Chapter 231: Sean, What Do You Mean?

0 4 minutes read

“I shouldn’t take responsibility for this matter! And I have to inform other departments. “

“Lu Yi prepared this cell phone for me. Only his phone number is in this phone...”

“Are you satisfied if I memorize the mobile phone numbers of other department leaders from tomorrow?”

Sean was dumb.

His handsome face was like a palette.

He was so furious.

Amber would remember Lu Yi’s mobile phone number whether this mobile phone was given by Lu Yi!

Sean stared at Amber and approach her.

“Director White is so righteous!”

“What a good relationship! It is so dangerous on the mountain that he can go up to the mountain to find you!”

“The search and rescue team is not as fast as director Lu who can bring you back safely!”

They got so close. Sean’s breath was on Amber’s forehead, which made her lean back unconsciously.

“Sean, what do you mean?”

Sean clenched and narrowed his eyes. His sharp eyes were as sharp as a knife.

“What do you think I mean?”

“Or is it not obvious enough?”

Sean pulled Amber’s dark silk pajamas and said, “Amber, don’t forget your who you are!”

The expression of Amber was more strange.

“Sean, are you jealous?”

Sean retreated in amazement. For the first time, an incredible expression appeared on his face.

He was jealous because of Amber?

Did he look like a crazy man?

Although Amber said that she didn’t love him, she must still like him. Whenever she had a chance, she would try to test him!

“Ridiculous!”

Amber was not surprised at Sean's answer. She pushed aside Sean and came out behind her desk.

Looking at Sean, she said: "in that case, what do you care about me so much? What's it to you?"

"Mr. Smith, it's already two o'clock. We will go to work tomorrow and I have to get up early to send Cindy to school."

"If there's nothing else I have to deal with, I'll go to bed."

With that, Amber nodded to Sean: "good night, Mr. Smith."

She turned around and walked straight out of the study. However, Sean caught her wrist.

It was mostly because Sean was angry. His strength was strong. Amber felt a little hurt.

"What? Is there anything else, Mr. Smith? "

Instead of answering, Sean held Amber's arm and went back to the master bedroom. He pushed Amber into the room and closed the door.

Amber," ..."

Sean's mood was bad. Amber hesitated for a moment and did not dare to speak.

She stood up to go out.

"Where do you want to go?"

Amber licked her lips: "I'll go to sleep with Cindy!"

Sean smiled ironically.

Sleeping with Cindy?

Amber was really good at acting!

Underwear on the bed, porridge made by her when she back to Xingyue Wan...The plays were more and more wonderful.

Sean snorted: "sleep with Cindy? She must be waken up by you."

Amber was silent.

Sean went to the wardrobe, pulled out the clothes that Amber has put in. He found a black lace sexy underwear and threw it on Amber's face.

Sean's face was extremely terrible.

"Director White, my Mrs. Smith, please explain! We've been married for three years and I haven't been here. What's wrong with this dress? "

And then he took that sexy underwear. He let it swing in the air with a gloomy expression on his face.

"Whom do you want to show to?"

“Show it to your three-year-old daughter? Amber, are you really so shameless?”

“Don’t teach her your seductive tricks!”

“Now, Cindy is my daughter. Whether it’s true or not, I can’t stand it!”

Amber’s face turned pale in an instant.

At first, Amber didn’t know the purpose of Sean when he came here.

But now, she knew it clearly!

She got up in the middle of the night and dealt with Kai Yuan’s affairs. After that, Sean can’t let her sleep and took out this underwear, forcing her to explain!

Who bought it?

If Sean didn’t mention it, Amber almost forgot.

She married Sean three years ago, and Lu Xiangxiang gave it to her to congratulate her on marrying a “good husband”.

In the past three years, Sean has never come here, and she was not allowed to go to Hai Wan Xiang Xie. This sexy underwear has been kept for a long time. It was Cindy who found it a few days ago.

And then she threw it into the closet...

But would Sean believe her?

Amber felt headache. She hasn’t been able to sleep soundly from night to dawn for several days. Her heart load was weakened and her face and lips were white.

“Mr. Smith, you have many girlfriends and mistresses. You should know underwear very well. What? You can’t tell the style is from three years ago? “

Amber grabbed the underwear and threw it in the garbage can.

“This is my clothes. I wore it. Don’t you feel dirty?”

As soon as Amber finished, Sean felt that his fingertips were slightly hot.

Some coldness was on Sean’s face.

Sean froze for a moment. Amber sneered: “Mr. Smith, don’t worry. I know my place!”

But she still called Lu Yi in the middle of the night!

Did Amber herself believe what she said?

Sean pushed Amber onto the big bed.

It made Amber surprised. She fell down and her brain was swimming.

Before she got out of bed, Sean was on her.

Amber's face was red because of his aggressive breath. It was may because of anger or shyness.

"Let me go!"

Sean clasped her wrist tightly, on the contrary. His deep eyes were shining.

"Don't you know your place? Then why do you want to escape?"

"Amber, are you feel guilty now?"

As Sean spoke, his breath fell on Amber's face. The temperature made her shiver.

Chapter 232: What? You Play Hard to Get?

0 4 minutes read

"I'm going to sleep outside..."

Sean laughed viciously.

He looked up and down at Amber: "what? You play hard to get?"

"Amber, don't overestimate yourself. I'm not interested in you!"

"Sleep here!"

What if Amber came in again and try to seduce him after she went out?

It was safest way to stay with Amber!

What was more, if his father knew that Amber slept on the sofa in the living room, he must scold him!

Amber," ..."

Amber was in a daze. Sean was a man who never played cards according to the routine!

She couldn't know what he wanted to do and could only go to sleep.

Instead, it was Sean who can't sleep, because he was so close to Amber that he could smell the shampoo fragrance of Amber.

Shower gel was lemon flavor, and that kind of aroma was very light. He smelt clearly.

Amber was asleep.

Sean turned over and fell from Amber. He lay next to Amber.

Sean didn't believe that Amber could sleep without any thoughts. She must want to seduce him!

Sean dozed. He secretly decided that as soon as Amber had an action, he would expose her shameless nature!

After waiting for more than an hour, Amber breathed more and more slowly...

Sean opened his eyes. The lamp at the head of the bed was not off. Amber's hair was on her face that was pale. She was somewhat frail.

Amber was good-looking. Her eyelashes cast a light shadow on her lower eyelids.

She was wearing a halter silk nightgown. Just now Amber struggled so severely that the snow-white skin of her neck and chest fell into the eyes of Sean.

His eyebrows moved. His eye's were meaningful.

