

Unbreakable 1901

Chapter 1901

After her pleading attempts failed, Katie resorted to sincerity.

Mitchel, you have to believe that I truly love you and would never harm you. After the wedding, Ill do everything to find an antidote for you. Ill make you take the medicine first to delay your condition. You have to trust me

Katie, drop the act, Mitchel cut in sharply. Cant you see? This wedding never had a groom. It was only ever about you.

Confusion flashed in Katies eyes, struggling to grasp Mitchels meaning. A wedding without a groom? What did he mean by that?

Mitchels voice was deliberate, each word weighted. Isnt this the wedding you wanted? I made it

happen. Now, its all over.

Katies confusion deepened. Mitchel, what do you mean

Mitchel explained with a hint of accusation, This wedding was designed to draw out your old ally, the one you conspired with.

Fear took hold of Katie. What old ally? What are you talking about?

Mitchel prodded her memory. The one you worked with to cause Raegans car incident five years ago.

Katie turned pale, a wave of fear washing over her face. Mitchel knew about her involvement! You mean Loren she started, but quickly silenced herself. How could she confess? She absolutely couldnt.

Katie knew Mitchel wouldnt have confronted her without concrete evidence. But even if he had it, she doubted Lorenzo, after five years, would testify against her. As long as she denied everything, she was safe.

Katie had most of the dirty work done by Abel and simply regretted her involvement with Lorenzo. After all, Lorenzo was no petty criminal. He didnt undertake tasks for mere money but for the thrill.

Lorenzo demanded that his clients personally explain their motives.

If he found their reasons compelling, he would accept the job. If not, he might even turn around and kill the client.

Meeting Lorenzo was risky. Luckily, Katie had Daveys connection to the Maxwell family to rely on.

After invoking Daveys name, Lorenzo had agreed not to harm Katie, allowing her to tell the story.

Knowing Lorenzos disdain for lies, Katie had told him a tale of a dark, intricate romance, like how she manipulated three women into destroying one another over Mitchel, all while she remained unscathed.

Lorenzo was instantly intrigued.

When Lorenzo learned that Katie wanted him to eliminate Mitchels most cherished woman, Raegan, his interest peaked.

Lorenzo thrived on encounters with individuals as twisted as he was.

He abhorred noble causes for murder, preferring to indulge his own darker impulses.

Thus, a pact against Raegans life was made between Katie and Lorenzo.

I dont understand what youre saying, Mitchel. You think too badly of me. We grew up as childhood friends, didnt we? You know I am not what youre suggesting. Dont you know me at all? Katie denied the accusation.

I dont know you, Katie. How could I? We never grew up as childhood friends. Every time you visited my home as a kid, I avoided you. We saw each other maybe once a year. How does that make us childhood friends? Youve just concocted this whole narrative in your mind.

Chapter 1902

Katies face grew paler with each word Mitchel spoke. He was right, but Katie had always been there, hidden in the shadows, watching his every move. From her earliest memories, she had observed him closely.

How could he dismiss that as nothing?

No matter what you say, I never did those things, Katie responded firmly, her voice filled with fear that Mitchel might have tangible evidence against her.

After that trusted servant by Laurens side ended up in prison, you trained new servants to infiltrate and influence her. You pushed them to encourage Lauren to provoke Tessa into making trouble for Raegan. And after Tessa was out of the picture, you backed Lauren to set Raegan up. Once they were no longer useful to you, what did you do? Do you want me to spell it out for you?

Mitchels icy sarcasm was a thunderous sound in Katies ears. She froze. How could he know all this? It was as if he had been spying on her all along.

Katie had been cautious and most of the dirty work were handled by Abel. After the suspicion of Katies involvement rose, Mitchel began to dig deeper. He meticulously detailed every part of the incident involving Raegan on a blackboard, untangling the complex web of relationships.

The picture he painted showed Katie, a woman with the facade of being gentle and kind, was obsessive, ruthless, and scheming, always shrouded in darkness while being the mastermind. He

realized as long as Katie lived, she would never cease her manipulations. She would continue to pose a threat to Raegans well-being.

Since Katie had scapegoated Abel and ensured no direct involvement linked to her, Mitchel understood she might easily avoid punishment.

That was why he had arranged the wedding Katie longed for.

