

Chapter 176

Amanda Yang was rudely pushed into a cafe.

She was about to explode. She pointed at the two strong men in black suits who were by the door, 'Who are you? Let me out or I'll call the police! You are kidnapping me! It's against the law!'

Amanda panicked and her hands could not help trembling. But she knew that she could not show weakness, so she had pretend to be powerful.

However, the two men in black suits blocking the exit at the door just stood there indifferently. It was as if they had not heard anything.

They did not move no matter how much Amanda pushed them

Amanda began to panic. She was not familiar with this place. Where was she?

Then, a graceful and elegant woman came in, followed by seven or eight bodyguards. It was obvious that she was someone with great background.

Moreover, as soon as she appeared, the atmosphere of the entire cafe suddenly changed. It was so cold that it scared everyone!

Her appearance and temperament was enough to make Amanda feel ashamed.

This woman was so beautiful, but so bold.

Amanda was so scared that she did not dare to look directly at her. She just stood aside tremblingly.

Amanda was extremely horrified. She was in a strange environment with a strange woman. Moreover, the woman was walking toward her.

'Are you Amanda Yang?'

The woman said in a cold tone without any doubt.

'Ah... yes, yes, I am. May I ask who you are?'

Pat!

She gave Amanda a sudden slap. It was so loud that Amanda became stunned.

She's been slapped?

'Why did you slap me? Who are you? Do we know each other?'

Amanda was angry at first but when she looked at the woman, she realised how powerless she was.

Therefore, she could only grit her teeth with hatred.

'Remember, my name is Juliette Yun.'

Juliette said coldly.

In her eyes, Amanda was just an ant. She could crush her to death with just one finger if she really wanted to.

How could such a vicious woman be Jason Smith, a descendant of the Smiths' mother-in-law?

Juliette could not bear it.

No one, except the Smith family could punish Jason!

'Amanda, I warn you, from today onwards be a better person. If you dare to be arrogant again, I'll teach you another lesson.' Juliette said coldly.

Jason could endure her attitude but Juliette could not.

Humiliating Jason meant humiliating the Smiths.

Moreover, Juliette wanted to give Jason a

warning. Undoubtedly, doing something to his mean mother-in-law Amanda was the first step.

'Who... who are you?'

Amanda covered her face with her eyes full of doubt and panic.

Pat!

Juliette slapped her again, 'You don't need to know who I am. As long as you remember, you're just an inferior woman compared with me, Juliette Yun. You have to bow your head and behave properly. Do you understand?'

'I... understand.'

Amanda did not dare to refute. She was completely shocked by Juliette and did not dare to say a word.

The wicked would only be tortured by the wicked.

Amanda who had always been mean and unreasonable had finally met an opponent with whom she could not compete.

Facing Juliette's wrath, Amanda was like a commoner who had met a big shot from the city.

She did not even dare to raise her head to look at Juliette.

Amanda breathed a sigh of relief after seeing Juliette leave.

But before she could take another breath, two strong men in black suits came over with their fists clenched.

Bang!

A punch hit Amanda's eye socket!

Then, there was a continuous five- minutes of fierce punches!

By the time they had stopped punching, Amanda was already lying on the ground. She was completely out of breath. She was whining and her face was covered in bruises.

'Don't hit me, don't, don't hit me. Please spare my life, I won't dare to do it again...'

Amanda begged for mercy.

Half an hour later, Amanda was sent back to the Jiang family's old house like a dead dog. She was thrown at the entrance of the house.

When Charles Jiang came back and saw her, he

was shocked. 'Dear, what's wrong? Who hit you?'

Amanda entered the house with the help of Charles. She looked so painful.

When they got in, Charles was busy taking care of Amanda. He prepared an ice pack and boiled some eggs.

Amanda sat on the sofa angrily. The more she thought, the angrier she became.

She did not know Juliette at all. Why had she beaten her?

'What the hell is going on? Who hit you?'

Charles was also very distressed for her. After all, they had married and share life for more than twenty years.

'Who else could it be? I was beaten by your favorite son-in-law, Jason Smith! Well, do you dare to call him here and so you can teach him a lesson?'

Amanda was so angry that she could only speak nonsense. Whatever! She would not care about it, since she hated Jason so much!

