

Chapter 1081

Chen Feng laughed curiously. He saw that he and Xu Fu were eating together. Isn't it true that friends still eat together?

But there were some doubts in his heart, but Liu Yiran stood up and said, "Excuse me, I have something to do, so I will leave first."

He looked like he wanted to escape.

But how could Chen Feng let him leave? When he got up, he directly clasped his wrist and pinched it there. No matter how Liu Yiran struggled, he couldn't get rid of it.

Liu Yiran sullenly said: "Mr. Chen, I can sue you for deliberate harm like this."

Chen Feng smiled and said, "If you want to sue, I don't care, but you have to stay here today to make it clear to me."

Liu Yiran was annoyed and said, "Sure enough, it's a raccoon dog. Just let me go, or I will call someone."

Chen Feng laughed again, and said, "Sure enough, it's a teaser, and the cursing is so verbose, but whether it's a raccoon dog or a raccoon dog of two hills, you can make it clear first, and I will let you go."

Liu Yiran was also a little panicked. His wrist was clasped to death. No matter how she struggled, she still didn't move.

After thinking about it, he still gave up and didn't call anyone, because he knew that even if he was let go for a while, he might face greater revenge later.

He simply sat firmly on the chair.

Chen Feng knew that he had succumbed, so he let go. He didn't worry that Liu Yiran would just run away like this.

He said: "Drinking coffee, the taste is still quite fragrant."

Even though it was still declining just now, it is still really fragrant now.

Liu Yiran smiled bitterly: "Since Mr. Chen is Xu Fu's friend, there are some things I shouldn't tell you, but I think Xu Fu should already know these things, but he hasn't done anything yet."

Chen Feng asked, "What are things?"

Liu Yiran said, "Mr. Chen knows why I found you?"

Chen Feng shook his head.

Liu Yiran smiled and said, "Because every competitor that Xu Fu defeats will be invited by Xu Fu to have a meal. Although the locations are different, they are all the most luxurious restaurants in the city, and

the reason why he did this, Just showing off on purpose, he wanted to tell everyone that another person was defeated by him.”

Chen Feng said, “So when you saw me eating with him, you also regarded me as a competitor defeated by him?”

Liu Yiran nodded and said, “Indeed.”

Although Chen Feng knew the reason for his mistake, he didn’t know why Liu Yiran came to meet him. He curiously asked, “Then what does it have to do with you handing me a business card.”

Liu Yiran was also surprised, and asked: “Mr. Chen didn’t know that those who were defeated by Xu Fu were actually not completely defeated by commercial competition, but were defeated by Xu Fu with various tricks.”

Chen Feng is actually like a friend of wine and meat to Xu Fu. He just likes to play with this person, so he will not have too much trouble, and Xu Fu has never done anything to be sorry for him. Naturally, Chen Feng does not need to care about Xu Fu. Work.

However, Chen Feng was still a little curious about Xu Fu’s ability to expand his business so quickly, but he was just curious, and didn’t want to investigate anything in the past.

But what Liu Yiran said now solved Chen Feng’s curiosity.

Chen Feng said, “So you think I will also find a lawyer to fight Xu Fu, and then hand me my business card.”

Liu Yiran nodded again.

Understanding the cause and effect of the matter, Chen Feng said to Liu Yiran, “Okay, you can go.”

Liu Yiran stood up without hesitation and left directly.

Looking at his back, Chen Feng thought that this guy was quite funny, but Chen Feng still needs to think carefully about what he just said.

It’s true that he and Xu Fu are friends, but when a friend becomes a demon in others’ mouths, is it necessary to consider abandoning the friend?

Because one day the devil will be punished, and as a friend, you may be implicated, or if a friend needs your assistance, how do you choose?

But no matter what it was, Chen Feng felt that this matter was not a good thing.

But after thinking about it, he still didn’t get a definite conclusion.

Seeing that it was dark outside, Chen Feng walked out of the dessert shop.

And early the next morning, Chen Feng received a call from Xu Fu. He asked where Chen Feng was. Chen Feng didn’t ask him to come to him, only that he still had something to work on.

Xu Fu had to end the call.

But he was standing in the bathroom of the hotel, and the water spilled from the shower head wetted his body. Xu Fu felt very tired, he was really tired.

But he couldn't tell anyone about these difficulties and pessimism. Even last night, he tried to talk to Chen Feng while drunk several times, but in the end, he gave up.

He was afraid that if he said that, he would lose his friend Chen Feng.

He didn't want to involve his friends in this kind of thing. This was a betrayal of a friend and a betrayal of his own heart.

Xu Fu laughed at himself, maybe he is not abnormal, he is not the devil in the mouth of those losers.

But he himself may have forgotten that it was such a demon king who suddenly emerged in the Demon Capital. The entire Demon Capital killed was turned on his feet. Which ones occupy the consumption industry of the Demon Capital. It is not the shadow of the Xu family, if not the Xu family is in full control, then it is indirect, and it can even be seen that the Xu family is already a demon king in the Demon City.

If someone said this a few years ago, even Xu Fu himself would find it ridiculous, but now imagine that someone really can grow into a devil and become a financial giant.

He turned off the shower head, walked out of the bathroom, wiped off the water on his body with a bath towel, then surrounded his lower body and walked out.

A slender white leg was exposed under the cup on the bed, and the woman was still sleeping.

Xu Fu unceremoniously opened the cup.

The woman felt that she was exposed, and she was immediately awakened, and she opened her eyes and saw Xu Fuzheng smiling at her. She wanted to be angry that others disturbed Qingmeng, but at this time she also smiled and smiled with Xu Fudao. "Master Xu, did you want it again so early? You bullied others last night. Now that you can live and live again, you are really amazing."

Xu Fu laughed and said, "I don't seem to be very clear when I see you. I want to know if you admire you in your heart, or just say it like this."

With that, he was already lying on his stomach.

It is really strange that the rain of last night started to fall again in the early morning.

Chapter: 1082

But when the rain was halfway down, the phone rang suddenly.

Xu Fu was a little annoyed, and he was not ready to pick it up, because everything was still at its most intense time.

Then the call ended the call.

After half an hour, he reached out from the bedside and took the phone to look at it. But when he saw the number, he was still puzzled. He didn't know why Chen Feng suddenly called him again.

The woman on the side leaned against him, drawing a picture on Xu Fu's chest with one finger.

She asked, "Who is it, so annoying, but I chose to call you at that time."

Xu Fu smiled and said, "It's nothing, just a friend."

Women knew how to measure, so they didn't ask much, not even a single word of complaint.

When the rain stopped, Chen Feng put down the umbrella in his hand. He just bought it at a convenience store. He thought that the rain would be gone during the day, but he didn't expect to go out for a while before he got up again, and it looked like there was a trend of getting bigger and bigger, but after only a while, it stopped strangely.

The people riding the bikes on the roadside are wearing raincoats, all of which are available in various colors, forming a dazzling picture in this lonely rainy season.

Chen Feng's phone call this morning hasn't been responded to now. He thought that maybe Xu Fu didn't hear it, or the phone was no longer by his side.

But he didn't mind, it was just a phone call.

After a long time, I walked through the crosswalk and passed the people wearing raincoats. In the park, because it was rainy, there were almost no people, just one or two people, like Chen Feng, holding umbrellas.

Like a couple walking in the rain, the two are very intimate.