Yet, nonetheless, Mitchel still gave Katie a chance to confess and accept punishment in Ardlens. If she was willing, he wouldnt proceed with his plan. But clearly, she would rather die than admit her wrongdoings.

Turmoil raged in Katies heart in those brief moments. Youre slandering me! she cried out.

She had worn her mask for too long to ever remove it willingly. So, she would never confess.

But Mitchel pressed on relentlessly, his voice cold, You colluded with Alexis and Henley to kidnap Janey and my mother. You even arranged for a car to try to kill them. And Mr. Gomez? You had killed him. Even the tragedy with my first child with Raegan was your doing.

He backed Katie against the door, his eyes filled with lethal fury.

Katie, your sins are unforgivable.

Ah! Katie shrieked in horror. Youre insane!

She frantically turned the doorknob, but it wouldnt budge. The door was locked. Turning back, she saw the deadly intent in Mitchels eyes.

In a panic, she cried out, Let me go, quickly! Ill tell you everything. If you kill me, you wont escape either. Why bother, Mitchel? You dont need to do this

Mitchel took a step back, his expression unreadable. Do you think I want to kill you?

He snorted, his voice dripping with contempt. Your blood is too filthy for me to even touch.

Tears streamed down Katies face as she pleaded, Then let me out!

She lost all sense of dignity, dropping to her knees and reaching for his pant leg. Mitchel, please, let me go

When her hand brushed against his clothing, a wave of disgust washed over Mitchel, and his face turned icy. He quickly kicked her hand away, his movements sharp and merciless.

Ah! Katie screamed in pain, curling up on the floor, cradling her injured hand.

Chapter 1903

Theres no way out, Katie, Mitchel said, his voice harsh and unyielding. This hotel is surrounded by your old ally.

Surrounded? What kind of joke is this? Katie's face was a mask of terror and disbelief as she knelt, trembling. How could you possibly have gotten Lorenzo to come here?

She finally spoke Lorenzo's name, revealing her recognition of him.

Knowing Lorenzo as she did, Katie refused to believe Lorenzo would intervene just because Mitchel asked.

After all, Lorenzo had been blacklisted by Ardlens special forces five years ago and hadn't shown much interest in returning.

Mitchel looked at her with a faint smile. He's here because his beloved wife has died.

His wife is dead, so why surround this place? I didn't kill her

Katie's voice faltered, her eyes widening in sudden realization. She stared at Mitchel, stammering, Was Was it you?

The smile on Mitchel's lips grew more pronounced, and his silence was as loud as any confession.

It wasn't Mitchel who had orchestrated the ambush, but it was on his territory that Lorenzo's wife met her tragic end, victim to one of Lorenzo's numerous adversaries.

s

In response, Mitchel had devised a plot to convince Lorenzo that he, Mitchel, was responsible. His aim was clear. He intended to draw Lorenzo into a trap in Ambrosia.

Mitchel knew he was running short of time. As long as Lorenzo was alive, peace was a distant dream for Raegan. After all, Raegan was still in his hunting list.

Driven by revenge and grief over the murder of his wife, Lorenzo, known for his vengeful spirit, would surely seek to harm the woman Mitchel cherished.

To counter this, Mitchel quickly announced his engagement to Katie, spinning a tale of rekindled love with his childhood sweetheart, propelling their fabricated love story into the limelight worldwide.

Mitchel meticulously orchestrated everything, timing his moves perfectly. When Lorenzo appeared at the International Banquet Center, Mitchel had called in the special forces, ready to assist in apprehending Lorenzo, even at the risk of his own life.

Yet, Lorenzo's resources and insanity was shocking, having managed to secretly plant explosives throughout the building.

Fortunately, Mitchel had foreseen this possibility. He had arranged for everyone in the building to be evacuated before Lorenzo's arrival.

Now, the building stood empty except for Mitchel and Katie.

Mitchel was prepared for the worst. If Lorenzo discovered the trap and attempted to escape, Mitchel was ready to confront him. They would both perish in the explosion.

Mitchel, have you gone mad? Katie exclaimed, her face turning deathly pale.

Katie pieced together Mitchels plan and knew Lorenzo well enough to predict his reactions. If Lorenzo believed that Mitchel had harmed his beloved, he would see her as the next target, tortured her to death. By then, that madman wouldnt spare her, regardless of the truth.

Katie regretted the story she had fabricated in Lorenzos presence, now exacerbated by Mitchels ongoing declaration of their romance.

