

Mr Smith 221

Chapter 221: Mommy, Daddy, Did You Have A Fight?

0 5 minutes read

Cindy nodded her head and took a good look at the medicine. This kind of ointment, she ever saw her Mommy used it. If Mommy didn't help Daddy, she would do it!

Cindy got the stuff and directly slid down from Mother Smith's arms. She stepped with her pair of short legs and ran towards the study.

As she passed Tomas, she stopped for a while, and looked timidly, while carrying the ointment in both her hands.

"Grandpa, I want to see Mommy and Daddy."

Tomas twisted his eyebrows and hummed after a moment.

Cindy didn't hide the ointment. Seeing that Tomas had no rejection, she slipped directly to the study without knocking.

When she went in, Amber's expression looked bad.

Although Cindy was still young, she knew clearly about Amber's mood. She looked at Sean, then looked at Amber, asked with a low voice, "Mommy, Daddy, did you have a fight?"

This was the first time Cindy called her mom and dad in one sentence.

Such greetings were particularly intimate, as if, the three of them were inseparable from each other.

Sean's previous stiff face turned stiffer.

Amber heard Cindy's voice, twister her eyebrows, "Why are you here?"

"Mommy, are you having a private conversation with Daddy?"

Cindy's words were very naïve. After she finished asking, Sean snorted in his heart.

Talking with Amber in private, it would be overwhelming for him!

Just like her, only wild men would like to have a private conversation with her!

Amber didn't only have him!

Since nobody answered her, Cindy could only raise the ointment in her hand, and said.

"Mommy, Daddy is injured. As you're talking to Daddy, apply the medicine for him, okay?"

Sean, "...."

His eyes looked confused and took a glance at Cindy.

Amber's daughter is so kind-hearted, especially come here to give him the medicine?

Or, was this how Amber taught her?

Is she planning to use her own daughter, to do some nasty business?

Did she intend to climb to the top?

Once this idea emerged, Sean looked at Amber. What kind of approach is this, after slapping him, she gave her a sweet date? (Doing something harsh, then offer something for consolation)

Did she plan to use her daughter to get his forgiveness?

Did he look that easy-going?

Who knows, not only Amber didn't take the ointment, but also didn't intend to refuse it immediately.

"Daddy is not painful, he doesn't need the ointment!"

Cindy glanced suspiciously at Sean.

Sean's pupils shrank. Amber lowered her head to conceal the emotion on her face.

There were many servants in Smith's old manor and she didn't think that Sean would like to have any connection with her.

But, as Amber thought so, her answer got more twisted, "If you don't believe me, you can ask Daddy yourself, if he's in pain or not?"

Sean's expression changed.

Didn't he get injured severely all thanks to Amber?

What does she mean by letting Cindy ask this question?

Does she see him as a joke?

Sean's mind drifted for a while, his face continuously showing uncertainty.

He had known that Amber was up to no good. The incident this time might have something to do with Amber.

But Amber also had apologized. Until now, he still didn't understand what Amber wanted to do!

Cindy, as a three-year-old child, naturally couldn't feel the heated situation between the two adults.

She saw how severe Sean's injury was and knew how painful it was.

Cindy licked the corner of her lips, carrying the ointment, and walked towards Sean.

"Daddy, shall I apply the ointment for you?"

"Grandma said that you're injured. Even if it's not painful, you have to apply the ointment!"

As Cindy said, she broke the ointment seal. A pair of her shining black eyes were full of innocence, "I saw Mommy used such an ointment once. Don't worry, Daddy. I can use it well!"

Sean's eyebrow moved, his somber gaze fell on the ointment in Cindy's hand.

It's an ointment for external injuries. The packaging was ordinary. However, due to his physical reason, Sean had been using the ointment very carefully in recent years.

This ointment had been tested by the family doctor on him and it didn't impact his physical condition, so the Smith family kept it.

Sean didn't understand what Amber meant.

After listening to Cindy, he began to see the light.

The external injuries medicine, Amber had ever used it?

Did Amber want to imply, that all these years she had been injured and suffered, through Cindy?

Did she intend to use this way to get his attention?

He had understood since long ago, Amber wasn't easy to deal with!

As he thought about it, Sean looked at Amber with a slight disdain in his eyes.

Sean pulled the corner of his lips, and said, "You've ever seen you Mommy used it, but who knows if you can apply it well?"

"There's an adult here, why should I let you do it?"

"Step aside!"

After being told by Sean that way, Cindy wasn't angry either. She directly handed the ointment in her hand to Amber.

As she spoke, Amber also understood that Cindy was here because of Mother Smith.

Since Cindy could bring the ointment, it meant that, Tomas had given his consent for them to treat Sean's wounds.

After pondering for a while, Amber whispered, "I'll call you a doctor."

As she took a step, Sean suddenly smacked the table, and blocked Amber's step.

"Why? Since I was injured, I couldn't use Mrs. White, could I?"

Amber froze for two seconds, and a bit hesitant, "Sean, will you let me treat your wounds for you?"

Didn't he always look down on her?

A strange expression flashed across Sean's face.

He wanted Amber to treat his wounds?

Amber felt extremely happy in her heart, right? Whether Amber loves him or not, he must have a plan here...

"I feel really fine about myself. You couldn't have relied on this way to become the director of the marketing department, right?"

Sean's words somewhat had a bit of sarcasm in it. Amber didn't show any discomfort on her face, instead, she took a breath.

"I'm saying that, you won't let me come near you."

"I'll get Sister Zhang and the others to come in, help you to go upstairs. Then call a doctor."

"Oh, by the way, after tossing around for the whole day, what you want to eat, Sean..."

Sean's face turned dark in an instant as he heard the endless talking.

He looked up and stared at Amber. His heart faintly felt, as if, he was punching his fist into the cotton.

She did it on purpose!

She knew that he loathed Sister Zhang and yet she intended to call someone over, and swayed in front of him?

Sean's clenched his right hand tightly.

"There's no need!"

"I am injured, not disabled!"

"I don't need anyone's help to go upstairs!"

Amber, "..."

With that, Sean abruptly got up from his chair, and was about to go outside.

After just taking a step, Amber stopped him.

"Sean, have you thought of giving a good explanation to Dad, after you walked out?"

Sean frowned, "About the explanation, isn't Mrs. White supposed to do that?"

After saying this, Sean's gaze became deeper. Amber's expression turned a bit strange. He pressed his lips, "What happened? Mrs. White, are you afraid to admit that you have wronged me before?"

Chapter 222: Why Do You Need A Doctor When Amber Is?

0 5 minutes read

Sean had a terrible feeling in his heart, "When you said that, I thought that the moment you apologized to me earlier. Why do you have to send Father away?"

"Mrs. White, don't you understand my parents' condition? Did you plan to let them continue to misunderstand me, thinking that I am someone that has an intention to kill?"

He caught Amber's hand and didn't let her go. If she didn't explain, he wouldn't be able to clear himself even he jumped into the Yellow River!"

Sean hated being threatened, especially when he couldn't do anything to the person that threatened him!

