

Mr Smith 241

Chapter 241: Inspector White Couldn't Hold Her Liquor

0 4 minutes read

Zhou Ruo was wearing high heels and the floor of Ritz-Carlton was smooth. When she was pushed by Mr. Lin, she fell to the ground defenselessly as she gasped in pain.

Seeing that Amber White was about to be taken away by Mr. Lin, Zhou Ruo grabbed her phone and called Sean Smith.

The first time she called him, he didn't answer, he immediately cut off.

After all, she was a fresh graduate employee. When it came to experience, she certainly couldn't compare to Xu Lin, but she hesitated and dialed several times. Now, the call finally dialed through.

"What's the matter?"

Sean Smith's tone was cold as ice, it made Zhou Ruo froze in the middle of summer.

"Sir... Sir, Inspector White is drunk and Mr. Lin is taking her away!"

Zhou Ruo choked, "Sir, please, come quickly. Mr. Lin is a pervert, I'm afraid something will happen to Inspector White."

"....."

He hung up without answering.

Amber White was drunk with an old man?

No, it was an understatement.

Perhaps, it was Amber White's doing and the old man didn't fall for it.

Sean Smith didn't budge at all. His back hurt too much, especially in the summer. It would be a torture for the wound to break a sweat.

He called a doctor to treat his wound instead.

When Zhou Ruo called, he was half naked lying in the big bed in a suite. He turned over and looked at the time.

He couldn't help thinking about Zhou Ruo's call.

Where did Xu Lin get him this sweet and innocent secretary? Why did Zhou Ruo trust Amber White so easily?

Would a woman be willing be let herself get caught?

Was it real, then? Amber White didn't lie?

Didn't she say that she had a lot of lovers?

What about adding another one to her collection?

If Amber White was drunk and asleep, she asked for it, what did it have to do with him?

If he did go, he might spoil the fun.

The indoor light was dim and the curtains were closed. No light could penetrate in.

His eyes were deeper.

Half a minute later, he suddenly sat up, picked up his shirt, put it on, and buttoned it up. After that, he went downstairs.

With a steady pace, he opened the room and walked to the elevator.

He didn't care about Amber White.

He cared about the image of Smith Company.

Besides, Amber White was getting wilder. She flirted with another man in public and now, she was about to cheat on him.

She wasn't even that gorgeous.

After Zhou Ruo hung up the phone, she stood up and ran to where Mr. Lin took Amber White.

She reached out for Amber White's hand and said with a trembling voice, "Mr. Lin... Mr. Lin, Inspector White cannot hold her liquor..."

Mr. Lin shrugged her hand off Amber White. His true color was showing, "I can make Sean Smith kicks you out if I want to! Who are you? How dare you ruin my good thing?!"

Zhou Ruo was shocked. She never get scolded her whole life.

He carried Amber White and was about to go upstairs after the crossed the hall. His secretary already booked him a room.

He was enchanted by Amber White's beauty. Although he had long been immersed in the entertainment industry, Amber White caught his attention effortlessly.

She was the inspector of marketing department in Smith Company. He couldn't find any opportunity to get to know her.

Today, he finally met Amber White.

He couldn't miss this opportunity.

Mr. Lin was holding Amber White closely. He casted a greedy eyes on her saying, "Inspector White, don't worry. I'll take you upstairs. No one will disturb us."

Mr. Lin was so impatient that he wanted to run upstairs carrying Amber White.

But, there were too many people in the hall. He was afraid he might make a scene.

Zhou Ruo turned white after listening to his words.

“Oh, sweetheart, we’re almost there. I’ll take a good care of you soon.”

He reached out to press the elevator button, but suddenly his shoulder was heavy. Mr. Lin’s face darkened. Before he could turn his head, he was dragged away.

He was drunk. The strength easily slammed him to the floor. He grunted in pain as he swore, “You little... Mr. Smith... Mr. Smith?”

Mr. Lin felt guilty in an instant. Amber White was now in Sean Smith’s arms.

Mr. Lin borrowed the courage from the alcohol he drank. He held the tried, tried to stand up, but fell down again.

There were people passing by in the hall of the hotel, but he was sitting on the floor making a hiccup.

“Mr. Smith, don’t get me wrong. I saw Inspector White was drunk and I wanted to help.”

He opened his mouth and smiling shamelessly as he pointed his finger to Zhou Ruo, “Ask your secretary if you don’t believe me. I was about to send Inspector White back!”

Sean Smith narrowed his eyes, “Do you I think I need another man to take care of my wife?”

Mr. Lin must have thought that Sean Smith was blind. He thought Sean Smith didn’t see that he was so eager to hold Amber White and take her upstairs.

The private hall in the first floor was far inside and the gate of Ritz-Carlton was right behind. Amber White was drunk that she couldn’t tell the way out. What about Mr. Lin? Was he drunk that he went blind?

There was a silent rage in his heart. He tightened his grip on Amber White’s hand.

Wasn’t she clever? Didn’t she think of solutions every time she encountered difficulties?

What happened this time?

Did she have a crush on Mr. Lin, get drunk on purpose to sleep with him?

He looked the strands of hairs on Mr. Lin’s greasy face and his big belly. He felt sick looking at it.

Amber White was indeed blind.

Sean Smith didn’t bother to talk much with Mr. Lin. He turned around with Amber White in his arms. When he passed Mr. Lin, he kicked his shiny leather shoes on his calf bones.

Mr. Lin grunted with pain.

Mr. Lin was trying to suppress it all when Sean Smith came ruining his good time. But, now that he kicked him, he lost his cool.

He was angry.

“Sean Smith, don’t push your luck! Don’t you think that I’m afraid of you! I admit that I have a crush on your wife. I was about to take her upstairs. I booked the room already!”

Chapter 242: Did You Think All Men In The World Are Blind Like You?

0 4 minutes read

“I’m overboard, but I’m not embarrassed. Do you think all men in the world are as blind as you? Your wife at home is as beautiful as flower and jade, but you cannot appreciate her! You fool around with so women outside. I bet you lose count!”

“If you cannot cherish your wife, other man will! I’m doing her a favor. I don’t like the bad guy vibe you give off. Also, you’re such an asshole for making her live like a widow!” Mr. Lin was blabbering excitedly. He got up from the ground and pointed his fingers at Sean Smith’s nose.

As soon as he approached, Sean Smith couldn’t help kicking him. Poor Mr. Lin fell to the floor again, “Who do you think you are to cast a greedy eyes on Mrs. Smith?”

Mr. Lin was getting sober after falling again and again. The alcohol made him sweat, “Mr. Smith... you listen to my explanation.”

Sean Smith was a man of high profile in Tongcheng. Many people knew his affair, but this was the first time people rubbed it on his face.

Amber White shrank on his arms. With her eyes closed, he looked extraordinarily quiet. Sean Smith was annoyed with the sight he saw last week. He buckled his arms around her tightly. It was so tight it might wake her up. The veins on his hands bulged with anger. He was fooled by Amber White for so many times, but he never won against this scheming woman, not once.

The elevator opened with a beep. Sean Smith walked in with Amber White in his arms. His face sank. Amber White body leaned on him. He could feel her warm breath on his neck. It made him feel impetuous. The more he thought, he angrier he became, the tighter the grip he had on her body.