Lorenzo would surely think she was the woman Mitchel loved. No explanation would change Lorenzos mind, given his vindictive nature.

He was the type to err on the side of excess rather than risk a mistake.

Chapter 1904

After a torrent of emotions, Katies expression settled into one that was as gray and lifeless as ashes. Exhausted, Katie slumped against the wall, repeating under her breath, Mitchel, you are absolutely insane!

Katie, this is the price you have to pay, Mitchel taunted her without mercy.

Katie felt as though her world had crumbled. Everything was finished, completely finished. She wasnt ready to die, yet the idea that she wouldnt be alone in death brought her a strange comfort. Mitchel, do you really think youve won?

Katie scoffed. You havent. Youve shown everyone that Im the woman you love most. Youve completely shattered Raegans heart!

Her words transformed Mitchels usually expressionless face into a frosty visage. His face turned stone-cold as he declared, You might want to think about whats coming for you!

I dont care anymore, Katie said faintly. Just moments ago, she was trembling with fear. Her sudden shift in demeanor seemed fishy.

Having you die with me makes it all less scary. Even if we die, being known as tragic lovers isnt the worst fate, is it? Katie taunted.

Disgust washed over Mitchel, his lips curling in disdain. Katie, who said I was letting you die?

Confusion crossed Katies face.

Whoosh! A syringe clattered to the ground near Katies feet.

s

Mitchel announced, You could try to give yourself an escape.

Katie, confused, began to ask, Why would you

Then it hit her. Mitchel, you dont actually want me dead!

Katie quickly connected the dot and grasped Mitchels intention, her astuteness shown in her capabilities in plotting numerous schemes.

You want me to kill Lorenzo, and then live the rest of my days like a fugitive, always terrified, pursued by the entire Maxwell family, right?

A fierce look sparked in Mitchels eyes. Im merely delaying your end. Do you really think you can evade the entire Maxwell family indefinitely?

Just thinking about the Maxwell family chasing her made Katie shiver from head to toe. The Maxwells wouldnt chase her indefinitely. If they decided to finish her, they would swiftly accomplish their task.

If the target didnt die quickly, the full might of the Maxwell family would ensure success.

By then, shed be scared out of her wits until the very end, and then shed have to deal with being caught and put through forty-eight awful tortures.

The Maxwell family was notorious for their merciless methods, torturing their victims up until the very end.

The mere prospect of such a dreadful life made Katie wish for death.

How could she possibly cope with that?

You are truly heartless. Katie felt like she plunged into an icy hole, her face turning pale as a ghost.

Chapter 1905

Mitchel responded, You have committed countless horrors. What goes around comes around. You get what you deserve.

At that moment, Mitchel resembled a dark avenger, spreading his wings to snuff out the evil lurki

g within Katie.

Katie was speechless. Her body shook uncontrollably at the thought of the Maxwell family on her trail. Fear wrapped around her like a suffocating net, ensnaring her completely. She felt as if she were drowning in an endless, formless terror.

After a prolonged silence, suddenly, Katie broke into hysterical laughter. She blurted out excitedly, Do you know? Raegans pregnant again!

Mitchels expression turned to one of shock. What did you say?

With a sinister smile, Katie revealed her malicious nature and said, Im saying the woman you love is pregnant, and if Im not mistaken, its likely your child

She deliberately paused, relishing the turmoil her words caused.

Given Mitchels current fury, Katie assumed he might end her life at any minute. She wasn't going to just surrender like a fool. She could just break everything to bits. If she was going down, she'd take it all down with her.

The color drained from Mitchels face in an instant. He lunged forward, crouched, and seized Katie by the collar, his eyes red with fury. What are you talking about?

Seeing Katies crazed smile and hearing her manic laughter only drove him to greater desperation. His eyes, filled with a murderous rage, fixed on her. Tell me! How do you know about this?

But Katie fell silent as if she had lost her voice, saying nothing further, just continuing with that unsettling, chilling laughter.

Katie seemed to find the situation amusing. She was thrilled because, as far as she knew, Henley had managed to let Raegan return to Ardlens. It appeared that their plans aligned perfectly, even under these circumstances.

With Raegan nearby at such a critical time, Katie felt less intimidated.

