Chapter 401: You Are Going to Kick Me Away After I Help You

0 4 minutes read

-

Amber was ahead of Sean.

She suddenly lost balance and slumped forward. Sean stretched out and took her into his arms.

The strong breath on him immediately surrounded her.

She was dumbfounded, pressed her hands against Sean's chest subconsciously, and met his deep eyes.

"Don't you know how to walk?" Sean sneered, "Or you want me to carry you?"

The corners of his mouth were curved mockingly, which was inexplicably tempting.

Amber stood up straight, "I can walk by myself."

The end of the cobblestone path was not far away. Amber didn't think she couldn't get there.

She took a step, then her wrist was held by him.

Sean's palm was dry and warm. Amber didn't shake his hand off.

She was like stepping on cotton.

Amber fell into a trance. It seemed to be eleven years ago. He held her hand tightly, which could give her enough sense of security.

After reaching the end of the cobblestone path, Amber tried to take her hand back, but failed.

"Sean?"

Sean glanced at her, "Why? You are going to kick me away after I helped you?"

He held her wrist hard. Amber blinked and said in a low voice, "You took the initiative to help me. I didn't ask you to."

Amber felt very proud, didn't she?

A business tycoon took the initiative to support her with hand. Any woman would feel pleased, let alone Amber?

Sean did not let go his grip. The two of them held hands and walked in the backyard of the manor. They were so close, but there seemed to be a layer of membrane between their hearts. They could not touch each other.

"How did you get here?"

Sean asked Amber.

Amber lowered her eyes and said in a low voice, "Lu Yi sent me here."

Sean increased his strength on his grip. Amber felt pain in her wrist and noticed Sean's eyes.

They were cold and bitter.

Amber didn't look back, and whispered, "The news on the Internet is making a big sensation. Lu Yi is the director of the PR department. He invited Mr. Shen to have fun in the manor."

"They made the appointment in the morning."

The implication was that Lu Yi came here for business not for her?

Sean sneered. Lu Yi's intention was known to everyone.

Amber refused to come with him because he knew that Lu Yi was coming over, so she deliberately stayed and waited for Lu Yi.

Knowing that he sent flowers to Lin Man, Amber was panicked and eager to find her next husband?

A fit of anger surged in Sean's heart. He lowered his eyes and fixedly looked at Amber's face.

"Director White, you are so anxious to be with my cousin? Why don't you think about his situation?"

"If you intensify the scandal, wouldn't Director Lu become busier?"

Amber raised his eyebrow.

"Sean, you got it wrong."

"The scandal handled by the public relations department is caused by... you every time." Amber's tone was heavy. She raised her head and smiled, "Lu Yi and I are at most friends. I and Cindy owe him a debt of gratitude which we shall never be able to repay."

"Without him, Cindy couldn't stay with me for so long."

"It doesn't matter what you consider me, but don't slander Lu Yi."

in Amber's heart, Lu Yi was better than him!

Sean only saw such a message from Amber's face. His eyelids moved and stained with a layer of coldness.

"Sean, please don't say such misleading words again."

"Otherwise I will only think you are jealous. You care about me!"

Amber said loudly. Sean panicked for a moment.

He cared about Amber?

It was impossible. He was only worried that Amber would get him into trouble, so he needed to keep her under his nose.

Sean said without hesitation, "You wish!"

“Amber, in my entire life, I only love Lin Man!”

“Whether it was before, now, or even the future!”

Amber felt a pain in her heart. These words were like a thousand arrows that pierced her heart.

Right.

If he loved her before, how could he forget her so quickly?

Amber held back her sadness and heartache and pretended to be indifferent, “I know. Can you take me to Cindy now?”

She pulled her hand out of Sean’s palm forcibly.

Sean took a deep breath and turned to move on.

He walked quickly. Amber was in high heels and couldn’t keep up with him at all.

As Sean approached the door, his phone rang. He glanced at the phone number. It was Lin Man.

A bad presentiment rose in his heart.

He answered it.

Amber came over and asked him, “Why did you stop...”

Lin Man’s grieved cry came over through the phone, “Sean... When the power went out, I came out of the suite and then got here...Oh, oh—oo—o”

Sean froze and looked at Amber subconsciously.

Standing in the boundless darkness, she looked pale., and her eyes were full of disbelief.

“Cindy is missing. I am in the monitoring room and checking the surveillance footage... I...”

Sean’s coat was still on Amber, but she was like in an ice cellar at this moment.

“Sean, you asked Lin Man to look after my daughter?”

...

Lu Xiangxiang was worried about Cindy.

When dining with Feng Chen and Mr. Li, she was absent-minded.