Chen Feng passed by them, he glanced at them, and the two of them were also looking at Chen Feng, and seemed to be more curious about what Chen Feng did when he came to the park on such a rainy day.

And Chen Feng came here naturally because someone was waiting here.

I thought that after meeting Lin Lu and having dinner with Xu Fu, he could fly to Yanjing, but some people didn't want him to leave and agreed to be in the park on this rainy day.

Chen Feng had no choice but to come to the appointment because he could not afford to offend this person.

Demon Capital is actually not old. A long time ago, this place was just a desolate land boundary. You can even use the phrase "birds do not shit".

But because of his development, it also attracted many people.

The master of the martial arts world, Xia Wuzhu also chose to settle in the magic capital in his twilight years.

He is very strange that those elderly people always choose to be in the mountains, by the water, in a clean place, but he has to be in the bustling city, it seems that only in this kind of place, he will feel that he is quiet. .

But there is stillness in the movement, and the agreed place is still in a quiet park in the busy city. Even in this rainy day, it is quiet and no people can be seen.

Chen Feng stood there, the agreed person hadn't arrived yet, he checked the time, and it was indeed half an hour before the agreed time.

He came early, and as a junior, Chen Feng still had to have this etiquette.

It's just that this gloomy sky started to rain again and again, but fortunately, the umbrella in Chen Feng's hand has not been put down. He is holding the umbrella and standing under the street lamp next to the park.

The couple just now seemed to think that the time spent together was too short, and they actually walked back from the entrance again. They both covered an umbrella and looked even more intimate.

This time, their eyes stayed longer on Chen Feng.

Chen Feng smiled at them, but they could only smile back.

Half an hour passed, but the old man still didn't come. Chen Feng couldn't help wondering if something happened. Maybe it was rainy and the old man was unwilling to come out, so he planned to cancel this appointment.

But there is no news, Chen Feng is just thinking about it randomly.

And after waiting for another half an hour, even the rain became heavy, even if the umbrella was covered, the fog seemed to be soaking people.

Chen Feng still didn't see anyone.

He really had to reconfirm his thoughts just now, and if he waited for a while, there was really no one coming, and Chen Feng could only go back.

Etiquette and making things difficult is not a matter for a while, Chen Feng is just a junior, and will not be bound by some traditions like dead rules.

He thought so, and waited for a while.

The person who met was finally coming, and seeing the person, all the previous grievances were cleared up, and Chen Feng also ran over with a smile.

The accumulated water on the ground became a puddle, and Chen Feng splashed a large amount of water as soon as he stepped on it.

The old man did not come alone, there was a person behind him, but he was a little farther away, and Chen Feng could not see his face.

Then, as he approached, Chen Feng saw a woman in a black costume with a ponytail, looking heroic, like the handsome Mu Guiying.

But naturally Chen Feng just took a look. The important thing is the old man in front of him. The old man is very old. It looks like he is seventy or eighty, but in fact he is a hundred-year-old.

His temples are already as white as snowflakes, and his eyebrows and beard are even more so, but his spirit is strong and his body is tough.

It's no wonder that this is a grandmaster, but he doesn't know what his current strength is.

After Chen Feng met, he saluted him, holding a disciple ceremony.

If calculated strictly, this old man can be regarded as Chen Feng's master.

The old man slowly said, "Don't have so many complicated understandings. What age is it now."

Chen Feng humbled: "Regardless of the age, etiquette cannot be forgotten."

The old man looked at Chen Feng with a serious look, laughed, and then said: "Let you wait too long, it's really not the old man I want to hang you, but this rainy day, there is a traffic jam on the road, I can remind you I kept driving faster, but I was still late. I just thought you were gone. After so long, I didn't expect your kid to be there. It really surprised me. I want to use your temperament. , Isn't such a rigid person!"

Chen Feng also laughed and said, "The teacher still understands me. I did want to go like this. But I suppressed my temper and waited for a while. If the teacher comes a little later, I might really watch it. Not me anymore."

The old man became even more happy when he heard it, and said, "You don't even know what to say. What are you doing so honestly? I was touched by the old man just now. I didn't expect you to be such a virtue."

Chen Feng also smiled, but he didn't expect that the old man would think of himself and agreed to be at this place with him.

Chapter: 1083

If it is according to etiquette, Chen Feng should indeed visit the old man himself.

But Chen Feng had never thought about spending more time in the city, and it was also because the old man once said that he should not meet him lightly.

As for seeing him easily, Chen Feng felt that if it wasn't a major event, then don't bother him.

But today, I was still asked.

The three of them walked almost side by side. The heroic woman was covering the rain for the old man. She also claimed to hold an umbrella for the old man. After meeting, she has not spoken until now.

But since the old man didn't mean to introduce him, Chen Feng didn't ask, just walked with the old man in the rain.

The rain is much lighter now, and the patters have no effect.

The old man said, "How is your martial arts recently? Is there any improvement in it?"

Sure enough, Chen Feng had already thought that the old man must ask this question, and Chen Feng had already figured out the answer.

He said: "Martial arts have been stuck in the pinnacle state for a long time, but because of martial arts restrictions, I am completely confused."

The old man still looked at Chen Feng with satisfaction. After all, the martial arts restrictions were not easy for Chen Feng to break through.

The old man said, "Maybe that chance will pass to you after I die."

Chen Feng didn't dare to take this taboo. He hurriedly said, "Master, you have a tough body, but don't think about those things. It is a matter of heaven, and the manpower is sometimes poor."

The old man smiled, he just made a joke, and even if he died, he didn't even know where the chance would pass.

"If you're joking, don't take it seriously. I also know this kind of thing. I didn't even know how I got into the realm of the master back then, so if I really let me appoint you. Juniors, I really can't tell why."

Chen Feng nodded. He also knew the reason, but after thinking about it, he asked: "I just don't know if the master knows an ancient book called "Return to the Sea"."

The old man was stunned. It seemed to be accidental how Chen Feng knew. He asked, "Where did you hear this book?"

Chen Feng honestly told the old man about his own secret storage in Taihao, but still concealed that Qingzhi and Qianxunjian were also looking for this book.

After listening, the old man was surprised, then waved his hand and said, "Sure enough, I'm still old, and now I can't even think of snatching after hearing this book."

Looking at it, it turned out that the old man knew the origin of this book. Chen Feng asked, "Is this book important? Even the master wants it."

The old man said: "It's very important. If you are ten years younger, no, five years old, I have to ask where the book is now, but unfortunately, I'm old, and I can see how much I have left. Long time."

Chen Feng was also silent. On this topic, he couldn't admonish or comfort him. Even if he said something to make the old man happy, he just felt that it was a little false, and the old man didn't like it either.

The old man continued: "If you get to the Grand Master, you will know that in this realm, all the moves have no meaning. If you want to become strong, it is fast, strong, and stable. With these, Any moves are superfluous."

It was the first time that Chen Feng had heard of this, and he was a little curious. He didn't expect that the Grand Master had already abandoned the shackles of moves and reached the realm of transcendence. Maybe this is returning to the basics.

The old man said again: "To reach this highest level is what the masters have been pursuing throughout their lives, and this "Return to the Sea" is said to be the culmination of the pursuit of the masters."

Chen Feng exclaimed, he was curious about the extent of the Xiaoyao Sword, which is known as the number one master in the world.

