

Mr Smith 191

Chapter 191: Amber White Is Going To Kill Sean

0 5 minutes read

Sean...

That was her only son!

It was too painful, and there was a ray of tears in Mrs. Smith's eyes.

The conversation between Shen Ruyun and Jiang Xue was not finished yet.

"Mom, you can't let this matter go!"

"The thing can't be so simple. How did Amber White marry Sean three years ago, haven't you forgotten?"

"In the past few years, our Smith family didn't do anything sorry for her. When her daughter had an accident, Dad did not hesitate to agree to take money to redeem Cindy White!"

"I think it is fake that Amber White likes Sean; she wants Sean to die!"

Shen Ruyun paused and looked at Jiang Xue. The indifference between her lips converged into insidious words, one next to each other. It slammed into Mrs. Smith's heart:

"Mom, Amber White is planning to kill Sean to take away our Smith family's wealth!"

Jiang Xue's heart burst, and she subconsciously wanted to see Mrs. Smith's reaction.

Mrs. Smith had always liked Shen Ruyun; she believed Shen Ruyun's words!

Yes, there was nothing wrong with what Shen Ruyun said. Besides, Tomas Smith had always trusted Amber White. This matter was well known. If Shen Ruyun didn't wink at her, Jiang Xue would believe in the words of Shen Ruyun too!

Mrs. Smith took a deep breath. She trembling with her hands, her breathing became heavier and heavier: "Help me...Go to Amber White's ward!"

Hearing that, Jiang Xue and Shen Ruyun looked at each other, each of them stretched out both hands, reached out to support Mrs. Smith, and helped her out of the ward.

Sean Smith repeatedly had accidents. Mrs. Smith had already had an emotional breakdown. She was supported by Shen Ruyun and Jiang Xue and walked a few steps. Her dizziness eased, she reached out and brushed away Jiang Xue and Shen Ruyun, strode towards Amber White's ward.

...

Amber White just fell asleep vaguely, Lu Yi's voice rang in her ears.

"Amber, you should sleep for a while; I will buy you something to eat."

Amber White replied weakly. She was sick and became so weak that she was shrunk in the bedding, sleeping dizzy and unsteady at all.

She had a hanging needle in her hand, and she was lying flat.

After sleeping for a few minutes, Amber White suddenly felt a thick black shadow on her body. In the next second, a slap in the air engulfed the hot wind and threw it heavily on her face.

Amber White suddenly woke up.

The pain made her heart startled, she subconsciously stretched out her hand to cover her face, opened her eyelids, and met Mrs. Smith's angry eyes.

"Mom?"

Mrs. Smith sneered: "Mom? Don't call me, mom! I don't have a daughter like you!"

As she said, she violently grabbed Amber White's suspension needle and pulled it out with force.

The needle was fixed on the back of Amber White's hand with medical tape. With Mrs. Smith's sudden movement, Amber White felt a pain in the back of her hand, and the blood was taken out along the needle.

Amber White was taken aback by Mrs. Smith. The next second, Mrs. Smith reached out and grabbed Amber White's medical gown and pulled her forcefully in front of her.

Mrs. Smith's tone was hard: "What did you say to Tomas Smith?"

"Amber White, I didn't expect you to be such a person!"

"If you want to kill my son, kill me first!"

"What? Just because Cindy White is unsafe now, my son must be buried with her?!!!"

Amber White was stunned by Mrs. Smith's words. Lu Yi also told her just now that Cindy was sleeping in the old house. How could it be that Cindy was unsafe?

"What do you mean?"

"Mom, don't scare me; why is Cindy unsafe now? Shouldn't she sleep in the old house?"

Upon hearing this, Mrs. Smith sneered: "Sleep?"

"Your daughter was kidnapped by the kidnappers! That's why my son would stay on the mountain with you!"

Mrs. Smith's emotions seemed to collapse a little; every word she said carried a strong sense of revenge!

If it weren't for Amber White, would her Sean be missing? !

Amber White listened to Mrs. Smith's words, but couldn't take care of her pain. Her pupils shrank and only saw Mrs. Smith lifted her lips, and her voice was gloomy: "Yes! It's Cindy White; it's her fault!"

She grabbed Amber White suddenly and shook her body desperately.

“Give my Sean back! It’s all your fault!”

Amber White was caught off guard. The fever had not subsided, and her head was dizzy. Also, she had just learned about the kidnapping of Cindy White; her mood was ups and downs. Tears welled out of her eyes.

Amber White subconsciously stretched out her hand to push Mrs. Smith: “Mom, stop making trouble. Tell me why Cindy was kidnapped?”

Mrs. Smith was pushed by Amber White and she almost fell. Shen Ruyun subconsciously reached out to support Mrs. Smith.

“Amber White, how dare you?”

Shen Ruyun interjected, her voice was indifferent.

Mrs. Smith waved her hand away and rushed forward again, but before her hand touched Amber White, her arm was shackled by a pair of palms.

Tomas Smith yanked Mrs. Smith away. He made a calm expression and yelled, “Stop!”

“Are you crazy? You are in the hospital, isn’t it shameful?!”

Mrs. Smith: “...”

Tomas Smith rushed over after hearing the noise here. Mrs. Smith was even more excited when she saw him. There was no news of Sean Smith; her expression on her face was anxious.

Without hitting Amber White, Mrs. Smith raised her hand and grabbed the face of Tomas Smith.

He couldn’t avoid this action. Tomas Smith was scratched by Mrs. Smith, leaving a bright red nail mark. Bloodshot leaked from her face.

Tomas Smith gasped.

Mrs. Smith didn’t want to stop, even if Tomas Smith shackled her, she still ran rampage, looking like she was going to fight against Tomas Smith.

Her eyes were filled with bloodshot eyes. When she looked at Tomas Smith, it seemed like she was looking at her enemy.

“Tomas Smith, what do you mean? Why do you let the rescue team back?!”

“Amber White has gone downhill safely!”

“Why do you leave my son alone on the mountain?!”

“I have lost my three sons. Would you not leave the last one to me!”

Mrs. Smith was so sad, and tears fell again. When she spoke, Amber White and Tomas Smith were taken aback.

Amber White was shocked because she heard that Tomas Smith ripped off the mountain rescue team. Anyway, Sean Smith was the only heir to the Smith family. Why was Tomas Smith so Cruel, and did such a thing?

Tomas Smith frowned and watched Mrs. Smith: "Who told you that?"

"So, you dare not admit what you have done? Can't you let me know?"

Mrs. Smith's eyes became red: "That's right, you are going to kill my son. How can you care about my feelings? How can you be afraid of knowing by me?"

Chapter 192: Attempted murder!

0 5 minutes read

"You only care about Amber White. You believe every single word she says. From the moment she married Sean, you scold and hit my son for so many times! Now, you are going to kill my son! "

"You did a great job, Tomas Smith!"

Mrs. Smith was heart-breaking, and tears fell from her eyes like broken beads. She properly maintained her face seemed to be ten years older in an instant.

"Yeah, Dad!"

Upon seeing this, Shen Ruyun continued: "No matter what Sean did wrong, your decision to not let anyone go up the mountain to save him is too excessive!"

"This morning, Amber White said that her daughter is missing and she wants to stay and find her!"

