

## The Killer 201

### Chapter 201

The Game Bedroom of the American Painting Society.

Hedy hugged the pillow with a light smile in his eyes.

In fact, after Preston said the phrase “I just don’t want you to leave me”, she didn’t get angry

The follow-up fights were just to test Preston’s true strength.

Let him sleep on the sofa...

He lied to her so many times, it’s time for her to lie to him, right?

Hedy suddenly felt his face was a little hot, and buried his face in the pillow.

As long as you think about that man who is high above the ground, calm and calm, and strategizing in the mall, he has acted for so long in order to chase her, thinking that she is angry, and anxiously roared his confession, with an anxious look.

She has an inexplicable sense of accomplishment and satisfaction.

Hedy reached out and gently stroked the teardrops in the love pendant on his chest.

Cooper.

My sister seems to have met someone who can try to love.

the next day.

Someone **got** up early **in** the morning, made breakfast for **his** “**still angry**” girlfriend **in** the bedroom, and then left.

Hedy had breakfast and hailed the car to go to Richard’s family.

This weekend, it’s a family dinner for Richard’s family.

“Hey, let me see who is here. **Isn’t** this the great painter Light and Hedy who won the Medal of Warrior? Rare and rare.” Second aunt Elsa came over with a smile, shaking her round fan.

The eldest aunt also came over and hugged Hedy’s shoulders, “I really don’t know how the third sister taught her children and how she taught them so

well! “, it turned out that Hedy was taking care of Jenny.” Elsa nodded.

“Cousin!” Jenny hugged Hedy’s arm with the expression of a loyal fangirl.

“Eh? Why are you hugging Hedy so tightly? Let her come over to eat some fruit.” The old lady in the living room waved.

A group of people waited and went to the living room.

“Hedy will definitely not be easy in the future.” The uncle and the second uncle pondered.

Only the old man was a little confused.

His calligraphy is superb, and his American paintings are not bad, but his granddaughter is an oil painter. Should he be happy or depressed?

Forget it, don't worry about it.

No matter what, they are all his precious granddaughters!

At noon, everyone had a happy meal.

In the afternoon, the old man said, "I'm going to take Jenny to the American Painting Association to participate in the Landscape' theme competition, Hedy, you can go with us."

The old man thought, let Hedy see the beauty of American painting, maybe give up "Oil painting" from "American painting"?

"Okay." Hedy nodded.

Nothing to do in the afternoon, it doesn't hurt to go with the family.

On the way to the association, Jenny was feeling uneasy, and said in a low voice,

"I don't know if I can compare to Luna."

"Luna? Isn't she an oil painter?" Hedy was a little surprised.

She was not on the school intranet, so she didn't know about Luna's past.

"She can also paint in America." Jenny told Hedy about

Luna. Hedy's eyes flashed.

I never thought that little loli would be so ambitious.

"Last year's 'Character' theme, and the year before last year's 'Flowers and Birds' theme, she was the first in the competition. I hope this time 'Shanshui', I can be slightly better." Jenny sighed.

In terms of grades, she has been suppressing Sharon, but in terms of American painting, she has been suppressed by Luna.

Not long after, several people arrived at the American **Painting** Association.

A group of people gathered around the gate of the association. In the middle of the crowd stood

Nick, **with** shoulder-length hair and a neutral aesthetic.

Nick is tall and slender. Today he changed into black casual clothes, with a silver necklace hanging around his neck. He is lazy and casual, indifferent to everything around him.

The girl with a big belly in front of him was crying with snot and tears,

Nick, you said you love me, why am I pregnant, and you don't care about me! Didn't you say that you would let me marry into the family?"

All the onlookers pointed at Nick. Those who come to

the American Painting Association today are basically here to participate or watch the competition, and they think that their self-cultivation is not low

What

Nick did was disgusting. Even the old man frowned in disgust. "Why is it this guy again?"

Then, shaking his head, he brought Hedy and Jenny into the association.

"Cousin, don't get too close to Nick in the future, and don't be deceived by his sweet words." Jenny reminded,

"Everyone in the circle knows that he is the son of mistress.

His mother, mistress, took the position and squeezed The original

partner of the gentleman at home.

**Nick** himself, like his mother, has a good look, has a good look, has an ambiguous attitude towards every girl, and then abandons it.

Like this kind of drama where a girl is pregnant, it happens several times a year.

He should have accompanied

Luna to the competition, but he was blocked by a girl. By the way, Luna is Nick's childhood sweetheart, and he likes Nick very much."

Luna ran out from the

American Painting Association and saw Hedy's. At that moment, a trace of anger appeared in her eyes.

With just one look at Hedy, she rushed to Nick, who was surrounded by the crowd, and confronted the pregnant girl. Hedy and

Jenny, who had already entered the hall, didn't know why the two girls were arguing.

"Cousin, I'm going to prepare the things needed for painting first." Jenny left. As a judge,

the old man chatted with other judges.

Hedy is sitting in the spectator seats.

The so-

called viewing seats are composed of square tables and mahogany chairs placed around the tables.

On each table, there are coffee and dried fruit, as well as a brochure related to the

American painting competition. It contains excellent works of past competitions.

”

Hedy opened the pages to admire, and heard footsteps in her ears, and Nick sat down at her table.

With the arrival of Nick, many people in the spectator seats **cast** disdainful eyes on him.

“I didn’t expect her to be a famous light magician.” Nick smiled,

“I really regret not going to the gate of the art academy to see you painting with my own eyes. This will be a great regret in my life.

Glancing at him, he looked away.

Hedy was cold, which made Nick smile even more happily, “Is Ye Xuemei here to help Jenny cheer?”

“Yes.” Hedy didn’t look at him this time, and continued to flip through the book.

“Could you tell me what kind of boys my school girl likes? I’m missing ‘ a girlfriend and I want to try to pursue you.” Nick’s eyes were bent into

crescent moons,

“Although I used to be more romantic, but I assure you, I will only It will be good for you alone.”

This kind of scumbag’s usual rhetoric fits Nick ‘s identity very well.

“I have a boyfriend.” Hedy said calmly.

Her resolute refusal made the smile on Nick’s face deepen, “I think you can change a boyfriend, and you have to shop around for things, don’t you?”

Hedy put down the brochure and looked at Nick, there was no contempt in his eyes, only calmness,

“You **like to** live with a mask, pretending to be romantic, it’s your business, **don’t** bother me.”

Chapter **202 Nick’s** transformation, Luna ‘s provocation

**Hedy** and Nick **don’t** have much contact.

But she knows that Nick is not a casual person, on the contrary, he has a sense of distance.

