

Chapter 541

Fade Chen shook his head and said with a chuckle, "This has nothing to do with me. Yuri, you're a good singer. I've fallen in love with your singing. When will you sing for me again?"

Yuri Zhang was shy. She lowered her head and said, "Brother Chen, I'm willing to sing it for you whenever you want me to."

"Then what if I say I right here right now?" Fade said with a smile.

Yuri looked around her and found out that there were so many people passing by. She felt shy to sing here. "There are too many people here," Yuri said.

"Then let's go to a place where there are fewer people!" Fade smiled and took Yuri's hand and walked out.

At the sight of this, the students of Bay City University behind them couldn't help but burst into jeers.

"Yuri, where are you going? Are you going out with your boyfriend again?" A student said.

"Yuri, you won't attend tonight's celebration party, will you?" Another student asked.

"Yuri, be careful tonight! Don't forget to take precautions!" A female student joked.

.....

Hearing these words, Yuri blushed with shame. She turned her head and glared at the students behind her. Then she left with

12:28 

Fade hand in hand.

The two of them walked all the way to the side road of the Long City University. Fade stopped and said with a smile, "There are lesser people here. Yuri, you can sing now."

Yuri looked at the pedestrians passing by and still felt a little shy. She pinched the corner of her dress and hesitated for a moment. Finally, she nodded and was about to sing.

But at this moment, a figure came over and called out, "Yuri and Mr. Chen."

Hearing the sound, Fade and Yuri turned their heads and looked over. As soon as they saw the figure, their faces suddenly darkened.

"What are you doing here?" Fade asked coldly. This person was none other than Elena Zou, who had purposely bumped into Yuri that day.

When Elena glanced at Fade's eyes, she trembled with fear. With a horrified look on her face, she hurriedly apologized, "Mr. Chen, I, I'm here to apologize to you. It was my fault. I shouldn't have treated Yuri like this. I know I was wrong now. Please, forgive me. I —"

Elena said nervously, with her head down and her body constantly trembling.

After all, the man in front of her was a big shot who the Deputy Minister Zhao couldn't defeat. As a student, she was less significant than an ant in front of such a big shot.

Elena was worried that she would be retaliated by a big shot like Fade, so, she was extremely nervous just now. After thinking about it, she finally came here to apologize to Fade and Yuri.

12:28 

However, at this time, in the face of her apology, Fade's face was cold and he didn't say a word.

Seeing this, Elena was even more frightened. Ignoring the surprised eyes of passers-by, she directly knelt down in front of Fade, and was about to bow and beg for mercy. "Mr. Chen, Yuri, I was wrong, please—"

Fade couldn't bear to see her like this, and he didn't take it to heart of what she did that day. He waved his hand and said coldly, "Get up, I don't want to see you again in the future. You can leave now!"

Elena was stunned. Then, as if she had been granted amnesty, she quickly nodded and said, "Yes." Then, she shouted "Thank you" and left quickly.

Yuri looked at Elena, who had been frightened away, and then looked at Fade. She couldn't help but feel a little emotional. After all, although she knew that Fade was not an ordinary person, she didn't expect that Fade's status was so high.

For a moment, her little girl's mind was wondering, and she faintly thought of something, "I am just a girl from the countryside, will Brother Chen lose his reputation with me by his side?"

Thinking of this, Yuri's face couldn't help but become a little gloomy.

Fade looked at Yuri's face and rolled his eyes. He held Yuri's hand and clenched it slightly. He smiled and said, "Yuri, you haven't sang for me yet!"

Yuri came to her senses and looked at Fade. She wanted to say something, but the strange feeling in her heart made her unable to sing.

Seeing this, Fade gently pinched Yuri's face with a smile and said softly, "Yuri, don't think too much. No matter who I am or what I do, I am still your Brother Chen."

12:28 

Yuri felt warm in her heart and smiled. She nodded and said sweetly, "Brother Chen, I'll sing for you now." Then, Fade took Yuri's hand, and the two strolled on to the tree-lined path of the campus. A clear alluring voice could be heard. After walking with Fade, Yuri went back that night and attended the celebration party with her classmates and teachers. At the gala, Erasmus Sun and Elisha Ding, the two judges, as well as the people of the major entertainment companies, rushed over and tried to recruit Yuri. However, when Yuri revealed the relationship between her and Fade, the people of the major entertainment companies immediately backed away. Because they knew that Fade was behind the powerful Scott Entertainment in the Long City. If Yuri really wanted to sign with an entertainment company in Long City, it would most likely be the Scott Entertainment. However, Erasmus and Elisha were very sincere. They found Yuri and talked to her for a while, hoping that she could join their school. In this regard, Yuri couldn't make a decision at that moment. After all, she was now a student of Bay City University. If she really followed Erasmus or Elisha, she would definitely have to transfer to another school. At the same time, it also meant that she would be giving up on her original study plan and officially step on the path of becoming a star. Yuri couldn't decide this matter in a short time. So she still didn't agree with the two teachers yet. After the celebration, Bay City University gave their team members three days off to let them enjoy and rest well due to the intense training that they had. The students burst out in excitement and played.

12:28 

Fade had already promised Yuri that he would take her to Long City to have fun after the performance was over. So, in the past few days, Fade accompanied Yuri to have a good time in all the major scenic spots in Long City. They almost tried all the delicious food and everything fun in Long City.

It seemed that Yuri, who was nineteen years old, had never experienced such pure happiness while growing up.

The three-day holiday soon drew to an end. Tomorrow, Yuri would have to go back to Bay City.

In the evening, Fade drove Yuri to Big Brother Liu's "Dragonville Special Seafood Shop".

After Fade's investment and the work of professionals, Old Mr. Liu and Big Brother Liu's shabby "Dragonville Special Seafood Shop" looked brand new and turned into a three-story wooden building.

The fragrance of wood, red lanterns, waiters in traditional Chinese clothing, as well as the decoration of dragons and phoenixes all improved the style and grade of the store.

It could even be said that after the operation and publicity during this period of time,

The "Dragonville Special Seafood Shop" restaurant had become the most popular shop in Long City. Many food critics and people came here to have a taste of this delicacy.

In a short period of time, the shop's business was already improving.

Chapter 542

Therefore, when Fade Chen and Yuri Zhang came to the shop at dinner time, there were already many customers in the shop, some guests were even waiting in line at the door.

Fade saw that there were not many people queuing up, so he didn't want to bother Big Brother Liu. He walked to the end of the line with Yuri and began to queue up.

"Yuri, the Dragonville Special Seafood Soup in this stop is very delicious. You will definitely like it," Fade smiled and chatted with Yuri.

Yuri looked at Fade and said with a smile, "Well, as long as it's your treat, Brother Chen, everything will be delicious."

Hearing this, Fade couldn't help but reach out his hand to pinch Yuri's cheek with a smile, saying, "Yuri, when did you start to talk like this? You make me so happy."

Fade's intimate action immediately made Yuri blush. She lowered her head and whispered, "I'm just telling the truth. As long as I'm with you, Brother Chen, I will eat whatever we have."

When Fade heard this, he couldn't help but smile. Then he joked, "Yuri, since you want to be with me so much, don't tell me you've fallen in love with me!"

Yuri was stunned when she heard that, and then she came to her senses. What she said just now was too suggestive. Suddenly,

12:28 

Yuri blushed and quickly waved her hands to explain, "Brother Chen, I, I didn't mean that. I know you are married, and President Lin is also a good wife. I have no other thoughts, I, I just—"

For a moment, Yuri didn't know how to explain.