He deliberately made her a hostess for the partner to put her in an uncomfortable situation. Unexpectedly, Amber White made it turned out like this. He saved Amber White several times. Amber White annoyed him just as much. She was a shadow in his heart who thought that he wouldn’t care about anything because he didn’t watch things happened.

She deliberately drunk herself to find her position in his heart. No wonder that he old man was fooled by her. Amber White was indeed capable.

Sean Smith was so angry he wanted to just let go and throw her to the floor. Soon, he entered the suite with Amber White. When he was about to throw her on the bed, he heard her voice, “Sean...”

He was shocked and caught off guard. Amber White dragged her and they went down together on the big bed. He pushed her away but his eyes couldn’t escape the blush on her face, “Sean...”

Her voice was affectionate. Sean Smith was once again caught off guard. Before he could respond, she pressed him down, lowered her head, and planted a kiss on his lips. When her body scent filled up his nose, his body heated up and his mind was absent. Sean Smith reached out and buckled her body submitting to ecstasy.

Mr. Lin was right. Amber White was just as beautiful as flower and pure as jade. No man could ever refused her beauty. He rolled over and placed her body under him. His slender fingers pulled the hem of

her small shirt and stroked her waist. When his rough finger touched her soft skin, she frowned and slapped him in the face.

“.....”

Sean Smith was shocked. There was an indescribable consternation on his face.

“You beast! Don’t touch me! Get out of here!”

“.....”

His pupils shrank. Amber White wasn’t drunk at all, was she? Amber White probably went crazy from the alcohol and tried to torture him to death, “Let go of me, Amber! Why did you let Zhou Ruo call me if you’re not drunk?!”

Amber White turned over and slept quietly on the big bed. Sean Smith felt like he had a ball of cotton rammed into his throat. He couldn’t breathe normally. He reached out his hand and touched Amber White. She, like a mad chicken, used both hands and feet struggling wildly.

Sean Smith believed that Amber White must have drunk too much. He was kicked and the wound on his back ached. Sean Smith was upset. He unbuttoned the shirt and clasped Amber White’s hands. He pressed her body on the bed, “Amber, do you want to die?”

Unable to escape, she grunted with pain. Seeing that she was quiet, Sean Smith subconsciously wanted to let go, but his body was so close to hers. Sean Smith somehow was not willing to give up. He was in a bad mood. He didn’t know what’s going on in his mind.

Amber White was drunk and the way he pressed his body on her was like a bad guy taking advantage of a vulnerable woman. However, she kept calling his name again and again. What was she doing? Was she seducing him?

Even if he did something to her, he would be doing her a favor. Sean Smith pressed his body on her. He was unhappy. Amber White suddenly sat up and pushed him back. Sean Smith was caught off guard. His back hit the bed and the pain on his back made his face turned pale.

Before he could react, Amber White cocked her body and held the edge of the bed and vomited, “Amber—”

Sean Smith called out. His eyes widened and his breath raced. His eyes were locked on his expensive pants. He face darkened. Sean Smith could feel the warm vomit down his pants to his leather shoes. The smell was foul.

His handsome face turned blue. He wanted to throw this woman from 21st floor. He had had enough. Sean Smith lifted Amber White and turned over from the bed. He kicked the shoes on his feet and his eyes were gloomy.

He raised his eyebrows and with burning eyes, he stared at Amber White. The next thing she did was sleeping well. Sean Smith could only clenched his hands. He took a deep breath and tried to calm down his nausea. Then, he took his phone, called a room service to clean up the mess, and asked them to bring him another pair of clothes.

Chapter 243: When She Married Him, Did She Even Love Him?

0 4 minutes read

After getting a clean pair of clothes, Sean Smith quickly went to the bathroom to take a shower and change his clothes. After that, he went out of the room. He went downstairs and called Gu Jinyan. As soon as it was dialed through, Sean Smith said, "Old Gu, let's have a drink."

Gu Jinyan half whispered half cursed, "Old Smith, are you crazy? Don't you care about your health at all? Why are you inviting me to drink at this hour? Do you want to die?"

Sean Smith frowned and said, "Ye Se."

Gu Jinyan scolded him, "Are you serious?"

Why he wasn't serious when there was Amber White flirting with a man in public? Sean Smith couldn't help turning blue when he remembered Amber White. Because of Amber White, he was almost killed after paying homage to Johnson Smith in the mountain.

Did she even love him when she married him? She wanted his life, didn't she?

After hanging up, Gu Jinyan stared at his phone screen. He reached out his hand and closed his documents. He stood up and went out to meet Sean Smith.

Gu Jinyan was not far from Ye Se. He was one step ahead of Sean Smith. He narrowed his eyes and looked around. He was surprised when he found Sean Smith, "Sean? Do you want to die? How dare you take a bath with such injury?"

Sean Smith wet his lips. This small movement made him very attractive.

"Nonsense."

"....."

He really didn't understand Sean Smith. If he didn't want to live, he might as well danced his way to death. Seeing that he was about to go inside, Gu Jinyan dragged Sean Smith to the hospital and injected two bottles of anti-inflammatory drugs.

When they came out of the hospital, it was already dark outside. The city light were on and it was extravagant. It wore the darkness out and gave their hairs colors. Sean Smith insisted on drinking. Gu Jinyan could only follow. They went straight to Ye Se.

The music inside was deafening and colorful lights were moving through the decaying crowd of people. Sean Smith was quick to blend in. They chose to sit at the bar. He grabbed a cigarette and lit it up. The gray smoke he breathed out glazed under the lights.

The tip of the cigarette was burning bright when he breathed in and turning to ashes when she breathed out a mouthful of smoke. His handsome face was bewitching. Gu Jinyan could hear the girls were murmuring since they sat down, "Sean, not that I'm preaching on you or something, but, does it feel good to get hurt?"

"Uncle Smith beat you yesterday. Say, how did that happen?"

Sean Smith lifted his head and glanced at Gu Jinyan, "Why do you talk so much?"

Gu Jinyan smiled and said, "Tell me. Does something happen between you and sister-in-law?"

Sean Smith scoffed, "What could happen between me and her?"

"What can she do besides letting my old man beat me?"

Gu Jinyan sighed. Sean Smith was a tough cookie to crack. It served him right.

He sipped his wine and his lips were stained with the red color. Under the bar lights, it looked moist and sultry.

The night had just begun. There was no Amber White around. The air was fresh. This time, no one would get in his way. Sean Smith was holding his wine glass. He finally managed to put on a smile. Suddenly, the phone he placed on the table lit up. A string of numbers danced widely on the screen. Sean Smith glanced at it and frowned. It was Xu Lin.

He was not going to answer when he remembered he asked Xu Lin to do him a favor. He grabbed his phone and picked it up, "Is it done?"

Xu Lin was stupefied. He was afraid that Sean Smith would hang up, "Mr. Smith, Cindy's teacher called me..."

"The teacher said that no one picked her up after school. They tried to call her mother, but she didn't pick up. Now, they ask her father to pick her up." Xu Lin said cautiously.

Silence.

There was nothing but the sound of noise from the bar.

"....."