Magically, Sean hugged Amber. His big palm had been put on Amber's slender waist.

Sean felt slightly hot. He stared at Amber.

His fingertips were hooked on the sling on Amber's pajamas...

Amber must want to seduce him!

Maybe Amber didn't sleep at all. She just waited for him to touch her, so that she could let him take responsibility.

With a low curse, Sean got up hurriedly.

He still felt the soft and delicate skin of Amber.

Soft and smooth.

Sean took a deep breath.

Amber was really powerful. he has found out her trick now!

Sean walked out of the master bedroom, took a glass of cold water and drank all

His mind was more and more clear.

After a moment's hesitation, Sean lay down directly on the sofa in the living room.

Amber was right. They had to go to work tomorrow. He didn't have so much time to play game with her!

Amber tried to seduce him.

He wouldn't give her any chance!

Sean turned over and closed his eyes.

...

At the second day.

Sean was woken up by Cindy.

He slept like a dog, but the little girl touched his face and his hair.

Sean opened his eyes suddenly, looking at the big bright eyes of Cindy.

He has gotten up on the wrong side of the bed often but he couldn't even get angry when he saw Cindy's cute little face.

"Dad, you're awake!"

Sean sat up. He slept for several hours and had a headache.

"Dad, why are you sleeping here?"

Sean: "..."

After Cindy asked, Sean was somewhat embarrassed. He didn't know how to answer Cindy's question.

Should he tell her he was afraid that her mother would not sleep and seduce him?

He was not as shameless as Amber!

Fortunately, Cindy was too young to keep asking this question.

"I made breakfast. I go to wake mom up now. Dad, you go to wash first!"

Cindy, dressed in a pink princess dress, and ran to the master bedroom happily.

Within a few minutes, Amber followed Cindy out.

Amber looked pretty good, but she was limping. She should have been injured on the mountain and was still in pain.

"Mom, I heated the milk and fried the eggs."

"Well done."

Amber had a smile on her face. Her hair around her ears was wet. She should have gotten washed. Amber seemed to have slept well yesterday.

But Sean felt extremely bad because he had a wound on his body and slept on the sofa for a night!

"Director White, this is really interesting."

"Your daughter is only three years old."

Taking advantage of Cindy's going to the kitchen, Sean glanced at Amber and said seriously, "You are really a good marketing director of Smith group who are good at exploiting labor!"

Amber, "..."

The back of the sofa was relatively high. Amber didn't pay attention to the living room so that she didn't see Sean at all. She had thought he's left.

"Sean, why are you still here?"

Sean stared at Cindy behind Amber.

"Director White is trying to drive me away?"

“Mom, let dad have breakfast before leaving, OK?”

Amber turned around and saw Cindy who was taking a plate. There was a eagerness in Cindy’s eyes.

Without saying anything, Amber went to the bathroom in the master bedroom and gave Sean new toiletries.

When they were eating breakfast, the doorbell rang. Cindy, who finished firstly, ran to open the door.

“Cindy, who?”

Amber asked and saw the man who held Cindy in.

“It’s me.”

“Lu Yi?” Amber was surprised: “how did you get here?”

Lu Yi stopped when he saw Sean. But, Lu Yi still smiled, “Kai Yuan’s clarification work has almost done.”

“But the opening ceremony is your business.”

“Isn’t Mr. Smith paying attention to this? I think you must go to the company ahead of time. “

Lu Yi raised Cindy and said, “I drop by to pick her up and send her to Jin Yang Guang Kindergarten.”

The sunshine through the window can’t dispel the chill on Sean’s face.

Did he look stupid?

Lu Yi lived in the center of the city. It was only a few minutes’ walk from Smith group. He dropped by to pick up Cindy?

Chapter 233: Sure!

0 4 minutes read

It was rush hour at work now. Amber lived on the outskirts of the city, but Lu Yi drove for more than half an hour to pick up Cindy. Did he really drop by?

Sean threw the knife and fork directly onto the table.

“Bang”

It attracted Amber and Lu Yi’s attention.

Sean smiled and looked at the watch.

“It’s eight nineteen. Smith group’s morning work time is nine.”

“Cousin, it takes more than half an hour to get to Smith group from here. You must be late after you send Cindy.”

He continued: "cousin, the work of the director of public relations department must be very easy so that you can send your colleagues' daughter to school during working hours."

Lu Yi's face changed.

With that, Sean turned his head to see Amber: "is Smith group's reward and punishment system not clear enough?"

Amber paused for a moment: "Mr. Smith, it's still early. It's not sure whether director Lu will be late. You can't scold him now."

Sean looked terrible.

Amber was a littler nervous.

Scold?

In order to protect Lu Yi, Amber can said this word!

He was touched by them!

Should he give Lu Yi a place?

"Good!"

"Take it easy, Director White! It's just late. He just needs to pay a fine. "

"Director Lu liked to help colleagues, right? He must don't care about it! "

Amber, " ... "

Amber was choked. She took a light look at Sean, took the sunscreen shirt she has prepared for Cindy on the sofa, and intended to go out with Cindy.

"Cindy, let's go. Mom will send you!"

Lu Yi hesitated and stopped Amber: "you go to the company first. You need to make a decision about denying the opening ceremony!"

Amber knew what Lu Yi was thinking.

Lu Yi knew it was Sean who wanted to trouble her!

Lu Yi must be worried that if she didn't return to the company immediately, Sean would lose his temper again.

"Kai Yuan Building is located in the suburb of Tongcheng City. Firstly, it is not in a prime location. Second, there is no quiet and suitable environment for living. Therefore, we have no plan to do the second phase."

"Such a small building is not my work!"

"Lu Yi, you go to work. I'd like to send Cindy. This month, I've already deducted 270000 bonus and 1000 yuan is nothing for me now."

“There’s no need for you to be punished because of Cindy and me.”

Lu Yi: “never mind. I don’t...”

When they were talking, Cindy was held by Sean suddenly.

“Did director Lu not remember what I said in the hospital yesterday?”

Lu Yi’s gentle face became gloomy at once. This mood disappeared quickly.

What was in his mind was yesterday’s words of Sean.

Sean sneered and said, “It seems that director Lu still remember it. Then I don’t need to say it again!”

“I will send Cindy!”

“And I advise Mr. Lu. Don’t violate the company’s system!”

“No more than three times! If I find out anything else, don’t blame me for that I don’t care about the family love!”

With that, an irony flashed quickly through Sean’s inky pupils.

He held Cindy in his arms, and said gently to her.”

“Cindy, do you want dad to send you to school?”