"I will explain clearly to Father and Mother. You can go upstairs first. Later, I will ask a doctor to come over and check your body!"

As Amber said, she pulled to open the study door. She's holding Cindy in her hand and Sean was standing on her left.

At a glance from outside, these three people looked like a family of three.

As soon as she saw Sean, Mother Smith who was previously sitting down, suddenly stood up.

She took a step towards Sean. When her gaze met Tomas, she couldn't help but stop, and her eyes turned red.

Amber was always attentive, upon seeing this, she whispered, "Mother, the doctor that gave an injection to Cindy before, should still be here, right?"

When Mother Smith heard the words, she nodded repeatedly.

"When Sean and I went to send the ransom, there was an accident. There were glass shards on his arm. Please ask the doctor to take care of Sean!"

As Amber spoke, she stretched out her long finger and pointed at Tomas, "I need to discuss something with Father."

Upon hearing this, Mother Smith's eyes lit up.

She strode over, directly reached out to support Sean, and gave Sister Zhang a look.

In the end, Mother Smith glanced at Amber.

"Amber, today at the hospital, I was getting impulsive. I apologize to you...."

Sean was the closest to Mother Smith. Naturally, he could see the complexity that flowed out from Mother Smith when she said it.

Grateful, guilt, and a lot of emotions were mixed up, couldn't be separated.

His eyebrows slightly moved, then he glanced at Amber.

The shadow of the lamp flickered slightly. Ever since they were separated in the mountain, he had never taken a good look at Amber today.

No, it's after three years of marriage, he had never taken a good look on Amber.

At this glance, he could see impressions on her small porcelain-white face.

— A slightly reddish palm print, that was barely visible.

Sean fixed his eyes on Amber's face. The voice surrounding him seemed to have gone. After a long while, he sneered in his heart.

As she said, why did someone with a good condition like Amber, care about him?

Turned out, she wanted to check his mother's feelings.

That's right. For someone like Amber, who resorted to extreme measures, it would be uncomfortable for her if she didn't toss out any lousy suggestions, in a day, or a while.

Amber was uncomfortable by Sean's gaze, shook her head at Mother Smith, "Mother, I'm fine. You should go ahead."

Mother Smith only then, helped Sean to go upstairs. Cindy was worried and ran after him.

Jiang Xue and Fang Weiwei were no longer here. The servants in the living room see there's nothing wrong with them, also went away.

Only Tomas and Amber left in the living room. Since it was very quiet, they didn't need to go to the study room to talk.

It's Tomas who broke the silence, "That brat, did he still use you to call a doctor for him?"

"I should have beaten him to death!"

Amber moved the corner of her lips, and said in low voice, "Father, Cindy's kidnapping this time, has nothing to do with Sean."

....

Upstairs

Mother Smith had already prepared the medical kit since the beginning. As the doctor came in, he checked on Sean's arm.

There were red marks left by the leather whip across the flesh and blood.

The doctor was a bit older. Even after being a doctor for so many years, he still couldn't help but be taken aback by such an injury.

'Mrs. Smith, there's some glass shards stuck in President's arm. I'm too old and can't see clearly. I'm afraid I couldn't clean it!"

"Are you going to look for a younger doctor?"

Upon hearing that, Sean pressed his lips, "Why do you need to call a younger doctor? Isn't Amber capable of it? Mother, you go downstairs and ask Amber to come up!"

"If not because of Amber, would I got involve in a car accident?"

"Ask her to come up to treat my wounds!"

Mother Smith raised her eyebrows, as she heard it, "What is it? If it weren't for Amber, could you have a car accident?"

“Did Amber have something to do with your car accident?”

“Was it because you tried to save Amber, so you’re injured?”

“You saved her, but she slandered you for kidnapping Cindy...”

Sean’s between eyebrows twitched, “Mother, don’t be noisy! Why would I save Amber? Do I look like an idle person to you?”

“Then, what happened?”

Mother Smith’s intense voice gradually relaxed, she looked suspiciously at Sean, as if she was afraid he lied to her.

Sean felt a headache, “I went to retrieve the child with her and the accident happened. How could she not be the reason?”

“The child was also more scared than hurt and my arm was also injured!”

“Furthermore, there’s someone capable in the house, why do you need a doctor. The Smith’s is a big household, lots of work to do, and it shouldn’t be wasted on Amber!”

Mother Smith, “...”

She couldn’t hold Sean back, so she could only nod to Sister Zhang.

Sean’s eyes grew darker. Didn’t Amber want to pretend in front of his mother? He gave her this opportunity, then!

He wanted to see today, how could Amber usually gain people’s favor?

He also wanted to learn from Amber!

Considering that Amber was talking with Tomas, Mother Smith was worried that Sister Zhang couldn’t ask for anyone there, and followed Sister Zhang came out of the room.

There’s only a doctor, Cindy, and Sean left in the bedroom on the third floor. The little girl blinked her shining black eyes, stretched out her hands, and poke at Sean’s arm, with a cunning smile.

“Daddy, you want Mommy to take care of you, right?”

“I heard a friend said, when Daddy is sticking to Mommy, it’s affection!”

Sean had a mouthful of blood stuck in his throat. He glanced at Cindy and his gaze was chilly. If she was replaced by Xu Lin, he would’ve been frightened by Sean’s gaze until his shoulder shrank!

But Cindy really liked Sean, moreover, she was still young, she wouldn’t understand what fear is, at all.

She even reached out and pulled Sean’s arm, “Daddy, is it true?”

Sean cursed softly and noticed that the old doctor faintly gazed towards him.

The body that laid on the bed turned stiff for a moment. Sean’s expression was completely different.

“Did you actually hear your friend said, or your mother?”

Cindy's eyes lit up, "Mommy seldom talks about this. She rarely mentions about Daddy to me. Even if we talked about Daddy, usually I brought it up first!"

It seemed that when Amber said she loved him at the beginning, was just to coax her to play!

"Oh?"

"Mommy said Daddy is a hero!"

Sean snorted.

Cindy spoke interestingly. The old doctor continuously looked over there, "President Smith, your daughter is remarkable!"

"She's just three years old, but she's so eloquent. Look at her small sweet mouth!"

"It's really lovely!"

The old doctor was too old, as he spoke, he couldn't put a break, "The fourth Mrs. Smith is really smart enough to teach such a lovely and sensible daughter!"

Chapter 223: How Could Such a Stupid Girl Look Like My Daughter?

0 5 minutes read

Sean's cold eyes became much gloomier after he heard these words.

He looked askance at Cindy, and then he asked the old doctor gloomily, "How could such a stupid girl look like my daughter? "

Amber had been married to Sean and come to Smith family for three years and hadn't divorced yet, and the old doctor didn't hear any profound meaning in Sean's words and laughed.

"Mr. Smith, this little girl looks exactly like you, and even if those who don't know you see you two for the first time, they will think that you are her father! "

Sean immediately looked so terrible.

Sean had heard such words more than once than Cindy looked like him.

But he really couldn't remember what relationship he had with Amber, and how could he have a daughter?

He suddenly remembered the Cindy's hair that he had cut at the hospital...