"Sir?"

"Why should I pick her up? She's not my child. Why should I go there?"

Xu Lin was silenced. Sean Smith hung up the phone immediately.

Gu Jinyan teased him, "Sean, not that I'm preaching on you or something, but you're an incompetent father. You should have picked your child up, but you're in the bar drinking. My niece is so unlucky. She has an unreliable father."

At that moment, Sean Smith's face blended with the lights. It was complicated. He glanced at him. Gu Jinyan smiled and waved his hand, "Alright, fine. I'll shut up."

Sean Smith didn't want to pay attention to Amber White, but he knew about it already, he couldn't turn a blind eye. Otherwise, he was afraid. If something happened to Amber White's child, she would come for him like a madwoman.

"Sean, you can come to Ye Se every day, but you have only one daughter. You better pick her up now." he couldn't help laughing and teasing the grumpy Sean Smith.

“.....”

“She’s not even my daughter. Why should I pick her up?” Sean Smith grabbed his phone and called Amber White. There was a busy tone on the line and it was disconnected. He called the other one. His face was very ugly right now.

Amber White was indeed capable. She knew Sean Smith would take care of her daughter. That’s why she went wild outside.

He was so dizzy that he hung up the phone before it dialed through. He was about to grab his glass when Xu Lin called him again. His eyes darkened in an instant and it was deep like the ocean.

Gu Jinyan pushed him, “Pick it up.”

Sean Smith finally picked up. Xu Lin said cautiously, “Sir, if after ten minutes, there is no family member who picks her up, they will leave Cindy alone.”

“.....”

“Amber White doesn’t even care about her. What’s the use calling me?”

“Her surname is White, not Smith. Why am I responsible for her?” Sean Smith felt impetuous. Xu Lin couldn’t do anything about it, “Didn’t I make this clear before? I don’t want anything related to Amber White and her daughter to bother me!”

Chapter 244: Stop Using Cindy to Validate Your Existence

0 4 minutes read

“If you care about them so much, you don’t need to wait until tomorrow, I will change your position right now!”

“.....”

His words were stuck in his mouth. When Sean Smith asked him to do a paternity test between him and Cindy White, he thought that Sean Smith suspected her as her daughter. That was the reason he dared to call Sean Smith.

After hanging up the phone, Sean Smith calmly pushed the glass to the bartender and said, “Give me another glass.”

Gu Jinyan listened to their conversation quietly, “Sean, my little niece had just been kidnapped. If the teacher really leave her alone in the kindergarten, she will be afraid. Shall we go and pick her up?”

Sean Smith sipped his lips and narrowed his eyes, “Call Lu Xiangxiang. She’s in a good relationship with Amber, right? Let her pick the child up.”

After that, Sean Smith frowned and added coldly, “Oh, right. Tell her to pass it on to Amber, do not use Cindy White to validate her existence in my life!”

“.....”

He looked awkward. He sat on the high stool without moving. Sean Smith lifted his head and grabbed the freshly made cocktail. He looked at Gu Jinyan. The man's eyes were troubled.

He rubbed his hair and whispered, "Sean, not that I don't want to help you... I quarreled with Lu Xiangxiang two days ago, remember?"

Sean Smith smoked his cigarette. He felt a bad thing was coming.

"She wouldn't answer my call."

Sean Smith said sarcastically, "You're so promising. You're even blacklisted by a woman."

"....."

Sean Smith handed his phone to him, "Use mine." Gu Jinyan didn't react. Sean Smith had to kick to leg, "Hurry up!"

Gu Jinyan remembered Lu Xiangxiang's phone number very well. Soon, it dialed through, "Hello. Who is it?"

"It's me—"

Beep.

Silence. Gu Jinyan was slightly embarrassed.

He didn't give up. He tried calling her again and again, but the cold voice of robot answered, "Sorry. The phone you dialed cannot be connected."

Gu Jinyan's face darkened. His eyes were deep as the abyss, but they were empty.

"....." Gu Jinyan handed the phone back and raised his glass to chug it up.

"What now?"

Sean Smith was silent. He glanced at Gu Jinyan and secretly scolded himself. He was dumb for letting Gu Jinyan make the call. His eyes drifted to the dance floor. Somehow, he remembered the other day when Cindy White was found. She was hiding in the bushes and crying.

Gu Jinyan was right. Cindy White had just been kidnapped the other day. Who knows what will happen if she was kidnapped for the second time?

Amber White usually wasted no time in picking up her calls. Now, it seemed that she was planning another trick. If he didn't go the kindergarten to pick up Cindy White, Amber White might call him sooner or later.

If Cindy White was lost again, he would need his life to pay Amber White. With that in mind, he stood up, turned around, and walked outside. Gu Jinyan silently smiled and followed.

"Sean, what are you doing? You're not going to pick up the little girl, aren't you?"

"Didn't you say that she was not your daughter and you wouldn't pick her up?"

"Why do you suddenly decide to be a father? Should we toast later? Should I bring her a gift?"

“.....”

His ears were buzzing. He felt like tearing Gu Jinyan’s mouth up. At least for this moment, he hated him when he was speaking.

Fifteen minutes later, they found a small figure sitting beside a small fountain at the gate of Jinyang Guang Kindergarten. When Sean Smith arrived, he could hear her sobbing from a distance. Sean Smith was a little worried. He fastened up his pace.

Cindy White looked up when she felt someone towering over her. Her eyes were wet, “Dad?”

She choked as if she had a ball of cotton down her throat. Sean Smith’s eyes were getting colder. He didn’t speak. His eyes drifted to the gate. There was nobody there. Even the security room light was off.

The kindergarten was located in a bustling area, but the surrounding was dark. There were lights not far away from where the little girl was seated. Sean Smith softened. Cindy White hugged him crying.

“Dad, you don’t want me anymore, do you? Why don’t come pick me up earlier?”

Sean Smith’s face stiffened. What did she mean he didn’t want him? Why didn’t she blame Amber White? It was her own mother who didn’t want her, no? Amber White didn’t like her daughter at all. She wanted to live her own life. She didn’t even think of her. Amber White must have forgotten that her daughter was kidnapped and almost shot the other day. Why didn’t she behave today? She didn’t think about child traffickers, did she? One might see Cindy White and took her away.

Sean Smith gritted his teeth. He closed his eyes for he was upset by her crying.

“Dad, my teacher called you and told me you refused to come.”

“Dad, is it true what Uncle Beard and my teacher said? They said that I was not your daughter.”

“Dad only likes Lin Man’s child, don’t you?”

Her eyes widened as tears kept pouring out. Her eyes were red. It seemed that she’s been crying for a long time.

Amber White gave birth to a broken child. Why was Cindy White so dumb? How could she believe what people tell her? He narrowed his eyes and looked at Cindy White.

Weren’t the teachers in the kindergarten supposed to teach and educate the children? Or, did they gossip about the parents of the student every day? Oh, by the way, of course he liked Lin Man’s child!

He took a cigarette from his pocket and said to Cindy White, “Stand up. Let’s go back.”

Cindy White obeyed and let go of Sean Smith’s legs. There was fear and innocence in her eyes.

Chapter 245: I’m not going anywhere.

