

Mr Smith 471

Chapter 471: I Just Told Him the Truth

0 4 minutes read

Lin Man seemed to have heard the funniest joke in the world. She suddenly laughed, pointing to Lin Ye and asking, "Don't be ridiculous!"

"You know the entanglement between me, Amber and Sean. Why did you verify the authenticity of that photo for Sean?"

"Why did you tell him that was a real photo? Even if Sean is cross with the Lin family, it's your fault!"

Lin Ye frowned.

It was the first time he had seen such an unreasonable person like Lin Man.

"Lin Man, I just told him the truth."

"Sean doesn't like you. Even if you are with him for eighty years, he won't fall in love with you!"

"That's bullshit!" Lin Man yelled hysterically, "If Sean doesn't like me, why didn't he fall in love with Amber in the past three years?"

"For me, he almost got Amber killed in the Smiths' mansion."

Lin Man smiled, "Did Sean transfer his anger on Amber after I left? I guess you know this better than me!"

"Sean loves me. He could even die for me! He ignores me now, just because I almost got Cindy killed. He is just angry with me. Wait and see. Sean will marry me!!"

Lin Man finished speaking and went out with her purse.

When passing by Lin Ye, she was grabbed by him in the arm.

With dark pupils, she looked at Lin Ye coldly. Lin Ye frowned deeply, "Where are you going?"

"Los Angeles! Sean can't do without me. He personally booked me a flight. He wants me to stay by his side!"

Lin Man pulled open Lin Ye's fingers, one by one. The corners of her mouth were curved indifferently, and she said in a low voice, "Lin Ye, Amber forced me to stay abroad for three years. I hate Los Angeles. I hate everything abroad. That's why I slammed the lamp."

"Sean is already angry with me. If I don't go, who will quench his anger for me? You?"

Lin Man was wearing a nude pink dress. The cold wind picked up the hem of her dress, making her look extremely tempting.

Lin Ye couldn't be sure whether what she said was true or false. He squinted at Lin Man. Lin Man was not in the mood to keep arguing with him. She said impatiently, "Get out of my way, otherwise, don't blame me for being rude!"

After leaving the Lins' house, Lin Man stopped a taxi and went to the airport.

In the taxi, she called Mrs. Smith.

Mrs. Smith answered the phone and asked in an unkind tone, "What's the matter?"

Mrs. Smith didn't like Amber, but she disliked Lin Man even more.

If it weren't for her, Amber wouldn't refuse to donate bone marrow to Sean!

If it wasn't for she could be used to anger Amber, Mrs. Smith wouldn't bother to answer her call.

"I just talked to Sean on the phone, and I'm going to Los Angeles to surprise him."

"Sean told me that he doesn't agree with Los Angeles. When he got there, his broken ribs almost got stuck in his chest cavity. I'm worried."

"Can you ask Sean which hospital he is in?"

Mrs. Smith panicked when she heard this.

His broken ribs almost pierced into his chest cavity? It sounded very serious.

He would die!

"What? I'll call Sean right now, and I'll go with you."

Lin Man said with ease, "Oh, don't worry. Sean is okay."

"He will worry about you if you go there. I'll be fine by myself."

"I'll take care of him, then both of us can be relieved." Lin Man said, as if she was a little embarrassed, "But you know, he will definitely stop me if I tell him I'm going to LA to see him."

"I want to give him a surprise."

"Okay, okay, I will find out the hospital where Sean is in."

Mrs. Smith hung up and called Gu Jinyan directly.

Gu Jinyan was in a meeting at the company. Seeing it was Mrs. Smith's call, he made a gesture to suspend the meeting, and then walked out of the meeting room to answer the call.

"Jinyan, I'm Sean's mother."

"Oh, what's the matter?"

Gu Jinyan and Sean were good friends for many years. Gu Jinyan knew Mrs. Smith well. Although she was not a very nice person, she wouldn't usually ask for favors.

"Jinyan, I want to know how Sean is doing abroad."

"I heard that Sean's ribs haven't recovered and he almost had a more dangerous accident. Do you know which hospital he is staying in? I'm worried and want to have someone to see him."

Gu Jinyan frowned, "Mrs. Smith, that's not a secret, isn't it? Why don't you ask Sean directly?"

Mrs. Smith paused. Gu Jinyan smiled with dots of light in his peachblossom-shaped eyes.

"You know Sean. He seldom stays in hospital obediently. Who knows if he is still in hospital? How about this? After I finish the meeting, I will call Xu Lin and ask about Sean's whereabouts for you."

Mrs. Smith could tell the rejection in Gu Jinyan's words.

The smile on her face became a bit stiff, "Well, forget it. I'll call Sean myself. Sorry for interrupting your meeting. Goodbye!"

"Goodbye."

After hanging up the phone, Gu Jinyan walked back into the conference room.

After Mrs. Smith hung up the phone, her face darkened.

She called Xu Lin immediately.

Gu Jinyan didn't tell her about Sean's condition. She was worried that Sean was in danger.

Mrs. Smith was anxious. As soon as Xu Lin answered the phone, she bombarded him with a lot of questions.

"Xu Lin, tell me honestly, did something happen to Sean?"

Xu Lin was confused, "Mr. Smith? His condition has stabilized, and his wound is recovering. Nothing happened to him..."

"Really?"

"Which hospital is Sean staying in? What's his ward number? One of my friends will visit him in the evening."

Chapter 472: Who Is Going to See Him? Lin Man?

0 4 minutes read

Xu Lin didn't doubt it and said with a smile, "Madam, you have friends in Los Angeles?"

"Don't tell Sean about our conversation, otherwise, you know what would happen to you, humph!"

With that, Mrs. Smith directly hung up.

If her son knew Lin Man was going to see him, he would stop Lin Man!

After all, he loved Lin Man for more than ten years. He would have a heartache if he saw Lin Man got tired because of him.

Mrs. Smith hung up the phone and sent a message to Lin Man. She was in a good mood and turned around humming a small tune. Then she saw Tomas coming down from the second floor.

Her expression changed.

The divorce between Sean and Amber had become a thorn stuck in Mrs. Smith's heart. Seeing Tomas, it would hurt. They had been ignoring each other. Therefore, Mrs. Smith didn't know that Sean was in Los Angeles for Amber not for treatment.

When she was about to pass by Tomas, Tomas stopped her, "Wait!"

Mrs. Smith trembled and stopped. She turned her head, looked at Tomas, and asked with a cold face, "What's wrong?"

"Who were you talking to on the phone? I heard you call Xu Lin. Los Angeles..." Tomas suddenly raised his eyes, fixedly looking at Mrs. Smith, and asked in a low voice, "You're going to find Sean?"

"What does it have to do with you? You don't care about your son. I don't want to talk to you!"