Thinking about it, Sean subconsciously reached for the pocket of his trousers.

His clothes had been changed in Gu Jinyan's house, and the collection bag seemed to be in the trousers.

Sean felt too ashamed to go to Gu Jinyan to take the hair. If Gu Jinyan knew that the collection bag contained Cindy White's hair, he would probably make fun of him!

Sean slightly turned his head and looked towards Cindy.

Accidentally, Cindy was also looking at him. Her eyes were round, black and white, her eyelashes were thick and slender, and her face was so white and soft, but half of her cheeks were swollen greatly, ruining the beauty of her small face.

How... how did she resemble him?

Maybe this old man's eyes went wrong!

Why did Sean think that Cindy look like Amber more than like him?

Sean took a suspicious look at the old doctor, could this old man be bought over by Amber?

Otherwise, why was he always saying nice things about Amber in front of him?

Did she deliberately find a lobbyist to convince him in order not to be picked on by him later?

He frowned and the door to his bedroom room was pushed open from the outside.

Amber was still in her hospital gown, which was wide enough to accentuate the woman's slender figure.

She was very pale and didn't look very well.

Once inside, she went straight to the medical kit, took out the tweezers and alcohol swabs, and squatted down in front of him.

The cool fragrance drifted to the tip of Sean's nose as she moved, and he moved to stop Amber.

"Mr. Smith?"

Amber looked at Sean in confusion.

The two of them, one lying down, the other crouching, leaned very close to each other, and Amber's features seemed to be enlarged in front of him, even the eyelashes so distinct.

Sean could even feel the breath that Amber unintentionally scattered to his nose when she spoke.

The words that he wanted to say were held back all of a sudden, Sean paused for a while, and the old doctor spoke again.

"Take out the glass slag in Mr. Smith's arm, put some medicine on it, and just bandage it up! "

"I see that Mrs.Smith's methods of handling this are perfect! I'm getting old and my eyes don't work well as usual and may not be able to do a better job than her!"

"I'm getting old and tired of standing around for a while! I'll be back!"

Amber turned to looked at the old doctor, and just as she wanted to stand up, Cindy's small hands pressed her, "Mom, you can put medicine on daddy, and I'll go to see off the doctor! "

The old doctor praised Cindy, and then the sound in the room faded away.

The atmosphere in the bedroom was quiet and strange, and Amber lowered her head again to pick out the glass slag for Sean.

A sharp stabbing pain came from his arm, and Sean frowned, getting more and more agitated.

Cold sweat fell down the forehead, and Sean's small arm unnaturally retracted, which was immediately pressed down by Amber, "Don't move!"

Her voice was shallow, and Sean's mood was even worse, so he simply closed his eyes.

Somehow, Sean suddenly remembered the raincoat that was floating in the puddle when he woke up on the mountain.

Just because of the raincoat, just because of old Mr. Zhang's one sentence.

He had thought Amber would not wake up in the middle of the day, so he jumped into the puddle over and over again....

Now that I think about it, Sean just feels like a joke.

Why did Amber wake up halfway through her wound infection?

She had known old Mr. Zhang, hadn't she? They conspired between them to get him killed?

But he didn't remember when he had offended Amber!

Amber didn't know what Sean was thinking of. After picking out the glass slag, she had already started to apply medicine to Sean.

The wound on his back was more serious, both new and old, and the skin was split and one's flesh broke forth, which looked so horrible.

Even so, the outline of the man's well-muscled waistline could still be seen.

She pursed her lips, squeezed the ointment and applied it to Sean.

When his wound was sponged, he felt it both itchy and painful, which made him frowned heavily.

Sean suddenly reached out and grabbed Amber by the arm, used some force to throw her to the bed, and then he turned over and pressed her beneath him.

Amber was shocked when she saw that Sean was also staring at her, and his pupils were like inky jade, with a cold, dark light that seemed to reach into her heart.

Amber was a little panicked, and she was still clutching the medical cotton ball, her palms sweaty and wet, and she couldn't react for a moment.

"What... What's wrong?"

Sean looked at him, his tone cold, "Amber, I'll ask you just one question."

"Did you drive away the mountain bike and leave me in the Fenglin area?"

Opposite the big bed is a vertical air conditioner. After Mrs. Li turned it on, she forgot to turn the fan blades up, and when a cool breeze blew over, Amber suddenly became sober.

She curled up her lips and calmly said, "Then I'll also ask Mr. Smith a question too."

"Did Mr. Smith take me to the Fenglin area to save me, or to kill me?"

Some flames seemed to leap from Sean's already burning gaze fiercely as he clenched his fist and suddenly smashed the bed by Amber's ear.

"Amber, are you really a fool!"

Amber frowned.

She didn't even know why Sean was so angry.

Was he angry at the fact that she didn't answer her question or at the question she asked? Or did her question stimulate him?

She pushed away Sean, who was on top of her, and threw the cotton ball into the trash can beside the bed.

The glass had all been picked out, and the medicine had all been applied, so she straight up to get out of bed.

As soon as she made a move, Sean pulled her back again, and the tip of her nose hit the man's strong chest, causing her to frown in pain.

He clasped her waist with one hand and trapped the woman in front of his chest tightly.

Amber struggled and failed to break free, "Mr. Smith, let go!"

Not only did Sean not listen, but he hugged her and fell onto the soft bed again.

"Why can't I hug my wife?"

"Didn't you insist on marrying me and being my woman?"

Chapter 224: There Are Still People Outside...

0 5 minutes read

While speaking, Sean's breath brushed across Amber's face. It's scorching hot, making her face with white complexion blushed a bit.

Particularly, most of his body still pressed against Amber. His eyes were staring at her ferociously.

Amber couldn't push him away, "This is the old manor. There are people outside..."

Can you stop messing around....

Before Amber spoke the last sentence, she was interrupted by Sean, "Right, there are still people outside. So Mrs. White, you better not to make any sound. I don't want them to be disturbed. You guess how they will think?"

How will they think?

Amber's white face was a little bit reddish. The whole family knew that she, Amber, eagerly married Sean. How would they think?!

Of course, they would think that Amber was so desperate. Even when Sean was injured, she still couldn't help but seduce him!

What could have happened? Just with the spits of the people in the Smith old manor were enough to drown her!

Amber's struggling body, gradually stopped.

There was a glimpse of satisfaction across Sean's handsome and innocent face.

Amber turned her head away, closed her eyes, and didn't want to look at Sean's face.

She had a hard time re-establishing his psychological defense, not wanting Sean to ruin it by his one or two actions.

After a whole day of tossing around, not only Sean but also Amber was almost physically exhausted. They were lying on the bed without being disturbed and the room was also quiet.

Sean closed his eyes and fell asleep.

He met Lin Man in his dream.

She wore a petit vogue style thin coat, with a lacey one-piece dress inside. Just stand there casually like beautiful scenery.

As soon as Sean walked toward her direction, there were tears on Lin Man's eyes. She was already like a weak willow branch trembled by the wind and crumbling.

"Sean, do you love another woman?"

