

# My Mate Has Two Wolves

## MY MATE HAS TWO WOLVES BY JESSICA

### Chapter 11

#### Catherine's POV

“Report me to the Council? Who do you think the Council will believe in? A rogue, or the Lycan King?”

Blake seemed to like to see my angry look and teased, “Or do you want to go to the court and ask

humans for help? Believe me, a werewolf like you who has no fixed address and no job won't bother

me in the slightest!”

I didn't know what Blake was thinking, but I saw a hint of desire in his eyes.

I was riled up.

‘How dare he!

My mind went blank, and I even forgot that Blake was the Lycan King

I picked up a glass of ice water from the table and splashed it on him.

Blake seemed to have something to say.

But before he could say it, he had gotten wet from the water.

The cup of ice water landed on his handsome face. Blake wrinkled his brows and became even more

intimidating, his eyes drenched with water.

Ice water was flowing down his hair.

“Damn it!”

Since Blake was the Lycan King, no one had ever dared to splash water on him.

Blake looked furious, as if he was going to strangle me.

But I didn't care because I was falling apart. The kids were the most important people to me, and I

would fight with whoever tried to take them away from me.

"Bastard, do you think you can ignore the law of werewolves just because you're the Lycan King? How

can you lay your hands on my kids?" | pointed at Blake and cursed angrily.

Blake kept a straight face and wiped the water off his face with some tissues.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

"If they're my brother's kids, I will take them back at all costs. The royals can't stay with a rogue!" Blake

stood up and said grimly.

"Don't even think about it. The kids are mine... No one can take them away from me." With that, I

rushed out of the door.

However, Blake grasped me by the wrist and flung me back just as I walked past him.

I was thrown back onto the sofa. I got up in a sorry state and asked, "What are you doing?"

"You're not allowed to leave until the result comes out," Blake demanded in an overbearing way. .

"Why? You can't hold me here against my will It's illegall

"What? Are you going to report me to the Council again?"

If the Council asks about it, I will say that it's you who sneaked into the Chavez Group and tried to fish

for the secrets of the royal family by seducing me... Blake gave me a cold stare

I was going crazy How could Blake be so despicable and shameless?

How could he distort the truth?

Seeing that I was speechless with anger, Blake put on a smile. "Catherine, you'd better sit down and

wait for the result

"No... I won't accept any results. My kids only belong to me." I bit my lower lip and said firmly.

"It's not up to you. If Leo is truly their father, the kids should be raised by the Chavez family. Anyway,

the kids were kind of stolen by you." Blake's eyes were filled with coldness.

Stolen? I'm not that cheap. My old wound was ruthlessly reopened by Blake. I was in extreme pain.

That night. I was the biggest victim.

"Maybe you pretended to be Leo's fan and deceived him. Leo is not only a royal but also a star in

human society. If you didn't try your best to deceive him, would he sleep with a rogue like you?" Blake

said in a disdainful tone.

I didn't want to talk to Blake, so I just ignored him.

My attitude infuriated Blake again, and he slightly narrowed his eyes.

I knew he was going to release his Lycan aura.

But to tell the truth, it didn't work on me.

We glared at each other, and there was a deadlock between us.

Suddenly, Black's expression changed slightly. Judging from his look, I knew that he was talking with

someone else through Mind-Link.

He first showed a puzzled look and then frowned.

I got even tenser because of his expression, as if my nerves were stretched to a breaking point.

I guessed that he was asking for information about Noah and Hedwig.

I didn't know if the wolf doctor had given him the answer,

Abruptly, Blake stood up from the sofa and stared at me with icy eyes.

"The kids are mine?" He looked at me and asked in surprise.

Shaken to the core by the news, I looked at the horrible man in front of me in terror as if I had seen a

ghost.

gulped nervously as I watched Blake walk closer to me step by step. I sensed danger and wanted to

escape.

"You've heard what I just said, right?" There was joy and excitement in Blake's eyes, but he kept a

straight face.