With that, Mrs. Smith was about to go upstairs. Tomas reached out and grabbed her, squinting at her, "Aren't you afraid of heights? How will you go to Los Angeles to see your son?"

"Or, it's not you who are going to see him?"

"Who is it? Lin Man?"

Mrs. Smith shook off Tomas's hand, gritted her teeth and said, "Let go of me! It hurts!"

"Answer me!"

"Yes!" Tomas's voice was high, and Mrs. Smith's voice was even higher, "Lin Man is going to Los Angeles to take care of my son! My son is God's favored one. Even if Amber left him, there are other women who are eager to marry him!"

"After Sean recover, I will hold a wedding for him and Lin Man. It would be bigger and more splendid than the one he had with Amber!"

Tomas raised his hand angrily as if trying to hit Mrs. Smith.

Mrs. Smith flinched in fear, "What...what are you doing?"

Tomas was really angry, "Do you really want to get Sean killed, huh?!"

What did he mean?

If Tomas hadn't stopped Amber from signing the agreement she prepared...

"You're the one who is trying to get Sean killed. I heard that Amber left Tong City by helicopter. You secretly sent her away. In the future, she won't even know it if my son is dead!"

"What's wrong with you! Aru, do you know that Sean is in Los Angeles for Amber!"

"Cindy is Sean's daughter. Amber is softhearted. Sean could get her back sooner or later, but you sent Lin Man there. She will mess it up."

Mrs. Smith's expression changed, "Sean said Cindy is not..."

Tomas's face turned livid with anger, "Cindy takes after Sean. Isn't it enough to prove that she is Sean's daughter? If she is not, would I allow Amber to marry Sean three years ago?"

“What!”

“I told you repeatedly that Cindy is your granddaughter, but you only believed Sean. He was confused by Lin Man, and you were always confused!”

Mrs. Smith’s face turned blue and white in shock in the roar of Tomas.

“Being a mother-in-law, you didn’t try to love Amber but found fault and treated her harshly. You even joined hands with outsiders to set Sean against her! The most ridiculous thing is, after all this, you still expect Amber to willingly save your son!”

Mrs. Smith’s heartbeat raced. She seemed to sober up a little and asked in a panic, “But I, have already told Lin Man Sean’s address. I...”

“Why didn’t you tell me that earlier?” Mrs. Smith’s expression changed, “If you had told me...”

Amber got pregnant before marrying Sean and asserted that her child was Sean’s. Who would trust her and like her?

Anyway, she wouldn’t!

But if she had to choose between Lin Man and Amber, she would definitely choose Amber.

Because Amber could save Sean!

But Lin Man, what else could she do except sowing discord between Sean and Amber?

“What should I do?”

“Call her and get her back!”

Tomas said decisively. Mrs. Smith didn’t believe Cindy was her granddaughter. After all, Tomas still wanted Amber to be their daughter-in-law. Who knew if he lied or not?

But after Amber and Cindy returned, she could take them to have a paternity test!

The most important thing was that Sean could be saved after he made up with Amber.

Her other three sons had died of blood cancer. Even if Sean had no signs of getting blood cancer, she was still scared!

Johnson couldn’t find a suitable bone marrow match, but Sean had found his.

As long as Sean could survive, she could even give the Smith Group to Amber, let alone Mrs. Smith’s position.

“Okay, okay”

Mrs. Smith nodded repeatedly and hurriedly called Lin Man.

Then a mechanical female voice rang on the phone, “Sorry, the subscriber you dialed is power off...”

...

Not long after Marcus arrived in Los Angeles, he received a call from Sherman. Sherman said that as long as Marcus was willing to take over the company in the future, he would agree with whatever Amber wanted to do to the company.

Amber laid off more than half of the people in the company, including Marcus's uncle and cousin.

Then they had to recruit new employees.

After Amber logged on to WeChat, she got in touch with Lu Yi and knew that he had resigned from the Smith Group.

Amber rarely brought her personal feelings into her work. Lu Yi was very capable at work. She told him if he was willing to work in the White Group, she would be very grateful.

Lu Yi directly agreed. Not long after, he got off the plane.

Chapter 473: Mom, Where Have You Been

0 4 minutes read

Marcus picked him up at the airport.

That night, Amber, Fu He, Marcus and Lu Yi dined out.

In the most famous western restaurant in Los Angeles, Amber was in a long pink chiffon dress. It had been a very long time since Lu Yi saw her. She was rarely dressed up like this. Lu Yi found her amazing.

After they were seated, Marcus said jokingly, "I poached two directors of the Smith Group. I guess Sean will hate me."

Amber's expression remained unchanged, and she whispered, "Sean is not that narrow-minded, but his subordinates might be. If the Smith Group depresses the White Group on purpose, we will not be scared. We will slowly develop our subsidiary company in Los Angeles and find an opportunity to move the company's main part over."

Lu Yi nodded.

In fact, Marcus was not afraid of Sean's revenge. Lu Yi was Sean's cousin. If Sean really tried to get back at him, someone would naturally intercede at that time.

Amber smiled, and whispered to Lu Yi, "The White Group has different operating models and is engaged in different businesses. I guess you have to fit yourself into the new environment."

"Think of it as a breakthrough in self-realization."

Lu Yi smiled indifferently, "I'm already very grateful that you two are willing to work with me."

After dinner, Amber drove Lu Yi to the hotel, "You can get over your jet lag and find a house in the next two days. Then you'll see me at the company the day after tomorrow, okay?"

"No problem. Be safe on the way back."

Amber nodded.

When she got home, it was late, but Cindy was still up.

When she stood at the door changing her shoes, she saw Marcus talking to Cindy. He was probably trying to get Cindy to bed.

Cindy insisted on waiting for her.

Amber walked to Cindy's side, and picked her up. Cindy's leg almost recovered. She could already walk but could not exercise strenuously.

Cindy curled up in Amber's arms and asked her, "Mom, where have you been?"

"I went to pick up Lu Yi. He will work with me in Los Angeles. Are you happy for that?"

Cindy's eyes changed. Amber didn't notice that. Cindy curled her lip and said softly, "Mom, does uncle Lu want to pursue you?"

Amber froze. She didn't expect that Cindy would ask this.

She was only three years old. Why would she care about that?

Amber looked back at Marcus subconsciously. Marcus was eating an apple. When he raised his head and met Amber's eyes, he said in an aggrieved tone, "No...no, sister, I didn't teach her that!"

"Who else will it be? Would it be Mr. Fu?"

Marcus chuckled and begged for mercy, "I saw Lu Yi's tender eyes when he looked at you. His conditions are not bad! Although he is not as rich as Sean, there is no vicious woman like Lin Man around him, right?"

"Sister, why don't you think about being with him? He is here for you."