0 4 minutes read

Her voice muffled by her crying, but still, she pursed her cherubic lips and asked, “Where’s Mommy?”

Sean Smith just pretended that he didn’t hear it. How could he know?

Amber White couldn't still be laying in the right now, could she?

He didn't believe that anyway!

"She's gone."

Sean turned around.

Yet there was no sound behind him, and with one hand in his pocket, Sean looked back and found Cindy was still standing, teary-eyed.

"What's wrong?"

He looked down at himself, confusing.

"What? Do you like being here alone? You don't want to go?"

"Dad? Are you going to take me away again and play hide-and-seek with mommy?"

Cindy choked and backed up until her chubby little body hit the fountain and fell to the ground on her butt.

Sean's body went suddenly rigid.

She clumsily got up on her own and even managed to pat the dust off her body.

"Daddy, I'm not hiding, I'm not going anywhere."

"I'm staying and waiting for Mommy, and I'll be where Mommy can find me."

As she said, her small hands clasped tightly together.

Sean knew that after the kidnapping, Cindy must have suffered trauma in her heart.

And of that, he had an integral part to play!

He paused and said, "We're not hiding, I'm taking you back!"

"As soon as your mother calls, I'll give you back to her!"

While Cindy didn't move, so Sean, a little impatient, stepped forward and leaned over to pick her up.

"What are you afraid of?"

Cindy had inherited Amber's narcissism. What? Did she think she was so attractive that everyone would like her?

Sean snorted and turned to walk back.

Gu Jinyan, sitting in the passenger seat, saw Sean returning with Cindy in his arms, and the smile on his face deepened.

He got out of the car to open the door on the back seat for them, teasing Sean with a smile.

"Sean, why the angry face?"

“How it’s none of your business when you’re holding my little niece even though you’re hurt?”

“In my opinion, this little one totally controls you!”

Sean’s face was clouded, but there was nothing he could talk back.

At the same time, at the Ritz-Carlton, Amber finally opened her eyes.

She saw the ceiling of the hotel, but the room was unlit and dark.

Her pupils shrank, and she sat up in bed, fumbling with her phone to check the time.

Nine o’clock at night?

Cindy!

She was so scared that she didn’t even clean herself before leaving.

Amber had a new number and she hadn’t had time to tell Cindy’s teacher yet.

Amber was in a trance, remembering that the last time Cindy had been missing, it appeared that she had been picked up by Sean.

There were several missed calls on her phone, and Amber had just tapped into the phonebook when the phone told her the battery was low and shut down automatically.

Amber was anxious, and her beautiful eyes were filled with tears.

Cindy...

She dropped Cindy again...

Amber called a cab in a hurry and gave the location of Hai Wan Xiang Xie.

The driver looked at Amber White through the rearview mirror, “Miss, what are you doing there? There’s no cab back there!”

Amber licked the corner of her lips and didn’t say anything.

After two or three minutes, she patted the back of the driver’s seat, “Could you please drive faster, sir?”

The driver glanced at her again and said unhappily, “Miss, the maximum speed on this road is fifty, and if I go any faster I will be fined!”

“Besides, safety comes first in everything, right?”

Amber was so distraught that her voice was choked with sobs, “I’ll raise the money, I’m in a hurry to get to my three-year-old daughter!”

But no matter what Amber said, the driver still drove slowly and slowly.

“The baby isn’t with you, then it must be with the father, why don’t you make a phone call first.”

Amber blinked her slender eyelashes, “My phone is dead

The driver slipped his right in.

Though Sean's number was new, Amber was sensitive to numbers and kept track of his.

The call went through, but there was no answer.

Her eyelids fluttered, after all, Sean wasn't quite fond of Cindy...

Hesitantly, Amber dialed the phone again to Xu Lin.

"Did Cindy's teacher call you? I..."

She choked up when she opened her mouth.

Cindy was all she had in her life and she was really scared...

Xu paused before answering, "Her teacher called, but Cindy wasn't there when my people went there."

"What? And...did you talk to Sean?"

Xu hesitated, "I did call Mr. Smith, but Mr. Smith said, now I quote, who gave birth to the child then she should pick the girl!"

"You should know Mr. Smith's personality better than I do, since he said he wouldn't pick her up, so..."

Amber almost blacked out and cut the call.

If it wasn't Sean Smith, she couldn't think of anyone else who could have picked Cindy up!

Amber was so anxious that she was like an ant on a hot pan before she dialed Lu Yi's number again a little while ago.

...

In the car.

Cindy kept asking Sean where Amber was from the moment she got into the car.

Sean really didn't want to pay attention to Cindy.

Finally, she shut up for a few minutes, which for a moment, discomfited Sean, so he looked up in the rearview mirror, right into Cindy's moist eyes.

She bit her lower lip and looked at Sean in aggravation.

"Oh, Sean, she just wants her mom, isn't that the easiest thing for you to do? Come on."

"Look at my little niece, she's crying!"

Gu glanced at Sean. He always had a feeling that Sean must know where Amber was!

As he expected, less than a minute later, Sean turned the steering wheel and turned the car around.

"Stop crying and I'll take me to your mother!"

Amber was sleeping at the Ritz-Carlton when Sean left, and since her phone couldn't get through, he was going to see if Amber was still there first.

Chapter 246: Heat it up before serving.

0 4 minutes read

Getting out of the car, Sean Smith carried Cindy White in one arm to the twenty-first floor, while Gu Jinyan stared at Sean in shock.

"Sean, you bastard!"

"Why did you fool around in the bar, leaving your wife alone in the hotel?"

"I left my work to go drinking with you!"

Sean raised one of his eyebrows and gave Gu a glare, "Do you think it's a good time to say that?"

There were only three of them in the elevator in total, and of course, Cindy heard what Gu said.

"Uncle Gu, what is fool around? Are there fools around us?"

Gu didn't know how to reply, looking at Cindy's clear eyes.

Before he could explain, Sean had frowned and patted Cindy's head.

"Yeah, your uncle Gu is the fool around us."

The elevator door opened and Sean went straight to the suite without giving Gu a chance to speak.

He entered the door, which was empty.

The bed was in disarray and it seemed like Amber White had just left.

Sean clenched his fists.

Maybe he should be glad that this woman wasn't messing with other man in the room he'd opened.

"Daddy?"

"Come on, let's get you home to your mother!"

"Sean, if you don't know where your wife is, you tell us!"

"It's nothing to be ashamed of anyway!"

Sean didn't say anything and just went back to the car for his phone, intending to call Amber White again.

Scratching open the screen, he saw a missed call.

It was an unfamiliar number.

He didn't think much of it and just dialed the number of Amber.

"Sorry, the subscriber you dialed is power off."

What the...

Sean sneered.

Amber White must have woken up already, and she had deliberately left the baby with him so that she could fool around, right?

This woman didn't even pretend and just turned off her phone?

Sean was livid.

"Daddy, Mommy will be home soon, she never comes home late, so we'll just wait for her outside the house, okay?"

Waiting for Amber White?

Why, did he have to wait for her?

Because she left her daughter with him and went out to have fun on her own?

Well, then it should be his freedom to take wherever her precious daughter to wherever he wanted!