It started with the chat group in Class 7:

At that time, everyone just came to the University of Finance and Economics and chatted about the interesting things about the romantic people on campus. As one of the school girls,

Nick is naturally on everyone’s topic.

A boy, talking about how he met Nick.

It was said that one day at noon, when he was reciting vocabulary words in the flower bed, a girl from another department and wearing a miniskirt fell down the stairs, and her knees were covered with blood.

Nick who passed by said nothing, and went to the school infirmary with the girl on his back.

It should be emphasized that Nick 's hand didn't touch the girl's leg, but pressed against it with his wrist.

The boy thought this was quite interesting, and everyone chatted for a while without paying attention, and then brought the topic to another

person.

Hedy, who watched them chatting, understood Nick 's character.

No one was around at the time, and Nick 's actions were not for show,

but subconscious behavior.

He respects women very much.

And how can a person who respects women to such a degree. impregnate several girls every year and then abandon them?

The answer is obvious, it was those girls who had evil intentions and framed Nick in order to marry Nick and become rich wives.

Nick leaned in front of her at this moment, and deliberately said those harsh and casual words, just to test her.

I wonder if there is anyone in this world who is willing to believe in him.

On the other side, Nick 's body froze.

Hedy's words were like a sniper bullet, precisely breaking through his protective layer.

Yes, he's been living under a mask, always pretending to be the vagabond.

He has a good skin. When he was ten years old, he attended a celebrity banquet, and the banquet maid wanted to molest him. He struggled to break free and told his elders about it.

But the maid countered, saying that he tried to do something to her at a young age, but failed, so she said that she molested him.

The elders of the clan looked embarrassed, and the host of the banquet was furious. He was kicked out of the banquet venue and became notorious.

His explanation was useless.

**No** reason.

Just because people believe that “dragons give birth to dragons and phoenixes, and the sons of mice can make holes”, a son **of** a mistress who has no moral bottom line should do some immoral things!

There were more and more misunderstandings like this, and he didn't bother to explain.

He even started to act as they wished, by presenting himself **as** flirtatious and casual.

never mind.

He thought it was quite interesting.

Except for occasionally waking up in the middle of the night and asking himself what is the point of such a world, everything is fine. He once thought that in this life, apart from his sister

Luna whom he had known since childhood, there would be no second person willing to believe in him.

Until the appearance of Hedy.

He deliberately said ugly things, but Hedy saw through at a glance... He really liked the feeling of being trusted.

“Thanks, and, sorry.” Nick apologized softly.

on stage.

Luna, Jenny and others arrived one after another.

Luna was looking for Nick in the audience seats, but saw Nick pouring tea for Hedy.

On that beautiful and feminine face, there was a smile from the heart.

Luna's pupils shrank.

It only took a few minutes, why did Nick's brother's attitude towards Hedy change so much?

An unprecedented sense of crisis swept Luna 's brain.

Watch seats.

Hedy is admiring the works of past contestants.

Coincidentally, this page is full of Luna 's works, including flowers, birds, mountains and forests.

Seeing her looking seriously, Nick smiled and asked, ” How do

you feel about An Ran's American paintings?" Hedy's red lips parted slightly, "Average."

Luna, who was on the stage with two ponytails, "

She clenched her fists and squeezed through her teeth. Squeeze out a sentence, "Hedy, what do you mean?"

It's okay to say that her oil paintings are laymen, but also say that her American paintings from elementary school to adulthood are average?

This guy is addicted to being a teacher, right?

"Literally." Hedy replied flatly.

"You have the ability to compare with me!" Luna blushed with anger.

She can't lose face in front of Nick's brother!

[Ding! Trial mission released.]

[Trial task **(13)**, Go on stage to participate in the American painting competition and win the first place. ]

"Okay." Hedy immediately nodded in agreement, got up and went to find the old man.

On the way, she thought, this Luna is quite pleasing, it is rare that one person can extend two tasks.

"Hedy, what's the matter?" the old man asked.

"Grandpa, I want to participate in this American painting competition." Hedy's eyes flickered slightly.

This competition is not a formal competition, it is the American Painting Association's own painting skills exchange meeting, and there are not so strict rules.

She said hello to the old man, and she was able to go on stage.

"Aren't you an oil painter? Why do you suddenly want to participate in this competition? You also know American painting?" The old man was a little puzzled.

"A little bit." Hedy said calmly.

As the queen of the killer world, the tasks she receives are all very difficult.

The people to be "handled" are either rich or expensive.

People who are not rich or expensive usually have some elegant preferences, whether they really like it, or to tell the outside world that they are not so vulgar.

Art appreciation is the most common.

Oil painting, American painting, etc., in order to complete the task, she learned all of them.

The old man's eyes widened, and his tone **was** joyful, "Then you go on stage, I'll let others prepare the things you need for painting."

He also thought about letting Hedy come here, feel the magnificence of American painting, and turn into the embrace of American painting.

As it turned out, she knew how to paint American paintings!

Although he only knows “a little bit”, it is very gratifying to him!

“Yeah.” Hedy nodded, and stood next to Luna on the stage.

“Yeah.

Luna, “...

Hedy really came up to compare with her.

Although this was the result she wanted, did Hedy react too simply?

But she is not afraid.

She has only studied oil painting for two years, but she has studied

American painting for more than ten years, and she will never lose to Hedy! Nick, who was watching the game, was also a little confused.

The development of the matter was too sudden.

On the stage, the host said, “The theme of this competition is ‘Landscape’. All contestants are requested to complete the paintings within the specified time!” With an order, the

competition began..

At the end of the specified time, everyone’s paintings were presented to several judges in the judges’ seat.

The judges commented one by one and came to Jenny’s work.

The old man held Jenny’s work,” Jenny has improved.”

The snowy plums in **the** mountains she painted have the exquisite style of cute.

The

grandma next to the judge took Luna’s work and sighed, “Anran’s artistic conception and fine brushwork are very good.”

She painted a valley with a red sun, mountains on both sides, and flowing clouds passing by. Atmospheric and detailed.

According to previous years, such works are firmly ranked first.

The judges were also full of praise for Luna.

Luna thanked and raised an eyebrow at Hedy.

Hedy was expressionless.

Finally, it's Hedy's work.

Chapter **203** **What** is an apology that caused a sensation in the **city**?

The old man looked at his granddaughter's painting, and his pupils shrank severely.

Hedy drew jagged peaks, rolling mountains, wild geese flying in groups, and waterfalls advancing bravely

.

Greeting pine, red maple, and bamboo forests are well arranged.