Amber frowned and glared at Marcus "What nonsense, stop talking about that in front of my daughter!"

Marcus scratched his head.

"Fine, fine, since you are back, I will go back to my room, good night."

Amber had a headache.

Amber took Cindy back to the room. Cindy obediently slept in the bed and asked her, "Mom, do you really want Uncle Lu to be my stepdad?"

Stepdad?

Amber was shocked.

The little girl actually knew this word!

"Don't think so much. He won't be your stepdad."

Lu Yi was Sean's cousin. If she married Lu Yi, Mrs. Smith might think that she was going to take possession of the Smith Group with Lu Yi.

Amber did not intend to get involved with the Smith family again.

“Mom, don’t you like Uncle Lu?”

Amber looked at her daughter. She stared at her with big eyes, as if waiting for her answer.

Cindy inherited the good features of Sean and Amber.

She had Sean’s deep and dark eyes and Amber’s red lips. Amber would answer whatever she asked.

But this one...

Amber didn’t know how to answer.

Did she like Lu Yi?

In the past eleven years, the only man she loved was Sean. She never had a crush on Lu Yi.

But if it weren’t for Lu Yi, she would have died in the bedroom of the Smiths’ mansion three years ago.

Lu Yi saved her in the landslide and fire...

She owed him too much.

Telling Cindy directly that she didn’t like him would make her sound ungrateful.

Amber sighed and asked in a low voice, “Do you like Uncle Lu?”

After hesitating, she nodded, “Uncle Lu is nice. He will take me to the hospital when I’m sick. I like him.”

“Yes, I also like him.”

Cindy paused, then asked, “Mom, do you still like Dad?”

“Still?”

Cindy nodded, “Mom, you said two people who liked each other could get married. Didn’t you marry dad because you liked him?”

Yes!

But love was illusory and couldn’t be grasped at all.

Eleven years ago, Sean said that he liked her, but he forgot what he said quickly!

“I and dad stopped liking each other a long time ago, and if it weren’t for you, we probably would have divorced long ago.”

Cindy paused and kept silent.

Amber knew that her words might have hurt her daughter’s fragile heart, but she didn’t want to hear Cindy ask Sean again when he would marry her.

It was so embarrassing!

It was like telling Sean she couldn’t live without him.

She brought up the divorce. If Cindy asked that again, Sean might think she was shameless.

Since it was impossible for them to remarry, she should stop Cindy from mentioning it.

“Cindy, look. Although he is your father, you can’t interfere in his private affairs.”

“I told you before we came here that your father is going to marry Lin Man, so you can’t ask him if he can be with me, if he can take you home, or ask him not to marry Lin Man.”

Chapter 474: Mom, I’m Going to the Toilet

0 4 minutes read

“If you do, it would be impolite. He should make his own choices. Sometimes, even if you want to stop it, you can’t.”

Even if she had tried her best, she only kept Lin Man away from Sean for three years.

Cindy didn’t want to answer.

She did not dare to tell Amber that Sean had promised her not to marry Lin Man.

She had a hunch that Amber would be angry if she told her.

She nodded earnestly, then jumped out of the bed, holding Amber’s phone, and walking towards the bathroom.

“Mom, I’m going to the toilet.”

Amber frowned, “Cindy, you can’t make video calls with boys when you are in the toilet.”

“I know.”

Cindy responded and closed the bathroom door.

When Cindy called, Lin Man had been in Sean’s ward for several hours.

Xu Lin helped Sean to the toilet. When his phone rang, Lin Man was the only one around.

Lin Man lowered her head and saw it was Cindy’s video call.

Lin Man didn’t have Amber’s WeChat, but she knew this was Amber, because its profile picture was Cindy’s photo.

Her pupils contracted.

She knew Sean was in Los Angeles for Amber not for treatment. He had found Amber!

And Amber took the initiative to call him!

Sean had recalled their past? Were they reconciled?

Lin Man clicked on the ‘Yes’ button with trembling fingers. Cindy’s smiling face popped up on the screen, soft and fleshy, looking very cute.

Cindy’s expression changed suddenly as soon as she saw Lin Man.

The smile on Lin Man's cheeks was a bit vicious, "Oh, it's you. Cindy!"

"Are you looking for your dad?"

Cindy's pupils contracted. Cindy was intensely afraid of Lin Man after she had the car accident in the vacation manor.

Hearing Lin Man's question, she pressed the corner of her mouth and nodded, "Aunt Lin, has my dad returned to Tong City?"

"No, I'm here to take your dad back."

The look in Lin Man's eyes was a bit arrogant, "Oh, do you know your dad is going to get married to me? I want you to attend our wedding and be the flower girl."

Cindy's anger overwhelmed her fear, "You are lying. Dad has promised me that he won't marry you. You vicious old witch!"

"My dad only likes my mom!"

She was so excited that she had tears in her eyes as she opened her mouth.

Lin Man gave a disdainful sneer. She leaned close to the screen and whispered, "Your dad lied to you to make you happy. If you don't believe me, ask your mother. If it weren't for her, your dad would have married me three years ago."

"Oh, by the way, I've already had a baby in my belly. In a few months, I will give you a younger brother! It's good news, isn't it?"

Cindy's mouth was wide open.

The corners of her lips trembled, "No, no, you are lying..."

"I'm not. Your father hates girls most. That's why he never went to see you after your mom married him."

"Your mom was unlucky, so she gave birth to a daughter. You are not even qualified to inherit the property of the Smith family. You didn't see your parents talking about their divorce, did you? Your mom almost bawled her eyes out!"

Cindy burst into tears.

Mom said that dad didn't come back home because he needed to earn money to buy her toys and small dresses. Lin Man was a liar!

"Cindy, listen, don't call Sean anymore. If I know you call him again, I will throw you into the sea and feed you to sharks!"

"Little idiot, your dad is mine now, and he will only love me and my child in the future. If you really want a dad, tell your mother to marry herself off quickly!"

Lin Man spit out these words through the slits between her teeth. Cindy bawled louder.

Before Cindy could refute, Lin Man hung up.

Cindy wanted to call again and ask Sean if Lin Man was telling the truth or not!

But she was afraid of sharks. Her tears ran down ceaselessly. She sat on the closetool, crying sadly.

Sean didn't know anything about this. When he came out of the bathroom, Lin Man had deleted the video call records on his phone.

But Lin Man couldn't put his phone back in time. Seeing her holding his mobile phone, Sean frowned and whispered, "Lin Man, what are you doing with my phone?"

Lin Man was calm. She didn't quibble, and said, "I'm going to be your wife soon, so I'm checking your phone to see if you are involved with other women."

Sean's expression changed.

"Lin Man, I won't marry you."

The smile on Lin Man's face disappeared completely.