Without saying a word, Sean started the engine straight away, made a U-turn, and went back the way he came.

Half an hour later, at the gate of Ye Se.

Gu's mouth twitched, and he pointed at the club, "Sean, are you sure you want to bring your three-year-old daughter here?"

Sean just held Cindy with one hand and didn't get the expression on his face changed a bit.

"Why should I waste my good night because of Amber White's daughter?"

"If you don't want to go, I'll go myself!"

Then, looking at the backs of the man and the little girl, Gu was speechless.

He really had underestimated Sean Smith before.

Fortunately, Sean didn't go too far and took the little girl to a private room.

And by the time Gu entered, there was a bottle of wine on the table, and beside Sean stood a waiter with a list in his hand and a bit of a dilemma could be seen on his face.

"Mr. Smith, we...we really don't have milk here..."

Sean didn't even raise his head, "Then go and get a bottle outside, remember to heat it up before serving."

The waiter hesitated and nodded.

"Out you go."

After the waiter left, Sean took out a cigarette, but he hesitated for a second and then put it back.

It was now nearly ten o'clock at night, and Sean ordered milk for Cindy just in case Amber White said he'd abused her daughter, nothing more.

At least that was what he thought.

The room had lights on and it had good soundproofing, so when the door was closed, no music could be heard inside.

There was no atmosphere of a bar at all.

In the meantime, Gu could not help laughing at Sean, "See, for the rookies, they only drink and hook up with girls at the bar, but for our Sean, oh yeah, milk's the right choice for a man, huh?"

"Remember to heat it up before serving...Oh my, hahaha..."

Sean rolled his eyes and pored Gu a glass, "Just drink your liquid and shut up."

Gu didn't drink and leaned back on the sofa.

With a little kid around, how much fun could this occasion be?

It was a better choice for him to just go back home and sleep.

In a few minutes, the waiter brought in a glass of milk and Sean handed it to Cindy to drink.

Cindy took a sip, and on the top of her cute little mouth appeared white mustache.

"Daddy, is Mommy coming over later?"

Sean sneered, "Your mom's phone is off and I can't reach her!"

"In my opinion, your mother doesn't pick you up or answer the phone, so she probably doesn't want you anymore."

Cindy silenced at his words, and her eyes instantly turned red.

Sean's face twitched a bit.

"Daddy, I want Mommy!"

"She said she was going to take me out tonight..."

Sean covered his face with both hands. What a troublemaker!

Cindy had been good and obedient with Amber White but not keep asking for her mommy like today!

It must have been Amber White who said something to Cindy White behind his back!

How else could this kid have acted so differently?

And it wasn't that he wouldn't take her to Amber White, it was that he didn't know where that woman had run off to on her own!

He couldn't do anything about it even if the little one cried!

Sean, distraught, took out the cigarette again and stood up, turning to Gu, "I'm having a cigarette, you find something to please her."

Gu looked at him with his mouth agape, "What the...what do you mean please her? I've never been a father before! Are you expecting me to give her a lap dance?"

Sean didn't even turn around and just left the room.

Gu sighed and turned back, while Cindy, with her small hands stirring the hem of her dress tightly, sobbing.

He reached out and patted her head carefully as if he was defusing a bomb.

Having sensed Gu's kindness, Cindy looked up at him and asked, "Uncle, does Daddy hate me?"

Chapter 247: Lots of Women Wanna Be Your Mom

0 5 minutes read

x

"How is it possible? You're very cute. If I had a daughter like you, I'd be so happy!"

"Your dad wouldn't have such a bad sense of judgment.

Gu Jinyan smiled and said, "Don't cry. Come, drink up your milk."

"Kids gotta drink more milk so that you could grow taller!"

Cindy White nodded and finished her milk, then she looked at Gu Jinyan eagerly, "Uncle, I've finished my milk, could you bring me to find my mom?"

Gu Jinyan paused for a while.

All kids love to be with their mom. He knew that. Something flashed through his mind, and there's a hint of a smile on his eyes.

"Isn't it easy if you want a mommy? Count on me!"

"I'll find you a group of young mommies!"

Cindy White was dumbfounded, "A group?"

"That's right!"

Cindy White blinked. She looked around the room and said, "Uncle, does my mom know how to duplicate herself?"

"Like the one in TV shows?"

The smile on Gu Jinyan's face was kind of mysterious. He didn't answer Cindy White's words and said, "Give me two minutes!"

As he talked, Gu Jinyan stood up and muttered by himself.

“Kiddo, don’t you know that there are lots of women who want to be your mom!”

He opened the door and asked for the manager.

Upon seeing that it’s Gu Jinyan who asked for him, the smile on his face turned stiff, “Mr. Gu, do you need anything?”

Gu Jinyan rubbed his chin and lifted his thin lips. There’s an evil smile shown on his face.

“I heard that you have all kinds of women here?”

The manager seemed to understand and asked, “What kind of woman do you need, Mr. Gu?”

“She has to look elegant, love kids, and it’d be the best if she has motherly charm!”

“The respectable woman type?”

The manager looked at Gu Jinyan dumbfoundedly. Gu Jinyan nodded. After thinking for a while, he added, “Bring some of them here. Oh, and ask them to wear suits!”

“It’s to accompany a child; it shouldn’t be too gaudy!”

The manager nodded, and while looking at Gu Jinyan going back to his private room, the stunned look on the manager’s face stayed.

“Wear a suit? Kid? Mr. Gu’s preferences are quite something, huh!”

The manager muttered. He went on to bring some women according to Gu Jinyan’s demand.

He was worried that Gu Jinyan wouldn’t have enough fun. Thus, he let those women wear suits on top of their naked bodies. Their cleavage could be seen even from a distance.

This.....should be enough motherly charm, right?

The manager was pretty satisfied. He brought the women towards the private room that Sean Smith booked and pushed the door open.

Cindy White was pestering Gu Jinyan and kept asking him where Amber White is, then a group of women swarmed in.

The lighting inside the room was quite dim. Gu Jinyan fretted being bugged like that, and he didn’t notice anything peculiar. When he saw the women came in, his eyes seemed brightened.

He held Cindy White and said, “Kid, look. Which one do you like? Tonight, who you’d like to be your mom, she’ll be!”

Cindy White took a look at the women at the entrance.

Gu Jinyan laughed. What he said was supposed to be a joke.

Even though Cindy White was kind of hard to handle, he believed that among all these women, there should be someone that could divert a 3-year-old child’s attention.

“Uncle, my mom is not among them.”

“You were lying.”

Cindy White started sobbing. She pouted her tiny lips, and her tears began to fall, causing Gu Jinyan to be caught by surprise.

“Oh no, don’t cry!”

“Even though they’re not your mom, you could still consider them as one!”

“Let them play with you, alright?”

“Your mom has something else to do. If you don’t listen, she might not like you anymore later.”

Gu Jinyan was scaring Cindy White. At the same time, Sean Smith had finished smoking his cigarette and came back to the room.

He pushed the door and saw the private room was full of bargirls. He was dumbfounded.

Sean Smith looked up subconsciously to check on the room number. His face went dark after that.

He cursed softly, pushing aside the group and barged in. He was dying to punch Gu Jinyan.

