

Mr Smith 211

Chapter 211: Fifty million dollars to kill a child

0 5 minutes read

“You stop it!”

Amber suddenly yelled at them, while Sean looked in her direction and noticed that she had a gun in her hand, so they stopped.

They were not far from Amber, but for some reason, they couldn't see her face.

She was holding a gun while her dress was blown up by the wind, and her arm moved as the gun in her hand was pointed at the beard man.

“Mrs. Smith, the gun is dangerous, so if you want to say something, put down your gun and say it.”

“Sean hired you to kidnap my daughter?”

Amber's voice was so calm that Sean couldn't tell if anything was wrong just from the way she spoke.

“Yes, but I didn't hurt your daughter, so Mrs. Smith, did you point the gun at the wrong man?”

Beard was hurt on his face, looking very careless when he spoke. Had it not been for his clenched hands, which betrayed his feelings, Amber would have been fooled.

“On the hill, which is behind the Smith family, there is the ancestral temple of the Smith family, and if it wasn't a member of the Smith family, no one else could get in at all! Mrs. Smith, I can go up the hill, taking your daughter, and do you think I could have done it if no one had let me in on purpose?”

“I was rushed with the assignment, but I'm not going to mistake the person who hired me for it!”

“Money comes from danger. Fifty million dollars to kill a child!”

“It's a good deal for us!”

Good deal?

Did Cindy just look like a business to these people?

“Are you telling the truth?”

Beard nodded and then Amber's voice trembled. “Don't you fear retribution for your wickedness?”

Then Beard smiled meaningfully but said nothing.

They didn't believe in retribution any more!

“Sean, what do you have to say?”

Amber asked.

Sean fell dizzy.

He really didn't understand what the kidnapper had in mind?

Why did the kidnapper insist that he wanted to kidnap Cindy, trying to kill her?

Amber was usually very smart, so why was she so easily convinced by a kidnapper?

Did he kidnap Cindy? He thought Amber was just directing and acting by herself.

Sean's eyes looked a little red and he squinted, looking in Amber's direction, while he heard Amber's voice.

Her voice sounded warm and soft, but it was frightening for no reason!

"Sean, you're in a confrontation with the kidnapper! Even Cindy said she heard that it was you, who was trying to kill her!"

"I want to ask you that how Cindy hurt you as you even wanted to kill her?"

Amber shouted at the top of her voice as she asked him. When Sean heard these words, he stepped a little in Amber's direction but when Beard saw this, he reached out, stopping Sean.

In a bad mood, Sean turned to Beard and smashed Beard with his fist.

When Beard lost once, he could not lose twice, so the two of them fought again and when they fought together, the scene looked chaotic.

The summer night was still, so when Amber pulled the safety bolt on the gun, the sound was magnified a thousand times and Beard froze in surprise.

He unconsciously grabbed Sean, putting Sean in front of him.

"Mrs. Smith, I'm just an accomplice at best, so don't act on impulse."

Sean was badly hurt, so when he fought with Beard, Sean couldn't win.

Sean was grabbed by Beard's hand and Sean's chest was exposed to Amber's muzzle. Through the night, Sean could see deep into Amber's eyes as there was too much hate in her eyes...

She hated him so much, and he tried to ignore it, but he couldn't!

Did she really want to kill him? !

The constant pain in Sean's heart was magnified in an instant and Sean shook uncontrollably.

There was a flash of bewilderment in his eyes.

On the hill, he dived all the way to find Amber and he almost died there. In the end, Amber only hated him!

Good!

It's nice!

He didn't hate her yet, but she hated him first!

When he was on the hill, he should have let Amber be killed by a falling stone!

Amber didn't seem to hear Beard's words as she looked at Sean and said, word by word.

"None of us will ever get out of here alive till you explain it to me today!"

"I am weak, but I will not put up with you any longer when you are ready to kill my daughter!"

Sean tried to pull his arm away, and he pointed between his eyes.

"Good!"

"Here, shoot with your gun!"

He licked the corner of his lips and his voice was as cold as a piece of ice. "If I run away, I'm not Sean!"

Sean felt unspeakable nausea. In all his years, though he was not free to do whatever he wanted!

He had never been forced to do so.

It was like three years ago when he was forced to marry Amber, which made him sick!

Amber was the only person who could think of such a cunning trick!

"I do hate myself as I hate that I'm stupid and I hate that I'm blind. I hate meeting scum like you as I can't see through you!"

Amber was shaking as she held the gun in her hand.

"You're going to kill my daughter, I..."

She didn't continue, but what she had said was enough to make Beard tremble and his eyes rolled...

The bullet was very dangerous and in Amber's state, she would probably kill Sean.

If Amber accidentally injured him...

As the kidnaper thought about this, the kidnapper involuntarily let go of Sean's arm.

Beard was supposed to go to the toilet and when he saw Sean's subordinates, he managed to escape as he didn't want to die!

As Beard thought about this, Beard grabbed Sean by the throat.

"Mrs. Smith, I helped you kill him... You put that gun down!"

Sean was breathing harder and harder. He had a fever before he came, and then he had a car accident!

So he was able to fight Beard to the limit of his ability now!

When he fought with Beard, he didn't see Amber trying to call for help!

Was Amber really going to kill him?

Sean swore in a low voice, feeling more and more breathless. According to the way Beard pinched his neck, he had at most one minute...

Sean glanced in Amber's direction, laughing angrily.

He didn't die on the hill trying to save Amber, but he's going to die in this place trying to save Amber's daughter.

Sean just felt bad!

Under the starlight, Amber's eyelashes looked silver-gray.

"I want him dead!"

"This is between us!"

"If you meddle in our business, I'll kill you!"

Amber's voice sounded hoarse. "You stay away!"

"All right!"

After Beard listened, he let go of Sean. He raised his hands, smiling reluctantly in Amber's direction, and then he moved cautiously to the side.

When Beard let go of Sean, Sean felt a lack of oxygen in his brain. His body shook and he fell to the ground.

He took two deep breaths.

"Bang!" Suddenly he heard a shot.

When Amber shot Beard, Amber's hand was numb from the shock of the gun. Standing in the dark, her face looked very pale and as Amber watched Beard falling to the ground, she shivered and threw her gun away.

Chapter 212: Was Amber pretending to be weak in front of him?

0 5 minutes read

Amber blinked her eyes, and her lips were almost bloodless.

Sean tilted his head, seeing Beard, who looked like he's dying with his eyes open.

There was a glint of disgust in Sean's eyes.

As soon as Sean arrived here, Xu Lin had already told him in detail what Beard had done.

How easy it was for a man as vicious as Beard to die like this!

Sean reached out, brushed the dust off his clothes, and took a few steps in Amber's direction.

Her legs felt soft with fear, but she still crouched down, holding Cindy in her arms, while her body shook violently.

Amber's eyes widen as she looked in the direction of Beard, and her voice sounded frightened. "He's dead?"

She shot Beard on the head with the gun, and Sean was standing so close that he could even see the kidnapper's brain splashing.

It would be a miracle if the kidnapper was still alive!

Sean raised his lips sarcastically as Amber shot the kidnapper with a gun, so was Amber pretending to be weak in front of him?

"He's dead!"

"Mrs. White, do you want to go over and make sure!"

As Sean said these words, Sean leaned over, trying to hug Cindy.

When Amber perceived his movements, she hugged Cindy, backing away, while she even reached out with one hand, pushing Sean away.

Sean frowned as he was pushed away by Amber when he tried to hug Cindy.

Amber held Cindy tightly in her arms as if she was afraid of losing Cindy and wanted to gain strength from Cindy.

"Sean, I shot him, so he couldn't tell anyone what you had said!"

After she said these words, it wasn't just Sean, who suddenly stopped, but even Gu Jinyan and Xu Lin, who had heard gunshots, running here, stopped suddenly.

The kidnappers have been found, so how could Sean still be convicted?

"Sister-in-law, is there some misunderstanding? Sean wouldn't do that!"

After hearing this, Xu Lin nodded. "Mrs. White, Mr. Smith was so badly hurt, but he insisted on coming to help you save Cindy..."