She looked at Sean and said in a calm tone, "What do you mean? You think the whole world is yours? When you wanted to marry me, you asked your mother to hold a press conference to announce it. When you didn't, you just pushed me away?"

"I was with you for eight years. Is your heart made of stone?"

Sean lowered his eyes slightly, and asked in a low voice, "Lin Man, you said you didn't want to disturb my peaceful life, didn't you?"

"So you were just lying? But I and Amber took your words seriously."

"Yes!" Lin Man smiled, "I was anxious to see you get divorced. If it weren't for Amber, our child might be about Cindy's age!"

Sean kept silent for a moment and continued, "The news of our engagement is already known to everyone. If you break off our engagement, how can I stay in Tong City in the future? Three years ago, Amber took you away from me and you broke off your engagement with me. I am already a huge laughing stock in Tong City!"

"You and Amber ruined my life, ruined my reputation!"

Lin Man said, sitting on the chair in front of the bed and suddenly cried.

During the days with Lin Man, Sean always felt that she was very gentle, but the bad things she did gradually formed a rough outline in front of him. At this time, she didn't even bother to hide her true face.

Sean liked Lin Man's gentleness the most. When she was hesitant to make a choice, Sean would be fascinated just by looking at her.

Chapter 475: Felt Her Was Familiar as Well as Unfamiliar

0 5 minutes read

-

But at the moment, he felt her was familiar as well as unfamiliar.

Because the person he loved should be her but she was not such a person in his impression.

Only then did Sean realize that the gentle, bright and kind Lin Man was just what she wanted him to see!

“Lin Man!”

“Sean, you don’t love me anymore, do you? Did you fall in love with Amber?”

Sean froze.

He fixedly looked at Lin Man. She pressed her lips and smiled bleakly. Her heart seemed to be twisted by a knife. Fine and dense pain seeped out, and her face was covered with sorrow.

“You said you only liked me. You said you wanted to marry me, didn’t you? Sean, you...”

“I want Cindy!” Sean interrupted Lin Man. He looked as handsome as ever, but the words he said were cold, “Lin Man, you hurt Cindy. She told me it was you who took her out.”

“We were together for eight years, and I have always trusted you. But you failed me.”

Sean looked alienated, “I wouldn’t marry a woman who would abuse my daughter.”

Kindness was Lin Man’s disguise. Since she hurt Cindy before they married, she would use whatever means to abuse Cindy after they got married.

“No! You are making an excuse!” Lin Man was a little agitated, and subconsciously rushed in Sean’s direction. Xu Lin quickly appeared before Sean.

“Miss Lin, Mr. Smith’s ribs are broken. Please don’t rush over, otherwise, you might hurt Mr. Smith.”

Lin Man suddenly cried, “Sean, you...”

“I really like Amber, but Lin Man, you said something wrong. I didn’t fall in love with her.”

Lin Man suddenly raised her head and looked at Sean. He was standing under the light which was so pale that Lin Man could not see his expression.

“Maybe the one I should love from the beginning was her. What do you say?”

Hearing this sentence, Lin Man suddenly broke into a cold sweat.

Fifteen minutes later.

At the entrance of the hospital, Lin Man was in the dry and hot wind. Her heart seemed to be filled with cold water, and she was sweating more and more.

“Miss Lin, I’ve booked the ticket for you. Mr. Smith asked me to take you to the airport. Shall we go now?”

Lin Man raised her eyes and smiled suddenly, "Xu Lin, stop lying. It's so late. There are no air tickets back to Tong City."

"Even if you are in a hurry to send me away, you can't ask me to stay in the waiting room for the night, right?"

"Besides, I was abroad for three years and I have friends in Los Angeles. Sean doesn't like me, but it doesn't mean I'm unwelcome to everyone! I can visit my relatives and friends here, can't I?"

"Don't worry, I won't bother Sean again, but when I return to Tong City is my business. Tell him to stay out of my business!"

Xu Lin smiled and spoke slightly sarcastically, "Miss Lin, it's not a good thing to be friends with you."

"Who knows if you would get them killed in the next moment."

Lin Man's expression changed drastically. Xu Lin's words were nothing but a satire. Before Amber went abroad, Lin Man said she liked Cindy, but not long after, Cindy had a car accident!

The bottom of her eyes was colored by the night with ruthlessness. It seemed that Sean's lackey liked Amber that bitch!

Lin Man glared viciously at Xu Lin and walked quickly down the stairs, stopped a taxi casually, and left the hospital.

In the car, she called Lu Yi.

Lu Yi was sleeping off his jet lag. He didn't have Lin Man's phone number, so he answered it.

"You should know Amber's address."

Lu Yi knew Lin Man's voice, "Miss Lin, are you telling a joke? Amber has resigned..."

"Cut the crap. Lu Yi, when I got off the plane, I saw you! You are not going to tell me you are here for Sean, are you? You are here for Amber that bitch!"

Lu Yi did not answer. Lin Man sneered and continued, "I'm going to see Amber and prevent her from being with Sean. You like her, don't you? Are you going to refuse something that will do you good?"

...

After Lin Man left, Sean couldn't sleep. He glanced at the time and called Amber.

Amber was still up. Seeing it was Sean, she paused and handed the phone to Cindy.

"Your dad."

Cindy closed her eyes and tilted her head, as if she didn't hear anything. She curled in the quilt silently. Amber paused.

Obviously, Cindy didn't want to answer the phone.

Amber licked her lip and answered it herself.

“Mr. Smith.”

Hearing Amber’s voice, Sean was a little surprised. She didn’t wait to see him, and she never answered his call.

Sean mocked, “Tsk, is the sun coming out from the west? You’re answering my call?”

Amber asked in a low voice, “What’s the matter?”

“I can’t call to bond with you?”

Sean’s words were ambiguous. Amber’s heartbeat raced but she thought that she might be thinking too much. She pressed the corner of her lips and said in a low voice, “Mr. Smith, it’s not nice to call for bonding in such a late hour, isn’t it? Cindy is still up, but it’s impossible for her to answer your calls at this hour every day.”

Sean paused, “Since Cindy is not asleep, why is it you who are talking on the phone?”

“Are you so anxious to talk to me that you are not willing to put Cindy on phone?”

Sean was a little proud.

Amber took the initiative to answer his phone. Did it mean that she was willing to make up with him?

Was she willing to return to Tong City with him?

Amber was always judicious and knew how to weigh the pros and cons. Marrying him was the best choice!

“Mr. Smith, you are overthinking. I don’t put Cindy on the phone because she doesn’t want to answer your call!”

Sean was shocked.

Cindy was not willing to answer his call?

That was bullshit!

When he was about to ask. The busy tone came out of the phone. Amber hung up again.

Sean froze for a moment and wanted to call again, but...