The sun, flowing clouds, and half-mountain-pavilions are dotted among them.

Hedy drew every element very well, and the whole picture looks magnificent and magnificent.

If the previous works are compared to different delicacies, then Hedy's works are directly full of American feasts!

Outrageous!

"Is this called

'know a little'?" The old man stared at Hedy in the audience, proud and angry, and handed the work to other judges.

Proud because Hedy is his granddaughter.

Angry, because people are more angry than people!

He may not be able to complete a painting of this quality in such a short period of time!

He has always been envied by others for his talent, and now he is envious of Hedy's talent!

When the other judges saw Hedy's work, they all exclaimed and stood up from their chairs.

"This is **Hedy's** work? **It's** so magnificent!"

"Her fine brushwork and artistic conception are even better than

Luna!" "This is almost catching up to the level of

my brother!" "I announce that the winner of this landscape-themed American painting competition The first place is Hedy!"

The judges showed Hedy's work, everyone was stunned for a while, and then applauded together.

"This number one is well deserved! It's indeed the granddaughter of

Richard's family!" "I thought Luna would be number one .

Jenny's eyes were excited. "Cousin. I admire you even more!"

Nick also applauded vigorously, the eyes are amazing.

Sister An Ran lost to Hedy, no injustice.

Luna didn't think so Hearing everyone's praise of Hedy, she gritted her teeth, turned and left angrily with red eyes.

She has never been wronged like this!

In the front row, the driver uncle let out a "huh", "Why have the billboards in the urban area changed?"

Hedy then looked up, only to find that all the billboards, big and small, had all changed into a string of words.

-Hedy, I know I was wrong, let's go home!

Not only the billboards, but also the walls of high-rise buildings were not spared. Apart from these, at intervals, there are also this string of words pieced together by drones floating in the air.

"My good fellow, what kind of fairy must I have offended to make such an apology? I've lived for so many years, and this is the first time. I've seen such an exaggerated thing!" The driver uncle complained.

In the back row. Fairy Ye raised her arms and leaned against the window. Susan bit her lower lip, and the corners of her mouth raised secretly.

An hour later, the vehicle arrived downstairs at the apartment building.

Hedy went upstairs, opened the car door, and saw that handsome man - sitting in the living room with a pitiful face waiting for her to come

"I'm happy."

It was late at night.

Someone got up from the sofa, quietly entered the bedroom, got into the bed, hugged his little girlfriend in his arms, and fell asleep with a sigh.

Hedy opened his eyes, eyes flashing with a smile, sniffing the scent on him and fell asleep.

After she fell asleep, Preston opened his eyes with a deeper smile.

"The Hedy in our school is very good, and this 'Hedy' who made others spend 100 million and apologized is also very good!"

"Today is also a day to cry for other people's love."

"I actually want to change my name?"

Everyone didn't associate "Hedy" with Hedy.

The world is big, and there are many people with the same name.

Seeing her, Luna snorted coldly, “Why, do you think the ceramics I make are also ordinary?”

“Indeed.” Hedy nodded.

na learned a lot from a pitfall and devoted herself to the process of making pottery embryos. Slowly, she made a small cup with a height of one centimeter, and used props to lightly draw cute patterns on it.

When she was done, she looked at Hedy and stared.

Hedy made a two–centimeter–high jade bottle with a slender body and

a graceful figure!

It’s not at the same level as my own little cup!

Luna gritted her teeth and continued to make the second porcelain.

The second time, she made a garlic bottle with a long neck, slashed shoulders, and a round belly.

It is bigger and more delicate than Hedy’s jade bottle!

Done, she turned her head to look.

Hedy made a lantern bottle, with a short neck, full shoulders, a tube belly, and ring feet, like a lantern.

Prettier than your own garlic bottle!

Luna’s eyes were red.

She worked hard and made the wax gourd bottle. While doing it, she looked at Hedy, and her nose was red.

Because Hedy went straight to the one–meter–high vase!

Hedy even drew landscapes on it!

This has reached the commercial level, and it is still the superior kind!

She has no chance!

“Woo...” Luna’s mentality completely collapsed when she thought that she would have to run around the Academy of Fine Arts three times to admit her mistake!

She was crying while making pottery embryos,

To be honest, it's very distressing for a cute little girl with twin tails to cry.

She patted Luna 's shoulder with one hand, “It's okay, try harder next time.”

Luna is different from the little girls she met before.

Others have bad intentions, but Luna doesn't. Luna is just a talented and proud little girl.

She lost to herself, was devastated, and didn't say anything about dirty tricks behind her back.

Not to mention setting any trap for her because of Nick.

Most people **think** that since Luna likes Nick so much, she **will** tear Hedy **to** death.

At least harder than Sharon on Hedy.

The fact is just the opposite. Apart from being a little proud, Luna has an unexpectedly upright personality and is also unexpectedly cute.

If it weren't for Hedy, she would indeed be one in a million talents.

When meeting Hedy, she is still the same talent, but compared with Hedy, she is not so conspicuous.

Just like the phrase “the moon and stars are rare”, the brighter the moon, the less conspicuous the stars.

Everyone even thought the combination of “Big Demon King VS Little Crying Bag” was quite amusing.

After the “Ceramic Competition”, Luna didn't know which muscle was wrong, so she went to the School of Business Administration to find Hedy to play with.

Jenny hugged Hedy's left arm and pulled it aside, full of possessiveness,

“Luna, Hedy is my cousin, what are you doing here!”

### **Chapter 205 Brother, She's from Childe King**

That night, **Hedy** took Jenny and everyone from Class 7 to the Holt Family Gemini's birthday.

Birthdays are held in a bar.

Compared with

the hustle and bustle of the bar, Bar is quieter and has a pleasant comfort. Everyone is eating, drinking, talking and laughing, and time passes slowly.

After nine o'clock, the party is over.

Everyone went back to the school dormitory back to the dormitory, and everyone went home, and when Hedy was about to go back, something happened downstairs.

Tony and Xavier were surrounded by a flamboyant second-generation ancestor with dog-leg followers.

The second generation ancestor is Sean, a descendant of a second-rate wealthy family. He is in the same circle as the twin stars of

the Holt Family, but he has a bad temper and the relationship between the two groups is not harmonious. He directly ridiculed, "Hey, isn't this the infatuated boy Tony? How is

your perverted sweetheart Joe? Why isn't he serving people in the hospital?" Holt Family Geminis are "other people's children" because of their good character and good character. The playboy Sean is often scolded by his family because of his twin stars.

Especially Tony, the elders praised him for his calm personality and the ability to accomplish great things

Over time, the enmity forged.