"Now, we know where Cindy White is, and Amber White is safe too, only Sean is left on the mountain!"

"There are so many coincidences in the world, but we can't be fooled by a good show directed and acted by someone!"

"What she wants is Sean's life and our family's money?"

Noisily in his ears, Tomas Smith was so angry because of Shen Ruyun's words, he suddenly raised his voice and screamed: "Shut up, you!"

"Get out!"

He clasped Mrs. Smith, and Shen Ruyun was not afraid. She tilted her head and smiled: "Dad, you treat me too differently!"

Tomas Smith glared at Shen Ruyun!

Amber White's ward was in a commotion, and the people living on the SVIP floor looked out to watch them!

Tomas Smith can't take care of dealing with Shen Ruyun!

The Smith family had already arrived, and even Fang Weiwei was here too.

When he saw her, Tomas Smith breathed a sigh of relief, "Weiwei, come and take your mother back to her ward to rest!"

"Okay!"

Fang Weiwei agreed. She walked into the crowd, stretched out her hand to hold Mrs. Smith's arm, lowered her voice, and said as if comforting a child: "Mom, let's go back first, there are many people outside! If you have any questions, we will talk about it when we return to the ward!"

Mrs. Smith raised her hand to shake off Fang Weiwei, her body shook severely.

There was a tendency to collapse again.

"No! I want Sean! I want my son!"

As soon as this sentence was finished, Mrs. Smith cried out, her tone of voice seemed to break in her throat: "I have only a son, he still has injuries..."

"If he has something in the mountains...I won't live anymore!"

Tomas Smith hated Mrs. Smith spoiling child. He suddenly raised his voice: "That beast committed an attempted murder! I left him in the mountain to fend for himself, and I entirely treat him well! "

"What? What attempted murder?! Attempted murder!"

Mrs. Smith looked around, glanced at Amber White, and asked bitterly, "Is it you?"

"You are good now. Are you instigating discord again!"

"I shouldn't have let you marry Sean!"

"I thought that your bone marrow could save Sean! Now it seems that you are a bad guy at all!"

"Sean can live two more years without you! Now everything in my Smith family is destroyed in your hands!"

"What evil I did! I'm going to kill my son!"

She suddenly laughed a few times, it should be that her emotions were too tense. After she laughed, she fell again.

"Mom!"

Suddenly, Fang Weiwei was taken aback by Mrs. Smith and stretched out her hand to wrap her shoulders.

Tomas Smith closed his eyes and raised his hand to them, "Send your mother back to the ward!"

Fang Weiwei nodded when she heard the words. Seeing that no one was helping her, she called a nurse and left the ward with Mrs. Smith.

In a farce, without the central figure of Mrs. Smith, and Tomas Smith was here, the atmosphere in the ward was solemn to the extreme, and extremely quiet.

Amber White was shocked by the series of news brought by Mrs. Smith. She sat on the hospital bed, and Mrs. Smith's fingerprints were still on her face vigorously.

Lu Yi just said that Cindy was sleeping in the old house.

Lu Yi also said just now that people from the Smith family would let people go into the mountain to save Sean Smith, and would not let him die in the mountain...

She was kept in the dark like a fool, even if at the beginning, Lu Yi just wanted her to recover from the illness, Amber White still somewhat can't accept the truth.

After sitting for a long time, Amber White reacted.

"Dad, is what mom said is true? Cindy was kidnapped?"

Amber White looked at Tomas Smith and asked carefully. She stared at her with big eyes and her heart seemed to be screwed together.

Tomas Smith just wanted to talk, but when he met Amber White's gaze, he paused and fell silent.

But this moment of silence, undoubtedly acquiesced to Amber White's words!

Amber White panicked all at once.

While on the mountain, Mrs. Smith once called Sean Smith, saying that Cindy got a low-grade fever, that must be a fake too. She just to make her and Sean Smith go down the mountain quickly!

"Dad, did the kidnappers call us? I'm going to find Cindy now."

Seeing Amber White about to get out of bed, Tomas Smith was taken aback, and hurriedly stopped her, he said: "Amber, don't worry. The other party is asking for fifty million. I have sent someone to the bank to get cash. Before getting the money, Cindy will not be in danger."

Amber White's eyes became red, and Cindy was what she had.

Whether Cindy's life was in danger, it was impossible to conclude!

Besides, Cindy was only three years old. What happened when she was a child was very likely to leave psychological trauma and cause changes in her entire life!

As long as Amber White thought about it, her head becomes more dizzy!

"Cindy still has a fever..."

"Dad, I can't just sit still!"

Tomas Smith waved his hand, a bit of disapproval on his face:

"The other party specified that they want to deliver the money, but Amber, you are still injured... Isn't it more dangerous? I can't..."

Since those people dared to kidnap Cindy, it meant that they did not care about the power of the Smith family.

Because of Sean Smith, Amber White had been almost dead on the mountain, and he can no longer let Amber White take personal risks again!

Tomas Smith was determined, and Amber White was a little panicked. She stumbled forward a step, and her voice became a little choked:

“Dad, I can’t let Cindy suffer. Others don’t know Cindy’s identity, you know. that, Dad, after all, Cindy is the child of the Smith family, so let me go!”

As long as the thought of Cindy White in her invisible corner, there was a potential, invisible danger to her, Amber White’s heart was like being held by a pair of big hands, it hurt.

The two of them stood in a small ward, facing each other.

Tomas Smith gritted his teeth and turned his head away. The current situation of Amber White was so bad. How can she bring money to redeem Cindy White?

So, no matter what she said, he didn’t plan to let her go.

“Uncle, I will go with Amber.”

Chapter 193: Go To Search Sean

0 5 minutes read

Hearing the sound, Tomas Smith suddenly turned his head and saw Lu Yi, who was holding a hot porridge.

He stood against the light; Amber White could not see the expression on his face, only saw the packaged porridge in his hand, exuding a slight heat, he seemed not as calm as usual.

“Lu Yi!”

Tomas Smith scolded.

Lu Yi put the porridge on the table in the doorway and whispered: “Uncle, don’t worry, I will take good care of Amber!”

“Stop!”

“The kidnapper wants Amber to take the money to redeem the child alone. If you go with her, what if the kidnapper sees you?”

Lu Yi’s eyesight flickered, and he said in a low voice, “I’ll be careful!”

With that, Lu Yi pointed to Amber White again and whispered: “Amber already knows the news of Cindy. Even if you ask her to take a rest, she can’t do that, so it’s better to let us redeem the child first!”

“Uncle, I made this decision after careful consideration! Please believe me, I will not put Amber White and Cindy in any danger!”

Tomas Smith: “...”

He tilted his head to meet Amber White’s faintly red eyes.

Tomas Smith sighed, then he nodded in agreement.

“You... be careful!”

Amber White almost shed tears upon seeing this.

She walked a few steps forward in a medical suit. Because of her weakness, her steps did not seem very steady. Fortunately, Lu Yi reached out and helped her to prevent her from falling.

“Amber, would you like to change clothes?”

Amber White shook her head, Cindy was kidnapped, and she just wanted to see her child as soon as possible!

Her face was so pale, Lu Yi frowned, and his palm which was holding Amber White’s arm clasped slightly.