“What does the master think of that Xiaoyao Sword, he still hasn’t reached the highest realm.”

The old man shook his head and said, “I met him once. He is indeed a martial arts genius. Even with him, I feel that he has broken through the boundary of the master and achieved it entirely by his own ability.”

“How can this be.”

But the old man seemed to be a firm channel: “Nothing is impossible, I can believe he is the exception.”

Chen Feng couldn’t comment that he hadn’t even seen Xiaoyao Jian’s face, but he still had reservations about what the old man said.

“But even if it is him, I don’t think it is possible to reach the highest level, and this time he gets “Return to the Sea”, his strength may reach a terrifying status, then no one in this world can catch up with him.”

Chen Feng didn’t tell the old man that the “Return to the Sea” was actually not only read by Qian Xun Jian, but there was also a Qing Zhi.

But the old man didn’t seem to want to talk about this topic again.

A few of them walked, and they came to a pavilion in the park. Three of them put the umbrellas away and placed them in the corner of the pavilion. The place where the umbrella tip faces the ground was slowly flowing with rainwater until it was soaked outside. On the ground.

The old man found the position in the pavilion. The woman had prepared a paper towel to wipe the old man clean, and then let the old man sit down.

However, Chen Feng was going to be more casual, and he just sat down without caring.

Looking at the lake outside the pavilion, it has been messed up by rain, and there is no calm at all.

The old man pointed to the place and said, “Sometimes, the rain is not good. If it disrupts the lake, it looks messy.”

Chen Feng also looked at it, but felt different. He said, “But this mess is the truth. It’s too calm, I’m afraid it will die.”

After Chen Feng finished speaking, he realized that he had said something wrong and immediately looked at the old man without saying a word. He didn’t want to upset the old man, and when he passed, the woman also looked at him coldly.

Seeing Chen Feng so nervous, the old man knew what Chen Feng was thinking. He smiled: “It’s just death. I don’t think there is anything anymore. Even if I die now, there is nothing wrong with it, and it’s just The idea of watching the rain, when people are old, it is indeed not easy to like being too noisy.”

Chen Feng knew that the old man chose to settle in the magic city because of the prosperity here. At that time, he seemed to like to make noise more. He was happy when there were more people, but it was only that he hadn’t seen him for a few years, but he felt that he had changed a lot. Sure enough , The old man is really old.

Chen Feng said: "Maybe the state of mind is different, such as the one next to the master, who hasn't even said a word. Isn't she also a kind of quiet cultivating mind? Maybe it is higher than my restless mind. Woolen cloth?"

The old man also glanced back at the woman, and then laughed, but the woman's eyes were annoyed.

Chapter: 1084

Chen Feng couldn't understand what they meant.

And the old man smiled and said, "I said this guy will definitely ask about you. His temperament will never be able to bear it."

The woman glanced at Chen Feng, but still did not speak.

Chen Feng listened to it, as if the two were using him to make a bet, but now it seems that the old man has won.

Chen Feng also chuckled and said, "Master, this is boring. I haven't seen each other yet, so I just want to use me to bet."

The old man said, "I didn't propose this. Little Wawa wouldn't let me introduce it to you. She wants to see if you will ask. If you can bear it until now, I will look at you a little bit higher. ."

Chen Feng said: "What about it now, shouldn't you tell me about this female hero I don't seem to know."

The old man said, "Why don't you ask yourself?"

Chen Feng glanced at the woman. Although it seemed that the woman would not tell him, he still tried to ask: "Dare to ask the heroine's name."

The woman also looked at Chen Feng indifferently as he thought, but she still said, "Xue Leng."

Listening to such a cold name, Chen Feng felt that it didn't seem to match the woman very well. He frowned slightly and said, "It seems to be colder."

The old man seemed to be wondering the origin of the name, and Xue Leng ignored Chen Feng, and he said: "This name was made by herself. The previous one is better to hear..."

Chen Feng was wondering what Xue Leng used to call, but Xue Leng interrupted the old man's words directly.

"Master, do you think it's unnecessary for me to be by my side?"

As soon as the old man heard the cold words, he immediately closed his mouth and looked at Chen Feng. No matter how much expectation Chen Feng's eyes were, he just didn't say it.

Chen Feng was helpless, it seemed that he would never know Xue Leng's previous name.

And for a while, the pavilion also became quiet.

When it hits the pavilion in the rain, there will still be crackling, but I always feel that I can't hear any sound quietly.

After chatting a lot, I still didn't say why the old man wanted Chen Feng, and it was about time to discuss it. Since the old man was embarrassed to say it, Chen Feng had to take the initiative to ask: "Master, I think you should be about the same. Can you tell me the purpose of looking for me? If you don't go on like this, I don't think you can say it until you leave."

The old man was a little embarrassed, but he looked at Chen Feng with a chuckle, and said, "I will wait for you to ask."

Chen Feng said: "I have asked now, you can always say it."

The old man slowed down and said, "I am looking for you because I want you to persuade someone."

Chen Feng was curious and asked, "Who?"

The old man was still vaguely and said, "A person you know."

Chen Feng said helplessly, "Master, if you are not direct, I don't want to listen."

The old man was forced by Chen Feng, so he had to say, "I know you know Xu Fu, and you are still very good friends. I want you to persuade him."

Chen Feng was stunned. He didn't expect that the matter would still be related to Xu Fu.

He asked: "What do you want me to persuade him?"

In fact, when he said this, Chen Feng already felt that he might get involved in those things about Xu Fu, but in front of him was the old man he respected, and he still had to listen to the old man no matter what.

The old man said, "Just let some people go. I think there is nothing difficult about the relationship between you and Xu Fu."

Chen Feng didn't know, and he didn't agree to it immediately.

And the old man continued: "Those people came and begged me, hoping that I could take action. I knew that if I did take action, it would be sabotage to the whole society. I also became a sinner and I couldn't do it, so I found You. I know your relationship with Xu Fu."

Chen Feng nodded and said, "I and he are indeed friends, and even the relationship is pretty good, but I have never mixed up with him. Now let me persuade him, I'm afraid he might not listen."

The old man shook his head and said, "If you still can't, after doing your best, I have to tell the people truthfully. Because of my love, I can only help them get here."

Hearing that the old man said so, how could Chen Feng bear to refuse.

He had no choice but to slowly nod his head: "Then I can only do my best. I can't guarantee that I can persuade him."

The old man smiled at Chen Feng and said nothing.

The rain is still falling here, and the lake is still chaotic. After a while, the old man said, "When people are old, they will lose their physical activity. Since the words have been brought, I won't accompany you much."

Chen Feng hurriedly stood up and wanted to send him off, but the old man refused.

"It's not good for you to give it away. This is already a bit of a shame on my face."

Chen Feng knows that the old man is actually unwilling to say such things. He loves to be strong throughout his life and does not easily ask for help, but now he is begging Chen Feng for some people who don't know what it is, even though Chen Feng is just one of his juniors. , But this is also unacceptable for the elderly.

Chen Feng had no choice but to watch the old man leave, his back was not curved, but even with Xue Leng's company, he still seemed a little deserted.

Chen Feng sat there, thinking about what happened.

In fact, he could easily talk to Xu Fu, and although he touched something that he had never touched before, if it was Xu Fu, Chen Feng felt that he would not say anything, or even affect it. The relationship between the two.

