Chapter 2269

“Brother, is it reliable for us to follow that person and bet on player No. 33?”

Liu Hongxue couldn't help but ask in a low voice in the crowd.

She originally wanted to bet with Xu Yang, but to her surprise, Xu Yang actually listened to the man in gray and chose to bet on No. 33.

Naturally, she didn't trust a guy like this that she didn't know, so even with Xu Yang's guarantee, she just deposited half of the spirit stones to avoid any accidents.

“Junior sister, just don't worry. I have carefully studied that player No. 33. He is indeed very strong and has a very high winning rate. There is no problem in betting on him.” Xu Yang said confidently.

He was not a blind follower. After hearing the man in gray boast, he made a special observation.

Although Contestant No. 33 looks ordinary, the person who can use the black iron whip is by no means an ordinary person.

Unpopular weapons like whips are extremely difficult to practice.

It's not easy to get started, and if you want to master it, you need to put in several times more effort than ordinary people. On the contrary, if you practice it to perfection, you can also unleash a lethality that far exceeds that of ordinary weapons. Because the long whip is soft and can change in many ways, it makes it difficult to defend against when attacking.

Contestant No. 33 can beat the ring with a black iron whip, and it is not an embroidered pillow. In addition, the man in gray is full of confidence and looks like he has something to rely on, so he chooses to believe it once.

Of course, like Liu Hongxue, he only bet half of the spirit stones.

This way, even if you make a wrong bet, you won't lose everything.

"Brother Dustin, what number did you bet on this time?" Yan Buqi suddenly looked at Dustin and asked.

"Contestant No. 33." Dustin answered truthfully.

"Me too." Yan Buqi smiled, then looked at Liu Rushuang: "Where's Miss Liu?"

"Same." Liu Rushuang spoke concisely and to the point.

"No way? You all bet on player No. 33? Is he really that good?" Liu Hongxue was a little surprised.

Her attention just now had been on Xu Yang, but she didn't expect that her friends next to her were all-in on player No. 33.

"With so many people betting, it shouldn't be wrong. Anyway, I won't be the only one who loses." Yan Buqi shrugged, looking indifferent.

"Ah? Is this the reason why you bet on No. 33?" Liu Hongxue was speechless, then turned to look at her sister: "Sister, what about you?"

"My intuition tells me that No. 33 will win." Liu Rushuang said seriously.

The corners of Liu Hongxue's mouth twitched, and she was speechless for a moment.

"Brother Dustin, why do you want to keep No. 33?" Xu Yang asked curiously.

"The man in gray seemed to have a good eye, so I followed him." Dustin explained.

"All in?" Xu Yang asked.

"Yeah, all in." Dustin nodded.

“You are so brave!” Xu Yang gave a thumbs up. Although he thought No. 33 could win, he didn’t trust it 100%, so he only bet half of the spirit stones. He didn’t expect Dustin to be so decisive and bet all his wealth. Time is passing little by little. The battles in the eight arenas were extremely fierce, and several contestants had already decided the winner. However, most people at the gambling table focused on player No. 33. Because they all bet on number 33, they naturally hope that the other party will win. I have to say that contestant No. 33 is really powerful. The black iron whip in his hand is as flexible as his arm.

It is even more powerful and unstoppable when swung, and it can also achieve precise strikes. Although the opponent was very powerful, he was still forced to retreat and couldn’t get close at all. In just a few minutes, he was whipped more than a dozen times, and his whole body was covered in bloodstains. After gritting his teeth and holding on for another two minutes, his opponent was finally whipped off the ring by contestant No. 33. Seeing this scene, there was cheers at the gambling table, and many people jumped up, looking particularly excited. “Hahahaha...win, win! Player No. 33 wins!” “Okay, okay...that’s great! Now I finally made the right bet!” “Damn it! If I had known earlier, I would have gone all-in and won. It’s not worth it for such a small amount!”

“ ... ”

Contestant No. 33's victory made most of the gamblers present cheer and be elated.

Some of them felt that the bet was too small, which was a pity.

Especially when the spirit stone was obtained, it was even more painful.

They could have won more, but because they were too careful, the spiritual stones were halved, which was a pity.