"Sean, don't you want me anymore?"

Lin Man's words were sour and bitter. The last few words were unexpectedly sharp. The shocked Sean suddenly opened his eyes.

For a short moment, his gaze fell on Amber's enlarged face.

There's a vein in Sean's heart. Before he could react, he raised his hands to lift Amber off his bed.

"Thud!"

Amber woke up abruptly in pain. Sean's movement was sudden. She was completely defenseless when she fell asleep and hit her head on the bedside table.

She cried out in pain, clutching the back of her head. As soon as she opened her eyes, she saw Sean's uncertain face.

"Sean Smith, you!"

Her chest heaved violently. She couldn't even think of the words she could use to vent her anger.

Unexpectedly, before she could even get angry, Sean suddenly pointed at the bedroom door, "Get out!"

"Get out of here!"

Amber was really at loss now. It's only sleeping for a few minutes. What was Sean go crazy about?

"Amber, you are a scheming woman!"

"I can never be seduced by you!"

"Get out!"

"Don't let me repeat it again!"

Amber glanced at Sean. His eyes had no joy nor sadness, as if, he's looking at a stranger.

Immediately, she stood up from the bedside table without saying anything, and went straight out of the master bedroom.

Sean had a sudden heart attack after being troubled by Lin Man in his dream. He couldn't control his emotion. At this moment, he came back to his sense.

It seemed that from the beginning he was holding Amber to sleep.

After sleeping for a few minutes, he suddenly pushed Amber off the bed....

Sean was even more guilty.

It's just on his second thought, compared to her wanting his life, his previous action didn't seem to be excessive at all!

He sat up abruptly from the bed, opened his wardrobe, fumbled out a shirt, put it on, and strode out.

Amber, that woman, was always careful. Since he pushed her out of bed this way, he was worried that she would tell on that old man again. As his current physical condition, he wouldn't be able to stand that old man's beating!

He wanted to see how Amber usually deceived people's hearts!

Amber rubbed her head as she went out. As she reached the living room, Amber saw Cindy was sitting on the sofa and watched the cartoon.

She took a few steps forward and reached out to hold Cindy up.

"Mommy? Is Daddy alright?"

Amber casually nodded, and whispered, "Cindy, let's go home."

Cindy was very obedient and she didn't even struggle after hearing the words. Instead, she whispered, "Mommy, you're injured. Cindy will walk on her own."

The conversation between both of them alarmed Mother Smith and Tomas. Both of them stopped Amber one after another.

"Amber, it's been so late. Why are you suddenly going back?"

"Didn't you settle previously, that you're going to spend the night here?"

As Tomas spoke, his eyes saw Sean that came out, and he blurted out.

“Did that brute say something unpleasant?”

Sean raised his eyebrows.

“The legs are theirs, how can you stop them?”

“You brute if it’s not because of you, why would Amber suddenly leave?”

“You say, what good did you do?”

Tomas angrily reached out to touch the porcelain cup on the coffee table. Mother Smith’s eyelids twitched, and she stretched out her hand to stop Tomas.

“Amber probably didn’t use to living here. It’s not good if you vigorously ask her to stay. Sean, you should send Amber.”

“Where do I send them? Xingyue Bay?”

Sean snorted coldly, looking at Tomas’ gaze, and mocked him, “Didn’t my wife and daughter live with me?”

Sean stood with an unessential smile formed at the corner of his lips and flashed across his face.

Tomas’ tip of his brows raised and he looked at Amber.

“Amber, you wait here. I will arrange a driver to send you and Sean back to Hai Wan Xiang Xie!”

Amber freed up her hand, brushed away the hair on her face, and subconsciously wanted to refuse, “Father..”

“Amber!”

Tomas directly interrupted Amber, “You both mother and daughter used to leave in Xingyue Bay quietly, I don’t want to trouble you. But now the kidnappers are eyeing Cindy!”

“If you live at Xingyue Bay, I will be worried.”

“Father, it’s late. You don’t need to bother. I’ll just grab a cab and go back!”

“Although the location of Xingyue Bay is not very good, the security system is not bad. You don’t have to worry about me and Cindy.”

As soon as Amber finished speaking, Tomas twisted his eyebrows, “ I don’t agree!”

“Amber, if you don’t agree, just stay here for tonight!”

Tomas was really surprised by what happened today. Besides, previously Amber was in a taxi when she had an accident, how could he dare to let Amber take another taxi?

His attitude was firm but Sean couldn’t stand it anymore. He directly took two steps forward, grabbed Amber in one hand, and carried Cindy on the other hand. Without any explanation, he walked directly to the main gate.

There's a subtle wind blowing outside. It had just rained and the weather wasn't very hot. There's a hint of soil scent in the air.

Chapter 225: Amber, you really overestimate yourself!

0 5 minutes read

Going with Amber and Cindy, Sean walked directly to the parking lot of the Smith house and found his car.

Sean put Cindy into Amber's arms. He lit a cigarette, opened the door, and raised his chin,

"Get in the car!"

Amber didn't refuse. The Smith house was too far away from the urban area, surrounded by mountains, and few cars would pass by. What was more, the mountain ahead just collapsed, so she couldn't get a taxi at all!

Amber was going to call a taxi driver, but Cindy was very young and she was scared today. Amber didn't want to do anything more.

Sean drove the car directly out of the Smith house.

Maserati works well. Sean drove the car on the mountain road, especially smoothly.

Cindy stayed in the arms of Amber, and within a few minutes, she calmed down and fell asleep.

It was dark outside. A few lights came in, enough for Amber to see Cindy's abnormal pale face.

She was heartbroken and looked up at Sean who was driving.

"Mr. Smith let me leave just now."

"What do you want to do now?"

The pupils of Sean shrank.

What did Amber mean?

She thought he liked her and wanted to take her back? She was so self-confident!

She must like him too much and had some unrealistic ideas!

"Do you think I'm really going to take you back to Hai Wan Xiang Xie?"

"I just acted for Dad. Do you know?"

"Amber, you really overestimate yourself!"

"Who do you think you are? You have no right to step into my room?"

The more he said, the more angry Sean got. He slammed on the brake. The tire rubbed against the ground, making a sharp noise at night.

Sean dropped the cigarette ash. And the tone seemed to be affected by the night, which was gloomy.

“Get out of the car!”

Amber, “...”

She looked down at Cindy without speaking or acting.

Through the rearview mirror, Sean found the hesitation of Amber, “Miss White is not disabled, so you can take a taxi by yourself!”

Amber and Sean looked at each other.

Even through the mirror, the sharpness in his eyes was not weakened.

Amber, “Cindy is still sleeping...”

Sean’s eyes moved down and fell on Cindy, who was sleeping soundly on Amber’s shoulder.

Yes, Cindy has experienced so many things which were difficult for a three-year-old girl to accept.

Sean’s eyes grew deeper. His eyes were dark as night.

“It’s none of my business. Is Cindy my daughter?”

Sean was so mean that Amber was in astonishment.

She was stunned for a moment, and then she got out of the car holding Cindy.