Amber was not with Cindy. She was worried that Sean couldn’t take care of Cindy.

And most importantly, she suspected that Sean came here with Lin Man.

The meal was finally over. Lu Xiangxiang did not return to her room. She followed Feng Chen and asked.

“Mr. Feng, can you call Mr. Smith and ask which room he is staying in? I want to see Cindy.”

Feng Chen squinted and asked in a low voice, “Are you going to see Cindy or throw yourself into Sean’s bed?”

Lu Xiangxiang scolded him secretly.

Come on, even if Sean was the only man in the world, she would not like him!

She was thinking this, but her smile grew gentle.

“Mr. Feng, you are flattering me. Mr. Smith has seen all kinds of beauties. How can he take a fancy to me?”

Feng Chen sneered, “He wouldn’t?”

“But I think wives’ best friends are the most tempting women in the world?”

Lu Xiangxiang’s expression stiffened.

What a pervert!

Lu Xiangxiang cursed in her heart. She lowered her head to cover up the disdain in her eyes. The next second, Feng Chen lifted her chin.

Chapter 402: It Was a Woman’s Dress

-

Feng Chen still caught the lingering disdain in her eyes.

He didn’t care, condescendingly looking at Lu Xiangxiang, “Secretary Lu, we are at someone else’s place. Don’t bring trouble to me.”

After speaking, he arranged his suit jacket and walked towards his room.

Lu Xiangxiang didn’t give up. Feng Chen must know where Cindy was.

She followed Feng Chen into the room. Feng Chen did not close the door. He took off his suit jacket and put it on the hanger at the door, poured himself a glass of red wine, and looked at Lu Xiangxiang who walked in.

“Why, Mr. Smith is not interested in you, so you are here to seduce me?”

Lu Xiangxiang chuckled, “I wouldn’t dare do that.”

Feng Chen took a sip of red wine. His lips were rosy and dyed with a hint of red, which was extremely tempting.

But Lu Xiangxiang turned a blind eye to it.

“Mr. Feng, you know where Mr. Smith’s room is, don’t you?”

“He is next door to me.”

Lu Xiangxiang was stunned.

Feng Chen’s room was the innermost. She pointed to the next door. Feng Chen nodded.

“Mr. Smith is not in the room right now.”

“??”

The smile on the corner of Feng Chen’s mouth was a bit ironic, and he said, “Secretary Lu, are you blind?”

“Mr. Smith is next door to the private room we ate with Mr. Li.”

Lu Xiangxiang froze.

She was about to say something, but before she could open her mouth, a sound suddenly came from the next door.

Lu Xiangxiang turned around and walked out, seeing a corner of clothes.

It was red.

Lu Xiangxiang frowned, turned around and returned to Feng Chen’s room.

“Mr. Feng, it’s a woman who is staying at your next door.”

Feng Chen paused, and then glanced up and down at Lu Xiangxiang with displeasure on his face.

“Secretary Lu, you should be smart!”

It dawned on Lu Xiangxiang instantly.

Feng Chen told her not to invite trouble and not to go to Sean’s room, because he knew that Sean wasn’t here alone?

Feng Chen was trying to tell her that Sean had no lack of women at this time.

Lu Xiangxiang shouldn’t try to throw herself into Sean’s bed or took the initiative to look after his child.

Lu Xiangxiang thought for a while. That corner of clothes was that of Burberry’s new limited outfit. In the news, Lin Man was in it.

She figured it out, turned around abruptly, but was stopped by Feng Chen after taking a step.

He directly threw Lu Xiangxiang onto the big bed. He lowered his eyes at her.

“Secretary Lu, I repeat, don’t bring me any trouble.”

Lin Man made Cindy infect with toxoplasma. The child was in danger if she was with Lin Man.

Lu Xiangxiang stretched out her hand and pulled the employee ID card off her chest. Without hesitation, she threw it on the ground.

“I won’t work for you anymore. You pervert. I’ve had enough!”

“Screw you!”

Lu Xiangxiang jumped off the bed and walked directly out.

When she was just out of the suite, the entire manor suddenly fell into darkness.

Lu Xiangxiang leaned against the wall and couldn't see anything.

She subconsciously squatted on the ground. Her forehead instantly broke into a cold sweat. Precisely at this time, the door of Feng Chen's next room was opened.

The person who came out didn't see Lu Xiangxiang. She held her mobile phone with the flashlight on and held Cindy in her arms. It was Lin Man.

Lu Xiangxiang opened her mouth. She was claustrophobic and was too nervous to say anything.

Holding the wall, Lu Xiangxiang stood up slowly and then took out her phone.

Sean once called her. She looked for his phone number.

