her voice became extremely sharp because of the horror in her heart.

The old man also opened his eyes wide and his heart was in turmoil.

"I... I didn't see wrongly, did I? He actually got the upper hand? How did he do that?" The old man's voice was not loud, but his tone was full of shock.

For them, the shock brought to them was too great.

Duane's previous performance had already surprised them very much.

But at this moment, they realized that they had underestimated Duane!

Chapter 378

Duane actually fought with the Mighty One of the Golden Pill Realm with the strength of the False Core State. This was completely beyond their imagination and subverted their cognition!

"Could it be... Could it be that he can really win against the head of Murong Family?" The woman in white clutched her small mouth. She felt as if she was witnessing a miracle.

"I'm afraid it's very difficult. He's already used his trump card. However, as the Master of the Murong Family, it's impossible for him to not have a trump card. As for the outcome, we'll know once we see it." The old man's gaze was grave.

Below, at the gate of the Murong Family.

"What? That kid actually got the head of the family at a disadvantage?"

"Oh my god, he's just at the Fei Dan Stage!"

...

The members of the Murong Family also cried out in alarm.

Even the six Protectors of the Murong Family widened their eyes in disbelief.

"Are you kidding me? This guy is obviously at the Fei Dan Stage, how could he be so strong!"

"He's a monster! He's a monster!"

The six of them were all at the Void Dan stage, but when they saw Duane at the level of the Void Dan stage, they only felt ashamed and ashamed of themselves...

When the white shark and John saw Duane's terrifying strength, they were shocked but also relieved.

In the field.

"Ding ding ding!"

The two of them were engaged in a fierce battle.

"Darn it! Darn it! Why did it suddenly become so strong?" The Patriarch of Murong Clan's face was ashen. His eyes were burning with fury.

Because the head of Murong Family was beaten by her, she was a little bit at a disadvantage.

At this moment, the Patriarch of Murong Family had already unleashed all of his strength. However, he was still unable to defeat Duane.

This was a joke. He was a Golden Pill Expert, but he was the head of the Murong Family. Now

that he couldn't even defeat a person of the Emptiness Dan Stage, what kind of face would he have left?

This was absolutely a great shame for him! A great shame!

"As I said, do you really think that I don't have any ace up my sleeve to go up the mountain?" Duane sneered as he attacked.

After Duane took the pills, his realm was upgraded to a level, which was equivalent to the real Dan stage.

However, the cultivation method Duane practiced was so powerful that he could be one level higher than him, plus the effect of Duane's sword and the first move of the Mysterious Darkness Swordsmanship!

It was only through this that Duane was able to put the head of the Murong family at a slight disadvantage.

It could be said that Duane had basically poured out all his strength and hidden cards.

Duane continued, "Master Murong, I'm giving you one last chance. It's good for everyone that you hand over my woman now."

Duane knew that although he had a slight

advantage now, this little advantage was not enough to ensure a victory.

Today, Duane's main purpose was to save Julia.

If he could threaten the head of Murong Family and ask him to hand over Julia on his own initiative, that would be the best.

"Hmph, in your dreams!" The Patriarch of Murong coldly snorted.

For the Master of Murong Family, his purpose this time was to lure Duane here and then kill him. How could he give up so easily?

If he gave up this opportunity, it would be very difficult for him to find another chance to get rid of Duane in the future. Hence, he would definitely not let the tiger go back to the mountain.

"Moreover, do you really think that as the Master of the Murong Family, I don't have any trump cards?" The Master of Murong Family sneered.

"Let me have a look. The Murong Family's unique secret skill is to fight back in the same way!"

After the Patriarch of Murong said that, he turned the sword and attacked Duane actively.

"Clang clang clang!"

The swords of the two continued to clash against each other.

Duane found that the power he drove out was at least one-third powerful, which was directly bounced back by the head of Murong Family!

Therefore, the more powerful Duane's attack was, the higher the rebound damage he would suffer!

The harm caused by the rebound, plus the power of Murong Family's master's swordsmanship, made Duane feel that he could not stand it. The shock made Duane feel pain in his body.

As a result, Duane's face became a little pale again.

Under this circumstance, Duane had to withdraw his strength and show out the counterattack damage.