Cindy was so happy. She said loudly, “Sure!”

Sean was proud.

He walked to the door. When they passed by Lu Yi, Sean knocked Lu Yi’s shoulder hard.

“Excuse me!”

Sean said politely, but his attitude was provocative.

Sea took the schoolbag by one hand and strode out steadily.

Amber reached for her hair and apologized to Lu Yi gently, “Lu Yi, I’m sorry. Let’s go to the company first.”

Lu Yi shook his head. His temper seemed to be as good as ever. Even if Sean had a bad attitude towards him, he was not angry.

“It doesn’t matter. But has Sean send Cindy before? He can do it? “

Amber nodded.

“Yes. Besides, he’s Cindy’s father, and Cindy hopes Sean can send her.”

Amber’s tone was light. She bent over to change her shoes, carrying her small suit jacket. She didn’t notice that Lu Yi’s expression.

And then Lu Yi and Amber walked toward the parking lot.

Suddenly, Lu Yi said, "I think Sean's injury becomes more serious. Last night, my uncle whipped Sean again?"

Amber paused. Since Sean was back to Smith group, whipping seemed to have become a common practice.

Amber nodded. Then Lu Yi said, "What's your decision?"

"What?"

Amber was in doubt, "what decision?"

"Do you want to divorce Sean?" Lu Yi opened the door of the gunshot and let Amber get into the car.

"Sean has admitted that he wants you to die!"

"There's a recording. If you divorce now, you can get more."

"Amber, everyone knows how he treats you! I want you to think about it carefully! "

Amber was calm.

"Lu Yi, Cindy needs her father."

...

Sean put Cindy in the back seat. When they were about to leave, Sean stopped starting the car.

God!

Why did he help Amber send her daughter to school?

Did he create a chance for Amber and Lu Yi to get along?

Sean clenched and hit on the steering wheel. Cindy was startled.

"Dad?"

Sean raised up his eyebrows, glanced at the rearview mirror, and said coldly, "what?"

Cindy was not afraid. She showed the cartoon watch on her wrist to Sean: "I'm going to be late, Dad. If I'm late, I'll be punished and stand in the corner..."

Chapter 234: Amber Was Going to Look for the Second Husband?

0 4 minutes read

Sean frowned and gave a scornful sneer.

After Mrs. Yue's matter, the whole kindergarten should have known that Cindy was his daughter. No one dared to let Cindy stand in the corner!

Maybe that was what Amber wanted!

Sean opened the door and said to Cindy, "you stay in the car. I'll go back soon."

"What are you going back to, dad?"

Sean smiled meaningfully, "let your mother send you to school!"

Without waiting for Cindy to say, Sean closed the door.

Sean lit a cigarette. The scarlet flame made Sean more handsome.

He dropped the ash of the cigarette and his dark eyes became more and more deep and gloomy.

Amber was going to look for the second husband?!

They were the director of the public relations department and the director of the marketing department!

Their positions were very important. Amber hated him. What if she colluded with Lu Yi to destroy his company?

What was more, then shameless Amber has driven Manman away and ruined his marriage. Now she wanted to be with someone else?

No way!

He wouldn't allow!

Sean walked more fast. When Lu Yi drove his car out, Sean stood at the middle of the road.

Lu Yi had to stop the car: "Sean, we will be late. Can you let us go?"

"What's more, if you don't send Cindy, she'll be late too."

Amber was also a bit surprised.

"Sean? Why are you still here? "

Sean smiled and blew out a thick white smoke.

"Wait for you."

Amber was confused. Sean has opened the door of gunshot and pulled Amber out of the car.

"Mrs. Smith, you're on the wrong car!"

Sean was staring at Lu Yi. His voice was cold and ruthless: "you should know your identity. You are Mrs. Smith, not Mrs. Lu!"

Lu Yi held the steering wheel tightly at once.

Sean held Amber in one hand and walked to the Maserati which was not far away.

Lu Yi got out of the car and stopped hem. Lu Yi frowned and looked at Sean with disapproval.

“Sean, don’t you attach great importance to the Kai Yuan project? Amber and I will go to the company to deal with this matter first... “

Sean didn’t let go of Amber’s hand, and took a surprise look at Lu Yi.

“Cousin, are you so shameless? You’re going to rob my wife in public? “

Lu Yi: “...”

It was almost nine o’clock. The sun was a bit of scorching. After a long time under the sun, Amber felt dizzy.

Lu Yi took a look at Amber’s red face, and his tone was a little anxious: “You let us get up to deal with Kai Yuan’s matter in the middle of the night yesterday...”

Sean was not interested in it.

“Cousin is joking. I haven’t heard of Kai Yuan so I won’t let you deal with it in the middle of the night.”

“Last night, I slept soundly with my wife and child.”

Amber was stunned. She thought Sean was really shameless.

It was Xu Lin who asked them to deal with the matter immediately last night.

Xu Lin was aware the small buildings like Kai Yuan were not worthy of being cared by management according the company’s system.

Was Xu Lin going to beat around the bush without the command of Sean?

Even though Lu Yi had a mild personality, he can’t help but be speechless.

Sean didn’t care about Lu Yi. He was about to leave, holding Amber.

“Sean, you are making a fool of yourself!”

“If my uncle knows that your attitude towards the company is so lax, I’m afraid he will be angry again!”

Sean sneered, and his eyes fell on Amber.

Amber taught Lu Yi to threaten him with the old Mr. Smith?

She not only wanted to win him, but also wanted him to be trampled on by Lu Yi?

The anger was lingering in his chest.

“Oh?”

“Director Lu, are you not satisfied with me?”

“You just go and tell my dad. If you can get my father’s approval, I’m ready to give up my position at any time!”

With that, Sean looked up at the watch on his wrist, and his voice was very pleasing: “it’s getting late. I’m busy and have to leave now!”

Sean left and Amber pinched her eyebrows.

Two people attacked each other fiercely. Amber has never had a chance to say.

Amber breathed a sigh of relief: “sorry, Lu Yi. You can go to the company first...”

Before she could finish, she was pulled away by Sean.

His strength was so great that Amber can't break free.

“You let me go. I can go by myself!”

Amber struggled. She just looked at Sean.

Sean was in a bad mood. He immediately became furious: “what?”

“Sean, you know Lu Yi doesn't mean that. You are mean.”

Mean?

Sean controlled his anger.

He was wrong? No! Lu Yi's eyes were soulful when he looked at Amber.

Amber was blind but he was not!

“Too mean? I think I am better than Director White!”

“Let me send your daughter to school so that you can have a good time with director Lu?”

