

Unbreakable 2121

Chapter 2121

Davey pulled a gun from behind, aiming it at Erick. How exactly do you plan to kill me, you fool? Do you think your men can outdraw my bullet?

With Raegan in his grip and Erick at gunpoint, both appeared cornered and outmatched.

Davey, losing his patience, shouted, Maybe you can convince your sister to tell me where she hid Casey, or shell be the first to go, then you!

Erick stood firm. Davey, Ive already involved the police from Houghton and Aurora. Id think about giving up if I were you.

Davey sneered, You really dont get it, do you? Ill only count to three.

He ominously announced, At three, youll watch your sisters brains paint the pavement, then you two can lie there together.

Ericks skin crawled, and he shouted, Try it, I dare you!

Daveys smile was sinister as he began to count, Three Two..

But just before he could say one, a figure moved swiftly by.

Raegan was thrown aside by some unseen force, and a loud thud echoed.

It sounded like someone had fallen from a great height.

Raegans heart raced. The cold smell of cedar filled the air.

The smell was unmistakably Mitchels. Could it really be him?

Raegans face drained of color as she hurried to the window.

At first glance, she noticed a man on the ground, surrounded by pools of blood. She couldnt see anything else.

Erick she whispered, on the verge of calling out when a familiar voice interrupted her. Arent you going to help me up?

Turning around, Raegan saw Mitchel clutching a cross beside the church, his eyes fixed on her.

She blinked several times, hard. It was no illusion. It was truly Mitchel! He was the one who had rushed over and pushed Davey down!

Raegan stared down from the high window and then at Mitchel, speechless and overwhelmed by emotion. It was incredibly risky. He had to have lost his mind

Before Raegan could process it all, Erick had come up, pushing her gently aside to pull Mitchel inside.

Once Mitchel was inside, Erick breathed a deep sigh of relief and exclaimed, Thank goodness the plan worked!

It turned out this had all been part of their plan, with one attracting Daveys attention below and the other sneaking up for an attack. Still, the plan was incredibly risky.

Erick, our mom is Before Raegan could finish, Erick cut in.

Dont worry. Weve found her. Shes safe in the hospital for a check-up. Well visit her soon.

Chapter 2122

In a bold move, Raegan had hidden Casey in the bushes by the car, convinced that the most perilous places could prove to be the safest.

She had deliberately left signs along the road leading Davey toward the church, pulling out all the stops. The rest was left to fate.

She was certain Erick and his people would come to her rescue.

Yet, Raegan hadnt anticipated Mitchels arrival.

Seeing the crutches hastily discarded on the ground, Raegans heart pounded. She could sense Mitchels desperation a few moments ago.

Raegan, who had remained tearless even in the face of death, finally allowed herself to cry. Erick, youre out of your mind to come up with such a risky plan and let him carry it out

Mitchels leg hadnt fully healed yet. Any mistake, and he could have been the one sprawled in that blood.

Erick was taken aback. Honestly, he hadnt expected Mitchel, at that decisive moment, to leap off the ledge with Davey. Luckily, Mitchel had timely clung to the cross, sparing himself from the same fate as Daveys.

They had intended to strike covertly, and with Daveys erratic behavior, nobody could predict he wouldnt throw Raegan down.

Erick, if in that position, would have done whatever it took!

s

Therefore, Erick offered no defenses, simply confessing, Its my fault, completely my fault.

Watching Raegan cry, Mitchel extended his arms, though his hesitation was apparent.

Please, no more risks like this! Raegan, seething with a mix of frustration and lingering fear, suddenly stood to head downstairs.

But she rose too swiftly, became dizzy, and fainted.

Raegan! Mitchel and Erick both cried out in shock.

Mitchel caught Raegan, and Erick swiftly intervened, saying, Lets get her to the hospital.

As they hurried downstairs, police sirens filled the air, while Ericks assistant stayed behind to talk with the authorities.

Davey, lying in a pool of blood on the ground with his eyes wide open, remained unattended. No one looked back at him. His death was deemed justifiable.

At the hospital, Raegan experienced a horrifying dream.

In it, Mitchel fell from a window, and she chased after him, only to discover a blurred, bloody figure on the ground. No! she screamed in agony.

Seeing her in such torment, with tears streaming down her face, Mitchel kept calling out to her, Raegan, Raegan

Awakened by his voice, Raegan slowly opened her eyes and, seeing him in front of her, immediately sat up and embraced him tightly. Tears streaming down her face, she exclaimed, Mitchel, youre alright! What a relief!