Amber must have had a reason for not letting Cindy talk to him.

He thought carefully. If Cindy didn’t want to answer his call, Amber would just hang up. Why did she answer it by herself?

Did she want to make up with him?

The smile on Sean’s cheeks was slightly gentle.

After he was in a daze for a while, the phone in the palm of his hand suddenly buzzed. He lowered his head. It was a WeChat message.

Chapter 476: He Saw Her

0 4 minutes read

-

It was a message from Amber.

The corners of Sean's mouth were curved.

Amber was arrogant and wouldn't talk to him after hanging on him. It was probably Cindy.

He knew his good daughter would not refuse to talk to him.

Amber lied to him on the phone.

Sean wanted to laugh. If there was no Lin Man, Amber would probably not choose to divorce him.

The faint smile in his eyes dispersed, and he clicked on the dialog box.

It was a video.

Sean saw Amber's face.

The video cover was her.

His heartbeat raced.

He chased Amber to Los Angeles and met her once. She avoided him, which displeased him a little.

He lowered his head and clicked on the video.

Amber was in the bedroom.

She only turned on the wall lamp, and the room was dim. Cindy was sitting on the bed with her fingers tightly clutching her clothes. Her eyes were red and she looked very aggrieved.

She had cried.

Because Amber didn't let her answer his call?

"Why didn't you answer your dad's call?"

"Why were you crying?"

Amber's voice rang. Cindy looked at the screen with an angry look, "I hate him. I won't answer his call!"

"I won't answer his calls anymore. I want Uncle Shi to be my dad..."

The video ended abruptly.

Sean's heart was blocked.

She wanted Shi Muzhou to be her father?

This video was sent to him directly.

Did Amber want to marry Shi Muzhou?

Sean breathed heavily. His expression changed and he was about to call Amber.

Touching the screen, Sean paused.

In the afternoon, Cindy surreptitiously called him.

She told him Lu Yi would come to LA and asked him if Lu Yi was here to pursue Amber and be her father.

They agreed that after Amber and Lu Yi finished their meeting, Cindy would call him to “report what happened”!

But Cindy didn’t call, and even refused to answer his call.

Sean made a worst-case scenario. If Lu Yi and Fu He were staying at Amber’s house, Amber would fall in love with either of them, not Shi Muzhou. Why did Cindy want Shi Muzhou to be her stepfather?

Sean suddenly remembered that when he came out of the bathroom, he saw Lin Man holding his phone.

At that time, Amber and Lu Yi probably had said goodbye. Cindy might call him.

“Xu Lin!”

Sean roared angrily. Xu Lin outside the ward was shocked and hurriedly pushed the door in, “Mr... Mr. Smith, what’s wrong?”

“Lin Man tampered with my phone!”

He didn’t know what she said to Cindy which made Cindy’s attitude change so fast!

Xu Lin was stunned and was about to talk. Sean’s eyes fell on him, gloomy and angry, “I need to know what Lin Man said to Cindy.”

Xu Lin broke out in a cold sweat, “Mr. Smith, are you kidding? How am I supposed to find out what Lin Man said?”

Sean’s face instantly darkened, and he said in a sullen tone, “Then what can you do for me? Are you just a good-for-nothing?”

Xu Lin was helpless. His specialty was not in finding out other people’s privacy.

“Mr. Smith...”

Sean lay on the hospital bed and said, “Either you find out what she said, or let me ask Cindy what happened!”

It dawned on Xu Lin suddenly.

Sean wanted to see Cindy...

“Mr. Smith, your ribs... you can’t leave the hospital...”

Xu Lin looked at Sean with a worried look.

If Sean listened to Xu Lin, the chairman of the Smith Group wouldn’t be him at all. Seeing Xu Lin stand in situ motionlessly, Sean got up by himself.

“Mr. Smith, Mr. Smith, Mr. Smith!”

Xu Lin pressed Sean down and smiled apologetically, “Mr. Smith, you will disturb Director White and Cindy if you go to them at this time. How about tomorrow morning? I will take you to them after breakfast tomorrow morning.”

“You go to bed now, OK?”

Sean’s face was clouded.

He couldn’t sleep at all before he found out what Lin Man said to Cindy.

Last time, Lin Man threatened Cindy. When she heard that he was going to marry Lin Man, she couldn’t stop crying.

This time, she even wanted others to be her father. Lin Man probably threatened her again!

Sean stretched out and pushed Xu Lin away with a cold face.

Xu Lin froze.

It seemed that Sean was really angry.

The expression on Xu Lin’s face became serious, “Mr. Smith, Cindy is now angry with you. Even if you go to her, she probably won’t forgive you. On the contrary, you might make her even angrier. Why don’t you go to her tomorrow? Children’s anger comes quickly and goes quickly. Maybe she will be less angry tomorrow.”

Sean, who was getting out of bed, paused.

Xu Lin had a five-year-old niece. He knew children better than Sean.

Seeing Sean’s hesitant look, Xu Lin helped him lie back to the bed, and said to him, “Mr. Smith, I’m going to find a famous breakfast shop, and I will call you in advance tomorrow morning.”

“By then, we can pack a breakfast for Cindy.”

Sean closed his eyes and did not refuse.

...

Los Angeles, Wonderful Manor.

After talking to Sean on the phone, Amber didn’t go to bed right away. She had been recruiting new employees in the personnel department these days.

Many documents needed to be handled by her personally, because Marcus was actually a work idiot. Many work stuff was new to him.

Although he studied abroad, the university he went to was actually a famous bogus college.

But Marcus grasped American English.

That was the only thing he learned abroad.

It was a little late. Marcus came to urge Amber to rest. Not long after, Selena came up and whispered, "Madam, there is a lady wishing to see you."

Amber raised her eyebrow.

Who would come to her at this late hour?

"Did she say who she is?"

"No." Selena continued, "But she said she was your friend."

Amber nodded, gathered the documents up, and then went downstairs.

Lin Man sat on the sofa. Selena had made a cup of flower tea for her.

Chapter 477: Amber, I Haven't Seen You in a While

0 4 minutes read

-

Hearing the footsteps, Lin Man turned around. Amber was in a black nightdress trimmed with golden embroidered lace. She was thin but her figure was curvaceous.

Lin Man smiled.

"Amber, I haven't seen you in a while."

Amber lowered her eyes and didn't go any further. Her eyes were cold.

After being in the business world for many years, Amber acquired an imposing aura.

Lin Man was bluffed and said with a smile, "Amber, are you angry?"

"Lin Man, no one wants you to be here!"

Selena only knew some simple Chinese. She paused when she heard this.

Amber went downstairs, walked to Lin Man, and whispered, "Lin Man, you chased me abroad. Don't you think you are degrading yourself?"