“Is there such a good thing in the world?”

Amber, “...”

“It seems that you take initiative to send Cindy to go to kindergarten?”

Sean thought that Amber really didn't know good people. He helped her send her daughter but she didn't appreciate it. Instead, she openly protected other man in front of him!

Amber changed her loyalty frequently!

What a bad woman

Sean had a long and icy face.

“You think I want to see you? It's your daughter who wants her parents to send her to school together! “

“Besides, I don't have obligation to help Director White send your child to school.”

Amber was silent.

Sean put out the cigarette and threw it into the trash can. His short black hair was dyed by the sunshine.

Even his long eyelashes were golden.

Chapter 235: Countless Involvement

0 4 minutes read

Amber White was about to say something, but she was shocked when she saw him.

Sean Smith stretched out his hand and rolled up his sleeve. He said in a low voice, "Inspector White, yesterday you said that I was going to kidnap your daughter, didn't you?"

"I dare not be alone with your daughter. I'm afraid she will do something stupid and it's going to cost my life."

Her eyes flickered as her hesitation dissipated.

She didn't say a word.

Sean Smith opened the car door and directly stuffed Amber White inside. After that, he slammed the door shut.

Immediately, Sean Smith got in the car, started the engine, and stepped on the accelerator.

After making a turn, the car was on the road and blended with the traffic.

They were in the middle of rush hour. Half an hour later, they arrived at the entrance of Jingyang Guang Kindergarten.

Amber White put the school bag on Cindy White's back, bid Sean Smith farewell, and led the little girl inside.

Two days after Mrs. Yue's incident, Amber White was uneasy. She would send Cindy White to the classroom before leaving.

By the time Amber White came out, Sean Smith was nowhere to be found.

Amber White was surprised. She thought that Sean Smith moved his car. She looked around again, but she couldn't find him. She took her phone and called him.

"Hello?"

"Sean, I'm out. Where are you?"

"I'm on my way back to the company." Sean Smith said coldly.

"....."

"Why don't you wait for me?"

Amber White stood at the gate and looked around for Sean Smith. Now, she felt that she looked like a fool.

Sean Smith was not having it.

"Are you questioning me?" he sneered.

“Inspector White, I have done my utmost by sending you and your daughter to the kindergarten. Do I have to wait for you?”

Amber White took a deep breath. She knew that he had always been like this to her. She was hoping that he would change, but she was too naïve.

“I didn’t mean it that way. Why didn’t you tell that you were leaving? I have been waiting for you for a long time.” said Amber White.

She was standing on the roadside, trying to stop a car. Fortunately, Jinyang Guang was not far from Smith Company. If it was far, she didn’t know how long it took to arrive at the company.

Strangely, Sean Smith didn’t hang up.

He pursed his lips when he heard Amber White’s words.

He believed that he had made it clear to Amber White.

He didn’t understand why she called him to complain.

Did she want to go to the company with him?

Sean Smith put on a sarcastic smile, “Amber, you’d better figure out the situation. I did propose to send your daughter to the kindergarten.”

“But, I didn’t say that I would wait for you at the entrance!”

“You’re involved with a lot of men, aren’t you? I don’t want to spoil the fun!”

Involved with a lot of men?

Sean Smith was being ridiculous. Her only male friend was Lu Yi and nothing was happening between them.

But, Amber White didn’t want to talk too much to Sean Smith. She clearly knew that Sean Smith wouldn’t believe her.

Amber White licked her dry lips and said, “You’re right. Since you’re not here, I don’t want to continue talking with you!”

“I think I’m going to call one of my men to see who among them has time to pick me up for work!”

After that, she hung up the phone.

When she finally stopped a car, she gave the driver an address.

Sean Smith’s face darkened and his pupil shrank when he noticed that she suddenly hung up the phone.

He glanced at the screen as his face froze.

Amber White had balls.

She dared to hang up on him!

If she happened to call him again, he would never answer it.

Sean Smith was so angry that he threw his phone away and stepped on the accelerator instead. In less than five minutes, he stopped in Smith Company's parking lot.

She went upstairs directly. Since he spent the night in Xingyue Bay, he hadn't changed his clothes. When he arrived at his office, he stripped off his expensive shirt and threw it on the floor.

The bandage around him complimented his temperament. It made him look stronger and attractive.

Sean Smith grabbed a shirt from the closer and put it on.

He buttoned the shirt indifferently.

He licked his lips and processed some important documents on the desk. After a while, he called Xu Lin into the office.

Xu Lin was up until midnight to handle the business of a small building. Now, he was half awake.

He tried to sober up and walked to the office.

Sean Smith didn't look up. When he heard the noise, he directly said, "Bring me the list of employee who come late these past three days."

Xu Lin was shocked.

Why did the president suddenly kiss up the HR?

Xu Lin frowned. Was... Inspector White late today?

Seeing Xu Lin didn't move, Sean Smith raised his head and glared at him. Xu Lin stood up straight.

"What is it? Is there anything else?"

Xu Lin shook his head and Sean Smith's eyes became colder. He eyed Xu Lin and said, "I'll give you three minutes!"

He didn't have time to care about Sean Smith nor Amber White. He directly rushed out of the office.

After done listing the names, he gave it directly to Sean Smith.

There were not many people who were late. Sean Smith looked at the list thoroughly.

He frowned, "Are you sure you have listed them all?"

To his surprised, Amber White was not on the list.

Although Smith Company was not far from Jinyang Guang Kindergarten, these two places located in the center of the city and the traffic in Tongcheng was poor. It was impossible for Amber White to arrive in such a short time.

Sean Smith sneered. Xu Lin shuddered.

Smith Company was really interesting.

The president even asked for a late list.

Now, Amber White was safe from the late list, but would she be safe from the board of director list a few days later?

Chapter 236: Complied in Public, Opposed in Private

0 4 minutes read

“No. I checked the list again and again.” Xu Lin answered.

Clearly, the paper on Sean Smith’s desk had piled up like mountain, but he still had time to care about this trivial matter.

Sean Smith placed the A4 paper on the table angrily. His eyes were cold as ice.

He glanced at the last name on the list, Lu Yi, and said, “These people are lazy. Go to the HR and make them notify these people.”

Xu Lin nodded.

Sean Smith stuffed the paper back to Xu Lin, “Go to Marketing Department and call Inspector White up.”

Xu Lin was hesitant.

Sean Smith sneered, “What is it? She hasn’t been behaving well. Do you think I can’t see it?”

“No, no, no, it’s just that, Inspector White is not in her office...”