Charles was furious when he heard this. He had

recently changed his opinion of Jason but he did not expect that this loser would dare to beat his own mother-in-law. Beating her face so badly.

This was really too absurd!

'That's too outrageous. Wait and see. I'll call him come back right now. And Cindy, we must make them divorce!'

When Charles got angry, it was quite scary too. He took out his mobile phone and called Cindy Jiang, 'Come back quickly! Your mother has had an accident!'

After that, he called Jason again. He shouted angrily, 'Jason, come back now!'

When Jason and Cindy returned home one after another, the atmosphere in the house was tense.

When Cindy and Jason saw the wounds all over Amanda's face, they were both stunned.

Charles was in a fit of anger. When he saw Jason, he immediately slapped him hard.

'Jason, you've gone too far! How dare you slap your mother-in-law?! Get out of here and you must divorce Cindy! I don't have such a cold-blooded

son-in-law like you!' Charles shouted.

Jason having been accused explained with a helpless look, 'Dad, did you misunderstand something? I didn't hit her.'

Amanda also did not expect that Charles would be so mad that he beat Jason. She was happy. She was sitting on the sofa. Her face was covered with an ice pack, squinted and sneered.

'It was you. Today in the hospital. Do you still want to deny it? So many people saw it!'

Amanda said fiercely.

She was trying to make Charles grew with more anger. It was not usual for her man to be so manly. It would be better if he could make Cindy and Jason break up.

Charles stared at Jason angrily and pushed him fiercely. He pointed at the door and said angrily, 'Get out of here. There will never be a place for you in this family!'

Jason was at a loss for words now. Looking at Amanda sitting smugly on the sofa, he understood what was going on.

She was putting the blame on him.

Great, Amanda!

Meanwhile, Cindy also frowned when she saw the wound on her mother's face.

She was seriously injured and her face was swollen.

Even if Amanda was unreasonable, Jason should not have been so harsh towards her.

Did Jason already know what had happened this morning?

But he could not do this. After all, she was his mother-in-law, he had really gone too far.

'Jason, why did you hit my mother? Apologize now!'

Cindy had a headache. Now the company had a lot of things to deal with and her family problems kept on happening.

Amanda immediately added when she saw Cindy got angry, 'It was him who did it. I can no longer keep such a son-in-law. Cindy, you must divorce him. This is domestic abuse! Domestic abuse! How about the future? What about the child in your belly?'

Jason explained with a bitter face, 'Cindy, I really didn't do it. This wasn't from me.'

Amanda was dissatisfied when she heard this. She got up, threw off the quilt, pointed at Jason and scolded, 'It was you. Don't deny it!'

Jason's face became very gloomy. 'Amanda, I warn you, if you continue to slander me like this, I will definitely punish you!'

All of a sudden, the room became quiet.

Especially when Jason spoke, his face was full of anger. This made Amanda suddenly think of that woman.

She was even more angrier!

'Jason, what did you just call me? Well, now you are bold enough to threaten me, aren't you?'

Amanda was furious and pointed at Jason. She looked at Cindy, 'Cindy, listen to what Jason said.'

When Cindy saw Jason's gloomy face, she became afraid of him for the first time ever. He looked so scary at the moment.

She knew that Jason was angry.

Therefore, she immediately dragged Jason out of

the old house and said in a hurry, 'Jason, tell me, what's going on? How did my mum get the bruises on her face?'

Jason asked with a serious look, 'Don't you believe me?'

Cindy was stunned and did not know what was going on.

'If I tell you that I did hit her, but there was a good reason, what will you do?' Jason asked.

Cindy frowned and said, 'Did you really hit mom?'

Jason nodded and admitted, 'She beat Leah in the hospital for no reason. I taught her a lesson, but the wound on her face was definitely not caused by me.'

Jason did not mention Angela's incident because he was worried that Cindy would fall out with Amanda in a fit of anger.

Cindy sighed helplessly, took Jason's hand and said, 'Jason, apologize to my mother for me.'

Jason also knew that if this matter could not be solved today, Amanda would definitely hold onto it for a long time. He nodded, 'Okay.'

When two of them returned to the house, Amanda said with anger, 'What? What do you want to say? Get out of here, I don't want to see you!'

