

Return Of The Lost Dragon Chapter 1

A Friend Indeed:

Jordan stared at old man in shock. He couldn't believe he was being chased out despite the fact that he was trying to help.

"But I didn't do anything wrong. Amanda is being deceived by this man who claims to her boyfriend!

"I said you should leave! I don't want to hear your excuse of tainting the reputation of my guests! "

He took one last look at Leonard before walking away with embarrassment.

He had already sworn in his heart to deal with Leonard but for now he had to leave. Mr George wasn't someone you could easily disrespect.

After he had left, the guests began to murmur.

'Do you know him?'

"No one does, he doesn't even have a reputation. He's an ordinary person.'

"How can Amanda choose someone as simple as him?"

"She made the wrong choice. Amongst all the rich, young men who come after her, she decided to chose him."

'What a shame.'

"What are you all talking about?!" Mr George fired back. " It's none of your concern if

Amanda chooses a fellow. It's her private life!"