Sean has already driven the car near the urban area. Although there were not many cars passing by, Amber can still take a taxi.

It was not convenient to hold a child, but Amber still closed the door.

As soon as Amber got out of the car, she stopped a taxi, got on the car and said the address of Xingyue Bay to the taxi driver.

It was two or three minutes when the taxi leaving. Sean suddenly collected himself.

He didn’t expect that Amber would go so simply.

Holding a half burned cigarette between his fingertips, he open the window to drop the ash, then stepped on the accelerator and went straight back to Hai Wan Xiang Xie.

Sean did not come back for two or three days. The villa was so clean and empty.

Sean pinched his eyebrows and pulled his shirt off. It was stained by a few blood, which was particularly eye-catching.

He didn’t change his face and threw the shirt into the garbage can at his feet.

Sean had a headache. In fact, he had pain all over his body.

His injuries were all because of Amber!

He hardly came back to Hai Wan Xiang Xie. He told Amber to get out of the bedroom. This woman had bad temper and wanted to go back directly!

A sneer flashed quickly in the narrow eyes of Sean.

Amber was good at calculating. At that time, she asked to go back because she knew the old Mr. Smith liked her and would not let her leave alone!

She must have expected this situation!

He was injured, and he was alone in Hai Wan Xiang Xie. He didn't even have no one to take care of him!

Even if he died here, no one knew!

His face was dark when he thought of it.

He suddenly got up from the bed, putting his hands into his trousers pockets. He found nothing. He thought of something and reached out the bedside table. He got a new mobile phone from the drawer.

After turning on, Sean called Gu Jinyan directly.

Gu Jinyan answered very quickly. He knew the number. As soon as he got through, Gu Jinyan said hurriedly: "Sean, how are you doing? Did Uncle Smith hit you? "

Sean stopped.

"The kidnapping of my niece has nothing to do with you! You... "

"I left my clothes at your house!"

Sean couldn't stand and interrupted Gu Jinyan.

There was a moment of silence. Sean had a bad feeling.

Then Sean heard. "Clothes? Sean, you are a neat freak! I threw it for you."

Sean, "..."

His gloomy face was more terrible.

Didn't Gu Jinyan not know that he was not only a neat freak but also didn't like people touching his stuff?

The silent atmosphere was terrifying. Gu Jinyan smiled awkwardly: "I cheated you. How dare I touch your things!"

"Your clothes are still here. I'll send them to you?"

Sean held his cell phone and glanced out of the window.

Hai Wan Xiang Xie was a good place. The neon lights outside were colorful.

The scenery was not bad.

Sean's lips moved: "no. You wait at home. I'll get the clothes by myself!"

“Oh, wait a minute! You are injured. You should not move. Anyway, it’s not far away. I will send the clothes to you?”

“I said I would go to get my clothes!”

Sean said this sentence before he hung up.

Gu Jinyan noticed something wrong from Sean’s tone. Although he was at a loss, he still sat down.

Sean took a shirt from the closet and wore it. He took the car key and drove out of Hai Wan Xiang Xie.

Fifteen minutes later, Sean arrived at An Shang mansion.

Sean called Gu Jinyan and asked him to go out with his clothes.

After waiting for less than two minutes, Gu Jinyan came out slowly with a bag.

Sean was smoking with one arm against the door. Gu Jinyan handed the bag over.

“The clothes are so dirty. The shirt and trousers have been cut. You have to come to get them in the middle of the night. What’s wrong with you?”

Sean glanced at Gu Jinyan and sneered, “then when you answered the phone, you wanted to send my clothes to me after you heard me ask for clothes. What’s wrong with your?”

Gu Jinyan didn’t get angry. He walked toward Sean a little.

He just wanted to ask about the collection bag in Sean’s trousers pocket. Before he opened his mouth, the smell the blood fulfilled his nose.

Gu Jinyan said: “such a strong smell! Sean , you were whipped? “

Sean: “...”

Sean was upset.

At present, Sean knew clearly how low his family status was and the possibility of Amber’s word getting him into trouble!

“It is not serious. I am leaving!”

Sean, took the bag, threw it into the back seat and entered his car. As soon as he started the car, Gu Jinyan stopped him.

“You want to die?!”

“You know your condition very well. You can not leave.”

“My villa is big. You stay here for one night, and I’ll let my driver to send you tomorrow.”

“You are alone in Hai Wan Xiang Xie. No one will take care of you!”

“Get out of the car, right now!”

Sean: “...”

Sean patted Gu Jinyan’s hand, and Gu Jinyan lost his hold. Sean’s face was lit by the light outside. His tone was light.

“I have something else to do!”

“Don’t worry. I won’t die!”

With that, Sean left directly.

Gu Jinyan,” ...”

Three years ago, Sean said that he wouldn’t compromise. However, when Cindy called Sean father now, Gu Jinyan didn’t think that Sean was reluctant!

Gu Jinyan licked his lips, blinked and went back home.

Sean was in a daze. He looked at the bag in the back seat from time to time through the rearview mirror.

He patted his head.

Regardless of Gu Jinyan’s doubts, even Sean himself can’t figure out why he went to An Shang mansion with injuries to get his clothes in the middle of the night! He must be crazy!

Was he afraid that Gu Jinyan would throw away the collection bag?

Was he insane? Otherwise, he wouldn’t think Amber’s child was his daughter just because of other people’s words.

Cindy was not cute at all!

Sean thought, leaning against the car seat. The sharp pain came from his back. He sweated at once.

The pain made him clear-headed at once. He glanced outside.

The street lights were dim. It was the built-up area. Sean can see the lights in that single apartment.

His face suddenly changed!

He arrived at Xingyue Bay somehow!

Sean’s eyes were so gloomy.

His coming was reasonable!

After all, he let Amber leave Smith house. If he didn’t know the safety of Amber and something happened to her, his father would scold him again!

He should not only come, but also took photos to prove that Amber was at home safely to prevent Amber from telling the old Mr. Smith on him again!

Amber has done that before!

Thinking about that, Sean got out of the car, and took several pictures.

...

Amber planned to go to bed after returning to Xingyue Bay originally!

But as soon as they went home, Cindy woke up.

She rubbed her eyes, put her hands around Amber's neck and whispered, "Mom, I'm hungry..."

Amber paused.

She also felt hungry.

After experiencing so much in Smith family, Amber was drove away without even eating anything.

She didn't feel hungry because she was so starving.

Amber put Cindy on the sofa. She went to the living room to get the snacks for Cindy.

"Cindy, you can have some."

"But don't eat too much. Mom will cook for you."

Cindy nodded. Then she looked around, and stared at Amber,

"Mom, why didn't dad come back with us? Is he busy at his work?"

Amber has not yet figured out how to explain to Cindy the relationship between her and Sean. She could only nod at random.

Cindy pouted and poked at her snacks unpleasantly.

"Mom, dad has injured, and he has a stomachache!"

"Dad didn't eat at Grandma's house, either. Does he eat now?"

"If dad doesn't eat, his stomach would ache again."

Amber was surprised.

She touched Cindy's chin and said gently, "how do you know that?"