After searching for a long time, she found Gu Jinyan's mobile phone number instead.

Lu Xiangxiang dialed the number, and Gu Jinyan answered it quickly.

"Lu Xiangxiang?"

Lu Xiangxiang took a heavy breath. When Gu Jinyan was about to ask what happened, Feng Chen's voice rang on the phone.

"Tsk, can you still get up?"

He leaned down and picked Lu Xiangxiang up.

Lu Xiangxiang's breathing became faster and faster. Hearing this, Gu Jinyan bit the corner of his lips and hung up the phone abruptly with a gloomy face.

Hearing the busy tone on the phone, Lu Xiangxiang wept anxiously.

"Mr... Feng, Cindy was taken away by Lin Man."

Feng Chen was taken aback.

"Lin Man?"

Feng Chen turned on the flashlight, and a glimmer of light appeared around him. He put Lu Xiangxiang on the sofa and asked in a low voice, "Sean's lover?"

"Secretary Lu, it's so dark. Maybe you're mistaken?"

Lu Xiangxiang relaxed a little.

"No." A tear fell from the corner of Lu Xiangxiang's eye, "Lin Man is vicious. It was her who made Cindy infect with toxoplasma..."

"Mr. Feng, please help me, help me get Cindy back."

Lu Xiangxiang followed Feng Chen for a long time. It was the first time he saw her pleading in such a humble manner.

He lowered his eyes and asked in a low voice, "Are you still going to resign?"

Lu Xiangxiang said in a choked voice, "No, I'll be your secretary for a lifetime."

Feng Chen smiled.

He suddenly stood up and was about to walk directly out of the room.

"The phone."

Feng Chen glanced at Lu Xiangxiang, "You need it more than I do."

Feng Chen quickly left the room.

When he came out, there were already many people in the corridor who were wondering why there was a sudden blackout?

After searching around in the manor, Feng Chen didn't find Lin Man.

The power was restored.

Feng Chen frowned.

...

In the monitoring room.

Lin Man was crying.

She probably fell when she searched for Cindy. Her dress was covered with dirt.

Her mask was gone. Her swollen face was full of tears.

When Sean arrived, Lin Man had already found the surveillance footage.

Seeing him, she threw herself into Sean's arms.

"Sean, I can't find Cindy. I'm so scared..."

"What happened?"

Lin Man said tearfully, "I went out for a while. When I came back, Cindy was no longer in bed."

"Sean, Cindy was asleep. She wouldn't go out alone... Go find her, oooooo..."

Sean pressed his lips. He pushed Lin Man away, called Gu Jinyan, and asked Lin Ye to come up.

Lin Ye came quickly. He clicked on the keyboard and whispered, "Someone hacked in the circuit. Should I check the IP?"

Sean pressed his lips and whispered, "Find Cindy first!"

"Leave this aside."

Lin Ye was calm, "Are there any photos of her?"

Sean suddenly remembered that he had her photos in his phone.

Cindy was cute, so he was used to taking pictures of her every time when he saw her.

Before Sean could speak. Amber suddenly pushed the door in. When Lin Man saw her, her pupils contracted.

"Amber..." Lin Man's tears kept falling, and she said in a choked voice, "I'm sorry. It's my fault..."

Amber pushed Lin Man away with red eyes.

"Lin Man, I've told you, if you dare to harm Cindy again, I will never let you get away with it!"

"You'd better pray that Cindy will be okay!"

Amber walked to Lin Ye, and handed Cindy's photo on her phone over, "Here you are..."

Lin Ye took the phone, typed something, and a small figure suddenly jumped onto the main screen.

No sound could be heard in the monitor. She walked forward staggeringly, the gauze on her eyes was held in her hand. The street light was dim, and her small figure looked lonely.

Sean was frightened. He grabbed the manor manager and asked, "Where is this place?"

The manager shivered and said, "The road behind the manor."

Gu Jinyan frowned and said in a low voice, "That road is a shortcut to Lin City. Because it is broad and flat, trucks often use it."

"Sean, let's go."

"There are almost no people on that road. Cindy is dangerous."

After Gu Jinyan finished speaking, Amber got out in a hurry. She was in high heels and walked quickly.

Sean stood there, feeling cold.

Since Amber appeared here, she didn't even take a look at him.

Sean pressed his lips tightly.

Amber was not going to forgive him even if he had the Smith Group.

Sean's mind was in turmoil.

He should feel glad. In that case, he would get rid of a big trouble...

His mind was in turmoil only because he felt guilty for what happened to Cindy.

Sean licked the corner of his lips, hesitated for a moment, and quickly followed.

Amber was ahead of him. Sean reached out and grabbed her by the arm.