Mitchels brow creased, confused about how Katie could possibly be aware of Raegans pregnancy. Yet, at this moment, it seemed pointless for Katie to lie to him, and from his expertise in reading people, she didn't seem to be deceiving him.

But why would Raegan, carrying his child, keep this from him again?

Reflecting on his recent efforts to confront Katie and Lorenzo, Mitchel could see why Raegan remained silent. Even if he knew, what could he possibly do? The result was already decided. He couldn't alter a thing. All he could do was try his hardest to secure her future safety. But How did Katie discover this?

Explain it to me clearly! Mitchel clutched Katies collar, shaking her roughly in his distress.

Mitchel, do you really believe all those misfortunes are my doing?

Katie responded off-topic, Ever considered you're the one to blame? Who else could be causing pain to your beloved? But I got to say she's really fortunate. Despite my numerous attempts to harm her, she survived. Eventually, I had to team up with Lorenzo, but I never imagined her luck would be so strong that even Lorenzo couldn't succeed. Anyway, it's all because of you that the lives of the woman you love and your mother are in turmoil. If you hadn't given me hope, I wouldn't have fallen so madly in love with you, and they could have lived in peace.

Katie spoke, her face gradually contorting into something sinister.

The one who truly deserves to die is you. You're the root cause, the main villain! Those near you suffer because of you! I curse you. I curse you to never find happiness in life!

I will kill you! After hearing a barrage of bitter curses, Mitchels expression turned lethal as he strangled Katie. His grip tightened around her neck like a steel vice, squeezing intensely.

Just as Katies eyes began to roll back and she neared unconsciousness, the grip on her neck suddenly loosened.

Mitchel leaned in close, his presence overwhelming and the fresh, appealing scent of his cologne surprisingly close, leaving his intentions ambiguous.

Interesting! He scoffed. You'd like that, wouldn't you? That way, when Lorenzo arrives, you could try to absolve yourself of blame, right?

Katie was left speechless. Mitchel appeared to grasp her thoughts instinctively, hitting the mark with surprising accuracy.

Mitchel reached out but didn't actually touch Katie. Instead, he acted, stroking her hair through the air. Katie, you're being delusional. The harm done to Raegan, my child, and the suffering my mother went through won't just disappear.

Katie felt more than unnerved. It was as if a venomous scorpion was skittering across her scalp, poised to strike. You.

Before Katie could finish her sentence, the window shattered with a loud crash.

Katie was still trying to comprehend the situation when three figures dressed in black burst into the room.

Then, loud applause shattered the silence.

Leading the three was Lorenzo himself. With a smirk playing on his lips and his voice dripping with sarcasm, he said, You two really do seem deeply in love!

Suddenly, the atmosphere turned sinister, as if the whole room had descended into a chilling nightmare.

Katie's eyes widened, fear spreading through her like vines and quickly covering her whole body. No! It's not! It's not what it looks like! It's

Her shaky voice revealed her fear. Confronted with a ruthless figure like Lorenzo, no one could stay calm.

Mitchel, however, cut her off. He stepped protectively in front of Katie, squaring off against Lorenzo. Who are you?

Mitchel convincingly acted the part of the noble man, the protective husband, his voice filled with urgency, saying, Don't hurt her. Target me instead.

Following his words, two two heavy thuds sounded.

The men in black delivered firm kicks to Mitchel's abdomen.

Pfft! Blood seeped from the corner of Mitchel's mouth, but his eyes stayed intent on Katie.

Katie found herself at a loss for words. Her frustration was so intense that she nearly bit through her lip. This was exactly the type of deceit she was known for, and now Mitchel was mirroring her tactics flawlessly.

Lorenzo chuckled coldly and then asked Mitchel, Do you recall, twenty days ago, that mishap with a shipment where you killed a woman?

Mitchel frowned and his later expression seemingly suggested he finally recalled it. Oh, that woman. He acknowledged it without much regret, saying, It wasnt deliberate.

Mitchels words were an indirect confession, easily fooling Lorenzo, who was deeply in love with the woman in question. He was further irritated by Mitchels demeanor.

Convincing Mitchel had murdered his beloved, Lorenzo expected to catch a glimpse of remorse, but Mitchel displayed none. He was about to explode.

Katie, gripped by fear, yelled, Stop spouting lies! Mitchel, you hadnt killed anyone!