When she reached the top of the stairs, Amber White’s footsteps suddenly stopped. She looked back at Tomas Smith, and said in a light tone: “Dad, call the police station and let them go up the mountain to search Sean. “

Tomas Smith’s hands tightened, and he looked up at Amber White in disbelief.

She didn’t seem to expect that she would say such a thing.

“Amber you don’t have to be so kind...”

Amber White shook her head and whispered, “No, I can’t turn myself into a murderer just because others want to kill me.”

“Dad, I am also a person with a child. I know how sad you and mom would be without Sean.”

“So, let the rescue team go up the mountain!”

After all, most of the areas on the mountain had collapsed, and Sean Smith was alone on the mountain. If there was no rescue team, he might have difficulty getting down the mountain!

Tomas Smith lowered his head.

Amber White’s words caused an uproar in his heart.

Various complex emotions flooded into his heart. Tomas Smith did not insist on objecting, his voice was a little dry: “If that bastard can come back alive, I will make him kneel and apologize to you and Cindy.”

“Amber, thank you!”

Amber White closed her eyes. After experiencing such a thing, she gave up on Sean Smith.

Even if there were some things that she couldn't let go, Amber White also decided to get away from Sean Smith.

She didn't take Tomas Smith's words to heart.

On the contrary, Lu Yi who was standing next to Amber White, his expression became gloomy when he heard Amber White's words, and his thin lips were as cold as a knife.

Even if Amber knew that Sean Smith was going to kill her, she still decided to let Sean Smith go!

And let Tomas Smith send someone to the mountain to rescue him!

Was there any other reason besides love? !

...

An 'shang Mansion.

When Sean Smith woke up, he saw the dark gray ceiling.

His clothes were changed. He lay on the soft bedding. The injury on his back was no longer painful, and he was as comfortable as a dream.

Sitting up from the big bed, Sean Smith narrowed his eyes and met a familiar figure.

The layout of the bedroom was familiar to Sean Smith, wasn't it Gu Jinyan's apartment?

Hearing the movement, Gu Jinyan turned her head back, his eyes flickered, and a smile overflowed:  
"Dude, you are awake!"

"You have to thank me for this time. If I hadn't adjusted the helicopter and arrived in time, you would be dead!"

With a roar in his ears, Gu Jinyan's words pierced Sean Smith's ears, sentence after sentence.

"You don't know how critical the situation was at the time. When I arrived in the Maple District, you were floating on the edge of a big puddle!"

"I almost thought it was a corpse!"

"If you hadn't been hung by a branch, you would have sunk!"

Sean Smith's head was heavy. He had just woke up and his consciousness was still in that fuzzy period. Gu Jinyan rarely saw Sean Smith be so embarrassed, so he wanted to make fun of him.

"Dude, I remember that you are good at swimming? You even won prizes in domestic swimming competitions!"

"Almost drowning in a puddle is embarrassing. I advise you to bribe me as soon as possible, otherwise, I will advertise your glorious deeds!"

As he said, Gu Jinyan met the pale handsome face of Sean Smith. He frowned, and his beautiful eyes were somewhat serious: "Are you uncomfortable?"

Gu Jinyan was a little worried. After all, Sean Smith had been soaking in the puddle for so long, and his body had been hurting.

Adding to the fact that he didn't speak after waking up, wouldn't it be a headache?

Thinking about it, Gu Jinyan asked again:

"Dude, why are you in the Maple District? Didn't you call me in the Stone District?"

"The rescue station in the Stone District is very safe, and it has not been affected by the collapse of the mountain. Why did you want to run outside?"

As Gu Jinyan spoke, he was a little puzzled.

Sean usually looked wise and had a good sense of direction. What was going on this time?

After he went out with Sean Smith, the entire Maple Forest was collapsed, and Sean Smith almost killed himself!

Gu Jinyan's chattering endlessly, and Sean Smith's consciousness was finally called back by him. It was probably because when Gu Jinyan spoke, the picture was too heavy, and Sean Smith suddenly remembered that he was originally on the mountain!

Sean Smith looked around, his voice was hoarse: "Where is Amber White?"

Gu Jinyan was taken aback, "Who's Amber White?"

Sean Smith's stiffened. He squinted to look at Gu Jinyan, his voice suddenly raised: "Isn't anyone in the puddle too?"

"What? I saved you, so I evacuated quickly. The weather is so bad, who knows if it will rain again."

"Dude, it's the helicopter, I didn't dare to let my grandpa know that!"

"I told you, there is no one to go except me!"

"If I hadn't taken you away quickly, both of us would be buried in rocks!"

Chapter 194 Get rescued?

0 4 minutes read

Gu Jinyan was facing Sean Smith when he was talking. No sooner had he finished than he saw him suddenly opened the thin blanket and marched out the door without his shoes on, which left him stunned, and he quickly stopped Sean.

"What's wrong with you?! You hurt very badly, and what are you going to do now? How dare you go out when your back is so rotten?"

Sean's eye oozed a shocking layer of dark red, "Amber White is probably in that puddle...I'm going to find her!"

Sean felt bad as if his heart had been torn in two. He licked the corner of his dry lips. The guilt and fear almost overwhelmed him. He would be to blame if something happened to Amber. It was he who hid Cindy that caused so many things, as well as Amber's injury. So, everyone could ignore her, but he could not! Moreover, he knew the puddle was so deep that Amber might be out of luck if she was in it. Thinking of this, Sean panicked. He shook off Jinyan's hand and tried to go out.

Gu Jinyan could not stop him and explained, "Well, take it easy! I'm kidding. There is news from the police that she has been rescued and is now being treated at the Central Hospital in Tong City.....And out of danger now!"

Sean was delighted, "Rescued?"

A flicker of surprise came to his eyes that Amber had been rescued. There was no reason why Amber was rescued, and yet he remained where he was. He narrowed his eyes and remembered clearly that he had been moved behind the tree.

Seeing something wrong with Sean, Gu Jinyan was confused, "Yep, what's wrong?... Wait! Didn't you say you were with her when you called me?... So, how on earth were you separated? Why was she rescued, and you still there???"

Sean frowned and said in an awkward tone, "I also want to know what's going on!"

Then Sean was going to out but stopped by Jinyan, "Calm down! She has been rescued, and where are you going?"

Sean said indifferently, "Hospital!"

As Jinyan said, Amber was in hospital now, and he was going to ask her why she had left him alone to sink or swim. Didn't she know that he had nearly fallen into a puddle and drowned in his search for her? He also wanted to know about the raincoat. Why was the raincoat floating on the puddle after she had left, which made him think she had fallen into it and jumped in like a fool over and over again.

Jinyan stepped forward and buckled his wrist, "No!"

Sean was confused, "Why?"

"Don't be angry if I tell you." Jinyan fumbled.

Sean had a sinking feeling, and he pursed his lips, narrowing his eyes and saying in a chill tone, "Go ahead!"

Jinyan smiled and said, "Your father called the police station and removed the rescue team, then he put nasty words out that leave you to fend for yourself on the mountain!.....I wondered if there was some misunderstanding?"

He glanced gingerly at Sean, whose face was gloomy now, "I didn't even call him, and I'm afraid to tell him you were here.....and afraid that he'll come at you with a knife."