Mitchel hugged her back just as tightly, gently patting her quivering back. Im fine, Im fine he murmured soothingly, trying to ease her until Raegans crying slowly eased.

Still hiccupping, she managed to say, How could you That was so reckless, you know! Please dont do that again

Chapter 2123

Mitchel gently brushed her hair back from her face, looking at her with tender eyes. Look, Im perfectly okay.

Raegan noticed he didnt seem to take her concerns seriously, and a spark of anger ignited in her. If this happens again, I swear Ill stop talking to you. I mean it!

Mitchel nodded. I promise, Ill be more careful.

But internally, he added a silent exception for anything that involved Raegan. That was one promise he found impossible to keep.

His calm deserted him when it came to her. Every moment she was out of sight, he couldnt find peace.

Suddenly, Mitchel asked her, Raegan, are you willing to be with me?

These words seemed to carry a special kind of magic.

Tears filled Raegans eyes as she listened. To be with him meant sharing both joys and sorrows. Yet, since his return, Mitchel had shouldered all the difficulties, protecting her from any distress.

How could she not keep falling for him, time and again?

Perhaps saying falling for him time and again wasn't quite accurate.

It was more that their hearts had always been connected.

A mix of pain and joy swelled in Raegan's chest. In a soft whisper, she began, Actually

She finally revealed the truth. My wedding with Stefan was a sham.

I'm aware, Mitchel replied tenderly.

Raegan, taken aback, asked, How did you know?

Erick told me, Mitchel replied.

Raegan was left speechless. She couldn't decide whether to call her brother a fool or a good

helper. So you've known about it all along? Then why didn't you she started, but then hesitated.

Seeing her pause, Mitchel asked, Didn't what?

Raegan's cheeks flushed, embarrassed to say it aloud. She meant to ask how he had kept his feelings hidden for so long. Then it struck her. Maybe his pretending not to know was a sign that he didn't care as much anymore.

A mix of annoyance and insecurity surged through Raegan. Do you Do you not feel the same about me anymore?

Raegan was consumed by the sense of insecurity. Maybe his recent suggestion that they be together was just for the sake of their kids, to give them a complete family. Not because he still harbored feelings for her.

This thought terrified Raegan. What if Mitchel's feelings for her had indeed faded? In that case, she would keep her feelings hidden. She would love him, but she refused to love without self-respect as she once did.

Mitchel, however, grasped her hand and placed it over his heart.

Listen to this. Does it seem like I'm indifferent?

Chapter 2124

His heart was thumping loudly. Each pulse sounded like a drum, as if it would jump into her hand any second.

Raegan said, That doesn't show you have feelings for me. Maybe your heart is just racing. You might need to see a doctor

Before she could finish, Mitchel leaned in and kissed her.

Their lips barely touched initially, but the connection seemed to spark an unforeseen magic, quickly drawing them in deeper.

The warmth of the underfloor heating seemed to intensify their kis.

The air was charged with a subtle scent of romance.

Mitchels lean, strong hand moved to the back of Raegans head, gently caressing her hair as he deepened the kis.

The kis started tender and soft but soon intensified, charged with Mitchels vigorous passion.

Raegan was overwhelmed, losing her sense of response, unconsciously letting out a soft moan

The kis deepened, its intensity growing. If not for considering Raegans recent recovery, Mitchel would have wished it to last even longer.

When Mitchel finally released her, Raegan leaned against his hand, her legs feeling weak. Her cheeks glowed like a peach kised by morning dew.

Mitchel clenched his jaw, his Adams apple bobbing as he said, Now do you see? Its not just about my heart racing. Its because I constantly want you.

Raegan, overwhelmed by his words, pulled away slightly and scolded him, her face still flushed, Youre speaking nonsense again.

But Mitchel, with a slight smile and in a soft tone, replied, Its not nonsense. It might sound clich, but truly, youre the only one whos ever made me feel this way.

With that, he drew her back into his embrace with his strong arms.

Raegans cheeks, still pink, rested against his shoulder, her demeanor almost childlike.

After a moment of silence, Mitchels voice, deep and compelling, broke through. Raegan, all these years, I feel like Ive been losing you repeatedly until the day I realized my life had a time limit. Thats when I started doing things for you, believing they were right.

I thought clearing every obstacle from your path and leaving you all my wealth and care for you and our kids was the best thing to do.