It had just dawned on Katie. Mitchel grew up under Kyler's strict guidance. Kyler, a military man, would never teach Mitchel to kill innocents for personal gain. Even if it was to harm her, Mitchel would never lay a hand on Lorenzos wife. She wasnt fully aware of the details, but she doubted Mitchel was responsible for the death of Lorenzos wife.

Mr. Maxwell, please believe me, Katie implored. Investigate the death of the woman you loved. Its more complicated than it seems.

Chapter 1907

Mitchel remained silent, allowing Katies desperate cries to echo around them.

The louder Katie screamed, the more Lorenzo believed she was trying to clear her own name. Clearly, she understood his way of operating, which explained her palpable fear. After all, they had collaborated on several occasions.

The two men in black subdued Mitchel easily, partly because Mitchel did not attempt to resist, recognizing that this was not the moment to fight. Katies recent revelations have forced changes to many previously laid plans.

Previously fearless, Mitchel realized he wasnt prepared to meet his end so suddenly. According to Luis, he had only two months left to live. With the recent knowledge of Raegans pregnancy, he contemplated using the medicine provided by Katie to extend his life slightly, just long enough to witness the birth of his children and pass away without regrets. However, he would not disturb Raegan. He planned to observe from a discreet distance, satisfied as long as she remained unharmed.

This motivation strengthened Mitchels determination to assist the special forces in apprehending Lorenzo. Ensuring Lorenzos capture was crucial for the safety of Raegan and their children.

Mitchel had already worked with the special forces to implement Plan A for capturing Lorenzo, but Lorenzo was shrewd.

Lorenzos reach extended deeper than they had realized, cleverly managing to plant explosives at the venue right under the noses of the special forces.

Additionally, as soon as Lorenzo and his men entered, Mitchels communication with the special forces through a hidden earpiece was cut off, suggesting they were using jamming devices.

Mitchel watched Lorenzo closely, understanding that wouldnt kill Katie right then and there, but he also wouldnt delay for long.

Lorenzo approached Katie, bent down slightly, and courteously took her hand and kised it softly. Miss Glyn, I never thought wed meet again like this, he said.

Katie urgently said, Listen, Lorenzo, dont do anything rash. Im not the woman he loves. This is all a setup to trick you.

Lorenzo ignored her frantic pleas entirely. He was an incredibly arrogant man. Once he had decided on something, no argument could change his mind, and he firmly believed in acting decisively rather than risking letting someone escape.

Thus, the gentle tone Lorenzo used just moments before turned sinister instantly.

Click! In a terrifying display, Lorenzo snapped five of Katies fingers.

Ah! Ah! Katies screams nearly broke the windows and seemed to reach the ceiling.

Lorenzo then signaled to a man in black, who promptly brought out a hammer and two long nails.

To keep up the charade, Mitchel, his face ghostly white, seemingly a picture of deep concern for Katie, yelled, What are you trying to do? Dont hurt her. I wont let you hurt her!

Pain silenced Katie, her face etched with shock and fear.

Lorenzo responded to Mitchels plea with even greater madness in torturing Katie. He positioned a nail against Katies foot and raised the hammer dramatically.

Ah! Katies scream filled the room, a genuine cry of excruciating pain.

When the hammer struck, Katie felt like it directly hit her heart.

Her well-maintained face twisted, showing an expression of grotesque fear.

The intense pain made her almost bite through her tongue. But she restrained herself. Instead, she bit her arm to endure the agony.

It was not that Katie didnt want to explain. But Lorenzo was too fast. He was ruthlessly efficient in tormenting a person. The entire process was fast and precise, giving her no chance to speak.

Chapter 1908

She couldnt utter a word. Her mouth could do nothing but scream in pain. When the nails were being driven into her foot, it was excruciating beyond words.

Katie had never been tortured like this before. When she was about to lose consciousness from the pain, she thought she saw a masked man crawling on the floor and calling her, Miss

She struggled to utter his name, Abel But when she stretched out her hand, hoping to hold him, the man dispersed Like smoke.

Katie then saw another scene. Abels feet were pierced by glass, bleeding profusely with every step he took. But he didnt seem to mind it. He carried her on his back without even frowning.

That was when they had a car accident. Abel had dragged Katie out of the car in time before it exploded, making them survive together. He was in a panic, and he didnt even notice that his feet were pierced by shards of glass from the shattered windows.