"Shut up!"

Sean scolded him in a low voice.

Xu Lin was silent.

Amber licked the corners of her mouth while if Xu Lin didn't say anything, she almost forgot that Sean left her to die in Feng Lin Area.

It's not enough that he wanted to kill her as he even wanted to kill Cindy.

She raised her lips but could not smile and she wanted to cry, but there were no tears.

Instead, Sean glanced at Amber.

Amber has been arguing with him for so long and she's pretending to be weak now, so maybe when they got back, Amber would go to his father, crying in front of his father, and criticize him!

He didn't blame Amber for removing the rescue team, but she wanted to blame him now!

"That's very kind of you, Mrs. White. You would have spared me, a murderer."

“So do you want me to thank you, Mrs. White?”

Amber felt that her heart had broken today, so even though Sean said these words, she didn't seem to have any expression on her face.

“Mr. Smith, after we go back this time, I hope you won't disturb Cindy and me anymore!”

“I have a recording of everything you admit! So if Cindy and I are threatened by anything else again, we will have to fight you to the death!”

After Amber said these words, Amber stood up with Cindy in her arms, striding toward the car.

She paused as she turned to Xu Lin, asking in a low voice. “Mr. Xu, could you please ask someone to take Cindy and me to the hospital?”

Xu Lin was about to say yes when Sean raised his lips, saying. “Xu Lin, take her to the hospital yourself!”

“Lest if anything happens to Mrs. White on the way to the hospital, I should be blamed!”

Xu Lin said. “Mr. Smith, you don't look well, so why don't I take you to the hospital for a check-up...”

“No!” Sean raised his lips and his smile looked as if it had a cold chill, making Xu Lin shiver. “I'm toxic, so if I'm in the same car with Mrs. White and her daughter, what should I do if I poison them!”

Amber lowered her head and even though Sean was being sarcastic, there was no expression on her face.

How tolerant of her!

Sean thought for a second and understood. Since Cindy was still alive, Amber probably wanted to set off firecrackers to celebrate.

He was the one to be afraid of because he didn't know whether his father would beat him when he got back!

As soon as they left, Gu Jinyan and Sean were alone in this place.

Sean asked Gu Jinyan. “Have you got any cigarettes?”

Gu Jinyan's mouth twitched and then he took a cigarette from his pocket and lit it for Sean. “Sean, why don't you explain?”

“Who shall I explain it to?”

“Of course you should explain it to Amber?”

Sean raised the corners of his mouth derisively, saying. “I would rather simply let that kidnapper kill me!”

Stubborn!

It's not like Gu Jinyan didn't know what Sean was like, as Sean may be dissatisfied with Amber, and he didn't allow Cindy to enter the door of the Smith family, which was the worst thing that Sean could do to Amber and her daughter!

After all, no matter how much he disliked Amber, he wouldn't want to kill a child, which was only three years old.

"And I don't mean to blame you, but look at you now. Are you covered with wounds?"

"Even if you hate Amber, you should explain to her, or Uncle Smith won't let you off!"

Sean took a puff at his cigarette, looking relaxed. "What about the others?"

"Three in all." Gu Jinyan replied, glancing at Beard. "This man is supposed to be the mastermind, but he is dead!"

"The other two kidnapers didn't know anything, so I sent the two kidnapers to the police station."

After Sean listened to these words, Sean raised an eyebrow.

If the mastermind of this kidnapping was dead, would people think he was the mastermind of this kidnapping?

"Sean, in case you break an arm or a leg, I'd better take you to the hospital first."

"Because if you don't get this piece of glass out of your arm immediately, you're in real danger!"

As Gu Jinyan spoke, Gu Jinyan pulled Sean's arm, walking toward the car.

...

Tong City Central Hospital.

Almost as soon as Sean got to the hospital, two men stopped him.

He knew both of them because they were his father's bodyguards. They were all special forces soldiers, who had retired from the army, so they fought a lot.

If Sean wasn't hurt, he could try to fight with them.

"What's the matter?"

"Master Sean, Mr. Smith said he would like you to return to the old mansion of the Smith family first."

Sean's right hand pulled back the white shirt on his left hand, while his left arm ached and he felt his left hand numb. "Isn't my dad going to let me see a doctor when I'm so hurt?"

The bodyguards stood in front of Sean, making no attempt to let him in.

When Sean saw them like this, he knew Amber must have said something bad about him to his father.

Thinking this, he turned straight away.

"Sean, where are you going? Are you going to run around with your wounds like this? Don't you want to live?"

Sean looked so pale and bloodless.

Maybe he was in a bad mood, as his eyes looked gloomy.

There was a flash of sarcasm in Sean's eyes. "You go back first as I'll see the doctor when I returned to the old mansion!"

After saying these words, Sean got in the car with the bodyguards, returning to the old mansion.

All the members of his family were sitting in the living room.

Sean raised his eyebrows. Were they going to give him a severe trial?

Chapter 213: Severe trial

Thinking like this, Sean laughed mockingly when he looked at Amber.

Amber got up from the sofa when she saw Sean.

"Dad, Cindy is in shock today..."

"Amber, Aunt Zhang will accompany Cindy, so you are sitting here! Today I will demand justice for you and Cindy!"

As Tomas said these words, he glared at Sean, yelling. "Come in, you brute!"

Sean paused, and then he stepped straight through the door.

The mud from his body immediately fell to the clean floor.

"Dad, I'm your son, so don't call me a brute!"

The veins in Tomas's face throbbed. "I wish I had no son like you!"

When Sean was two meters away from Tomas, he stopped.

"That's rather late, isn't it? Do you want to kill me, Dad? Are you trying to get even with me for Mrs. White?"

When Mrs. Smith heard this, she felt dizzy and she hurried up to Sean, and when Mrs. Smith saw the wounds on his body, Mrs. Smith's heart ached.

"Sean, just tell your dad you were wrong!"

"Take it as I beg you!"

"You are too weak, so you must rest!"

Mrs. Smith's eyes were full of tears while Sean paused as he glanced across the shadow at Amber.

Amber was staring at the cup on the tea table, looking dull like a wooden head.

Sean snorted as he thought that Amber was just waiting for his father to teach him a lesson!

Did he still have to admit that he was wrong?

To whom should he apologize, his father or Amber?

Sean frowned, keeping his back straight, and his eyes looked very dark.

“Mom, what exactly do you want me to confess? I don’t remember what I did wrong!”

As Sean spoke, Sean looked at the whip in Tomas’s hand, raising his lips. “How? Dad, are you going to whip me every day?”

“That’s all right with me but I just don’t know if Dad has the strength!”

After Sean said these words, Tomas pushed Mrs. Smith away, whipping Sean hard.

Tomas swung the whip hard, which was breaking through the air and making a clear sound, while Tomas whipped Sean’s left arm directly.

There was still a piece of glass on his left arm and as the whip broke through Sean’s flesh, a cold sweat broke out on Sean’s forehead.

He kept gritting his teeth without making a sound.

Tomas looked angry, asking him sternly. “Did you drive an SUV, intentionally trying to leave Amber in the Feng Lin Area?”

“Are you trying to kill Amber?”

Sean’s eyes looked red as he squinted his long and narrow eyes, and then he put out the tip of his tongue, licked his lips, and asked his father in reply.

“Did she say so?”

Sean took a deep breath, and he blinked, deliberately hiding the emotion in his eyes.

Did he want to kill Amber?

He deliberately left Amber in the Feng Lin Area?

Did Amber tell her father these things?

As he felt a surge of anger inside him, he broke into a sneer.

Amber was so good that she could tell all these lies!

He shouldn’t have saved Amber as he should have let her die on the hill!

“Never mind who said these words!” Tomas said angrily, while Tomas had a whip in his big hand and Tomas whipped him hard. “I ask you, did you do it or not?”

Sean suddenly looked at Tomas, and he looked straight into Tomas’s eyes.

Tomas was annoyed, and his eyes were full of disappointment.