“Gu! Jin! Yan! Give me a reasonable explanation!”

When he came in, he saw Cindy White’s eyes were red. It’s obvious that she just cried.

Different kinds of scents were mixed all together in that room, causing Sean Smith’s head hurts.

He strode forward and brushed aside the two women that surrounded Cindy White on her left and right side. He reached for Cindy White and held her up from the sofa.

“Daddy.”

Sean Smith’s gaze was dark and cold. Gu Jinyan touched his nose, feeling uneasy.

“I was just playing with my little niece, wasn’t I.....”

Sean Smith sneered and took a glance at the bargirls who started to feel uneasy since his appearance.

“What were you playing? Playing dress-up?”

Gu Jinyan felt guiltier, but he blinked his peachy eyes and retaliated, “You talked as if you’re responsible enough. Wasn’t it you who let me take care of your daughter?”

“Moreover, could you even think of something better?”

Sean Smith glared at Gu Jinyan.

He held Cindy White and stood up. There’s no warmth at all in his eyes. His fingers pointed at the door, and said drily, “Get out, we don’t need you girls here!”

“Hey, wait!”

Gu Jinyan heard him and sat up on the sofa immediately.

The bargirls who were initially dejected and were planning to leave suddenly went brightened upon hearing Gu Jinyan's voice and looked at him with high hopes.

A group of people blocked the private room's doorway, and that's so eye-catching. Many eyes in that bar were looking at them.

"What are you doing?"

Sean Smith glanced at Gu Jinyan and creased his forehead.

"Sean, I meant, there's no need to drove them away hurriedly. Even though my idea was a bit lame, for the very least, since you came back up till now, my little niece stopped asking for her mom, right?"

"My plan worked!"

"You couldn't find sister-in-law as well and can't do anything with my little niece. Might as well let them stay to play with my little niece, right!"

Sean Smith thought that's so absurd.

No matter how bad he is, he never thought of letting Cindy White play with the bargirls. And still with that question, what is it that they could play together?

Cindy White's only three years old. It's when she's curious about everything. Just look at what these women are wearing, could it even be considered a proper outfit?

He couldn't let Cindy White hangs around these women and learned bad stuff, could he?

"No way!"

Sean Smith felt something fishy; his brows drew together.

It's not that he cared whether Cindy White would learn bad or not. He was scared.

He was scared if Amber White found out that he brought her daughter to this kind of place and even called for a group of bargirls, she would fight him.

"Wait, Sean, I think you're way too rigid, aren't you?"

"Could you possibly be better than a group of women to coax a kid?"

Gu Jinyan asked unhappily. He racked his brain and staring at Sean Smith with his tilted head,

"You.....couldn't possibly be worried that sister-in-law will misunderstand if she found out?"

Sean Smith's expression changed, "You're saying I'm worried that she'll misunderstand?"

"Am I stupid?"

Gu Jinyan was speechless.

"That's what I'm saying. A guy like you, who kept being on headlines for being seen together with models and celebrities, doesn't seem like someone who can't tackle his wife."

Chapter 248: Sean Wouldn't Vent It on the Child

0 5 minutes read

“So what did you worry about? It’s fine if you wanted to chase them out, but let’s hit and agreement in advance. If my little niece makes a scene, don’t you dare to bother me!”

This time, Sean Smith turned silenced.

What Gu Yanjin said was right. Even Amber White herself didn’t care about Cindy White, now that he’s willing to find someone to help taking care of Cindy was already being responsible enough. Or did she want him to take care of her himself?

There’s a bright flash at the corner of the room. Sean Smith glanced over, except for the crowd, there’s nothing else there.

Gu Jinyan followed his line of sight and looked at it, then asked, “What’s wrong?”

Sean Smith shook his head, “Nothing.”

He stared at those women detestably, giving him a headache.

He pointed randomly at some of the women, then said, “Go change a suitable outfit to play with kids then come back here!”

.....

At Hai Wan Xiang Xie.

When Lu Yi arrived, Amber White was crouching on the stairs. Her slender body was hidden behind her knees, and her body trembled occasionally.

Lu Yi’s heart broke looking at her being like that, thus reaching for her and helped her to get up.

“Amber White, don’t panic. Tell me, what happened to Cindy?”

Amber White’s eyes shivered. There was a street lamp hanging above them, putting their shadow outline together.

She drank too much in the evening. Even though she took a nap, her head still felt heavy.

Even more, she didn’t even know how she ended up being in the hotel.

Now that Lu Yi asked, she took a deep breath and answered concisely, “This evening, Mr. Smith asked me to accompany Mr. Lin to talk about the contract. I had a blackout after drinking, and when I’m awake, it’s already 9 o’clock.”

“When I got in the car, I borrowed a phone and gave Cindy’s teacher a call.”

“She said no one was willing to pick her up, so she left first.”

“But when she left, Cindy was still at the kindergarten gate door.”

Lu Yi creased his forehead, “You came here to find Cindy, was it because.....You suspected Sean took her?”

Amber White nodded, "I couldn't find Sean, I couldn't even get through him on the phone! Lu Yi, Cindy wouldn't ran about. If she weren't in Tong City, besides Sean, she wouldn't leave with anybody else!"

Unless.....Cindy White was kidnapped again!

Amber White was very anxious. What happened yesterday was like a nightmare for her. She didn't even dare to reminisce it.

Even if there're just a tiny bit of possibilities, she too, was unwilling to think of what might have happened to Cindy.

"Moreover, even if Sean hates me, he wouldn't vent it on the child."

"Even though he's unwilling to, but if he knew, he wouldn't disregard this....."

Though she said that herself, Amber White too didn't believe it, but she still looked at Lu Yi, filled with hope.

Lu Yi nodded, "What you said makes sense. No news is good news!"

"If it's kidnapping, at this time, the kidnapper would have called."

As he talked, he rubbed his chin, thinking something.

"Amber White, now that there's no one in Hai Wan Xiang Xie, is it possible that Sean brought Cindy to the old manor?"

Amber White raised her brows.

Concerned too much about something caused disorders. Cindy White is her daughter. Because she's worried about her, she couldn't think clearly, instead, when Lu Yi said that, it reminded her of another possibility.

"Maybe....."

Amber White said doubtfully. Last night, Tomas Smith talked Sean Smith to it again, though maybe Sean Smith himself didn't want to go.

But another maybe, Sean Smith wasn't willing to take Cindy with him, so he straightaway left her to the two elders of the Smiths.

"No matter what, we should go take a look first."

"Let's go, get in the car!"

Amber White didn't hesitate. She opened the passenger seat's door and hopped in the car, then buckled her seatbelt. Amber White blinked her eyes, "Lu Yi, I'm very sorry. It's already this late, but I still have to bother you to go with me."

Lu Yi tilted his head and glanced at Amber White.

The light and shadow outside interlaced and reflected on Amber White's face, making her looked more bright and radiant.

“Amber White, we’re friends. You don’t have to be so modest.”

Amber White’s lips moved slightly, then nodded.

She put her hair behind her ears; her lipline was smooth. The car was moving forward gently. Amber White hesitated for a while, then asked softly, “Lu Yi, could you give a phone call to the old manor first, hm?”

