

My Mate Has Two Wolves

MY MATE HAS TWO WOLVES BY JESSICA

Chapter 21

Catherine's POV

"I... I didn't. I was unconscious that day. How could I seduce you? If I were awake, I would have killed

you." I was even angrier when I heard what Blake said. He was saying that I was the one who seduced

him that day?

I immediately squatted down, grabbed a handful of sand from the ground, and threw it toward him.

However, I stood too far away from him, so the sand did not land on his body, which made me feel

even more frustrated.

"I don't believe you," Blake said loftily with his arms crossed in front of his chest. Judging by his

facial expression, I could tell that he was doubtful about everything I said.

But I didn't want to argue with him anymore. He was just a cocky bastard.

I just fell down, so my body was covered with sand. And then I had a quarrel with him. Now I was a little

tired.

Blake left after saying that, leaving me alone by the lake.

I sat by the lake for a long time in a daze. I was troubled by the fact that Blake would take my children

away from me, but there was nothing I could do.

I felt very sad at the thought of it, and tears kept welling up in my eyes.

When my tears stopped, I decided to find Hedwig and Noah, so I went back to the villa.

As soon as I stepped into the villa, I saw Blake pacing in the parlor.

In his strong arms was a little girl, who was in a sound sleep with her thumb in her mouth. Despite her

messy hair, she still looked cute and adorable.

I was stunned. The little girl was Hedwig. Hedwig did like to suck her thumb in her sleep, but why was

she sleeping in that bastard's arms so soundly?

Blake kept dandling Hedwig attentively until she fell into a deep sleep. With a casual glance at the door,

he saw me still in my soaked clothes.

Blake signaled Downen, who was waiting at the side. Downen immediately walked up to me and said in a

low voice, "Ms. Wyatt, I have already prepared clean clothes for you. Why don't you take a shower and

get changed?"

I looked at my soaked clothes and didn't refuse. I then took the clothes and went into the bathroom to

take a shower.

However, I was still thinking about what I saw in the parlor just now. My lovely daughter was

sleeping peacefully in that man's arms!

I'm really jealous and bitter.

This bastard won Hedwig's heart so easily!

How could I not be angry?

When I came out of the shower, Blake was sitting on the sofa, still holding my daughter. He seemed

really satisfied and proud.

All of a sudden, the jealousy that had accumulated in my heart turned into anger. I walked to Blake

furiously and was about to snatch Hedwig back when he suddenly spoke in a low warning tone, "Don't

say anything! Hedwig has just fallen asleep."

At his words, I couldn't force myself to make a sound.||

This damn bastard used the Lycan aura on me again.

I didn't want to give in to his control. I asked my wolf for help, and then I could feel the blockage in my

throat breaking up.

I took two steps forward, stretched out my arms, and said, "Give Hedwig back to me!"

"Let me hold her for a little longer!" Blake glanced at me with his intimidating and sharp eyes.

I froze instinctively. This man's eyes were terrifying,

"No, I have to take them home!" I immediately blustered.

Blake didn't change his position and the look on his face was still cold. He then ridiculed, "Do you

want to take MY children to see other werewolves?"

I was stunned by his words. Other werewolves? Why did I say so?

At that moment, I suddenly remembered Mabel's phone call just now. Did he eavesdrop on me?

I immediately glared at him and said, "You are the Lycan King. How can you eavesdrop on me? I'm

really worried about the future of the werewolf."

Blake's face immediately darkened. He said coldly, "I don't need you to teach me how to be a Lycan

King."

"Then you don't get to meddle in my affairs either!" I raised my voice involuntarily.

I was not worried about waking up Hedwig because I intended to take them home.

"I don't care if you want to find any other man to be your mate. But I will never allow my children to call

other people Dad." There was a chill in Blake's eyes.

I snorted and said disdainfully, "I didn't realize the Lycan King was such a childish person."

"One more word, I'll kick you out," Blake warned me grimly, his eyes fierce.

"Where is my son? I need my son." I know I couldn't compete with him, so since I couldn't get my

daughter back, I could only go to my son.

My son is my little man, and he would definitely be on my side.

"Go find Downen, and he'll take you to Noah," Blake said coldly.

