

Dragon Husband

1432

Chapter 1432

Wenren looked at Goubi in surprise, really wanting to kill him in one bite!

I'm here desperately fighting for his interests, he's so immortal!

Forget it if you don't appreciate it, and directly agreed to Wen Ren Tianqing's unreasonable request!

What should I do now?

The death scene of a large company?

And Wiliam didn't even pay attention to Wenren Qingqing's face that turned green, and just looked at Wenren Tianqing with a smile.

In the end, Wenren Qingxin pulled his sister back from the brink of anger.

My sister is very irritable recently.

Well, it must be the weather.

Everyone looked at Wiliam blankly.

This operation makes them unable to understand.

Isn't this kid always very awesome and crazy?

Why don't you stick to it?

Did you admit it so soon?

Sure enough, he was just a bully and afraid of hardship.

Wen Ren Tianqing laughed loudly after a brief astonishment.

not bad.

Those who know the current affairs are handsome.

Know the reason why people have to bow their heads under the eaves.

That's great.

You don't have to use coercion and let others say that you are bullying the small.

Wen Ren Tiange looked at Wiliam in a daze, " Wiliam, are you serious about this?"

Wiliam nodded, "The elder makes sense, and I am very grateful for his outspoken words. Then I want to ask, who are you going to give this piece of bone blood crystal?"

At this moment, the young people with forged bones were all excited.

This is a terrifying blood crystal that has been rare in thousands of years!

If it is used to forge bones, it is only a trivial matter to directly improve a realm.

Maybe you will be able to advance thousands of miles in future cultivation.

Who can take this piece of bone and blood crystal, the future will be in the fragrant flower, no, there may be a word in the entire outer world.

They stared at the elder and suzerain with scorching eyes.

There are three elders in Xianghua Lixue, and two elders.

One of the elders was in the assault state, and the two elders accompanied by the retreat.

So the people who can speak at the scene are the suzerain and the two elders.

As for the three of them, their gazes are constantly tracing the younger generation present.

The younger generation was swept by their gazes, and their chests were straightened out together, looking full of energy.

Wen Ren Tianqing was thoughtful in his heart.

This piece of bones and blood crystals, young people are worried about, don't their elders worry about it?

The greatest magical effect of the Earth Bone Blood Crystal is to forge bones, but if used properly, it can also help them improve their cultivation.

Only now, the atmosphere is a bit awkward.

After all, he just kept saying that he wanted to give the younger generation a chance, and now if he took it for himself, he would really disrespect the old.

It's hard to live up to the face.

He suddenly thought about it and looked at Li Nianyi.

Li Nianyi's talent is obvious to all, and he is definitely a strong competitor for the Bone and Blood Crystal.

But Wenren Tianqing's cautious thinking lies in...

This kid was injured in the fight for fame before, but he was beaten again by himself just now.

The body is definitely not in its peak state.

If he refined the Earth Bone Blood Crystal on the spot, the probability of success would definitely not be high.

As long as he fails, then there will be reason to say that this piece of bone blood crystal seems to have another chance. not over, !

Then choose a day to do other people's work, leaving the bones and blood crystals to yourself...

Wonderful!

In this way, it can also win a wave of Li Nianyi's loyalty.

Wenren Tianqing thought of this, and immediately looked at Wenren Tianyi.

Wen Ren Tianyi understood, and said: "The three of us will discuss it."

Wenren Tiange originally meant to leave the blood crystals of the earth bones to Wenren's heart.

After all, Wenren has never forged his heart.

But he was firmly resisted by the two elder brothers.

The reason is that Wen Ren Qingxin came to lack of realm.

Secondly, she has never participated in the battle for fame, and she will definitely participate in the past two years.

And once the bones are forged, they can't participate in the burial of fame, which is not in compliance with the rules.

Wen Ren Tiange argued hard, but in the end he couldn't convince the two elder brothers.

In desperation, he could only retreat and choose Li Nianyi.

"After we have been discussing and considering the talents and performance of the young people in recent years, we have decided to give Li Nianyi the opportunity to forge their bones." Wen Ren Tiange said.

As soon as these words came out, Li Nianyi jumped directly from the ground, his face full of excitement!

It's really my turn to get on my head hahahaha!

Whether it's very peaceful!

It's a blessing if you're in trouble!

Hahaha!

He has only one thought at the moment!

Go in front of Wiliam!

Taunt him fiercely!

Only then can the hatred in my heart be solved!

He did the same!

He first thanked the sovereign and the two elders for their fulfillment.

Then walked to Wiliam.

He first said politely: "Brother Wiliam! Thank you for everything you have done for me! Your kindness will be remembered forever!"

After these polite remarks, he hugged Wiliam as if to thank him for his kindness.

However, he said in a very small voice in Wiliam's ear: "Boy, see it, hahaha, a hard work, didn't you make me a wedding dress in the end? Your bones and blood crystals, I accept, Are you angry? Are you depressed? Do you want to resist? Hahaha, you are not qualified! If you are more acquainted, you will shrink your neck and be a man from now on!"

This was heard by the people who heard it affectionately.

Wen Renqing came up with a violent temper again, and angrily grabbed Li Nianyi by the collar, "Li Nianyi, you are looking for death!"

However, Li Nianyi shook off Wenren Qingqing, deliberately arched his hand towards Wiliam, and returned to his position in a cool manner.

"Wiliam! Do you know what you are doing! The blood crystals that you only got so easily were sent out so easily? Have you ever considered my feelings!" Wenren grinned with emotion and whispered. Shouted.

Wiliam has a black line.

What the hell.

What does it mean to consider your feelings?

What does it have to do with you?

Why consider your feelings?

He whispered: "I have my own opinion, you will know when you look at it. Don't worry, no one can grab something from my mouth."

Wen Renqing was taken aback for a moment.

What is said, is there a later move?

"Okay, Wiliam, hand in the blood crystals of the bones of the earth. Li Nianyi, you will forge the bones immediately, and we will guide and assist you." Wen Ren Tiange said.

After all, this place bone blood crystal is too easy to find people to worry about and jealous.

Only when you dispose of it right away can you feel at ease.

Li Nianyi stood up in the envy of everyone's eyes.

He knows the basic formula for forging bones.

He watched Wiliam put the blood crystal from the bones on a table in the chamber, and the corners of his mouth were drawn.

Xiongqi!

The opportunity to rise up is here!

As long as you succeed in forging your bones, you will have no problem walking sideways in Xianghua!

He walked to the table with red eyes and eagerly, staring at the bones and blood crystals.

He stretched out his hand in full view, intending to solemnly hold up the blood crystal.

However, as soon as his hand touched this piece of earth bone and blood crystal, as if being burned by fire, the whole person let out a terrible scream!

"what!!"