Sean was standing in the living room of the old mansion at the Smith family, while to his left were his three sisters-in-law and Amber, to his right were servants who dared not breathe, and in front of him was Mrs. Smith, who was with tears in her eyes, trying to intercede for him.

Tomas must have been angry enough to whip him for choosing such a place!

Tomas was not going to save him any face!

The atmosphere grew tense, but Sean broke out laughing out of turn. In the silence of the living room, his laughter was particularly obvious.

Tomas was already feeling very irritable, and now he was feeling even more irritable now

“Pa!” Tomas began to whip Sean again.

He immediately lashed Sean hard on the back.

Sean gritted his teeth as his face turned pale, but he didn’t make a sound.

Instead, Mrs. Smith, who stood to one side, was so startled that tears came out of her eyes.

“You brute, how dare you laugh!”

Tomas clenched the whip with sudden force.

The veins on his wrist protruded out as if he wanted to whip Sean hard again.

Mrs. Smith jumped up, reached out, and took Tomas’s hand. “Tomas! Sean did the wrong thing, but look at our son! He’s covered in wounds!”

“If you whip him again, won’t you kill him?”

“Please don’t be mad at the only son we have left!”

Tomas was so pissed off that Fang Weiwei and Sean’s other sisters-in-law didn’t dare to sit. While Mrs. Smith was holding Tomas, they kept trying to intercede for Sean.

“Dad, no matter how wrong Sean was, he’s being punished!”

“I see there’s still a piece of glass in his left arm, so shall we asked the doctor to take it out first?”

“If there is anything to ask, can we put it off?”

Tomas pushed Mrs. Smith away with his elbow and he looked furious as he whipped Sean very hard with his whip.

The whip touched Sean’s neck by accident, leaving a bright bloody line on his neck, which showed how hard Tomas was whipping Sean.

Sean had a cold sweat on his forehead, feeling a buzzing in his ears. He took a deep breath while his face was as pale as a white paper.

Sean only thought that Tomas had whipped him harder this time than Tomas had whipped him last time!

Amber was really clever and cunning!

He and Amber were probably the only ones who knew exactly what happened on the hill!

So even if he had a hundred mouths, he wouldn't know what to say!

He tried his best to save Amber on the hill, which seemed like a joke!

Sean's lips were bloodless, and as he looked down, out of the corner of his eye, he saw Amber, who reached out and held the cup, looking relaxed.

Damn it !

Amber must have been very happy to see him get whipped.

"I was just asking you a question!"

Tomas asked him bitterly.

Sean's eyes flickered and he sneered. "Yes! I deliberately left Amber in the Feng Lin area!"

"I've been mad at Amber for a long time, so I want her dead!"

"I had already confessed this to Amber right in front of her at the hospital!"

"What's the matter? Didn't Mrs. White tell you that?"

Tomas felt dizzy, while Sean kept still and blinked his eyes. "Oh, I almost forget!"

"Did Mrs. White tell you that I had deliberately asked someone to kidnap her daughter?"

"Did she tell you that I'm narrow-minded because not only do I hate Amber, but also I hate a child who was only three years old, so I deliberately let the kidnappers kill her daughter?"

When Sean said this, Mrs. Smith became pale.

Unconsciously, she reached out, pushing Sean. "Sean! What are you talking about?"

Chapter 214: If You Want Sean to Kowtow to His Mistakes, I Will Do it for Him

0 5 minutes read

"Cut the crap!"

There were a lot of people in the living room, each with a different expression, especially Shen Ruyun.

Surprise flashed through her beautiful face!

Originally Cindy and Amber had come back intact, which made her so scared!

She didn't expect Sean to say, in front of everyone, that he was responsible for the kidnapping of Cindy.

Well...

She had seen people who were afraid of trouble, and she'd never seen anyone who rushed to take the trouble upon themselves!

So everyone's attention was focused on Tomas and Sean, and no one had noticed anything different about her.

Shen Ruyun quickly adjusted her expression.

And Tomas had been angered so much by Sean that he puffed greatly.

His hand that was pointing at Sean was shivering badly!

"You..."

"You beast!"

"I'll kill you!"

He was about to raise the whip again, but Mrs. Smith stopped him, "No! Sean's words were just spoken in anger! Couldn't you ask him and figure it out clearly first?"

"If it's really Sean, why did he have the kidnappers call home?"

"After putting up with it for three years, it is impossible that Sean suddenly hated Cindy so much that he made much ado to kidnap her!"

Arm was stopped, Tomas couldn't give vent to his anger, and then he raised his leg and kicked Sean's body.

As such a tall and strong man, Tomas actually was kicked to the ground, making several people suddenly stop their action.

Sean subconsciously tried to get up from the ground, but he still failed after trying several times.

Sean pursed his lips, it looked like the old man was really planning to kill him this time!

There were too many injuries on his body, and his pink-white shirt had already been stained by the blood seeping out, making others unable to see its original color.

"Sean!"

His mother just wanted to reach out to help him, but Tomas reached out and pulled her, and then she was pushed in Mrs. Zhang's arms, helpless.

Immediately, he raised his hand and waved the whip in his hand.

The sound of the whip cracking through the air was fierce and terrifying, "I'll teach this beast a lesson today! Anyone who dares to ask for mercy one more time, I'll beat that guy up along with Sean!"

After saying so, Tomas strode over to Sean.

Sean had just stood up from the floor and was covered in a shadow.

"Roll over and kowtow to Amber and confess your sins!"

Sean's pupils were contracted!

Kowtow to Amber and confess?

He scoffed and lifted his hand painfully, pretended to casually pick his ear and asked, "What did you say?"

The sneer on Sean's face was so obvious that Tomas could see it clearly!

His face got gloomy again, "What? Aggrieved? You beast, do you know that if Lu Yi hasn't gone in time, Amber would really have died!"

"And then you'll be the murderer!"

"What's more, how dare you ask someone to kidnap Cindy?"

"Sean, do you really think that I wouldn't dare to kill you?"

After saying these words, Tomas got so angry that he whipped directly Sean.

Sean grunted.

Amber almost die because she wandered casually!

The fact that he wanted to kill Amber was even untrue, she is the one who backstabbed him!

Why didn't Tomas just send him to jail since he felt so sorry for Amber?

Sean didn't move, his expression was indifferent, and he didn't apologize in any way, scaring his mother so much!

"Sean, just explain..."

"Your father will really kill you if you don't say anything like that!"

She had tears in her eyes, Sean looked at her and turned his head.

"Mom, what should I explain? Miss White should have already said what ought to be said all! "

"Does my explanation work?"

The atmosphere was tense Tomas clenched the whip more tightly, and Shen Ruyun took a look at Amber, who didn't react at all, and her eyes twinkled as she whispered.

"Amber, you know clearly that Sean isn't even this kind of person, so why won't you say a word to help him? "

"You know clearlu what happened on the mountain, don't you? Is it so hard to let you to explain to us?"

"Are you going to stand by and watch Dad kill Sean?"

Before Shen Ruyun said these words, the living room was silent for a moment.

The hand of Amber held the teacup more tightly, and her eyes were sad.

An explanation, a plea?

She smiled coolly, wasn't she the one who deserved to hear the explanation the most?

It was generous of her not to add the trimmings in this matter!

How did the Smith family want her to explain?

Amber's eyes landed on Shen Ruyun, and for a moment, Shen Ruyun's body went cold and unconsciously took a half step back.

The fire of war had reached Amber, and there was no way she could avoid it.

Mrs. Smith endured her tears, shrugged off Mrs. Zhang, strode over to Amber and directly reached out to hold Amber's hand.

"Amber, explain to your father, please! If he keeps on whipping Sean like this, he is really going to die!"

"This is the only son I've got!"

"Speak up, are you still resentful that I slapped you?"

"I'll apologize to you, and you can even slap me..."

Amber closed her eyes. After getting married with Sean and coming to the Smith family for three years, every time she came here, she could hear sarcastic remark or be treated with cold shoulders.

This is the first time that Mrs. Smith had taken the initiative to get close to her.

Amber drew back her hand, and she couldn't afford such closeness!

