

Genius 2891

Chapter 2891

The prince, under the cover of other men, flew between the bunkers alternately, and not far ahead of him was a rock more than a man high, as long as he ran behind the rock, he could use it to kill the enemy, however, he himself knew that the opponent's several robber mouths were facing the big tree where he was.

By this place, the five brothers who followed him over, have all fallen, Chen Jin also got a shot in the thigh, the living fighting force is only one of him left, and the enemy's support from the rear will soon arrive.

"f*ck you for hitting the dam, just die!"

Prince sharply did a few deep breaths after a healthy step rushed towards a huge rock, agreeing to the time gunshots rang out, dense bullets like raindrops poured towards him.

With a flexible stance, he dodged one by one, just a distance of a dozen meters, look at the Prince's men's hearts are mentioned in the throat, just as the Prince is about to reach the back of the rock, the crowd did not have time to breathe a sigh of relief, the enemy also found the Prince's intention, the muzzle of a few bullets directly hit the Prince.

Blood-red blood splashed in mid-air, and the Prince himself fell directly to the ground.

"Boss!"

"Boss!"

If not for the companions beside him pulling, many people are going to rush to rescue the crown prince, only in the face of such fierce vitality of the other side, even if they can get close to the crown prince, but also just for its burial.

"D*mn, just a little bit short of ah."

Looking at the bunker as far as possible, the prince reluctantly burst a foul mouth, and the opposite see the prince fell, the guns have gathered to his body, can be expected to wait until the other side pull the trigger when, that is, the day of the prince's death.

After sensing his situation, Tong Jun instantly flung the gun, only when he pulled the trigger, his face was instantly white.

f*ck! No more bullets!

"Don't f*cking drag me, I'm going to save Brother Prince!"

After a few people shook off their arms, they were about to rush forward, but the prince suddenly opened his mouth and roared.

"b*****ds, protect my sister-in-law, if anything happens to him, I won't spare you even if I die."

After saying this, he struggled to tilt his head, his blood-red eyes staring deadly at his men.

The men could only look at all this with despair and resignation, their eyes instantly moistened, the prince although every good word on his lips, but to their brothers, but the heart of the good, even a piece of meat to crush into pieces, a little bit of the kind.

Now the prince brother is about to leave them forever, which makes them go back to how to explain with other brothers ah!

However, when the atmosphere was sad and silent, the expected gunshots rang out, but the bullets did not fly to the Prince.

The crowd raised their eyes to see a ghostly figure shuttling through the enemy's interior, and whenever he passed, all fell down after his side.

"Little baldy, good job!"

After the prince murmured a sentence, he hung his head helplessly in front of his eyes black.

After the caravan was forced to stop, Watanabe was the first time, separated from the team, quietly infiltrated into the enemy, so close, the enemy's people just turned their guns, Watanabe will be flexible flash to the side, completely unable to lock his position.

In this way, Watanabe is like a wolf into a flock of sheep, however, he did not kill, just stunned the other side, but with his joining the form instantly turned around.

Taking advantage of the chaos in the enemy's formation, A Fei Chen close and others quickly approach, with this Watanabe will be the enemy in front of all the dry over.

By the time the enemy's support troops arrived, the place was already full of their companions, either unconscious or dead bodies, only the Prince and others were not seen.

"What a bunch of trash, give me chase!"

With an order, the huge caravan set off again and sped off in the direction the Prince and the others had left.

Chapter 2892

Under the bumps, the prince lying in the back seat woke up leisurely, and after opening his eyes, he asked weakly.

"Have we escaped? Is sister-in-law okay?"

After Fei, who had his hands on the steering wheel, heard his voice, a joyful look appeared on his face.

"Boss, you're awake! Sister-in-law is fine, we've escaped from the other side's encirclement now.

It's just that quite a few brothers were broken."

Speaking of this, the joy on his face suddenly dissipated a lot, and a faint gloom surfaced between his brows.

Before coming, the team of twenty-eight people, now only less than ten people left, and out of everyone's life to protect Xu Hanxia outside, almost all of them are hanging color.

The leader of the prince was seriously injured, the small abdomen, thigh, left shoulder three are single, if not the team has the disease doctor in, the prince can not go on are difficult to say.

After the prince heard the news, the big teeth gnashing rattling.

"Don't worry, lost brothers, we must avenge them!"

Due to emotional excitement, he tore his wound when he moved.