I immediately covered my ears and shook my head. "No... I didn't hear it."

"Then I'll say it again. The wolf doctor told me the result. Noah and Hedwig are my kids!" Blake made

his ecstasy clear in his tone.

I was thunderstruck, and my mind went blank,

‘What nonsense is he talking about?

How could Noah and Hedwig be his kids?

Could it be.

Is he the bastard who slept with me five years ago?’

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

“Tell me when this happened. I don’t remember sleeping with a plain woman like you...” Blake asked

before he could calm himself down. I could still see the wild excitement in his eyes,

This came as a blow to me, and I couldn’t recover from the shock for a long time.

“No... Why would Moon Goddess be so cruel to me?

How could he be the father of my kids?’

Ever since I came back to Sayreville, I learned from the mating gathering in Shadow Forest and the

Black Thorn Pack that Gina was the future Lycan Luna.

This meant that Gina was Blake’s mate.

Yet I gave birth to his child.

“How could this happen?

It can’t be true!

“Enough with the silence. Answer my questions...” Blake pulled me up.

My delicate body appeared petite and fragile in front of his tall and strong figure.

“No... It can't be you. You lied to me. It's not you...” | muttered, my voice growing louder and louder.

Finally. I let out a growl, “It can't be you!”

“What do you mean by that? Does it mean that we slept together before?” Blake's frown deepened.

I covered my face and cried bitterly. For the past five years, I had been thinking about how I should

scold the bastard and take revenge on him when I found him.

Now I knew the truth, but I found I was no match for him at all. I was so pathetic.

I broke down and cried. The ridicule and grievances I had suffered in the past five years now turned

into tears rolling down my cheeks.

As Blake let go of me with a stern face, I directly sank to the floor.

“You should feel happy that the kids are mine! It is very rare for a werewolf to give birth to a child

fathered by a Lycan if she isn't his mate. I will reward you with a sum of money.” Blake said as he

looked down at

me.

## Blake's POV

When I came to the reception room and saw the woman, I found her trying to straighten up and

staring at me without fear,

This surprised me.

All the women I had seen would try their best to show their beauty to me.

Usually, they would reveal their fair necks, the weakest part of them, to show their respect for me

Some women would even curl around my legs with a flattering smile on their faces, wishing they could

take off my pants.

However, this woman named Catherine gave me a completely different feeling.

I couldn't help but give her a second look.

She was in a black dress with the neckline buttoned, revealing her beautiful neck.

She might not know how incredibly sexy she was with that unruly look.

I asked her about the two kids but only got showered on my face with a glass of iced water.

As I was a Lycan, nobody had ever been so rude to me before. For a moment, I almost had an urge to

bite her neck off.

Judging by her indifferent attitude towards me, I knew she didn't feel repentant at all.

My eyes narrowed.

I didn't like the way she looked at me.

Suddenly, Henry contacted me through Mind-Link.

"What's up, Henry?" I picked it up and asked.

"King Blake, the test result shows that the two kids aren't Leo's," Henry replied.

"What?" I frowned.

I could clearly feel the Lycan aura from Noah.

"Leo isn't their father, but you are." Henry seemed surprised at the result too.

"Are you sure?" Hearing the news, I almost couldn't keep a cool head.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

I rose from my seat and walked up and down.

"I have checked it twice. They are indeed your kids. I will send the result to you later." With that, Henry

cut off Middle-Link.

The Council had always been dissatisfied with me taking over the position of the Lycan King

because I hadn't marked Gina.

They expected me to mark Gina and get her pregnant as soon as possible,

But now I was told that had two kids.

I couldn't believe it!

I thought of the mother of the two kids and turned to look at Catherine,

The woman, who had just had a terrible quarrel with me, now looked pale and gazed at the floor with

dull eyes, just like a zombie.

I felt a little sympathetic to her.

'Damn it! She just splashed icy water on my face. Why should I pity her?'

"When did I sleep with you?" I asked with a frown.

Vn

Catherine didn't answer but just covered her face and burst into tears.