Mrs. Smith's hands suddenly got empty and her face had suddenly turned pale, because she could see that Amber's attitude was so obvious.

Tomas suddenly felt sad for Amber when he saw it.

How could he not know what kind of person Amber was?

She didn't even want to say a word, because she must have been hurt badly by this asshole

Thinking about it, Tomas waved his whip, and his face seemed to have aged ten years in an instant.

"Bastard, you come with me to the study!"

Sean was not blind, and he had seen Amber's actions already.

He pursed his lips, Amber really did what she had said she would do. Once she said that she didn't love him anymore, she could be cruel immediately.

Nope!

Amber already hated him so much!

Tomas's reaction should have been expected by Amber!

Sean glanced at Amber, then followed Tomas into the study.

As soon as the door was closed, the sound of the whip rang out, one over the other, and Mrs. Smith's heart ached with every whip.

“Mom, if you let Dad continue to beat him like this, Sean really won’t be able to survive!”

“I’ll go get a doctor for him first...”

Mrs. Smith’s body trembled, her breathing was intermittent and her eyes were so red.

“Don’t do that...”

“Your father is angry, calling a doctor is not saving Sean!”

Mrs. Smith’s eyes were so sad, and she turned her head and looked at Amber, her voice so hoarse.

“I don’t believe my son would intentionally leave you on the mountain...”

“If you want Sean to kowtow to his mistakes, I’ll kowtow for him...”

After saying said, Mrs. Smith was about to sit down on the ground from the sofa.

Amber reached out and held Smith’s mother, and Jiang Xue snorted in anger.

“Amber, you’re too cruel!”

Chapter 215: Mom, What’s The Sound Outside

0 5 minutes read

“No matter how angry you are, dad called the rescue team back because of you before, is it not enough?”

“Don’t be too excessive!”

Amber White heard the words, she sneered.

She was still in the hospital gown. She took out her mobile phone from her upper pocket and placed it on the table.

Amber White’s eyesight was very empty: “Mom, there is Sean’s voice recording!”

“Listen to it carefully!”

“Dad wants to punish Sean, it was not my idea, dad knows what he is doing!”

“For me... I’m sorry, I can’t help him who wants to kill my daughter and me!”

Several people looked at each other.

It was Fang Weiwei who reacted first and found the recording from Amber White’s mobile phone.

In such a short period, Amber White had no chance to synthesize it, that was to say, it was true!

Mrs. Smith’s face turned pale, and her body shivered with her heart.

“Amber White, why you are so shameless? Cindy White and you are so fine now.”

“The Smith family has always treated you so well...”

Before Shen Ruyun finished speaking, Amber White got up from the sofa.

Her expression was very serious: “Mom, if there is nothing more, I will go up and see Cindy!”

“She was shocked, she needs me now!”

After finishing speaking, Amber White turned away and ignored Mrs. Smith.

She really couldn't stay in the living room of the Smith family!

She was afraid that she would be shaken by the people of the Smith family if she stayed longer!

Sean Smith hated her so much, if she didn't let him take a lesson, she was really afraid that he would make Cindy suffer again!

Cindy was her everything.

When Amber White passed the studying room, she glanced at the unclosed door of the room from the corner of her eye.

Sean Smith knelt on the ground and straightened his waist. Tomas Smith held the whip in his hand, his face was pale.

Amber White turned away and went upstairs.

This time, Tomas Smith seemed to use all of his strength. Even when she went upstairs, the sound of the whip slashing to the flesh was still endless.

Cindy White stayed in the children's room. When Amber White walked in, she had already changed into a pajama.

With a pin on the back of her hand, she was already awake, her dark black eyes seemed to be illuminated by the light.

“Mom.”

Amber White sat down by her bed.

Cindy White fixed her gaze at Amber White, and asked in a low voice, “Mom, what's the sound outside?”

“Did grandpa beat Dad again?”

“Mom, why did Grandpa beat Dad?”

“Is it true that Dad wants to kill me?”

Cindy White's questions came over one by one, and Amber White's heartbeat went up and down, and the familiar pain bit by bit invaded Amber White's heart.

Amber White's eyes suddenly turned red.

Before seeing Cindy again, she even thought that she would not hurt anymore...

But Cindy only asked a few questions, which made her experience the heart-piercing feeling again.

She pressed her eyelashes to cover the tears in them, her thoughts wandered for a moment, she was thinking about how to explain to Cindy.

The little guy gave her a timid look and asked: "Mom, Uncle Bearded said that I am not father's child, is it true?"

This question seemed to have cut off Amber White's breath.

She blinked and her eyes were foggy.

"Cindy, do you trust Mommy?"

Cindy White nodded.

She was very well-behaved, only three years old, with a hanging needle on the back of her hand, even if no one was watching her, her hand would not move.

Amber White felt even sadder.

"Mom, if Dad is not my dad, who is my father?"

"Cindy, Sean Smith is your father!" Amber White reached out and wiped tears: "Mom didn't lie to you!"

"It's just that Dad may not love you as much as you think!"

Amber White's eyesight was empty.

Speaking this sentence did not seem to be as difficult as Amber White imagined.

Cindy White's lips moved. Her eyes were bright, and the corners of her lips were slightly raised, and she whispered, "I knew that Dad is my Dad!"

Amber White wanted to say something, but Cindy White had just been frightened, and Amber White was worried that she would be irritated by something more, so her lips moved, but she didn't say a word.

The little guy was so physically exhausted that she didn't say a few words to Amber White, and she became groggy, as if she was asleep.

The sound of whip swinging downstairs was exceptionally clear in the silent night.

Cindy White suddenly widened her eyes: "Mom, can you stop Grandpa? Ask him to stop beating Dad?!"

Amber White was stunned.

Cindy White had always liked Sean Smith very much, until she clearly heard the kidnappers say that it was Sean Smith who wanted to kill her, and she even wanted to plead with Sean Smith.

At this time, Amber White suddenly regretted it.

She regretted that the family illusion created for Cindy White was too perfect, so she would forgive Sean so easily!

Amber White closed her eye and did not answer Cindy White.

The doctor gave Cindy White the last bottle of the injection. After the injection, Amber White directly pulled out the injection for Cindy White.

Then she picked up the child from the bed.

Cindy White looked blank, "Mom, where are we going?"

Amber White licked her lips and whispered, "Mom will take you home."

"Will Dad be with us?"

Amber White explained: "Dad did something wrong, Grandpa is teaching him a lesson! Let's go back alone!"

Cindy White didn't understand, but after knowing that Sean Smith would not go back with them, the light in her eyes became a little bit shallow.

When Amber White got off the stairs, she was stopped by Zhang.

"Lady, master, and Sean have been in the studying room for more than ten minutes..."

There was a look of embarrassment on her face, "Lady, young Master has suffered a lot of injuries. If the master doesn't stop, young master could die!"

"Only you in the Smith family can persuade the master..."

Amber White paused and whispered: "Zhang, Dad knows what he is doing. Sean will suffer a little bit more. He won't kill Sean!"

"Cindy is not feeling well. She wants to go home, I will take her back first!"

The conversation between the two was heard by Shen Ruyun, who happened to pass by.

She raised her eyebrows and raised her voice: "Amber, you are wrong. Listen to the sound of this whip and it hasn't stopped until now!"

"Now Dad is angry, who knows if there will be any accidents?"

"Your daughter was kidnapped. The Smith family took out 50 million and let you redeem her. Now we just want you to say something for Sean. Why is it so difficult?"

"What? Do you want to see that Sean to be killed?"

Amber White glanced at Shen Ruyun sideways.

Amber knew much about life in the rich. Shen Ruyun was never close to Sean at usual.

At this time, her intention wanting to help Sean was so fake!

Chapter 216: She's A Liar

0 5 minutes read

“Done?”

Shen Ruyun sneered. Her words directly attracted all the attention in the living room.

Mrs. Smith glanced in the direction of Amber White, her eyesight fixed in one direction.

“Do you wanna leave?”

When Amber White was about to nod, Cindy White who was leaning on her shoulder moved suddenly.