Back then, I was so desperate that I was compelled to push you away, having neglected how you felt all the while. I lived every day as if I were tearing out my own heart without seeing how wrong I was. I thought I was suffering enough, having punished myself adequately

Until I experienced the same treatment from you that I gave, I never truly understood your pain. The kind that can make life feel unbearable. Watching you choose someone else, I kept telling myself that if sacrificing my feelings brought you happiness, then it was worth it. But when your water broke and you collapsed, my first thought was that I couldnt afford to lose you.

At that critical moment, Mitchel considered handling her final affairs and then joined her in eternal rest if she hadnt made it.

Even as he donated his blood for her, these thoughts lingered.

Should Raegan perished, his life seemed pointless. Unknowingly, Mitchel found himself couldnt live on without her.

Before meeting Raegan, Mitchel couldn't fathom loving someone so deeply, eager to do everything for her while also wrestling with the urge to force her back to his side. He had somewhat become a mix of generosity and selfishness.

Chapter 2125

Raegan, just yesterday I was still wrestling with showing you that what you could offer me wasn't pity, but genuine love. But after last night, after I burst through the door and saw you there, so vulnerable, I've been terrified. Even now, with you here, I'm still afraid Mitchel paused, struggling to steady his voice.

I'm afraid of what might have happened if I hadn't found you, or if I had been too late I need to tell you I want to be with you, even if your feelings for me are out of pity. Just stay with me. I'll do everything in my power to protect you and our children.

Mitchel realized his confession contradicted what he had declared the other day. That day, he questioned whether her declaration was merely out of pity and made it a point he couldn't accept such sentiment.

Yet, here he was, pleading for her to consider them together, even out of pity.

His overwhelming affection made it possible for him to forsake all else, including his deeply cherished pride. He exposed his deepest vulnerabilities, completely yielding to Raegan.

Raegan, it might seem selfish, but I'm asking you to start anew with me. Mitchel's voice wavered slightly.

Silence filled the air.

Raegan could feel the slight tremble of his body. She sensed his fear. What was he afraid of? Was it because her love for him had not been expressed clearly enough, making such a self-assured man doubt himself?

Raegan's arms encircled Mitchel's waist, feeling his pronounced shoulder blades through his thin frame, a body marked with scars from his previous efforts to protect her. The thought alone made her heart wrench painfully.

Mitchel, receiving no immediate reply, gradually loosened his embrace.

He took deep breaths, his exhales slow, striving to keep his voice steady. Raegan, don't feel compelled. If you turn me down, that's alright. It's your right, a sign of your autonomy, your freedom to make your own choices, free from anyone's influence. I'll manage.

God knew the agony it took for Mitchel to utter these words. If he couldn't even glean pity from her, he knew he'd lose all his bravery, the bravery to confront life.

As Mitchel was slowly letting go, Raegan, who had been quiet, suddenly lifted her head and held him tightly. A passionate kiss landed on his lips. Her kiss then trailed down to the distinct Adam's apple at his throat.

Mitchel tensed, a wave of unrest sweeping through him, as he abruptly caught her hand that was unbuttoning his shirt, his voice rough, as though burnt. Raegan, you.

Raegan gazed up at him, tears brimming in her eyes. Mitchel, Im even more selfish than you. Since the beginning of our relationship, Ive wanted you all to myself. Ive envied your past relationships and resented any attention you showed other women. Back then, you were my entire world, yet I wasnt the only one beside you. I felt helpless and envious, and divorcing you was how I coped with the broken fragments of my self-respect.

Mitchel wanted to explain something, but Raegan silenced him by placing a finger on his Lips.

Raegan shook her head and said, Hiding my feelings and pushing you away time and again was just my way of protecting myself. Im not sure if sorting out our feelings sooner could have saved us some heartache, but its not too late now.

With sincerity in every word, Raegan confessed, I want to be with you for the rest of our lives. This has nothing to do with pity. I love you. My love for you simply because youre the one I desire to spend with for the rest of my life.

Mitchel drew her close, wrapping his arms around her tightly as if trying to merge her being into himself. Such an embrace was the only way he felt sure she was real and not a figment of his imagination.

Overwhelmed, Mitchel trembled and said solemnly, Raegan, I wish there was a way for you to see into my heart. Its completely filled with you, and youre there to stay forever.

He kissed her again. This kiss was gentle, deep, filled with unspoken passion.

Their lips and tongues met, sharing warm, tender exchanges and their breaths mingled with soft moans.