Everyone in the industry also knows that before Joe's true colors came out, Tony had always been her fiercest protector, as caring and warm as he could be.

After Joe's true face was revealed, Sean felt much better.

When we met "by chance" today, we had to ridicule them so as to vent the grievances that had accumulated in our hearts for a long time.

"

Sean, what do you mean?" Xavier hated others revealing his brother's scars the most.

Joe's matter made my brother depressed for a long time, and he finally got out of it recently.

"I'm not interested? I haven't seen you for so long, can't we catch up?" Sean pretended to be intimate, hooking Tony's shoulders,

"Dude, I'm very curious, you know that you carry the suitcase for Joe every day, What's on your mind? Can you share it with everyone?"

The old story was brought up again, and Tony inevitably thought of the pale severed hand in the box, and the blood on his face faded at a speed visible to the naked eye.

"Let go." He ordered coldly.

The two families have business contacts, and the father's relationship is good, so he can't afford conflicts. so he tries his best to avoid conflicts.

"Why are you so indifferent?" Sean felt aggrieved.

His follower was very curious," Sean, what is the broken hand box?"

"Oh, the thing is like this." Sean introduced,

"This man is called Tony, the heir in line of the Holt Family, and now he is studying at the University of Finance and Economics. Most of them are academic masters, old bulls.

He likes a wheelchair woman named Joe. He saddles up for her all day long, pushes wheelchairs, and carries boxes. He is even more slave than the slaves in TV dramas.

Guess what? She chopped off other people's hands and put them in a box, and always brought them with her to admire!

Poor our eldest young master, who was played and used by a pervert, who was infatuated, and paid for it by mistake!"

Sean's voice was loud, afraid that he would be a follower, and people nearby can't hear clearly.

His purpose was to embarrass Tony

Tony was indeed humiliated.

Sean's followers laughed,

"The heir to a wealthy family is being teased by a disabled female pervert, how stupid!" "What are you talking about? This is called an infatuated species!

There are not many men who are as infatuated as

Tony these days!" "I'm just a little worried. With his IQ, will he lose all his money after inheriting the family business?"

Xavier was anxious. With a sullen face,  
Tony slowly clenched his fists, and when he was about to hit Sean,  
Hedy's cold voice came from the direction of the stairs,

**"It seems that you are all amazing, brilliant, and smart people?"**

Lou Hedy.

**Xavier's eyes lit up.**

**Hedy** drew his sword to help when he saw injustice!

Tony **was** even more ashamed.

When he thought of Joe, he remembered all the bad things he had done to Hedy.

At this moment, Hedy stood up for him again, which made him feel even more ashamed.

What a beautiful little sister!" Sean usually smoked and drank, didn't pay attention to study and entertainment, and didn't know who Hedy

was.

But this does not prevent Sean from being attracted by Hedy's outstanding appearance.

The light in the bar is cool, hitting Hedy's delicate face, she looks like a Hong Kong and Taiwan actress in the 1980s and 1990s!

He only thought that Hedy was a passer-

by, and he was curious about what he said, so he pretended to be coquettish, twitched the bangs on his forehead, and said forcefully. "It's not that amazing, talented, beautiful, and smart,

brother, I just grew up a little bit more." Good brains, seeing Joe 's true colors, not as stupid as Tony."

His follower laughed.

"Really?" Hedy's eyelids lifted slightly, and a sense of oppression came

from her,

"Since you saw Joe's true face, why didn't you call the police? Are **you** covering her? Do you need me to take you to **the** police station? I reasonably suspect that you are her accomplice or accomplice."

The people around were taken aback.

There's nothing wrong with logic.

The servant stopped laughing, and Sean's expression changed, "What nonsense are you talking about? How could I be her accomplice **or** accomplice?"

Hedy said calmly, "Then do you know Joe's true face, or do you not know Joe's true face?"

Sean She squirmed her lips and looked embarrassed, only to realize that she was led into a dead circle by the beautiful girl in front of her!

He couldn't answer.

You can't just admit that you don't know the truth just after pretending to be cowardly!

Xavier, call the police and arrest someone." Hedy said coldly.

"Got it!" Xavier immediately took out his phone.

"Don't call the police!" Sean said hastily, and whispered, "I'll be honest. I don't know Joe's true face, so I'm just addicted to it."

If his father finds out that he went to the police station, he will return the Holt Family Star is not happy, maybe how to deal with him.

"Apologize, and get out." Hedy said succinctly.

"You..." Sean stared.

"Huh?" Xavier raised his phone and shook it, threatening.

"Okay, **okay**, I apologize, young master, I'm sorry!" Sean left angrily **with** his followers.

People around gave Hedy a thumbs up.

"Thank you." Tony looked at Hedy with an extremely complicated expression.

"Easy to do." Hedy replied.

I heard from Sun that when she participated in the draft, the twin stars of the Holt Family helped cast a lot of votes, and she should help to go back.

The episode ended, and Hedy stopped the car and went to the apartment. The twin stars of the Holt Family also returned to their home in the car of their own driver.

On the way, Xavier chattered endlessly, trying to enlighten his brother.

But I saw my brother was silent, looking at the street lights passing by one by one outside the car window, his eyes were full of emotions.

"Brother." Xavier stopped nagging, and said softly, "She is from Childe King, we have seen it with our own eyes.

## Chapter 206 **Childe King's third kill**

Xavier understands his brother.

From the brother's reaction to Hedy before, it is not difficult to guess what the brother thinks of Hedy.

After tonight's incident, I'm afraid there will be more "thoughts" that shouldn't be there.

"I know." Tony whispered back.

He looked at the moths under the street lamp and wondered why these moths had to gather under the hot light source until they were roasted to death.

After the "Master Selection Competition" in the chess world, he has read her novels, listened to her songs, watched her movies, and seen her oil paintings.

He has feelings for her that he shouldn't have.

If he was at fault, it was his fault for being attracted to this fine man.

Someone who was staying alone in the vacant room asked casually, "Have you encountered any trouble on the road?"

Hedy told about the twin stars of the Holt Family, then went to bed and slipped into his arms, and fell asleep soundly.

Preston didn't sleep.

He soon understood that another unsightly peach blossom would bloom in an inconspicuous place.

As the old saying goes, the blossoms are worthy of being broken.

He cannot be polite.

Early the next morning.

Hedy went back to the University of Finance and Economics, took the cake out of the bag and put it in a drawer to avoid crushing it.

She would eat the cake for dessert at noon.

"Did my cousin bring cakes today?" Jenny leaned over, "It seems that I really can't get tired of eating it."

Everyone on campus knew about Hedy bringing cakes every day.