Tong Jun, who was on the passenger side, saw the situation and hurriedly said.

"Prince, don't move around yet, Du Qi said, your wound will take several days to recover."

"There are still pursuers behind us, we can't wait, we can only rush towards Basha God Mountain with one brain."

The words fell, Fei foot again increased the throttle, a huge engine roar, the car fiercely out, just the rear can still see the enemy pursuit of the convoy, the ghost.

Two hours later, the group finally arrived at the territory of the Basha God Mountain.

The rear of the chase is about to arrive, as soon as the car, Ah Fei and Tong Jun two people do not care about the Prince's injuries, a left and a right two people directly racked up the Prince.

"Go, let's hurry into the mountain, as long as into the Basha divine Mountain they will not dare to do anything to us?"

Before the old man Zhao said, within the divine mountain outsiders may not use force, let alone what firearms and so on.

After the prince finished speaking, a group of people hurriedly set foot on the mountain road, towards the divine mountain, and when several people's figures were hidden in the woods shortly, the pursuers arrived.

The leader kicked the car left behind by Tai with a sneer and disdain.

"Oh, desperate, how dare you run towards the big mountain."

"Lord Zat has an order to take this group of people alive or dead even if they are chased to the ends of the earth!"

"Yes!"

After the guns were loaded, the armed men from Uyang Uyang rushed into the mountain with great vigor.

The prince and the others were also running desperately at this time, as long as they were caught up by the other side, the result could be imagined, however, just at this moment the foremost Watanabe suddenly stopped in his tracks.

“Stop!”

In this moment of great crisis, this move of his immediately made the crowd puzzled.

“What’s wrong, Saint Monk Watanabe!”

Watanabe returned with a serious face: “We can’t go any further ahead, I have a feeling that if we take another step forward, all of us will die here.”

At this time, all the people’s minds are on the escape, simply did not think so much, at this time was reminded by the ferry disease, everyone then remembered the old man Zhao’s reminder, the divine mountain border but there are unfathomable cultivation of the realm guardian.

However, none of the people present had any so-called token, so how could they get in?

Thinking of this, the crown prince’s eyes were red, staring dead ahead at the road.

“F*ck, one step further is death, one step back is also death, might as well rush in!”

Just as several people were about to move, Du Qi stepped in and stopped them.

“Gentlemen, don’t be impatient, let the poor monk try!”

With the previous experience, the status of Du Qi in the hearts of the crowd is still very high, if not for him everyone would have died in the encirclement.

Now he opened this, the agitation within the crowd gradually calmed down.

Chapter 2893

Waiting for the crowd to calm down, Watanabe then straightened the body covered with patches, and faded vegetarian clothing, after hands together, he took a step forward.

“Amitabha Buddha, I am a disciple of the Southern Cloud Temple’s Bitterness, Du Qi.

Please, senior border guardian, open the door of convenience.”

If Lin Mo was here he would have been surprised to find the amazing change in Du Qi, if it was in the past, he would not have struck out to hurt people, if it was in the past he would not have borrowed the prestige of his own division.

This point even Du Qi himself did not notice, it seems that the failure to guard the snow lotus Lin Mo’s some enlightenment, Du Qi became more able to judge the situation, psychic human!

And just after the words fell, the original calm mountain forest suddenly appeared a breeze, the ethereal voice also sounded.

“Show the divine mountain stone order to enter!”

There was no hint of fluctuation in the tone of voice, let alone any room for negotiation.

And in this voice, vaguely revealing the pressure, so that everyone's heart beat, breathing are extraordinarily difficult.

At this moment they finally realized why Elder Zhao had to caution them so solemnly.

But lamenting the powerful realm guardian at the same time, the despair in the hearts of the people also became more intense.

The pursuers behind them were about to come, and if they could not enter the divine mountain, they were about to wait for death here.

Just when the lineup was desperate, Xu Hanxia, who had been silent, suddenly stepped forward, facing the border that was like a ten-thousand-foot abyss she resolutely took which step.

In an instant, the mountain-like pressure directly made her fall to her knees, when the ethereal voice sounded again.

"Those who take another step, die!"

Faced with such a danger, Xu Hanxia's face did not show any fear.

"Senior, my daughter Xu Hanxia, came to God Mountain without any offense.

A few days ago my husband Lin Mo suddenly disappeared, I just want to know if my husband Lin Mo is within the divine Mountain."