The scene was so unbearable that even Katie couldnt afford to look at it. But in Abels eyes, all he could see was his duty to Katie.

Now that Katie was experiencing the piercing pain, she realized what Abel had gone through at that time.

She belatedly realized only Abel would never abandon her. But ironically, it was she who had ordered him to die. And he obeyed without complaining.

Looking back, Katie could only regret it bitterly. She had not utilized Abel to his fullest. Otherwise, she wouldnt have suffered this current agony.

Lorenzos face morphed into something demonic. He picked up another rusty nail. As his lips curved into a sinister smile, he aimed it at Katies other foot.

No! Katie screamed. Her eyes widened in fright.

She shouted, Dont do this to me! I have something to tell you!

Lorenzos ability to commit countless murders stemmed from his never hesitating. He lived by the principle that villains died from talking too much and hesitating. Thus, his actions were always decisive. He did things cleanly, leaving no opportunity for the other party to retaliate.

Just like right now, Lorenzo was not interested in whatever Katie said she wanted to tell him. He suspected it was only Katies ploy to buy time.

Lorenzo didnt listen or believe his opponents. He always had clear goals, and he only did what he wanted to do. These were the reasons why he was invincible. So, he found the nails position without hesitation, raised the hammer, and smashed it down.

The sharp wind howled.

Katie felt like her heartbeat stopped for a moment. She closed her eyes, took a deep breath, and blurted out, The woman pregnant with his child is hiding in this building!

The anticipated pain didnt come. Instead, Katie heard a metallic sound. She slowly opened her eyes and saw that Lorenzo had thrown the nail away.

Lorenzo smiled sinisterly and asked, His child?

At this moment, only a shred of Katies soul remained. She breathed a long sigh of relief as if she had just escaped the jaws of death.

Yes, his child. Right in this building.

Mitchels face fell when he heard this. His chest heaved with emotion, but he didnt say anything. His every move was now being monitored by Lorenzo. And Raegan Why was she here?

Mr. Maxwell, Im telling the truth. His ex-wife is really in this building. I saw her today and asked a maid to lock her inside. Its very likely she hasnt escaped yet. Mr. Maxwell, this is a trap set for you. Believe me. That man is cunning! Katie said, pointing at Mitchel. She stood on Lorenzos side without hesitation. His aim is to capture and kill you.

Lorenzo tapped his handkerchief nonchalantly. Then, he glanced at Mitchel with an enigmatic smile and signaled to the two men in black next to him.

Chapter 1909

The two men in black grasped his hints and quickly handcuffed Mitchel before walking to the windows to check.

After a few seconds, they returned to Lorenzo and reported in a panic, Mr. Maxwell, bad news. The cops are outside, lots of them!

Lorenzos brows furrowed tightly. Notify the Shadows immediately.

The Shadows was the elite team Lorenzo had brought with him. They were all formidable fighters of the Maxwell family.

Understood.

One of the men in black took out a device and called their outside counterparts.

Katie seized this opportunity. With tears in her eyes, she said desperately, Mr. Maxwell, you must understand that he doesnt care even if Im tortured. If you really want to relieve your hatred, why dont you

She paused before she added viciously, Why dont you dig out his child for him to see? Wont that be more satisfying?

There was silence in the room. No one spoke for a moment. Katies vicious suggestion stunned everyone.

Then, Lorenzo smiled sinisterly and responded, Miss Glyn, your idea coincides perfectly with mine.

His malicious laughter was followed by a loud bang. The hammer in Lorenzos hand suddenly fell beside Katies foot.

Ah! Katie screamed, clutching her head. She still had lingering fear of the sharp pain she had just felt.

At Katies timid appearance, Lorenzo couldnt help laughing heartily.

Just then, a faint sneer sounded in the room. It turns out that Lorenzo, the infamous Blood Knight, is just a complete fool.

Lorenzo turned around and saw Mitchel with blood on the corner of his mouth glaring at him contemptuously.

Lorenzo stepped forward and said in an unexpected gentle expression, Are you talking about me? Along with his amiable tone was a chilling sound of bones cracking.

Katie, watching from behind, saw clearly as Lorenzo effortlessly crushed Mitchels kneecap with his bare hands.

Lorenzo used only one hand to break a hard kneecap. It was such a horrifying display of power.