There is an open class in the morning, probably because the old professor's speech is relatively obscure and there are not many people in the auditorium.

Hedy, Jenny and everyone in Class 7 went for credits.

"Goddess Hedy." Sun leaned over with a mysterious expression, "I just got the news that today's professor has changed. The old professor said

in the group, and now everyone is curious about who the **new** professor is!" Hedy didn't care much

She just wanted to get the credits and graduate smoothly.

This state only lasted until she saw the headmaster with a happy face, and Preston, who was wearing an expensive handmade black suit, entered the classroom.

Season smiled wrinkledly,

"Students, our school is honored to have Mr. Preston King as an honorary professor of the School of Business Administration. In this open class, he will also share his learning experience and successful business cases with you. Please applaud enthusiastically!"

"Papa papa", the applause was extremely enthusiastic.

Many students blushed with excitement, and some girls had to cover their mouths to suppress their screams.

Standing in front of them now is Preston, Childe King, the thousand-year-old rich family and the heir to the largest wealthy family in the United States, the chairman and CEO of the King Family Group, and countless celebrities all over the world who show their love in different ways!

He once

tried his best to turn the tide, saved the King Family Group from the collapse of the building, and personally created the myth of the current business empire, like a god!

To be his students, they are simply the chosen ones!

This public class is right!

Vincent stiffened.

Preston...is here for Hedy,

Everyone in class seven also looked at Hedy.

They all remember that Childe King once said at the gate of Lowell High School that he was pursuing Goddess Hedy, but Goddess Hedy refused, and they don't know what is going on now.

After the applause, Season stepped down.

Preston stood on the podium, introducing himself and giving lectures with a magnetic voice, sometimes witty, sometimes humorous.

Hedy could even hear the two girls behind him being nympho.

Girl A. "Help, my ear is about to get pregnant. Childe King is not only handsome, but also has a nice voice!"

Girl B. "Childe King is still single. I plan to join King Family after graduation. Maybe this domineering president will fall in love with me What about it?"

Hedy, "..."

Two hours later, the public class ended, Preston looked in the direction where Hedy was, chuckled, and left the classroom.

The school network exploded.

noon.

Vincent, who was walking on campus, "coincidentally" met Preston.

"I don't think I've ever formally introduced myself to you." The slender man stretched out his hand to Vincent, his deep eyes flashing coldly,

Preston, Hedy's boyfriend, we live together, and, the cake she eats every day, I did it all."

Among these peach blossoms, Vincent was the fastest and smartest.

He knew that Hedy liked cakes, and he was willing to start as a friend, and as a friend, give her the protection and help he could.

He even gave up the official career paved for him by his family and turned to business.

Vincent stood there, digesting Preston's words. After a long while, he shook Preston's hand back,

"Don't hurt her."

Hedy's temperament, which seemed cold, was actually hot.

She will not open her heart to others easily, because there is her softest place, once she is hurt, she will be dripping with blood.

After leaving this sentence, Vincent left.

There is alcohol in the university cafeteria.

He found a remote corner and filled the bottle vigorously.

Wine is a good thing.

Bitter wine hurts in the throat and heart, ton ton ton ton ton ton. Seeing

this, Tony who was passing by thought that Vincent had something sad, so he didn't want to ask, so he just patted Vincent on the shoulder and said,

"There is nothing hard to get through."

After that, he went to the playground to find his brother.

On the way to the playground, I "coincidentally" saw that Preston who caused the earthquake on the School net network was thumping Hedy on a tree, with gentle eyes, "If there is

anything you don't understand, remember to ask the teacher, huh?"

The girl he had a crush on didn't answer, just leaning against the tree, looking away with a reddish side face, shy and awkward, different from the coldness facing others.

It's like being in love.

Although he had thought about their interaction in his heart, but he saw with his own eyes...

He went back the same way, went to the cafeteria to buy wine, and sat next to Vincent to drink away his worries.

Bitter wine hurts in the throat and heart, ton ton ton ton ton ton.

Nick passing by saw this, thought that Vincent and Tony had something sad, and it was not easy to ask, so he just patted the two of

"There is **nothing** hard to get **through**."

After **that**, he hummed **a ditty** to find Hedy.

The American Painting Association competition that **day really moved** him.

How could he not be tempted by someone who is versatile, beautiful, and willing to believe in him.

He intends to be serious and express his heart to Hedy.

Guided by someone who didn't want to disclose his name,

Nick came to the corridor of the teaching building which was sparsely populated at lunch time. But he saw that legendary man was holding Hedy's waist with one hand, and leaning on the wall with the other arm, pushing Hedy against the wall, closing his eyes and kissing passionately.

As if aware of Nick 's arrival, he opened his long and narrow eyes, and while continuing to kiss Hedy, he gave Nick some warning and some fierce eyes.

Like a lion protecting its food.

The protected "food" has its eyes closed, revealing an unconscious dependence and deliciousness.

Nick felt lead in his legs.

He thought the phrase "I have a boyfriend" that Hedy said to him that day was an excuse to reject him.

It turned out that she really had a boyfriend, the famous Childe King.

The Last Madness, Hedy Preston fell off the cliff

in the quiet and peaceful afternoon campus promenade.

Preston reluctantly left his little girlfriend's lips.

If you kiss any more, you will be discovered by others.

Although he was eager to be discovered, his little girlfriend didn't want to make a high profile.

Hedy trembled with curled eyelashes like butterfly wings, opened his eyes, and Susan frowned, "It's fine, why are you kissing me?"

She was asking why Preston suddenly came to teach at the University of Finance and Economics, but before she finished speaking, the man Kissed.

"I want to kiss." The man frowned and his voice was low.

Hedy, "..."

"Then I'm going back to the classroom. I have class later." Hedy turned to leave and took a step, only to find that his hand was firmly grasped.

The instigator leaned lazily against the wall, with one hand in his pocket, and a gentle smile on his thin lips.

“Anything else?” She thought Preston was busy.

“It’s okay, let’s go.” Preston smiled deeper, and said “Let’s go”, but he refused to let go of Hedy’s hand, playing a rogue.

**This** is also a portrayal of his heart.

I want to let her go, but I want to keep her by my side even more.

Contradictory and sweet.

Hedy looked at her hand tightly held by Preston, thought for a moment, walked up to her boyfriend, tiptoed and kissed him on the cheek, and coaxed softly, “After school in the afternoon, let’s take a walk home together?”

Love 100 Among the little things, there happened to be one that was “walking home together”.

Preston liked this trick very much, he let go of his hands and said in a pleasant voice, “Okay.”