But this kind of thing is a different attempt, and Chen Feng is a little hesitant.

But when he hesitated, the phone rang, and Chen Feng naturally thought of Xu Fu the first time. After all, he hadn't returned the call in the morning.

But when he took out his mobile phone, he realized that it was not Xu Fu, but Lin Lu.

At the end of yesterday, Chen Feng gave Lin Lu the number because it was convenient for future work, but she didn't expect that she would call right now. Chen Feng was curious, could it be that she had something to find herself.

But naturally, I couldn't understand it, and he also connected the phone directly.

"Hello!" A man's voice came on the other end of the phone.

Chen Feng was surprised. He asked, "Who are you? Where is Lin Lu?"

"Can't you hear my voice?"

Chen Feng felt familiar and immediately thought of yesterday's thoughtfulness.

He hurriedly asked, "What do you want to do, I advise you to release Lin Lu immediately, but you are at your own risk."

Zhou Dao laughed: "You are still arrogant with me. Are you not afraid of what I will do to her? You have to weigh it yourself. The knife in my hand is not eye-catching.

Chapter: 1085

Chen Feng was also afraid that he would really do it, so he asked, "What do you want, tell me, I can satisfy you."

Zhou Dao said, "I didn't want to tie this woman, but you made me lose face in front of my brother yesterday. I have no choice but to make a bad move."

Chen Feng didn't want to hear his complaints, but just continued to ask: "Do you want money or what, as long as you don't hurt her, I can give it to you."

But Zhou Dao said: "I don't want anything, as long as you call me a Dao, grandson is wrong, I will let this woman go."

Chen Feng was annoyed, he naturally refused, but Lin Lu was in their hands.

But Chen Feng couldn't understand why Zhou Dao just shouted such a sentence. Did he tie Lin Lu to such a big risk, but he didn't need anything.

This is unreasonable. If he is not greedy for money, he will not go to the office building to block people.

But since he has a need for money in his temperament, he would never miss this opportunity.

Chen Feng calmed down immediately, and he even felt that things did not seem to be what he saw now.

"I...sue..., you...please...crazy..."

"What's the situation, why are you talking intermittently?" Zhou Dao said irritably.

Chen Feng said: "Letter..., I'll change...place..."

With that, he ended the call directly.

What happened just now was naturally only played by him for Zhou Dao. He ended the call just to confirm whether Lin Lu had anything to do.

Then he quickly dialed the number of Lin Lu's company, but it was quickly connected.

"Hello, who are you?" asked over the phone.

Chen Feng said, "I found Lin Lu. I was Chen Feng who came to your company yesterday."

When the other party heard this, he was taken aback, but he seemed to have thought of something, and he wanted to refuse, so he immediately said, "Please wait a moment, I'll call President Lin."

When he heard this, Chen Feng had already relaxed for the most part, he knew that Lin Lu should still be in no danger.

But it was not completely relaxed, he hadn't heard Lin Lu's voice yet.

But after a while, Lin Lu's question rang in her ear: "Is it Mr. Chen?"

Chen Feng was finally completely relieved, he said, "It's me."

Lin Lu said, "Mr. Chen, do you have anything to do with me?"

Chen Feng immediately asked, "Where is your phone?"

Lin Lu was a little strange, why Chen Feng would ask such a question, but still said to him: "Maybe it was left at home, and I forgot when I came out in a hurry in the morning."

Chen Feng immediately realized that those guys might have sneaked into Lin Lu's home.

He said again, "Give me the address of your home."

It is a very unreliable thing to ask for the home address of a single girl, but Chen Feng is anxious and has no time to worry about it.

But for Lin Lu, he can't help but think about it.

She said, "Mr. Chen, is this bad for you? If you make Mr. Xia misunderstand..."

When Chen Feng heard this, he said: "There is no such mess, I have something urgent, you can just give it to me."

Lin Lu was a little worried, but at least Chen Feng gave her a good impression yesterday, so she reported her address to Chen Feng. She just wanted to ask Chen Feng what the address wanted, but the call was over. Called.

Looking at the phone, Lin Lu was very depressed, she was a little crazy about it, and even thought that Chen Feng would give her a surprise at her door.

But after thinking for a while, the person beside her who just answered the phone was still watching her, and Lin Lu immediately woke up.

And because she remembered some of the conversations just now, Lin Lu immediately left a little shy.

But because of this misunderstanding, the whole company began to gossip.

Naturally, Chen Feng couldn't know these things. After knowing the address of Lin Lu's house, he immediately left the park, got in a taxi and rushed to Lin Lu's house.

It only took more than ten minutes to get there.

This is a high-end apartment, and Chen Feng can't understand how those people broke in. Logically speaking, the door locks here are all high-end.

But now that the facts were there, Chen Feng didn't have that much thought. He quickly got on the elevator and came to the floor where Lin Lu's house was.

The doors of several houses on the floor were closed. Chen Feng touched the door of Lin Lu's house, leaned against the wall, and knocked on the door of her house.

But there was no response, and this was normal. Those people were definitely afraid when they entered the room, so they didn't dare to agree when they heard the knock on the door.

Chen Feng knocked again a few times, but he would never show his face in the cat's eyes. He guessed that those people would not be able to see anyone outside, so they would definitely be curious.

After several repeated attempts, someone finally opened the door.

As long as the door was opened, Chen Feng would naturally not give a chance.

He directly grabbed the man by the wrist, and then grabbed the man. Chen Feng leaned him against the wall and looked inside, but it seemed that there was no one in the room.

Chen Feng immediately asked, "Where are they?"

The man's face was leaning against the wall, and he was a little unclear when he said, "Who? I don't know what you are talking about?"

Chen Feng said, "Believe it or not, I will break your arm immediately."

As he said, he had a little bit of strength, and the man began to cry out in pain.

"I said, I said."

Chen Feng sneered and said, "Where have they gone?"

But the person told Chen Feng, "The door was open when I came over, and I didn't see anyone at all."

Chen Feng thought he wanted to conceal it, so he increased the strength in his hand.

The man screamed in pain, "What I said is true. I didn't lie to you at all. I just looked around, but I didn't take anything!"

Chen Feng also felt that it might be true that tortured him in this way, but still persisted in this way.

He relaxed a little and asked, "When you came over, the door was open?"

That person should be repeated again and again.

Chen Feng can only think that those guys immediately fled after not receiving his own call, even without closing the door, and the guy in front of him was just a little thief.

But since he was not the group of Zhou Dao, Chen Feng tapped on his head, and then said: "If there is another time, I will just screw off your arm."

The man said with trepidation, "Don't dare, I promise you don't dare."

Chen Feng threw him out the door directly, while he himself stayed in Lin Lu's room.

After closing the door, he walked to the living room and took a look, but it seemed that everything was fine, but when he entered the bedroom, he found something different.

It is a black plastic bag.

Chapter: 1086

When Chen Feng saw it, a snake happened to stick his head out of it.

Although it is non-toxic, it still makes people feel scared to look at it like this. It seems that the group of guys don't want to kill people, but they don't want Lin Lu to feel good.

Without thinking about it, Chen Feng immediately rushed up. He grabbed the seven inches of the snake, picked up the bag, and threw the snake in directly, and opened the mouth of the bag. There are so many.

If Lin Lu sees this, she may be scared to death. Since Chen Feng has come in, he won't let this happen again.