Mitchels movement was restricted, so after they settled in bed, they lay on their sides, holding each other close and continuing to kiss.

But as he began to loosen her hospital gown, Raegan suddenly stopped him.

Chapter 2126

No Raegan uttered, a hint of embarrassment in her voice. I have scars, and theyre quite ugly.

She had undergone a cesarean section, and despite the advancements in medical technology, scars were inevitable.

It had been just a month since the surgery, and her doctors had advised that scar treatment creams needed to be applied for at least six months before any significant changes could be observed.

The treatment would only lighten the scars, not erase them completely.

But they would appear less noticeable than they currently did, which was fairly unsightly

That was how Raegan felt about it.

Mitchel's eyes, filled with tenderness, met hers as he reassured her, It's okay. I want to see.

Holding her clothes tightly, Raegan responded nervously, It really looks terrible.

It won't. I won't find it terrible, Mitchel reassured her with a smile. You didn't mind that I'm disabled.

It was the first time he had openly spoken about his disability, and his words deeply touched Raegan's heart. In a soft voice, she replied, How could I? I just feel so deeply for you.

Her words were heartfelt. True love meant embracing each other's flaws and imperfections.

I'm so happy to hear that, Mitchel declared sincerely.

A healthy relationship meant sharing one's flaws without feeling less.

Looking up, her eyes still moist, Raegan said, It's okay, Mitchel. I'm okay with everything about you.

With confidence, Raegan began to undress, showing him her imperfections, You see, we're the same, she said.

Mitchel gently touched the scar, his eyes wet with tears. I promise, I won't let you suffer like this again.

The overwhelming fear of the potential of losing Raegan as she bled severely during her childbirth had stuck Mitchel hard. He vowed never to let her face such peril again.

Bowing his head, Mitchel kissed the scar repeatedly.

They stayed in bed for a long while, yet Mitchel refrained from going further. Raegan was still healing, and though he longed for more, he restrained himself.

Yet, Mitchel treasured this closeness, a kind of intimacy rediscovered after loss. Raegan also valued it deeply.

After the intimacy, Mitchel grasped Raegan's hand tightly. Raegan, actually, there's still hope for my leg.

Raegan froze and heard him continue, Luis has scheduled for me to undergo joint replacement surgery, which has been proven successful in other cases.

What? Really? Raegan couldn't believe it.

Really. We finalized the surgery plans a week ago, and we're set to start as soon as spring arrives.

Chapter 2127

A week ago? Something felt off to Raegan, prompting her to ask, Does Matteo know about this?

Mitchel took a moment before replying, Yes, he knows.

Then why did he tell me you might never walk again? Raegan questioned. Back then, Matteos voice took on an overly dramatic tone, his face mimicking the emotion perfectly.

Ill deal with him for that, Mitchel stated.

But this time, Mitchel wouldnt send Matteo to Tanzania, as he knew that Matteo had been a great help to his current happiness. Otherwise, given Raegans tendency to guard herself, he might have never known about her true feelings and could have missed connecting with her again due to his overwhelming sense of insecurity.

Just cut him some slack.. Raegan knew Matteo meant well, and perhaps as an observer, he understood their relationship better than anyone. For two people who held their pride in high regard, a little external assistance was crucial for them to reconcile.

Please dont punish him. Instead, could you thank him for me?

Raegan said. She sincerely felt grateful for Matteos revelation, which led her to the cause of Mitchels doings and allowed her to grasp his profound love.

Their fingers interlocked, a silent testament to their connection, filling them both with a deep sense of satisfaction.

Mitchel.

Hmm?

Promise me youll hold on to me and never let go again.

This time, Im holding on forever, Mitchel murmured.

Over the next few days, Mitchel and Raegan were inseparable.

After each visit to Casey, they returned to the hospital room to cuddle.

Mitchel had transformed a corner of the hospital room into an office.

That way, when Raegan rested, he could still work quietly by her side. This setup meant Raegan could see him as soon as she opened her eyes.

Erick felt compelled to knock loudly before he entered to announce his arrival, not wanting to bump into their intimacy.

Consumed by happiness, Mitchels face glowed and he looked energized.

Even the confines of the wheelchair didnt seem to bother him.

Seeing Mitchel next to his sister kicked Ericks protective instincts into high gear. He couldnt resist a jab. You really need to take it easy, you know. The surgery isnt behind you yet.

Raegan had confided in Erick about Mitchels potential recovery early on. Maybe she hoped Erick would speak well of Mitchel in front of their father. Although Mitchel had earned Ericks approval, he still had to earn Landens.