I looked at my daughter, who was sleeping in his arms, and said angrily, "When my daughter wakes up,

she will definitely need me here. Just wait and see!"

Blake frowned, as if he did not believe it.

I found Downen outside the door, and Downen asked Blake for his permission before bringing me to

Noah.

I found Noah in a spacious playroom. He seemed to be very happy, with his face blushing because of

excitement.

Beside Noah, Blake's Beta Henry was trying very hard to play together with him. Henry was even

helping Noah assemble a large remote control car.

"Noah..." I looked at my son, who was having fun. I really didn't want to disturb him, but this was

the bastard's territory. I had to take my children away as soon as possible.

"Mommy, are we going home? How was your talk with daddy?" Noah asked sweetly.

"Noah, I don't like that man, so he won't be your daddy." I was being straightforward because I was

talking to Noah. I knew Noah would understand what I meant.

"Mommy, is he really not our daddy?" The light in Noah's eyes suddenly dimmed.

"Noah, listen to Mommy. I will take you and your little sister home immediately. Will you go back with

me?" I squatted down and looked into Noah's eyes. I was really helpless. I felt that I was losing my

children. No one else could understand how afraid I was.

“Mommy, are you crying?” Noah asked worriedly.

I touched my face, only to find that, unknowingly, tears had already covered my face.

“Mommy, don’t cry, okay? That will make me want to cry too!” Noah followed me out as I turned around,

trying to comfort me.

“If you and your sister go home with me, I will stop crying!” It was the first time that I had lost my

composure in front of my son.

“Well, don’t cry, mommy. Let’s go find Hedwig and go home together.” Noah agreed obediently.

Seeing my son being so considerate, I felt a little better. I picked up my son and left the playroom.

[Blake’s POV](#)

After Catherine left, I finally got the time to be alone with Hedwig.

At this time, I was in the parlor of this lakeside villa, looking at the little thing sleeping soundly in

my arms.

Hedwig’s small face was really delicate and beautiful. With her eyes closed, her thick and long

eyelashes really stood out.

I involuntarily slowed down my breathing. This was my baby daughter.

I was never a man who liked cubs.

But looking at Hedwig, I felt that she was a gift from the Moon Goddess. She was my treasure.

I couldn't describe my feelings with words. No words could convey the felicity and satisfaction in my

heart. I could not wipe the smile off my face.

At this moment, I could not contain myself. I could not control the excitement inside.

"Hedwig... My sweetie..." I whispered to the little girl in my arms, kissing her on the forehead again and

again.

I was not sure if I had disturbed Hedwig, but she stretched out her little hand and scratched her

forehead. Then she pouted, looking like she was going to cry.

I immediately panicked. I thought that my posture was wrong, which made the little fellow

uncomfortable.

So, I wanted to stand up and rock her again.

At this time, Hedwig woke up.

Her eyelashes fluttered like a butterfly, and she opened her crystal-like eyes.

These were the cleanest and most beautiful eyes I had ever seen in my life.

"Mommy..." As soon as Hedwig opened her eyes, she uttered a word.

"Hedwig, I am daddy..."

“I want mommy...” The little thing pouted. Tears immediately welled up in her bright eyes.

“You mommy went to find Noah. Daddy will hold you. Why don’t you go back to sleep?” I said in the

gentlest tone I had ever had and showed her my most charming smile.

“I want mommy!” But Hedwig did not buy it. She kept wiggling in my arms.

I was stunned. No way. What Catherine said was true. Hedwig only wanted her mother when she

woke up.

She didn’t want her daddy anyinore!

“Hedwig, I’ll take you to Mommy right now. Don’t cry...” For the first time, I knew that kids could cry so

suddenly. When I saw the teardrops on her face, I just wanted to give her everything she

wanted.

Without another word, I immediately picked up my daughter and was about to walk out.

But at this time, Catherine and Noah came back together with Downen.

“Mommy...” As soon as Hedwig saw Catherine, she immediately wanted to break free from my

arms.

Although I didn’t want to let go of Hedwig, I didn’t want to go against her will. I could only let go of the

little fellow. She immediately ran towards Catherine, as if she was a hungry cub.