Fade looked at Yuri who was a little flustered. He gently patted her head and said with a smile, "There's no need to explain. I was joking with you. Besides, you're my sister. It's normal for you to like me!"

Hearing Fade's words, Yuri nodded and calmed down. However, she could not help but have some strange emotions in her heart, "I'm just his sister. Brother Chen has always treated me as his sister!"

Just as Yuri lowered her head and was lost in thought, a guest in the shop and the queuing group took a step forward.

Fade turned around, took Yuri's hand, and was ready to move forward.

But at this time, two figures suddenly rushed out from the side. It was a young couple. They didn't even look behind them. They took a step and plunged into the gap of the queue in front of Fade. Then they talked, as if nothing had happened.

Seeing this, Fade's face couldn't help but sink. He patted the young man in front of him on the shoulder and said, "You've cut the queue. Go to the back and line up."

The man turned around. He was quite handsome, with a Korean hairstyle, a pair of sunglasses, and a branded phone in his hand. His ears were plugged with earphones, and his body was shaking gently, as if he was listening to music.

He glanced at Fade, and then turned his head back without saying anything, as if he didn't hear what Fade said at all.

Seeing this, Fade's eyes turned cold. He patted on the man's shoulder again, then directly pulled off his earphones and said,

12:29 

"You've cut the queue. Go to the back. Didn't you hear what I said?"

This time, the man couldn't pretend anymore. He put away his headphones and stared at Fade coldly, saying, "What are you doing? I didn't cut the line." As he said this, the man turned his head back again.

Seeing this, Fade grabbed his arm and twisted it slightly.

Suddenly, the young man let out a cry of pain. He frowned, covered his arms, and stared at Fade painfully and angrily. He snapped, "What are you doing?"

Fade pointed to the back of the team and said coldly, "I'll ask you one last time to line up at the back."

The man glared at Fade and said, "Who are you? Why should I go behind?"

Fade said coldly, "I'm just a nobody? But you cut in line, so get out of my way and go to the back immediately."

"Who are you to say that I cut in line! I didn't cut in line. I think you're the one cutting the line. Why don't you go to the back?" The man stared at Fade and shouted directly.

Such loud voice naturally attracted the surrounding customers. Many people saw the man jump in the queue just now, and they couldn't help but criticize him one after another at this time.

"Young man, why are you so rude? I saw you jump in the queue just now," a man said.

"How dare you jump in the queue and be so arrogant? I think you need to be taught a lesson," another man said.

"Shame on you, shameless guy," a woman sneered.

.....

12:29 

Hearing the curses of the crowd, the man glared at the people around him. Then, the woman next to him also turned her head, looked at the crowd, and directly put her hands on her waist and scolded, "Which eyes of yours saw us jump the queue? Do you have any proof? Besides, this position belongs to us, and we came here yesterday. What's wrong if we stand here now? If you are not convinced, come and talk about it! Let's see if I will beat you guys up or not."

At the sight of this woman, the passers-by couldn't help frowning and then leave. After all, it was not a wise choice to quarrel with this kind of shrew. Moreover, for most people, it was not a big deal for someone to cut in the queue. They would just endure it.

Seeing this, the woman was even more proud. She walked to the man, glared at Fade, and shouted, "You talk nonsense and slander us for cutting the queue. Apologize to us immediately."

Hearing this, Fade frowned and showed a hint of anger. He said in a low voice, "It seems that some people don't know how to behave like humans when they are not taught a lesson."

"Teach me a lesson?" The man sneered, rolled up his sleeves, exposed his bulging arms, and said to Fade, "If you want to fight, I'll fight with you. Let's see if you can beat me."

As soon as he finished speaking, the man smiled and threw a punch directly at Fade. "Go to hell!"

Seeing this, Fade's upper body didn't move at all, and his lower body directly kicked forward with his right leg.

This time, he directly kicked the man in the lower abdomen. With great force, the man was sent flying and hit against the wall of the shop. Then, the man fell down with a bang and uttered a painful muffled groan.

The woman on the other side saw this and immediately shouted, "He's crazy. He is going to kill someone—"

12:29 

Fade glared at the woman and mercilessly slapped her on the face, making a crisp sound, and then glared at her. "Shut up." The woman was stunned. She covered her swollen cheeks and was stunned for a moment. Then she sat on the ground and burst into tears like a shrew .

But at this moment, Yuri, who was behind Fade, came out and looked at the woman with inquiring eyes. A few seconds later, Yuri showed an extremely surprised expression on her face and exclaimed, "Sister Freya, why are you here?"

Chapter 543

Hearing the voice, the woman stopped crying and looked at Yuri Zhang for a few seconds. Her eyes lit up and she said, "You, you are indeed Yuri Zhang."

Yuri Zhang nodded and said, "Yes, I am Yuri. Sister Freya, why are you and Brother Benny here?"

While speaking, Yuri looked at the young man, Brother Benny.

Sister Freya obviously didn't expect to meet an acquaintance here either. She got up from the ground, walked to the man, and dressed him up. She pointed at Yuri and said, "Benny, look who she is. She is Yuri Zhang, the Yuri from the next village, you used to—"

At this time, Yuri also explained to Fade in a low voice, "Brother Chen, these two people are Freya and Benny. They are from my neighboring village."

Fade didn't expect that they were Yuri's friends. He frowned slightly and then nodded his head, intending to end this matter. After all, they were from Yuri's hometown, so he had to give them some face.

But just as Fade was about to speak, the man named Benny Yi's eyes lit up when he saw Yuri. He walked over quickly and stretched out his hands to hold Yuri's hand. "Yuri, I didn't expect you to be here! I haven't seen you for several years. I didn't expect you to grow up so much and become even more beautiful."

12:29 

Yuri looked at Benny's greedy eyes and instinctively felt unhappy. She took a step back to avoid his hands and whispered, "Hi, Brother Benny."

Seeing that Yuri took a step back, Benny immediately raised his arm and held Yuri's shoulder. "Yuri, are you still studying? Are you studying in Long City?"

Seeing this, Yuri stepped aside in panic. Fade frowned and stood up to block Yuri behind him. He stopped Benny and knocked off his arm coldly, saying, "Yuri doesn't like very enthusiastic. Put your hand away."

Benny's face darkened when he saw Fade. He glared at Fade.

Freya Yi, the woman, also came over at this time. She looked at Fade, and then said to Yuri, "Yuri, is this your friend?"

Yuri nodded and said, "This is Fade, my friend."

Upon hearing this, Freya snorted and said, "Since he is your friend, I'll give you a face, and I won't ask about it anymore. However, you can't just let go of the matter of him hitting my brother and me, can you!"

Yuri frowned and didn't know how to respond.

Fade's face immediately turned cold, and he glared at them. He didn't expect that this woman to be so shameless. It was clear that they were wrong first. But now, she was acting like he was being unreasonable and asked Fade to give her an explanation.

Suddenly, Fade said in a cold voice, "Yes, it's true that we can't let it go like this. I haven't finished the business of you cutting the queue yet."

Hearing this, Freya's face suddenly sank. She stared at Fade, but when she saw Fade's fierce eyes, she was a little uneasy. So

12:29 

she turned to Yuri and said coldly, "Yuri, how can your friend talk to us like this? We—"

Yuri looked embarrassed, but in the end, she gritted her teeth and said, "Sister Freya, just now, it was you and Brother Benny who did something wrong. You should not jump the queue, we—"

Not waiting for Yuri to finish her words, Freya's face immediately sank, and her eyes were full of anger, ready to explode in anger.

