

# Chapter 449

He bit his scalp and told the male doctor what he heard yesterday. The male doctor was taken aback first, then blushed.

After all, he is a doctor, who had to pay attention to his image.

But his private life is so unacceptable to the world.

“Don’t worry, doctor, my sister and I won’t tell you. We swear by our personality that every relationship in this world is worthy of respect. We just want to know our relatives and whether he is okay.” Joan said sincerely.

The doctor breathed a sigh of relief: “It is a hospital opened abroad. Although it is a foreign country, it is a very advanced hospital jointly opened by several countries. I only studied in it for a week, and I want to stay. I worked inside, but I was not qualified enough, so I was not admitted.

However, I saw a young man with lower limbs paralyzed and neuronecrosis. After the operation, he was able to walk slowly by holding on to the wall, but he was not very stable and needed some rehabilitation. Years. ”

“Then...that hospital, where is...?” Suzi asked immediately.

The doctor shook his head: “This is something that is kept secret by our medical community. After all, it has not been promoted by all mankind, so I will not tell you. I can only tell you that the young man is very lucky. He can walk in the future... ..Nothing else, no comment!”

Suzi still wanted to ask more questions.

The doctor said very excitedly: “Last night I drank too much. I was a little depressed before I said this to my lover. I didn’t expect that there would be ears on the wall. Otherwise, if you ask me today, I won’t even tell you

anything. Yes, I'm telling you this now, it's already against the principle, please don't hinder my work, okay!"

"Good doctor, good, thank you! We won't disturb you anymore." Joan apologized to the doctor repeatedly, and then pulled Suzi out of the hospital.

Suzi is still very excited.

"My brother is still alive, my brother, he can still walk, my brother is still alive? My brother is still alive, is this true?" She asked Joan over and over again.

Joan has mixed flavors in his heart.

If you want to say you are not jealous of Sanford, it is false.

Originally, he Joan had the best chance of marrying Suzi and living together with Suzi for a lifetime. Suzi is so self-reliant, so independent, so quiet, and so empathetic.

However, he missed it.

But Sanford, his little brother, finally lived in Suzi's heart. She cares so much about Sanford's life and death, so loves Sanford, and regards Sanford as her closest relatives in this life, even if she doesn't love Sanford, but just a kind of affection, it is enough to make Joan envy and hate.

However, Joan is envious and jealous, but what can he do?

The only thing he can do now is to comfort Suzi: "Suzi, the hospital has hospital regulations, but you only need to confirm that your brother is still alive, and that he can walk, that's the best news, isn't it? There are regulations in other hospitals, and it is hard for us to break other regulations. Let's go back."

Suzi thought for a while and nodded.

She is a person who can control her emotions. Joan is right. Such a big hospital must have their rules, but as long as her brother is still alive, it is the best news.

Brother is still alive?

Can I walk with my legs?

Suzi thought of Arron.

This afternoon, she did not wait for Arron at the door of the company, nor did she pick up the only one. Instead, she returned home early. After arriving home, she called Arron.

At that end, Arron quickly picked up, and Suzi immediately said, "I...I'll be waiting for you at home."

## Chapter 450

Arron: "..."

I was thinking about picking her up early and taking her to practice the car, but she went home first by herself? Was it awkward with a colleague, was squeezed out as a new colleague, or something?

For a long time, Arron didn't speak to Suzi.

Still Christopher reminded him: "Four Lord, why don't you answer Madam? Madam is talking to you on the phone."

"Um..." Arron came back to his senses.

He asked in a low voice, "What's wrong, why did you go home so early?"

At the other end, Suzi said warmly: "Well, I'll be waiting for you at home."

After speaking, he hung up the phone involuntarily.

Arron: "..."

"Master..." Christopher deliberately said in front: "Will you go to pick up your wife at the door of your wife's company? Then I will send you to the training ground, and I will pick up the little princess alone?"

"Go," Arron said.

Anyway, he was almost at his destination. Arron wanted to go downstairs to see why Suzi suddenly went home early.

Christopher: "...". He wanted to remind his father that if you can't enter the company downstairs, you must not hear anything. If you go to the company, the entire company will be in fear of your deterrence, you will not hear any useful news.

But Christopher did not say.

He was afraid that he would be kicked out by his father again. However, Christopher, who has always been loyal to the Fourth Master, cautiously said to the Fourth Master: "Master, should I call my cousin and ask what's the matter with the cousin?"

"No need!" Arron rebuffed, with a very cold tone: "I'd better go and take a look by myself!"

Christopher no longer squeaked.

Master has always been like this, he will not trust anyone easily, he only believes what he sees with his own eyes.

Okay!

Christopher stepped on the accelerator to speed up and went downstairs to Suzi's company.

I thought it would definitely be nothing. After all, what news can I get downstairs in the company?

However, they had just parked the car on the side of the road and saw a few white-collar workers walking out of it. They were in front of Arron's car, waiting for the car while talking loudly.

"That Suzi is really the best! I don't even know how to put on makeup. I don't even know how to put on makeup. I look like the kind of remote mountainous people who come out of the remote mountainous area all day long. Everyone thinks that she is going to be hurting her. The conservative is dying, he doesn't know it, there is more than a lot of show in my heart."

"So, Young Master Jun strikes up with her, Rayna's brother-in-law strikes up with her, even some male colleagues in our department, who are going to die, are talking for her today! I am really angry, my liver hurts! I don't know. Where is Suzi? How can she eat all animals! Didn't she say that she has a husband?"

"I think her husband must be a decoration. I will tell you a secret. I saw her seduce the coach of the driving school where she was learning to drive.

More than a week ago, when my boyfriend and I went to practice driving, I saw her being held by a male coach wearing a coach uniform and teaching her to drive. ...Of! "

Arron in the car: "..."

Christopher, the driver driving in front: "..."

The three women talked in front of their car for about a minute. The taxi came, and the three women got into the car frolickingly. One of the women did not forget to mumble: "I really don't know where I am better than Suzi. It's bad, but why don't you guys look at me more?"

"You are not as pretty as Suzi, not Suzi!"