“Brother! You are so awesome! If you say you can win on the 33rd, you will really win. You are really our God of Wealth!”

“Yes, yes! From now on, I will bet on whoever the eldest brother bets on. Who dares to question the eldest brother? Your backhand is just a mouthful!”

Player No. 33’s victory not only made most gamblers profit, but also pushed the reputation of the man in gray to a peak. Countless people surrounded the man in gray, giving him all kinds of flattery and praise, completely treating him as the God of Wealth.

It is obviously no coincidence that two consecutive predictions were successful.

If you don’t have any real ability, you absolutely can’t do it.

“Sure enough, No. 33 won!”

Liu Hongxue said happily: “That person is so awesome, isn’t he? You can tell who loses and who wins with just one look. It’s amazing!”

“This person is really awesome! Next we will You must be right to go with him!” Xu Yang’s eyes were shining with excitement.

He only staked half of the spirit stones just now, which was a bit regretful. Now, he is ready to attack with all his strength!

“It makes sense. That person is well-informed and has extremely accurate vision. He is much better than us.” Liu Hongxue nodded in agreement.

“Just earn some spirit stones, don’t be greedy for too much.”

At this time, Dustin said coldly: “Gambling is the most taboo thing in gambling. Stopping in time is the wise choice.”

“Brother Dustin, you This is wrong, now is our opportunity to make a fortune, we must seize it firmly, so that we can make a lot of money. If we miss it, we will regret it for the rest of our lives!” Xu Yang said enthusiastically.

“That’s right! Only a fool would stop when he finally has a chance to earn spiritual stones.” Liu Hongxue agreed. It was obvious that the two of them were already on top. Winning two games in a row gave them confidence. Coupled with the temptation of huge profits, it was naturally impossible for them to give up. As the saying goes, opportunities cannot be missed and they will never come back. After passing this village, there is no such shop. Facing the two people’s stubbornness, Dustin just shook his head without saying much. He has already reminded what should be reminded. As for the outcome, he has no control over it. The only thing that is certain is that if you continue to gamble, you will definitely lose everything.

After the third round, it quickly came to the fourth round. More and more people gathered around Huang Yinyin. Some warriors who had been watching the excitement from afar now all joined in. On the one hand, they are joining in the fun, on the other hand, they are jealous. Because there are too many people who have earned spiritual stones, and if they are passed on to ten or a hundred, the number of warriors participating in the gambling will naturally continue to increase. Huang Yinyin’s first box of spiritual stones has been completely consumed, and the second and third boxes of spiritual stones have also been moved out one after another.

Looking at the boxes full of spirit stones, the warriors around them had their eyes shining with excitement.

People's desires are never-ending. Although some people have won a lot of spiritual stones, they still want more.

A treasure like this that can directly improve one's strength is undoubtedly a huge temptation for them.

"Brother, how are you? Do you see clearly? Who is betting on this game?"

As the players came on stage one by one, all the gamblers' eyes were focused on the man in gray.

After the previous two games, they already had great trust in the man in gray, and now they completely regarded him as the God of Wealth.

As long as the man in gray dared to bet, they would dare to follow.

“Let me take a look first...”

The man in gray glanced at each arena one by one, and finally settled on the No. 8 arena. Then he stretched out his hand and pointed: “Bet on No. 95!”

“No. 95?”

Everyone Looking over, I saw that contestant No. 95 was a thin and short man.

He is 1.6 meters tall, very thin and lame.

He was holding an iron crutch in his hand and walked with a limp. He didn't look like a powerful person.

“It's No. 95!”

The man in gray didn't hesitate and directly deposited all his spiritual stones.

Seeing this scene, everyone couldn't help but be secretly shocked.

Isn't this too confident? Without saying a word, he just went all-in. His courage is really admirable.

“Since Big Brother is optimistic about No. 95, then I will bet on No. 95!”

“That's right! I'll bet too!”

“You have meat to eat with Big Brother, why are you standing there? I'm betting on you all!”

A group of people around the man in gray , without too much hesitation, followed closely.

Not to be missed.

How can we do big things if we hesitate?