"Amber, eleven years ago, we were best friends. I'm here to give you a wedding invitation of me and Sean." Lin Man's expression remained unchanged. She took out a big invitation card from her handbag, "Amber, I don't have many friends. I think the only person who is right for my bridesmaid is you!"

"Amber, you and Sean have just divorced. I know I shouldn't ask you to be my bridesmaid, but you should understand me. I'm not here to show off. I just want to get your blessing."

Amber's breath paused.

She didn't love Sean anymore, but she hated Lin Man!

She didn't want Lin Man and Sean to be together at all, not because she was jealous but she didn't want to see Lin Man's proud face.

Amber took it.

She opened the invitation card and took a look. The corner of her mouth was curved.

Amber recognized Sean's handwriting.

His handwriting was vigorous, calm and decisive.

It was printed on it.

Amber suddenly laughed, "Lin Man, isn't this Sean's signature when signing the Luoshenwan contract? Why didn't you tell him to sign his name in person when you printed the invitations?"

"Don't you think it's embarrassing?"

Lin Man's expression changed slightly.

Sean didn't want to marry her at all. How could he sign on the invitations? Besides, the things related to the wedding were arranged by Mrs. Smith. Lin Man didn't even have a hand in them.

Lin Man ran her hand through her hair naturally, and whispered, "Amber, the invitations were printed by Mrs. Smith, but Sean was aware of it."

"She chose the guests, the venue and the wedding planner!" Lin Man said, "She wanted to give me and Sean a grand wedding. Oh, by the way, she didn't do these things when you married Sean, did she..."

She covered her mouth, "Amber, I'm so sorry I brought it up! I remember Sean was absent from your wedding in order to find me."

This matter had always been a thorn in Amber's heart. When Lin Man mentioned it, a ripple was set off in Amber's eyes.

Three years ago, Sean almost killed her and Cindy on their wedding day.

"Bang!"

A bottle of wine was suddenly slammed at Lin Man's feet. The broken glasses hit her calves.

Marcus was in the shadows with a cold face.

"Selena!"

He raised his voice. Selena hurried out of the room, "Yes?"

"Why did you let the dog in?"

Selena was surprised. Lin Man was called a dog for the first time. She took a heavy breath and blushed in embarrassment.

"Amber, is this the way how you receive a guest?"

"Are you a guest? I don't remember I invited you."

Amber asked in reply

She didn't mind wasting her breath on her, but Marcus did. He took two steps forward, snatched the invitation card from Amber's hand, and slammed it on Lin Man's face. The cold metal cover hit Lin Man's face, making her feel pain.

"You!"

"Get out of here!"

Marcus pointed to the door, "Only Sean that bastard treasures you. My sister is so excellent. Do you know how many men are pursuing her? Fu He and Shi Muzhou are all pursuing her! Lin Man, who do you think you are? Drop the act!"

"You are nothing more than a bitch. Except for Sean, even a dog doesn't bother to take a look at you!"

Lin Man turned pale. Marcus's words were too straightforward, which froze Lin Man's heart.

The noises downstairs were so big that Fu He couldn't sleep and came down.

He was in a casual, black shirt, which looked like the male version of Amber's nightdress.

Lin Man's expression changed, and she pressed the corner of her lips tightly.

"Mrs. Smith?"

Fu He asked, "I assume you should stay with your fiance in the hospital at this time of night. What are you doing here?"

Lin Man's expression changed. Sean hadn't married her yet. Calling her Mrs. Smith was really mocking.

"Selena, please give Miss White a cup of hot milk."

Selena hurriedly ran into the kitchen.

Amber looked calm and unconcerned. She looked at Lin Man, and Marcus whispered, "My sister won't show up at your wedding. If you want her to, tell Sean to beg her personally."

"Tell his mom to beg her on her knees!"

Marcus hated the Smith family.

"Marcus!"

Amber snapped at him.

Lin Man suddenly laughed, "Amber, look at your brother. What a swagger in his tone! You got so many escorts. Are you going to throw me out?"

"Sean still has contact with you. I thought you would still be friends even if you couldn't be a couple!"

"How can you be so insolent and ask his mom to beg you for your attendance?"

Lin Man's words were ironic. She looked at Fu He with fixed eyes while speaking.

Lin Man just didn't want any more connection between Amber and Sean. She didn't mean to invite Amber to their wedding.

Amber looked at her with a sneer.

Lin Man stroked her lower abdomen, "Amber, I have Sean's child. It's almost two months old."

Amber froze.

It was almost two months old?

In other words, not long after Lin Man returned to Tong City, she slept with Sean?

They hadn't divorced at that time!

Amber took a deep breath.

Sean was really an as\*h\*le!

"When Cindy called Sean yesterday, I told her that she would be a sister after my child is born! I know part of the Smith Group belongs to her. My child will not take it all."

Chapter 478: Tell Sean to Perish the Thought

0 4 minutes read

Amber froze.

Part of the Smith Group should also belong to the child in Tang Tian's belly, right?

"Amber, actually, I didn't have your address. Sean told me. I'm here with a mission. Sean has a high risk of getting blood cancer. You know that."

"After Cindy grows up, Sean will give his half shares to Cindy, as long as you agree to donate bone marrow to him."

Amber's heart contracted violently.

She laughed suddenly.

She fixedly looked at Lin Man and felt like she was telling a joke.

"Tell Sean to perish the thought!"

"You don't agree?"

"Should I agree?"

Amber asked in reply.

Should she transplant her bone marrow to Sean, and watch Sean be with Lin Man for a lifetime and Lin Man use this to keep nauseating her?

Was she a pushover in their eyes?

Or was she so kind and broad-minded in Lin Man's eyes?

"Amber, you are not going to watch Sean die of blood cancer, are you..."

“As early as the day of Johnson’s deathday, I’ve told Sean I wish he was dead!”

Amber whispered, “Lin Man, tell him what I said after you go back. This is the first and last time you came to disturb me and Cindy’s peaceful life. If you do this again, I won’t make it so easy for you!”

“Or, you want me to remind Sean that it was you who drugged him and made him have sex with me?”

Looking at Amber’s deep eyes, Lin Man panicked. No!

Amber shouldn’t be so calm!

“You...”

Lin Man was interrupted by Fu He, “Selena, Miss White needs to go to bed now. Please see Mrs. Smith out.”

Selena dragged Lin Man and then pushed her out of the villa.

Her movements were so big that she directly pushed Lin Man to the ground.

Seeing this, Amber was worried about the child in Lin Man’s belly. However, Lin Man stood up as if nothing happened.

She even dusted the ash from her butt.

Gee!

She was pregnant?

A one-month-old child would be gone after such a fall. Was Lin Man taking her as a fool?

Amber looked at Lin Man contemptuously. Lin Man was stiff all over.