Landen, protective as any father, was hesitant about his daughter marrying someone with a disability.

Mitchel, ignoring Ericks snide remark, replied with a shrug, Ive been very restrained.

Chapter 2128

That left Erick momentarily at a loss for words, his frustration nearly palpable.

Upon waking, Raegan caught Mitchel signing to someone on his computer.

To keep the room quiet for Raegan, Mitchel had even arranged for an executive who was proficient in sign language to help facilitate the conversation.

Lounging in the hospital room, Mitchel wore teal trousers and a khaki sweater. Despite their simplicity, the colors seemed to pop against his frame.

These days, nurses often visited under the guise of changing his bandages, just to catch a glimpse of this handsome man. Even with his mobility issues, his striking good looks remained undeniable.

Luckily, Mitchels devoted attention to Raegan kept many admirers at bay. Even when it was as simple as handing her slippers, he always insisted on doing it himself. Such devotion was rare, and few could turn his heart away from her.

After ending the video call, Mitchel noticed Raegan stirring as he saw her reflection on the laptop screen. He wheeled himself over, poured her some water, and gently asked, Youre up? Why didnt you call for me?

Taking a sip, Raegan replied, I didnt want to interrupt your work.

It wouldve been no bother at all. Mitchel set down the cup and kissed her forehead. Want to rest a bit more?

Raegan frowned slightly. No more rest for me. Im not really ill, just a bit weak. I cant stay in bed all day.

Alright, no more sleeping then. Holding her hand, his eyes radiated warmth and love.

As her hand warmed in his, Raegan whispered, Mitchel, lets go see your mom.

Upon hearing this, Mitchel nodded. Once this is all behind us, well head back to Ardlens

together and take the kids to see my mother.

Mitchel had been safeguarding Luciana. Due to concerns about Alexis, he had moved the Luciana to vengeance, secretly gravely injured another private hospital where she had recently come to. Lucianas legs werent ready to carry her yet, but her thoughts were razor-sharp. She longed to hug her grandchildren again.

Though Mitchel was not her biological child, something Luciana had known all the while, she had loved him just as deeply.

Lucianas heart ached for having pushed Raegan away, a decision she regretted all her life. But during Janey's kidnapping, she gambled with her life to save Janey and Raegan, trying to right her old wrongs.

Ultimately, Lucianas past actions didn't entirely damn her. In her excessive love for Mitchel, she was a portrait of many mothers out there, imperfect yet endearing.

Only when Raegan brought up Luciana did Mitchel reveal Lucianas awakening.

Luciana was far from flawless, yet as her son, Mitchel fulfilled his duties, nothing more. His bitterness toward her only began to dissolve when Luciana risked her life to protect Raegan and Janey from being hurt.

Through her brave acts, Luciana showed deep remorse. Mitchel found it in himself to forgive her, but he couldn't extend that forgiveness to Raegan. It was hers to give. The choice to forgive lay solely with Raegan.

Naturally, Raegan was inclined to forgive Luciana. Without Lucianas help, survival would have been bleak for her and Janey.

Raegan snuggled closer to Mitchel and gave a firm nod. Let's grab the kids and pay a visit to her.

Raegan had long released any resentment toward Luciana.

From Raegan's book, initially, Lucianas affection for Mitchel seemed self-centered, believing she acted in his best interest. It was just that she lacked weighing his emotions.

Chapter 2129

However, when Raegan discovered Luciana was aware that Mitchel wasn't her biological child yet loved him dearly, her respect for Luciana grew.

Plus, though Luciana could be sharp-tongued, she hadn't committed any grievous wrongs.

Later, Luciana fell under Katie's manipulative influence for some time and thus grew apart from Mitchel, which cast a shadow over her later years.

Yet, upon gaining some clarity, despite knowing the risk of likely falling into harm's way amid Katie's schemes, Luciana still managed to rescue Raegan and Janey, proving her deep remorse through her selfless deeds.

Raegan, not one to harbor bitterness, saw this act as a clear sign of Lucianas regret, making it impossible for her to remain aloof.

Now that Luciana was up and about, it was the perfect moment to take her children to visit Luciana. After all, Luciana was the grandmother.

Casey was still somewhat out of sorts, yet she occasionally managed to converse briefly with Raegan.

Though many memories had faded for her, Casey recalled Hector vividly and chose to depart with him.

Raegan was struck by the contrast between Caseys disdain for Davey and her trust in Hector. It had to be genuine.