"Ah?!" Sean sneered: "What? Did he remove the rescue team? And he wants to see me with a knife?!"

Was that what Mr. Smith said? Was Sean not his child? Or Amber said something to Tomas after she had been rescued? The only person in the world who could have affected Thomas and even killed him was Amber. Sean could not think of anyone else who could have.

The anger under Sean's eyes deepened, and he tightened his lips.

Jinyan said, "As a matter of fact, I know someone at the hospital. Your mother was seen that she rushed into Amber's room and settled an account with her; it probably something to do with Amber..."

After that, an idea popped into his mind, and he blurted out, "Oops, could it be that you have been unkind to her, and she took the opportunity to punish you?"

Punish him?

For some reason, Sean suddenly remembered that Amber wanted to take a small path. He said no; she wanted to take shelter from the rain. He said no again; even she asked him to hold her. Neither did he! Then she was hit by a falling stone and got hurt.....

So, did it mean that he was not good for her?

Whatever he did, people would think it weirdly. Would Mr. Smith think he wanted to kill Amber as she was seriously injured?

It was ridiculous!

Why there was anyone praise him when he repeatedly dived into puddles to retrieve Amber and carried her down the mountain in his arms at the risk of his own life, then managed to shield her from falling rocks and got hurt?

His face was more gloomy, he squinted and kept his feet in the outward position, but his pale handsome face mitigated his face's coolness.

Then he took a step forward.

Jinyan preceded him to the bedroom door and blocked it, "Where are you going? You need to rest!!!"

"I'm fine! And I'll not die even if I get stabbed twice."

Oh, gee, was he going to the hospital?

He reached out to touch his forehead and said anxiously, "Well, no fever! But why.....Mr. Smith is still angry. You should take cover and explain to him when he is cool off."

Sean sneered, "Why? I did not do anything wrong; why should I explain?"

Amber was so powerful now that even a word could make Mr. Smith disregard Sean. There was very dangerous on the mountains that he did not even hesitate to remove the rescue team!

Oh, no!

There was no such thing as the father-son bond between them since Amber White married into the Smith family. It was foolish of him to worry about her on the mountain!

His wound began to ache faintly again, and his face grew more melancholy at the thought of his folly in the mountain.

He glanced at Jinyan and said indifferently, "Get out of my way!"

The rain had stopped outside. Jinyan had opened the window, and there was a faint smell of earth in the room.

"Uh...you..."

"I don't believe he could cut me to death for Amber?"

Chapter 195: Fulfil you

0 4 minutes read

Failed to persuade Sean Smith, Gu Jinyan stood at the door and fumbled for the phone; then he said as he dialed, "Well, I'll let you go.....but it's a little far from the hospital, wait a minute, I'll get a car to take you there."

Jinyan frowned, he glanced at Sean and asked worriedly, "You have to rein in your temper and don't be on your high horse when you saw your father.....So as not to lose again."

Sean said nothing.

There was a rather sepulchral atmosphere in the room. He stood there and frowned. The fine light reflected off his long lashes on his charming face, which reflected his insouciance.

Jinyan did not make sure if Sean had heard it, but he frowned and asked the driver to take the car to the phone's An Shang mansion.

After that, Jinyan held his phone and said lowly, "Well, let's go, the driver is coming."

Hearing that, Sean took steps forward. He was dressed in the clothes of Jinyan whose style was different from him. The pink-and-white haute couture shirt was subdued by him, which was not frivolous at all. Although the rain had stopped, the wind was still strong, which made his shirt rustle. The cloth clung to his skinny waist, and the strange color made him even more charming.

.....

At the Central Hospital in Tong City.

Amber White and Lu Yi walked down the stairs in a hurry. The infected wounds and fever took all her strength away. She took two steps and slipped and almost falling down the stairs. Fortunately, Yi held her up, "Are you okay, Amber?"

Yi frowned and looked worried.

Amber could not stop thinking about the thing that Cindy was kidnapped, and there were tears in her eyes.

“No worries! As uncle said, the kidnappers want money, so they will not do anything to Cindy.”

Lu Yi was distressed to see her cry. Amber was numb with pain in her heart. She blinked her eyes and said tearfully, “How could I not be worried? Cindy is only three years old, and she has a high fever.....It’s my fault, and I should have taken her when I went down to change clothes. I shouldn’t have trusted anyone!”

She should have known that Sean would never take Cindy’s good care with his character and his dislike for her.

“I shouldn’t have taken any chances. I think there were too many people on the mountain, and Cindy would be safe.....it’s all my fault!!!”

Amber could not stop crying, and Lu Yi gave her the tissue to wipe her tears.

“None of your business! The most important things are to get Cindy back, stop crying, okay?”

Amber nodded with tears in her eyes. There were many things in her mind, and she did not even know how to vent. However, as soon as Sean got to the hospital, he went to the nurse’s station. He was about to ask which floor Amber was on when he looked through the plants and saw the two pulling at the stairs’ door.

Amber was dressed in a hospital gown. Her face was pale; she nestled against Lu Yi, who looked very worried. He wiped her tears with a tissue, which looked so affectionate that Sean suddenly became cold.

He risked his life to look for her, fearing that something happened to her. It turned out she was flirting with the man here. He squinted, and his unique pride suddenly was frozen in his action.

He strode toward the two of them with a steady gait that showed no signs of injury and his tall figure blocking Amber and Yi, then he said sarcastically and contemptuously, “There are so many people here, and you two can’t help hugging in the stairwell. Is it right that next time we meet, I should call Miss White as Cousin-in-law?”

Lu Yi looked up when he heard Sean. There was a small window above them, and Sean was standing against the light. Not knowing if it was because of the angle, Sean seemed to see Lu Yi squint.

“Uh...it really is you, Sean?”

His words made something clear to Sean. He raised his hand and pressed the corners of his lips, then sneered, “Well, I see! You want me to die, and then you can move in with your spouses!”

Sean deliberately used the word widow. Amber did not react to his presence just now, but her paleness went a little paler when she heard his words.

“Cousin Yi, would you like to tell me why did Amber attract you? Is she worth what you’ve done for her and even not mind that she had a baby?”

Lu Yi glanced over at Amber unconsciously and whispered, “Do not go overboard, Sean!”

What? Do not go too far???

Lu Yi did not look at Amber the way he should, there was something wrong, and everyone could see it.

Sean smiled, stroked the nonexistent crease in his shirt, and said casually, "OMG...are you, Cindy's father?... You should have told me earlier that I will help you to fulfill your wishes.."

"Slap!!!"

A clear voice in the narrow stairwell particularly loud. His words were sealed between his lips and teeth, and he stroked the right side of his face in disbelief, a dull ache reminding him that what had just happened was not an illusion. There was a coldness in his eyes; his black pupils turned into a pool of cold water, and the way he stared at Amber was chill, "You hit me!!!"

There was incredulity in his tone. Amber was ill and out of strength, but she hit him very hard just now.

His fair face was red in one second. Sean pressed the tip of his tongue against his cheek that hit by Amber and stared at her.

"You can humiliate me, Sean, but you don't have to drag anyone else into it."

Brrr!

Sean sneered again. Amber hit him for a man!!!