Selena closed the door, and Amber sat down at the table.

“Sister?”

Marcus came over. Fu He brought the hot milk to Amber, “Drink it and go to bed.”

Amber did not take it. She whispered, “Mr. Fu, I prefer some wine.”

Fu He didn’t give her wine.

Amber paused, and her eyes were slightly red.

It was still hard for her to accept that Lin Man and Sean were going to get married.

Marcus panicked, “Sister, “Sister, are you still not over that bastard?”

“He is going to marry Lin Man. If he cares about you and Cindy, he wouldn’t do that!”

“No, it’s not about him.”

Amber rubbed her forehead and whispered, “It’s just that I thought of some old things and feel a little bad.”

“...”

The corners of Marcus's mouth twitched and he didn't speak.

What she thought of was probably related to Sean.

“I'm fine. I'll go to sleep.”

With that, she picked up the milk on the table, poured it in her throat, and went upstairs.

Fu He followed upstairs.

The two walked upstairs side by side. Amber smiled and said, “I guess you probably have heard what Marcus said?”

“Huh?”

Fu He was a little confused. Amber whispered, “Thank you for not denying what Marcus said!”

“Otherwise, I would be embarrassed!”

Fu He looked at her and laughed in a low voice.

“Maybe Marcus was telling the truth.”

Amber paused and looked at Fu He.

He was handsome, standing under the shadow of the lamp with a gentle expression.

Amber kept silent, and then smiled suddenly, “Mr. Fu, stop kidding. I don't like such a joke.”

Fu He was so outstanding. How could he fall in love with a divorced woman who had a child?

Moreover, Amber had no intention of starting a new relationship.

She smiled at Fu He, and then turned into her bedroom.

Facing the closed door of her bedroom, Fu He touched his forehead and suddenly chuckled.

...

The next morning, before dawn, Sean got up and arrived at Wonderful Manor.

Selena hadn't gotten up yet. Xu Lin looked at Sean and asked in a low voice, “Mr. Smith, should I knock on the door?”

Sean closed his eyes and didn't answer.

When Xu Lin hesitated whether to knock on the door, the door was opened with a creak.

Fu He came out.

He was in a gym suit and was going to exercise.

Soon he found Sean's car. With one hand in his pocket, he walked to it leisurely.

He gently knocked on the window. Sean rolled down it with a bit gloomy face. Fu He smiled brightly, "Mr. Smith, are you taking a ride around here?"

Sean raised his eyebrow slightly, "I'm not in that leisurely and carefree mood."

"You are here for Amber?"

"You could say that."

Sean's answer was ambiguous. Fu He smiled and whispered, "She hasn't gotten up yet. She was too tired last night. I guess she'll probably sleep late."

Sean was an adult. How could he not understand what Fu He meant?

The cold mask on his face cracked instantly.

It was less than a month after Amber and he got divorced. Amber had already slept with Fu He?

How could she do that?

A rush of depression came up to him.

Fu He was not an ordinary person. He would know if Fu He was going to get married.

Sean couldn't understand what Amber did. When she was his wife, she guarded against him carefully, but she slept with Fu He not long after knowing him?

Sean took a deep breath with a sullen face.

"Mr. Fu, if I remember correctly, you don't own this villa! How come it seems to me that you are treating yourself as the owner?"

Sean's words were straightforward.

Chapter 479: I Don't Know Him

-

Fu He was not angry at all. He said with a smile, "Mr. Smith, I'm afraid Marcus will not treat you better than I did!"

When they were talking, Selena came out of the villa. She knew Sean and knew that he was Cindy's father. Although Amber and Lin Man had a fight last night, Selena didn't know they did that for Sean.

"Mr. Smith?"

Selena was a little surprised. She said in English, "Madam said that Cindy was in a bad mood last night and went to bed early. I'm glad you come!"

Sean's eyes deepened.

Lin Man must have said something to depress Cindy. Fortunately, he was not unwelcome by everyone here.

Sean motioned for Xu Lin to move him out of the car.

After getting off the car, Xu Lin handed the packed breakfast to Selena, "This is the breakfast Mr. Smith brought to you guys."

Amber and the others preferred Chinese food. Seeing the millet porridge Sean brought to them, Selena smiled more heartily.

"I'll tell Madam and young lady you are here."

"No." Sean whispered with an alienated expression, "I'll wait downstairs. Cindy is still young and needs enough sleep."

Selena nodded. Cindy actually woke up earlier than Amber. When she got off the stairs, she saw Sean. Her expression changed, and she subconsciously turned around and wanted to go back.

Xu Lin quickly picked her up and said to her in a low voice, "Cindy, in order to see you, Mr. Smith didn't sleep all night. He brought you your favorite fried buns. Just a few minutes, okay?"

Cindy pressed the corner of her mouth.

Cindy was distressed hearing this, but at the thought of what Lin Man said, she didn't want to talk to him.

She struggled hard with tears running down her face.

"I don't know him! I won't talk to him! Mom, mom!"

Cindy shook her head, crying aggrievedly.

Xu Lin walked to the sofa in two steps and put Cindy in Sean's arms.

Sean pressed Cindy and asked in a low voice, "Why are you crying?"

Cindy wanted to struggle. Xu Lin hurriedly said, "Cindy, Mr. Smith's broken ribs are healing. If you touched them, they would not heal anymore."

Cindy's movements froze.

Sean held Cindy and asked in a low voice, "Last night, Lin Man answered your call?"

Although he was asking, he actually knew the answer.

"Cindy, you trust Lin Man but don't trust me?"

"What did she say? Why don't you want me to be your dad?"

Cindy paused.

With tears in her eyes, she looked at Sean seriously, and asked him, "Didn't you say that you wouldn't marry Lin Man?"

"I..."

It was known to all that Lin Man and Sean were going to get married and even the wedding date had been set.

But all those things were his mother's decision. If he wanted to break off their engagement, he had to go back to Tong City.

Lin Man was with him for eight years. He couldn't just turn her down directly.

Sean's hesitation gave rise to the sadness on Cindy's face.

"Mom is right. You are divorced. You won't listen to me anymore."

"I can't ask you not to marry others." Cindy's tears were shining. She said, "You marry another woman. Mom marries another man. I accept my new father! Let's be polite. We don't make demands of each other."

Cindy wiped her tears and took out a bank card from the small pocket of her pajamas.

Last night, after knowing that dad no longer belonged to her, she put the card in her pajamas.

She threw the card at Sean's face and said, "Take this back!"

Sean paused.

"Cindy..."

Cindy jumped off Sean's laps.

Amber had also gotten out of bed. She was still in that black nightdress which was softly attached to her body and outlined her graceful curves.

Seeing Sean, she frowned. A trace of emotion finally emerged on her indifferent face.