Xu Lin mumbled.

Sean Smith glared at Xu Lin as the pen danced between his fingers. The atmosphere in the office was cold and tense.

Xu Lin gulped and explained, “Sir, Inspector White went to large shopping mall under Smith Company’s name to do market research.”

“.....”

He frowned as he suddenly remembered her phone call with Amber White earlier today.

She told him she was going to call on of her lover to send her to work.

It seemed that Amber White had mastered the art of complying in public and opposing in private.

A shopping mall? A market research?

Smith Company’s biggest shopping mall was Central Mall, no?

If he remembered correctly, there was an activity in the Central Mall today inviting Shi Muzhou.

Was Amber White going to do research or meeting her secret lover?

“Is there no other staff in the Marketing Department? Why does she have to do the research by herself?”

“.....”

Didn't Sean Smith hate her for not doing real job?

Now that Amber White did it, Sean Smith was still unhappy.

Sean Smith wet his lips and looked at the file on the table.

“Call her back. We have a meeting in twenty minutes.”

Sean Smith threw a document to Xu Lin and asked to make a few copies.

Xu Lin took the document and went out.

Sean Smith stopped him again.

Xu Lin turned around and asked in a low voice, “Is there anything else, Sir?”

A dark tide surged from the bottom of his eyes, “Actually, don't call her. I will go and find her myself.”

Xu Lin was silent. He walked out of the president's office quietly.

Sean Smith grabbed his pen and signed a document after reading it. He looked terrible.

Amber White must have guessed that he would challenge her in the company.

That was the reason why she escaped.

Sean Smith, however, didn't feel he had done anything wrong. When she was in the Xingyue Bay, Amber White said it herself.

However, he just couldn't shrug it off his mind.

After signing the documents in his desk, he looked at the time and found that it was already eleven o'clock.

She went out of his office and went downstairs.

The Central Mall was very close to Jinyang Guang Kindergarten. Perhaps, Amber White was not late today.

He adjusted the collar of his shirt. His face, however, looked complicated. Amber White was a troublemaker while Lu Yi was a classic.

He smirked as his grumpy face recovered a little. His handsome face looked more vivid.

Xu Lin noticed him out of his office.

Sean Smith motioned him to come, “Secretary Xu, come with me.”

Sean Smith never smiled. Just now, when he did, it made Xu Lin shudder.

He walked in a steady pace. Xu Lin followed him down to the parking lot.

Sean Smith opened the truck and took out the dirty clothes.

He slipped his hand into the trousers' pocket and took a small bag. After that, he immediately threw the suit into the trash can.

The bag was dirty, and Xu Lin could see clearly there were a few strands of hair inside.

Sean Smith took another small bag with hair inside from inside the car and handed it to Xu Lin.

It was prepared before he went to Gu Jinyan's last night.

Cindy White looked too much like him. He didn't notice it before until someone pointed this out.

He didn't remember he slept with Amber White though...

However, if he wanted to shut her mouth, he had to do this paternity test.

He had mixed feelings about this.

"Do me a favor. I need you to send these materials. I have messaged you the address."

"You don't have to go to work today. Just do this one task, do it by yourself, and ensure the confidentiality."

Xu Lin nodded. He hesitated and asked, "Sir, are you doing a paternity test with Miss White?"

Sean Smith stared at Xu Lin. He was silent.

At Tongcheng Central Mall, Amber White was busy when Shi Muzhou came.

She stopped working and made time to see him.

He was wearing a black shirt. As an artist, he had makeup done. His face was covered with light foundation and his eyebrows were done up. He looked sharp and dashing.

He cocked his head and waved to Amber White.

Amber White blinked and smiled, "what are you doing here? What about the activity?"

Shi Muzhou was dissatisfied, "We're classmates for so many years. Don't you want to see me?"

He tugged his tie. Because he was there, Amber White's counter became the focus on the mall.

She filled out her form before standing up.

As she turned around, Shi Muzhou's eyes shrank. His eyes glued to the injury on her leg.

Her leg was injured in the mountain. When she fetched Cindy White, she hurt her leg again in the beach.

The wounds were healed, but it was left untreated overnight. Even though she wore a pair of stockings, the wound couldn't be concealed.

Chapter 237: An Affair During Working Hours

0 4 minutes read

Before setting off, Amber White deliberately chose a knee-length dress.

The black and loose dress was not only complimenting her body, it was also exposing her wound.

Before she could answer, Shi Muzhou stepped forward and lifted her dress.

“How did you get hurt?”

The smile on her face went stiff.

“I’m fine—”

“Is it because of Sean?” Shi Muzhou interrupted her and snorted, “Tell me. After marrying him, what did you get besides getting hurt?”

“If this is all you want, why bother? You can just tell me.”

“I can do it too. I can beat you every day. I can hurt you worse than this!”

Shi Muzhou was upset. He stared at her with a sullen face and Amber White was not impressed.

She shrugged his hand off her dress.

“This injury has nothing to do with Sean. I was careless.”

Shi Muzhou didn’t buy it. He sneered, “Do you think I’m three? Why are you defending him?”

“I’m ashamed of him!”

“What do you think of a man like Sean?”

“I think something is wrong with your eyes. Do you want me to go to a hospital and help you make an appointment with the ophthalmology department?”

“In your eyes, all other men are dead, aren’t we? Do you want nobody else but Sean?!”

“.....”

Sean Smith entered the mall and walked for two minutes before he saw Amber White. Of course, he noticed Shi Muzhou standing beside her.

Amber White put on a heartfelt smile and with a crystal-clear eyes, she stared at Shi Muzhou.

Shi Muzhou suddenly bent down and touched her thigh.

Sean Smith froze.

Before he came to the mall, he thought that Amber White was really doing a market research.

Now, it seemed that he thought too highly of her.

Sean Smith’s eyes were popping out. The shameless Amber White was having an affair in public!

Was she trying to seduce him?

He sipped his lips, put on a stiff smile, and walked to Amber White.

When he was close enough, he heard Shi Muzhou was talking ill of him.

Sean Smith's terrible face worsened.

"It's interesting, what Mr. Shi is saying."

"You're a public figure. With a big crowd around, I don't think it's suitable for you to say such things."

His words washed away the smile on Amber White's face.

The light expression on his face, the look on his eyes, and especially the suit he was wearing made him look like an ordinary consumer who came to stroll the mall.

Soon, his eyes flickered with evil lights.

He wouldn't let her ignore him anymore.

She was taking advantage of her working hours to hook up with a man. Sean Smith was not having it.

Amber White was getting more and more overboard with men now. She didn't even care about her image.

