

Chapter 43 Causing Trouble

The next morning

As soon as Loraine entered the company, she saw Jolie darting toward her.

"Good morning, Jolie." She smiled.

"Morning, Loraine. A woman came to the company and said she wanted to see you. I've asked her to wait in your office." Jolie worriedly pulled Loraine aside. "That woman looks mean. She is probably here to cause trouble."

However, Loraine didn't think much about it. "Oh, come on. Stop overanalyzing it. I'm in the company now. What can happen to me?"

However, Jolie was still worried. "If something happens, you better call for help immediately."

Loraine agreed with a smile.

The smile on Loraine's face vanished as soon as she stepped into her office.

"Laura, what are you doing here? This is my office! You are not welcome here."

"You are indeed an ill-bred country bumpkin! Gosh, look at your attitude! Don't you have any respect for elders?"

Laura cast a contemptuous look at Loraine.

Loraine glared at her.

The sight of her arrogant, grumpy face brought back bitter memories of the past. Loraine felt a lump in her throat. She couldn't vent out the feelings pent up in her heart. A wave of anger engulfed her.

"I don't need to be polite to you."

"How dare you talk to me in that tone?"

Laura believed Loraine was inferior to her servants. Hearing the words, she recoiled in shock.

Loraine snorted. "What's wrong with the way I spoke to you? We have severed all ties. What right do you have to tell me how to talk? Remember, I'm suing you!"

Loraine's cold demeanor startled Laura. She felt like she was talking to a stranger.

Laura raised her head haughtily and scowled at her. "Now that you've mentioned this, I'll come straight to the point. You better withdraw the indictment soon, and I'll forgive you."

Loraine's face darkened when she looked at Laura. Her blood boiled with rage, even so, she remained calm.

"Why should I listen to you? Is this how you talk to some

when you've come to beg for help?"

Laura sprang up from her seat and yelled angrily, "Beg? Who the hell do you think you are? Loraine, Marco was kind enough to give you the project and collaborate with Universe Group only because you're his ex-wife. Otherwise, do you think you'd have got this project? How dare you file a lawsuit against his mother? It would only complicate your situation."

Loraine crossed her arms over her chest and smiled. "It's not a problem Universe Group and I should worry about. I am not at fault, so I've nothing to fear."

Laura lost her cool. "Loraine, I'm warning you. If you don't withdraw the indictment, I'll make you pay the price for it!" "Really?" Loraine smiled calmly. "Then, let's meet in court."

There was irrefutable evidence. She wanted to see how Laura was going to teach her a lesson.

Seeing Loraine's stubbornness, Laura gnashed her teeth in hatred.

She wondered why it was difficult to deal with her.

Marco was unwilling to help her. Laura knew that she couldn't win the case, so she came to threaten Loraine.

Considering she couldn't coerce Loraine, Laura decided to bribe her.

"Loraine, I know what you're thinking! You're using the

opportunity to gain money, aren't you? How much do you want? Tell me!"

Laura looked into Loraine's eyes.

"Money? Do you seriously think I'll let go of you for money?"

Loraine's jaw tightened. "I want you to apologize to me in public."

She wanted Laura to apologize not only for what happened now but for torturing her in the past as well.

The Bryant family owed this to her.

"What? You want me to apologize to you? No fucking way!"

Laura's eyes widened in disbelief. "Loraine, do you think I won't be able to do anything to you just because you're now the director of Universe Group? Don't forget your roots. You were like a humble maid in the past. You should listen to my words."

Laura mocked Loraine.

Loraine couldn't take it anymore. Her anger reached its pinnacle.

"Listen, Laura Bryant. This is Universe Group. You're at my office. If you cause trouble in my place, you will have to face the consequences."

Laura was surprised to witness Loraine's arrogance.

She finally realized Loraine was no longer the timid girl she used to be. "What do you want?"

Loraine ignored her and called the bodyguard. "A woman is making trouble in my office. Please get rid of her right away!"