I hated it when women cried.

"You should feel happy that the kids are mine! It is very rare for a werewolf to give birth to a child

fathered by a Lycan if she isn't his mate. I will reward you with a sum of money."

Somehow, her tears upset me.

rs

I walked to my desk, and then I took out the checkbook and made out one check with my signature.

I handed the check to her. "Take it. The amount is up to you."

I thought she would be satisfied, but she looked up at me in a rage.

She took the check and tore it into pieces before throwing them at me.

She snarled, "Bastard, I won't give you my kids. Never!"

'What the fuck!

What is wrong with the woman?

Why did she provoke me again and again?'

I could feel that anger was boiling inside me. I sneered, "Don't think that I'll show mercy to you just

rwa

ee

because you're the mother of my kids. If you irritate me, you can never see the kids again."

"Don't you dare do it..." Catherine got up from the floor and said fiercely.

She tried her best to jut her chin and shouted at me, "The kids are mine. Even if you are their father,

you can't take them away from me."

I didn't understand why she was so confident.

Surprised by her stubbornness and toughness, I couldn't help but wrinkle my brow.

'She is unwilling to take the check.

Does she want to be my Lycan Luna?

Seriously? A rogue?'

On cue, there was a knock on the door of the reception room.

"Come in," I said.

Henry walked in with a document in his hand, and then he put on a strange look when he saw me. I

snorted and fixed my wet hair with my hand.

"King Blake, this is the result from the pack doctor." Henry handed the document to me.

I opened the document and had a quick flick through it. Sure enough, the two kids were mine.

Catherine snatched the piece of paper from me.

“No... This is impossible... I don't buy it. You are lying to me!”

She stared at the result a few times and shouted.

I frowned and said to Catherine, whose face was drained of all color and animation, “I'm the father of

the two kids. This is the truth. Since you gave me two lovely kids, I'll overlook your rudeness to me.

And I'll give you a lot more...”

‘It's supposed to be a glorious thing to have a kid with the Lycan King. Why does this woman look so

Follow current on [NovelEnglish.net](http://NovelEnglish.net)  
upset?’

“I don't want anything, including your money! What I want are my kids. They only belong to me. You

have no idea what I've gone through to bring them up. How can you take them away from me? You are

a robber!”

Catherine covered her chest with one hand and held my desk with the other.

She looked at me with indignation.

“You'd better accept it, Catherine.” I was still immersed in joy and didn't want to argue with the

woman in front of me. Thus, I tried to be gentle and said softly, “You are a rogue. Do you want the kids

to live an unsteady life? If they stay with me, they can enjoy the same life as the royals. Can y do it?"

Catherine paled at my words.

Her hands clenched, she pursed her lips tightly and fell silent.

I knew she understood what I meant.

I continued, "I hope you can think it over for the sake of Noah and Hedwig.

"Alright, I am going to see the kids now."

To be honest, I was astonished that I could be so patient at such a time.

"You're not allowed to see them!" Catherine nerved herself to open her arms and stood in my way.

I didn't expect the thin and weak woman to be so brave.

But it was a pretty dumb thing to do because I was the Lycan King. Whoever got in my way would

regret it in the end.

If she wasn't the mother of my children, I would definitely ask Gerrard to throw her out.

But now I couldn't do that to her.

After all...

She was a special person to me right now.

[Catherine's POV](#)

It needed all my courage to stop Blake, the Lycan King

However, my courage instantly disappeared as he fixed his sharp eyes on me.

I didn't know how to stop him from going to see Noah and Hedwig.

While I was figuring out a plan, Blake suddenly looked down and lowered his thin lips to my face.

"Is that enough?" His voice was low and attractive, yet his tone was arrogant.

I was shocked. Blake looked at me with a smile and teased, "Still not enough? Or shall I kiss you on

another place?"

As he spoke, his eyes wandered toward my chest.

Noticing his gaze, I flushed with anger.

I had thought that he would get someone to throw me out or push me away, but he actually kissed

1. me.