Catherine squatted down and picked her up. Hedwig, who was still sleepy, rested her head on her

mother's shoulder listlessly, ready to go back to sleep again.

Catherine held Hedwig in her right arm and had Noah's hand in her left hand. But I was all alone.

All of a sudden, loneliness enveloped me, causing my mood to turn sour.

"Daddy, we are going back with mommy. Come visit us when you think it through." Noah looked at me

with his big, cunning eyes and a smile. His tender voice was somewhat imposing.

I shrugged. "Think what through?"

"You know it!" The little fellow blinked at me with an inscrutable expression.

I looked at this naughty little guy and suddenly felt that he could cause me a lot of trouble in the

future.

Of course I knew what Noah meant. He just wanted me to sign a guarantee. This little brat. One day, I

would let my Gamma train you and let you know how hard it was to be a royal member. This was the

price you had to pay for scheming against me!

Catherine, on the other hand, had a cold look on her face. Although she had two kids with her, she

still didn't feel secure enough.

"I don't feel easy about letting the kids leave with you like this. I happen to have something to do and

need to head out. Where do you live? I can give you a ride." Of course, I was unwilling to part with my

children like this. I even offered to be their driver!

Catherine said coldly, "Downen can send us home. I don't dare to bother you!"

Catherine said coldly, "Downen can send us home. I don't dare to bother you!"

I looked at Downen coldly. He had worked with me for so many years, and he knew me well.

"Ouch... My stomach... I'm sorry. I don't feel well. I have to go to the restroom..." Downen could be a

good actor. I nodded with satisfaction.

I looked at Catherine provocatively, and her little face was pale with anger.

Noah stood next to her. The little guy was really smart. He suddenly sighed. "Oh, Daddy, just be

honest. If you want to drive us home, just ask nicely. You don't have to force Downen to put on that

show."

Follow current on NovelEnglish.net

The little guy said straightforwardly.

Catherine took the opportunity immediately looked at me provocatively as well.

"That's right. Why don't

you just be honest? You just need to ask me, and I will give you the chance."

"Anyway, Downen can't drive. I'm the only one available here!" I had never felt so embarrassed. I took

the car key and walked to the car.

“Mommy, let’s get in the car!” Noah smiled and held Catherine’s hand.

Hedwig lay in Catherine’s arms and didn’t wake up at all.

I started the car. I enjoyed driving fast. But today, my two treasures were in the back seats. I tried to

drive as steadily as possible.

Was that how a man became a father? I didn’t even know how to act freely and wildly as I had done

yesterday

The car steadily drove on the mountain road and arrived at the gate of the manor. There were six black

cars waiting there. They soon came to escort me by encircling my car.

“Daddy, is someone going to attack you? Why do you bring so many guards with you every day? Will it

be dangerous for mommy and us to stay with you?” Noah asked seriously.

ne

Catherine immediately echoed, “Yes, it is very dangerous. So, Noah, you have to meet him less in the

future.”

“I have guards with me not because I will be in danger. Ordinary werewolves are not my match at all.

This is just some extra insurance. Understand?” I resisted the urge to glare at that woman and

explained.

omai

Noah nodded and said solemnly, “Mommy, daddy’s words make sense too. If we have daddy’s guards

with us, we won’t be attacked by rogues like we were last time.”

“What?” Blake, who was driving, suddenly turned around and asked.

Then he braked, and the three cars behind him also had to stop. However, because Blake stopped the car so suddenly, the bodyguards’ cars crashed into each other to avoid Blake’s car.

0

I felt my body being pushed forward by inertia and almost hit the front seat. I quickly held Hedwig tighter in my arms.

I turned to look at Noah, who was so scared that his face turned pale. I became angry and said discontentedly, “Do you know how to drive or not?”

Blake ignored me. Instead, he glared at me and asked, “You were almost attacked by rogues? How did you protect your children?”

I was stunned. I didn’t see this coming. He was angry and braked so suddenly because of Noah’s

words.

“But ... We are fine now.” I glared back, feeling a little unconfident. “Well, we aren’t protected by bodyguards everywhere we go like you do, are we?”

Although the security in Pennsylvania was pretty good, that only held true in human society.