However, at this critical moment, Benny came up to his sister and whispered in her ear. Then he pointed to Yuri.

After hearing her brother's words, Freya held back her anger. She glanced at Fade and said to Yuri, "Yuri, my brother just put in a good word for you. I won't pursue this matter anymore."

Hearing this, Fade's eyes turned cold and he was about to say something. But at this time, Yuri looked at Fade with sadness in her eyes. Looking at Yuri's watery eyes, Fade couldn't help but sigh softly and hold back his words.

After all, if he insisted on continuing to argue, no matter what the result was, Yuri would be one who would be embarrassed.

Thinking of this, Fade nodded to Yuri and said, "For the sake of you, Yuri, I will just let it go."

Yuri immediately showed gratitude in her eyes, and then said to Freya and Benny, "Sister Freya, Brother Benny, just go in front of us."

The two walked in front to Fade and Yuri without any guilt, and then turned to look at Yuri. Benny said with a smile, "Yuri, since I happened to meet you and we are all from the same hometown. Why don't we eat together?"

Yuri didn't want to agree. She wanted to wave her hand to refuse.

12:29 

But before she could open her mouth, Freya said directly, "Let's have the meal together. It's a deal. Anyway, Yuri, you had an engagement with my brother and almost became his wife. It's nothing for you to have a meal together now."

When she heard this matter, Yuri's expression changed, and was a little gloomy. At the same time, she looked at Fade with some worry.

Fade put his arm around Yuri's shoulder and patted it gently. Then he gave Yuri a comforting look and whispered, "It's okay."

On the other side, when Benny saw this, he couldn't help squinting with a hint of anger in his eyes. Then he looked at his sister.

Freya winked at her brother, and said, "It's our turn. Let's go in together!"

Then, the four of them sat on a table and took the menu. Benny simply glanced at the menu. He directly shook his hand and said, "We don't need the menu or anything. You can directly bring out the most expensive dishes in your shop."

When Yuri heard this, she couldn't help but be stunned.

Seeing this, Benny was delighted and said with a boasting tone, "Yuri, we haven't seen each other for several years. I don't know what you like to eat, so I just ordered a few dishes. If you don't like it, we can order more. You can be at ease."

Yuri said politely, "No, I'll just eat what you order."

Hearing this, Freya said with an arrogant tone, "It's rare to catch up with you, Yuri. How can you do that? I know the situation of your family. You're used to living a hard life since young, so you are more frugal."

"But the situation is different now. My brother doesn't lack this little money. You can order what you want. It doesn't matter," Freya said.

12:29 

After that, Freya and Benny looked at Yuri proudly.

Yuri could only reply, "Brother Benny has made great achievements. Congratulations to you."

When Benny heard this, he was immediately more delighted. He deliberately stretched his arm, showed the branded watch on his wrist, and said proudly, "It's not a great achievement, it's just a small success! I'm just doing a small business at the university, and I'll get hundreds of thousands of yuan a year."

Chapter 544

Freya Yi immediately said, "It's only a few months since he started. When the business is more stable, earning more than one million a year won't be a problem. So, Yuri, you don't have to help us to save money. We really don't care about such a small amount of money now."

"Oh, alright." Yuri responded casually.

Seeing that Yuri's attitude was indifferent, Freya changed her target and pointed at Fade. She looked at him and then said to Yuri, "Yuri, what's your friend's job? Come on, why don't you introduce him to us? Maybe we could get in touch with each other in the future to do business!"

Yuri looked over to Fade, who smiled faintly and answered, "I'm afraid that we can't get in touch with each other. I'm a Chinese Medicine practitioner. I usually see patients with minor diseases."

Hearing this, the corners of Freya's mouth curved down in disdain. "Doctor, it's not bad. Although it's not as good as Benny's business, it's still good. Can you earn a hundred thousand yuan a year?" she asked with a forced smile.

Fade said bluntly, "I think I can!"

"Is that so?" Freya continued to question doubtfully, a look of disbelief on her face. "You don't look to be that old, so you must have just graduated from school, right? That you can already earn a hundred thousand dollars a year isn't bad at all."

12:29 

"Well, he is at about the same level as I was two years ago. In the future, if you put in more effort, it's possible that you could reach a third of my income level," Benny suddenly piped up.

The siblings continued to belittle Fade one by one, boasting of themselves and their achievements while stealing glances at Yuri. However, Yuri paid them no heed. Instead, she looked at Fade with a gentle gaze, as if she was looking at a lover.

Seeing this, Benny understood the situation immediately. He winked at his sister.

Freya got his message. She stood up and said to Yuri, "Yuri, I'm going to the bathroom. Care to accompany me?"

Without waiting for an answer, Freya pulled Yuri up and walked to the bathroom.

Back at the table, Benny's cheerful expression gave way to a frown as he observed Yuri's departure. He glared at Fade and said coldly, "Boy, I don't care what your relationship with Yuri is. I'm warning you, leave Yuri immediately."

Fade narrowed his eyes, picked up a mouthful of food and chewed it slowly. Then he looked at Benny and said calmly, "Yuri has nothing to do with you. You don't have the right to ask me to leave Yuri. Besides, it's none of your business as to whether I am with Yuri or not."

Benny stared at Fade and said harshly, "Yuri used to be my fiancée. I've grown interested in her now, so I am asking you to get out of my way. Do you understand?"

Fade lowered his voice. "I've never heard about such a thing from Yuri. Besides, even if this was true, you said it yourself - it's all in the past. You don't have the right to talk about this now.

"Bang!"

12:29 

Benny slammed his hands on the table in a fit of anger. His scarlet eyes almost seemed to glow as he snapped, "Look, kid, don't talk back to me. I'm telling you now, Yuri is mine. No one can touch her, so you'd better get out of my way. Otherwise, don't blame me for being rude."

"Being rude?" Fade sneered, clenched his fists, and said, "In that case, what about your actions from just now?"

Hearing this, the expression on Benny's face changed dramatically. The muscles on his face twitched a few times, and it was as if a gloomy shadow had fallen over his face.

Seeing this, Fade smirked. "Yuri is not someone you can just take away like an object, so I'm not the one who has to stay away from her, but you!

"You—" Benny was so angry that his face turned red.

Before he could do anything, a woman's scream rang out.

When Fade heard the voice, he immediately recognized it as Yuri's. The sound seemed to be coming from the bathroom.

His expression darkened, and he immediately got up and strode toward the bathroom.

After turning a corner and coming to the passage in front of the bathroom, he caught sight of Freya and Yuri.

The two of them stood facing each other. Freya looked down at Yuri condescendingly and snorted. "You are so lucky that my brother likes you. How could you dare to reject him? Just who do you think you are? With your family's condition, what right do you have to say no to us?"

Yuri had her hands held over her cheeks, eyes reddened with unshed tears. "I don't like Benny. I will not agree to it."

12:29 

"Don't talk back to me. I'm telling you now: when you were engaged to my brother, you were his woman. so don't even think about running away. Since my brother has taken a liking to you, he should deserve you," Freya said fiercely.

"I refuse! I will never agree to this!" Yuri held on stubbornly.

"Even after all this, you're still spouting nonsense. I think you might need a beating," Freya pulled her hand back and brought it across Yuri's cheek again.

Yuri cried out in shock at the impact. Fade had seen enough. He rushed over with a gust of wind and took Yuri in his arms before retaliating against Freya with a slap across her face.

"Smack!" With a crisp sound, Freya's cheeks swelled up.

"How dare you lay a finger on me?!" She spat furiously, preparing pounce on Fade like a madwoman.

