

Chapter: 1169 (END)

I don't know why, so Chen Feng has no fear.

When Yuan Lie heard this, he seemed to know that he had lost, but he was not reconciled and said, "Mr. Chen, have you made everything simple?"

Chen Feng asked curiously, "Is there anything complicated? It's just layoffs. Without you, I can naturally find the right person again. When it comes to this, I won't be hiding from you, your positions. In fact, I have found all the candidates. Just waiting for you to leave, I can immediately sign a contract with those people."

Hearing Chen Feng's words, everyone took a breath, and as expected, Chen Feng came prepared.

"It seems that Chen has always thought about it. No matter how I persuade him, I'm afraid I won't be able to change Mr. Chen's mind."

"It's true. Today, two-thirds of the people here will go away, and the rest of you are also under observation. If something goes wrong, they will still leave for me. So I also hope that the rest of you can do it for themselves, of course if you feel dissatisfied, I will not stop you. The door of the company is open and you can leave at any time."

Yuan Lie said: "Then there is nothing to say, Mr. Chen, I can only tell you that the company's accounting is not as simple as you seem. If I hand in the information in hand, the company will definitely be picked up. Even bankruptcy is not impossible."

After he finished speaking, Liu Xing over there didn't say, "President Yuan doesn't need to worry about this. Over the past month or so, I have checked all the company's accounts for the past three years. Yes, we have fully communicated with the tax authorities since last week."

As soon as these words came out, Yuan Lie seemed to be pinched from his throat, and he was constantly moving upwards. His breathing became difficult. Originally, his body was a little bad because of his age. This anxious fire attacked the heart, and almost lost his breath.

"You...you, remember it to me." It took him a long time to let his breath go down.

Knowing everything is hopeless, Yuan Lie said, "What are you still sitting here for? Do you still expect to be in that third? Don't you feel insulted when he drives you away?"

But even if he said that, very few people responded to him, except that the pudgy man who drank with him yesterday stood up.

Yuan Lie looked at Lao Zhou and said, "You are not expecting you to escape, do you?"

Lao Zhou knew in his heart that he must be on the list of those who were kicked out, but he really didn't want him to be like that. He still has a family that needs him to take care of, and the child has a lot of money to study abroad recently. If he is fired now, then in a short time he also knows that it will be very difficult for him to find his current job again.

But even so, he thought for a while, waiting until the other party asked him to go out is worse than taking the initiative to go out.

He slowly stood up and followed Yuan Lie.

Liu Xing said: "Manager Zhou, after considering the matter this time, President Chen and I think that if you can provide us with some information, we can't let you go. After all, your strength has been for so long. It is seen by the entire group." This chapter is not over yet, please click on the next page to continue reading! Page 1 of 2

Old Zhou was stunned for a moment, looked at Liu Xing, then looked at Chen Feng, Chen Feng just smiled, and did not speak.

Finally, he looked at Yuan Lie again.

"Humph! You believe their nonsense, don't you know who you are doing things for?" Yuan Lie asked.

Lao Zhou thought of that Mr. Zero, he was a little scared, but that came from the fear in his heart.

"That Mr. Zero, we also know a little bit." Liu Xing's words caught the attention of Lao Zhou and the two again.

Yuan Lie couldn't believe it and said, "How is this possible, why do you know that one?"

"Since he will work on the Chen family, he will always leave clues, and as long as he follows these groups of clues to look for, he will naturally know the hidden facts behind that." After speaking, he looked at Lao Zhou again and said: "Manager Zhou, if you are afraid of that person, I don't think you have any reason to worry. After the company is eradicated this time, our next opportunity is to deal with that Mr. Zero."

Liu Xing paused.

"So, as long as you can tell us what you know, for you, we won't do it to you."

This is a straw after falling into the water, and even more.

Yuan Lie also knew that what he said didn't seem to have any weight. After all, this time Chen Feng could shoot against them, which meant that they would also shoot against zero, and that the right to choose was with Lao Zhou.

It seems that everyone is looking at Lao Zhou. Lao Zhou also knows that he needs to make a choice. He is still sitting in his seat, and Yuan Lie is waiting for him to express his position. If he wants to stay here, the two of them will leave.

He thought for a while and looked at it again. This choice was really difficult, and Mr. Zero appeared in his mind again.

Mr. Zero, who has never met before, can't be contacted either. He manages everything behind his back. The entire Chen family has so many capital exchanges, but is perfectly hidden by Mr. Zero here. He is like a genius.

That's why Lao Zhou felt scared. He even had a hunch that if Chen Feng and the others were to attack each other, then Chen Feng would definitely fail.

Thinking this way, he stood up.

"Sorry, President Chen, I still can't stay."

Yuan Lie was a little happy, but Chen Feng didn't respond. He wouldn't feel that things completely failed because of one's gains or losses.

The road ahead is still going on.

"Mr. Chen, we need to take care of it in the future. We are the enemy when we get out of here. If we come back one day, it will also be the time for us to win."

Yuan Lie smiled at Chen Feng, and then led the two out of the conference room door.

This confrontation seems to have just begun.

When everything in the conference room is over, those who should leave will leave at last, and the rest are just a little grateful, and they seem to be more confused about the future.

Standing on the roof of the company, the wind was a bit louder.

The entire Yanjing seems to be at a glance from here. If there is anything in this world that is blooming, then this is already one of the most prosperous places.

Chen Feng didn't know how long his future start would be, but he knew that he was just beginning, that Mr. Zero, that Xiaoyao Sword, it seemed that everything was still not over.

Liu Xing came up, he came to Chen Feng's side with the coffee in his hand, and handed a cup to him.

"If the road is not difficult enough, then the end of the road is just boring, and I hate boring things."

End of the book