'Bastard! How dare he kiss me without my permission!'

"You deserve it, bastard!" I slapped Blake without hesitation.

His face immediately clouded over with anger, and his eyes were blazing with fury.

"Get out of my way!" Blake seemed to have lost patience.

Then he released his Lycan aura.

The next moment, I felt my body surrounded by an invisible wall of force, which was exerting

pressure on me,

My body was out of control when Blake asked me to get out of his way.

Under the terrifying pressure from the Lycan King, I was forced to lower my head with my hands by my

Follow current on [NovelEnglish.net](http://NovelEnglish.net)  
sides and stiffly stood aside.

At this moment, the lovely faces of Hedwig and Noah appeared in my mind. I told myself that I

couldn't give up just like that.

I shouted madly in my heart in an attempt to awaken Eva.

Every time I had a crisis, Eva would always give me power.

Then I sensed that the wolf in my body was about to wake up and became more and more restless.

All of a sudden, I found that I had burst through Blake's Lycan aura.

With no pressure on my head, I immediately looked up and said to Blake, "I will never give you the

kids even if I die."

Blake seemed to be surprised that I could still resist in such a situation, and his brows furrowed

slightly

I didn't know what he was thinking, but he didn't dwell on it. Obviously, he wanted to see the kids more.

Thus, he didn't say anything but just walked toward the door.

As he disappeared before my eyes, the aura on me was gone too. Then I quickly chased after him.

I was in a real tizzy when I thought that Blake was going to see Noah and Hedwig now.

I knew what he said was the truth, but I still couldn't let him take the kids away.

'No, I have to follow him and see what he wants to do.'

Fortunately, Hedwig and Noah had been with me since they were born. They were independent and

could think on their feet.

I believed that the two kids would side with me against the bastard.

'Humph, I'm going to see how the arrogant man will get frustrated in front of the two kids.'

With this thought, I quickened my pace, but only to find that Blake was in the elevator and the elevator

door was closing.

'Oh my god! Will he just close the elevator and leave? If so, I have to wait for the next elevator!'

I sped up and then saw Blake put his hand between the elevator door.

He parted the elevator door by force.

I strode towards the elevator and stepped in.

Then the elevator began to move downwards. Since Blake and I both remained silent, there was a

frigid atmosphere in the elevator.

Finally, the elevator stopped on the first floor. When the elevator door opened, I couldn't help but heave

a sigh of relief.

As I walked out of the hall with Blake, countless female werewolves looked at me with envy.

But I was full of anger and walked fast,

Although both of us were going to the kids' kindergarten, I chose to take a taxi and go there alone.

I ran to the roadside and waved my hands anxiously. Chapter 13

Two black cars zoomed past me, just like a strong wind.

"Damn bastard!" I stamped my feet in anger.

Finally, I got a taxi and rushed to the kindergarten. But after I arrived, I didn't see Noah and Hedwig

in the classroom.

Where did they go?

I searched every classroom in the kindergarten but failed to find them.

"Miss, did you see Noah and Hedwig?" With anxiety, I stopped a teacher and asked.

"Their father picked them up!" The female teacher looked at me doubtfully.

"How could you give my kids to a stranger? He said he was their father, and you believed him. Do you

know how irresponsible you are?" I was furious at their behavior.

"But... Your kids admitted that the man is their father!" The teacher showed an innocent look.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

"What?" I was thunderstruck and was a little unsteady on my feet.

Noah and Hedwig actually recognized a man they had only seen once in the morning as their father.

'Silly kids! How could they go with a stranger? That's infuriating. When I find them, I'll teach them a

lesson.'

Just as I walked out of the school in anger, I saw two men in black standing respectfully at the school

gate.

I knew one of them, who was called Henry. I had heard from Blake that Henry was his Beta.

"Ms. Wyatt, King Blake invites you to his place to talk about the kids," Henry said politely.

I nodded and followed him.

Although I wanted nothing to do with Blake, the desire to see my kids prescinded my mind from other

things.