"If not, we will immediately turn our heads and leave."

She knew in her heart that this was their last hope, if Lin Mo was really in the mountain, they still had a glimmer of hope of being saved, if not, they could only wait for death.

And when Xu Hanxia finished speaking, the previous pressure dissipated.

"You are really Lin Mo's wife, if there is a swindle, the old man will never show mercy."

Xu Hanxia's eyes lit up, hearing this he was 100% sure that his husband must be in the mountain.

"If I lie, I will be struck by thunder and lightning and will not be allowed to die!"

After the words, the other party did not reply, the scene is quiet, of course, this also let the prince and others see the hope.

After a while, the ethereal voice appeared again.

"Although so, but the rules must not be broken."

"Which one of you will take a slap from the old man, if you can next, I can let you in."

Hearing these words, the Du Sickness did not have any hesitation and directly stepped forward.

"Amitabha Buddha, then let the little monk take this slap!"

As Du Qi's hands closed, a golden light overflowing shadow appeared behind him, which was a sitting Buddha with the same posture as Du Qi's posture, the only difference was the eyes that were tightly closed.

Once the Buddha image, the original wounded people, immediately felt a cool and comfortable feeling, the prince was surprised to find his wounds in this golden light, began to slowly heal up. And at this time, the posture of the disease, and he saw in the village in the mountains of those stone statues exactly match.

With the feet of the earth, with the heart of the world, Du Qi, even stronger!

This kind of strong, is to make people have the heart to respect and believe in the strong, and the strong of the realm guardian, is to make people awe, the difference between one word is indeed the sky and the earth.

"No thanks to the high disciple of the Southern Cloud Temple, such a Buddhist heart, wonderful!"

At this moment, even the realm-keeper can not help but sigh.

Chapter 2894

Between the green water and the green hills, the original breeze suddenly became bitterly cold, scraping on the face also felt the pain of tearing.

In several people's amazed gaze, the ground pieces of fallen leaves directly uprooted, coalescing into a palm that covers the sky.

"Little monk, take this palm of the old man, you can enter since."

Watanabe's straight body stands quietly in front, although the body is thin, but under the reflection of the golden light sitting Buddha is extraordinarily upright.

"Amitabha Buddha, senior please!"

The words fell, that one suspended in mid-air falling leaves giant palm blast down, a time gale, everyone's five senses are blown to deformation, that while the giant palm emitted a terrifying aura, but also let the crowd despair, only feel that they are always weak ants, facing the fear of the lion general, there is no room for any resistance.

At this time, there is only Watanabe a calm face, in addition to the body of that fallen clothes swaying madly, the whole person does not move, as the giant palm closer and closer, Watanabe slowly open lips.

"Om, mana, what, ba"

As his voice sounded, behind that golden light sitting Buddha fiercely grew to more than three feet, the Prince and others also protected in it, and as Du Qi spouted true words, the golden Buddha also began to coalesce around the same golden light of the seven words of the Buddha.

At this time, the giant palm has arrived, the crowd only feel a short feet, the air are sticky face up, every breath seems to be with the outside of the difficult.

The seven big words of truth surrounding the golden Buddha also began to dissipate one by one.

Dang!

In an instant, the dull sound of impact spread throughout the Chuan Valley, and the mountain where the prince and his party were located trembled violently, as if an earthquake had occurred.

The few people behind Watanabe, only felt the consciousness silent, as if the soul was drawn out of the body, except for the body instinctive sense of fear, no other perception, and this is still under the protection of Watanabe, if there is no golden Buddha shadow, I am afraid that all of them would have to die here.

Such a commotion lasted for nearly half a minute, and finally the Buddha light scattered, countless fallen leaves have fallen.

In front of the crowd, the ferry disease is still standing steadily hands together.

Everyone could not help but breathe a sigh of relief, which signaled that he had successfully taken it.

“Enter!”

The realm guardian did not have any nonsense at this time, after finishing the surrounding prestige also disappeared in this way.

Fei stared with wide eyes, shock and awe written all over his face, it was the first time in his life that he had seen such a shocking duel, which had far exceeded his perception of the martial arts.

Is this still a person?

After a few deep breaths, his heart, which had been snapping, slowly calmed down.

“Boss let’s hurry inside, the pursuers will be here soon.”

The prince gasped and nodded repeatedly, and under the leadership of Du Qi, the crowd finally stepped into the realm of the Basha divine Mountain, when the pursuers behind them also arrived!