Hedy returned to the main road of the campus.

There are people coming and going here, all of them are students. When they saw Hedy, they were excited,

“Hedy, good noon!”

“Hedy, are you free tomorrow, I want to make an appointment...”

“Hedy, this is my hand Please accept the cake you made!”

Sharon stood holding the book in a corner where no one cares about, biting his lower lip, with hatred in his eyes.

It’s all Hedy’s fault!

Why can she still have endless scenery after causing endless pain to herself!

-Evening

Hedy and Preston converged on a deserted lane, and they planned to take a detour home.

There are a lot of people in the urban area, if you go to the street in a bright way, you may not know how many media headlines you will get.

The two walked side by side in the direction of the apartment.

A classroom somewhere in the teaching building.

Sharon's eyes were grim.

The distance **was too** far, she didn't know who the man walking with Hedy **was**, but it **didn't** matter.

The important **thing is** that she will give **Hedy a** "big gift"!

the other side

Hedy and Preston made a detour to the mountain road, which was surrounded by cliffs on both sides.

It is late autumn, and the golden maple leaves are a rare beauty on the road.

When the two were chatting about what kind of cake was the best, a shrill female voice suddenly came from behind,

"Hedy!"

They

turned around and saw Sharon driving an expensive luxury car with the front of the car pointed at Hedy, and slammed on Hedy. Dead throttle!

The distance is very close and the speed is fast!

"Be careful!" Preston hugged Hedy and jumped off the cliff next to him.

This is the only way to survive!

Boom!

Sharon jumped into the air and hit the guard rail on the side of the road, the front of the car was dented, and she also jumped on the airbag that popped up in the driver's seat.

Preston and Hedy are like a roller, rolling all the way down!

**Hedy** was fully protected by Preston's arms, and the back of his head was also protected by his big hand.

Boom.

The roll ended with Preston hitting his head on a rock

Preston lost consciousness and let go of the woman in his arms.

“Preston!” Hedy yelled, her face was full of panic, she stretched out her hand to touch the man’s head, and touched the blood in one hand!

Her pupils constricted.

The heart seems to be pinched!

“Childe King!” Aiden slid all the way down with the medical staff, quickly lifting Preston into the ambulance

On the way, Hedy looked at the pale Preston, clenched his fists hard, and his eyes were red.

“Ms. Ellis, it’s my fault, I didn’t expect Sharon to attack suddenly” Aiden’s voice was full of apology.

“It’s my fault.” Hedy’s nails were about to dig into his flesh!

Sharon wants her life!

Preston was implicated by her!

And that rock was supposed to be hit by her, but Preston did it to protect her...

The ambulance quickly arrived at the best hospital.

1840 **Woudert**

Preston was sent to the operating room.

Aiden stood at the door of the operating room, Hedy **sat** on the chair. “Master!”

Alice in a white coat heard the news and rushed over.

This hospital is owned by Alice’s family.

Hedy seemed to have never heard of it, but just looked at the front, his body was straight, his red lips were tightly pressed, as if he was isolated from the world.

It’s a high–strung, high–fear response.

“Master, Childe King will be fine, we have the best brain surgeon in the entire USA.” Alice patted Hedy’s hand.

When the operation was over, it was already dark.

The chief surgeon came out and said, “The operation was successful, and Childe King is also very lucky, but if his wound moves up one centimeter, I can’t save him.” “Great.” Alice breathed a sigh of relief.

Aiden also looked grateful.

Hedy’s body was no longer so rigid.

The unconscious Preston was pushed out by the nurse, and Hedy immediately followed and went to the advanced single ward together.

“Master, Childe King is fine, shall I take you to eat?” Alice tentatively asked.

Hedy shook his head and sat down beside Preston’s hospital bed.

**Alice still** wanted to persuade, but was stopped **by** Aiden’s eyes.

The two left the ward.

As time passed, Hedy sat by the bed and watched.

A sleepless night.

The next day, Preston moved his fingers and opened his eyes.

“How is it? Is there any discomfort?” Hedy leaned over and asked, her voice hoarse.

She didn’t eat or drink all night, and her mouth was also a little peeling.

You... have you guarded me all night?” Preston stretched out his hand, caressing Hedy’s cheek, his heart softened in a mess,

“I’m fine.”

Pop!

Hedy opened Preston’s hand, stood up and asked angrily with red eyes, “Is this all right? Did you know that you almost died?”

Just like what the surgeon said, with a slight error of one centimeter, Preston is now a corpse!

This assumption made her unable to control her emotions.

Preston was silent, and after a while, he pursed his lips, “If there is only one between us, I hope that person is you.”

At that time, he had no extra time to think, only the most primitive impulse.

Tears welled up in my eyes.

“Fool.” She wiped away her tears, crying and laughing at the same time.

The sun was shining on her from the window, and she felt an unprecedented warmth.

She knew that she must be ugly and funny now.

“You, don’t cry.” Preston panicked.

He couldn’t see Hedy crying the most, and wished he could get up from the bed, but it was a pity that if he moved a little, he would gasp in pain.

Besides his head, his body was bruised and purple, and he also had other injuries.

“I didn’t cry!” Hedy held his respect weakly.

“Okay, okay, you didn’t cry, can you pour me a glass of water?” Preston’s intelligence was obviously not affected, and he could

“Yeah.” Hedy stopped tears, went to the cabinet and poured a glass of water, raised Preston’s hospital bed and sat up straight before handing him the water.

Preston didn’t answer.

He

leaned over and took a sip, then hooked Hedy’s neck and put the mouthful of warm water into her mouth.

He licked her slightly dry lips, kissed away the remaining tears in the corners of her eyes, and then let her go, his voice was gentle and helpless, “If you cry again, my heart will be broken.”

Hedy looked down at the water glass, and drank it up. Taking a sip, he leaned over to Preston.

It became a kiss, she kissed him very proactively and enthusiastically, he felt her enthusiasm, and while being pleasantly surprised, he also responded with enthusiasm and obsession.

The temperature gradually increased.

“Cough.”

Alice stood at the door of the ward, “Master, although I don’t want to disturb you, but Childe King’s current condition, it is better to rest more.”

He ate dog food when he opened the door.

“Til deal **with** Sharon.” Hedy left the ward.

The moment she left the ward, all the affection on her face faded away, and she changed into an extremely cold expression.

She came to another ward.

This is where Sharon is.

Sharon suffered minor injuries and was sent to the hospital by Aiden’s order.

But Aiden didn’t want Sharon to live.

But to Sharon, life would be better than death.