I hoped that the kids wouldn't be deceived by Blake.

I followed Henry into a black car. The car moved forward, and soon we arrived at the foot of a

mountain.

I looked up and saw a majestic manor halfway up the mountain.

At the foot of the mountain lay a quiet lake. In the manor, there was an exquisite garden extending

as far as the lake. It was splendid!

This place was only half an hour away from the city center of Sayreville. Sure enough, only the Lycan

King could afford to build such a grand building here.

While the car was driving in, my eyes couldn't help but look around the manor through the window

My heart sank as I saw the luxurious villa. I knew that the Lycan King was rich, but it was still beyond

my imagination.

Compared with him, I did have no edge. I couldn't even provide Noah and Hedwig with the basic needs

or get them into a wolf pack.

[Blake's POV](#)

I picked up Noah and Hedwig from the shabby kindergarten for humans. They were the kids of a

Lycan, so how could they study in such an ordinary place?

Right now, they were in my villa in Sayreville, sitting on the sofa in the living room,

They were blinking their big eyes and sizing me up.

"Noah, this man said he was our daddy."

Hedwig, who looked like a lovely ell, whispered into Noah's ear. She thought I couldn't hear her, What a

cute girl!

Although Noah was a little boy, he wasn't weak. He remained calm with his arms crossed over his chest,

while Hedwig looked a little nervous.

His beautiful and sharp eyes were appraising me.

He was so like the Chavezes.

I was overjoyed seeing the two adorable kids, but I had to restrain my excitement in case they would be

frightened by me.

“You said that you are our daddy. Do you have any evidence? We aren’t babies and won’t be fooled

easily,” Noah said like an adult, which surprised me.

“Noah, don’t you think we look alike? This is proof that you are my son.” I showed him a kind smile.

Hedwig, who sat next to Noah, blinked her eyes. She looked at me and then at Noah.

Afterward, she shook her head with a surprised look and said, “Noah, your face is just like his!

Maybe he is our daddy!”

Hedwig was so innocent and cute. I guessed her mother did take good care of her.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

Having governed the werewolf kingdom for many years, I could see that Noah was the one to make

decisions. As long as I could win Noah’s love, Hedwig would accept me as her daddy too.

“Do you have money?”

Noah’s voice interrupted my thoughts. As I looked at him, I saw him straightening up and staring at

1. me.

“As the Lycan King, I’m probably the richest among the werewolves,” I answered truthfully.

“Do you have a mate?” Noah continued.

I was a little displeased with this question. Noah was still a child. How could Catherine talk about the

mate thing with him?

“Yes or no?” Noah asked again as I didn’t answer. His face grew solemn.

I suppressed my anger and replied in a gente tone, “No, I’m always single!”

“You’re lving...”

Noah shouted in a sharp voice.

“Your mate is called Gina. When I had just arrived at Sayreville, I heard from other werewolves that she

is your Lycan Luna!” Noah said seriously.

For a moment, I was lost for words. I didn’t expect myself to be caught in a lie.

No, I didn’t lie.

I hadn’t marked Gina, so she couldn’t be considered my real Lycan Luna.

Just as I was at a loss as to how to answer Noah’s question, Hedwig also shouted in dissatisfaction.

“How would Daddy have a mate? Shouldn’t Daddy’s mate be our mommy? They are supposed to get

married!”

‘Get married?’

I was startled by what Hedwig had said.

‘Ask the worthless woman who fights for custody of the kids with me to become my Lycan Luna?’

No way!

But when I saw the disappointment on Hedwig's face, my heart skipped a beat.

I quickly said, "Noah, Hedwig, this is a misunderstanding. You should know about the Chavez Group. I

established the company after I became the Lycan King. Now the subsidiary of my company covers the

business in the entertainment industry, and Gina is just a model under contract to the subsidiary."

This was the first time I had explained something so seriously.

And I explained it to two kids.

However, Noah's face registered disapproval.