The leader’s face was pleased to see the Prince and the others’ backs, and then he gave the order to shoot.

“Kill for me, leave no one alive.”

The crown prince heard the movement behind him and secretly cried out that it was not good, however, after he turned back with a heart full of worry, he was surprised to find that the dense bullets were strangely suspended in the distance.

It seems that the realm guardians have struck!

“Let’s get out of here!”

Since there was someone to help break the back, what else did they have to worry about, after the prince turned back, the group also quickened their pace and rushed towards the main peak that towered into the clouds in the distance.

And behind them, the leader of the pursuit of the prince, was also shocked by the scene in front of him, in broad daylight to see the ghost, all the bullets of his own side was weirdly stopped on the same plane, not moving.

However, it seems to be because the rifle in his hand gave him unlimited confidence.

“What person pretending to be a ghost, get out of the old me.”

Chapter 2895

“Show the divine mountain stone order before you can enter!”

After the leader of the pursuit team heard this, his heart was also anxiously afraid, but he was under the order of Lord Zat, if he could not finish, he would definitely lose this position of the leader, and even whether his small life could be saved was a toss-up.

Thinking of such a result, his heart crossed.

“You, take people up to investigate, if there is a situation immediately report.”

The man who received the order did not hesitate in the slightest, directly with the leader of more than 20 people, slowly explore the front, but not before he took a few steps, a breeze lightly brushed by, this a small team of people at the same time stunned in place.

The leader who noticed the anomaly hurriedly asked, “What’s wrong, did you find something?”

A few people in front did not respond, just straight backwards, and by the time the leader saw their faces these people had bled to death.

A tragic death of the face of the crazy impact on the mind of the chasers.

“Retreat quickly!”

As the leader gave an order, everyone fled in desperation, hating to have two more feet, only at this time the mountain breeze gradually rose

The noisy scene has now returned to the initial calm, only the corpses all over the ground, as well as that a hundred meters in diameter palm print depression place, still reminded of everything that happened here.

“What’s that kid doing, a woman’s husband also swept up the mountain.”

The old man sitting inside the mountain stream took a distant glance at the scene of lights and colors above the main peak and secretly sighed.

“Eh, ridiculous!”

.....

On the other hand, the muddled Lin Mo finally woke up again from the medicine vat, only at this time his brain was blank, only remembering that he was brought to the top of the Bashar divine Mountain,

after receiving guidance from You Li, and fainted from exhaustion after his spiritual power was exhausted.

Lin Mo also does not know how long this process lasted, but now when his eyes opened again, he was still in the medicine vat, but he could clearly sense that his body had undergone some tempering has been changed beyond recognition, but how strong, but only after practice to know.

In front of you, you are excited to add medicinal wine to the vat.

“Senior, what’s wrong with me? I feel so dizzy!”

Hearing Lin Mo’s question, You Li stopped the movement of his hands.

“Little brother you’re awake, don’t worry, this is just a normal drunkenness.”

“In order to make your body, better absorb the medicinal properties of these herbs, we specially added our unique medicinal wine from the Divine Mountain to it.”

When he finished explaining, a loud and clear sound of firecrackers suddenly came from outside.

When Yuli heard this commotion, the smile on his face became even brighter.

“Hahahaha, it’s ready.”

“Xian son-in-law your process of quenching your body is almost over, come and dress for your aunt.”

Lin Mo did not know if he heard wrong, this senior You Li seemed to be calling himself Xian son-in-law, right?

The subordinates did not give Lin Mo too much time to think, and when You Li gave an order, they rushed forward to clean Lin Mo’s body, and then changed him into a new and conspicuous set of big red robes.

This, Lin Mo did not notice, at this time he is still in a half-asleep state, consciousness is also dazed, still by the subordinates to carry him out of this place.

The outside has been decorated with lights, bright red cloth can be seen everywhere, all the faces of the happy smiling face, calm God Mountain at the moment also seems extraordinarily lively, the sound of firecrackers one after another, even the trees of the Nai birds are calling extra cheerful, seems to be in the bit of God Mountain to celebrate the big event.

The prince and his party just arrived at the main peak, they heard such a commotion, naturally, they are not clear what happened, the main thing is that they just to find Lin Mo.

Chapter 2896

“Missy is finally getting married.”