However, after Duane withdrew his power, he fell into a disadvantageous position and could not defeat the head of Murong family.

"Wow, he's returning the favor in the same way!"

"This is the Murong Family's unique skill. The

Patriarch actually used this move!"

...

The members of the Murong Family, who were present, shouted loudly. This unique skill was known by all members of the Murong Family and they had all heard of it.

However, they had not seen this move with their own eyes even with 99% of their people. This was because not many people in the Murong Family knew how to use this move.

Today, it was the first time for him to see her!

On the top of a mountain a kilometer away.

"This is the Murong Family's unique skill. Do they still want to fight against each other in the same way? I really didn't expect that the head of Murong Family even used this move!" The woman in white exclaimed repeatedly.

"This little guy forced the head of Murong Family to use all his unique skills. I can't believe it." The old man sighed repeatedly.

"This battle is becoming increasingly intense. I wonder if Duane still has a trump card. If he does not have a trump card, I'm afraid that he will lose." The white clothed lady said.

"If possible, I really want to inform the

Patriarch and have him bring his men here to save Duane. He might even be able to join forces with Duane to break into the Murong Clan." The old man sighed emotionally.

The strength of the Gongsun family was equivalent to that of the Murong family. The Patriarch of the Gongsun family was similarly at the Golden Core realm.

If the two families fought one-on-one, they would definitely suffer a great loss, a great loss, and a great loss!

However, if Duane held off the head of Murong Family, they would have an additional Golden Core Realm. It wasn't impossible for them to destroy the Murong Family.

After all, the enemy of the enemy was a friend. They and Duane had the same enemy—the Murong Family.

The old man shook his head and continued to say, "Unfortunately, our Gongsun Family is in the Hua Bei District. When the head arrives, the flowers will be cold. If I go to help him, it won't be of much use. Instead, it will put me in a dangerous situation."

"That's right. With just the two of us, even if we want to help him, we won't be able to," sighed

the woman in white as she shook her head.

Below, at the gate of the Murong Family.

"Damn, this unique skill is too cheap!" Duane couldn't help but curse.

This move by the Patriarch of Murong made Duane very uncomfortable.

"Kid, ever since I've mastered this move, I've never used it. I'm the first person who forced me to use this ultimate move. Even if I die, I'll still be proud of myself." The Patriarch of Murong Family smiled as he attacked.

Duane's face turned blue, because under this kind of offensive and rebound, Duane's body had begun to have internal injuries.

Once internal injuries appeared, the direct consequence would be that he would be able to reduce his strength by a lot.

This was a game of attrition. If it went on like this, Duane would lose for sure!

"Damn! Damn!" Duane cursed again and again.

"Haha, in the end, I'm going to be defeated. Submit and surrender, and I can give you a quick death!" The Patriarch of Murong Family said.

"Sorry, I, Duane, don't know what it means to

surrender!" Duane gritted his teeth and said.

"Hmph, then go to hell!"

After the Master of Murong finished speaking, she started to make a fierce attack.

Peng!

After another violent collision, Duane could not bear it and was directly knocked away. He fell hard on the ground and cracked the slates on the ground like a spider web.

"Buzz buzz!"

Duane spat out two mouthfuls of blood in succession, and his face was as pale as paper.

Although Duane showed his trump card, Duane's realm was still too low!

The realm was the foundation!

On the top of a mountain a kilometer away.

"He still lost in the end!" The white-clothed man shook his head and sighed.

The old man also sighed repeatedly and said, "Yes, his performance today can definitely shock the whole Hua Country's Cultivation World. A genius like him hasn't appeared in the Hua Country's Cultivation World for a long time. Such a genius is going to die like this. It's so sad, so

regrettable, so unfortunate."

...

Below, at the gate of the Murong Family.

Duane had already lost the battle, while John and Bennett were at a disadvantage and were in a bad situation.

After all, John and Bennett were both fighting above their level, so they wouldn't be able to hold it off for too long.

It was obvious that today's situation was clear.

The Master of Murong Family walked to Duane with a sword in his hand.

At this time, Duane had stood up, but his breath was weaker than before.