And the point was, she could be high-sounding and plausibly!

His pent-up anger rose to the surface, "I did not humiliate you when we were on the mountain, but you not drag me into the water, didn't you?"

At this moment, the words remind Amber of Cindy's kidnapping, and as Lu Yi said, Sean abandoned Cindy in Fenglin District.

Her heart trembled with disappointment, pain, bitterness, and determination as if the Cruet Stand had been knocked over in her stomach, and its taste made her tears again.

Did he not humiliate her?

Had he not done her bad enough?

Chapter 196: "I wish you were dead!"

0 4 minutes read

Amber quivered, "I wish I'd drowned in the reservoir with you, Sean!"

"Look! Finally!"

Sean got so angry that he tightened his hands into fists. How many grudges should be in her heart so that she could say such words!

"You want to kill me long ago, right?"

There was some room in his words, but Amber didn't back away, "So the same to you!"

"So, you're the one who removed the rescue team?!"

Sean suddenly clenched his fist and Lu Yi subconsciously pushed Amber behind him.

The expression on his face was beyond expression, "It's a misunderstanding, Sean."

Amber thought Lu Yi was going to explain something to Sean and she grabbed Lu Yi's arm as he said. She escaped by a hair breadth on the mountain and she learned that his heart was as hard as a stone and will never soften. She could not please him, not even at the cost of her life and she had lost all hope of him. So, after intercepting Lu Yi, Amber was particularly adamant, "Yes, it's me! I wish you couldn't get down! I wish you were dead, Sean!"

Sean pressed his fingers, the sound of bones pounding was clear and abrupt. His eyes oozed a subtle trail of bloodshot that was not easy to be noticed and Amber did not notice it either.

Okay!

Good!

It was foolish of him to try to stay on the rocky and dangerous mountain just to find her!

"Me too, Amber White!.....I tried to kill you more than once on the mountain!"

"Tried to drown you in the reservoir!"

"Tried to burn you at the rescue station!"

"Let you be killed by falling rocks in Fenglin District!"

Sean gritted his teeth, moved aggressively forward with a slight sense of emotion, and placed a knee-jerk clasp on Amber's forearm.

Amber grunted in pain. She was badly hit and badly hurt, Sean just pinched the bruise on her arm, which made her tremble. However, she clenched her teeth and said nothing, pushing his hand away. She thought the things out of line that Sean did to her was that she was abandoned in Fenglin District as Lu Yi said.

But she did not think it was much more than that!

She still had a little doubt about Yi and had a little hope for Sean, but all this completely shattered and annihilated in her heart with his admission.

"Is that all you want to say?...Get out of my way! I'm going to Cindy."

Sean frowned and confused, "What?"

He remembered that he was told by Amber that Cindy had been found and slept in the old house of Smith family. There was a lot of tension between the two of them, Lu Yi looked at them and explained, "There was something you did not know yet, Sean.....Cindy was kidnapped when you worshiped Johnson on the mountain.....The kidnappers called Mr. Smith and specified that Amber take the 50 million RMB to the ocean in the suburbs to redeem Cindy."

At this moment, Sean suddenly was enlightened.

Oh! I see!

Amber was not supposed to be whispering when mom asked her to answer the phone!

“So,my mom told you on the phone that Cindy was kidnapped? And you knew I’d lost her?.....You’re getting even with me!!!”

Amber was blunt and said, “Yes,you’re right!.....Well, get out of my way, please, or I’ll call dad. He said he would break your legs when he see you.”

So,Amber wanted to walk through the stone forest area, to stay on the mountain for shelter and ask him to give her a hand, which was all part of a plan to kill him!

Sean stood where he was but Amber, who worn out of patience pushed him away and strode out of the hospital! Without warning, Sean was pushed back against the wall and gave a knee-jerk gasp. On the mountain, Sean was hit on his back in order to prevent Amber from getting hurt! And she added insult to injury by pushing him. Lu Yi noticed that something was wrong with Sean and he glanced at Amber, then gave him a hand.

“Are you okay, Sean? Forget it! Cindy has been kidnapped and she was in such a hurry that she lost her temper.”

Sean looked at him, “Are you interceding for her?”

“I’m just sticking to the facts.”

“So...who are you? Her future husband? Or her current husband’s cousin?”

Sean sneered and Lu Yi stunned, “Well, I think you’re okay and...I’m going with Amber to Cindy, see you!”

Then Lu Yi let go of his hand and walked towards in Amber.

“Wait!” Sean stopped him and there was a look of sadness in his eyes, “Who save Amber?”

Lu Yi was stiff but Sean did not notice it because of he was in pain. Then Lu Yi answered, “I saved her.”

Hearing that, Sean twitched his brow.

Lu Yi said again, “But I did not see you.....so, how did you get down the mountain? Did you get hurt? Would you like to check it out?”

Sean said nothing but looked at Lu Yi with a deep eyes. From the time he stayed to find Cindy until he passed out to save Amber, he never separated from her but Lu Yi said he didn’t see him on the mountain. Sean suspected that Amber may have woken up when he still was in a coma and driven off.....but what he wondered was how the earth did she wake up?

“Did you guys have a fight on the mountain and walked separately?.....I looked for you where I found Amber for a long time but the mountain collapsed in half, which was so dangerous and I took her down first.....but Aunt said that you were with Amber,what’s going on?”

What was going on?

Sean sneered in heart. As Amber said, she wanted him dead!

He understood why did her raincoat float in the puddle as she was rescued. Perhaps she had deliberately created an illusion that she was in the puddle to keep him there.

Sean did not bother to respond, Lu Yi did not get angry either and looked towards Amber, "Go to have a check, Sean. I'm leaving to go with Amber to redeem Cindy."

Chapter 197 Amber is my wife!

0 4 minutes read

"Uncle is still in bad mood. Watch your words and for your good, don't provoke him again!"

Sean focused on the fact that Lu Yi said he would accompany Amber to redeem Cindy, which made Sean feel disgusting.

Lu Yi still was the way he was! He tried to be with Amber as Sean was still alive! Cindy was lost because she was playing hide-and-seek with Lu Yi, so he was partly to blame for this!

There were a lot of people in Smith family even if Sean did not company Amber, but why did Lu Yi go with her? Well, maybe he was in a hurry to raise Cindy for Amber.

"Is Cindy white your daughter?"

Lu Yi was asked when he released the hand that held Sean, he looked at Sean as if he was helpless, "Stop talking nonsense, Sean!"

"Yes or no?..... Amber is still my wife and we're still married. Her daughter is my daughter, and there is no need for another man to take my place!"

Lu Yi was stiff, which was noticed by Sean and he raised his lips sarcastically, then pushed Lu Yi away and took two steps towards Amber.

Gu Jinyan, who had followed Sean to the hospital and watched them, then he smiled, "What are you doing with my sister-in-law? A love-hate relationship?.....Why didn't you explain?"

Sean gave him a sideways glance and Jinyan said, "Well, I shut up."

"Where are you going? Sean, you can't go anywhere now, let's see the doctor!"

"Give me the key!" Sean asked and Jinyan suddenly was enlightened, "Are you going with Amber?"

Jinyan frowned and said, "I just saw Uncle Smith gave her a box in which the money should be...she's on good terms with him and she will be fine. So, you don't have to go with her as you're wounded."