Terrific!

His eyes fell on her. He smirked and said coldly, "Inspector White, you're still Mrs. Smith. Behave yourself!"

"How could you do something indecent in public?!"

"You're so shameless. I cannot afford a bad reputation!"

Amber White grabbed Shi Muzhou aside.

She was quick. Otherwise, Sean Smith would have punched Shi Muzhou in the face.

"Sean, you have balls. Say it again."

His face didn't change. When Shi Muzhou looked at him, he looked back with eyes no less cold than his.

He refused to reason with Shi Muzhou. He reached out and grabbed Amber White, "It's working time now. I think Inspector White is quiet idle. So, it's better for her to come with me."

Shi Muzhou's face was terrible, but Amber White stopped him. He was a reasonable man. So, he didn't throw his hand.

Besides, there were activities happening in this mall. If he vented his anger, he wouldn't be defending Amber White, he would only harm her.

He clenched his fists and gritted his teeth trying to suppress his anger, "Mr. Smith, Amber's leg is injured. Smith Company's is so big that it doesn't have time to take care of its employees, isn't it?"

Sean Smith raised his eyebrows and looked at Amber White.

So, just now, Shi Muzhou lifted her dress to check on her injury?

It left a scar, didn't it?

"Inspector White didn't take a time off for her injury. Does the company have to force her to go to the hospital?"

"She's not a child. I know you have a good relationship with her, but I don't think it's necessary for Mr. Shi to worry too much about Mrs. Smith."

Shi Muzhou's face darkened.

When he was about to speak, his manager suddenly came running.

"Muzhou!"

"You come here for work, don't you?"

"Go and do your work. Mr. Smith is looking for me. I can go to the hospital after my work is done." said she with an unpleasant attitude, "Besides, have you forgotten? I'm half doctor myself."

"....."

Although he had a bad temper and was impulsive, he knew that he couldn't get their way.

Shi Muzhou left with his manager.

Both of them were finally left alone.

Amber White walked to Sean Smith and asked, "Sean, why are you here?"

Her legs were stiff when she walked. It seemed to hurt.

Sean Smith was irritated.

Amber White was injured. What did this have to do with him?

He was injured as well!

She didn't come to her office and came to the mall to do a market research instead. She knew she was not feeling well and still did this. So, she brought it on herself.

Besides, this was probably one of her tricks to garner sympathy from him.

"I have a banquet invitation. Come." said Sean Smith.

Amber White was stunned.

They would be talking about cooperation during the banquet. This responsibility belonged to the PR Department.

"Sean, let me call Lu Yi and ask him to send two negotiators."

"I'm the inspector of marketing department. If I intervene in the PR's job, I may not be able to explain it to Lu Yi."

The look on his eyes darkened.

He glanced at Amber White from the corner of his eye with no expression on his face. He took his sight back and scoffed sarcastically.

Chapter 238: Sleep in the Wrong Place

0 4 minutes read

“If I ask you to come, then come. There is no need for bullshit!”

“What about Lu Yi? If he doesn’t like the way I run things, let him meet me at the top floor!”

He glanced at Shi Muzhou, “Or, are you planning to stay to flirt with your lover?”

Amber White’s pupils shrank.

“Sean, if you have some objection, you can tell me. There is no need to drag my friend into this mess.”

Sean Smith sneered. He turned around and walked out of the mall.

Amber White was blind. She didn’t know how much Shi Muzhou wanted to beat Sean Smith’s ass just now.

She should be glad that he failed to do so.

Or else, Sean Smith would have thrown fists to teach a little star how to behave

She hesitated, but then, she followed him outside.

Sean Smith parked his car at the entrance of the mall. His Maserati caught people’s attention.

There was probably a reason why Sean Smith insisted on taking her to the dinner. After he got in the car, Sean Smith was in no hurry to leave. He grabbed a cigarette and lit it up.

He glanced at Amber White faintly.

She couldn’t help pacing up and got in the car.

Before she was properly seated, Sean Smith started driving. He sped up. Amber White reached out her hand and fastened her seatbelt.

“Sean, it’s not even twelve o’clock now. You don’t have to speed up.”

He breathed out the smoke out of his lungs and it covered his face.

“If I remember correctly, you are the inspector of marketing department.”

Amber White nodded.

Sean Smith smiled coldly, “How do know what the PR Department is doing?”

Amber White was silent.

Even if she tried to explain it, she might not be able to explain well.

Eleven years ago, when they were students, Sean Smith was on the honor role.

Tong University won a debate championships for four years in a row because of him.

Sean Smith could go straight to the core of the matter and nailed it.

Therefore, it was difficult to change his mind once he had a certain impression of something.

Long, long time after that, Amber White arrived at the downstairs of Ritz-Carlton.

Sean Smith arrived early. The room was empty, even people from the company hadn't arrived yet.

Amber White wet her lips. She knew that the balcony had a beautiful view and a quiet environment, but she didn't want to be alone with Sean Smith. She felt that the atmosphere was cramped and stuffy around him.

The person who came to send the document was changed.

She was the member of Sean Smith's secretarial department. She was bright and beautiful. When she laughed, her canine teeth showed.

She was sexy and hot.

After all these impressions, Amber White called her Zhou Ruo.

"Mr. Smith, Miss White, these are the documents and the contract."

Amber White nodded. She sort of knew what contract it was. After all, there were not many contract that make Sean Smith came signing it in person.

Sean Smith hadn't spoken since he entered the room. When Zhou Ruo arrived, he took the documents, sat on the sofa, and started reading it carefully.

Amber White didn't have a good rest these past few days. She was rather upset.

She turned the first two pages conveniently. She was familiar with this project.

Even when drafting the document, Amber White participated in the pricing.

She didn't look interested. As her slender body leaned on the sofa, she slept with her eyes closed.

There was no other noise in the room expect for the occasional sound of Sean Smith turning the paper.

He moved his neck and his eyes fell on the sleeping Amber White.

He hooked the corner of his lips and put on a bitter smile. Then, he motioned Zhou Ruo to wake her up.

Zhou Ruo hesitated, but she did it anyway.

Amber White blinked her long lashes. She looked tired.

She was still in daze. It was Sean Smith's first time looking at her real, unfiltered emotion.

He narrowed his eyes, "Inspector White, you're sleeping in the wrong place!"

"I take you to dinner. You represent the Smith Company's image. What do you think our partner will think if they come in and see you sleeping?!"

"If you let your attitude damages the company's image, how are you going to bear the responsibility?"