But the bag was tightened again, and he continued to search for it in the room. In the end, only one was found in the closet, but Chen Feng was still uneasy. He went through the cabinet and searched the room carefully.

Finally, it was confirmed that there was really no more, and he was relieved.

Although these guys did not catch them this time, they did such a bad thing. Chen Feng had no intention of letting them go. He thought that when he left here, he would go find these guys, and then ruthlessly. Tuck their heads into the toilet and let them know what cruelty is.

But this idea didn't come true, because when he was about to go out, Lin Lu was already standing there.

She stared at Chen Feng blankly, completely unable to believe that Chen Feng had really broken into her home.

She was originally in the company. Although she wondered why Chen Feng asked for her home address, she didn't want to go home to verify it, but later found out that she not only lost her mobile phone, but also had an important file, so she had to. When I came home to pick it up, I also wanted to see what Chen Feng wanted to do.

But when she came out of the elevator, she didn't see anything. She thought that Chen Feng might just ask casually.

But when she opened the door of her house and was about to go in, she saw Chen Feng walking out of her bedroom carrying a black plastic bag, and she could see from the door that the bedroom has now been turned in a mess. .

All of this proves that Chen Feng is the robbery.

Lin Lu didn't think much, she picked up a glass bottle from the side and slammed it at Chen Feng.

Chen Feng said, "Hey, let me explain."

But Lin Lu could hear it, the glass bottle had already flown over, and Chen Feng only needed to catch it with his other hand.

Very secure, Chen Feng also took over smoothly.

But immediately, Lin Lu threw another one over, but Chen Feng had no hands anymore. One hand was a glass bottle and the other was a plastic bag with a snake. Both of them were not easy for him to throw on the ground.

Had to flash past.

The glass bottle fell on the ground, and there was a crisp cracking sound immediately.

If there was a bottle beside Lin Lu, Chen Feng felt that she would definitely throw it over again without hesitation.

Chen Feng took advantage of this time and said, "Listen to me. It's not what you think."

Lin Lu said, "The bag in your hand is proof. You went into my bedroom to steal things. You perverted fellow, I still think you are a good person in vain."

Chen Feng said, "I am indeed a good person. I came to your house to catch the thief."

Lin Lu reluctantly said, "I think you are a thief, and you still shout out for a thief."

Chen Feng was helpless, as if Lin Lu had identified this matter, he couldn't correct it no matter what.

He thought for a while, put the black plastic bag in front of him, and said to Lin Lu, "Don't you suspect that I stole something inside? Or come and see if you stole something from you."

Lin Lu wanted to refuse. She didn't want to see what Chen Feng had stolen abnormally. She actually needed to use a black plastic bag to pack it.

But she still has some expectations for Chen Feng in her heart, maybe things are not what she imagined.

So he glanced at Chen Feng silently, and walked towards Chen Feng.

Chen Feng had opened the mouth of the bag, and he could clearly see the squirming snakes, and some of them were still spitting out letters, which looked terrifying.

But because Lin Lu was standing far away, it was naturally not easy for her to see. She walked in slowly, and then gradually saw the bottom of the bag, but she seemed to feel that something was moving, as if something was moving inside. .

She raised her head and glanced at Chen Feng. She didn't know what Chen Feng was doing, or he was moving the bag.

With a helpless expression, Chen Feng didn't speak, but waited for Lin Lu to see what was inside.

Although it's better than seeing a real crawling snake in the bedroom, she would definitely feel scared when she saw so many of them suddenly, but Chen Feng didn't care about that much. He first proved his innocence.

Lin Lu was watching. Suddenly a snake's head turned up. Lin Lu was shocked when she saw it. She was so frightened that she was paralyzed and sat on the ground.

When Chen Feng saw her fall, he wanted to go up and support her. Lin Lu hurriedly said, "Don't come over."

Helpless, Chen Feng had to stop his pace.

Seeing Chen Feng no longer facing forward, Lin Lu said slowly, "Why did you come to my house with this thing?"

Chen Feng shook his head, and said, "I didn't bring these. I found them slowly in the bedroom. Otherwise, do you think it's such a mess?"

Lin Lu was skeptical, she didn't know if she should believe in Chen Feng, but just said, "You didn't lie to me?"

Chen Feng said, "Why should I lie to you? If it weren't for me to find them out of the bedroom, would you see me walking out of it with these things? If I were a thief, then I would already be inside. Go, not come out."

Lin Lu thinks about it, it seems that it is indeed the case.

But she was still afraid of the things in Chen Feng's hands. She said, "Can't you just throw these things away?"

Chen Feng smiled. Looking at these snakes, he estimated that he could get so many. It should be obtained from the breeding base. Snake meat is a good thing. He laughed and said, "Why don't I cook you a dish?" "

Looking at Chen Feng's smile, Lin Lu immediately understood what Chen Feng meant, and she also hurriedly refused: "I don't want it, you just need to take these things away."

But what was the effect of what she said, Chen Feng had already entered the kitchen with the bag.

Lin Lu yelled again, but Chen Feng ignored her. Lin Lu had to walk into the bedroom by herself. Looking at the messy bedroom, she was also upset, and some of her personal clothing had been turned over. Looking at it, I remembered that Chen Summit would not touch it with his hands.

And when she thought of this, her face immediately blushed, the kind that was even brighter than the red ink.

Chapter: 1087

After Chen Feng had been busy in the kitchen for a long time, Lin Lu almost tidied the bedroom, and when he saw the traces of crawling, Lin Lu completely believed that Chen Feng was just trying to catch the snake for him.

But she couldn't understand why there were snakes in her room, could it be that someone broke in, but why she only saw Chen Feng when she came in.

She didn't know, and wanted to wait and ask Chen Feng.

And sitting with Chen Feng again, it was already on the dining table.

She hadn't eaten in the rush when she came back, but now looking at the table, there are only two dishes, but she was still moved.

She said, "These are made of that thing."

Lin Lu felt scared at the thought of the snakes just now.

Chen Feng said: "Don't look at those things that are scary, but they are definitely delicious. In Guangdong, this is an authentic food."

But Lin Lu still shook her head.

Chen Feng directly picked up a chopstick and placed it in Lin Lu's bowl, and said, "You can eat it."

Lin Lu was a little scared, but in Chen Feng's expectant eyes, she wanted to try again.

In the end, she picked up the chopsticks, carefully clamped it, and looked at it. It didn't seem to be any different from ordinary meat. Even the sauce color on it could not see its original appearance. So he made up his mind and delivered the snake meat to his mouth with his eyes closed.

And when she ate it, she took a couple of bites before she realized it was really delicious.

Looking at the delicious food she was eating, Chen Feng immediately asked, "How is it, is it delicious?"

Lin Lu nodded, but she didn't speak out directly, because she denied it just now, with an expression of rejection. If there is such a contrast now, even she herself would feel embarrassed.

Chen Feng just smiled, but did not speak.

Accompanied by rice, the two quickly cleaned up the plate of snake meat.

Looking at the empty bowls and bowls, Lin Lu finally had the opportunity to say, "What happened, and how did these things get to my house."

Chen Feng didn't want to scare her, but if she knew this kind of thing, if she didn't tell her the truth, she would definitely doubt it.

And those people didn't know if they would come back again, and Chen Feng wondered whether to change the lock for Lin Lu.