“Yes, I heard that our future aunt is not only a talented man, but also the kind who is well versed in literature and martial arts.”

“Is it true?”

“This is still false, can be worthy of our Miss, and can enter the eyes of our mountain lord, can not be excellent?”

“Then make up for it quickly, we can just see the bridegroom!”

The prince and other people, listening to the people’s discussion on the mountain probably also understand what is happening here, it is just the daughter of the mountain lord’s family is going to get married. It is because of this, all people swarmed me that mountain top run to, at most also curious to look more than a few eyes suddenly appeared strangers, and simply do not give the crown prince their opportunity to ask questions.

“Prince you and Chen close to this side now rest for a while, I and they first go over to see the situation, by the way to ask the news of Lin Mo.”

The entire team, the two of them are the most seriously injured, walking around is not conducive to wound healing, now that it is safe, Xu Hanxia side ready to let them recuperate for a while here.

As for the Du disease naturally also stayed for the two of them to re-bandage the wounds that have been seeping blood.

Waiting for Xu Hanxia to go far away, the original calm face of Du Qi suddenly a red, followed by a mouthful of bruised blood straight out, this scene is naturally scared of the Prince jump, just this is not still good well.

“Little baldy, what happened to you?”

After wiping away the blood from the corner of his mouth, Watanabe smiled calmly.

“No harm, just took the dark wound of the move of the senior of the guard realm.”

The prince’s face darkened when he heard that, “F*ck, even if you captured our people, how dare you hit so hard, there is no heavenly justice.”

“When I get better, a want to blow this mountain to him flat.”

Watanabe froze, the idea of blowing up the divine mountain is not a little too bold, but thinking of the Prince’s temper, his mind is clear.

“Master, don’t be impatient, the divine mountain naturally has the rules of the divine mountain, and the senior realm guardian also has his duties.

Moreover, the other party has already shown mercy just now, otherwise with the strength of the junior monk, he would not be able to resist for half a breath.”

After this explanation of Transition Sickness, the prince’s irritable anger was calmed down a lot, but thinking of this divine mountain swept away his big brother for no reason, the prince was still a bit indignant.

“I will let them in one day sooner or later to know the evil of society.”

After muttering a sentence, the prince leaned under the roots of a tree and closed his eyes to recuperate.

On the side, after taking the healing elixir, Du Qi took a short time to adjust his injuries and began to re-bandage the Prince and the two of them.

On the other hand, Lin Mo was not aware of the arrival of his wife and others. At this time, he was unable to use any strength and could only be carried by two subordinates left and right to the wide grass at the top of the hill again.

At this time, this place has been filled with people, with the sound of 'the aunt arrived! All of them immediately stretched their necks to see the rumored handsome and extraordinary bridegroom.

"Wow, really eh, this young man is so handsome, and our Missy is simply a good-looking man and a good-looking woman."

"Really handsome, unlike my family that lazy man, look crooked."

With the passage of Lin Mo, or boast, or talk, or blessing and so on words in his ears constantly intertwined, all the way over Lin Mo also saw his body's big red robe new clothes as well as around the red silk decorated with lights.

But although he has understood the truth, but there is no room for resistance, now he raised a thumb is extremely difficult thing, let alone struggle it.

The You Li seniors eh? This is what you want to make ah, I am already a married man, let me pay respect to the marriage this is also too ridiculous it!

Besides, the little green shadow is only how old ah, ridiculous to the extreme!

Chapter 2897

The wedding in the mountains is not so much red tape, sitting on top of the first seat of the You Li is half happy half sad looking at his baby daughter, step by step.

The simple red wedding dress can not see a trace of gold and silver light, the same can not see any jewelry, only a touch of red, the forehead corner subdivision vermilion outline of a plum blossom pattern.

However, it is such a simple decoration, but the bride's beauty is shown to the fullest.

"Father, my daughter is getting married today!"

You Li looked at his baby daughter well behaved in front of him, his eyes immediately indisputably red, however, once he thought of the presence of so many people again, he hurriedly took a deep breath and held back all the tears.

The daughter that you have worked so hard to raise for more than 20 years is going to be given to another man, and anyone can hardly accept it in a short time.

Fortunately, there was also that sincere 'father', slightly soothed the wounded heart of Yuli, at the same time it also proved that his baby daughter is really like Lin Mo, otherwise this sentence father he did not know when and when to hear.

"Good, good, good!"