"Duane, given my current condition, I don't have the strength to fight against you anymore. Prepare to die!" The Patriarch of Murong Clan raised the sword in his hand.

"Stop right there!"

A loud voice suddenly exploded and spread all over the top of the mountain.

Duane took a quick look and saw that it was the Bennett's master, a Taoist of the Linshire

Taoist Temple.

The sage-like Taoist walked slowly with a sword in his hand.

"Daoist disciple, why are you here?" Duane was very surprised to see the Dao master.

The Daoist priest had said that he had sworn that he would no longer have any sort of entanglement with the eight great hidden clans.

"Master!" Bennett was pleasantly surprised when he saw the Daoist.

"How can I bear to? My disciple, Bennett, died here? For the sake of my disciple, as well as a favor, I can only break my oath. At worst, I'll be struck by lightning," said the Daoist disciple.

The meaning of the Taoist priest's words was very obvious. He was prepared to help this.

"Thank you first, Taoist!" Duane showed a happy smile.

For Duane, the sudden appearance of Taoist priest was like a life-saving straw!

At this moment, the Patriarch of Murong family also turned to look at the Daoist.

"Eliot, it's actually?" The Patriarch of Murong Family recognized the Dao Master.

(Eliot is Taoist Liu's real name.)

After all, the Daoist was an expert of the Golden Pill Realm.

In the Cultivation World of Hua Country, the Superiors of the Golden Pill Realm, who stood at the peak, could establish their own sect. Moreover, there were only a few Superiors of the Golden Pill Realm, so everyone knew them.

"Eliot, didn't you swear to escape from the mortal world and live out the rest of your life in that Taoist temple? What's wrong? Are you coming here to meddle in other people's business?" The Patriarch of Murong Family said coldly.

"Old dog Murong, the person who fights with the Second Elder is my personal disciple. How can I watch him die here?" The Taoist said.

"He is my disciple. This is easy to deal with. I promise that I will let him go. I will only kill Duane. Is this okay?" Murong Xu said, gritting his teeth.

The Murong Family's Patriarch was very clear that the Dao Master, Eliot, was a Gold Core expert. If the Dao Master was to be involved in this matter and the Dao Master, Eliot, joined forces with Duane, then he would be in deep trouble.

Therefore, even though the master of Murong

Family was unhappy with the Taoist, he still chose to compromise with the Taoist.

"I know my disciple very well. He won't abandon Duane and follow me, so there's only one way to defeat him." The Master of Murong Family narrowed her eyes and said.

"Defeat me? Eliot doesn't seem to have the ability to do so, right?" The Patriarch of Murong sneered.

"Whether or not I can be defeated, we'll know once I'm done!"

After saying that, the Taoist rushed directly to the head of Murong Family.

"Clang clang clang!"

The two instantly exchanged blows.

Under the effects of the battle, it was hard to tell who would win and who would lose in the short term. The situation on the battlefield seemed very stalemated.

After Duane adjusted his condition by luck.

"Let me break the balance on the battlefield." Duane smiled.

Soon after.

Duane also rushed up with his sword.

"Daoist disciple, let's join hands!" Duane said.

"OK!" The Taoist nodded.

In fact, it had been several minutes since the road master arrived here. He did not show up directly because he saw that Duane actually had the upper hand.

He showed up only when he saw that Duane had been defeated.

Therefore, he had just seen Duane's strength.

After Duane joined the fight, he became two-on-one in an instant. Needless to say, the tie was broken in an instant. The Patriarch of Murong Family was beaten until he was exhausted and looked like a drowned mouse.

Chapter 379

On the top of a mountain a kilometer away.

"That... that is Eliot? I didn't expect him to actually appear. Moreover, he actually wanted to help Duane deal with the Murong Family? His appearance instantly broke the original situation!" The old man exclaimed.

"Eliot? Who is he? Why haven't I heard of him?" The woman in white appeared to be very confused.

"Two decades ago, Eliot was a genius in the Cultivation World of Hua Country. Because of some personal grudges, he retired to the Jianghu and lived in a Taoist temple in the mountains. It's normal that you young cultivators haven't heard of him," the old man said.

"I see." The white-dressed woman nodded in realization.

