

Chapter: 1168

The company of the next day is as usual today.

“The manager of the HR department seems to have not done much recently.”

Qi Chun’s work seems to be a little heavier in the past few days. He doesn’t know why, but the work from above is increasing.

It wasn’t a little free, and the colleague on the side began to speak in a low voice.

Qi Chun also knows the direction of the wind in the company recently. The personnel manager who was suddenly airborne by President Chen wanted to rectify the structure of the entire company. Message.

This can’t help but think that he also had to succumb to the siege of these people.

“Who knows, maybe it’s being threatened, or maybe it’s still holding a big move behind.” Qi Chun pretended not to care.

In fact, in his heart, as long as he is less oppressed at work, he is already grateful enough. As for other things, he doesn’t want to care.

“I’ve heard, it seems that those people are planning something to deal with this Manager Liu, and they seem to want to drive him out completely.”

“Probably not. This is the person selected by President Chen himself. As long as he didn’t make any mistakes, could anyone else be able to move him.”

When the colleague talked about it, he pulled his chair next to Qi Chun. He lowered his voice and said, “You think it will be fine if you don’t make a mistake. These people can have a way to deal with one person. Have you forgotten the previous one? At first, he said that he was embezzling, but when everyone was punished, he found evidence that the previous incident was just a false accusation.

But everyone has already left, can you find someone back after you explain it?”

Qi Chun also knew about this, so when he talked about it, Qi Chun didn’t refute it anymore.

“Let’s take a look. If you really want to deal with this manager Liu, I think Mr. Chen might still have to take action.”

As the two said, a colleague passing by, reminded in a low voice: “Mr. Chen has come to the company.”

“Really?” The one who moved the seat hurriedly moved the seat back, making a look of looking carefully at the information.

Qi Chun smiled at the reminding colleague, and returned to his work, and after a while, he saw Chen Feng.

He walked slowly, with no one beside him.

When he came to Qi Chun’s seat, Chen Feng suddenly stopped.

Qi Chun was a little surprised. I don’t know why Chen Feng suddenly found him. Could it be that he made any mistake.

“Do you know the direction of the conference room?”

Qi Chun froze for a moment, he did not expect Chen Summit to ask such a question.

But he also stood up, pointed in the direction of the conference room, and said, “Mr. Chen, go from here, and the first room will be there.”

Chen Feng smiled and nodded to him, and then walked over.

It was the first time that Qi Chun had spoken to Chen Feng, and he was still a little nervous unconsciously, but it seemed that Chen Feng did not look like a strict person and was kind to others.

He immediately shook his head mockingly. No matter what Chen Feng is, he shouldn’t think about it. There are so many things in the group now that something will break out at some point. This chapter is not finished, please click on the next page to continue reading! Page 1 of 2

According to Qi Chun’s direction, Chen Feng also quickly came to the conference room.

It was full at this time. They did not sit very quietly, but got together in twos and threes, discussing in a low voice, they were called, but they didn’t know what happened.

Chen Feng just smiled and walked in.

“Sorry, I was delayed on the road because of some things. I made everyone wait a long time.”

But even if Chen Feng was late, no one dared to accuse Chen Feng of not being wrong, but after Chen Feng came in, they all quieted down.

Chen Feng sat in the top position, and after watching a circle, he finally stopped on Liu Xing behind him.

“Then let’s start!”

But at the beginning, it made people feel strange. After all, everyone didn’t know what to discuss, and it seemed that Chen Feng was not going to talk about it himself.

In such thinking, Liu Xing stood up.

“This time the meeting was mainly to adjust various personnel appointments in the company. In order to create a clearer company management, after discussion with Mr. Chen, I drafted some personnel changes and dismissals.”

But before Liu Xing finished speaking, he exploded the pot underneath.

“Mr. Chen, what does this mean?”

“This has not been discussed by the executives at all, Mr. Chen, this way, it bypasses the management program of the group.”

“This will cause chaos, chaos for the entire group.”

Anyway, there are various reasons, that is, to quarrel and make Chen Feng give in.

But Chen Feng just sat there, watching the noise of these people.

There were also attacks on Liu Xing: “You are the villain, bewitched in front of President Chen. The group has been in peace for so long, but after you came, so many things have happened.”

Chen Feng chuckled and stopped: “This time the incident really has nothing to do with him. It’s just that I have been watching everyone doing so for the company, and I feel a little distressed. This is not a chance for everyone to go home for retirement.”

“Chen, this is going to happen!”

“As for whether there will be an accident, I won’t bother you. Even if the entire group is collapsed, it is my Chen family’s business, and it has nothing to do with you.”

Chen Feng’s tone was very calm, even calm and suffocating, as if completely incontrovertible, what he said was everything.

Yesterday, Lao Zhou, who had been drinking with the two of them until midnight, sat down in a chair dejectedly, and what he was worried about would actually happen.

But as for Mr. Zero, why has there been no information? This time, the interests of the entire Chen group have been lost. Wouldn’t Mr. Zero feel sorry?

Lao Zhou didn’t know, but he knew that no one could persuade Chen Feng anymore.

Yuan Lie stood up and shouted, “Mr. Chen, don’t you worry, shall we deal with the Chen family in turn?”

Such shameless words immediately silenced the conference room. Everyone looked at the executive president. The matter had not yet been confirmed to him, but his reaction was far more intense than everyone else.

This is not something incomprehensible. Yuan Lie knows that he must be on the list of layoffs this time, because all this is to make room for Liu Xing. If he doesn’t go down, what about Liu Xing? It may be in his position.

Chen Feng had never looked at him before, but now that he stood up, Chen Feng could only look at him.

“You can just do it.”