Amber White pinched the bridge of her nose and apologized, "I'm sorry, Mr. Smith. I fell asleep."

Sean Smith choked.

He never thought that she would be this honest. He always felt that a woman like Amber White would definitely not let herself be wronged. Or, that she would never realize her mistake, at least not in front of him.

Sean Smith was caught off guard. Amber White had apologize. What else could he say?

Zhou Ruo was there as well and Amber White frankly admitted her mistake.

Sean Smith was uncomfortable. He sipped his lips as his chest tightened.

He felt like a ball of cotton was stuffed down his throat.

But, she did what was right. If Amber White couldn't assess the situation and correct the mistake, how could she become the inspector of marketing department?

When he was aware he subconsciously affirming Amber White, his face darkened.

Amber White was not so good. Perhaps, it was staged.

After marrying him for years, Amber White should have known the he hated irresponsible people the most.

Right!

Sean Smith smirked. His eyes sank and a cold hum came out of his mouth.

Amber White quickly corrected her attitude and sat up straight reading the document.

Ten minutes had passed since the appointed time. Sean Smith was getting impatient. He narrowed his eyes and glanced at Zhou Ruo.

"Where is everyone? You can't be making mistake, right, Secretary Zhou?"

She shuddered. She quickly grabbed her phone and said, "Sir, I will make a call and ask about the situation."

Sean Smith didn't speak. Zhou Ruo quickly dialed the partner's phone number.

He glanced at his wristwatch. His eyes were cold.

Without waiting for Zhou Ruo's explanation, he stood up and left.

Amber White stood up, "Sir, the contract is beneficial for the company."

His face didn't change. He sneered, "The partner is nearly 15 minutes late. They don't even make a call. I doubt that they even have the intention to cooperate."

Chapter 239: Drunk

0 4 minutes read

Honestly, even if the partner company couldn't come to sign the contract today, Sean Smith could find another to replace them.

After all, there were a lot of companies who were eager to cooperate with the corporate Smith.

Ritz-Carlton's sofas were curved and connected. Sean Smith insisted on leaving, but Amber White was standing in his way.

"Get out of my way!"

Amber White didn't budge. The next second, her body was spinning.

Sean Smith bent over, picked her up, and threw her on the sofa.

The sofa was a little hard. Her back ached a little.

He loosened his collar and stepped forward. This time, Zhou Ruo came in.

"Sir... Sir, our partner is on their way... there was a small accident on Guangming Road and they were stuck in the traffic..."

Sean Smith didn't stop. Zhou Ruo panicked, "President Smith, they were usually in contact with Brother Xu. They said that they called, but no one answered..."

After Sean Smith stopped, Zhou Ruo breathed a sigh of relief, "Sir, it's my mistake. I should have made it clear with Xu Ge and notified our partner."

"They will arrived soon. They're already in the hotel."

Sean Smith frowned. He said indifferently, "Well, I'll leave the contract to you and Inspector White."

Zhou Ruo didn't say a word. Many people in the company worked overtime for this project. She was afraid that the project might screw up because of her. She looked at Amber White eagerly.

Who knew that Amber White didn't mean to help at all?

"Negotiating contract is not my strongest subject. We should let Lu Yi come."

Her words were like shade to him.

Why did she insist on asking Lu Yi to come? Would they die without him?

"Lu Yi was late this morning. The HR publicly scolded him. I'm afraid he won't be able to come to this negotiation."

"You're different. It is no problem for you to win a contract with a bunch of men."

After that, Sean Smith left.

Zhou Ruo and Amber White was left alone.

“Inspector White, this—”

Amber White waved her hand telling Zhou Ruo to be quiet, “Don’t be pressured. It’s right for Mr. Smith to leave. If we are to cooperate, we cannot lower our attitude.”

Zhou Ruo nodded.

She said what she said, but she wouldn’t put attitude too high either. She was somewhere in the middle, someone who prepared during last minutes.

Ten minutes later, their partner came.

The Ritz-Carlton began to serve the dishes. The partner’s negotiator was a man in his 40’s, with a medium built and a plain face. He occasionally wiped his eyes.

Amber White raised her eyebrows.

She knew this man. He was popular in the business circle as a playboy, a women chaser.

She sighed. Amber White suddenly regretted it. She talked nonsense in the phone this morning.

Otherwise, Sean Smith wouldn’t have given her this task.

“Inspector White, my apologies. We’re late.”

Amber White smiled and greeted, “Hello, President Lin. Sit down, please.”

She pushed and placed the document in President Lin’s desk and said, “This is the contract drafted by Smith Company. Please, take a look. You can point out which of the content you’re not satisfied with.”

“Okay, but Inspector White, do you mind if we eat first? We still have time to talk about the cooperation after the meal.”

“Of course.”

Mr. Lin had been smiling all the time. He tasted a few dishes, grabbed his wine glass, leaned over to Amber White, “Inspector White, thank you for not blaming me for being late. This is a toast for you.”

Amber White hesitated. She held the glass and accepted his toast, “Mr. Lin, I don’t drink well. I hope you can take care of me later.”

Mr. Lin smiled and nodded.

The lighting in the room was dim and the curtain was not opened. The dim light contoured her face just fine. She looked like a stalk of fresh gardenia.

She put the glass aside and tried to talk about the cooperation, but the experienced Mr. Lin shrugged it off easily and changed the topic.

Somehow, it was Amber White who drank more wine.

They were chatting and laughing when suddenly his hand covered her thigh.

The smile on her face stiffened. She tried to move aside. They were sitting so close that it was impossible to avoid touches.

The next second, Mr. Lin pushed the glass in front of Amber White.

She reached out for it and held her head with one hand, "No, I can't drink it. You should keep your promise."

His pervert eyes flickered.

"Very well, Inspector White. Since we've been talking like an old friend, let alone drinking the wine for you, I can promise you anything."

Mr. Lin didn't hesitate. He took the glass and drank it.

Zhou Ruo couldn't help breathing a sigh of relief. Amber White was drunk, but she was not stupid. She could still get away from trouble with ease.

Mr. Lin was casting a greedy eyes on Amber White.

Zhou Ruo was genuinely worried for Amber White. She's afraid people would think of her as cheap or something.

She smiled. Mr. Lin grabbed the bottle and refilled Amber White's glass.

"Inspector White, if I'm allowed to ask, why are you the one who come to the negotiation today?"

"....."

"I do not mean to embarrass you, but if you have enough to eat, let's talk business. If you find the contract is reasonable, you can sign it and leave."

"Inspector White still has work to do in the afternoon. Come, let me toast for you. Wish us a happy cooperation."