I was a female rogue who brought two children along with me. That made me an easy target.

□

Last time, Hedwig and Noah wanted to see me shift, so I took them to the forest around Bradford County at night.

I didn't expect that two rogues who were night running would show up after I shifted. Fortunately, Eva noticed them in time, and I drove away with my two children.

Ever since that time, I felt lingering fear every time I saw strange forests.

Noah's voice brought me back to reality. I saw him pouting unhappily and shouting, "Daddy, do you really have a driver's license? Why are you such a bad driver? My forehead almost hit the front seat!"

Follow current on NovelEnglish.net

When I heard Noah's words, I couldn't help but chuckle. I was quite complacent.

Blake was a little embarrassed. He naturally did not shout at Noah, so he sincerely apologized to Noah. "Sorry, it's my fault. I will keep my eyes on the road."

"Yes, keep your eyes on the road. Don't keep turning around to look at mommy," Noah tilted his head and said.

Hearing that, I could not laugh anymore.

Blake glanced at me with disdain before he focused on driving again.

The car was driving forward. I was staring at the scenery of Sayreville outside the window. When I occasionally turned my head back, I would see Blake still concentrating on driving.

I couldn't help but feel upset. I could only bite my lower lip and turn to stare outside the window.

Noah, who was sitting next to me, suddenly touched his belly and said pleadingly, "Mommy, I am hungry. Can we have something to eat?"

□

Only then did I realize something. Too many things happened today. I argued with Blake and then went to look for Hedwig by the lake. I forgot that Noah and Hedwig needed to eat something.

And after Noah brought that up, I also felt a little hungry.

“I’m sorry, Noah. I forgot.” I looked at Noah guiltily and said, “When we get to Mabel’s house, I’ll cook spaghetti for you.”

“I’ll take you to have a meal. The royal chefs are at the company. Noah and Hedwig need to have more protein-rich food like meat. Otherwise, they will find the training sessions at the werewolf school difficult in the future,” Blake suddenly chimed in.

“Great! Mommy, let daddy treat us to a big meal,” Noah clapped his hands and shouted happily.

I instantly became very upset. I pretended to be angry and scolded Noah, “How did I teach you before? Don’t eat anything other people give you! Don’t you remember?”

“But he’s my daddy, not other people!” Noah immediately refuted.

“I’m just taking you to a meal. I won’t do anything to you,” Blake spoke through his teeth. I knew that he was holding back his anger.

“I don’t want to have a meal with you. No one knows what tricks you will play. Just send us back.” I didn’t want to stay with him even for a moment.

“Mommy…”

“Noah, if you keep saying unreasonable things, I will be angry!” I warned Noah with a straight face.

Noah shrugged and did not dare to ask again.

□

In the end, under my insistence, Blake sent Noah, Hedwig, and me to Mabel’s house in Aurora Pack’s land. This time, he did not hide his identity and directly

asked his Beta to negotiate with the guards of the Aurora Pack, who quickly cleared the way.

“Noah, I will pick you and your sister up tomorrow and take you to the new werewolf school!” Blake

also got out of the car. Then, he squatted in front of Noah, touched Noah’s little head, and said gently.

tortorno

“Well, let’s talk about it tomorrow,” Noah said with pride.

I grabbed Noah’s little hand and walked toward Mabel’s house.

Hedwig, who had been leaning against my shoulder, woke up at this time. She looked up and saw Blake behind me.

“Daddy...” She called in a daze.

I turned around and saw Blake walking toward us with a reluctant look.

“Daddy! Mommy, I want to play with daddy...” Hedwig woke up. The feeling of hanging out with her daddy was still to her, and she began to shout!

“No, let’s go home and have lunch!” I held Hedwig tightly and walked faster.

I heard Blake ordering his guards to guard around Mabel’s house and report our whereabouts to

him.

I knew he was doing this to protect the children, but I hated the feeling of being spied on.

Mabel, who had just woken up from her nap, walked to me and asked nervously, "Catherine, what are you looking at? Anything wrong?"

"Mable, Mommy is peeking at daddy," Hedwig said with a smile.

"Daddy? Who is your daddy?" Mabel asked with curiosity.