"In the future, you must take care of yourself, if Lin Mo bullies you, you can talk to dad, remember the whole God Mountain is backing you up."

When his words fell, the groom officially entered.

"Father, what's wrong with Lin Mo?"

You Li glanced at Lin Mo, who was being carried over, and had long thought of something to say in his heart.

"I am the father-in-law and the new aunt chatted last night on the spur of the moment, all just a few more drinks.

I didn't expect this Lin Mo's drinking capacity to be so poor that he got drunk until now."

"It's all my fault!"

Said the You Li face appeared a touch of guilt, the scene was curious about why Lin Mo now this wilted appearance of the audience heard the reason, immediately burst into laughter.

Only a few of them knew that this was a ploy by Yuli to cook rice.

As we were talking here, Lin Mo had already been brought to You Li's body.

"Lin Mo, from now on my daughter is entrusted to you, be sure to treat her well, otherwise do not blame the old man not to give you face."

You Li just finished speaking, his daughter's side hurriedly stood out to speak for Lin Mo.

"Father what are you talking about, you can't say something nice on this auspicious day?"

Lin Mo powerlessly skimmed his gaze, seeing the woman in front of him he couldn't help but freeze his gaze at once.

Originally he thought that the mountain lord's only green shadow a daughter, did not expect the appearance of another face, and is the kind of tall, delicate features of the young girl, not even a trace of green shadow look.

Could it be that this is another daughter of You Li? It's not right, they don't know each other at all, which can be so forced to buy and sell the marriage.

Lin Mo's mind is full of thoughts, but he simply tongue numb, limbs weak, simply can not say anything.

At this time a side of the singer of rituals look at the position of the sun in the sky, after a satisfied nod.

"The auspicious time has arrived, please the new couple worship heaven and earth."

"Here it comes, here it goes!"

At this time, everyone on the scene also showed a look of excitement on their faces, as if they were even more excited to get married, only no one noticed that, outside the crowd, Xu Hanxia had taken it all in.

Originally she thought that her husband, who she was worried about day and night, was in some kind of danger, but what she never expected was that he had gotten married with another woman here.

And listen to the mountain master, this father-in-law and the aunt last night to talk a lot of happy, drunk are unconscious.

Think about the painful journey, think about the Prince's men who died to protect themselves, and even the Prince almost perished because of this, heavy memories rushed to the heart, Xu Hanxia eyes sore, tears more out of the eyes.

Chapter 2898

She Xu Hanxia is just an ordinary person, all the way down, even the Prince and other people you are exhausted, she is only relying on a belief in holding on, in fact, she has long been exhausted, if not a belief to support, Xu Hanxia would have collapsed.

Now Xu Hanxia see their own group of people trekking through the mountains to find the Lin Mo went out of their way to get married with another woman, her belief instantly collapsed, as if her body was drained of general.

She only felt the weakness of her limbs, her eyes went black, and she fell down with a face full of tears.

At the side, Tong Jun was also quick-witted and hurriedly held her up.

"Miss Xu, what's wrong with you, wake up quickly."

But at this time Lin Mo happened to be manipulated by the subordinates to worship heaven and earth, the scene of the lively cheers directly Tong Jun's shout to suppress, and he simply does not know any medical skills, as soon as he saw Xu Hanxia fainted, anxious and panicked Tong Jun immediately held him, intended to go forward to find Lin Mo help.

Just as he was about to move, two unfamiliar figures suddenly appeared in front of him.

"This gentleman, I see that you are very fresh-faced, you should not be from our mountain."

"Yes, we are here to find Lord Lin Mo, I am one of his men, and this lady is Lord Lin's wife.

There is an urgent need for Lord Lin to come to the rescue."

The two guards looked at each other and saw a hint of surprise in each other's eyes, this line of auntie is actually a married man, this is embarra*sing, just after they froze for a second, they faced each other.

"Sorry, today is the new wedding day of the aunt and the first lady, any matter wait until tomorrow."

At this point, the two of them had already sat down in their hearts and decided that no matter if what Tong Jun said was true or not, they absolutely could not disturb the happy event of Missy's wedding.

“This This is Lord Lin’s wife ah, now unconscious”

Not waiting for Tong Jun to finish, the guard’s face sank: “This gentleman, I do not know how you came in, just today is the first lady’s wedding day we will not pursue, but if you insist on making trouble, do not blame us not polite.”