Sean sneered and snatched the key from the trouser pocket of Jinyan.

"Eh.....did you get me?"

"Well, you mean Amber can go as she got hurt but I can't?"

Hearing this, Jinyan said nothing.

Then Sean walked out with the key in his hand and was followed by Jinyan, "I didn't mean it, I...I mean the kidnappers just want 50 million RMB and you don't have to go."

Jinyan should have heard what Amber talked with the men of Tomas Smith. Otherwise, he would not even know the amount. Sean said nothing, just walked with great strides to the hospital parking lot and getting in the driver's seat.

Jinyan tried to get in but he did not open the door, he whispered in disbelief, "What?"

"The kidnappers requested Amber to go with the money and you're not Cindy's father, What are you doing there?"

Then Sean drove away and Jinyan looked not good. But he suddenly remembered that Sean told him that Cindy was not his kid.

So, what the hell he was doing?

.....

Sean was out of the hospital by driving Jinyan's car and soon spotted Amber with a suitcase. He could see Amber through the windshield in a loose hospital gown that made her look thinner. The suitcase she was carrying was not very large but it clung so tightly to her body that it seemed to overwhelm her at any moment. At least, Sean was shocked.

He caught up with her, slammed on the brakes and opened the window, looking at her indifferently, "Come on!"

Amber ignored him. Her leg was hit by falling rocks, which made her walk stumblingly and she walked in front of the car. It was the first time she had ignored him so much and she infuriated Sean. He got out of the car, swing the door open, and grabbed Amber by her back collar. Then Amber was dragged to the front of the copilot.

Sean was so rude that her face turned red and coughed several times. Then Sean picked her up like a crazy man and threw her heavily into the seat of his car. Amber still had a fever and Sean had just acted so rudely that she was dazed, even could see the stars.

Amber subconsciously reached out to block it when she saw Sean trying to slam the door and then she just felt the force of a thunderbolt against her arm, which made her hummed and looked paler. Sean slammed the door with a hint of anger but he did not expect Amber to react and throw her arm at the door.....

He was stiff suddenly, "You....."

Amber suddenly pushed him out of the way in front of the copilot, "What the hell do you want to do?... I know you want me dead but you should not be in a hurry, do you?"

Sean was going to ask her how she did she get hurt on the elbow but her words made him angry and he clenched his hand in his trouser pocket.

Amber did not think that why did he run around the mountains with her in his arms if he wanted her dead? She would have died within ten minutes if he had left her alone when she was hit by falling rocks at first.

How easy it was!

There was a grievance in his eyes, he said, "I'll take you to Cindy!"

It was the first time that he had controlled his temper. But Amber sneered, "How could you be so kind?"

Amber insisted on getting out of the car and ignored Sean, "Thanks, but I'll take a taxi!"

She trembled when Sean hit the door with his fist and she looked at him with a subtle terror in her eyes. Her nerves had already exploded to a tipping point as Cindy was in danger and then there were tears in her eyes.

Sean said, "I have something to do with the kidnapping of your daughter! Otherwise, I'll leave you alone...Well, let's go to Cindy first!... Don't make the hard way, Amber."

Chapter 198: I'm The Only Heir Of The Smith Family

0 5 minutes read

Amber White's eyes became red: "It's none of your business!"

"What?" Sean Smith's fingertips pointed towards Amber White who was carrying the box, he said sarcastically: "Director White, the fifty million you carry is mine. It's my family's money!"

Amber White's hand shrank subconsciously: "Dad has given it to me!"

Sean Smith sneered, Amber White thought he was going to ask for the money again?

When was he so stingy?

Did she think that he would care about this money! ?

"Yes!"

"What if the kidnappers want more? Amber White, do you think you are worth the money, or is Lu Yi worth the money?"

"Don't forget, I am the only heir to the Smith family!"

"No matter how the kidnappers want more I am the only one who can help you continue to get more money!"

Amber White paused. Sean Smith was right, since the kidnappers can take Cindy away in full view, why wouldn't they ask for more money?

The one who could make more money right now must be Sean!

Sean Smith saw Amber White's hesitation. With a sneer, he stretched out and pushed Amber White's hand on the car door, and closed the co-pilot's door.

After Sean Smith got into the car, he stepped on the accelerator.

His eyesight was gloomy, his palms holding the steering wheel were vigorous and powerful, possibly because of injuries, his handsome face was somewhat pale.

Sitting in the driver's seat, facing the sun, there was quite an illusion of quiet time.

But after experiencing the turmoil on the mountain, Amber White would no longer be fooled by Sean Smith.

It was also the first time that she had such a strong desire in her heart to draw a clear line from Sean Smith.

Amber White held the safe tightly, hesitated again, and again, her tone was indifferent: "Don't worry, I will try my best to return the money!"

"I don't want to owe you anything."

The direction of the car strayed abruptly, but then it was on the right track again. If it hadn't been for a sudden shake, Amber White almost thought it was an illusion.

The air in the car condensed quickly, and the air-conditioner was not turned on, but it didn't feel any dull.

The voice of Sean Smith was so indifferent, and it seemed to penetrate Amber White little by little:

"You don't want to owe me anything? Who do you want to owe? Lu Yi? Or other stupid men who are?"

"Maybe you won't be able to have fifty million in your entire life. How do you plan to repay the debt? Will you pay the debt with your body?"

"Sorry Director White, I don't like the type like you!"

Amber White pursed her lips. She had long been used to the humiliating words of Sean Smith which had always been verbal!

Amber White did not speak, and Sean Smith clasped the steering wheel tighter.

He turned his head and glanced at the position of the co-pilot, and when his eyes touched the box in her arms, the black pupils instantly turned into a bottomless cold pool.

Bitterly indifferent.

"Why don't you speak, and you are thinking of a way to let me die? What about that? You can take the bastard and inherit the property of my Smith family?"

"This is also a good idea!"

"Director White, you do have a good plan!"

Amber White had a fever and shrank in the position of the co-pilot. Her lips became increasingly dry. She stretched out the tip of her tongue to lick from time to time.

Upon hearing this, she frowned.

“Sean, you asked to go with me to redeem Cindy, just because you want to say these things and humiliate me?”

Humiliate?

Amber White was so confident!

He can say whatever he wanted to say!

After all, she had already confessed it personally that she wished he would die!

Amber White can never say that he wronged her!

“Don’t you think so?”

Sean Smith sneered and asked.

He felt strangely erratic and nervous.

But he changed his mind immediately. He still did a few stupid things on the mountain before, and Amber White didn’t thank him, and she still wanted to kill him!?

Wasn’t it natural for him to feel upset?

After waiting for a while, the carriage was still as quiet as before, and Sean Smith subconsciously glanced at Amber White again.

Amber White’s gaze was calm, and even the curvature of her lips was slightly raised, she’s tacitly acquiescing!

She did want him to die!

The blue veins on Sean Smith’s wrist bulged, and the feeling when the puddle was submerged spread again.

He was a fool, he would believe that a woman like Amber White would be willing to die!

He once searched her in the pit over and over again!

He shouldn’t have died, he was rescued by Gu Jinyan, otherwise, how happy Amber White should be now?