Now, Sharon is lying in a hospital bed, his limbs are bound like a mentally ill patient, and a cotton cloth is stuffed in his mouth.

I couldn’t say anything, I could only look at the ceiling in horror, tears kept streaming from the corners of my eyes, and fell from my hair.

Because she already knew who the man next to Hedy was!

That’s Preston!

The heir to the richest family, Preston!

She wanted to cripple Hedy, but she was self-defeating and put Preston’s life on the line!

King Family won’t let her go, she’s finished!

She is completely finished!

The ward was opened, she looked up and found that the person who came in was Hedy.

She was even more terrified, and her screams were silenced by the cotton cloth in her mouth.

She swears, she has never seen Hedy like this.

The way Hedy looked at her, as if looking at a rotten corpse full of maggots, made her terrified, and even her soul screamed to flee!

“It’s been a long time.”

Hedy's red lips parted slightly, and he unwrapped the things that bound Sharon's limbs.

Sharon immediately got out of bed, picked out the things in her mouth, and huddled in the corner, her voice was crying, "Hedy, forgive me, I didn't know you were Childe King's woman!" If she knew that

Hedy and Preston had such a relationship, it is absolutely impossible for her to treat Hedy like this!

"Forgive you?" Hedy smiled, and

his eyes became more chilly, "You almost killed my man, and then asked me to forgive you?"

This kind of joke is too funny!

"Hedy, we are classmates, have you forgotten? For the sake of our classmates, please forgive me!" "Do you remember that

we are classmates now?" Hedy sneered.

The door is pushed open by Aiden.

Hedy looked for the sound. There was a gleam in

Sharon's eyes.

It's now!

Since the King Family won't let her go, why don't she attack Hedy first **and** make Hedy **her** hostage

She clenched her fists, remembering her fourth-degree black belt in **lackwondo**, and punched Hedy Hedy turned around and

punched

Sharon even faster! Sharon's teeth were all missing, and his mouth was full of blood

"You don't know, do you really think of yourself as something?" Hedy looked down at Sharon, his eyes were like looking at ants.

"A mere fourth-degree black belt, dare to show off in front of me?"

She didn't even remember how many times she had killed Nine degree black belt. Seeing that Aiden was only standing at the door,

Sharon didn't intervene when he came, and knew that he had no way out, except to defeat Hedy and use Hedy to hold King Family hostage, there was no other choice!

"Ha!" She stood up and punched again.

Hedy raised his leg and kicked Sharon against the wall!

"Ah!" Sharon screamed.

Once she attacked Hedy, Hedy beat her up once!

Aiden felt chills down his spine as he watched the battle

Ms. Ellis deliberately didn't use her ultimate move, she was torturing Sharon!

In the end, Sharon lay on the ground dying, with multiple fractures and a bruised nose and face.

Hedy left the ward and ordered Aiden as he walked, "Leave her alone and send her to prison."

Aiden nodded respectfully, "Yes!"

Three days passed in a flash.

Sharon went to jail, the Sharon's family offended the King Family, the stock plummeted, and all the partners left.

This second-rate wealthy family is gone.

The Sharon's family's business is the same as that of Richard's family. When the Sharon's family collapsed, Richard's family lost their market share in vain. They have developed well and are expected to become a top-notch family in the future.

Hedy took three days off to take care of Preston in the hospital.

The more intimate things are done by Aiden, such as wiping his body.

However, something happened in the company today, and Aiden left temporarily.

Hedy looked at the warm water basin and towels next to her, thinking that she could do this little thing, so she went in with the basin and towels.

"Where's Aiden?" Preston put down his book.

"He has something to go to the company, I'll help you clean his body." Hedy dipped the towel into the water to soak it, and reached out to unbutton the button of Preston's hospital gown.

"How could I dislike you?" Preston said helplessly.

"Then take your hands away." Hedy frowned even tighter.

"You..." Preston sighed inwardly, pulling his hand away.

He watched as Hedy unbuttoned his buttons one by one with his white hands. The movements were obviously not at all charming, but his mouth felt dry.

Hedy unbuttoned and opened the clothes, and the scenery in front of her stunned her for a moment.

She thinks she has admired all kinds of flowers, but this one of Preston still surprised her.

Before taking off his clothes, she never thought that his body would be so beautiful, no matter in terms of texture or muscle shape.

It is true that one point more is exaggerated, and one point less is not enough.

Out of vanity, someone looked at the scenery outside the window and asked pretendingly indifferently, "Do you like it?"

Speaking of which, this was the first time he had such a "large-scale" scene with her.

There is quite a kind of uneasiness for an ugly daughter-in-law seeing her in-laws.

She has all the beauty of women in the world.

He kissed her forehead, between her brows, her eyelids, and the corners of her lips, with tender and cherishing movements.

"Oh? Jealousy?" Preston raised an eyebrow.

Hedy, "..."

She turned over silently, facing Preston with the back of her head.

This behavior made Preston laugh heartily, he hugged her even tighter, and pressed a kiss between her light blue hair, his voice was gentle,

"I only like you."

A few minutes later, Preston said I heard an inaudible voice,

"I only like you too."

The afternoon sun, lazily sprinkled on the bed, the two of them both fell asleep with smiles on their faces.

Hedy confirmed

to the doctor that Preston's injury had passed the critical period, and he only needed to be hospitalized for observation in the next few days before leaving the hospital.

Before leaving, she told Preston, "Take a good rest."

"Got it." Preston said in a serious tone.

Hedy smiled and went back to the University of Finance and Economics to attend classes.

For the freshmen who have just gone through the third year of high school, the freshman class is quite easy, and they also talked about topics other than study.

When Hedy entered, everyone was talking about the popular variety show "Longing for Love Life".

"Did you watch the last season of love"? I was laughing so hard."

Look, the theme of last season was the sea. Several couples of big star CPs lived on the island, and almost starved to death!" "

This The theme of the first season is the countryside, and the filming will start soon, and the director team is looking for the last female guest."

Vivian seems to have confirmed joining, and I see that's what the marketing account is saying."

Vivian, a first-

line variety show female cafe in USA, She was born as a model, and after she became popular in comedy variety shows, she has acted in several TV series and movies. Although her acting skills are terrible, she is better than her good looks. She has more than 50 million followers on Twitter.

Usually, there are more than 100,000 comments and interactions **on any** twitter, and the data is very impressive.

Sun is also a die-

hard fan of "love", and his tone was skeptical, "But the official Twitter **of** 'love' didn't say that Vivian will join?"

Buzz-

Hedy's phone vibrated, and he received a strange call.

She connects.