As the words fell, a terrifying aura emerged from their bodies.

Tong Jun also knew that he was far from being their opponent, and he glanced at Lin Mo in the distance with a reluctant face, then he hurriedly picked up Xu Hanxia and darted towards the direction where Du Qi was.

“Husband and wife worship each other, send into the bridal chamber!”

The man who sang the rituals fell, Lin Mo was carried into a brand new straw house, and the cheers behind him did not stop from beginning to end, although the wedding is simple, but the atmosphere is lively and extraordinary.

After the doors and windows of the gra*s house were closed, the crowd slowly dispersed in the direction of the banquet, of course, during the mountain master’s voice of joy naturally did not leave behind.

The gra*s room within the arrangement is very simple, in addition to everything is new, only the two red candles on the table as the only decoration.

Lin Mo consciousness at this time is still out of a blurred state, the tiger wine is too strong, almost sealed all his acupuncture points, which also makes him empty a great medical skills, but no room to fight, and at this time his ears suddenly came a woman’s voice of complaint.

“The old man is really, have you drunk, but do not know to force out the alcohol for you, so that people are laughing at us.”

As the words fell, Lin Mo felt a warm current pouring into his body, and as the warm current went everywhere, all his acupuncture points were slowly liberated.

Lin Mo first moved his fingers, and then clenched his fists, the rich alcoholic energy was instantly shaken out of his body, and he also scurried up from the bed with a carp.

Looking at the strange woman in front of him, he took a few steps back.

“Who are you?”

Chapter 2899

The woman in front of her froze directly in place after hearing Lin Mo’s question.

“Brother Lin Mo?”

After Lin Mo heard this familiar name, the lovely figure in his mind and the young girl in front of him slowly fused together, although he had a guess in his heart, but this matter is too shocking.

The three or four-year-old girl suddenly became a flower girl, which anyone can accept for a while.

Lin Mo with an uncertain tone, tentatively asked: "You are the little green shadow?"

The woman nodded, only the next second the tears in her eyes instantly broke, because she found herself cheated.

She had been in a state of healing for the past few days, and when she heard that her father was instructing Lin Mo's martial arts and tempering his flesh, she also thought it was a good thing, so she didn't think much of it and continued to heal over at Mr. Pill's side.

When she was almost healed, the people under her suddenly told her that brother Lin Mo intended to marry her and had asked her father for marriage, the feeling of happiness directly made her dizzy, so she did not suspect, just desperately healing injuries.

After he was healed and returned to his true body, the preparations for the marriage outside were ready, and at this time the subordinates also told her that Lin Mo's side was also ready, and the next day was the auspicious day, that is, the time for the two to get married.

If not for Lin Mo's surprised expression and eyes full of doubts, Green Shadow is still immersed in her fantasy happiness, she always thought that the brother Lin Mo, whom she relied on, really wanted to marry her.

Now the dream is shattered! This is the first time she has shed tears since her mother passed away.

Lin Mo was set up by You Li like this, his mood was naturally upset, however, at this time, seeing Green Shadow crying so sadly, he also understood that this bureau, only the two of them were kept in the dark.

"Little green shadow!"

Hearing Lin Mo's call, crying pearly green shadow wiped a handful of tears, red eyes looked at Lin Mo, only she did not speak, and did not know what words to say.

Lin Mo looked at the sudden growth of the little girl in front of him can only slightly sigh, now he has sobered up, a little thinking will know all the plans of the senior You Li, of course, at this time he also understood the green shadow of the heart.

Lin Mo naturally like the little green shadow, but that is only for a cute little girl like, without any distracting thoughts, not to mention that he still have Xu Hanxia, how can and others into marriage.

But although he thought in his heart to understand, but did not know how to speak, so the two of them awkwardly stared at each other for a while, know Lin Mo took the lead to speak.

"Let's sit down and talk!"

Green Shadow nodded obediently.

Lin Mo first poured a cup of tea and handed it over.

"Can you tell me about it, about you?"

Green Shadow naturally understood what he meant, and after taking a deep breath, she slowly spoke.

“Actually, this is my real body, just because I had a conflict with my father over some things before.

In a fit of anger, I escaped from the divine mountain, but because I didn’t have the stone order, I was injured by a palm strike from the realm guardian.”

“Although I managed to leave the divine mountain, I also fell into a serious injury as a result.

In order to suppress my injuries, I could only use the special technique of the divine Mountain, the Long Spring Technique.”