He thought, and said, "I thought about them. I don't know how they got in, but when I came, they had already run away."

Lin Lu was surprised. She looked at Chen Feng with amazement on her face. "They actually did this kind of thing."

Chen Feng said: "It may also be related to the fact that I made them ashamed yesterday, so they thought of this way to retaliate against you."

He thought about it again and added: "Don't stay at home tonight. You are ready to go outside and sleep for one night. You will come back after you change the door lock tomorrow."

Lin Lu hesitated, she was reluctant, but she knew that there would be some danger at home, so she nodded her head.

She said, "But I'm going there, hotel?"

Chen Feng thought that if he let Lin Lu go to the hotel alone, he was still afraid that Zhou Dao's group would follow, so he said, "If you don't mind, go to my hotel, where, if it's true. Whatever happens to you, I can still protect you."

Lin Lu looked at Chen Feng. She was a little worried whether she was too close to Chen Feng. If this matter was seen, she thought it would be easy for people to misunderstand.

Chen Feng looked at her stunned, and asked curiously, "What's the matter?"

Awakened by Chen Feng's words, Lin Lu shook her head and said, "It's nothing. Then go there."

Chen Feng didn't say much.

Lin Lu brought some clothes and a backpack on her back. Although she knew that the door lock had been opened by someone before, she still locked the door and then followed Chen Feng out.

Chen Feng also glanced at Lin Lu. She still looked nervous. Chen Feng thought she was afraid of today's affairs, so he comforted: "I will be fine with tomorrow. I will take care of other things. I will never let Zhou again. They interrupted you."

Upon hearing this, Lin Lu thought Chen Feng was going to Zhou Dao to avenge them. She didn't want violence to happen, so she hurriedly said, "They are gangsters here. You can't deal with them."

Lin Lu didn't know Chen Feng's strength, so she said this.

Chen Feng smiled and said, "Don't worry, I'm well-measured and I will never put myself in danger."

But even if Chen Feng said this, in Lin Lu's eyes, Chen Feng was just an urge to do dangerous things for her. She still wanted to persuade, but she didn't know how to feel very happy.

She thought, maybe she could trust Chen Feng, maybe Chen Feng would really have a way to solve this problem.

But thinking about it, they had already walked out of the apartment and got into the car.

When I arrived at the hotel where Chen Feng was located, it happened to be dark just now, and took Lin Lu to open another room near his room. Chen Feng also wanted to take a good rest.

Today's affairs are not just about Lin Lu, and Xia Wuzhu's request, he has a lot of thoughts in his heart, and for a while, he doesn't know how to open this talk with Xu Fu.

The phone rang, and the call that was a day late finally came.

Chen Feng looked at Xu Fu's name on the screen and paused for a few seconds before connecting the call.

"Where did I lose my phone? Even I only found it now." After Xu Fu connected, he explained to Chen Feng.

Chen Feng said it was all right.

Xu Fu asked, "Did you call me in the morning?"

And now thinking about it, even Chen Feng himself had forgotten why he called Xu Fu, maybe he just wanted to chat with him, after all, he was leaving the magic capital.

But now those are not important anymore.

He said, "If you have time, come out for a drink."

Xu Fu was stunned for a moment. He seemed to hear that Chen Feng seemed to have something and it was related to him, but then he said haha and laughed: "Okay, but you called me out, but you have to treat him."

Chen Feng agreed.

Before leaving the hotel, Chen Feng thought that he should tell Lin Lu, and told her not to go out.

He knocked on the door, and after a while it opened.

Lin Lu was standing behind the door in casual clothes with her still wet hair.

“I have something to go out, so come over and talk to you.” Chen Feng said.

Lin Lu worried that Chen Feng was looking for Zhou Dao, and immediately asked in a panic, “Are you going to find those guys now?”

Chen Feng knew that she had misunderstood, and hurriedly said, “No, I made an agreement with a friend. Don’t worry, I won’t risk it.”

Lin Lu felt relieved when she heard that it was not what she was worried about.

Chapter: 1088

“Then you pay attention to the door yourself, don’t open it to strangers.” Chen Feng exhorted.

Lin Lu agreed and said, “Be careful yourself.”

Leaving the hotel, went to the bar agreed with Xu Fu.

When Chen Feng arrived, Xu Fu was already there waiting.

“You are so fast, you are so happy to listen to my treat.” Chen Feng quipped.

Xu Fu walked over from the side wall and smiled: “That must be, which meeting is not for me to invite you, this time I have to eat you well.”

Chen Feng just smiled.

The two went into the bar together.

It’s very noisy here. People who drink seem to like to speak loudly, with a high tone, for fear that others will not know that it is him who is speaking.

“What to drink?”

“Whiskey!”

Chen Feng ordered a bottle of whiskey, ordered two glasses, filled the glasses, and then pushed one to Xu Fu.

Xu Fu took it naturally, and then took a sip.

“I still like this kind of spirits, so that it has a taste. Compared with those sweet and waxy drinks, can spirits be considered alcoholic! You are right.”

Xu Fu and Chen Feng boasted about his wine culture.

Chen Feng nodded and said, “I think what you said makes sense, come and have a toast.”

As he said, they raised the cups, the two clinked them and took a sip. The atmosphere seemed to start to heat up because of the noise around them.

The two didn't say much, they just talked about the slender girls they saw in the bar, and talked about their own experience of picking up girls. This time seemed to pass quickly.

It didn't take long before the two of them had finished drinking the bottle of whiskey in front of them.

At this time, Xu Fu put down the wine glass and said to Chen Feng: "Let's talk about it, it's really not your temper to be so twitchy."

Chen Feng had to put down the cup too. He didn't deliberately use martial arts to dissolve the alcohol, so he seemed to be a little drunk. With this drunkenness, he slowly said, "I knew you would definitely see it."

Xu Fu pushed Chen Feng's shoulders and smiled: "I can't see it. Isn't that obvious?"

Chen Feng also laughed. He had just met yesterday, but he was about to drink tonight, and he felt that something must be happening no matter how he thought about it.

Chen Feng shook his head, and had to say, "Someone asked me to intercede with you. I have no choice but to agree."

Although Xu Fu drank a lot, he was not so drunk that he was unconscious. He frowned slightly when he heard it, and then asked, "I think that person is very important to you, otherwise you guys can Really won't speak to me about this."

Thinking of the old man's back, Chen Feng was a little lonely, so he nodded.

"It's really an important person, so how about it, do you want to listen to me?"

Xu Fu asked the bartender for another bottle of wine, and then said to Chen Feng, "Let's say, since the people have already come, then I must have made this plan."

Chen Feng smiled at Xu Fu, he knew Xu Fu would listen, but as to whether he would agree, Chen Feng didn't think that was an important thing, after all, he also explained to the old man in the same way.

Chen Feng said: "Are you dealing with a shipyard in the Far East recently? Are you trying to buy him?"

When Xu Fu heard it, he nodded and smiled: "It turns out that they found you. This is really interesting, but I did plan that way. Why, they want me to let them go."

Chen Feng nodded and said, "I just convey what they mean, and you are up to you to judge."

Although this is the case, Chen Feng has already been asked to pass on the message. If he refuses directly, it sounds like he will save Chen Feng's face.

So Xu Fu didn't do this, but filled the empty glass for Chen Feng.