She looked, her eyes met Shen Ruyun’s, the little girl shrank, and her arms tightly around Amber White’s neck.

Cindy White’s tears fell in a second hurriedly and quickly.

“Mom, she slapped on me!”

“I’m scared!”

The immature voice was particularly abrupt in the living room. Although Cindy White was three years old, she had a clear voice. Although her voice was a little choked, it did not prevent everyone from hearing Cindy White’s words.

Especially Amber White, her body suddenly stiffened.

No one spoke up, Cindy White freed a hand and pointed at her red and swollen face: “Mom, my face was beaten by this bad woman! It hurt!”

Amber White’s gaze instantly focused on Cindy’s face.

She was fair and tender, but now, her face was red and swollen, and even some areas of her fingermark were faintly green, and she looked particularly shocking!

This slap print, Amber White had the impression, since she found Cindy in the abandoned car factory, she had this mark on her face!

At that time, she thought it was the kidnapper did it...

She loved Cindy so much, she had raised Cindy White so hard until now by herself, and she was not willing to hurt Cindy once, Shen Ruyun did dare to do that?

Amber White’s body paused, staring at Cindy closely.

The little face of her crying was all screwed together, and there was too much fear in her pupils, she was not lying!

Amber White shook while holding Cindy White, and the emotion in her eyes, as if there was substance, directly struck Shen Ruyun.

And.....

Almost Cindy White spoke, and Shen Ruyun’s face became pale after a brush.

She was nervous: “Amber, don’t trust her talking nonsense!”

“Your daughter must hate me and blame me for pushing you down the mountain!”

“Amber, although I’m not very good, I don’t want to cast my anger on a three-year-old child!”

Amber White’s eyes moved, and there was a chill on the corners of her lips.

“Why are you so nervous? Cindy hasn’t finished talking yet!”

She held Cindy White’s more tightly, lowered her head to look at Cindy, and asked in a low voice: “Cindy, tell me where did the third aunt beat you and why did she beat you?”

“Are you sure you didn’t recognize the wrong person?”

As soon as Amber White finished speaking, Shen Ruyun’s expression. She didn’t give Cindy White a chance to speak at all. She stretched out her hand to hold Mrs. Smith and said in a panic:

“Mom, Amber wants to frame me!”

“When worshipping Johnson, except for answering a call on the way, I was always with you. I didn’t abuse Amber White’s daughter, you know that!”

“Mom, what exactly does Amber White mean? Wouldn’t she also wants to kill me?!”

The more Shen Ruyun said, the colder her body became.

When she was trading with Mr. Qian on the mountain, she was involved in by him for peace of mind!

The little bitch that Amber White brought into the Smith family saw her face!

Originally, she had a guilty conscience after doing this, in case the little bitch made the truth out, would Tomas Smith let her survive?

Because Amber White refused to help Sean Smith, Mrs. Smith had long been grudges against her. She stared at Amber White fiercely and asked indifferently:

“Amber White, are you planning to make our Smith family a mess?”

“Get out of here! I don’t want to see you!”

She pointed at the door of the villa angrily, Amber White did not move, even her expression did not change too!

“Mom, I will leave after asking Shen Ruyun a few questions!”

With that, Amber White patted Cindy White and whispered: “Cindy, do you remember the question mom asked you just now?”

Cindy White nodded, raised her hand and wiped her tears, and said, “Mom, she beat me on the mountain!”

“I played hide-and-seek with dad, and then she brought three of them with Uncle Bearded!”

“She beat me! She is in the same group as the bad guys!”

The atmosphere suddenly became serious.

Amber White was stopped at the top of the stairs, not far from the studying room. As soon as Cindy White answered the question, the door of the study was suddenly opened from inside.

Tomas Smith stood at the entrance of the studying room with his whip, his eyes patrolled the crowd, and suddenly fell on Shen Ruyun.

Shen Ruyun shuddered, then she subconsciously glared at Cindy White.

“You bastard, you talk nonsense, you don’t learn well at a young age, you just learn to slander me, I will tear your face apart!”

She said as she flew in the direction of Amber White.

“Snapped!”

There was a loud slap in the face, and there was still silence around.

Amber White shook her numb wrist too hard, her eyesight was indifferent.

Shen Ruyun covered her face and looked at Amber White incredulously: “You...do you dare to slap on me?”

Slap on her?

Amber White can’t wait to kill her now!

She thought that Cindy was kidnapped and only Sean Smith was involved in intuit matter. It seemed that more than that!

Shen Ruyun and Sean Smith were the same thing, there was no difference at all!

“Cindy never tells a lie. Can you explain to me that there are so many people going up the mountain to worship the third brother. Why does Cindy say that you beat her?”

Shen Ruyun’s breathing was stagnant.

Amber White’s words were flirty, but Shen Ruyun’s back was inexplicably climbed with a layer of chill, making her shiver and shudder!

“On the anniversary of the third brother’s death, didn’t you pay homage to the third brother and take strangers to the Smith family’s ancestral hall to kidnap Cindy. Shouldn’t you give me an explanation?”

Tomas Smith glared at Shen Ruyun and exclaimed: “Is what Amber said is true?”

Shen Ruyun shook her head: “No! No! She is talking nonsense!”

“Amber White, your daughter said this was taught by you in advance?”

“This matter has nothing to do with me, stop framing me!”

The sound in the living room spread continuously to the study room.

On Sean Smith's head, there was cold sweat all over him, there was nothing more than the bloody smell that was so strong that it couldn't be removed!

There was a buzz in his ears.

Sean Smith also heard what Cindy White said.

He suddenly gasped and sneered.

How did the kidnapping have something to do with Shen Ruyun?

Didn't Amber White insist that it was him who kidnapped Cindy White?

And the words of Cindy White.

How many times did Amber White teach Cindy White in advance?

When playing peekaboo with him, Shen Ruyun led someone over and this sentence confirmed the kidnap of Cindy White!

Sean Smith cursed in a low voice.

Didn't he just let the little girl eat two more bites of ice cream? !

Chapter 217: Did You Mortgage Johnson's House?

0 5 minutes read

Outside the studying room, the atmosphere was tense.

As soon as Cindy White explained it clearly, some obvious details were exposed.

The finger marks and scratches on Cindy's face must belong to a woman!

Amber White glanced at Shen Ruyun's sharp nails, feeling cold.

"Frame?"

She licked the corners of her lips, "Cindy is only three years old, tell me how can she frame you?!"

"Shen Ruyun, why did you do the kidnapping?!"

"Lack of money? The money from the house under Johnson's name is not enough to repay your gambling debts, so you have a plan about Cindy?"

Shen Ruyun's pupils shrank.

She was too frightened, she even stopped breathing.

"Amber White, you..."

Mrs. Smith shook.

She glanced at Shen Ruyun incredulously, suddenly gaining strength, and dragging Shen Ruyun with one hand, her voice suddenly became indifference.

“Shen Ruyun! Did you mortgage Johnson’s house?”

“I...no, I didn’t...”

“No?” Amber White sneered: “Shen Ruyun, you don’t know, because you haven’t redeemed your house for a long time, there is a set in the Xianglan county, which was directly sent by your debtor to the charity auction which was held by Smith Group!”

“If you wanna the detailed procedures, I can take it out for you after a call!”

“You are talking nonsense, I redeemed the set of Xianglan County three days ago!”

Shen Ruyun’s voice was a bit sharp. She spoke too fast. As soon as she finished speaking, she was shocked that she had told the truth and covered her mouth.

But it’s too late.

Amber White sneered: “Smith Group’s stocks are so bad recently, how did you get the money to redeem the house? But to demolish the east wall to make up the west wall, you mortgaged the house of Johnson?”

“I have advised you a long time ago, stop gambling, otherwise, you would lose the only trace of Johnson in this world, you will lose it all!”

As soon as Mrs. Smith heard it, she couldn’t say a word, she rolled her eyes and fell to the ground!

“Mom!”

The living room was in a mess because of Mrs. Smith’s faint. There was no hot wind outside, but Shen Ruyun was so cold like she was covered by an ice cellar.