At the enraged look on Fade's face, however, she faltered in her actions. "Come on, I dare you to move!" he thundered in a deep voice.

Feeling the terrifying aura exuding from him, Freya felt her body tremble in shock, not daring to move a muscle.

Right at that moment, Benny also rushed into the toilet. When he saw the situation, his eyes suddenly turned red and he tried to rush over. However, at Fade's cold glare, he found himself not daring to move either.

For what seemed like an eternity, everyone stood in a deadlock, neither party willing to move at all.

Fade snorted and strode out with Yuri in his arms. Of course, they did not return to their seats, but moved to a new table and prepared to order once again.

12:29 

When Fade and Yuri finished ordering the dishes, Freya and Benny also came back. When they saw Fade and Yuri's intimate looks, they gnashed their teeth with hatred. However, after Fade's show of skill, they did not dare to act rashly.

Suddenly, Benny's eyes lit up with an idea and whispered it to Freya.

Freya's eyes lit up in satisfaction. She raised her hand and said, "Waiter, come here!"

The waiter came over and asked respectfully, "How can I help you, ma'am?"

Pointing at the dishes on the table, Freya waved her hand and said, "Please change all these dishes."

The waiter eyes widened. "But these dishes have just been served. If there is no problem with it, we can't—"

Upon hearing this, Freya slapped her hand on the table and said coldly, "What do you mean by 'no problem'? These dishes are obviously wrong."

"What are you talking about, ma'am?" the waiter asked patiently.

Chapter 545

Freya Yi said, "This dish has been touched. We don't want it anymore. Please change this to a new one."

The waiter felt that they were being unreasonable, but he couldn't say it out loud for fear of being rude. "Dear guests, after our dishes are ready, we will bring them here immediately. There is absolutely no one else who has touched them."

"That's not necessarily true. The dish was touched by that guy just now. He took a bite," Benny suddenly pointed to Fade.

The waiter was stunned when he saw that and asked tentatively, "B-But this man is with you, isn't he?"

Benny snorted. "Who said he was with us? This is the food we ordered, but he had eaten it first. Now, we don't want it anymore. We want to ask for a new one."

"But, this, this kind of loss, is not the responsibility of our shop..." The waiter was doubtful.

Freya rolled her eyes and pointed to Fade, saying, "If you want someone to pay for the food, you can ask them for compensation. It's not like we care about this anyway."

After that, Benny and Freya looked at the waiter proudly.

This table of dishes was worth at least 5,000 yuan. They believed that with Fade's income, he could not afford this kind of lavish meal at all.

This was all done on purpose to make Fade lose face and force Yuri to change her mind.

12:29 

Since the shop had just been opened not long ago, the waiter naturally didn't know Fade, but the cost of thousands of yuan couldn't be easily erased. She walked toward Fade and muttered, "Sir, the dishes just now—"

Seeing this, Fade grinned at the waiter and said, "Since I've eaten it, I'll pay for it!"

He said this in a generous tone as he took out a credit card.

Seeing this, the waiter took the credit card respectfully, thanked him, and then went to pay the bill by card.

After that, Fade got up and brought the dishes on Benny's table to his own table, and proceeded to take big mouthfuls of them. He said to Yuri with a smile, "Yuri, this dish tastes really good. Go on, try it."

Freya and Benny, who originally wanted to embarrass Fade, didn't expect this situation to happen. Their faces couldn't help but look a little contorted with frustration.

Looking at Fade and Yuri's intimate actions, Benny gnashed his teeth in hatred, "That boy, how dare he..."

Freya patted her brother gently and said sourly, "Don't worry, brother. That guy is obviously trying to make a fool out of himself. What do you think he can do after he spent such huge sums of money?"

Hearing this, Benny's eyes lit up and he said, "Heh. Competing with me in monetary terms is like looking for death. That boy will learn soon."

While they were talking, the waiter returned with the credit card and handed it to Fade respectfully.

Fade took the credit card and asked, "Have you paid the bill with it?"

The waiter shook his head and said, "No!"

12:29 

Hearing this, Benny and Freya's eyes suddenly lit up and their emotions rose. They couldn't wait to ridicule him.

"Yuri, what's wrong with your friend? If he didn't have money, he could have just admitted it and no one would have looked down on him. Why did he have to pretend to be rich? You see, he's been exposed now. Aren't you ashamed?" Freya jeered.

"That's right. Yuri, it's better for you to reduce your contact with such an dishonest person," Benny agreed.

After saying this to Yuri, they turned their target to Fade and began to mock him without hesitation.

"Kid, stay away from Yuri if you don't have money. Shame on you," Freya said.

"Hehe, you can't even afford a meal. What right do you have to be with Yuri? You might as well just leave now," Benny said.

.....

Fade put down his chopsticks, and looked at Benny and Freya as if they saying something particularly stupid. "Who said I didn't have money?"

"Ha! Your card was rejected, and yet you still don't want to admit it. You're really thick-skinned, huh?!" Benny said.

"Boy, what are you arguing about this time?" Freya asked.

"Yuri, come with us. He can't afford to pay for the meal. You will get into trouble later," Benny said.

.....

Before Fade could explain himself, the waiter quickly waved his hand and said, "No, it's not like that. I didn't swipe the card not because there wasn't any money in it."

"If it's not because of money, then what's the reason?" Benny frowned and asked incredulously.

12:29 

The waiter said, "It's our boss who told me not to swipe the card."

This time, Benny was even more puzzled. "Your boss? Why didn't he let you swipe it?"

As soon as he finished speaking, a clear voice sounded. "Dr. Chen, why didn't you tell me that you were here? If I didn't happen to see you, I wouldn't have known at all!"

Then, they saw a warm-looking middle-aged man walking toward Fade.

Fade got up and hugged the man, calling him Big Brother Liu.

Then, when Big Brother Liu saw Yuri who was opposite Fade, he burst out laughing. "Having dinner with your little friend, eh? Well, I won't bother you anymore. Take your time and eat. You can order whatever you want and I'll cook it for you personally!"

Fade nodded and thanked him, to which Big Brother Liu turned around and walked back inside.

When Benny saw this, he couldn't help but say, "This guy has no money. If you let him order anything he wants, he won't be able to pay you later."

Hearing this, Big Brother Liu stopped in his tracks and looked at Benny, saying, "What are you talking about? This is my brother, and also the major shareholder of this shop. How could Dr. Chen not have any money? Stop kidding around!"

"A major shareholder!"

This time, Benny was shocked and then looked at Fade in disbelief.

Fade ignored him and sat down to continue his meal with Yuri.

The more Benny thought about it, the more uncomfortable he felt. He frowned.

12:29 

Seeing this, Freya patted her brother on the shoulder to console him. "Don't be discouraged."

"But that kid is the owner of this shop. I—" Benny frowned.

Freya snorted and said, "Do you believe him just because he said he was the boss?"

"Sister, what do you mean?" Benny looked at Freya.

Freya glanced at Fade, and then guessed with a very smug look, "Think about it. Such a shop would need tens of millions of dollars to renovate it. Do you think he could possibly afford it? He is just a poor kid!"

"It doesn't seem like..." Benny shook his head.

"That's right, because it's impossible," Freya said confidently. "I think he's only acquainted with the boss and he was giving him face. That's why he said that on purpose. Don't take it too seriously."

Hearing his sister's words, Benny was relieved and he smiled. Then he looked at Yuri confidently and said, "Yuri, some people are just pretending. Don't be fooled by them."

