

Chapter 4

Aurora seemed focused as she packed and arranged some of her clothes into the suitcase. Meanwhile, Alex, who had just returned from work and immediately entered the room, appeared to be staring absentmindedly. The man intentionally approached, getting closer to Aurora to find out what his wife was actually doing in front of their wardrobe.

"Sweetheart, what are you doing?"

Aurora turned. Seeing Alex standing beside her, the woman then threw a smile as usual.

"I'm packing."

Alex's forehead immediately creased. His handsome face clearly displayed a questioning expression.

"Packing? Where are you going?"

"I have a last-minute assignment for a seminar in Bandung on Saturday. So, I'll leave on Friday night. I might come back to Jakarta on Sunday evening or Sunday night. Are you okay with me being away for a bit?"

Alex remained silent for a moment. He thought it was unusual for his wife to travel suddenly. But, not wanting to ask too many questions, a few seconds later, he nodded.

"Two days? Well, it's okay. But, I can't accompany you to Bandung, dear."

"No problem," replied Aurora. "I'm not asking you to accompany me. I know you're busy."

"But, if it's just dropping you off in Bandung, I can do that. However, I can't stay overnight," Alex offered.

Aurora closed her suitcase. Looking up, she smiled at her husband.

"No need. I'll go and come back with some other friends. It's not nice to travel alone."

"Are you sure you don't want me to drop you off?"

Aurora nodded repeatedly, reassuring Alex of the decision she had made.

"No need. It's okay. Also, on Saturday, our house assistant will stay at Mama's house. There's a gathering and dinner there. So, Mama needs help with cooking. You don't mind finding your own food, right?"

This time, Alex smiled. Trying to convince Aurora that it wasn't a big deal if he was left alone.

"Well, it's okay. When it comes to food, I can eat out."

Exactly on Friday, Aurora was truly ready to leave. Even the driver from the hospital was seen picking her up that night.

"I'm leaving now. Once I'm done, I'll be back on Sunday evening."

Alex nodded. He escorted Aurora to the front of the house.

"Take care, dear. Don't forget to let me know when you reach Bandung."

Aurora said her goodbyes. As usual, she hugged and kissed Alex before deciding to leave.

Meanwhile, as soon as Aurora left, Alex decided to go inside the house. He could only sleep after hearing the news that Aurora had safely arrived at her destination.

The next day, Alex himself seemed to be going about his usual activities. Since he didn't work on the weekends, he spent his time relaxing.

After having breakfast, Alex chose to read the news in the living room. Until not long after, around ten in the morning, the Arab-descendant man had a visitor. A special guest he had been eagerly awaiting.

"Darling... I'm here."

Opening the door, Alex found Nicole entering without needing an invitation. More than that, the woman, who looked sexy, rushed into a hug. She pulled Alex into the living room, urging him to sit on the sofa. And without any shame or awkwardness, she immediately gave a passionate and impatient kiss.

Upon knowing that Aurora suddenly had a business trip out of town, Alex quickly contacted Nicole that night. Instead of inviting her to a hotel date, he boldly invited Nicole to come to his house. Besides, both of his house assistants were off duty as they had to help his mother-in-law, who had an event.

"I missed you so much," said Nicole with a spoiled tone. The girl sat right on Alex's lap.

"Didn't I hug and kiss you at the office yesterday?"

Nicole nodded. Almost every time they were at the office, the two of them always made time for intimate moments. Doing things they shouldn't be doing.

"Well, it still feels lacking, dear."

"How so?"

Nicole sighed, draping her arms around Alex's neck, then looking at him with a teasing gaze. Anyway, she didn't want to miss any opportunity today to have fun with a man who was clearly the husband of her own cousin.

"Kinda unsatisfied. Like a teenager, the dating is just hugging and kissing. Don't you want to do something else, huh? Don't you miss wanting to touch me like that?"

Alex chuckled. He playfully poked Nicole's cute nose while speaking affectionately.

"I do, of course. I really want to touch every part of your body."

"Alright, let's go! Since we're alone now."

Alex smiled again. He knew what Nicole meant. Making sure everything was under control, Alex then invited Nicole to go to the second floor and entered the room he shared with Aurora.

After closing the door, impatiently, Nicole immediately pulled Alex and landed a kiss right on the handsome man's lips.

Continuing to kiss each other passionately, Nicole skillfully removed each piece of clothing Alex had on. Making sure the Arab descendant was completely undressed, Nicole intentionally pushed Alex's body until he lay on the bed.

"Nicole... take it slow. We have plenty of time today. So, no need to rush," Alex said with a smile. In reality, it was Nicole's aggressive behavior that drove him crazy.

Nicole then took off the Sabrina-style dress she was wearing. In a simple state, the beautiful woman slowly crawled up onto the bed. Approaching, then taking a position right above Alex's body.

"Today, you're completely mine, Alex," she asserted. Using her fingers, she gently traced the surface of Alex's face. "These eyes, this nose, these cheeks, and also these lips." Then, Nicole brought her face closer. She briefly kissed Alex's lips, then spoke teasingly. "Basically, everything about you will be mine today. I'll make sure to satisfy you."

Alex grinned. In one swift move, he changed positions. Now, Nicole was right beneath his control.

"Don't worry. Everything is yours, Darling. Today, we'll satisfy each other."

Nicole laughed meaningfully. She pulled Alex's body to stick to hers. She once again sent a kiss. Engaging in passionate kisses, they hinted that they were both currently consumed by intense desire.

However, just as they were about to proceed, unexpectedly, the bedroom door swung wide open. A moment later, Aurora entered, folding her arms and throwing a meaningful smile.

"How does it feel to bring another woman to sleep in our bed, Alex?"