"Daddy is daddy. He just sent us home!" There were still tears on Hedwig's face.

Noah knocked on Hedwig's forehead and said, "You are wrong. Mommy is not peeping at him. Mommy misses him."

When I saw the cars leave, I finally calmed down. I turned around and saw Mabel looking at me worriedly.

"Catherine, have you found Noah and Hedwig's father? Your mate?" Mabel asked, in both surprise and joy.

I felt exhausted, as if all the strength in my body had run out. I sat on the sofa, my heart full of helplessness.

Catherine's POV

With Mabel's help, I quickly cooked three plates of spaghetti bolognese, and Mabel fried eggs and

two slices of ham for Noah and Hedwig.

We ate up all the spaghetti soon.

"Noah, take Hedwig to our room." I had something to tell Mabel, but I didn't want to say it in front

of Noah and Hedwig.

After the two children returned to the room, Mabel came to sit by me.

"Catherine, what happened? You don't look very well,' Mabel asked with concern.

"Mable, he wants to take the children away." As soon as I began to talk, the grievances I had felt today

appeared again, and my tears streamed down,

"What?" Mabel looked shocked. She lowered her voice and asked, "You really found Noah and

Hedwig's father?"

I wiped my tears and sobbed. "Noah's aura is different from that of an ordinary werewolf. And that man

even asked the doctor to check him."

“Then what should we do? What kind of person is he? How can he take the children away? Catherine, you raised Noah and Hedwig yourself. You can never give them to him, okay? Young werewolves will be weak if they aren’t around their mother,” Mabel said anxiously.

“But he is rich and powerful, and I can’t compete with him.” When I thought of Blake’s powerful Lycan aura, I became more desperate and helpless.

“Then let him mark you. You will become a member of his pack. He is Noah and Hedwig’s father. And he is probably your mate.”

Follow current on NovelEnglish.net

“He won’t mark me.” I never thought of becoming the Lycan King’s mate.

“Why? Don’t tell me that he has a mate already, “Mabel asked doubtfully.

“No, he hasn’t marked anyone yet.” I shook my head.

“He hasn’t met his mate yet, and you haven’t, either. You can consider being with him. Nowadays, not all werewolves live with their own mate,” Mabel advised.

“It’s impossible. Mabel, he won’t mark me. There is a huge gap between our identities.” I sighed,

“Who is he? Is he the Alpha of a wolf pack?”

“He is King Blake,” I replied.

“What? King Blake?” Mabel looked at me in shock. “You mean Blake Chavez, from the royal family? Our Lycan King?”

I suddenly lost my confidence. My hands clenched tightly, and I nodded in despair.

“My Moon Goddess! Catherine, are Noah and Hedwig King Blake’s children?” Mabel exclaimed in

disbelief, “No wonder they are so good-looking and smart. It turns out that their father is King Blake!”

“Mabel, you know how difficult the situation is to me, right?” I forced myself to continue, “When I

returned to the Shadow Forest this time, I heard that the Lycan King already had a candidate for his

Lycan Luna. So he won’t mark me. He only wants the children.”

Mabel patted me on the back to comfort me. “Catherine, I understand what you mean. I am worried

about you, but I don’t know how to comfort you. If Noah and Hedwig were King Blake’s children, he

might really take them away. After all, Noah and Hedwig are the descendants of the royal family, and

King Blake won’t let them live outside.”

I leaned on Mabel’s shoulder and shed tears in silence.

After crying for a while, I felt tired and fell asleep on the sofa.

I didn’t know how long I had slept, but I was suddenly woken up by my phone. I glanced at the sky

outside the window and found that it was getting dark. Then I looked down at the strange number on

the screen and picked it up doubtfully.

“Hi, Catherine.” A gentle voice of a man sounded from the other side of the line.

“Hello, may I ask who this is?” I felt a little familiar with the voice, but I was not sure.

as

re

“This is Harley. Don’t you remember me?” The man let out a pleasant chuckle.

I suddenly realized that it was Harley Hicks.

Harley was a member of my father’s pack, and his father was my father’s former Beta.

We grew up together, and I once had a crush on him.

My mother died in an invasion of rogues, and so did Harley’s father.