He snorted and said, "I've heard of your relationship with her from a lot of people. All of them said that

she is your Lycan Luna. How do you explain that?"

This gave me a headache. I couldn't help but frown as I had never had such a feeling before.

"Noah, you see, he can't explain it. Let's go," Hedwig suddenly said.

Noah curled his lips and looked at me. "Even if you are the Lycan King, we won't recognize you as our

daddy. You chose another werewolf to be your mate. We only want our mommy."

With that, he ran to Hedwig with his short legs and said, "Hedwig, let's go!"

"Wait a minute!"

I shouted as the two kids walked towards the door.

Hearing this, they stopped and turned to look at me, hand in hand.

“Alright, I will make a statement to the royal family that I have nothing to do with Gina. I won’t

allow her to be my Lycan Luna. Is that okay?”.

I knew that the Council would throw a fit if I did it, but I couldn’t care about it for now.

“So, will you make Mommy your Lycan Luna?” A cunning look flashed in Noah’s pretty eyes.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

Only then did I realize what Noah was up to. He was as shrewd as an adult despite his young age.

His purpose was clear. He wanted to find someone for Catherine to lean on for the rest of her life.

Noah had been acting just now. Actually, he was just forcing me to cut ties with Gina.

What a smart boy!

“Noah, Hedwig, listen to me. It’s important to choose a good Lycan Luna. She needs to manage the

entire royal family with me, so she should be capable and outstanding.”

“Mommy can do it! Our mommy is beautiful, kind, and capable. She can definitely be a qualified Lycan

Luna.” Hedwig looked so innocent with expectation in her big eyes.

Oce

When she stared at me, I couldn’t bear to say no to her.

Looking at Hedwig’s clear eyes, my heart ached for her. She had been drifting around for the past

years, yet her life wasn’t supposed to be like this.

I wondered, 'Has she ever been bullied? Has she been wronged?'

I became even angrier at this thought. It was all Catherine's fault!

"Hedwig, Daddy has said that choosing Lycan Luna is a serious thing."

"So, Daddy will choose Mommy, right?"

Well, I knew that I didn't have the heart to upset her when I met Hedwig's pure eyes.

"I've seen your mommy before. She looks pretty, but whether she is kind or not...."

"How can you doubt that? She is our mommy. Mommy is the kindest," Hedwig said with an innocent

look and nudged Noah, who had been silent. "Noah, am I right?"

Noah instantly nodded in agreement, "Yes, Hedwig is always right."

'Oh my god!

They're driving me crazy.

Why can't they see sense? They just couldn't understand what I meant.'

"Hedwig, stop it. No matter what we say, he won't admit that Mommy is his mate. He thinks that

Mommy isn't good enough and doesn't want Mommy to be his mate," said Noah.

“Alright... Forget it. It’s enough for us to love Mommy.” Hedwig lowered her head and looked

depressed.

I saw there was sadness in Hedwig’s eyes. ‘Damn it! How would things end up like this?’

VW

“Hedwig, you have to believe in Daddy. Your mommy will definitely be my mate.”

To cheer my daughter up, I even lied that I would love that damned woman.

NI

“Really?” Hedwig immediately widened her eyes and smiled.

I nodded and said, “Of course, I promise you.”

Hedwig beamed a smile and turned to look at Noah. She said happily, “Noah, we finally got Mommy a

mate.”

Noah looked dissatisfied. “Well, I don’t know that. If he is bad to Mommy, Mommy will be miserable.”

Hearing this, Hedwig immediately became worried with tears in her eyes.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

“Hedwig, I swear I won’t walk all over your mommy,” I promised.

Noah said in disbelief, “Who knows if you will keep your promise? We won’t believe you unless you

sign a written agreement in the name of the Lycan King.”

I was totally shocked and wondered what that woman had taught the kids.

Why did Noah know so many things at such a young age?

It must be because the kids lived a rootless life with Catherine that Noah was so precocious.

“Noah, what is an agreement?” Hedwig blinked her eyes and looked at Noah in puzzlement.