“Dad and Mom are quite old. They couldn’t stand being provoked, so.....”

“You call them and sound them out, whether Sean went there or not. I didn’t want to go there for nothing.”

Amber White said softly.

But when she finished speaking, there’s a sudden silence inside the car. The already depressed atmosphere became quieter.

After a while, Lu Yi smiled, “Alright.”

He just took out his phone from his pocket and even before he unlocked his phone, there’s a message notification regarding the latest news in Tong City appeared on the screen.

SeanSmithBrought3YearOldGirlToBarLateNight!

He stepped on the car brake immediately and due to body reflex, Amber White’s body moved forward then reversed and hit the car seat.

“What’s wrong?”

Lu Yi’s finger tapped on the notification panel quickly. The picture was clear. Looking at the surrounding, it must be Ye Se, and even the private room number was captured too.

The lighting inside was glistening. Sean Smith’s arm was holding Cindy White, and before them stood women with different body types and good looks.

Lu Yi paused for a while, then passed his phone to Amber White.

“There’s no need to make a phone call. Look, I think we found Cindy!”

Lu Yi’s expression was unclear. Amber White’s heart beat fast and took over his phone.

She looked at the phone, and her face turned pale. She’s sitting at the passenger’s seat, and the car was clearly idle, but Amber White’s body instead was trembling intensely.

Obviously, she was outraged.

“Cindy indeed is with Sean, so what’s your plan now?”

The reporter’s effort was more radical, said that Sean Smith brought Cindy White to the bar was to find Cindy White a stepmother.

The comments about the news were more unsightly. Amber White randomly tapped on it and took a glance on a couple of it.

They said something like, what's the use if Amber White was good looking. In Sean Smith's eyes, she couldn't even be compared to a bird!"

Even more, somebody else's comment had directly attacked Cindy White.

She grasped the phone and her body trembled, the look in her eyes had turned cold too.

"Amber White, don't get too anxious first, perhaps there's a misunderstanding in this. Let's go to the bar and get Cindy out first, then talk to Sean."

As he talked, Lu Yi started the engine.

He smirked, bringing a child to the bar, what kind of misunderstanding could there be?

He's Sean Smith indeed, always did something unexpected!

In less than five minutes, Amber White's expression had turned calm, could even be said that she looked as if nothing happened.

"Lu Yi, keep to the side and stop the car for a while."

"What's wrong?"

Lu Yi did as she said and stopped the car, then turned and looked at Amber White.

Her expression was vague; she reached out her hand and unbuckled her seatbelt.

"Sean is the CEO of Smith Corporation. No matter what, this kind of news was harmful to the development of their company. You are the supervisor of the Public Relations Department. It's better if we go to the office first, then think of a way to suppress this news!"

Chapter 249: Misunderstanding

0 5 minutes read

"I'll go to the bar by myself!"

Lu Yi was stunned.

It's seemed that Amber White didn't intend to allow Lu to refute, but just pushed the door and got out of the car.

Amber seemed a little anxious. She stretched out her hand, stopped another car, and got in it.

Lu parked his car on the side of the road. It was dark, making his warm face somewhat serious.

Why was Amber White putting herself in the shoes of Sean Smith?

And Amber knew that Smith wanted to kill her when they in the mountain.

Amber still cared about him. Even Smith's parents were in her consideration.

What qualities did Smith have that attracted Amber?

...

Twenty minutes later. At Ye Se.

Amber got off the taxi and was about to go inside, but A little girl stopped her.

“Madam. Do you want a newspaper? The latest one! “

Amber was in a hurry to find Cindy White. So she didn’t answer but bypassed the little girl and planned to continue walking inside.

It made the girl anxious.

“Hey. It’s the latest newspaper. Have you heard Sean Smith? He brought his daughter to the bar. My newspapers are the latest in City Tong. “

“Have one!”

Amber stopped, looked down, and observed the girl.

She looked young. There was a newsstand next to Ye Se, where the female shop-owner looked almost the same as the little girl.

They should be a family.

The moment when Amber bowed her head, she saw a photo in the newspaper, where Smith stood among a group of women with her three-year-old daughter in his arms, which looked quietly conspicuous.

Amber’s voice trembled, “Well. I’ll have one!”

Amber checked out and took the newspaper. She didn’t have a look, but stretched out her hand and folded it, then strode into Ye Se with her High heels.

She hasn’t come to such a place for three years.

When Amber stepped in again, there was noise. Almost everyone dressed in exposure. A little movement seemed distinctly sexy.

Amber, wearing a small suit, looked out of place here.

Maybe there was no place more disgusting to Amber than here.

Amber was so attractive that she became a target as soon as she entered this place, and even someone came forward to ask her to have a drink.

Amber, looking steadily forward, walked to the room where Smith was in and pushed open the door without any hesitation.

Although Amber had already prepared herself, she still felt dizzy when she saw the situation in the compartment.

Cindy, who wear a blindfold on her eyes, reached out her hands and wanted to find her mom. There was a group of women surrounding her.

“Baby. I’m here.”

On the other side, Sean Smith and Gu Jinyan were sitting on the only sofa in the box. One of them was holding a goblet in his hand, while the other was holding a cigarette.

Smith was cold to observe what had happened. Hearing the door open, he glanced at the door. When he saw that it was Amber, his face changed.

Without giving Smith a look, Amber walked directly to Cindy and uncovered the blindfold on Cindy's face with her fingers.

The light made Cindy subconsciously close her eyes.

"Hey. What are you doing? Do you know the rules?"

They played games, which required Cindy to catch her target by herself. It's a great time to take a favorable turn to herself. After all, she could stay with Smith.

It's hard-won for those of them who worked in bars to obtain such an opportunity.

But when Amber appeared here, she broke their "illusion". On top of that, Amber was more charming than them. So how could they be happy?

"Mom!"

Cindy opened her eyes and moved forward to hug Amber's legs tightly.

"You have finally come."

Her words made the box suddenly be quiet.

Amber made a sarcastic smile.

"How cheerful interest Mr. Smith has!"

Amber's words were full of a strong smell of gunpowder.

Neither Smith or Gu looked distinctly bad.

"Sister-in-law. Please listen to my explanation."

Just when Gu opened his mouth, he was stopped by Amber.

With one hand holding Cindy, Amber smashed the newspaper in her hand on the tea table.

The contents in the newspaper were ordinarily eye-catching in a moment.

Gu Jinyan also saw the bold title in the newspaper when he stood up to talk with Amber.

Amber's eyes were full of different emotions.

"Mr. Gu doesn't have to tell me. You'd better think about how to explain these in front of the media."

It's rare to make news in the Ye Se, so even Smith felt somewhat incredible at the beginning when he intended to come to here with Cindy, he didn't care so much.

Although Ye Se was a bar, it's not surprising if Cindy did her homework in the box.

It was Cindy who was looking for her mom, and Gu Jinyan was afraid of her tears that he had to ask a group of princesses to accompany her.

So when Gu saw the paper, he was so surprised.

Even panic.

“Sister-in-law. You might misunderstand us.”

Subconsciously, Gu wanted to defend himself, but there was no way to talk about it.