"You invite me to drink, I will definitely promise you, after drinking him, I will let those people go."

Chen Feng was a little stunned. He always felt that this was a very important thing. Although he didn't know what the so-called Far East trade shipyard was like, it must be no small thing to be able to find an old man to call the shots.

But when I arrived at Xu Fu, it seemed like a casual promise between friends, something that could be solved with a glass of wine.

Looking at the wine in the still sloshing glass, Chen Feng didn't even know if he should drink it. This is no big deal, even as long as he picks up the glass and sends it to his mouth, the full drink can flow into his abdomen. There is no pressure at all.

Chen Feng thought for a while and asked, "Don't you find it difficult?"

Xu Fu said, "Nothing, I only look at you. If you drink this glass of wine, I will treat it as a forgotten thing. He even has no loss to me."

Chen Feng didn't know if what he said was true or false.

But he felt that if he really drank, something would always change, but he couldn't tell, he couldn't even see what Xu Fu was thinking.

It would be great if he had Qian Xueqiu's ability to observe words and colors, Chen Feng couldn't help but look forward to it in his heart.

Chen Feng still stretched out his hand and picked up the wine glass. He glanced at Xu Fu. He was just watching silently, and Chen Feng directly raised his head and drank the wine in the glass cleanly.

Xu Fu laughed with a clean smile, and immediately drank his wine.

After drinking, the glass bottomed out, and he put the glass on the table.

"Okay, then let that matter pass, and you won't have any more burdens."

Chen Feng has become increasingly unable to see what Xu Fu is thinking about, and even from his current expression, it seems that nothing has happened.

Perhaps it was just that he had thought a lot, and Chen Feng looked at Xu Fu and thought so.

The happiest thing was the bar. A beautiful girl passed by Chen Feng and the others. Xu Fu patted the girl's buttocks gently. The girl looked back at Xu Fu sullenly, but did not really get angry.

Drinking wine, for a while.

It was another bottle, and the two really couldn't drink it anymore, so they packed up and left.

But as soon as they stood up, several people surrounded Chen Feng and the others.

Chen Feng looked at them and didn't know what was going on, but when he looked at Xu Fu, he was also confused, as if it had nothing to do with him.

At this time, I heard a girl say: "Brother Ming, this guy is touching my ass."

Listening to the voice, Chen Feng saw the girl whose ass was actually touched by Xu Fu just now, so this matter is not wronged.

But Xu Fu looked at them annoyed and said, "I, what happened to her ass?"

It was the first time Chen Feng saw this guy with such a posture, and he couldn't react to some.

The headed brother Ming looked at Xu Fu and said, "Boy, you look crazy.

Chapter: 1089

Xu Fu also said with a cold face, "What do you want, is it impossible to beat me here? I tell you, if you dare to move me, I promise to let you kill all your relatives and friends."

Even Chen Feng was stunned. When he said this, it made people feel disgusted. Standing there, Chen Feng looked like he was also a dude.

But after all, this person is still Xu Fu, his friend, and Chen Feng will not leave like this.

He said to those people, "My friend is drunk, don't take it seriously."

Chen Feng stepped forward to stop him, but was also pushed away by Xu Fu, still yelling: "I want to see who dares to move me."

Brother Ming was also helpless. He didn't come here to argue with a drunkard. He wanted Chen Feng and the others to pay some money to spend, but fortunately, Chen Feng could still communicate.

He said to Chen Feng: "This guy is so mad, if I don't teach him, then I'm so shameless in front of my brother, and he touched my sister's ass, you can't let me just let it go. Bar."

When Chen Feng listened to him, he understood what he wanted, and nodded: "Yes, you said, how we are going to pay, we will definitely pay the money."

Xu Fu said impatiently, "Chen Feng, what are you doing."

When Chen Feng looked at him, he could only ignore him. He didn't want to cause unnecessary trouble.

Brother Ming laughed. He looked at Chen Feng as a very reasonable person, and even before he could tell, Chen Feng knew that he was going to lose money.

He smiled and said, "This is a problem of face and my sister's reputation. Not much. You can give me a million dollars."

This price is already a month's salary for ordinary people. It is really not easy for ordinary people to get it. Even Ming brother himself was worried whether it was too high, but he immediately saw Chen Feng took out his wallet from his pocket. .

Then neatly pointed out a handful of money, which seemed to be at least more than ten thousand.

But Xu Fu immediately stopped in front of Chen Feng and said, "Chen Feng, I am in charge today. If you still treat me as a friend, then don't talk."

When Chen Feng looked at Xu Fu's drunk state, he had a feeling that this was what Xu Fu usually looked like, and he acted recklessly.

But he had already passed the money where Xu Fu couldn't see it.

And when he saw Qian, Brother Ming didn't have the patience to talk to Xu Fu. He smiled and said to Chen Feng: "Brother is a refreshing person."

After speaking, he took a few of his companions and left.

The girl also cast a wink at Chen Feng, causing Chen Feng to shake her head straight.

Xu Fu, who didn't know what happened, asked in doubt, "What are you running? Don't you want to do it? Why are you afraid?"

Chen Feng smiled bitterly, and it was really helpless to be met by himself.

While dragging Xu Fu away, he said, "They must have recognized you, so they flee in fear."

Xu Fu actually realized what he was drunk, he hung on Chen Feng, pointed at Chen Feng and said, "Did you do it?"

Chen Feng shook his head and said, "It's not me."

Seeing Chen Feng's denial, Xu Fu actually believed it, and then silently thought about what was going on.

After sending this drunk Xu Fu back to Xu's house, naturally the servant came to serve him.

He also saw Xu Fu's wife, Chen Feng had seen it once, and she was also a famous girl in the magic city, but she was not familiar with it, so Chen Feng didn't stay much. After sending him back, she left directly.

Seeing that it was late, he didn't stay longer and went straight back to the hotel.

And Chen Feng also thought that Lin Lu was already asleep, so he didn't knock on her door, but when Chen Feng passed by, he happened to see Lin Lu opening the door.

Chen Feng was a little strange, and asked, "It's so late, you haven't slept yet?"

Lin Lu shook her head. She said, "I'm a little worried."

Chen Feng asked, "What are you worried about?"

But Lin Lu didn't answer. She glanced at Chen Feng, as if nothing had happened to him. It was just that she was a little bit drunk, and she was relieved and said, "You are also tired, so go to rest. I'm going to sleep, too."

After saying goodbye to Chen Feng, he closed the door.

Chen Feng had some inexplicable scenes, but didn't want to understand, so he shook his head and walked to his room.

One night later, when the sun rose high, the sun leaked through the curtains and spilled a beam of light on Chen Feng's face before he woke up.

He was indeed drunk last night, so he slept a little this night.

However, it's only a bit when I wake up now.

He sorted it out and knocked on the door of the next room.

But it seemed that Lin Lu was no longer there, so he went to the front desk again. Sure enough, Lin Lu left the room and let people tell him by the way that she was going to work and would come to him again in the afternoon.

Chen Feng had to leave alone.

Since Lin Lu would come to see herself in the afternoon, Chen Feng wouldn't do too much. After thinking about it, he decided to talk to the old man, and he could do it all morning.

The old man's house is in a relatively old part of the magic city, but it is basically a detached house, and the old man also owns a house.

Chen Feng came to the door with some gifts. He had been here before, so he was familiar with the road.