After a pause, the white clothed lady continued saying, "This Eliot is also a Golden Dan. With Duane and him joining forces, I'm afraid the Patriarch of Murong would be in danger. Today's show will only get more and more interesting."

The old man nodded and said, "Yes. If the head of Murong Family does not handle it properly, it is very likely that he will fall miserably today and even bury the entire Murong Family. What will happen? Let's see."

The two of them had never in their wildest dreams that today's battle would cause so many twists and turns, and the extent of how wonderful it would be was something they had never seen before.

As for the result, it was more and more confusing.

...

At the entrance of the Murong Family's mountain.

More and more members of the Murong Family came to watch. When they saw that their family's leader was at a disadvantage in the fight with Duane and Eliot, they were very worried.

In the field.

Under this two-on-one situation, the head of Murong Family had a very difficult time dealing with it.

Pu!

Because the Master of Murong Clan was too

tired to deal with the average person, she was accidentally hit by the Taoist's sword.

The Taoist priest's sword directly stabbed into the Murong Family's Master's abdomen!

"Buzz buzz!"

The Patriarch of Murong immediately spat out a mouthful of fresh blood.

After the priest pulled out his sword, the head of Murong Family continued to retreat. After retreating five to six steps, he used the sword in his hand to stand on the spot and support his body. Fresh blood had already dyed his clothes red.

"This is bad! This is bad! The Master has actually lost!"

"What should we do? Our Family Head can't defeat them. Who else can stop them?"

The members of the Murong Family who were present saw that their Patriarch had been struck by a sword. Everyone looked very anxious. The Patriarch was their pillar of support and was also the strongest existence in the Murong Family.

In their eyes, the head of Murong Family was the supreme existence.

They all knew very well that once the

Patriarch fell, the Murong Family would probably be doomed! How could they not be worried?

In the field.

Duane and the Taoist priest both carried their swords on their backs. Looking at the Murong Family Master, they were in no hurry to continue attacking immediately.

After being stabbed, the Master of Murong's breath was much weaker than before. The injury made his fighting capacity suddenly decrease.

Obviously, the Patriarch of Murong had lost the ability to continue fighting.

"Master Murong, you've lost!" Duane stared at the Master Murong and said calmly.

Duane and the Taoist priest joined hands, and they were sure to win.

As for the Great Elder and the Second Elder of the Murong Family, they had stopped fighting with John and Bennett. After all, their Master had already been defeated. There was no point for them to continue fighting.

"Winner takes all. You, Duane, can rely on the realm of the Emptiness Dan Stage to burst out such a terrifying fighting strength and get Eliot's help. I have to... give up." The Patriarch of Murong

family gnashed his teeth and said.

Although he was willing to admit it, he had to admit that he had indeed lost.

He had originally planned to deal with Duane by setting up this trap.

The Master of Murong Family initially thought that this was an easy task to complete. However, she did not expect it to develop to such an extent in the end.

Up to now, he not only failed to get rid of Duane, but also set a trap for himself and brought great trouble to himself.

Of course, the reason was that Duane's strength was far beyond his imagination!

The Patriarch of Murong family gritted his teeth and continued, "Duane, I have agreed to your previous request. I will immediately return your woman to you. You and Eliot will leave now, how about that?"

"Oh, it has already come to this point, and you still want to negotiate for peace now? I'm afraid it's too late. I'm afraid you think too much. What do you have now to negotiate for peace with me?" Duane sneered.

"What do you want to do?" The Patriarch of

Murong Family stared at Duane with bitterness.

Duane narrowed his eyes and said, "It's easy. I'll kill you, and then I'll slaughter your Murong Family!"

Upon hearing these words, the eyes of the Patriarch of Murong twitched violently.

"Kid, you are too ambitious, aren't you? A human heart is like a snake that swallows an elephant. My Murong Family has existed for so many years. Do you really think that you can destroy my Murong Family with just the two of you? If you really fight to the point of death, no one will be able to stand it!" The head of Murong Family shouted in a stern voice.

Duane narrowed his eyes and said, "Really? Then I'd like to see what kind of ace you have. Cut the crap. I'll kill you first!"

Then, Duane directly wielded his sword and rushed towards the head of the Murong Family.

