

# Chapter: 1143

The moment he saw his elder brother's eyes, he knew that his elder brother was definitely not joking with him, but it was true. If he waited until his elder brother had mastered the Sun family, then he would only have the result of living on the street.

He knows the pitifulness of those street tramps, because he himself has done things to bully them, even if they beat and spit on them, they can't resist, they are the weakest group of people.

Sun Yongxu thought, shook his head desperately, never be a tramp, and not let others spit on me at will.

The more he thought about it, the more scared he became.

Slowly a desire for power rose in his heart. He knew that only if he sat in that position and completely squeezed out his two brothers, then he could stay in the Sun's house and have countless countless things. wealth.

He sat on the balcony and looked outside the hotel. At this moment, the phone rang, and when he took a look at the phone, his brows wrinkled slightly. It was his useless sister, Sun Limo.

He didn't want to answer the call, but he knew that the call would keep coming.

"What are you doing?" Sun Yongxu looked impatient.

"Yong Xu, are you okay?" A soft female voice came on the phone, like a mellow daughter Hong.

"If I'm not good, can I still answer your call?"

"I didn't mean that, but, I heard that there was a murder in Yanjing, and you seem to be right there too."

Hearing the content of concern, Sun Yongxu calmed down a little.

"I happened to be absent, so it didn't affect me either. I'm fine, don't worry." As he said, he hung up the phone for himself, regardless of whether the other party had anything to say.

He soon heard about the banquet, after all, he came out of that banquet hall at that time.

But thanks to Chen Feng letting him leave, he didn't experience that kind of thing. He even felt that Chen Feng was his lucky star. It was just that he had kept him away from such dangerous things as soon as they met, so he would naturally be able to help in the future. He became the master of the Sun family.

When people are confused, they always hope to use some supernatural affairs, such as unfounded superstitions.

Sun Yongxu seems to have seen the dawn of future victory.

But thinking about it, he thought of his annoying sister again.

In fact, in the final analysis, he didn't even know why he was so annoying. He just looked at her weak and he was always angry. Maybe it was because she couldn't help him, or the one who was also bullied.

This made Sun Yongxu see his own shadow in her body.

But this kind of pain is not unreasonable, starting from their mother, it is the root of all pain.

Sun Yongxu didn't want to think about it. He picked up the phone and dialed the special service in this hotel.

Within a week, Lin Wanqiu's mood finally recovered a lot, and at her insistent request, Chen Feng had to leave temporarily and go outside.

Although Chen Feng himself didn't have too many things at the company level, he basically let him wake up Liu to host, but he still has his own things. This chapter is not finished, please click on the next page to continue reading! Page 1 of 2

The birthday party on that day still had a big impact, but the final conclusion remained unresolved.

This made Chen Feng very upset. He absolutely couldn't tolerate this kind of thing happening in front of him in Yanjing's site.

In a clean bar, it seems that drinking is something that every lonely person likes to do.

Chen Feng could only vomit like this and walked in.

There were very few people at this time, about three or two, each sitting in its own place.

"Are you Shao Chen?" Not long after sitting down, someone came to Chen Feng and asked.

Chen Feng looked at him, he was a child who was only seventeen or eighteen years old.

"I am, the big dog made you come here?" Chen Feng asked.

"It's Brother Dog, after he let me see you here, he will take you there."

"Okay!" As he said, he got up.

Naturally, Chen Feng had nothing to worry about. He found this man named Big Dog, and he just wanted to get some information from him.

In a city, all people cannot be bright and beautiful. There are always some people who live at the bottom and do the dirtiest work, but for many reasons, they cannot live as comfortable and bright as ordinary people, but they are also Need to survive.

Therefore, holding a group for warmth is their natural demand.

This person called Dagou is the person in charge in this area. He knows many people and has his own capital flow. There are many idle people under him. He can provide you with any service as long as you need it.

Not even limited to serious things.

The bartender at the bar didn't stop the 17- or 18-year-old from bringing Chen Feng into the back. It should be the bar staff who can enter. It seems that this big dog should have something to do with this bar.

However, Chen Feng does not care, this is their rule of life.

Walking out from the back door, there was an alleyway with many messy things. Three or four people squatted on the side of the road and smoked there. They stood up only when they saw the youth bringing people over.

"This is what Shao Chen looks like," said A Qiang, a young man in his early twenties.

"Brother Qiang, this man is what Brother Dog was looking for, now I will leave it to you."

"Let's go, your kid knows that the horse with your big ass is thinking about your big ass. He will push back and block when he does something. Sooner or later he will die on that woman." A Qiang scolded with a smile.

The young man smiled flatteringly, A Qiang couldn't see it, so he wanted to kick him, but the young man avoided him, and then ran away in a hurry.

After the youth left, A Qiang took a fancy to Chen Feng and said, "Brother Dog, let us take you there, but before that, you should know the rules!"

Chen Feng frowned, he really didn't know.

"What rules?"

A Qiang snorted coldly, and said, "It looks like a newcomer, no wonder I haven't seen you before."

He looked at Chen Feng and stretched out his hand to provoke a few times on Chen Feng's clothes.

"It looks like a rich man, that would be the best. Let's pay the entrance fee!"

"How much?"

"Not much, two thousand." He stretched out two fingers, and then added: "It's just that no one has two thousand."

There are a total of four people here. That adds up to 8,000. The money is not much, but when you enter the door, you start to ask for money. It seems that the appetite behind it is not small.

"Eight thousand?" Chen Feng asked.

A Qiang shook his head and said: "You can't count, plus the kid just now, one is two thousand, it's not twelve damn!"

It was Chen Feng's turn to be puzzled, even if he added that kid just now, it was only ten thousand.