Just when I entered the gate of the yard, I saw the woman who stood before the flowers and plants yesterday, Xue Leng, and her dress was much softer at this time, which would not make people feel very compelling.

She is also trimming, but her ears seem to be very good, but Chen Feng's very light footsteps, she still heard it, turned around and saw that it was Chen Feng, she was a little surprised.

Asked: "Why are you?"

Chen Feng smiled too, stepped in, and said, "Of course I came to see the master."

Xue Leng looked into the room and said, "Grandpa is in the room. Just go in by yourself."

After speaking, she ignored Chen Feng, but continued to do her own thing.

It seemed that he had been accustomed to Xue Leng's deserted temper since yesterday, and Chen Feng didn't say anything, and walked in with his things.

The old man in the room was sitting in a chair at this time, looking at the newspaper.

Even if information is so advanced now, this ancient habit cannot be easily changed.

Before Chen Feng spoke, the old man looked at him and said, "Listening to the voice, I knew it was you."

Chen Feng smiled and said, "Your old ears are great, and I knew it a long time ago."

The old man also smiled, looked at the gift in Chen Feng's hand, pointed to the table, and said, "Put things on it, and then go. Look at your appearance, I know what you mean."

Chen Feng was also taken aback, but he didn't expect the old man to be so direct. He didn't say much, and did what the old man said.

Chapter: 1090

When Chen Feng went out, Xue Leng looked at him again.

Knowing that she was also curious, Chen Feng took the initiative to say, "Master doesn't seem to want to see me too much."

Xue Leng nodded.

When Chen Feng was about to leave, Xue Leng said again, "Can you help me buy some things? There are too many things. I may not be able to move back."

Chen Feng didn't expect Xue Leng to ask him to help, but seeing that there was still time, Chen Feng agreed.

"Go now?" Chen Feng asked.

Xue Leng said, "I'll talk."

Chen Feng waited until Xue Leng entered the house, and then when she came out again, she held a purse in her hand.

A typical lady's wallet, with a cartoon character on it, Chen Feng smiled in his heart, how did he think that Xue Leng had such a side.

The two were expelled side by side, Xue Leng did not speak, and Chen Feng followed her.

When I arrived at a large shopping mall nearby, I had been busy for a long time. Chen Feng looked at the bag in his hand and really bought a lot. Basically, he bought all kinds of supplies, and some of them were even large in quantity.

"Will this be too much?" Chen Feng finally asked as he walked back.

Xue Leng said, "Not much."

"But here..."

Before Chen Feng finished speaking, Xue said coldly, "Are you tired?"

Chen Feng is not tired, it's just these things.

But Chen Feng, who was given this sentence to Ge Ying, couldn't say anything more.

But after a while, Xue Leng took the initiative to say, "Actually, Grandpa was in a very bad mood last night. Although it didn't happen, I can see that people ask someone to ask for help. This incident itself is a torture to Grandpa."

When Chen Feng listened, he was also sad, how could he not know the old man's temperament.

"I know the pain of the master, but I can't do much." Chen Feng could only say so.

Xue Leng said, "I'm not telling you what I want you to do. It's just that Grandpa's spirit is very bad. I'm afraid something will happen."

Chen Feng was stunned for a moment. He didn't expect Xue Leng to think about it this way, but when he saw the old man in the morning, his temperament seemed fair.

But then something came to mind, maybe the old man was just pretending to be so, otherwise he wouldn't be allowed to leave immediately.

"Then what do you want to do?" Facing the death of the old man, Chen Feng also lost his mind.

Xue Leng gently shook his head and said, "I can't help it. This incident has hit Grandpa too much. Even overnight, he seemed to lose his energy."

Chen Feng was silent, just following Xue Leng behind him.

Xue Leng didn't speak anymore. The topic was indeed a bit heavier, but death was something everyone would face, and the elderly could not be an exception.

But it was so, but it couldn't make Chen Feng's heart feel better.

The old man once said to Chen Feng that the purpose of practicing martial arts is to keep one side safe and keep one place peaceful.

He remembered this sentence, but he did very little, he just thought it was too old, like those decadent etiquette, cumbersome but meaningless.

The current Wubian is just to keep his peace. Chen Feng thinks so, because no one will feel that he wants to cling to others, and only himself is the biggest foundation.

But these are things from the past, and Chen Feng can no longer recall anything.

"Are you going to be in the magic city lately?" Xue Leng asked.

Chen Feng understood what she meant. She was afraid that the old man would really die. He thought for a while and said, "I will stay here."

In fact, this is a lot different from what he planned at the beginning, but Chen Feng doesn't care much anymore.

"That's good, if you wish, the house near Grandpa's house is mine. You can live there."

Chen Feng nodded and said, "I have something in the afternoon. After it's over, I will come and find you."

Xue Leng nodded.

The two of them spoke very plainly, did not push or pull too much, just one sentence confirmed a lot of things, there was no objection, and there was not too much nonsense.

He sent Xue Leng back, wanting to say something, but thinking that he would meet again in the evening, and there was no need to miss the time, so he also left directly.

Xue Leng said, "If you don't want to, you don't actually have to force yourself."

Chen Feng shook his head and said, "I want to come by myself."

Xue Xue said coldly: "Then you go."

After leaving this city, I met Lin Lu smoothly, but Chen Feng's mood was not high, so he didn't say much, just asked where to buy the lock.

And Lin Lu also saw some clues, but she didn't know what happened and didn't ask.

Originally shopping, it was peaceful all the way, but after returning to Lin Lu's community, he saw a familiar figure at the door, the big belly man with Zhou Dao and them.

The man also saw Chen Feng immediately, and ran away, but that guy was so fat that Chen Feng didn't even exert any effort, and he had already chased him.

Chen Feng buckled his collar, lifted him to the wall, and then asked, "Where is Taoist Zhou?"

The belly shook his head straight and said: "I don't know, I just passed by here, where do I know where Dao is?"

Chen Feng smiled and said, "Do you think I will believe your words?"

The big belly really wanted to die. He thought that he was just staying to smoke a cigarette, but he met Chen Feng, and even now he couldn't get to know them.

Big belly said: "I really don't know, please let me go, I am also forced."

Seeing that he didn't want to say anything, Chen Feng punched him in the stomach. Although his strength was great, his belly was upright, and he felt relieved a lot.

But so, that person still bends down in pain.

Naturally, Chen Feng would not let him go so easily, pulling him up, and then leading him towards the community. He thought that Zhou Dao went to Lin Lu's house again.

Lin Lu also really saw these thieves who wanted to break into his home, and she was a little scared in her heart, but seeing Chen Feng had already walked to the front, she could only follow.

Lin Lu opened the elevator door for Chen Feng and then pressed the floor.

The big belly was always begging for mercy, but Chen Feng ignored it. Seeing that he was about to reach the place, he knew that he would definitely meet Dao Ye and the others, and if Dao Ye saw that he brought Chen Feng and the others in, Dao Ye must Won't let him go.

"I tell you, Master Dao is on it, please let me go. I promise that I won't follow Master Dao to do this kind of thing."

He seemed to be forced to confess to Zhou Dao.

But already here, how could Chen Feng care about his so-called message, just glanced at him coldly.

The elevator turned on, and I felt very desperate. I only hope that Lord Tao can listen to his explanation.