Cindy pressed her lips and said, "last time, Dad took me to the big house, and mom was not there. And then I found it!"

"Dad didn't eat my porridge. He has been covering his stomach! His behaviors are the same with mine when I have a stomachache! "

Cindy's eyes were clear and pure. "Mom, you call dad and let him have dinner!"

"All right."

After Amber promised, Cindy let her go to the kitchen.

Amber was so worried.

Cindy and Sean didn't stay with each other too much, but Cindy liked Sean.

If Sean knew Cindy was his child...

She shook her head anxiously.

Sean didn't believe her words. However, if they did the paternity test, it would be exposed by the media at the first time, which definitely affected the development of Smith group... If Sean knew that Cindy was his daughter, some things could not be concealed.

Amber was upset. She cooked the porridge and stayed in the kitchen for half an hour. But she still failed to find a way to convince Sean that Cindy was his own daughter.

Amber took a deep breath. The kitchen door was opened now.

Hearing the sound, she turned her head. Cindy stood at the door happily.

"Mom, dad is here."

Amber frowned and said, "Cindy, don't lie. If you want to see Dad, I'll take you to the company tomorrow, OK?"

Cindy shook her head. "Mom, I didn't lie!"

Cindy pointed at the window: "I know dad's car. He is outside. Mom, come to look!"

Cindy held Amber's hand and walked out of the kitchen.

Through the window of the living room, Amber saw Sean at once who has changed his shirt. It was black now.

Sean's thin and strong waist became more stronger because of the black shirt. He was holding a mobile phone.

The black hair became chestnut under the street lamplight. Sean stood distantly. Amber can not see Sean's expression very clearly. But the distance made the man's temperament more vivid.

"Mom, let dad in. It's hot outside!"

Cindy tugged at Amber, then hopped to open the door.

"Dad, Dad, you're back!"

Sean stopped opening the car door. He had intended to leave, never thinking that he would be found.

Cindy's voice was a little loud. It was impossible for him to pretend that he didn't hear.

Sean stiffened and turned around.

Amber stood at the door. Cindy trotted to Sean and hugged his leg.

“Dad, mom is cooking. Let’s go in.”

“If you don’t eat food, you’ll have a stomachache.”

Her voice was very cheerful, soft and pleasant.

Sean raised up his eyebrows and looked at Amber meaningfully.

Amber was so powerful that she knew his physical condition very clearly!

Sean was a little curious. How did Amber guess that he would come?

She waited for him all the time?

What a trick!

“Dad, mom’s porridge is delicious. Hurry up.”

She reached for Sean’s hand and led him in.

Cindy was chubby. She was not as tall as Sean’s legs. Sean can break away from the little fat hand of Cindy easily.

However, as a result, Sean followed Cindy in.

It was not for Amber’s porridge!

If he left now, it seemed that he was cowardly!

Since Amber can cook porridge and wait for him to come!

She must still like him!

He should go in to see what Amber wanted to do.

Thinking about it, Sean leaned down, and picked up Cindy with one hand.

Cindy was startled and then cheered. When they arrived at the door, Cindy still kept smiling.

Seeing Sean coming, Amber opened the shoe cabinet in the porch and took out a pair of man’s slippers.

Sean sneered.

“Man’s slippers? Director White will not wear yourself, will you? “

“Why? Director White would like me to come here?”

Amber has prepared everything he needed?

She was two-faced! she had said she didn’t love him no longer.

She must have a crush on him!

Amber did not answer, but Cindy looked at the slippers.

“Dad, this pair of slippers is Father Lu... Uncle Lu’s! “

Cindy smiled, showing her bright white teeth. She looked innocent and cruel.

Sean paused after hearing Cindy’s words. He looked at Amber angrily.

“Amber, you give me other man’s slippers?”

“You’re quite good!”

Amber blinked and sighed.

She knew Sean was a neat freak so she didn’t tell Sean for fear that he would feel disgusting. She didn’t expect Cindy would say that!

Sean’s face was gloomy: “you even prepared the slippers for Director Lu. He should stay here to sleep many times!”

“My cousin is really hard-working. He goes to work during the day and takes care of his sister-in-law at night.”

Amber stopped and looked up. However, she didn’t refute.

She reached for Cindy, but Sean held Cindy tightly. Amber failed and frowned.

“Sean, you...”

Sean’s face was extremely bad. He took back his feet, and said coldly.

“Give me another slippers!”

Amber,” ...”

Cindy laughed like a little naughty cat: “Dad, in addition to this pair of man’s slippers, there are only girl’s slippers. Dad’s feet are too big to wear!”

Amber kept distance from man. Except Lu Yi, there were no man coming.

The new slippers in the shoe cabinet were all for woman.

If Cindy didn’t explain, Sean’s face wouldn’t become so terrible.

Amber prepared slippers for another man, but she didn’t prepare slippers for her husband!

She must think about making him being punished, or cuckolding him everyday!

Sean took a deep breath. His face was still gloomy. He looked at Amber and ground.

“Sean, I thought you would never come all your life...”

Sean sneered.

It was his fault?

With Cindy in his arms, Sean walked in barefoot and sat down on the sofa.

“My wife bought this house. But I can’t come?”

“Anyway, when I came, I saw a supermarket chain at the gate of the community. You just need to spend ten minutes back and forth.”

Amber, “...”

Amber pressed her lips. She knew Sean’s character. It was impossible for him to wear other man’s slippers.

Although it was summer, Amber can’t let Sean be barefoot.

After all, the floor was cold and Sean was injured. If Sean had a cold or a fever, she would have to look after him.

“Mom, if you want to go out, go ahead. I’ll watch the porridge.”

Amber nodded, changed her shoes, and went out with her small purse.

Cindy sat next to Sean. Seeing Amber leave, she reached out her chubby little hand to pull Sean’s clothes.

“Dad, why do you bully mom?”

He bullied Amber?

This bad girl! It was impossible.

“Dad, are you jealous of Uncle Lu?”

“No!”

Sean’s answer to this question was decisive. He did not even think about it.

Cindy pouted, “don’t lie to me!”

“You are jealous!”

With that, Cindy patted Sean like an adult: “Dad, those slippers were prepared for you at the beginning, but you are usually very busy.”

“It’s Uncle Lu who comes often, and then mother gives Uncle Lu the slippers.”

Sean: “...”

He looked at Cindy strangely.

He only thought that he must be crazy so he tried to talk with a little girl!

“Lu Yi often comes here?”

“Has he ever slept here?”

“Does your mother have a good relationship with Lu Yi?”

Sean looked more and more terrible. The three questions gave him a feeling of being cheated.

Such a woman was worthy of his jealousy?

Sean gave a sneer. A pair of sharp eyes fell on Cindy. He always thought that there were many traces of other man in this villa!

“He doesn’t come often and has just stayed here to sleep once or twice.” Cindy answered the first two questions, touched her chin, thought for a moment, and said, “mother and Uncle Lu get along well with each other!”

“And mom still gets along well with Auntie Xiangxiang!”

Sean’s face was darker and colder.