As the green shadow narrated, Lin Mo also understood the reason for the unbelievable changes in her body, it turned out that this green shadow was actually a special system of one body and two souls.

When the real body was revealed, the sister’s soul was awakened, and the sister’s soul was sleeping inside; and after using the Changchun Gong, the body became a little girl of only three or four years old, and the situation was reversed.

Just because the sister’s soul power is strong, in the event of danger can also be forced to wake up.

As a result of the little girl form under the sister to Lin Mo produced an incomparable dependence, gradually also affected the sister’s feelings, resulting in the two sisters, one dependent on Lin Mo, the other is beloved.

After listening to Lin Mo is full of amazement, and this once-in-a-millennium physique, can be described as an excellent system for cultivating martial arts, it is not too much to call it a demon.

Chapter 2900

After Green Shadow finished explaining, the atmosphere in the straw room had icy cold, in order to ease this awkwardness Lin Mo immediately pulled away from the topic.

“By the way, those few hidden experts in Moro Street should be the ones on your divine Mountain, right?”

Green Shadow nodded: “Yes, except that they made a big mistake and were driven out.”

With what mistake, she did not elaborate.

Lin Mo also understood, no wonder he met so many strange things along the Moro Street before.

Two people just have a ride, not a ride of small talk a few, during Lin Mo simply do not dare to look at the green shadow, if the let’s dry fight, kill the enemy is okay, but involving men and women’s affairs he can not do anything.

That pair of eyes contains too much, there is anger, there is expectation, of course, there is also uncertainty.

Lin Mo first took a deep breath, and after a long time he made up his mind that there is a display is finally to say.

“That green shadow

“In fact In fact, I have become a family! Just to say that I’m a little sorry for her, always gathering less and less.”

Said Lin Mo’s face also showed feelings of guilt, some people are always someone to do, the greater the ability, the greater the responsibility, and he also carried the entire Lin Mo hatred and hope.

And opposite the green shadow’s body visibly trembled, slender fingers tightly squeezed the bright red red dress, she lowered her head, bean-sized teardrops fell straight down, then invaded the red dress, invaded a conspicuous water stains.

“Little green shadow ...”

Lin Mo really want to reach out to comfort, but the green shadow suddenly raised his head, raised his hand between the direct wipe away the tears.

“It’s okay, brother Lin Mo, it’s my father who acted too recklessly, it’s me who was too stupid.”

“Brother Lin Mo and sister-in-law must be very much in love!”

After saying that she sniffled and forced out a smile.

“It’s okay, it’s really okay, brother Lin Mo, I’ll let father take care of this ridiculous marriage.”

Green Shadow shrugged her shoulders and slowly turned around.

“You Li!”

With a soft call, the ears of You Li, who was in charge of the reception in the distance, twitched.

“Excuse me for a moment!”

As the words fell, his figure also disappeared above the banquet, and when he reappeared, he had already arrived in front of the gra*s hut where Lin Mo was.

And at this time his face has been written with a serious look, his own daughter although dissatisfied with himself, but at most only called him old man, this time directly called his name but the first time.

You Li was just about to walk into the gra*s house, but his feet suddenly beat, see his daughter’s red eyes, and clear tear marks, You Li’s body around the bitter coldness surging.

“Kid, but you bullied my daughter?”

Lin Mo felt the terrifying pressure, his face did not change again, his body was instantly like falling into a swamp, it was difficult to move.

Just at that moment, the green shadow on the side slowly closed her eyes.

“Father, you stop it, this ridiculous wedding forget it.”

“The truth of the matter we have already found, the melon twisted by force is not sweet, and brother Lin Mo already has a wife.”

At this time, her tone seems extraordinarily calm, completely without the sad look before, however the more he does, the more Lin Mo is worried.

You Li looked a beat, after withdrawing his aura, he shook his head awkwardly.

“What, have a wife?”

He then let out a big laugh and stated boldly.

“It does not matter ah, men well three wives and four concubines is not very normal, all right Lin Mo, I also do not require my green shadow to be the main wife, but must be equal to your original wife?”

Lin Mo: Ha?

There can still be this kind of operation?

“Senior, this matter”

Before he finished speaking, Green Shadow stepped forward and grabbed the first step and said, “Father, let’s leave this matter like this, okay?”

“Please save some face for your own daughter!”

“Okay?”