The Master of Murong family had just been hit by a sword, which greatly weakened his strength. Under such circumstances, Duane was confident that he could deal with him on his own.

When the Patriarch of Murong Clan saw Duane rushing over, he could only bear with his injuries and defend himself with his sword.

"Clang clang clang!"

After a few rounds of fighting, the Patriarch of Murong continued to retreat. With every step he took, the stone floor beneath his feet was smashed into pieces.

"Buzz buzz!"

After stabilizing himself, the Master of Murong family spat out another mouthful of blood. His face grew paler and paler.

It was obvious that the head of the Murong Family was already at the end of his tether. He was merely trying to hold on.

"Lord Murong, if you have any other trump cards, just bring them out. Otherwise, you will definitely die today." Duane pointed at the Patriarch of Murong with his sword.

"Since we've already come this far, we have no choice but to do this for the sake of the Murong Family's survival." A hideous look appeared on the Patriarch of Murong Family's face.

Immediately, the head of Murong Family took out a jade pendant and crushed it directly!

...

In a cave in the restricted area of the Murong

Family's back mountain.

An old man with gray hair and dishevelled hair sat in the cave without moving. When ordinary people saw him, they would probably think that he was a statue.

At this moment, the old man's eyes suddenly opened, and a sharp light shot out from them.

Then, the old man stamped his feet, flew up directly in the air, and flew out of the cave on the void...

...

At the entrance of the Murong Family's mountain.

When the members of the Murong Family saw their family leader's defeat, everyone's hearts were in a state of panic. A fearful atmosphere had already pervaded the crowd.

In the field.

"Kid, you're the one who asked for it. You still had a chance to live after the peace negotiations, but you've given up the chance. Go ahead and prepare to meet your death!" The Patriarch of Murong Family said with a hideous expression.

"Head Murong, are you out of your mind? What nonsense are you spouting?" Duane couldn't

understand what the Head Murong was saying at all.

Even Dao Ancestor, John, and Bennett did not understand what the Murong family master meant.

After all, at this moment, the balance of victory had completely turned to Duane's side.

It was impossible for the Patriarch of Murong to turn the situation around just by himself.

On the top of a mountain a kilometer away.

"With the dust settled, the Murong Family has fallen miserably today. Who knows, the Murong Family might really be wiped out." The old man sighed.

According to the current situation, the situation was clear: Duane won, and Murong Family lost!

"No, Third Elder, look!" The woman in white suddenly pointed to the ground and cried out.

The old man quickly looked around.

They saw an old man with white hair and a white beard, standing in the air, landing directly from the back mountain of the Murong Family to the mountain gate of the Murong Family.

"Step on the air! This... this is something only

an Honorable of the Nascent Soul Realm can do!" The white-robed woman covered her mouth and cried out in surprise. Her face was filled with disbelief.

The three realms, Emptiness Dan, True Dan, and Golden Dan, belonged to the Innate Realm.

The higher levels of the Xiantian level are the yuanyings.

From the Xiantian stage to the yuanying stage is a huge leap, so it is extremely difficult!

There were only a handful of Nascent Soul Honorables in Hua Country.

Once a cultivator reached the Nascent Soul Realm, the cultivator's physical structure would change. Nascent Soul and Innate Realm were worlds apart.

How strong was the Yuanying? It could easily squeeze an expert of the Golden Pill Realm to death.

The Jindan (Golden Elixir) and the Nascent Soul (Nascent Soul) were qualitatively different!

Once he reached the Nascent Soul Realm, he would be able to stand at the peak of the Cultivation World in China!

What's more, the lifespan of a Nascent Soul

Realm cultivator would also be longer than that of a Pre-celestial Realm cultivator.

Stepping on the void and flying in the air was one of the great symbols of the Nascent Soul. In ancient television dramas, it was also known as Lightness Skill.

"Isn't... isn't that the Murong Family's Upper Elder? He was dead 20 years ago. How... how did he show up? How is he still alive?" The Third Elder's eyes were wide open.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 380

Obviously, the old man had recognized the Nascent Soul Realm expert who was standing in the air.

"Highest Elder of Murong Family?" The woman in white was surprised and shocked.