Then Gu changed his face and thought about how to talk with Amber. It’s inappropriately to say that he couldn’t take care of the girl, but called a group of women to play together.

As soon as Gu stopped talking, Amber hooked her lips and turned away to have a glance at those silent princesses standing in the corner, which made her feel ridiculous.

“Misunderstand what? Mr. Gu. I am afraid that if I come a little later, Cindy will have other mothers, right?”

“I know Mr. Sean was in a good mood, but I hope you can hold back and don’t bring my daughter to this place next time when you come here.”

“It’s a disordered place, so I don’t want Cindy to get hurt at an early age!”

Smith narrowed his eyes. The fingertips holding the glass suddenly tighten, while his hand joints were glowing with a pale light.

As Amber’s words failed down, there was a surge of emotion in his heart, which made Smith look bad.

Since Amber entered the door, she didn’t mention anything that he picked Cindy up but questioned him, not to mention appreciation.

“As if she loved Cindy much more, but she care herself and didn’t pick Cindy up from school.” Smith wondered.

“He must be insane to help Amber take care of the child,” Smith said to himself.

Anyway, even if the matter didn’t revealed by reporters, Amber would still trouble him!

“Sister-in-law. It’s me asking these women. So there is nothing to do with Smith.”

Smith stretched out his hand and put it on Gu’s shoulder, interrupting him.

Sean Smith, whose face was particularly grim in the bright light, opened his mouth: “What the hell is Amber White? You don’t have to take the blame for me.”

“It’s me calling these women. You don’t care about Cindy, so I hire some princesses to help you. Is it wrong?”

Chapter 250: Self-knowledge

0 4 minutes read

Then, Sean Smith made a self-mockery smile, so that his voice was particularly Low-pitched: "Do I have to find a general manager to accompany your daughter?"

"Amber White. Don't you know your place?"

Amber was somewhat shocked. Smith stared at Amber, whose slender finger hid in the shadows.

"You know. Maybe I am wrong. And I shouldn't spend more time to go to kindergarten to help you pick up your daughter!"

Amber's hands holding the girl tightened.

"Smith. You are so bad."

"Anyway. Cindy is so young. You won't take her here."

"And she is smart. So I don't want her to contact anything relating to this place when she is young."

Smith's expression became much more gloomy.

It was when Smith wanted to say something that he caught a glimpse of the newspaper on the table.

The light was dim, but Smith could still clearly see the title above.

"Sean Smith showed up at Ye Se with his little girl, while immense amounts of women stayed in the box. Suspecting that the marriage broke down, and the man wanted to find a stepmother for her little girl."

No wonder his eyelids jumped straight. There were various evidences listed in the newspaper, and the wife abuse incident before was also posed.

It's so detailed that he almost confessed them.

Smith said to himself that no wonder Amber would behave so angry. It turned out that his carelessness hurt Mrs. Amber's reputation.

"I think I am better than someone who left her baby alone but cared for its interest to play outside."

Smith stretched out his hand and rolled up the newspaper, revealing the neat layout in the eyes of Amber.

"Director White came at a particularly bad time. If you come a little later, maybe Cindy's stepmother will be in place."

Just as Smith was saying the words, the box door was suddenly pushed open, and a group of reporters flocked in and recorded Smith's words thoroughly.

The air seemed to be unchanged at this moment. The loud music outside looked like drums beating Gu's heart.

Gu frowned while his sparkling eyes tightened.

He closed to Smith and whispered:

"Damn it. The bastard manager of Ye Se called the reporters."

“Buddy. Why are you doing with those angry words? Just make an apology to sister-in-law, huh?”

“If Uncle Sean knew that you had brought the little girl to the bar and called the princesses, I guess he will kill you.”

Smith showed a disdainful look.

Make an apology to the woman? Smith wondered he’d rather accept scold.

Before Smith said something, a flock of reporters swarmed up.

“Mr. Sean. What’s the meaning of what you said just now? As far as I know, these women in the box are all prostitute in Ye Se. So you’d rather pick a princess as your daughter’s stepmother than go on living with Amber?”

“Mr. Sean. Have you already divorced with Mrs. Sean?”

“Mr. Sean. Is the confrontation between you and your pre-wife the maintenance and education of Cindy?”

Journalists’ questions have always been distinctly sharp. They would no show mercy because Cindy White, a three-year-old child, was present.

Even when the fact was not clear, the reporters spread rumors with a few unsubstantiated photos.

Amber felt annoyed but ridiculous.

The point was, she didn’t even know how to clarify. She didn’t know at all the aim that Smith brought Cindy here.

What’s more, she was not sure whether Smith would buy it or show his respect for her.

Amber held Cindy with a gloomy mood, while the flickering light shined Amber’s pretty face.

“Shut up. Haven’t you ever seen the couple being quarrel?”

“Amber White is my justified sister-in-law. You guys should be polite to them.”

Gu’s face was gloomy.

“How do you guys qualify as journalists? Since you were able to come in the bar, maybe you have figured it out!”

“It’s me called the princesses, and it has nothing to do with my buddy!”

A crowd of reporters looked at each other and whispered. Since Smith got married, there has been full of different rumors outside, but weren’t related to divorce.

There are a lot of reporters who wanted to reveal hot gossip about Smith, but dared not go too far!

If it was Gu that called these women, it’s, obviously, not enough to catch up the public eyes.

Anyway, there were still individuals who were bold in the crowd.

Then, a man stepped forward and asked, "If the words what Mr. Gu just said was true, can Mr. Sean explain the meaning that you said when we entered the door?"

"Yes. Mr. Sean said that if Mrs. White came a little later, Cindy would choose a new mother by herself. What does it mean? "

"Hey. Mrs. White. Does Mr. Sean means that if you divorce, the child's custody will hand in Mr. Sean?"

After these men came in, there were full of different questions. And the reporter who just questioned Amber almost poked Cindy with his microphone.

"..."

Cindy White pushed the microphone away with one hand, glared at the reporter with red eyes, and shouted:

"You talk nonsense. Mom and dad will not divorce!"

"Dad loves mom best. He opened a house with my mother at the hotel this afternoon!"

"If it's not because he didn't find mom, he won't bring me here to this place."

"Dad is a good man." Cindy didn't know the meaning of opening a house.

She just remembered what Gu had said and repeated it. Then Cindy pointed at Gu: "Uncle Gu is not a good person!"

Gu was stunned.

Gu wondered. It's unfair. If Cindy didn't look for her mother, how could he call so many princesses?

But Gu didn't know how to express his feeling.

Hearing this, Smith felt ashamed that his face turned to be red.

The grim expression on his face almost collapsed.

However, the reporter in front of them seemed to trust Cindy's words.

At this time, Amber reached out and grabbed Cindy's hand and whispered, "Sweetie. You can't clap uncle's microphone. You are impolite, Okay?"

Enormous people were standing in the box. The box was spacious but looked crowded.

What Amber just said made everyone in the room somewhat surprised.

If it's not for the microphone going to poke the little girl, the girl won't slap the microphone away.

So it's not Cindy's fault. And it sounded like Amber was condemning some others.

On top of that, Cindy was obedient to make an apology to the man with her sweet voice.

"I'm sorry. But you guys can't talk nonsense about my parents."