Harley’s mother no longer chose to accept the Second Chance and brought up Harley alone.

After my father married Elena, Elena’s elder brother became the new Beta.

“I remember. How did you know my number?” I was both surprised and puzzled.

“I heard that you returned to the Shadow Forest, so I tried to contact you. I didn’t expect it to be your

number. We haven’t seen each other for a long time. Do you have time? Let me take you to dinner,”

Harley sounded as if he was smiling,

“Okay, I see. Send me the address.” I smiled and hung up the phone. Then I went to Mabel’s room and

asked her to take care of Noah and Hedwig for a while.

Noah, who had been playing for the whole day, had fallen asleep on the bed. Hedwig was having fun

with a ball of wool in Mabel's arms.

I kissed Hedwig on the cheek and then left Mabel's house.

I went to the restaurant that Harley chose.

Follow current on NovelEnglish.net

It was a high-end restaurant with luxurious decorations and bright chandeliers. I didn't expect that

there would be such a luxurious place in Sayreville, so I was a little surprised for a moment.

I didn't know how much a meal would cost here. I hadn't seen Harley for many years. Why was he so

generous now?

I was taken to the reserved table by the waiter and sat down. It was by the window, and I could see the

lights outside.

I picked up my cup, drank some water, and waited patiently.

After drinking three glasses of water, I checked the time again. It was almost 7 pm, but why wasn't

Harley here yet?

I still had to go back early, bathe my two children, and coax them to sleep.

Just as I was starting to get anxious, I saw two people walking toward me from afar.

One was Harley, and the other was Gina.

My expression changed, and my brows furrowed. I was confused in my heart. Why did Harley appear

with Gina?

Were we gonna eat with Gina tonight?

At the thought of Gina's previous performance and her arrogant tone, I wanted to leave immediately.

"Catherine..." They walked over, and Harley greeted me happily.

When I saw the man I had a crush on, no matter how much I hated Gina, I put on a smile.'

"Harley! Why did you come with her?" I did not hide my disgust for Gina.

Gina, however, began to act again. She stuffed her handbag into Harley's hand like a rich young lady.

"Harley, help me place my bag!"

Harley immediately took the bag and placed it on the side. He turned around and explained to me,

"Catherine, you still don't know, right? I am now the Gamma of the wolf pack. Alpha Wyatt asked

me to be in charge of Gina's guards."

[Chapter 25](#)

Catherine's POV f.

Harley was a good-looking gentleman. Especially when he smiled, he could be so attractive to girls,

It was hard for me to imagine that such a gentle guy like Harley would become the Gamma of the pack,

much less that my father would have him protect Gina specially.

What made me feel even more disappointed was that Harley was now following Gina like her servant. It

was hard for me to accept this fact.'

Gina did it on purpose apparently. I once saw her staring at me with a proud smile.

"Catherine, Harley is so sweet and considerate. He is so good to me. I'm so happy to have him as my

protector." Gina's voice was soft and pleasant. Besides, what she said was full of praise for Harley.

Harley was happy after hearing this. His handsome face was tinged with a trace of shyness. "Gina, you

flattered me. It is my honor to work for you."

I stared at the shy smile on his face blankly. His smiley face was carved in my memories.

"Harley, let's make it another day. I have things to do..." I suddenly wanted to find an excuse to leave.

"Cathy..." I was about to take my bag when Harley anxiously grabbed my hand. Harley seemed to be

reluctant to see me leave so soon, and he pleaded in a low voice, "Cathy, leave after dinner. You are

already here anyway."

Gina lifted her hair near her ears and said in a mocking tone, "She doesn't want to eat with me.

Harley, it is up to you to choose me or her to eat with."

I suddenly understood what Gina meant. Did she come to make her sense of existence stronger?

Sure enough, Gina's words put Harley in a dilemma.

I didn't want to make things difficult for him, so I sat back in my chair and said flatly, "Since I'm here, I

Follow current on NovelEnglish.net
will leave after the meal."

Gina probably didn't expect that I would stay and put on a straight face.

Only then did Harley let go of my wrist and happily asked the waiter to take our order.

However, it was in a dull atmosphere with the three of us in front of the table.