"That's right, that's the Murong Family's Highest Elder. But twenty years ago, he died. At that time, he was at the Golden Dan Stage. At that time, he had already lived for 130 years and was already close to the limit of the Golden Dan's life span." The old man's tone was filled with shock.

It was not surprising to live in the Golden Dan Stage 130 years old. Practicing martial arts could prolong one's life. This was something that many people actually knew.

The higher the realm, the longer the life span.

Most people normally lived in their seventies or eighties, but those who could live up to 90 years old were very few. However, those who reached the True Dan Stage could live up to 90 or 100 years old. As for those who reached the limit of the True Dan Stage, they could live about 10 CAI years.

After reaching the Golden Dan Stage, it would not be a problem to live past the age of one hundred and thirty. There were even a few who could even reach the limit of a hundred and forty years old.

If he reached the Nascent Soul Realm, he could even live to nearly two hundred years old.

"In that case, is the Upper Elder faking his death? Is he really cultivating in seclusion?" The woman in white asked in confusion.

"It seems that it's true. It's been 20 years. I didn't expect that he has been in closed-door training for 20 years. If it weren't for the fact that the Murong Family was in danger this time, I'm afraid that he would still not have appeared!" The old man's eyes were serious.

For the old man, such news was definitely a bombshell.

Because as long as there was a Nascent Soul Realm expert in the world of practice, it would affect the pattern of the whole Hua Country's Cultivation World.

"In this case, it's lucky that our Gongsun family didn't attack the Murong family by force. But this Highest Elder hasn't shown up. I'm afraid that our Gongsun family..." The woman in white

dared not imagine the consequences.

"The Murong Family has produced a Nascent Soul Realm cultivator. In the future, the status of the Murong Family will be different. I'm afraid that our Gongsun Family will no longer have the capital to compete with the Murong Family. We have to quickly inform the Patriarch of this news." The old man's face was pale.

The woman in white stared at the ground and muttered, "I really didn't expect that there would be such a reversal in the situation. Today's reversal is really one after another. This time, the Nascent Soul is about to come into being. I'm afraid that Duane will definitely die!"

Although the strength displayed by Duane today amazed them, as soon as the Nascent Soul Realm expert showed up,

They didn't know how Duane could turn the tables!

Given the power of a Yuanying-stage expert, even 10 Jindan-stage experts will probably not be able to defeat a single Yuanying-stage expert.

...

Below, at the gate of the Murong Family.

"Duane, look!" John pointed to the front with a

shocked face.

Duane also looked up and saw the Highest Elder of the Murong family.

"Who is that? He can even step on the void!" Duane was shocked.

The white shark also exclaimed, "Stepping on the air is the sign of a Yuanying expert. This... this is a Yuanying expert!"

The Taoist priest was also stunned for two seconds. He stared at the figure and said incredulously, "That... that seems to be the Murong Family's Supreme Elder. As far as I know, he died 20 years ago. How... how could he suddenly appear?"

"Highest Elder of the Murong family?" Duane was stunned.

Duane also knew that stepping on the void was the sign of a Nascent Soul Realm expert.

If the Nascent Soul Realm expert was the Highest Elder of the Murongs, it would be a big trouble!

How could Duane not know how powerful a Nascent Soul Realm cultivator was?

Thinking of this, Duane's expression became serious.

If the Nascent Soul expert was on the Murong Clan's side, then they would be in big trouble!

Duane had never imagined that the Murong Family actually had a Nascent Soul Realm expert!

The members of the Murong Family were also in an uproar when they saw the Highest Elder.

"Who is that?! He can walk on air! This is the sign of a Nascent Soul Realm cultivator!"

Many of the younger generation of the Murong Family did not know the Highest Elder.

"That's... that's our Upper Elder! He's not dead! He's still alive!"

Many members of the Murong family's middle-aged generation and the older generation recognized the Highest Elder.

Except for the head, no one else knew that the Highest Elder was still alive. Of course, these ordinary members of the Murong Family did not know, so they were very surprised.

"Highest Elder? Is he the Highest Elder of the Murongs?"

"In that case, our Murong Family can be saved, haha!"

"Highest Elder is a Nascent Soul Realm expert. That's to say, that kid is dead meat!"

