

Chapter 192 Embrace

Nikolay's p.o.v.

I fell asleep pretty fast, but I had hoped that Alayah would come to my room and as I waited for her I knew I wouldn't be awake if she did come to pay me a visit. Khal jumping up and down in my head is what wakes me and when I feel that the sheet is gone I want to grab it, but Khal tells me to stay still. I slightly open my eyes to watch my beautiful Mate as she looks at me with lust in her eyes. She is still unaware of the fact that I am awake and I get excited as she slowly reaches out her hand.

My cock grows hard and a deep red blush appears on her cheeks, her hand stops moving towards my cock and I have to suppress the intention to groan. I see her eyes glide up my body, hardening my cock even further and that movement makes her snap her eyes back to my cock. She start moving her hand again and just as she is about to touch it, Khal decides to step in. "You better finish what you start, Princess." He growls and that makes Alayah jump.

I grab her hand to pull her on top of my body, the moment she is in the right place I see two marks on her neck and I start kissing her because I know what that means. Within seconds the kiss has deepened and my hand slides down her back, ending on her ass. Khal flashes an image in my head and my cock hardens even more, causing Alayah to moan as she feels it grow. I pull her up by the hips and with one thrust I bury my cock inside her pussy.

She pushes herself on to her knees and starts moving up and down my cock, seems like one of my Brothers got the same treatment from her. "Alayah, this feels so good." I moan and she starts moving faster and faster, my hands sliding up her sides to her breasts. I start pinching her nipples and that makes her moan, it doesn't take long before we both climax. She slumps down on my chest to catch her breath and I slowly pull my cock out of her and I let my hand slide between her legs from behind, slipping one finger inside her.

She is so soaking wet from our juices and I easily slide in a second finger, making her moan louder. I keep pounding my fingers into her pussy and she starts meeting my thrusts into her body. Then I slowly pull my fingers out and replace them with my cock, slipping my fingers further up to her ass. Once she figures out what I am about to do, her head snaps up to meet my eyes and I hold her gaze. With my finger on her ass, I start applying pressure on her back entrance and her eyes widen as soon as my finger slides into her ass.

I push my finger deeper and she starts moaning as I start moving my cock and my finger. I pick up my pace to add a second finger in her ass and soon I'm pounding in and out of her and Alayah tells me to move faster and harder. My movements become erratic, the more she moans and a groan escapes my lips. "Nikolay, please. I.. I.. I need to come." She whispers under her breath. I feel her pussy clench around my cock and I move even faster and harder.

As I feel my climax coming I find her marking spot, she clenches on my cock and fingers as we mark one another and I shoot my load in her pussy. I collapse next to her on my bed and I place her head on my chest as I calm down my breathing, to slowly drift off to sleep again.

Alayah's p.o.v.

I am not going to lie, I am going to have a hard time being away from any of them and I still have one more Mate to mark. I look at Nikolay again before I close the door to his bedroom and I don't even get the chance to open the door to Nero's bedroom, he opens it the moment I stand in front of it. He rips my clothes off and soon I am naked in his arms. "This is going to be hard and fast, Princess." He grumbles into my ear, and I push my hips forward, while I whisper "Please."

He slides his left hand towards my pussy and the moment he runs a finger through my wet slit I cry out in pleasure, my pussy opening up to his probing fingers. His eyes drift to my breasts, he lowers his head to suck a nipple into his mouth and with the tip of his tongue he flicks it before he gently bites down on it. I feel my juices running out of my pussy onto his fingers as they keep sliding in and out of me.

He picks up the pace and I am moaning loudly, I keep whispering "Please" as he slams his fingers into my soaking wet pussy harder and harder. I am rolling my hips to meet the strokes of his fingers and as he bites down on my nipple once more, I shatter into a million pieces on his fingers. He doesn't give me much time to come down from my orgasm as he lines his cock with my entrance and something tells me that my next orgasm will be up against this door.

Nero fills my pussy in one thrust, before he starts pounding into my core and I am loving every second of it. He lowers his head, licking one of my nipples and my head falls back, my eyes closing at the sensation coursing through my body. Then he slows down, my head snaps to his and I look at him, wondering why he is slowing down. "Sorry, Princess. I could not stop myself. This feels so good and I have been waiting for years to find my Mate."

I shake my head and give him a little smile. "You did nothing wrong. I..." Not sure how to tell him, so I let the sentence trail off. "Princess, you can tell us anything. We love you, no matter what." Looking into his eyes I can see he is being truthful and I decide to take a chance. "Please, Nero. I need you as much as you need me." The moment I am finished speaking, he slams his lips to mine and starts pounding into my core again. I open my lips, letting him in to deepen the kiss and I start moving my hips towards him.

We do not last long, both climaxing at the same time. He holds me close as we both catch our breath and I put my head in his neck, enjoying his embrace.