Cindy stepped forward and pulled Amanda aside, 'Mom, Jason knows that he was wrong. He wants to apologize to you.'

Amanda was very happy when she heard this but she was too proud. 'Apologize? Okay, make him kneel down and kowtow to me!'

All of a sudden!

The atmosphere in the room was tense.

Jason clenched his fists angrily and his eyes were cold. He stared at Amanda and said in a low voice, 'Amanda, don't take advantage of me!'

Chapter 177

Amanda Yang's expression immediately changed. She pointed at Jason Smith and said angrily, 'Look, this is how he apologize! If he doesn't kneel down, I won't accept his apology!'

Amanda sat on the sofa. Her attitude was so sour that she would not even listen to the apology.

She had think about it, she just wanted to vent all her anger on Jason.

How could this loser have hit her in the hospital?

Charles Jiang was also angry. He pointed at Jason, 'Listen to your mother. Kneel down and apologize. It's all your fault!'

Cindy Jiang was fully annoyed. She did not expect Amanda to be like this. 'Mom, can you stop being so unreasonable? Do you know what's going on? Do you have to let me speak it out?'

Amanda was scared out of her wits when she heard what Cindy said. Had Jason told Cindy the truth?

'What's the matter? Cindy, why are you speaking on behalf of Jason? I'm your mother. How can you talk to me like this?'

Amanda ignored her and began to make a scene. She sat on the ground, slapped her thigh and cried, 'I can't live like this. My daughter is now on the side of an outsider. I've been beaten by my son-in-law. It would be better if I just died. Charles, you should have kick that loser out if you are a man!'

Charles felt helpless. Looking at his wife's arrogant attitude, his face turned gloomy and pointed to the door, 'Jason, get out of here. You aren't welcome in this house from now on.'

Jason's face changed again. He knew that the only way to solve this was to bow down.

It had made Cindy embarrassed, which made Jason feel very uncomfortable.

After thinking about it, Jason lowered his head helplessly, 'I'm sorry, mom, I shouldn't...'

However, just as Jason was about to apologize, a person suddenly broke in from the door breathing heavily.

It was Leah Fang!

She ran in and was panting. Her hair was in a mess and her chest was moving up and down.

'Leah, why are you here?' Cindy was puzzled and turned her head.

Leah breathed a sigh of relief and stepped in. She bowed to Amanda and apologized, 'Auntie, I'm sorry. It was my fault. I apologize to you. This has nothing to do with Brother Jason. Please forgive him.'

Leah had thought about it for a while, especially after she saw that Jason had been called back from the hospital. She was very worried.

As a result, she rode her bicycle all the way here.

Fortunately, she managed to catch up with them.

'Bitch, get out of here! This is my home and you don't have the right to talk!'

Amanda was angry to see Leah. She wanted to slap her.

However, the slap missed.

Jason suddenly stood in front of Leah. He held Amanda's hand tightly with warning, 'Amanda, don't be insatiable!'

Cindy was also scared. She did not expect her mother to be rude enough to hit people.

However, she could not do anything about it because after all, she was her mother.

'Mom, what are you doing? Leah is the nurse that Jason and I hired. Jason had told me about what happened in the hospital. It's all your fault. Why did you hit Leah?'

Cindy stood up at this moment. She pulled Leah behind her, 'Mom, if you apologize to Leah, I will make Jason apologize to you. Otherwise, this matter won't be settled.'

Charles had been blinded by anger earlier. He suddenly realised that this matter was not as simple as it first seemed.

No matter how bold Jason was, he would not dare to attack Amanda. Not unless she had done something to make Jason very angry.

'Amanda, tell me the truth. What the hell is going on? Would Jason really have hit you for no reason?'

Charles asked this and looked at Leah. The girl was really good. She did not look like an

unreasonable person.

'I don't want to live anymore! You'd rather believe an outsider's words than mine?'

Amanda behaved like she was in the right. She started to make a scene.

Cindy could not stand it anymore. She pulled Leah and asked, 'Leah, tell me the truth. What happened in the hospital? Why did my mother hit you? Why did Jason hit my mother?'

Leah covered her head and Amanda glared at her.