Freya also said, "Yes, it's easy to lie to us outsiders. But when he is about to pay later, the lies will be revealed."

Chapter 546

Yuri Zhang frowned and ignored them.

However, the two of them kept nagging non stop, ridiculing Fade Chen for having no money and that Yuri would not have a good future with him.

Even if Yuri had a good temper, she couldn't help feeling upset when she heard them talking about him. She slammed her chopsticks on the table, turned to look at the two of them, and said in a low voice, "What has it got to do with you whether Brother Chen has money or not? Besides, even if Brother Chen really doesn't have money, I have money to support Brother Chen."

Such domineering words not only stunned Benny Yi and Freya Yi, but also Fade. He was stunned momentarily, then he looked at Yuri with a smile.

When Benny came to his senses, his expression suddenly turned cold. "You mean you support his livelihood? Did you both already do 'it'?"

Hearing this, Yuri couldn't help but blush. However, she continued in a cold voice, "That has nothing to do with you either."

Hearing this, Benny was smoldered with anger. He had the urge to beat Fade up. But when he thought of Fade's amazing fighting skills just now, his face darkened again.

12:29 

Freya pulled her brother, then looked at Yuri and said with a sneer, "Yuri, you've learned how to brag! How can you support him for life? What a joke."

"Let's not talk about anything else. Let's just talk about this meal here, which is at least 5,000 yuan. Can you afford it?" Freya mocked.

Yuri was a little desperate. She took out a bank card straight away and said, "I have the money to pay for it."

"Haha, who knows if you have money in your bank card or not. Maybe you are just like Fade," Freya continued to ridicule them.

Yuri wanted to defend herself, but before she could say anything, two young girls beside her recognized Yuri. They came over and took out their mobile phones with excitement, saying, "You, you are Miss Zhang, the Yuri Zhang from Bay City University, right? We are your fans. Can we take a photo with you?"

Yuri didn't expect to meet her fans. She was stunned for a moment, then immediately smiled and said, "Sure!"

Seeing this scene, Benny and Freya were confused. They frowned and said, "What is this? Why are they taking a photo with her? Does she think she's a star?"

As soon as they finished speaking, another fan came over with an autograph book and glared at them with dissatisfaction, saying, "Yuri is already a star. Don't talk nonsense if you don't know anything."

"That's right. Yuri has long been a star in our Bay City," another girl said.

"It's just a little money for a meal. Not to mention that Yuri has not cared about such little money from a while ago, even if each of her fans chip in one yuan, it's more than enough," the girl who was holding the autograph book said.

12:29 

.....

During the conversation, Yuri was already surrounded by seven to eight fans who wanted to take photos and get her autographs. The atmosphere was quite lively.

When Freya and Benny heard the words from those fans, they were really stunned at that moment. They did not expect the once poor country girl had turned into a celebrity.

For a moment, Benny and Freya just looked at Yuri and couldn't say a word.

It took them quite a while to come to their senses, but their expressions were full of envy.

Benny glanced at Yuri sideways and said, "What celebrity? I think, she's just an online celebrity for live broadcast."

"Yes, maybe she'll lose her popularity sooner or later. This kind of profession can't last long," Freya muttered.

Benny nodded with self-assurance and said, "Yes, although an Internet celebrity is somewhat a celebrity, But in fact, they are no different from bar girls. They sell themselves in order to make money."

"Brother, it's not worthy to pursue this kind of woman. With your current net worth, you can get any woman you want, don't waste your effort on her," Freya said.

"Sister, I know. I don't like this kind of internet celebrity either," Benny said.

Freya nodded repeatedly and agreed with her brother's words.

But just as the two siblings finished talking, two people walked into the restaurant hurriedly and asked, "Where is Miss Zhang?"

"Where is Yuri Zhang?" Another man asked.

12:30 

Hearing the voice, Yuri turned her head and saw an elderly man and a middle-aged woman coming over. Yuri got up immediately and greeted them. "Old Master Sun, Teacher Ding, why are you here?"

When Benny and Freya saw this scene, they couldn't help but look puzzled and whispered, "Why does she have such an old fan? Did she do some shady things in private? Otherwise, why would such an old person come for her?"

As soon as they said that, an angry voice shouted from beside them.

"What nonsense are you two talking about? Do you know who they are? How dare you talk rubbish?"

"This is ridiculous. You don't know Yuri at all. Yet you are bullsh*tting here."

.....

Benny and Freya Yi got scolded, and their expression didn't look too good. They said unhappily, "We were talking. What does it have to do with you?"

The people around them suddenly sneered.

"Yes, it has nothing to do with us. But that man is Erasmus Sun, the principal of the Long City Music Academy and a master in the music industry in our country."

"And the other person is Elisha Ding, the principal of the Long City University Arts Faculty. They are fighting to take Yuri as their students. Otherwise, why do you think they came over?"

"Yuri's talent has long been recognized by the masters of the industry. You guys don't know anything, but yet you are still making sarcastic remarks. You are really pathetic and ridiculous!"

12:30 

"If you think it has nothing to do with you, think again carefully. You scolded Old Master Sun and Principal Ding. What do you think will be the consequences?"

When Benny and Freya heard this, they were completely dumbfounded. They did not expect these two people to hold such a high position, especially Elisha from the Long City University.

Benny had opened a small shop in Long City University. If he offended a principal of one of the faculties in Long City University, he might not be able to operate his small shop if the principal had but say one word.

Thinking of this, the two were shocked and they began to panic. They quickly got up and walked towards Erasmus and Elisha, in an attempt to apologize.

"Old Master Sun, Principal Ding, we are just—" Benny and Freya said.

However, before the two of them opened their mouths, Erasmus and Elisha glanced at them and then waved their hands impatiently. "We have something to do now. Don't come and disturb us."

After saying that, the two went to Yuri's side and began to introduce the benefits of their university in order to persuade Yuri to become their student.

Seeing this, Benny and Freya were completely flabbergasted. They were anxious and couldn't sit still anymore. They got up and paid the bill, then left the restaurant with dismay.

As they got out of the restaurant, Benny and Freya turned their heads and saw Yuri surrounded by people inside. They couldn't help frowning, and an unspeakable feeling of discomfort surged in their hearts.

Chapter 547

When Freya Yi and Benny Yi first saw Yuri Zhang, they almost couldn't recognize that Yuri was the emaciated girl from the poor village in their hometown.

At that time, Yuri's family was very poor. After finishing her high school, her family wanted to marry her off. So they asked someone to introduce a suitor. Benny who was working outstation was introduced to her.

After they met, Yuri felt that Benny was not an honest person and he behaved frivolously. Therefore, she refused the arranged marriage. Then she applied for a scholarship and went to college instead.

Back then, although Benny thought Yuri was pretty and decent, but after all, she was just a country girl. He had seen many beautiful girls in the city, so he didn't take Yuri seriously. He was okay when Yuri didn't agree.

However, he didn't expect that when they were to meet again, Yuri would be a completely new person. She had transformed from a country bumpkin from a poor village to a glamorous celebrity.

Not only her appearance was pure and innocent, but her temperament was also lovely. Any man would be moved by her at first glance.

In recent years, Benny had made some great achievements. When he saw Yuri again, he was naturally moved. Taking into account his net worth and Yuri's family condition, Benny thought that it would be just a piece of cake for him to marry a girl like Yuri.

12:30 

However, he didn't expect that the reality would slap him in the face. Yuri had become a star now, and she was not poor anymore. It was not easy for him to pursue her.