Sean Smith’s eyesight became gloomy, and he asked, “You hate me so much now?”

“President Smith, can’t you feel whether I hate you or not yourself?!”

Amber White sneered.

Sean Smith thought that the love of Amber White was cheap. Love must be obtained, not love is hate, when she hated him, she wanted to kill him! It’s so pathetic to be loved by her?

He didn't care at all!

Sean narrowed his eyes, but was still annoyed by Amber White's answer, and Sean Smith stepped on the accelerator and directly pressed it down.

The speed of the car suddenly soared, and it sped up on the one-way street in the city.

Because it hadn't been far away since they left the hospital, there were still a lot of vehicles on this road, and Sean Smith's car was very skilled, and he shuttled among the vehicles.

The most frightening thing was that Sean Smith passed the car on the right and almost collided with a car in the other lane.

Amber White's face suddenly turned pale.

She stared at Sean Smith tightly: "Sean, why are you driving so fast? Slow down!"

Gu Jinyan's car was a Maybach, with excellent performance and terrifying high speed. Amber White estimated that even if it didn't run two hundred yards, it would still be 160!

The point was that Sean Smith was sitting in the driver seat, without a seat belt on his body, his eyesight was dim, oozing out a few careless wisps.

"Slow down? Director White, you won't save your daughter?"

"You are afraid?"

Amber White was almost driven mad by Sean Smith.

"Yes, I want to redeem Cindy. I don't want to die, so please slow the car down!"

"I told you before that Cindy is only three years old and she can't live without her mother!"

"Mr. Smith..."

Sean Smith glanced at Amber White, with a lazy voice: "Is it related with me?"

Amber White loosened her hand on the safe and touched the seat belt unconsciously.

She hated him was a fake, he hated her must be true!

If Sean kept the speed in the city, they must have a car accident!

Amber White's face was pale, and a few dark red oozes under her eyes.

Her lips moved, and she couldn't say a word.

Sean Smith sneered, with a hint of joy that even Amber White could understand.

Amber White knew what he was thinking immediately.

The more scared she was, the happier Sean Smith was!

The more cowardly she was, the more Sean Smith would be high!

Amber White suddenly understood that fear would only satisfy Sean Smith's perverted desire to torture her. She might as well do the opposite...

With a calm expression, she tried to stay calm: "Sean, are you more worried about Cindy than I am, that's why you drove the car so fast?"

Chapter 199: Stop The Car!

0 5 minutes read

"You also want to redeem Cindy as soon as possible?"

Sean Smith frowned, "What? What are you talking about?"

"Wandering is a sick, Director white, you are sick!"

"Don't worry, I will never raise Cindy White in my life!"

"The reason that why I would come here isn't to approve of you and Cindy White! If it wasn't for the kidnapping was related to me, I would not even look at it even if you died!"

Sean Smith licked the corners of his lips. When he spoke, he unconsciously remembered when he took Cindy White to play yesterday.

He fed too much ice cream to Cindy White, which caused her to still have a fever.

Sean Smith's eyebrows frowned, the speed of the car became higher!

Cindy White's stubborn temper was no different from Amber White!

Sean Smith was really worried, that the little girl would get involved with the kidnapers, and she would suffer because of that!

Amber White didn't know what Sean Smith was thinking.

Before asking this question, she had hope in her heart.

After all, no matter how she and Sean Smith were, Cindy needed a dad...

And it can be seen that Cindy liked Sean Smith very much.

But Lu Yi was right, she couldn't fool Cindy forever!

She would know the truth one day that her father did not love her, and he even thought she was a little bitch!

Just thinking about it, Amber White's heart began to tremble.

She couldn't imagine what would happen to Cindy if the world of fairy tales collapsed!

"Stop!"

Amber White hesitated and yelled in a low voice.

Sean Smith was tight, and he glanced at Amber White for the rest of the time, “What are you going to do? Go further, and we will almost reach the suburbs! After passing through the suburbs, it is the trading place! “

“Let me stop at this time. Director White, do you intend to leave me alone?”

Amber White’s face paled: “Whatever you think, just stop the car!”

As she said, Amber White stretched out her hand to buckle on the handlebar of the car, and Sean Smith’s eyes suddenly shrank.

“Amber White, what are you doing?!”

Amber White’s mind was a mess, she didn’t want Sean Smith to save Cindy! She regretted getting in Sean Smith’s car!

Cindy had a blind admiration for Sean Smith, she was afraid!

She’s afraid that he saved Cindy this time, and Cindy would like him even more!

At that time, if Sean Smith couldn’t be kind and pierced the lie. How sad Cindy would be?

Amber White suddenly pushed the car door from inside, moving so fast that Sean Smith did not even have time to press the central lock!

“Stop the car, or I will jump off!”

Sean Smith hurried over. The speed was so high. There’s a car behind them. Although the distance was not close, Sean Smith didn’t dare to brake suddenly!

He stared at Amber White’s eyes, as if he could burst out fire!

“Okay! Just jump!”

“I warn you, Director White, at my speed, if you jump down, you will die! Whatever happened to you, I will immediately turn around!”

“There is no need to save Cindy White, anyway, no one would raise her!”

Amber White’s heart almost stopped!

The hot and humid wind poured in along the car door opened by Amber White, and her mind became sober!

Her movements froze.

Sean Smith was right. He had always refused to let Cindy be his daughter. How could he raise and redeem Cindy?

He already had Tang Tian’s child!

Wasn’t it easy to raise a child? Tang Tian and Li Tian can give birth to him!

Over the years, Sean Smith had changed so many girlfriends!

A trace of void flashed in Amber White's eyes, but the movement finally stopped.

Sean Smith breathed a sigh of relief.

Maybach's speed was fast, Amber White jumps, and if the car behind did not brake in time, Amber White would die!

Sean Smith's lips were a little pale, the joints of which were holding the steering wheel clenched little by little.

He had just withdrawn his thoughts, his pupils shrank sharply.

There was a fork in the road, with a mountain in the middle. Sean Smith only focused on Amber White (Amber White who wanted to jump off the car and forgot here...

Seeing to hit it, Sean Smith suddenly turned the steering wheel to the right without hesitation.

"Boom!"

The sound in the ears was loud.

Amber White was completely dizzy.

The car parked on the left side of the road, the window glass of the driver's seat had been broken, and it was spilled into the compartment along the window.

There was a smell of blood in the air, and Sean Smith was lying on the steering wheel, panting violently.

Through the dim light outside, Amber White saw from a distance that Sean Smith's left arm was bloody.

The corners of Amber White's lips trembled.

Before this happened, if Sean Smith turned the steering wheel to the left...

He wouldn't have any trouble too!

In the summer, Amber White felt cold.

She knew that the driver was instinctive when driving. In an emergency, the driver would subconsciously turn to the left to try to avoid the impact.

The pupils of Amber White were refracted more and more transparent by the light coming in through the windshield.

But for Sean Smith, why did he turn the steering wheel to the right?

A wave of fluctuation suddenly floated in Amber White's heart, and a thought in her heart was about to move, and it made Amber White heart ached.

Was he protecting her...?

"Boom boom!"

The co-pilot's glass was knocked suddenly, and Amber White suddenly withdrew, her eyes out of focus.