When Xu Lin arrived, it was already 12 at noon.

Outside, the sun was scorching. Xu Lin couldn't open his eyes wide.

He sipped his lips and checked the address again and again. After that, he pushed the door and came in.

The lobby boy in the counter on the first floor was playing League of Legends when Xu Lin came in. he was attacking the second tower of the enemy.

He played so seriously that he didn't even look up.

Xu Lin frowned and walked to the counter. He looked at the young boy uncertainly and tried to tell him his intention of coming.

The young man lifted his eyelids, "Paternity test? Is the material ready?"

Xu Lin nodded.

He chewed a gum in his mouth and looked up at Xu Lin up and down, "You don't look like you have a child."

Xu Lin remembered what Sean Smith told him. This matter should be kept secret. He put on a formal smile and said, "You don't look like you can play League of Legends."

Chapter 240: Sean Smith Came to Do Paternity Test

0 5 minutes read

When he heard Xu Lin, he immediately grabbed the documents from the counter. He photographed Xu Lin and said, "Fill in the form, put down the materials, and you can go."

"How long will the results come out?"

Xu Lin asked as he filled in the form.

"You can come and get it after three days."

"Here?"

It was terrific. It took more than ten days to complete a formal paternity test with poor confidentiality. If Sean Smith did the formal one, everyone would know since he was famous.

Here, however, was different. Not only that the location was not easy to find, the confidentiality was also good. The most important of it all were the speed and the high efficiency.

No wonder Sean Smith chose this place.

He quickly filled the form and handed it over.

The two little bags were transparent and the color of the zippers were different. The red one had Cindy White's hair and the blue one had Sean Smith's hair.

Xu Lin handed the materials over and paid the fee as he looked at the boy.

He also played this game. When he came in, he noticed that the boy's offensive was not bad. As long as he kept attacking the enemy, he would win.

When Xu Lin was filling out the form, the boy had already destroyed his enemy's crystal.

Xu Lin placed the bags on the counter and said, "Keep it safe. Don't lose it."

The boy hummed, but he didn't flinch.

Although Xu Lin was not at ease, this place was already checked through and through. This underground institution was the most reliable for paternity test.

Xu Lin came running after leaving his job. After hesitating for a while, he turned around and left.

It was not good for him to stay in a place like this for a long time. After all, he was Sean Smith's secretary. There many all kinds of people here, he might bumped into one recognizing him. It was equivalent to screwing up this matter.

The boy casted the mouse aside and grabbed Xu Lin's hand after skimming through the form.

He slipped his hand to his pocket and took a phone out. He turned it on and dialed a number.

The call was quickly connected. He was calling a woman.

The boy's lazy eyes turned sharp.

"Qiao Sen, what is it?" said a soft voice from the other end of the phone.

"Sean Smith ask someone to come here to do a paternity test." Qiao Sen said quickly.

"Did Sean Smith come along?" asked the woman.

"No."

"It was his secretary, yeah, I think it was him. Sean Smith attended a banquet a few days ago. He was with him."

"I'm sure that it is Sean Smith who does the paternity test."

"Because the materials for the DNA test are black hair. The secretary's hair just now was kind of blonde!"

"I knew it! I have long known that this matter cannot be hidden any longer!"

"....."

Silence.

Ritz-Carlton.

Zhou Ruo found that Mr. Lin was still controll ing the situation in the room. So, she went out to the restroom.

After Zhou Re, the nuisance, left, Mr. Lin smirked and leaned closer to Amber White.

"Inspector White, Mr. Smith should have been here just now, right?"

Amber White smiled, so did Mr. Lin, "When I arrived just now, I saw Mr. Smith."

"There was a beautiful woman with him."

"They were going to the third floor."

Amber White's face didn't change. She looked around and said casually, "Mr. Lin, some people do look similar. You were probably looking at the wrong person."

Me. Lin laughed as he patted Amber White's shoulder.

“Maybe. I haven’t seen him in a long time. I was probably looking at the wrong person, just like you said.”

“That person we saw before entering the room, the noisy one... who is she?”

“Sir, it’s Tang Tian!” his secretary replied.

“Inspector White, you should be familiar with her. You said it yourself that your relationship was like sisters during Luoshen Bay’s opening ceremony.”

“Mr. Lin, I think you saw it wrong. Do you think a brother-in-law and a half-sister-in-law will come here to book a room?”

Amber White’s face stiffened. However, she was lucky that Mr. Lin and others were busy talking about Tang Tian and no one paid attention to her face.

After all, at this very moment, she couldn’t smile at all.

Too many things happened these days. She almost forgot that Tang Tian was still carrying a trump card in her belly.

She pursed her lips.

Recently, the marketing department didn’t mention her anymore. However, she heard a few rumors that Sean Smith kicked her out.

She believed it.

What a fool.

It was probably not true that he kicked her out, but was it true that he ask her to keep the baby?

“Inspector White, did Miss Tang really save you?”

“Mr. Smith and Miss Tang’s relationship, is it as good as you said the other day?”

As soon as Mr. Lin leaned in, Amber White grabbed her wine glass and tried to change the topic, “Mr. Lin, we’ve talked enough. I propose you a toast. Can you start looking at the document now?”

She didn’t know if it was the wine that made her emotional.

The uncomfortable feeling of injustice filled her heart.

She was Mrs. Smith by law, but Sean Smith wouldn’t think of her as so. He even let her come and accompany his business partner an alcohol.

Oh, one more thing.

There was Cindy White and Sean Smith had been very vocal about her. However, when Tang Tian child was born...

No, she dared not think about it. She didn’t know how to explain to Cindy White.

Amber White was getting more and more uneasy. She sipped her wine. She could taste the bitterness in her mouth as the tip of her nose was sour.

It had been eleven years. If she said that this one was a heartbreak, she's be lying.

However, there were some things in her distant memory that still hurt once they were recalled.

When Zhou Ruo came out of the restroom, she noticed Mr. Lin was carrying out Amber White who was drunk.

Her body was covered in cold sweat.

She was still fine when she left. Why did she suddenly get drunk?

"Mr. Lin! Mr. Lin, Inspector White is drunk. Give her to me. I will take her back to the company."

Mr. Lin was not willing.

He stretched out his hand and shrugged Zhou Ruo's hands off Amber White, "Get out of my way! Don't you see that Inspector White is in my arms and refuses to go?"

"We haven't even talked about work! Let's change venue and talk about the contract. Let's talk carefully!"

"Stop being a nuisance! If I declare that this contract cannot be discussed, can you afford the risk?!"