He had mocked Yuri as just an online celebrity. As a result, a respected master in the music industry came instantly to persuade her to be his student. The harsh reality slapped Benny hard on the face. His expression was terrible.

Because the girl he used to despise had become a far-fetched goddess.

This huge gap between them made Benny feel a little depressed.

Seeing her brother's expression, Freya couldn't help but feel distressed and coaxed quickly, "Brother, don't be sad. It's not a big deal. Even if Yuri is a star, she will not be popular forever, there are many celebrities around."

"What's more, she has a useless boyfriend. With demeanor, she won't be popular for long. Don't worry," Freya said.

Hearing his sister's words, Benny felt better.

Seeing that her words worked, Freya patted her brother's shoulder and said, "That's right. She's just a woman. If you can't pursue her then it's alright. Besides, there are many beautiful girls in Long City University. I think the one you've been pursuing a while ago is not bad."

Benny nodded and said, "I understand, sister. With my current wealth, I don't need to stick to just Yuri."

"It's great if you can understand!" Freya smiled and said, "Come on, let's got to another restaurant."

After Benny and Freya left, inside the restaurant, Yuri was faced with Erasmus Sun and Elisha Ding's warm invitation, In the end, Fade Chen had to step in so that the two teachers would agree to give Yuri some time to think about their proposals. Finally, they

12:30 

left reluctantly.

Yuri and Fade finished dinner and came out together. Fade looked at Yuri and said, "Yuri, what are we going to do next? Watch a movie?"

Yuri thought for a while and looked at Fade. She shook her head gently and said, "Brother Chen, thank you. I will go back to Bay City tomorrow. So tonight, let's take a stroll."

"Okay!" Fade nodded. He strolled side by side with Yuri on the street.

While they were chatting casually, Yuri suddenly fell silent. Then she looked up at Fade and said, "Brother Chen, my engagement with Benny, actually we..."

Fade smiled and said, "Yuri, there's no need to explain. I believe in you."

Hearing this, Yuri could not help but feel a warmth in her heart, she blushed. However, she still decided to tell him about her whole engagement with Benny.

In the end, she seemed to be relieved. Yuri looked at Fade, who had a smile on his face, and said, "Brother Chen, I'm still worried that you will despise me and think that I am a bad girl!"

Fade smiled and patted Yuri's head gently. He said while smiling, "Silly girl, how would I look down on you?"

"What's more, You have said that you want to support me for the rest of my life! How can such a girl be a bad girl!" Fade joked.

Hearing this, Yuri blushed in an instant and explained, "That time, I was in panic and said that. Brother Chen, you are making fun of me—"

12:30 

"Does it mean that you don't want to support me? Then I'm going to be really sad," Fade covered his heart with his hands, with an exaggerated painful expression on his face.

Yuri said with a red face, "I, of course, I'm willing to support you. But, just, I didn't mean that!"

"What do you mean then?" Fade blinked his eyes and asked on purpose.

Yuri's cheeks were red, and her mouth bulging. She couldn't say a word for a long time. Finally, when she looked up at Fade, who was blinking, she suddenly realized that she was being fooled. She stamped her foot and said shyly, "Brother Chen, you are making fun of me again."

"Haha, Yuri, don't be angry!" Fade smiled. He held Yuri's shoulder and rubbed her head.

At this time, Yuri's head was leaning against Fade's shoulder, and her body was right next to Fade. They were walking side by side. Her heart was beating fast, and her cheeks were flushed. A warm feeling inadvertently came over her.

The next day, Fade sent Yuri to the train station and she returned to Bay City.

During this period, Fade was also very busy. So after seeing Yuri off, he lazed at home and rested for a few days.

Meanwhile, in the past few days, Long City had been in a turmoil, especially within the Cultural & Education Department. Archibald Zhao, the Deputy Minister, and his group of people were under strict investigation by the relevant departments. All the dirty things they had done before were exposed.

Archibald, Haymitch Zhao, and the relevant people were all convicted and sent into prison.

In the Long City University, there was also an uproar. Many who were related to Archibald were being investigated, and there was

12:30 

a shift of power in the university.

Fade had nothing to do, so he watched some related news.

Suddenly, he found a piece of news related to Long City University on the website, and his eyes lit up. He clicked on it and started reading it carefully.

Soon, Fade finished reading the news. He could not help but frown slightly.

This news itself was not eye-catching. It was just very common university campus news about some handsome guys running food and drinks businesses at the campus, and so on.

Chapter 548

Fade Chen was surprised because he saw a name in the news.

The content of the news was about a newly opened milk tea shop in Long City University recently. The owner of the milk tea shop was a handsome young man. In less than a month after the shop was opened, it had become the talk of the campus.

The Mr. Handsome Milk Tea became eye candy at the campus. He even had many female admirers from Long City University who had confessed their love for him.

However, Mr. Handsome Milk Tea had refused most of the girls' pursuit as he wanted to focus on his career. However, recently, Shinnie Sun, the campus belle of Long City University, was also pursuing him. He was considering her courtship.

Shinnie, of course, was from the Sun Family. Her father, Edward Sun was the head of the Sun family, so Shinnie became the family's pearl.

However, Shinnie had always kept a low profile, so most people did not know her identity at all. In the campus, she was regarded as the campus belle of Long City University because of her good looks.

"This little girl, is she in love with someone, she had even taken the initiative to pursue the person?" Fade thought in his heart, and then he decided to call Shinnie to find out more.

"Brother Chen, you called me!" A surprised voice came from the other end of the phone.

12:30 

Fade smiled and said, "I have missed you already. Can't I call? If you don't want me to call you, I'll hang up then."

Shinnie quickly replied, "Brother Chen, I didn't say that. Don't hang up."

"Okay, I won't tease you anymore. Shinnie, let me ask you something!" Fade said.

"Yes!" Shinnie nodded at the other end of the phone.

Fade said, "Shinnie, are you in love with someone at school?"

Obviously, Shinnie didn't expect Fade to ask such a question. She was suddenly stunned. Although Fade couldn't see her blushing cheeks, at this time, Shinnie's cheeks were burning, even her voice was stammering. "Brother Chen, why, why do you ask this?"

Fade said, "I saw a news report which was related to you, so I called and asked. Look at this news."

With this, Fade conveniently sent the link of the news to Shinnie.

Shinnie received the news and quickly browsed it. Soon, her angry voice came from the phone. "Brother Chen, this news is complete nonsense. I, I didn't pursue Mr. Handsome Milk Tea at all."

"They've gone too far. This is all nonsense," Shinnie said indignantly.

Fade comforted her, "Shinnie, don't be angry. After this, I'll ask someone to seal the website of those baseless news. No one will dare to do anything rash next time."

When Fade mentioned this, Shinnie who was kind-hearted suddenly felt hesitant. She said, "Brother Chen, you don't need to seal the news. After all, it's just a piece of news. It's not a big deal."

12:30 

"But, Shinnie, you—" Fade said.

Shinnie said, "I'm fine. I'll pay the campus newspaper office a visit and get to the bottom of this matter."

Fade was moved and he said, "Well, Shinnie, wait for me for a moment. I'll go to school right away and go with you."

"Okay, Brother Chen. Thank you for your help," Shinnie said softly.

Fade hung up the phone and rushed to Long City University.

Fade saw Shinnie at the campus gate. Together, they walked towards the campus newspaper office.

Fade asked, "What's going on with this Mr. Handsome Milk Tea?"

Shinnie frowned with displeasure and said, "Mr. Handsome Milk Tea opened a milk tea shop in our school more than a month ago. Because of his fashionable dressing and good looks, he became popular amongst the girls and that's how the nickname Mr. Handsome Milk Tea came about."