A few people were standing outside the car window, who should be the driver of the car behind: "Girl, why did you crash into it? Is your boyfriend injured badly? Should you call an ambulance?"

Amber White was shocked, and she subconsciously looked back at Sean Smith.

"Sean?"

Amber White unfastened her seat belt and reached out to push Sean Smith's little arm: "Sean, you..."

"Shut up!"

A man's voice was hoarse like a stone for sharpening a blade, and the heart of Amber White was sour and soft.

"Are you okay, or... I'll call you an ambulance!"

He had just come down from the mountain, and she didn't know if he was injured. But from her position, Amber could see that the glass slag from the car window crashed into his skin and made him bleed...

Sean Smith sat up suddenly, his left arm shook suddenly, his face was pale, and even his lips lost their color.

"I won't die!"

Sean Smith greeted the person outside the window, which probably meant that he was all right!

As soon as the person left, Sean Smith squinted at Amber White. There were tears on her face. He didn't even know when she cried...

There was a sneer on the lips of Sean Smith, he suddenly stretched out his finger and touched Amber White's tear.

The rough fingers were like a blunt knife, which made her face some pain.

"Director White. are you crying for me?"

"Why?"

Amber White's body trembled, and between Sean Smith's eyebrows, a trace of impatience flashed. His black hair indifferently outlines his temperament, but can't hide his fragility.

Chapter 200: Play Some New Tricks If You Want to Kill Yourself Again

0 5 minutes read

"Sean, I'll call an ambulance for you... You go back first!"

"Go back? Director White, if my father can't bring Cindy back. I'm afraid he will seal all the hospitals in Tong City!"

"Now, only by depending on you can I see the doctor!"

Sean's expression was overcast, and he looked at Amber slightly suspiciously,

"You're crying. You're not under the mistaken impression that I did that to save you, are you?"

Amber, "..."

Sean sneered, "Director White, you are really good at making a scene! Next time if you want to kill yourself, show me something new!"

"Don't try to jump into the river and jump out of the car next time. It's not easy to kill yourself. And don't try to kill yourself when I'm around!"

Sean patted his left arm, "I bought several hundred million of insurance for my hands, but you don't know. What you did unintentionally will make an insurance company settle the claim with its all money and go bankrupt!"

Sean licked his lips. He felt that his brain was probably damaged. When the accident happened, he even wanted to protect Amber?

He thought, he must be worried that if he went back with Amber's body, he might be beaten to death by his father!

Let him die with Amber!

Of course he didn't want to see that happen!

Amber was completely silent.

She looked back. The mountain in the middle of the road split the road in half and blocked the road. Even if Sean turned to the left, she might not be spared.

Just because she was sitting in the car and she was unscathed, she flattered herself.

She even felt that the boy who petted her and loved her eleven years ago returned...

Amber rubbed her arms and laughed, "So, it's not a loss that you accompany me to ransom Cindy."

"Get hospitalized, wrap your wound in gauze and you can make hundreds of millions of dollars!"

"As far as I think you were saving me by turning right... Mr. Smith, don't worry. I won't flatter myself!"

Sean's numb arm suddenly hurt, and the pain spread to his internal organs, and other organs!

His expression was solemn. His eyes fixed on her. Amber's eyes were still red, and there was a layer of mist inside.

It was unpleasant to Sean's eyes. He said, "Then why did you cry? Seeing me hurt, you had a heartache? Well?"

"Mr. Smith, I won't care about a man who wanted me to die in the mountain!"

Amber's words were merciless, "Am I right?"

Sean firmly looked at Amber for four or five minutes before laughing,

“Yes! you are right!”

“Honestly, it’s a pity that you didn’t jump out of the car when you just opened the door!”

“I wanted you to die by hitting the mountain. I wanted to die with you!”

“However, I regretted it later!”

“Do you know why?”

Sean’s words were light. Amber’s heart seemed to be torn in half. Those broken glass scraps seemed to have plunged into her chest, hurting her so much that even she found it hard to breathe.

“Why... why?”

“Because you are too humble and worthless. I will be disgraced if I die with you!”

Sean said, restarting the car.

The front of the car was dented and the windows were all shattered. However, it was worthy of being a luxury car. It was still working.

The experience just now was really exciting!

Sean didn’t rush to drive, but instead sat in the driver’s seat and lit a cigarette.

The smoke swallowed Sean’s expression in an instant, and the strong tobacco smell occupied Amber’s respiratory tract. She resisted the desire to cough and held the safe a little tighter.

“Director White, if you still want to save your daughter, be quiet in the car!”

“Otherwise, I will turn around and take you back!”

Amber was hit by the falling rock, and she was treated in the hospital anyway!

But he was different. He was trapped in the most dangerous mountain, and his father withdrew the rescue team because of what she said!

What if Amber had long planned to jump off the car?

From the time when Sean went down the mountain, Sean hadn’t drunk a sip of water, and his physical strength had been overdrawn so much. He had no strength to accompany Amber to make a scene again!

“If you really want to die, no one will stop you. Remember to find a quiet place and bring a knife!”

“Then you can kill yourself smoothly!”

“Do you understand?!”

Amber, “...”

Sean had always hated Amber to turn a deaf ear to whatever he said. If she kept silent, he would take it as a yes.

After all, Cindy, to Amber, was equivalent to everything!

Moreover, Sean trusted Amber without rhyme or reason, and believed that she was not that kind of person who would make trouble before figure out the who situation.

When he thought of this, his face stiffened.

Amber would not make trouble unreasonably, but she wanted to kill him!

So, everything she did was premeditated!

For example, the thing happened in the reservoir, and she tried to jumped off the car?

It was really a tough job for Amber to carry out such an elaborate and calculated plan!

If he were another person, he couldn't help but praise Amber!

After he finished smoking, there was a hint of tobacco smell in the narrow space.

To be honest, Sean admired Amber.

Even if Cindy had been kidnapped, even if what he was doing was good for her.

She could still be ruthless, and wanted to kill him!

This small car accident gave Sean a feeling like his internal organs were displaced, and the pain made him grimace involuntarily.

His left arm shook. He turned the steering wheel to the left slightly, and moved the car to the road.

It was just a slight movement. However, with accumulated new injuries and old injuries, his consciousness was a bit blurred.

The joints of his hand that was holding the steering wheel were white.

On the contrary, Amber, sitting in the passenger seat as if nothing had happened. She took out a mobile phone, and lowered her head. Her black hair covered the expression on her face.

Sean's lips moved.

Wasn't Amber's phone broken because she jumped into the river and the water entered it?

Where did this one come from?

When Sean realized that he was paying too much attention to Amber, the expression on his face was stiff.

On the mountain before, old man Zhang said that Amber could not survive for twenty-four hours. How ridiculous!

Amber had been able to move freely and go to buy a mobile phone!

The mobile phone vibrated and rang abruptly in the car.

Sean glanced at Amber subconsciously.

The person who sent the message was Lu Yi.

Amber glanced at the content.

[ Amber, I've recorded your conversation with Sean just now. ] [I'm worried that my aunt will continue to pick on you when she wakes up. Sean has already admitted that he wants you to die, so if my aunt makes it difficult for you, play it for her.]

The third message was an audio message. Amber held the phone tightly.