...

The members of the Murong Family who were present were overjoyed.

At this moment, the Highest Elder of the Murong Family had landed in front of the Master of Murong Family.

"Master!" Su Mo's voice rang out.

The Master of Murong Family quickly saluted the Highest Elder, because he was his master.

"Disciple, I have said that unless there is a big event that concerns the life and death of the Murong Family, don't call me out. This time, interrupting my cultivation is a serious loss for me!" The Tai Shang Elder said with a serious face.

"Master, the Murong family has reached a critical juncture of life and death. We have no choice but to summon you, Master." The Patriarch of Murong family cupped his hands and said.

"Tell me, what's going on?" Highest Elder asked.

"Master, these two people want to destroy the Murong Family!" The Master of Murong Family pointed to Duane and Eliot.

The Grand Elder glanced at Duane and Eliot, then frowned and said, "One of them is a Jindan,

and the other is a Emptiness Dan. You can't deal with them? And you even call me out?"

"Master, although this kid is at the Emptiness Dan stage, his strength is very powerful. Furthermore, I don't know what he ate. He can burst out strength that is equivalent to that of a Golden Core. Even if the two of them join forces, I won't be able to deal with them!" The Patriarch of Murong family said helplessly.

"Oh? How could he be so powerful when he's just at the False Core Stage? Interesting." The Grand Elder stared at Duane.

"Master, this kid should have some cultivation inheritance. I deduce that he must have a big secret, even a big treasure trove. As long as we kill him, we can seize it!" The Patriarch of Murong Family said.

The Highest Elder nodded.

"Gentlemen, since you've interrupted my cultivation, I'll pay with my life!" The Highest Elder said in a cold voice, staring at Duane and Su Mo.

"Duane, in the face of a Nascent Soul Realm expert, no matter what, we are no match for him." The Taoist looked dignified, as if he was facing a formidable enemy.

Duane knew very well that they were no

match for a Nascent Soul Realm expert.

The appearance of the Grand Supreme Elder caused the scales of victory to once again lean towards the side of the Murong Family.

Although this was absolutely beyond Duane's expectation, this was the truth and he had no choice but to accept it.

"Daoist disciple, quickly take Bennett and John away. I will hold on here!" Duane said as he gritted his teeth.

"Duane, I'm not leaving!" Bennett said in a firm tone.

"That's right, Duane. As long as you don't leave, we won't leave." John also said in a firm tone.

"Hmph, none of you will leave today. Die for me!"

Highest Elder shouted and punched at Duane at the same time.

A powerful internal force rushed out from the Highest Elder's hand and turned into an illusion of a palm condensed from internal force, rushing toward Duane.

Once one reached the Nascent Soul Realm, he would be able to release his internal Qi and turn

his internal force into a physical attack move.

An expert of this level could kill an ordinary person with a wave of his hand while using his internal strength.

Duane's pupils suddenly convulsed. Faced with the attack of a Nascent Soul Realm expert, he did not dare to be careless.

"Block it!"

Duane immediately raised the sword in his hand and exerted his inner strength to the extreme to resist the attack with all his strength.

"Boom!" "Boom!"

The palm shadow, which was made up of internal force, hit Duane's Scarlet Sword hard.

Peng!

Duane was directly hit and flew backward. He fell heavily on the ground 10 meters away and smashed the flagstones on the ground.

A powerful force of energy was transmitted through the Red Blood Sword and swept over Duane's whole body.

Even though the Scarlet Sword had weakened three layers of its power, Duane was still unable to withstand the remaining seven layers.

"Pfft! Pfft! Pfft!"

Duane spat out two mouthfuls of blood in succession, and even his blood turned black. His face became as pale as paper.

At this time, Duane's internal injury was very serious.

In front of a Nascent Soul Realm expert, Duane felt that he was so small that he could not resist at all.

Even if it was a Yuanying stage expert, Duane would not be able to withstand such a casual attack even if he were to use his full strength.

It was just that the difference between the realms was too great!

"Duane!"

Both the Bennett and John looked at Duane worriedly.

"Are we going to lose like this?" Duane gritted his teeth and looked very unwilling.

Then, Duane supported himself and slowly stood up.