Sean wanted to ask more questions but Cindy suddenly got up from the sofa and said, “Dad, I’m going to the kitchen to watch the porridge.”

Before Cindy finished her words, she was at the kitchen door.

Sean’s lips moved while Cindy had opened the kitchen door and walked in.

He pinched between his eyebrows.

The bustle was gone, and the summer night was silent.

Sean looked around the room. It was clean and neat. He could even see his reflection.

There was a vase on the table with some lilies in it.

The interior decoration was simple and delicate, and the room was not even as big as the living room of Hai Wan Xiang Xie.

But it looked comfortable.

Sean’s eyebrows moved.

Amber was not a good woman but she had good eye!

After all, she was the director of marketing department and has seen the decoration of the model houses. If she had a bad taste, how could she worked in Smith Group?

Sean was leisurely, sitting on the sofa.

When Amber came back, Cindy had already served the porridge.

Cindy also took out the dishes Amber cooked. As soon as Amber entered, the smell of dishes filled her nose.

Amber put the new slippers at Sean's feet, then walked into the dining room.

Sean: "..."

His hand was on the air.

Even the expression on his face was frozen.

"Dad, wash your hands and eat."

Sean didn't move. He didn't dare to eat the food cooked by Amber. What if he was poisoned to death?

Cindy hopped to him and held Sean's big hand. "Dad, Cindy take you to the bathroom."

Cindy used a little strength. Sean hesitated, but he still followed.

After washing hands, Cindy took Sean to the dining room. Amber handed them chopsticks.

The dishes on the table looked nice. There was Clam steamed egg, potato cake, and cucumber salad.

Amber didn't expect Sean to come. She turned into the kitchen and cooked another two dishes.

Sean's expression became stranger.

The dishes Amber cooked happened to be his favorite.

Sean had nothing food today. At this time, his stomach had been aching.

Sean, holding his chopsticks, was stiff. But later, he figured out something and broke through the embarrassment. Anyway, Amber was his wife, he could eat the dishes she cooked!

Sean held his chopsticks and began to eat.

Cindy was close to Sean. She took some fried egg to Sean. "Dad, the dishes are delicious! Mom did it!"

"Have more."

Amber had always known that Sean was a neat freak. Cindy used her own chopsticks to pick food up for Sean. He might not eat.

Amber stood up and intended to go to the kitchen to get another set of tableware for Sean.

However, she saw Sean eat the food Cindy gave to him.

Sean was arrogant and had a good table manner. His movements were particularly pleasing.

Amber was in a daze during the meal time and didn't collect herself until she had cleaned up the dishes.

When Amber walked out of the kitchen, Sean was still there. He was sitting on the sofa, holding Cindy in his arms and watching cartoons. He didn't mean to go.

Amber licked her lips and went to them: "Sean, it is too late. Cindy was frightened today. We're going to sleep."

She glanced outside and said gently, "it's not safe to drive later."

Sean froze in an instant.

The meaning of Amber's words was very obvious. She was driving him away!

Ooh!

Sean sneered. He never knew Amber was such a petty woman. He refused to let Amber go to Hai Wan Xiang Xie. Now Amber was going to drive him out of Xingyue Bay?

Another man can sleep here. He, as her husband, can't stay here?

Pooh!

He didn't care at all!

Sean stood up from the sofa suddenly and glanced at Amber, as sharp as a knife.

He walked to the door and stopped abruptly.

Why should he leave as Amber's orders?

How could he leave as Amber's orders!

Did she have any other plans tonight? Such as meeting her lover?

Sean changed his mind and strode to the master bedroom.

He wouldn't let Amber mess around! He wouldn't leave here.

"Director White is right. It's late. It's time for me to sleep."

Amber widened her eyes.

She picked up Cindy just now, so when she saw Sean go to the master bedroom without hesitation, she was stunned.

If she remembered correctly, before she left home last time, she took out all the clothes in her closet and left them on the bed.

Among them, there was underwear!

Amber put down Cindy and wanted to stop Sean.

"Sean, what do you mean?"

"Do you want to stay?"

Sean smiled. Although his smile was charming, Amber felt the irony.

"What? It is not obvious enough? "

Amber was flustered. Her voice was trembling. "Sean, I didn't expect you would stay here and there are no men's clothes herre ... Besides, Hai Wan Xiang Xie is only half an hour's drive from Xingyue Bay. "

"Sean, you don't have to stand."

Sean frowned, and his cold eyes became aggressive for an instant.

He pulled his clothes, stared at Amber, and said in a deep voice. "Director White, you should take responsibility for my injuries! But now you want me to drive back in the middle of the night?"

"Get out of the way!" Sean roared.

Amber was stubborn.

"Mr. Smith, I didn't ask you to come here."

This sentence was so mean. Amber's voice was very low, but Sean could still hear.

He sneered and opened the door of the master bedroom room directly. He even turned on the bedroom light causally.

It was a mess on the bed, making a sharp contrast with the tidiness of the living room.

Sean: "..."

Amber coughed awkwardly and pulled Sean out. Her ear tips were faintly red: "I'll go in first and make up the bed."

Chapter 229: I Will Sleep With Cindy

0 4 minutes read

The light was bright. Sean can see Amber's scarlet earlobes when she ran in.

Amber tidied up quickly but Sean still saw the sexy lace underwear among the clothes.

Although it was not right, Sean recalled the slender waist and big bosoms of Amber when she was at Hai Wan Xiang Xie last time...

Sean felt a little bit hot.

He tugged at his collar awkwardly. Within two minutes, Amber had stuffed all the clothes into the closet.

She fixed her messy hair and said in a low voice, "Take a rest. I'll sleep with Cindy. "

And then she ran out in a hurry.

It was was too embarrassing. Although she had fallen in love with Sean, she can not let him see her underwear.

She carried Cindy into her room next to master bedroom and closed the door.

Standing at the door of the master bedroom, Sean was thinking whether he went in or not.

Sean felt stiff as soon as he thought of Amber's underwear.

He was more and more sure that Amber must have expected that he would come.

Maybe, she prepared the underwear in advance, in order to seduce him!

She can't put him in trouble so that Amber was going to be his real wife?

Sean must plan to seduce him after he fell asleep!

He walked into the bedroom. Today, he would catch Amber!

In Cindy's room.

Cindy's eyes were shining and she was not sleepy at all now.

In order to making Cindy sleep, Amber read stories. After two stories, Cindy was still in high spirits.

Amber laughed and patted Cindy. She said gently, "Cindy, sleep now. You have to go to school tomorrow."

Cindy blinked her big black eyes. "Mom, I'm going to sleep right now. You can go to sleep, too."

Amber, "..."

Amber took off her slippers, lifted the thin blanket and covered her lower body. She said in a low voice, "Cindy, mom will sleep with you today."

"Why?"

"Mom, dad is here. Xiaopang said that his parents sleep together. Why do you want to sleep with me?"

Amber, who did not know how to explain, tried to change the subject: "Cindy don't want to sleep with mom?"

"Mom want to accompany you. Are you not afraid when you are carried away by that bearded uncle today?"