"Mr. Smith?"

Sean looked at her fixedly.

She lost some weight and looked more attractive.

Sean noticed that, so did the other men.

The men living in Wonderful Manor, especially Fu He, were coveting Amber. Was she trying to seduce Fu He in that nightdress?

Last night...

Sean's heart contracted. He almost turned pale in pain.

Suddenly he stood up, holding the armrest of the wheelchair. He was in a black handmade shirt and looked a little pale.

"You..."

Sean reached out and clutched Amber's arm. Amber struggled but couldn't break free.

Her expression changed slightly, “Sean, what are you doing?”

“This is my home. Are you going to hit me here?”

“Your home?”

Sean repeated it in a sarcastic tone, “If I remember correctly, this is Marcus’s house, isn’t it?”

“He is your half-brother. Three years ago, if it were not for Yolanda and Sherman, you wouldn’t have been infamous.”

Amber was silent, “You know that?”

On the day of their wedding, Sean humiliated her with this.

When did he know that? Didn’t he even felt guilty for what he did?

Amber looked at Sean with fixed eyes.

A tiny ripple was set off in Sean’s eyes. He held Amber’s hand tightly, trying to take her out.

Amber was motionless. A dull pain came from Sean’s broken ribs.

“Amber...”

Amber stiffened.

Unexpectedly, she actually heard Sean call her name in such a soft tone.

He seemed like begging her.

“I need to talk to you.”

“We can talk here!”

Sean did not let go of Amber’s hand. They were close, and his hormonal scent enveloped Amber, making her feel uncomfortable.

Chapter 480: I Had a Car Accident

-

“My ribs were broken. I had a car accident while I was chasing you. Amber, I just want a few minutes. Why are you being so cruel?”

Amber, “What do you want to talk about?”

Sean took Amber out of the villa.

In summer, it was very hot outside. Amber shook involuntarily.

Sean pulled her to the wall, freed a hand, and suddenly pulled her into his arms.

Amber stiffened for a moment and pushed Sean. As soon as she rested her hands on him, he let out a muffled snort.

She suddenly understood that he just wanted her sympathy by mentioning his broken ribs.

Her hands stiffened.

“You...”

“Sean, let go of me!”

Sean turned a deaf ear to what she said, and hugged her tightly. As a patient, he smelled light of disinfectant water.

“Go back to Tong City with me.”

Amber paused. She didn’t dare to struggle, fearing that Sean’s broken ribs would be hurt by her.

“Are you talking nonsense?”

“You also want me to go back to attend your wedding with Lin Man?”

Lin Man.

As soon as Amber uttered these two words, Sean sensed the hostility in her tone.

He loosened his hand holding Amber and looked at her. Amber squinted at him firmly.

Sean was suddenly pleased. Amber seemed to mind him marrying Lin Man?

If she didn’t love him, why would she mind whom he was going to marry?

“Amber, are you jealous?”

A mockery flashed through Amber’s eyes, “Sean, don’t flatter yourself.”

The smile on Sean’s face stiffened.

She looked at Sean with fixed eyes and whispered, “Before we got divorced, I’ve stopped being jealous!”

“I thought you knew it!”

Amber said and smiled, “I dealt with so much news of illicit love for you. If I was as narrow-minded as you thought, I would have been drowned in jealousy.”

Sean paused.

While Sean let go of her, she pressed against his shoulder and distanced herself from him, “Sean, you will have a new wife soon.”

“I advise you to get rid of your lovers. Lin Man isn’t as broad-minded as I am. She can’t stand you being with them. You have been waiting for marrying her for more than ten years. Since you will be together soon, don’t fail her!”

Sean was speechless.

News of illicit love?

He indeed never returned their home after they got married, but the rumors about him were not true.

Those women wanted to be famous and took the initiative to approach him!

He never slept with other women at will!

He was quite faithful, not like Amber who seduced every man she met.

How he wished he could peel her face off so that other men wouldn't covet her!

He clenched his fists silently, and then spoke, "Go back with me and you will replace the bride! Remarry me!"

Amber was stunned at Sean's words.

"What do you mean?"

"Take it literally. Mrs. Smith will only be you, even Lin Man can't replace you."

Amber suddenly laughed, even Lin Man can't replace you...

It seemed that Sean really liked Lin Man!

"Why, you found out that you fell in love with me after we got divorced? You said that you would never fall in love with me, remember? Three years ago, you even wished I were dead."

"No!"

Sean did not hesitate to talk back, "Of course I didn't fall in love with you, but Cindy's father is me! She will inherit my property in the future!"

"If you don't marry me, are you going to marry others? Or, you want me to give my property to Cindy Fu, Cindy Shi or Cindy Lu?"

Sean's tone was somewhat ironic. Amber's expression changed.

Amber raised her hand and slapped Sean across the face.

In fact, she was worried about Sean's injury, and didn't slap him hard.

But Sean's expression changed.

Amber hit him for what he said?

She was trying to defend her daughter?

Sean sneered. If she wanted to defend her daughter, she should have known before they got divorced that Cindy didn't want them to divorce!

This was what Amber usually did in front of him. Pretending to be a good mother!

The reason why she was so angry was that he satirized Fu He, Shi Muzhou and Lu Yi!

Sean put his hands on the wall and trapped Amber between his arms.

He quietly looked at Amber with fixed eyes.

Amber was a little scared. She pressed the corner of her mouth, and said in a low voice.

“Sean, I and they are just ordinary friends. There is no romantic involvement ..... Umm.....”

Sean leaned down. What Amber was going to say was blocked by his kiss.

Amber was a little shocked.

It took her a while to react. They were divorced, and she didn’t expect that Sean would kiss her.

Amber pushed him subconsciously. Sean grunted and let go of her.

Amber clenched her fists and whispered, “Sean!”

“I’m not your wife. You can’t kiss me at will.”

Sean chuckled, “But why did you slap me at will?”

Amber was speechless.

“Amber, you slapped me but I returned you a kiss. I suffered a loss!”

Amber flushed, “You said something offensive first!”

“You hit me first!”

The two looked at each other. Amber compromised and whispered, “Sean, stop it.”

Hearing this, Sean finally calmed down.

The disguised indifference on her face was gone. She put on the tender expression she had when she was his wife.

Amber seemed tired. She said in a soft voice, “Sean, I’m tired. I don’t want to keep doing this with you. When we were married, you were thinking about Lin Man. Now, you are going to marry Lin Man, you regretted divorcing me!”

“I don’t want to get back with you. Only you know your real thoughts! What if you get involved with Lin Man again after I remarry you?”

“Sean.” She called him softly, but Sean’s heart broke inch by inch, “If you think Lin Man is your true love, then cherish her. Whether she is good or bad, one day, you will find that your love is worthwhile.”