“Amber White, you son of bitch, you cheated me!”

Amber White raised her eyelids, her eyesight were dull: “Shen Ruyun, Sean can’t think of a vicious scene of kidnapping!”

“The cause of this incident, I’m afraid it is inseparable from you, right?!”

“There is no house that can be mortgaged for money, and there is no gambling debt. You are so anxious, so you found this damn way to get the money?!”

When Amber White fell silent, Tomas Smith frowned, and he threw the whip out of his hand and drew it to Shen Ruyun.

“Snapped!”

Tomas Smith’s whip, with inexplicable anger.

Shen Ruyun screamed, and only felt that the place where she was hit by the whip was hot and painful!

It seemed that it hurt to the bone.

“Damn you!”

Shen Ruyun’s cold sweat fell down her forehead, and her face was pale.

Because of Mrs. Smith’s sudden faint, Tomas Smith’s gloomy face instantly became dark again.

With his sudden movement, Fang Weiwei and Jiang Xue, who stood aside in shock, also exclaimed.

There was only Amber White, holding Cindy White was so calm.

The sound of Tomas Smith’s whip passed through the living room and fell to Sean Smith’s ear.

The man’s tall body paused, and he glanced back in disbelief.

Because Tomas Smith went out of the study, the door was wide open, and there was a mess outside. Shen Ruyun was frightened by Tomas Smith who stood up with a whip and her face paled. When she backed away, she fell to the ground.

Her Chanel skirt on her body was pulled down by Tomas Smith with a whip, and the fabric cracked, and the exposed skin was instantly covered with a layer of obvious red marks.

Extraordinarily hideous.

Sean Smith licked the corners of his lips, the folds between his brows were like mountains.

The body was seriously injured. After returning, the old man gave him a whip. Sean Smith was so painful just now that his consciousness was momentarily confused.

Although he was already focused, he still failed to listen to what Amber White said!

Even so, Sean Smith was very surprised.

In the past few years, although Shen Ruyun in the Smith family was not considered to be the best one, but she was the best among his three sisters-in-law!

Especially his mother, because of the third brother, Shen Ruyun can always get what she wanted!

In a few words, Amber White was able to let Tomas Smith fight against Shen Ruyun!

Sean Smith blinked, it was he who underestimated the influence of Amber White on Tomas Smith!

Sean Smith took a few deep breaths.

Amber White was really beyond his expectation. In these years, although the old man had a strange temper, he never beat a woman!

Amber White can make Tomas Smith make an exception again and again, and it made Sean admire her.

This was also a one-sided explanation, Amber White’s means were much better than three years ago!

Even a person like the old man who can tell right from wrong was still confused by her!

Thinking so, Sean Smith’s originally pale face was gloomy.

The original vague consciousness instantly became sober.

Outside, Fang Weiwei and Jiang Xue helped Mrs. Smith sit down on the sofa.

As soon as the three of them left, the living room became quite empty. Shen Ruyun's figure was more obvious in the air, and there was not even a place to hide.

However, even though Tomas Smith was getting older, this whip was extremely flexible.

With two whips down, Shen Ruyun couldn't even make a sound.

The cold sweat on her face was falling, and she lost the makeup that she had carefully painted.

Shen Ruyun rolled around on the ground, reached out and grabbed Tomas Smith's trousers, her voice was the hoarseness left by her throat after screaming.

"Dad! Dad, stop!"

"Listen to me first!"

Shen Ruyun's face was filled with snot and tears, very bleak.

"Dad, it's my fault to gamble, and mortgaged Johnson's house is also my fault!"

"But I was deceived, and I was also deceived, so I did the wrong thing!"

"Dad, although I mortgaged Johnson's house, I didn't transfer it, and I redeemed a lot, and I will redeem the all soon!!"

The words of Shen Ruyun said intermittently, and the biting of the word was also heavy for a while, and it was obvious that Tomas Smith's two whips were too heavy!

As soon as she said this, Tomas Smith's eyes were gloomy again.

Shen Ruyun's hand moved directly up, and she hugged Tomas Smith's thigh tightly, her voice was so small that she was crying.

The kind of sobbing that suppressed the pain, they could hear how painful Shen Ruyun was at this moment.

Amber White pressed her eyelashes. From the moment Tomas Smith started to whip Shen Ruyun, she subconsciously reached out and covered Cindy White's eyes.

The resentment in her heart had been reduced.

Chapter 218: Sean Is Cruel

0 5 minutes read

Amber White didn't care about what Shen Ruyun explained, she didn't listen either, her face was somewhat indifferent.

Shen Ruyun was involved in the kidnapping of Cindy White, and Amber White did not intend to get an apology from Shen Ruyun.

Her idea from the beginning was revenge!

With the slap on Cindy's face and Cindy escaped and survived from the hands of the kidnapers, Shen Ruyun only suffered a few slaps, but it was not enough!

Tomas Smith's expression was not very good, he turned his head and glanced at Amber White, and suddenly he was angry again!

Over the years, Amber White's achievements in the Smith Group were obvious to all. Shen Ruyun was also a daughter-in-law, and she also held shares of the Smith Group!

Not only did she do the slightest contribution, but also spent all her thoughts on bad things?

Mrs. Smith fainted under the stimulus, and now she had woke up.

Shen Ruyun's body trembled again, and she dared not get up when she knelt on the ground. Her remarks that fooled Tomas Smith were also heard by Mrs. Smith, because Tomas Smith was still angry, she suppressed her anger and said nothing.

Amber White stood on the spot, reaching out to hold the sleeping Cindy White. The expression on her face was dimmed by the light, and she looked inexplicably indifferent.

Tomas lifted his leg and kicked Shen Ruyun away with a sharp tone: "And you kidnapped Cindy..."

How dare Shen Ruyun admit this kind of thing? When Tomas Smith just finished speaking, Shen Ruyun answered and hurriedly defended herself: "Dad, Cindy was kidnapped, I did nothing for that matter!"

"I was wronged!"

"I don't know the kidnapers!"

After getting the whip, Shen Ruyun didn't care about the pain. The Smith family had a big business. Although she only held a small part of the Smith Group's stock, it was enough for her to splurge!

She still owed gambling debts outside. Shen Ruyun was scared, afraid that Tomas Smith wanted to take back the shares she held!

Shen Ruyun rolled her eyes, licked the corners of her lips, resisted the pain on her body, crawled over, and stretched out her hand to Mrs. Smith: "Mom, you know me best, how I can do it? I am not such a cruel woman, right?"

"Amber White must have hated me for pushing her on the mountain before, so she must teach Cindy to say this in advance!"

"Mom....."

Mrs. Smith's face turned pale. In recent years, Shen Ruyun's means of cheating Mrs. Smith have increased. Even if she was still annoyed with the mortgage of Johnson Smith's house, once she heard what Shen Ruyun said, Mrs. Smith still glanced at Amber suspiciously

Since Amber White married Sean, she had not lived in the Smith family for a day.

But Shen Ruyun had been following her all the time!

Amber White remained unmoved when she was glanced by Mrs. Smith. She changed her posture to hug Cindy White and asked:

“What do you mean? You can’t do such a cruel thing, in other words, Sean did it all by himself from beginning to end?”

“Sean is cruel?”

Sean Smith was shocked when he heard Amber White’s words.

Involuntarily, the man frowned.

What did Amber White mean?

Planning to frame him again?

Even if the old man whipped him, Amber White hadn’t vented her hatred for him?

What did she want to do? Let him pay for Cindy White via his life?

Thinking so, Sean Smith’s expression suddenly became gloomy. The old man didn’t use many methods to torture him, so he just slapped the whip.

If it were normal, he would not care about these whips!

But on the mountain, he was badly injured to save Amber White, and his chest was very uncomfortable!

If he got a few more whips like this, he was going to die here!

Sean Smith took a deep breath. He was a fool. Even if he tried desperately to save Amber White on the mountain, the situation could not be reversed when he went down the mountain.

For no reason, one more charge of killing Amber White, even that little damn girl got in!