Noah curled his lips and crowed, “It’s beyond your understanding.”

“Humph, I’m ignoring you. Daddy, do you have cheesecake? Can I have some?” Hedwig turned to

look at me.

I immediately said to the butler who was watching us, “Go take Hedwig and Noah to have some

cake.”

Noah snorted, “I don’t want cake. If you really want to be my daddy, let’s sign an agreement. You have

to promise that you’ll love Mommy and try your best to be nice to her. You can’t hurt her. Instead, you

should give her a lot of money and make her the happiest woman in the world.”

What Noah asked for was truly a matter of some delicacy.

Noah didn’t understand what the Lycan Luna meant to werewolves. He didn’t know how painful i would

feel if I chose someone who wasn’t my true mate to be the Lycan Luna.

Noah said that I couldn’t hurt Catherine. What about me? What if I was the one who got hurt?

It was obvious that the two kids didn’t care about it.

‘OK. Go get the paper and pen,’ I said to the butler.

The butler nodded and quickly brought a pen and paper over.

“You write it as we say!”

I knew that they wouldn't accept me as their father if I didn't satisfy Noah.

Noah sat on the sofa without fear and wiggled his legs. “First, Daddy has to promise not to make

Mommy angry. Second, Daddy has to get us into the same pack. Third, Daddy can't choose other

werewolves as his mate. Fourth...

“Fourth, I haven't thought of it yet. Just the three requirements, okay? Daddy!” Noah wiped the

solemn look off his face and put on a sweet smile.

“Alright, I agree with all your requests. Can I sign it now?” I felt a little sad and jealous because Noah

loved that woman more.

Just as I was about to sign my name, the door to the villa suddenly opened. Then the woman called

Catherine barged in.

She saw me sitting on the sofa with Noah, and there was a pen and paper on the table.

I didn't know what she was thinking but only saw her take the paper and tear it up. “You can't sign it.

Noah, where is Hedwig? I'll take you home!”

Noah said regretfully, “Mommy, you came at a bad time.”

I was amused when I found Catherine gazing at Noah in confusion.

The woman always makes things terrible. Fortunately, I didn't sign on that paper. Otherwise, she

will probably keep arguing with me in the future.'

Catherine looked around but didn't see Hedwig. Then she paled and said in anger, "Noah, where is

Hedwig? You're her brother. Now Hedwig is missing. Why didn't you look for her?"

Noah shrugged with an innocent look. "You know it. Hedwig is a foodie and has no resistance to food."

"Since you're her brother, you should take good care of her. Take me to her. After we find her, we will

go home!" Catherine said anxiously. It seemed that she didn't want to stay in the villa any longer.

"Mommy, look back. We found Daddy." Noah tilted his little head towards me.

Catherine froze for a moment. She then snorted and said, "He is not your daddy."

"Cathy, although the children are young, they'll follow what we've done. Am I their daddy? You know it

the best, don't you?" I suppressed a smile and said softly when seeing the flustered look on Catherine's

face.

Sure enough, Catherine showed a stupefied look. And then a smile touched the corners of my mouth.

"Sir, I don't know you well. Please don't call me Cathy." Catherine tried to remain calm in front of the

children.

“Mommy, if you don’t know Daddy, where did Hedwig and I come from? Are you going to lie to us that

we were picked up in the trash can again?”

Trash can?

I couldn’t help but raise my eyebrows. Was this woman trying to say that I was dirty in an indirect way?

‘Damn it! How dare she!’

Catherine was speechless, at a loss for what to say next.

A moment later, she glared at Noah and said, “Don’t interrupt me while I’m speaking.”

I smothered my anger and still said in a gentle tone, “Noah is right. If we didn’t know each other, how

would we have two lovely children?”

As expected, I saw disbelief in Catherine’s eyes.

Today, Catherine had been so rude to me in the living room. She not only splashed ice water on me but

also slapped me.

I knew she was mad at me now, but she had to restrain herself in front of Noah.