"He has pursued me several times, but I felt that he was rather frivolous and rude, so I refused him on the spot. After that, I have never gone to his milk tea shop again. I don't know how that kind of news came out," Shinnie said, slightly agitated.

Fade patted Shinnie's head gently and said, "When we arrive at the campus newspaper office, we will be able to figure out what's going on!"

"Okay!" Shinnie nodded. She smiled and walked side by side with Fade.

However, they didn't go far when they noticed that the students around them were constantly looking their way, pointing at them, and discussing something in low voices.

12:30 

Seeing this, Fade and Shinnie couldn't help frowning.

They ignored the crowd's gossip and quickened their pace. But when they walked to a bustling square, suddenly, a few girls rushed over to them.

One of them, a girl with heavy makeup, glared at Shinnie, then headed over quickly. While she raised her hand to slap Shinnie, she said, "Shinnie, you shameless thing."

Behind this girl, there were also a few girls dressed in similar fashion. All of them had fierce expressions on their faces, and they were coming for Shinnie.

Shinnie was shocked by their sudden approach. She screamed, "Faith, what are you doing?"

"What am I doing? I'm going to beat you!" This girl named Faith Huang waved her palm ferociously and directed it towards Shinnie's cheek.

It was too late for Shinnie to dodge. The hand was coming towards Shinnie's face. At this time, Fade snorted softly and stretched out his right hand. At the very last moment, he got hold of Faith's wrist accurately and stared at her coldly. "What are you doing?"

When Faith saw that she was being stopped, she immediately glared at Fade and said fiercely, "Let me go!"

As she spoke, she lifted her leg and kicked between Fade's legs. Her movement was outrageous and merciless.

Seeing this, Fade suddenly frowned and snorted, "Get lost!"

Next, Fade pushed Faith away with force. She stumbled back a few steps. If she was not supported by several companions behind her, she would probably fall to the ground.

12:30 

After steadying herself with much effort, the girl glared at Shinnie and Fade. She gnashed her teeth and said angrily, "Shinnie, I didn't expect you to be this kind of person. Shameless—"

Before she could finish her sentence, Fade gave her a cold stare and slapped her directly. "Watch your mouth."

The girl's cheeks were red and swollen. She glared at Fade with resentment and instinctively wanted to fight back. But when she saw Fade's fierce gaze, she was frightened instantly. She trembled and dared not speak further.

At this time, Shinnie looked puzzled and asked, "Faith, what the hell is going on? What's wrong with me? Why did you say things like that about me!"

Faith looked at Shinnie and said disdainfully, "Shinnie, at this point, the matter has been exposed. Yet you are still acting innocent. I really don't know what to say—"

Hearing this, Shinnie became more confused. She frowned and said to Faith, "Faith, I really don't know what you are talking about. What has been exposed? Tell me in detail."

Chapter 549

Before Faith Huang could say anything, several of her companions behind her started to speak at the same time.

"Shinnie, since the campus newspaper has released the news on the website. Why are you still pretending?"

"That's right. You clearly know that Faith likes Mr. Handsome Milk Tea, but you still pursue him. Do you know what kind of behavior this is?"

"You're the relationship wrecker."

.....

Hearing this, Shinnie Sun suddenly understood and said, "Are you girls talking about the news reported by the campus newspaper? I just saw that news."

"What's more, everything reported in the news are completely fake. I didn't pursue Mr. Handsome Milk Tea at all," Shinnie said.

Faith looked at Shinnie in disbelief. "You didn't pursue him? How could it be possible? At that time, many people saw you strolling with him."

Shinnie explained, "That's because he has once pursued me, but I have rejected him."

Hearing this, Faith inadvertently changed her expression. She looked a little uneasy. Then she said in disbelief, "You said you refused Mr. Handsome Milk Tea. Are you kidding me?"

12:30 

Faith's companions voiced up for her immediately.

"Mr. Handsome Milk Tea is so handsome. Which girl on campus doesn't like him? You said that he has pursued you. What a joke?"

"The funnier part is that she refused his pursuit. How can you make up such a lie?"

"That's right. Mr. Handsome Milk Tea is not only handsome, but also rich. He has assets of hundreds of thousands yuan. How could an ordinary girl like you refuse the pursuit?"

.....

Noticing the look of disbelief on Faith Huang and her friends' faces, Shinnie explained anxiously, "I'm telling the truth. I really did not pursue Mr. Handsome Milk Tea. Moreover, I'm not interested in him at all."

"Really?" Faith was still skeptical.

Shinnie nodded earnestly and said, "Faith, there is no need for me to lie to you about this kind of thing. Furthermore, I am going to the newspaper office now to find out who had spread the news. It is completely nonsense."

However, Faith still had some doubts. She rolled her eyes and said to Shinnie, "No, how can I know whether you are telling the truth or not?"

"I..." Shinnie was a little anxious.

Faith's companion suddenly said something to Faith, and her eyes lit up in an instant. She took out her mobile phone and said to Shinnie, "If you want to prove your innocence, then take a video of you publicly declaring that you have nothing to do with Mr. Handsome Milk Tea. Then promise that you will not have anything to do with him in the future. Otherwise, you will be struck by

12:30 

lightning and thunder."

"This—" Shinnie didn't feel good about this.

Faith, however, was persistent. She said, "If you don't take a video, it means that you have some feelings for him. I won't believe you."

She wanted Shinnie to take this video because she had her own agenda. Whether what Shinnie said was true or false, with this video, she could put it on the school Internet and make this matter public.

In that way, it would be impossible for Shinnie to court Mr. Handsome Milk Tea even if Shinnie wanted to.

Additionally, Faith would lose a strong opponent, and she would be more likely to win the heart of Mr. Milk Tea.

After all, in her opinion, Mr. Handsome Milk Tea was handsome, young, capable, and rich. He was definitely the best candidate to get married to. Faith was determined to get Mr. Milk Tea, so she had to get rid of any potential obstacles.

At this time, when Faith saw Shinnie hesitating, she began to urge her, "Hurry up, what are you hesitating for? If you don't take the video, what you just said is all fake."

Shinnie frowned and felt that something was not right. She wanted to say something, but Faith and the other girls kept urging her, "Hurry up and take the video."

Seeing this, Fade frowned and stepped up. He glared at Faith and the others and said in a low voice, "Don't you think you've gone too far?"

Faith looked at Fade and said, "What's wrong with us? She's the one who said that she didn't pursue Mr. Milk Tea. What's wrong with asking her to take a video as proof?"

12:30 

Fade said coldly, "What right do you have to ask Shinnie to prove it? Why must she prove it to you?"

Faith seemed to take it for granted and said, "Because I'm pursuing Mr. Handsome Milk Tea. He's mine."

"Ha ha!" Fade sneered. "Let's not even discuss if Shinnie is pursuing Mr. Handsome Milk Tea or not. But just because you are pursuing him, then the others are not allowed to approach him. Who do you think you are?"

"You, you—" Faith widened her eyes in anger. She stared at Fade and Shinnie fiercely. She wanted to refute, but she could only repeat her statement. "Because, because Mr. Handsome Milk Tea is mine. I pursued him first, I—"

Seeing this, Fade shook his head unwittingly. He was too lazy to talk to this self-righteous girl who was full of herself.

Patting Shinnie's shoulder gently, Fade said, "Let's go. There's no need to continue the conversation with her."

Shinnie nodded and walked away with Fade.

Seeing this, Faith tried to stop them. "You are not allowed to leave!"