She saw Jason constantly winking at her but she could no longer bear it. She clenched her fist, pointed at Amanda, 'It was her. She hit Angela. I couldn't stand to see it, so I quarreled with her. Then she hit me. Brother Jason slapped her twice to help me.'

Twice?

Cindy was suspicious. She looked at the wound on her mother's face and wondered, 'Did he just hit her twice?'

There must be something else.

But Cindy did not care because Leah had told her

that Amanda had beaten Angela!

This made her very angry. 'Mom, why did you hit Angela? Isn't she your granddaughter?'

Cindy was so angry that she burst into tears. Her mother never liked Angela, but this time she had become so aggressive that she even hit Angela.

Charles was also shocked when he heard this.

The truth had been exposed. His wife had caused trouble yet again.

Amanda was at a loss of words. She immediately shouted, 'What do you know? This little bitch is Jason's mistress. I caught them in the act. She is talking nonsense. Well, well, you two are plotting together, aren't you?'

Amanda refused to admit it and became defensive. She used all kinds of vicious words.

Leah was hurt that she cried on the spot. She could not stand Amanda pointing at her and calling her b*tch and sl*t.

All of a sudden, Leah broke down and cried.

Leah was so upset that she had tears in her eyes. She took out the one thousand dollars from her

pocket and put it in Jason's hand. 'Brother Jason, Sister Cindy, I'm leaving now. I've come here to resign. Here is the extra one thousand dollars. Thank you for taking care of me.'

After that, she covered her face and ran out.

'Leah?'

Cindy shouted and glared at Amanda angrily.

Amanda was still shouting, 'Look, this b*tch, Jason, how dare you give her money? Tell me, how much did you give her behind our backs?'

Jason felt completely helpless because of Amanda's shamelessness and unreasonableness.

'Shut up! Do you want me to check the CCTV to see what you did in the hospital? How old are you? Why are you so unreasonable? If it weren't for the fact that you are my mother-in-law, I would have hit you to death!'

Jason then turned his head and left the house.

At the same time, Cindy treated her coldly and remained unmoved.

'Mom, I really wish you weren't my mother'

Cindy stomped angrily and left Jiang family's old

house.

Amanda was furious. She sat on the ground and began to cry. She kicked Charles who stood beside her and shouted, 'Charles, this is your favourite son-in-law and perfect daughter! Why didn't you help me? Did you see Jason's attitude just now? He still wanted to hit me. Look at these wounds on my face. They were made by him! That's it!'

'You... so unreasonable!'

Charles was so angry that his head went numb. He did not expect Amanda to be this unreasonable.

On the other hand, Jason chased after Leah. He grabbed her and apologized over and over, 'Leah, I'm sorry, my mother-in-law is just like that. Don't take it to heart. Take the money back. I don't accept your resignation. Angela likes you. I promise that my mother-in-law will never dare to bully you in the future.'

Cindy also spoke to Leah. Only after a few minutes that she managed to persuade her.

After the matter had been resolved.

Cindy and Jason came to a small garden. She followed Jason. After hesitating for a while, she stopped him, 'Jason, I'm sorry. I apologize to you on behalf of my mother.'

Jason was still a little angry, 'Your mother is too meddlesome. She hit Angela today. Even if she doesn't like her, she's my daughter. I won't allow her to be bullied.'

Cindy understood what Jason meant. She hugged him tightly, 'I know. I will handle this matter. Don't worry.'

After a silent night, Jason returned to the Jiang family's old house after Cindy had gone to work.

As soon as he entered, Amanda became angry. She hit things and scolded, 'What are you doing here? Get out!'

Jason was too lazy to talk to her. He asked with a straight face, 'Tell me, who hit you?'

Amanda was stunned for a moment, then frowned, 'What? Do you still want to show off? You should take a look at yourself. Do you have any kind of power?'

Such a loser like him, how could he possibly help?

It was good enough when he caused no trouble.

Chapter 178

'Do you want to tell me? Anyway, it's you who has been beaten. As long as you're willing to bear with it.'

Jason Smith knew Amanda Yang's temper very well. She was a mean woman who could not bear being bullied by others.

Amanda thought for a moment, 'It was a very beautiful woman. She said that her name was Juliette Yun. Are going to avenge me?'

She had been feeling depressed for the whole night. She did not know Juliette but she did not dare to be angry with her.