Harley also felt that something was wrong and I saw his troubled look. Since Gina was the expected

Lycan Luna, it was a true dilemma for him to be sandwiched.

"Cathy, I was disappointed when you left the pack five years ago." Harley took a sip of red wine and

thought of the sorrowful past. There was resentment in his eyes.

I felt so sorry for him and said in a low voice, "Harley, I'm sorry. It just suddenly happened..."

"Suddenly happened!" Gina, who was always as proud as a peacock, sneered.

My eyes were filled with resentment as I glared at her. How could she be so shameless to mock me?

Were it not for her and her mother Elena framing me, how could I have run into Blake? How could I

have been banished from the pack?

"What exactly happened? You can't even tell me about it? I asked someone to find you, but you

seemed to have disappeared into thin air. Cathy, I called you because Gina told me that you were

back.” Harley said as if he was wronged.

I asked with a frown, “Where did you get my number?”

“I asked someone from the Black Thorn Pack.”

I finally understood. I didn’t expect that Harley could contact someone from the Black Thorn Pack

to ask about me. Had he not found his mate after so many years?

Gina laughed sarcastically again. “Why didn’t you tell Harley what happened five years ago? Dare not

or ashamed?”

My face turned red with anger. My virginity was taken away by a bastard. I didn’t want to mention

such a shameful thing even if someone pointed a gun at me.

Gina’s fanning the flames made Harley even more curious about what had happened to me five

years ago.

“Harley, please stop asking. Let’s enjoy the meal.” I still wanted to keep his good impression of me.

so I didn’t want to talk about it.

Gina sneered. “Let me tell you. She had sex with another man. Harley, I advise you to give up on

pursuing her.”

“What?” Harley looked at me, stunned.

I was so angry that I splashed a glass of water on Gina. “You blabbermouth! I am warning you that if

you speak any more nonsense, I will show you the consequences.”

Gina didn't expect that my temper was as bad as ever and that I even splashed water at her. Her face

was drenched, putting her in a sorry state.

"Gina..." Harley was also astounded for a while. He immediately handed a piece of tissue to Gina. He

then turned back and said, "Catherine, why don't you change?"

Bitterness came from the depth of my heart when I saw how gentle and caring Harley was to Gina.

Gina looked as if she had suffered a great injustice. She looked at Harley coquettishly and said,

"Harley, it's my fault. Don't blame her. I didn't watch my words just now. I'm fine!"

Harley frowned and became a little angry. "Cathy, why did you splash water on Gina? Was what she

said the truth? Did you really..."

"Harley, I'm very happy to see you again. I'm not in the mood for the meal, please excuse me for

leaving early!"

I felt so ashamed and was about to leave with my bag.

However, a man in a suit walked over right after I stood up.

I knew that man. He was the Beta of Blake, Henry.

"Miss, please wait a moment. My boss wants to drink with you upstairs. I wonder if you are interested."

Henry smiled politely and asked.

I thought Gina must know Henry as well, so I turned my head to take a glance and found that when

Gina heard his words, her pretty face instantly paled.

“I’m sorry, I’m not in the mood!” I replied with a cold face.

“Miss, to tell you the truth, my boss has taken a fancy to you and demanded to see you.” Henry

seemed to know that I would not agree, so he added a reason.

“Taken a fancy to me? For what?” I was so angry that I laughed. What was wrong with Blake? Why was

he here like a coincidence?

“If you want to figure everything out, you are welcome to go up and talk to my boss.” Henry smiled

more sincerely.

At that time, Gina suddenly stood up from her seat. Ignoring her drenched face and her sorry state, she

walked over and smiled. “Hi Henry! What a coincidence. Is your boss upstairs? I’ll go and greet him...”

“I’m sorry, Ms. Wyatt. My boss doesn’t want to see you right now.” Henry said with great certainty and

his face darkened.

“What...” Gina looked incredulous. “Henry, take a closer look. I am Gina. How could your boss not want

to see me?”

When I heard that Gina couldn’t wait to go up to see Blake, I came up with an idea. I immediately said

to Henry, “Didn’t your boss take a fancy to me? Then I’ll go up with you to see what’s going

on.”