Fade turned his head and glared at her, saying in a cold voice, "Are you going to stop me?"

Faith was so scared that she quivered all over. She stood on the spot and did not dare to speak.

Then, Fade and Shinnie walked towards the campus newspaper office together.

Watching them leave, Faith gritted her teeth and said, "Find a way to inform someone. We must not let Shinnie interfere with my relationship with Mr. Handsome Milk Tea."

With this, the girls left quickly.

At this time, Fade and Shinnie arrived at the campus newspaper office. Shinnie found a student in the front office and asked with

12:30 

a smile, "Hello, may I ask where is the person in charge of the online news?"

The student at the front office pointed towards an office inside and said, "Senior Hu is inside!"

"Thank you!" Fade and Shinnie thanked the student and then walked towards the said office.

Shinnie knocked on the door, and then there was a response from inside. "Who is it?"

Shinnie said politely, "Hello, Senior Hu. I'm Shinnie Sun, a sophomore student of the Arts Faculty. I have something to ask you."

"Shinnie Sun!" A slightly surprised voice came from the room. After a moment of silence, he said, "Please come in!"

Shinnie pushed the door open and walked in with Fade.

The newspaper office in the campus was mostly run by students, so the office setting was naturally simple.

There were only a few chairs, a desk and a bookshelf in the room. Behind the desk, a man in his twenties, wearing glasses, was typing in front of the computer.

When he saw Shinnie and Fade came in, his eyes flickered and then he asked, "Miss Sun, what can I do for you?"

Chapter 550

Shinnie Sun took out her mobile phone and then clicked on the news, saying, "Senior Hu, the information about me in this news article is completely false. I would like to ask the newspaper office to withdraw this article, and then tell me who has provided this fake news!"

Hearing this, Senior Hu frowned slightly, he turned a pen in his right hand and said, "Miss Sun, you should know that the audience of our campus newspaper are tens of thousands of teachers and students in the whole Long City University. It has the power of influence and therefore it's not easy to just take down the news."

"But this news is completely fake, I—" Shinnie said anxiously.

Senior Hu said indifferently, "I'm afraid I can't determine the authenticity of the news based only on your statement, Miss Sun!"

"Senior Hu, this is—" Shinnie was anxious. At this time, Fade Chen stepped in and looked at Senior Hu. He said in a low voice, "Shinnie is the person mentioned in the news, if she can't judge the authenticity of the news, then who can? The one who provided the false news or the unethical editor of your newspaper office?"

Hearing this, Senior Hu looked unhappy. He slammed the pen in his right hand on the desk and said in a cold voice, "Who are you? Do you know what you have just said? Are you slandering our newspaper office?"

"Which faculty do you belong to? What's your name? I'm going to report this matter to the teachers of your faculty. Let's see who has the ball to come to our newspaper office to create trouble," Senior Hu said in a condescending tone.

12:30 

Fade laughed at the situation. How can the small editor of a campus newspaper actually put on an arrogant attitude.

Fade said in a low voice, "I am not a student of Long City University. I am a friend of Shinnie. Now, I formally request that you withdraw this fake news."

"Request?" Senior Hu smiled scornfully. "Hehe, what right do you have to ask us to take down the news? Let me tell you, if I don't want to take it down, the news will stay. What can you do?"

"Senior Hu, this is fake news, I—" Shinnie was very anxious.

Senior Hu, however, was impatient and began to chase them away. "I decide whether the news is true or not. Don't make trouble here. Please get out of here now."

Seeing this, Fade narrowed his eyes and stepped forward immediately. He stared at Senior Hu and said, "I'll give you one last chance. Tell me the truth right this instant."

"How dare you threaten me, I'll call the security,..." Senior Hu shouted.

However, before he finished his words, Fade grabbed his throat and said coldly, "I've given you a chance, but yet you wanted me to use the hard way."

Senior Hu could still struggle in the beginning, but as Fade increased the strength on his hand, he couldn't struggle anymore.

He felt the hand on his throat tightened, and the air in his chest was squeezed out gradually, but there was no air going into his lung. Breathing became more difficult. His face began to turn red, and then slowly turned purple.

At this moment, Senior Hu could really feel death approaching. It was a frightening feeling.

12:30 

His whole body turned cold instantly, and the sense of fear surged in his heart. He nodded in horror and struggled to squeeze out a few words from his throat. "I'll tell you, I'll tell you the truth!"

When Fade saw Senior Hu's response, he loosened his grip, threw him down, and said coldly, "Tell now!"

Senior Hu touched his throat and gasped for air. He looked at Fade and said immediately, "I know this news is fake."

"Huh—" Fade and Shinnie's expressions changed at the moment.

Senior Hu continued, "This news was given to me by Mr. Handsome Milk Tea. He asked me to post it on the campus newspaper and the website."

"The information was from Mr. Handsome Milk Tea?" This time, Shinnie was really a little surprised.

Senior Hu continued, "In the beginning, when I got the information, I couldn't confirm the authenticity of it, so I refused his request. But later, he gave me some benefits, and asked me to help, so I—"

"So, you released this false news!" Fade said coldly.

Senior Hu looked terrified, but he dared not deny it. He nodded and said, "Yes."

"Apart from sending this news, did he ask you to do anything else?" Fade continued to ask.

Senior Hu hesitated for a while. He didn't want to say more, but when he saw Fade frowning, he was scared and immediately nodded. "He also asked me to make up a few more pieces of fake news about him and Miss Sun."

"What?" Shinnie was shocked and angry.

Senior Hu turned on his computer, opened a page that was being edited, and said, "This is the news and information he provided."

12:30 

He wants me to help create an illusion that Miss Sun and him are already together."

"How dare he do that? I can't believe he's such a person," Shinnie was very angry and wanted to go find Mr. Milk Tea and get even with him immediately.

But at this moment, footsteps came from outside of the door, and then someone greeted, "Mr. Handsome Milk Tea, you're here again! Senior Hu is inside, he might be busy—"

"I'll go in and wait. Anyway, we know each other. It doesn't matter," a male voice came. Then the door of the office opened, and a man in his twenties appeared.

"Hu, about what we discussed the last time—" As soon as the man came in, he greeted Senior Hu like an old friend.

However, when he saw that there were others in the room, he was shocked.

Then, his eyes fell on Shinnie. A smile crept over the corner of his mouth and he came over to say, "Shinnie, why are you here?"

Shinnie had just learned about his unscrupulous act. She was very disgusted with him. She stepped back directly and said coldly, "You are disgusting, don't come near me!"

"Shinnie, what happened? What did I do wrong?" Mr. Handsome Milk Tea said affectionately and continued to approach Shinnie.

But at this time, a big hand reached out from Mr. Handsome Milk Tea's back, lifted him up, and threw him to the ground.

Mr. Handsome Milk Tea suddenly flew into a rage. He got up from the ground and was about to start a fight.

However, at this moment, Fade looked hostilely at the man in front of him and said in a low voice, "Benny, haven't you learnt your lesson a few days ago?"

12:30 

That's right, Mr. Handsome Milk Tea was Benny Yi, whom Fade had met before.

Benny looked at the man in front of him and was shocked to find that he was Fade, Yuri Zhang's boyfriend, whom he met when he went out for dinner with his sister, Freya Yi a few days ago.

For a moment, Benny was also dumbfounded.

However, Benny reacted quickly. When he came to his senses, he pretended that nothing had happened and said, "I don't know what you are talking about! However, you assaulted me, so I will definitely ask you to take responsibility for it."