Her aura was too terrifying.

It was obvious that she could not afford to offend her.

Juliette Yun!

Jason was stunned and his expression changed when he heard the name.

He had warned her not to attack people that are

close to him, but she did not listen.

Was this a warning for him?

'Jason, as long as you help me with this, I will forget all about you hitting. Moreover, I will definitely treat you as my own son in the future, how about that?' Amanda said.

As long as Jason taught that woman a lesson, Amanda would not mind treating Jason better in the future.

'You have to stay at home for the next few days. If you get beaten again, I won't be able to save you. Even if you managed to gain the favor of the Long family, you still wouldn't be able to do anything to her.'

Jason turned around and left with a gloomy expression.

Jason drove to the Royal Villa after borrowing a car from Paul Reed.

The entire villa was guarded by bodyguards. It could be said that it was easy to enter the villa but difficult to escape.

After entering the villa, Jason got out of the car but he was stopped by several bodyguards.

'Get out of my way,' Jason said calmly.

'Young master, madam has said not to accept guests. You'd better go back.' One of the bodyguards said to Jason.

Jason narrowed his eyes, 'Are you going to stop me?'

The bodyguards looked at each other in a dilemma but it was difficult to disobey the order. They forced themselves to explain, 'Young master, madam said that no guests are allowed today. Please leave.'

Jason was too lazy to say anything. He took a few steps forward and several bodyguards took a few steps back until they could not go any further. They said, 'Young master, if you continue like this, we will take action.'

'How dare you fight with me? Who gave you the guts!' Jason shouted with seriousness.

The several bodyguards looked at each other a few times. Juliette slowly walked over from a distance after seeing the guards were in a tense situation. She smiled warmly. 'Jason, why are you bothering to argue with your subordinates?'

She was wearing a long white dress with a light blue shawl over her shoulder. She had long curly hair, and her figure was perfect like a goddess.

Yes, it was this woman, which her figure and beauty were like an angel but she had the heart of a venomous snake.

'Go down.'

Juliette said calmly. Her arms were crossed over her chest. Her fingers were covered with jade rings, diamonds, and gem bracelets.

Several bodyguards left after bowed respectfully. However, one guard still stood beside them, keeping a distance of more than ten meters.

A personal female assistant followed closely behind Juliette.

Jason just glanced at her, he could sense that she was not simple based on her mannerisms and expression.

'Why did you make trouble with Amanda?' Jason asked sternly.

'Cause she looks down upon the Smiths. Only the attitude is going to cause her a lot of trouble.'

Juliette smiled faintly. Her smile was gentle but there was something hidden in this gentleness.

'She is my mother-in-law, Cindy's mother. It's not your business to help me.' Jason said coldly.

But Juliette said, 'I just taught her a lesson so she'd be a better person. Is there anything wrong? Sister Zara entrusted you to me before she left. Anyway, you are half my son. You disappoint me when you talk to me like this.'

Juliette's lips curved into a smile as she spoke.

Jason's face turned gloomy, 'Shut up! You are not allowed to mention the name of my mother! I came here today to warn you not to touch anyone around me, otherwise, I will be not be so kind to you!'

As soon as he finished speaking, a red dot suddenly appeared on Juliette's chest. It was pointed directly at her heart!

'Madam!'

All of a sudden, the alarm around the whole villa burst out!

'Quick, protect madam and young master!'

All the bodyguards in black suits took out their pistols from their waists and they were on full alert!

At this moment, more bodyguards rushed out from all directions and guarded Juliette and Jason.

The woman beside Juliette in tight jeans, a white shirt, and high heels was so nervous that she quickly took out a pistol from her waist. She pointed the black muzzle at Jason's forehead.

Jason just glanced at the woman in an imposing manner.

'How dare you!'

Juliette shouted angrily and slapped the assistant's face. 'Who told you to point the gun at him?'

'Sorry, madam.'

Her personal assistant who had a calm temperament quickly put away her gun and stood silently behind Juliette. However her eyes were still fixed on Jason.

As long as he acted rashly, she would definitely

pull the trigger.

So what if he was young master of the Smith family? She was just protecting Madame Juliette.

She had been raised by the Yun family.

'I didn't expect you to have such a good bodyguard around you. It's really not easy to sneak into the Royal Villa.'