With the man in gray leading the way, most people present bet on player No. 95, including Xu Yang, Liu Hongxue, and Yan Buqi, who all made the same choice.

Of course, there are some more sensible and cautious people who did not bet directly, but chose to wait and see.

The main thing is that contestant No. 95 does not look very good. He is a thin, weak and lame man who has trouble walking. How can he compete in the ring with others?

“Hurry up and make your bets. Don’t wait until the expiration date.”

Huang Yinyin shouted, urging some gamblers who had not yet made up their minds.

Three minutes later, the fourth round of competition officially began.

Due to the bet, most of the audience’s attention was focused on the No. 8 ring.

Arena No. 8 is the duel between contestant No. 95 and contestant No. 24.

Compared with the thinness of player No. 95, player No. 24 is just the opposite. He has a tall body, strong muscles, and looks very strong.

His wrists alone are thicker than No. 95’s thighs.

When the two of them stand together, they are the difference between a child and an adult.

Chapter 2272

It is precisely because of this disparity in body shape that some people are not optimistic about player No. 95.

Even those who followed the man in gray and placed their bets felt anxious and unsure at the moment.

“Hey! Kid! I advise you to admit defeat, otherwise I can cut off your arms and legs with just a light touch.”

Contestant No. 24 crossed his arms and looked at Contestant No. 95 up and down. , with contempt and disdain written all over his face.

A lame man who is as skinny as a monkey actually dares to go on stage to compete. He really overestimates his capabilities.

“Although you are tall and strong, you may not be able to beat me.” Player No. 95 said expressionlessly.

“Can’t beat you?”

Player No. 24 smiled and said with a joking face: “Kid, do you know what you are talking about? With your small body, I can kill you with one hand!”

“Really? ? You can try.”

Contestant No. 95 looked up at Contestant No. 24 without changing his expression, and there was no hint of timidity in his eyes.

Although his body is small, his aura is huge.

“Okay, it seems that if I don’t teach you a lesson today, you won’t know how good I am!”

Contestant No. 24 sneered and slowly pulled out the long knife from his waist.

Contestant No. 95 remained unmoved, leaning on crutches and standing quietly.

“Why are you still standing there? Show your weapons!”

Contestant No. 24 pointed his sword across the board, menacingly.

“We don’t need weapons to deal with you.”

No. 95 spoke calmly, his words calm and domineering.

“Huh?”

No. 24’s face darkened, and his eyes became fierce: “Boy! You are looking for death!”

Contestant No. 24, who felt that he was being despised, did not waste any time and directly raised his knife to kill.

Without any fancy sword skills or any feints, Contestant No. 24 held the handle of the knife with both hands and struck hard at No. 95’s shoulder.

This knife is unpretentious, simple and crude, and extremely effective.

No. 95 has only two choices, either to attack or to dodge.

The size difference between the two sides is huge, so it is obviously not a wise choice to attack them.

But if he dodges, No. 24 will take advantage of the situation to pursue him, speed up the attack rhythm, and let himself take the initiative.

From the perspective of No. 24, no matter how the opponent chooses, there is only one outcome, and that is defeat.

“Hmph!”

Confronted with the blow to No. 24’s head, Contestant No. 95 did not dodge or dodge. He just raised his crutch and pointed at Contestant No. 24 at a distance.

“Whoosh! Whoosh! Whoosh!”

Three poisonous needles ejected from the crutches, directly hitting three key points of contestant No. 24.

“Huh?”

Player No. 24’s pupils shrank and he immediately withdrew his move to block.

“Qiang!”

The first poisonous needle was blocked by the long knife. However, its powerful impact still caused No. 24 to tremble all over and make his arms numb.

“Qiang!”

The second poison needle followed closely and hit the long knife, causing No. 24’s knife to fly out.

At the same time, the third poisonous needle came at a very high speed and hit No. 24 in the chest when the door was wide open and unable to defend.

“Ah~!”

No. 24 screamed and flew several meters away on the spot, then fell heavily to the ground, paralyzed and unable to move.

Seeing this scene, everyone was stunned and a little unresponsive.

No one expected that the battle would end so quickly. Player No. 95 only made one move, and the tall player No. 24 was completely lying on the ground.

It was so easy to win!