Cindy tilted her head.

Although she had a terrible experience, she felt safety, staying with her father and mother at home.

Cindy has forgotten the fear.

She didn't refuse Amber. When Amber was about to fall asleep, she heard Cindy's low voice.

"Mom, I am always here. You should sleep with dad."

"What if Dad goes away again when we're asleep?"

Amber's sleepiness was instantly disappeared!

With that, Cindy went to sleep. However, no matter how Amber tried, she failed to fall asleep, though she was very tired.

Amber always thought that Cindy was a child. In fact, she was the most stupid one.

Cindy knew everything. She knew that her family and her father were different from those of other children.

Her father would be missing for a long time and not send her to school or accompany her...

But she accepted them calmly.

Amber felt very distressed.

She can't give Cindy a complete home.

It was getting darker and darker. Amber tossed and finally slept.

...

In the master bedroom.

Sean lay on the big bed. The smell of Amber filled his nose. After lying for a long time, Sean had a kind of illusion, as if he also had her smell on himself.

Time passed.

Amber didn't come.

Did he misunderstand Amber?

It was first time for him to come Xingyue Wan. Amber would not miss this opportunity!

There was no such possibility at all!

He saw his watch. It was 1:47 a.m..

Two o'clock in ten minutes!

Amber hasn't come over yet. Sean suspected that Amber had a bigger conspiracy!

He got up directly and walked out of the room instantly.

His footsteps were very light. Sean opened the door of the Cindy's room gently.

Through a tiny crack between the door and its frame, Sean saw the two people lying in bed.

Amber didn't turn off the desk lamp. Under the dim light, the small bed seemed to be more smaller.

Most importantly, both Amber and Cindy breathed slowly. They were asleep!

Shit!

He didn't sleep but Amber dared to fall asleep?!

Good! She has forgotten his injury completely!

God!

Even if Amber remembered, she would rather curse him than take care of him!

Sean closed the door and turned back to the master bedroom. He was furious. Finally, Sean took out his cell phone and made a phone call.

It was two o'clock in the morning now. The phone rang several times, and then it was answered.

"Hello? Who are you?! "

Sean cleared his throat.

"Mr. Smith?"

Xu Lin was confused. It was a strange number on the screen of the cell phone.

In a trance, he remembered that Sean's mobile phone had water damage on the mountain...

"Mr. Smith, what can I do for you?"

Sean tapped on the white bedside table: "I haven't been in the company all day today. Has anything happened?"

Chapter 230: Jobbery?

0 4 minutes read

Xu Lin: "..."

He knew that even if Sean was concerned about the company, he shouldn't have called him in the middle of the night.

"Something happened..."

Xu Lin said cautiously: "the opening ceremony of Kai Yuan tomorrow may not be held as scheduled. It is revealed that the quality grade of concrete is unqualified."

"The buildings built by Kai Yuan are relatively high. Therefore, considering the plasticity, durability and other factors, we chose C30. There was no problem at that time, but..."

"It has been disclosed that the grade of concrete is C25, and people are worried about the service life of the real estate..."

Although Kai Yuan was not a small company, it was not worthy of being concerned by Sean, a president!

In addition, C25 was good enough but Smith group liked to use better ones usually. That news would cause the decrease of sales.

It was not a big deal. After the leaders of all departments went to work tomorrow, they can solve the problem easily.

Sean: "..."

Smith group has invested many real estates. Sean just knew the most important, such as Luoshen Wan.

Sean frowned, "Oh, really? Does Director White know this emergency?"

Xu Lin hesitated for a moment: "Director White should not know that. President, the public relations department is dealing with it..."

"What's more, the stuffs in the marketing department all know that. Their on-the-spot adaptability is not weak. Director White can cope with it tomorrow."

There was a sneer on Sean's face.

"Oh? In other words, Director White doesn't have to deal with anything and Smith group should still pay her a high salary? "

"That's not what I mean! "

Sean turned a blind eye to Xu Lin's anxiety. His tone was cold.

"Tell Amber to do the work! If the director is so relaxed that everyone can be competent, I wouldn't hire her! "

Sean hung up.

Xu Lin: "..."

Within ten minutes, Sean heard the sound outside. Amber should be talking on the phone. Her voice was very low, but he could still hear some words.

For example, "Kai Yuan" and "grade".

Sean smiled and put his mobile phone on the head of the bed. He lay down comfortably.

It was not that he wouldn't let Amber sleep, but that Amber had work!

After lying for about 20 minutes, Sean was still sleepless. His lips were dry. After hesitation, he got up and opened the door.

Light leaked from the study.

Amber was sitting under the light. Her face was face. She clicked her keyboard fast.

Sean suddenly felt a little guilty.

However, this mood disappeared quickly.

Amber wanted it, didn't she? If she wanted to wear the crown, she must be tolerable.

The marketing department was very important. It was impossible to get wages without paying!

Sean made a smile and turned around. Occasionally, he heard Amber's voice.

"Lu Yi, it is OK to use C25. This news should be easy to clarify. And I plan to set the opening ceremony a week later..."

Sean stopped.

He became terrible.

Amber, that shameless woman, didn't forget to seduce his "good" cousin when she worked!

Would she go out and have an in-depth discussion with Lu Yi later?

Sean touched his hair. She dared to cuckold him!

Sean snorted, opened the door, and knocked.

He was holding the glass which was on the bedside table.

Seeing Amber raise her head, Sean put the cup on the desk. His voice was cold: "drink some water!"

It was empty. How could she drink?

With amplifying Amber's mobile phone, Lu Yi stopped talking at once after hearing Sean's voice.

Sean glanced at Amber's mobile phone with a smirk. His eyes were extremely cold and sharp.

"What? It is about Kai Yuan?"

"You can do it tomorrow in the company! Mrs. Smith, don't disturb my cousin!"

"He's old, and he doesn't have enough energy."

Amber, "..."

Amber looked up at Sean with clam eyes.

She shouldn't cope with Kai Yuan's matter by herself. Xiao Shen can handle it well.

But Sean, who was naive wanted to torture her.

Amber took a look at the time on the computer and asked faintly, "how come you haven't slept?"

Sean glanced at her mobile phone. And then Amber said bye-bye to Lu Yi and hung up.

The matter has been done almost. Amber said directly:

"Sean, I have informed the legal department. No matter who changed the concrete grade, I will investigate and punish that one severely!"

"The public relations department will clarify tomorrow, and the project department has gone through the process. Even the price of Kai Yuan real estate has been discussed. We will hold a meeting tomorrow and come up with a reasonable price."

"In addition, the opening ceremony is denied one week."

Sean was stiff.

"If you report such a small thing to me every time, I would be tired to death!"

Amber glanced at Sean. Her eyes were bright and clean.

Sean can see some complaint in her eyes.

Sean was a little embarrassed.

He tried to smile, tapped on the table and said.

“Director White, you need to call director Lu for help because of Kai Yuan’s problem?”

“You have a jobbery?”

Amber frowned.

It was meaningful. Sean suspected that she had an amour with Lu Yi.