The red dot on Juliette's chest had not disappeared. However she was calm and showed a faint smile on her face.

Jason said with straight face, 'Juliette, this is my advice to you. Don't cross my bottom line again!'

Then, Jason turned around, walked to the trunk of the black Mercedes-Benz and opened it. Then he pulled out a beaten badly man from the trunk and kicked him to the ground.

'Your people didn't do their job properly so you better watch yourself!' Jason said coldly.

Juliette glanced at the man kneeling on the ground. He was the hatchet man she had sent to bring Cindy back.

There was a little surprise and panic under the

calm expression of Juliette.

She frowned with her beautiful eyebrows. She did not have to do it herself as the personal assistant behind her had already walked over to check the man.

Bang bang!

There were two gun shots and blood began to flow out.

The man's arm and leg were broken and he let out a shrill scream.

'Are you satisfied?' Juliette smiled.

Jason did not say anything. He just raised his hand and made a gesture. Then the red dot on Juliette's chest disappeared.

Meanwhile, a black figure flashed from a forest beside the villa.

'Over there! Get him!'

All of a sudden, more than half of the bodyguards were dispatched to search for the intruder who had invaded the manor.

However, Jason drove away calmly.

When they arrived at the foot of the mountain,

Jason stopped the car.

A man in a black suit and a hat mask appeared beside the roadside bushes. He got in the car.

The car started and left quickly.

The man who sat in the passenger seat took off his hat and mask. He gasped, 'This place is so tightly guarded. There are so many bodyguards here. You have to pay more for me to do this kind of work next time. However, Juliette is so beautiful. She's forty years old, isn't she? How can she be so high maintenance and still look like a twenty year old girl?'

This man was obviously a chatterbox. As soon as he got in the car, he did not stop talking.

'How's the investigation that I asked you to carry out?' Jason drove the car as he asked.

The man nodded, took out a few photos and other documents. It was obvious that the photos had been secretly taken in the manor. The angle was tricky but the photo was very good!

They were all photos of Juliette kissing and flirting with a strange man!

Jason just glanced at him coldly, 'Thirty million

dollars. Ask Joe for the money later.'

'Well, Master Smith really keeps your promise. It wasn't a waste of my time coming here.'

The man said with a smile, then pushed the door open, 'Let's see each other again soon.'

After that, he immediately jumped out of the high-speed car.

He was truly an expert!

However, Jason did not know that after jumping out of the car, the man went straight to the hospital. He was limping 'Shit, if I had known, I wouldn't have pretended.'

He had actually flopped.

.....

Amanda had been at home for two days which made her feel very uncomfortable.

After thinking for a while, she picked her bag, wrapped her head with a headscarf, put on a pair of sunglasses and went out. She was going to Jason and Cindy's wedding house today. She wondered if she could get an agent to sale the house.

She was eager to buy a villa, so it was impossible for her to just let the thought go.

Since she could not afford to buy the villa in Dragon City, she would buy a villa in Split Mountain.

She arrived at Jason's and Cindy's seventy or eighty square meters wedding house. Amanda opened the door as if she was a thief and entered.

Amanda felt her heart ache when she saw the simple furniture. How could her daughter marry such a loser? She must have suffered a lot.

'The property ownership certificate!'

Amanda did whatever she wanted and began to look for the property ownership certificate.

As long as she gets the property ownership certificate, she would be able to have the final say.

After looking for a while, she finally found the property ownership certificate in a drawer.

Amanda held up the property ownership certificate and kissed it. She was so happy that she had found it.

She quickly put the property ownership certificate

into her bag. When she was about to leave, she suddenly saw a small box in the corner of the drawer.

She picked up the small box and opened it. She was shocked!

What a beautiful jade bracelet!

At first glance, Amanda knew that this was definitely not an ordinary jade bracelet. It was so beautiful!

If the experts were there, they would definitely know that this bracelet was a top-grade type of green jade. It looked transparent and beautiful. It was undoubtedly the best of the best.

On it, there was a name engraved on the jade bracelet: Zara Lin.

Amanda did not care and picked it up happily. She could not put down the bracelet and muttered, 'This dude, he hid such a good thing. If you don't give it to me, who will wear it? So it should be mine!'