Hectors later disclosure was a shocker. The son he had raised, Bryce, was actually Raegans biological brother. It was just that Raegan and Bryce were the results of Davey raping Casey after keeping Casey captive.

Bryce proposed he and Hector take Casey back to Ardlens to look after her. Landen and Erick supported the idea. Their goal was unified to ensure Caseys happiness. Ardlens was not some foreign land, and they could visit her whenever they wished.

Most importantly, Casey was on board with the idea.

When Raegan was consulted, she too gave her nod of approval. Casey, now without her memories of being held captive by Davey for decades due to the shock, seemed much more content.

Raegan silently wished that her mother would never reclaim those horrible days of her with Davey. It was better for her to continue living joyfully.

As for Bryce and Hector, Raegan held them in high regard. As Erick had pointed out, they could pay a visit to Casey whenever they wished.

Later on, police representatives paid Raegan a visit in the hospital.

They expressed their gratitude for her assistance in apprehending Davey, an international criminal involved in murder, manipulating officials, and trafficking secrets internationally to further his agenda.

With a coordinated effort, the police had managed to round up all of Daveys lingering malevolent deeds and his associates.

Regarding Daveys ashes, with no one to claim them and Bryce declining to lay eyes on anything related to Davey, Raegan requested that the police disperse them into the sea.

After settling everything here, Erick began to get ready for his trip back to his home country.

Raegan and Mitchel then paid a visit to Luciana at the sanatorium where she was recovering. This time, they brought only Janey along.

The twin babies were still too young and fragile to take out, so they decided to wait and have Luciana meet them at home later.

As soon as Janey spotted Luciana, she ran over and hugged Luciana, exclaiming, Grandma, are you feeling better?

The sweetness in Janeys voice made Luciana tear up. With a catch in her voice, she replied, Im good. Youre such a nice girl

Grandma, dont cry. I had brought you some candy. Janey reached into her pocket and pulled out her favorite milk candies, offering them to Luciana.

Luciana, dabbing at her tears and a bit embarrassed to be crying in front of Janey, explained, Im just so happy to see you, Janey.

I know. Im also happy to see you. Janey said to Luciana earnestly, Grandma, you have to follow the doctors advice and get better soon, so you can play with me and my little brothers, okay?

Alright. I will Luciana said, her voice tinged with happiness.

I will get better soon to play with you and your little brothers.

Annis, worried that Luciana might get tired, suggested taking Janey outside for a while.

Once only Raegan and Mitchel remained in the room, Luciana, with tears in her eyes, turned to Raegan and said, Raegan, I owe you the most. Can you forgive me?

Lucianas thoughts drifted to Janey's adorable face, regretting her past blindness. Before, her consideration was limited to Mitchel, having fully neglected Raegans feelings.

Raegan sat down, took Lucianas hand, and reassured her, Luciana, lets put the past behind us. Get well soon. I want you to enjoy some time with my babies. Youre the grandmother, after all.

Luciana was taken aback, hardly believing that Raegan would forgive her, let alone want to be close again. She was surprised that Raegan held no grudges about the past and even wanted her to spend time with her babies as a family should.

Tears welled up in Lucianas eyes as she felt a surge of motivation to make amends. Thank you, Raegan. Thank you so much

Luciana wept uncontrollably.

Wrapping her arms around Luciana, Raegan murmured, Janey and I Were grateful to you.

Their deep conversation helped Luciana shed her initial reservations.

Realizing Raegan had truly forgiven her, she felt a wave of happiness and started to look out for Raegan.

Turning to Mitchel, Luciana inquired, Mitchel, when do you plan to marry Raegan?

This question took both Raegan and Mitchel by surprise.

Judging by their reactions, Luciana figured they hadnt yet talked about it. She warned Mitchel, Listen, if you dont arrange a proper wedding, her parents will never approve. You better start planning soon, or I wont stand by and watch Raegan be treated unfairly.

Mitchel remained silent, his eyes fixed on Raegan.

Luciana pressed on, What does your silence mean? Dont you want a wedding?

Mom, of course I want one, but Im not sure if Raegan agrees

How could Mitchel not want a wedding with Raegan? Theyd divorced and remarried, but never with a proper ceremony. It was just the legal formalities.

Mitchels fake wedding with Katie had later been exposed as a setup to catch the international criminal, Lorenzo, with the police revealing the whole plot.

Therefore, to the people of Ardlens, Mitchel was still a bachelor.