To say that this matter had nothing to do with Amber White, he didn’t believe it!

Amber White was so great!

Amber White was pretty good!

Even if Cindy White’s safety was ignored, she just wanted to trap him!

He just didn’t know what surprise Amber White would prepare for him later.

He probably felt that today he would not be able to escape the fate of being taught by Tomas Smith again. Sean Smith was not anxious and stood up directly from the ground.

Leaning on the stool in the studying room, he took a deep breath before turning his head to look outside.

Amber White’s sentence made the living room silent.

Sean Smith was the only child in the Smith family. If he had any thoughts about the fate of Cindy White, wouldn’t Tomas Smith want to kill him too?!

Mrs. Smith shrank her pupils and stared at Shen Ruyun subconsciously.

The latter was under pressure, breathing tightly, and her voice trembled: "No, I mean, there must be some misunderstanding in this matter..."

"Mom didn't teach me anything, it was you!"

"You know Uncle Bearded, and you call him Mr. Qian!"

Cindy White twisted a small face together, choked, looked at Amber White and said, "Mom, the third aunt also scolded me, she said that I am a little bitch, and said I gave am shameless!"

"I was worried that mommy could not find me, so I refused to follow them, and the third aunt slapped on my face!"

"She also said that the Smith family can't give birth to something dirty like me!"

The face of Amber White was pale for a moment.

Even with that, she held Cindy White's arm tightly involuntarily.

She thought that Shen Ruyun would say something nasty, but she did not expect that Shen Ruyun would target a child like this!

She trembled, her figure shook, the corner of her mouth twitched, and the last trace of hesitation in her heart disappeared.

"Dad, since Cindy said that, you might as well call the police station!"

"I also want to figure out what happened!"

Amber White pursed her dry lips, and then said: "The name "Mr. Qian" is a famous figure. Since he is willing to help Shen Ruyun, he must have some relationship with Shen Ruyun's debt!"

"This matter, please be sure to check it out, I don't want to let Shen Ruyun suffer this in vain!"

Amber White's words, just a couple of sentences, came to the point.

Shen Ruyun stiffened, and when she was just about to speak, suddenly met Amber White's sight.

Her eyes were gloomy, and Shen Ruyun shuddered inexplicably, her rest of the words were blocked, she's unable to say a word!

She had a hunch, if she continued to explain this way, she would die even worse!

Shen Ruyun's face turned pale and thought about it.

Cindy White was not a child of the Smith family. What if she found out something?

Anyway, this little bitch was fine now. Tomas Smith can never really do anything to her!

Shen Ruyun's thoughts were erratic, and she hugged a fluke or two.

What Amber White said made sense. Tomas Smith believed the words of Cindy White. She was smart, with clear speech and clean eyes. When she mentioned Shen Ruyun, there was fear in her eyes.

It's not like nonsense!

However, Shen Ruyun would never give up.

Chapter 219: It's A Woman

0 5 minutes read

Tomas Smith glanced at Shen Ruyun, who was so servous, before going to make a phone call.

A woman who was so frenzied that she took the last things from her deceased husband and went to the casino to spend her days in a daze, and the other party was a three-year-old child! Anyone with a discerning eye knew who to trust!

Before Tomas Smith's call was made, Amber White's cell phone rang first.

It was the one Lu Yi gave her in the hospital.

Amber White glanced at the phone screen. It was a strange number.

Not many people knew this number, and Amber White didn't think much about it, so she answered the phone directly.

"Amber, where's Sean?"

Amber White was stunned and did not expect that the person who called was Gu Jinyan.

She raised her head and glanced in the direction of the studying room, right in front of Sean Smith's gaze.

There was no warmth in his eyes, and when she met his eyes, there was a flash of disgust.

Amber White frowned. Seeing that Amber White did not respond, the person on the phone continued to say anxiously:

"Amber, is there any misunderstanding about the kidnapping of my little niece by Sean? When the police interrogated the kidnapers, one of the kidnapers said that they were joined by a woman!"

Amber White sneered and handed the phone directly to Tomas Smith.

"Dad, Mr. Gu called and said that Cindy's kidnapping case has made new progress."

Tomas had been the master of the Smith family for so many years, and hearing Amber White say this, Tomas Smith still felt uncomfortable for a while.

After entering the studying room, he had already understood what happened in the depot. Cindy White's words had been heard by him!

With new progress, it was nothing more than Shen Ruyun was one of the kidnapers.

Amber White said so, but nicely.

Just as he reached out to pick it up, Mrs. Smith had already grabbed the phone.

She directly turned on the PA and asked Gu Jinyan what progress was made. Gu Jinyan repeated it, and then said:

“Auntie, the kidnappers said that the woman who joined them, they all know her, she is Mrs. Smith who gambled with them together!”

“What about Sean?” Mrs. Smith asked anxiously, and the voice on the phone paused: “They didn’t mention Sean’s name. They only know this about this matter.”

“That is to say, this matter has nothing to do with my Sean!”

With that, Mrs. Smith threw the phone directly and reached out to pinch Shen Ruyun’s neck.

“It’s enough for you to harm one of my sons. You have done this kind of harm, and you plan to let my other son take the blame for you!”

Shen Ruyun shivered in fright and went to hide subconsciously, but Mrs. Smith reached out and grabbed her collar. She slapped her hand and pointed at the door of the Smith family, and said in hate:

“Fuck you! Our family can’t afford a daughter-in-law like you!”

The blood on Shen Ruyun’s face faded away, murmured: “Mom, what did you say?”

“Get out of my face!”

Tomas Smith repeated: “It was me who was blind and did not know you well. And let my son marry you. Shen Ruyun, for the Smith Group’s shares, I will take back! If you want to have a good end, just leave here quickly!”

“Because of Johnson, forget about this matter!”

“But since today, you will have nothing to do with our family!”

Shen Ruyun didn’t even say a pleading word, she was pushed away by the servant in the old house of the Smith family!

Amber White’s eyebrows twitched.

As far as she knew, Shen Ruyun was addicted to gambling, and Tomas Smith took back Shen Ruyun’s shares. Without the money, it was no less than death!

She did not sympathize with Shen Ruyun, after all, at the beginning, she wanted to kill Cindy!

Keeping her was also a curse. No one knew if there would be a first time or a second time?

As soon as Shen Ruyun left, the living room became quiet again. Amber White planned to leave, but was stopped by Tomas Smith:

“Amber, Cindy must be frightened, don’t go back today, just live here!”

“She seems to have a serious injury. You have to go to work tomorrow. In the old house, there are servants and doctors, which is more convenient!”

Tomas Smith seemed afraid that Amber White would refuse, and directly reached out to take Cindy White: "Besides, if Cindy gets a fever again in the middle of the night, don't you have to take your child to the hospital?"

"A place like a hospital is filled with various people. You can't take care of her alone. Just for Cindy, stay here tonight!"

Amber White hesitated, but still nodded.

She wanted to leave immediately, but Tomas Smith was right.

She was injured, it was very likely that she could not take care of Cindy at all.

Besides, after Shen Ruyun's matter, Amber White also slowed down. From the words of Cindy and Gu Jinyan, it seemed that Sean Smith had nothing to do with Cindy's kidnapping?

Tomas Smith breathed a sigh of relief, handed the child to Mama Zhang, gave Amber White a look, and said, "Amber, come to the studying room with me..."

Upon hearing this, Mrs. Smith stopped directly in front of Tomas Smith:

"Tomas Smith, what do you mean?"

"The child's matter has nothing to do with Sean. You have been whipping him for so long! Do you plan to continue?"

"Sean didn't do anything wrong. If you dare to slap him again, I will fight you desperately!"

Tomas Smith's expression became dark for an instant.

"Shut up!"

"The character of that bastard has developed to this day, and it's because he was spoiled by you!"

"I can't wait to kill him!"

Mrs. Smith's eye circles turned red in an instant, she stretched out her finger to point at Amber White and asked, "Because of her?"

"Amber White, I didn't treat you bad!"

"I only have a son left, that's Sean...Do you still want him to die?"

