**Married At First Sight Chapter 3541**-Lilian was “taught” by her master. She promised her master that she would never bite Fabian again, and the matter was finally resolved.

When Fabian returned to Lilian’s arms, he was still grinning at her, which made Lilian’s heart soften.

No wonder her master’s love for her had transferred to Fabian.

He was really, really cute.

The Johnson family had already prepared a rich lunch. After everyone sat for a while, they went into the dining room to eat together.

After the meal, Jane and Lilian accompanied Serenity for a walk in the yard to aid digestion.

Serenity could eat, but after eating, she felt sick to her stomach and needed to move around.

After digesting, she wanted to eat again.

Jane smiled and said, “This month is the stage when the baby’s development is progressing rapidly. It needs a lot of nutrients, and you will get hungry quickly. Pregnant women are like this. They eat less but more frequently. I could eat better than you at that time. It returned to normal after I gave birth.”

Jane once was pregnant with twins, and the two children required more nutrition.

She felt like she had been eating and drinking throughout her pregnancy, like a rabbit, and her mouth never stopped moving.

Lilian said, "I don't feel anything. Maybe I am too busy."

She was also treating patients when she was pregnant.

Jane looked at her and laughed twice.

Lilian recalled some events during her pregnancy, smiled coquettishly, and patted Jane lightly for laughing at her.

"Didn't Zachary say he would send you here?" Jane asked, not continuing on the topic of children.

"He was on a temporary business trip and was unavailable. I came here with a few seniors, and he didn't have anything to worry about."

On the contrary, she was very relieved.

Serenity looked a little depressed when she said these words.

Without waiting for the two friends to answer, she continued, "Actually, I know he lied to me. They all lied to me and hid it from me. Do they think I don't know? We've been married for such a long time, I know him."

Serenity touched her belly, "They saw that I was pregnant, so they kept it secret from me. They didn't want me to worry, and they were even more afraid that I would run over desperately. Am I such an impulsive person? If I go there, I might be able to help my sister, but I will definitely become a burden for her. She is afraid that I and the child in my belly will be harmed, which will be detrimental to her."

Serenity knew everything.

Everyone kept it secret from her, so she acted like she didn't know anything.

Still following the original plan, she brought Sonny to FC Manor.

"I also believe that nothing will happen to my sister. I have always told her that Sonny and I are waiting for her to come back home."

"My eldest cousin and Zachary have been there. It is estimated that Zachary will be here in two days. My aunt and Grandpa Zhong will also go there. It's time to show off with them. There are so many people there. I believe my sister will be fine."

Serenity looked into the distance and added, "Brother Duncan is no less worried than me. He also stayed in Wiltspoon and did not go over. Like me, he was afraid that going over would affect my sister and make her vulnerable, which would be detrimental to her."

The person my sister cares about the most are me, Sonny, and Brother Duncan. As long as the three of us are safe and far from danger, and my sister's weakness is not exploited, she will be fine."

She also believed that Zachary and Audrey would not let anything happen to Liberty.

After two years of growth, Liberty has become even more outstanding than before, like Audrey.

Jane couldn't answer the question for a while.