Mitchel was clearly at a disadvantage at the moment. But he Looked even more terrifying. He didnt make any sound. Even when his kneecap was crushed, he didnt even frown. Such endurance was something ordinary people did not equip.

The two men confronted each other, and neither was willing to yield.

Coincidentally, Lorenzo was dressed in black while Mitchel was now in a white shirt. The blood stains on Mitchels shirt made them Look like printed flowers. The two men were in stark contrast. It was as if the evil and the righteous were in an ultimate showdown.

Lorenzo was surprised by Mitchels stoicism. He murmured, Hmm Such an impressive composure. But how dare you call me a fool! Are you so eager to die?

What? Did I say something wrong? As he spoke, Mitchels voice was slightly hoarse, indicating he was affected by his broken kneecap. It was just that he was exceptionally tolerant of pain.

Although his hands were handcuffed to the pillar behind him, and his kneecap was broken, Mitchel didnt kneel at all. Instead, he half- bent his intact knee and straightened his back. He was tenacious, refusing to give in.

Chapter 1910

I heard that the Blood Knight is known for his swift, ruthless, and accurate methods. But waver after listening to a womans plea for life? Disappointed! Mitchel scorned.

Mitchels words clearly suggested that Katie was merely fabricating excuses to escape.

Katies face immediately drained of color upon hearing this, cursing Mitchel silently.

Mitchels eyes were filled with coldness and mockery, adding, It seems rumors are not always credible.

Sure enough, Mitchels words provoked Lorenzo. He quickly pulled out a delicate gun from his coat, aimed at Katie.

The consequence of playing tricks on me is always the same, Lorenzo said coldly. He didnt turn around, and his gaze was fixed on Mitchel. But the gun in his hand was accurately aimed at the center of Katies head.

Katie was so nervous that her heart was about to explode. Her eyes widened in shock, and she stammered in a panic, No, no, no Mr. Maxwell, please believe me He Hes just trying to protect his woman and his child.

At this moment, the man in black who went to call the Shadows rushed back in and reported, Mr. Maxwell, the Shadows cannot be contacted.

The Shadows were all out of contact. At a time like this, it surely meant trouble. It was likely that the special forces of Ambrosia had killed Lorenzos Shadows.

At the thought of this, Lorenzo swiftly turned the gun at Mitchel and pressed the muzzle against his forehead. Humph! Its you, right?

Mitchel replied calmly, This is the International Banquet Center. There are surveillance cameras every three meters. Even if you destroy the surveillance system, there will still be traces left. Besides, youve been here for more than half an hour. If someone notices something strange, its normal for them to call the police.

Lorenzo thought for a moment. He realized Mitchels words made sense.

However He scoffed. You are only trying to provoke me into killing that woman. She seems to be telling the truth.

Mitchel looked up, but before he could respond, Lorenzo turned to Katie, seeking confirmation with his gaze.

Katie breathed a sigh of relief. It seemed Lorenzo hadnt really intended to kill her just now. She glared fiercely at Mitchel, who was still half-kneeling on the floor defiantly.

Katie seized the opportunity to explain to Lorenzo, Mr. Maxwell, his ex-wife is the woman we talked about. The one who has escaped you multiple times. Dont you want to catch her yourself and torture her?

Lorenzo relaxed his grip on the gun, raising it slightly as he stood.

Is it her? Lorenzos question was for Katie.

Lorenzo knew that the marriage system in Ambrosia was monogamous.

However, it was common for wealthy people to have several wives lurking in the background. It was also normal for some to divorce and get married several times. So, it didnt occur to him that the ex-wife Katie mentioned before was Raegan.

Katie nodded vigorously. Yes, its her. Youve met her before. You dont think Im lying to you now, right?

Lorenzos interest was piqued at this moment. He thought of Raegan, the prey that had slipped through his fingers twice before. Finally, he could now crush her in his hands again. Suddenly, he

felt his blood boiling with excitement, almost screaming deep inside him. He said, Miss Glyn, tell me where she is.

Katie unconsciously shivered. But she did not forget that she was still fighting for her safety. Yes, I can tell you, Mr. Maxwell. But can you Can you spare me?

Dont worry. After we find her, I guarantee you can get out of here safe and sound. But Lorenzo paused and smiled, showing his pearly white teeth. If I find out you are lying to me, Ill cut your stomach open and pull out your intestines. It should be quite entertaining.