The other party was a young man with a very polite voice, "Ms. Ellis, hello, I am

Boris, the chief director of 'Longing for Love Life', and we are short of a female guest, would you like to come?"

Boris, a new American variety show director, Created the IP of "love" with his own hands, and his vision is very vicious.

He thinks that Hedy's joining will have a chemical reaction to this season's "love".

So, get Hedy's contact information from "Bright Star".

"Sorry, I have a boyfriend." Hedy has never watched "love", but just by hearing the name, he can guess that it is a variety show related to love.

Hedy's directness made the opposite party stunned for a moment.

You must know that most celebrities, especially young celebrities, are most afraid of their relationship being exposed, losing their husband fans and wife fans, and affecting their careers.

Hedy is good, he will be the king when he comes up.

## Chapter 210 Someone is upset

Hedy is not interested in gaining popularity, but since the task is triggered, she has only one choice, to join "Longing for Love Life" and participate in the recording of the whole season.

With her approval, Boris said in a happy tone, "I will send the variety show related matters and some scripts to your email right now, please confirm."

After a while, Hedy received an email from Boris himself.

Generally speaking, Boris and Hedy will not communicate directly, it should be Boris' assistant to contact Hedy's agent.

But Hedy's situation is special.

After participating in "Bright Star", although she signed a contract with King Family Entertainment, she immediately went to college.

King Family entertainment company also did not arrange a manager for Hedy, so it is in a stocking state.

In this case, Boris chose to contact Hedy in person to show his sincerity.

Hedy opened the email, browsed through the precautions, and went to read the variety show script.

The script is very short, without too much content, basically only a framework is given, and the rest is left for the guests to play at will.

Low difficulty, high degree of freedom.

There is enough freedom to show enough truth, which is **why** “Longing for Love **Life**” is so popular with the audience.

The **call** is **still** going on.

Boris asked, “After reading this, do you have any questions? Or what do you mind?”

“No.” Hedy said calmly.

“Then you can sign the contract.” Boris paused,

“Are you here now? Our headquarters of ‘love’ is also there. You can choose a time to come to our company to sign the contract, and take a photo of your makeup by the way.

Once the makeup photo is taken, we will make an official announcement.”

“Five in the afternoon.” Hedy glanced at the class schedule.

At four o’clock she finishes the course, and at five o’clock she can go to the company of “love”.

“Okay, see you there then.”

The call ended.

Hedy went to the principal’s office and told Season that he had to ask for a month’s leave to film a variety show.

“One month is not a short time.” Season touched his chin, a little embarrassed, and threw Hedy a test paper,

“This is the final paper of your department last semester. If you pass,

male teacher next to him cornered his mouth. One pump, “Principal, the new semester **has** just started, and the teaching progress has not passed halfway! Isn’t it too embarrassing for her to **pass?**” The

male teacher thought Hedy would refuse.

Hedy didn’t say a word, took the test paper and went to answer the questions.

Twenty minutes later, she handed in the paper.

The male teacher stared wide-eyed, took out the answers and compared them, and found that Hedy got a perfect score in the test!

She just entered college!

Have you already finished the following courses by yourself?

"I approve your vacation, remember not to embarrass the University of Finance and Economics." Season fulfilled his promise.

Hedy nodded and left.

Season patted the male teacher on the shoulder, "Michael, don't look at ordinary students with the eyes of geniuses, you know?"

Five o'clock in the afternoon.

Hedy arrives at the company where "love" works.

"Ms. Ellis is really punctual. Hello, I'm Boris ." A literary youth in his thirties with a short ponytail welcomed Hedy.

"Hello." Hedy was led in by Boris to sign the contract.

After the contract was signed, Hedy was taken to take a makeup photo.

Because she was still a student, the stylist picked out a crimson jk uniform for her, and the makeup artist didn't put on too much makeup, so she took a few photos and left.

She doesn't have to worry about the rest.

She went back to the ward where Preston **was**.

It was dark, and the handsome man was holding a tablet, browsing a document.

"I'm going out of town tomorrow to participate in the variety show 'Longing for Love Life', so I can't continue to take care of you." Hedy sat by the bed.

"Love Variety Show?" Preston put down the tablet, and his narrow eyes glanced at the dangerous factor

"Yes to the rest of the guests, but not to me. I told the director Boris about having a boyfriend, and he said that he can change the script and let me treat this variety show as a vacation to the countryside." "

Do you have to participate?"

"Hmm. The

man was silent for a moment, "Then I'll go too."

He has some relationship with Boris, knowing that Boris promised Hedy would change the script, so he wouldn't mess around.

But "love" is a two-two CP variety show. Boris can control the script. but not the audience.

It is inevitable that Hedy will have some involvement with the male

guest, and if the audience plays the role of a man and knocks cp randomly, he will die of anger on the spot.

“No, you have to recuperate.” Hedy’s eyes were full of warning.

Preston pursed his lips, upset. At the same time,

Vivian, a first–line variety show actress in USA, is soaking in hot springs in the mountains.

While putting on the mask, she asked her manager, “How about it, has ‘love’ officially announced me on Twitter?” A few days ago,

Vivian asked her manager to contact Boris’ assistant and tell Boris that she would like to join “love”.

With

her current status in the US entertainment industry, she believed that Boris would not reject her, so she let various marketing accounts start hype early, and only waited for the official announcement of “love”.

“Not yet... wait, ‘love’ Twitter has posted a new update!

They officially announced that Hedy, as the last female guest, has successfully joined?” The manager’s voice became thinner and thinner.

I can’t believe that “love” turned down Vivian!

“What?” Vivian stood up and took the phone away. The content on the screen made her pupils shrink.

She has

a beautiful appearance and a cool temperament. There are many small words on the label in the picture

“Fire female team leader”, “full score college entrance examination. champion”, “race track ruler”, “warrior medal winner”, “light magician”, “Autumn Cup online literary champion”, “chess master” and “go master”.

In addition to the small print on the label, there are eight prominent characters,

ten thousand kinds of scenery, one kind of Hedy.

“Fire? What girl group is this? Who is Hedy? Why haven’t I heard of it?” Vivian had countless questions in her mind.

The agent replied, “fire is a girl group selected by Mango platform’s self-made variety show ‘Bright Star’. After forming the group, they went their separate ways and had no works. Hedy is their captain, and their mother.

River, was a popular female singer in the past. Now the popularity is mediocre.”

“It turned out to be an idol from a small variety show, no wonder I haven’t heard of it.” Vivian snorted dismissively, but was even more annoyed in her heart,

“Don’t let me, a big star, want Hedy, a ten-year-old Eighth-tier star joining, Boris is an idiot!”