Amber White moved his eyebrows and said vaguely: "Mom, don't worry, Dad won't slap Sean again."

If Sean Smith didn't kidnap Cindy, didn't Sean suffer in vain?

Besides, Tomas Smith asked her to go to the studying room. She could guess a general idea, Tomas wanted Sean Smith to apologize to her.

She should apologize to Sean!

As for the kidnapping of Cindy White, Amber White did not say much to Mrs. Smith. Today she was stimulated too much!

She was worried that when she said it, Mrs. Smith could not hold on it.

After that, Amber White followed Tomas Smith directly into the studying room.

As soon as she entered the door, Tomas Smith saw Sean Smith sitting in a chair with a sneer on his lips.

Tomas Smith was so angry that it seemed that Sean didn't mean to regret it at first glance!

"Damn you, who made you get up?!"

Sean Smith twitched his eyebrows, put down the newspaper in his hand, and whispered, "Dad, I'm tired of kneeling!"

"When you went out, you didn't say that I can't get up."

Sean Smith had that kind of ability, a few words can stir up fire in Tomas Smith!

As soon as the voice fell, Tomas Smith subconsciously threw a whip at Sean Smith!

Amber White instinctively saw that as soon as his whip was thrown out, Sean Smith's tall figure sitting in a chair suddenly stagnated.

But maybe because of her presence, Sean Smith tried his best to bear the pain and made no sound at all.

Chapter 220: I Should Let Her Be Smashed to Death by The Falling Rocks

0 5 minutes read

The sound of the whip was so loud and clear, that Amber involuntarily shrank her shoulders.

With a bloody smell lingering on the tip of her nose, standing closer, Amber saw the endless cold sweat on Sean's face.

Amber stretched out her hands to stop Tomas and froze instantly.

He looked miserable. His pink shirt had lost its original color. The new wounds were formed across his nape and arms. A strong smell of blood spread in the air.

Amber's heart shook, feeling a bit guilty.

"Have you realized your fault!"

Tomas gritted his teeth and bitterly asked.

His eyes flashed with slightly red-blooded. Sean continuously licked the corner of his lips. His gaze fell on Amber for a second.

He really wanted to ask her, what on earth did she tell on the old man, that made him so angry!

"Did you regret what you did?"

As Tomas said, he flicked the whip again, but this time it didn't go towards Sean anymore.

“I regret it!”

Sean’s tone was cynical. But these three words were enough to make Amber and Tomas’s eyes flashed with a slight confusion!

Especially Amber, Sean didn’t seem like someone who would admit his mistake?

Moreover, Cindy’s kidnapping had nothing to do with him!

“I regret that after Mrs. White was smashed by the falling rocks, I ran the entire mountain while carrying her in my arms.”

“I should let her be smashed to death by the falling rocks!”

“After I escaped the mountain, I still can’t escape the whip anyway. So, why bother?”

“Am I right, Dad?”

Tomas’ face sank again, his palms clenched tightly together, and he subconsciously raised the hand with the whip.

Amber stopped him.

“Dad, I would like to talk alone with Sean.”

After pondering for a moment, Tomas nodded and said, “Okay, you can talk. But, Amber, if this brute bullies you again, you don’t have to tolerate it anymore!”

“Just tell me directly!”

Amber nodded and watched Tomas walked away.

After the door of the study room closed, Sean’s gaze became colder.

“Mrs.White really is really capable. Just with a few words, ousted out third sister-in-law, who was my parents’ favorite, from the house.”

“Awesome!”

As Sean spoke, he clapped his hands, applauding Amber.

His action was consistent, as if, he wasn’t affected by Tomas’ whip at all.

Shen Ruyun had been evicted from the house. Amber couldn’t have known that she misunderstood him and came to apologize to him, right?

It wasn’t difficult for Amber to perceive the sarcasm in Sean’s words.

“Mrs. White sent my dad away, what else do you want to talk with me?”

“Let me guess. Do you plan to continue threatening me? What does Mrs. White want this time?”

“Third sister-in-law is gone, do you want her shares?”

Amber's figure paused, and she whispered, "Sean, what I want to talk about, is not as complicated as you guessed!"

"Mr. Gu and Cindy have explained to me just now. I guess you didn't have anything to do with Cindy's kidnapping..."

"I'm here to apologize to you!"

Upon hearing this, Sean's previously painful wounds on his body suddenly felt hurt even more!

Apologize?

He was dying to live on the mountain, trying to rescue Amber. But, after coming down from the mountain, he got a big gift from her!

Amber apologized and thought of deceiving him?

"Mrs. White, whatever you said was quite easy!"

"You accused me of kidnapping Cindy, then it's me. If you said it's not me, then it's not?"

"After a while, if Mrs. White encounters any mishap, are you going to put it on me again?"

As he said, Sean stretched out his hand and tugged the torn clothes on him, "Mrs. White, such an intense whip, after a few more times, my life as Sean Smith, might be in trouble because of you!"

"Your apology is worthless!"

Amber's figure turned a bit stiff, "Speaking of which, this responsibility is not entirely mine!"

"Why did you have to admit angrily on something that you didn't do?"

"Your acknowledgment was very ambiguous. Not only Dad, but also I thought, this kidnapping case was planned by you!"

Moreover, at that time, the kidnapper still clung onto you before he died, Sean...

Upon hearing that, Sean's originally unhappy expression turned darker.

"Mrs. White is right!"

"But, demanding the life of a three-year-old kid is just a piece of cake to me!"

"Car accidents, poisoning, trafficking, I have 10,000 ways to prevent Mrs. White from finding out what I did!"

Sean felt irritated when Amber looked at him, Amber was kind enough to blame him?

The old man trusted her so much. Even if he didn't admit it, could Amber let him go?

According to him, Amber deliberately made such a show, to teach him a lesson for playing hide and seek with Cindy, and then lose her!

Thinking about it, Sean's tone turned even worse, "So, Mrs. White, you'd better not come close to me and get a stroke of bad luck!"

.....

Outside study room

After Cindy was kidnapped, she had never eaten anything.

Mother Smith made some porridge in the kitchen. She hugged Cindy and fed her bite by bite.

Her eyes were red. Cindy swallowed the porridge in her mouth, reached out her hand to wipe Mother Smith's tears, and asked with a glutinous voice, "Grandma, why are you crying?"

Mother Smith glanced at Tomas who wasn't far away, and whispered, "Cindy, Grandpa beat you Dad just now!"

"He was injured. Grandma only has one son and grandma is heartbroken."

As she spoke, Cindy's face also turned worried.

"Daddy was injured. Why didn't he go to the hospital and see the doctor?"

"Grandma, let's send Daddy to the hospital, ok?"

Mother Smith almost choked up with tears again, going to the hospital?

Tomas didn't say anything, who would dare to send Sean to the hospital, let alone invite a doctor!

Her son's fate was too bitter!

"Your Daddy's injury is just an external injury. There's also medicine at home, so he doesn't need to go to the hospital!"

"But he did something wrong. Your Grandpa is very angry at him and didn't let your Daddy use any medicine."

Cindy's eyes were red in an instant.

Although she also blamed Sean for kidnapping her and asking her to die, when Grandma spoke, she realized that she still felt sorry for her Daddy.

"Then...what to do?"

Cindy widened her eyes. Her eyes looked misty and crystal clear.

Staring at such a close distance, she vaguely felt, Cindy's facial features were indeed somewhat similar to Sean's.

She shook her head to get rid of those unnecessary thoughts, and said.

"Your Grandpa favors you and your Mommy a lot. Later, Grandma will ask someone to give you medicine. You act cute in front of your Grandpa and take the medicine to the study room, okay?"

"Please help Grandma, okay?"

Cindy tilted her head and glanced at Tomas. Even if she's a bit scared, she still obediently nodded her head.

Seeing her nodded, Mother Smith immediately handed the prepared ointment, then hugged Cindy's petite figure, and ordered.

"Cindy, no matter what, after you go inside, you have to persuade your Mommy to put the medicine on your Daddy!"