When Amber saw it was him, she raised her hand at him.

Sean could dodge. However, seeing her eyes, he stood in situ and didn't do that.

"Pop!"

The loud slap stunned the people who followed out.

Lin Man clenched her fists. Gu Jinyan opened his mouth but said nothing.

Sean touched the corner of his lips. Amber slapped him a lot, but this one was the most painful.

It was like a slap on his heart.

"Go away!"

Amber spit out these two words coldly.

Sean paused, and Amber tried to pull her hand out of his grip.

She held back her tears and asked, "Sean."

"What do you want? You are not going to let go of me unless my daughter is dead?"

Amber's voice was hoarse. Her voice was light, as if she would cry if she spoke louder.

Gu Jinyan reacted. He took a step forward and whispered.

"Sean, you two can talk after the child is found."

"Trucks are always fast. The truck drivers seldom stop after they speed up. What if they really hit Cindy..."

Amber's heartbeat almost stopped.

Gu Jinyan stopped. He didn't dare to finish his words.

Every truck was insured with millions of dollars. If the drivers really killed someone, the insurance companies would compensate.

"Let...let go of me!"

Sean leaned down and picked Amber up, "You are in high heels and can't walk fast. I will carry you downstairs."

"Let's drive over there."

Amber wanted to refuse. Her heart was soaked in hatred. She hated Lin Man, Sean, and herself.

But for Cindy...

She broke free of Sean's arms, took off her high heels, and trot out barefoot.

Sean's eyelashes trembled.

Amber did this on purpose. She wanted him to feel more sorry.

She wanted him to remember that he owed her and Cindy.

He strode to follow. When Amber reached the end of the corridor, Lu Yi happened to get out of the private room.

"Amber, what's wrong?"

Seeing him, Amber broke into tears, "Lu Yi, Cindy is on the road behind the manor..."

"Car, lend me your car."

After Lu Yi heard this, his gaze crossed Amber and fell on Lin Man behind her.

Lu Yi, "I'll go get the car. You hurry over."

Amber nodded.

She walked quickly and ignored the pain the pebbles caused her under her feet.

Lu Yi and Sean got the cars at the same time. Amber opened Lu Yi's car door and got in.

The manor was very big. Ten minutes later, Lu Yi stopped by the mountain road behind the manor.

"Amber, the car can only get here. You have to walk to that road."

Amber nodded and got out of the car.

A few street lights scattered along the road. Most of them were broken.

Amber covered her mouth in fear.

"Cindy?"

"Cindy!"

Amber heard someone calling Cindy and looked in the direction where the sound came. Lu Xiangxiang came out of the grass.

Her hair was messy, and her eyes were red.

"Xiangxiang?"

Amber ran over, "You know... where Cindy is?"

"Amber?"

Lu Xiangxiang reached out and hugged Amber, "Feng Chen has gone to look for her."

"He said he heard Cindy call mom. I can't keep up with him..."

Amber looked down and saw that Lu Xiangxiang's calf was bleeding. Part of the blood was already dry.

“He is in that direction. Don’t be afraid. Cindy is okay. Feng Chen and I both heard Cindy’s voice.”

“Feng Chen will definitely bring Cindy back.”

Amber breathed a sigh of relief. Lu Yi freed up a hand and squatted in front of Lu Xiangxiang, “Miss Lu, let me carry you.”

Lu Xiangxiang didn’t refuse.

Behind the three of them, people got out of cars one after another. They all followed behind Lu Xiangxiang.

“Mom!”

“Dad!”

Cindy’s voice was near. Amber and Lu Yi took a look at each other. The road was winding. Amber turned a corner and saw Cindy’s small figure.

“Cindy!”

Cindy turned back, standing in the middle of the road.

A car appeared behind her, and Amber instantly had her heart in her mouth, “Cindy!”

Chapter 404: She had Been Sent to the Emergency Room

0 4 minutes read

-

“Cindy!”

Hearing her voice, Cindy stumbled in her direction. However, the truck rushed toward her.

Amber’s heart paused, and she stopped suddenly.

“Mom...”

“Cindy!”

“Feng Chen!”

With a “squeak–”, the sharp sound of brake pierced the night.

Feng Chen, who was holding Cindy, was hit and flew a few meters. Then they lay on the ground motionlessly.

Sean’s brain went blank. The hairs on him stood up.

Amber’s lips moved, and she slumped on the ground.

...

In the hospital.

Amber opened her eyes, only seeing the white dazzling light above her head. She suddenly sat up.

Lu Yi was beside her bed.

“Where is Cindy?”

She asked with a pale face.

Lu Yi, “She was sent to the first aid room a moment ago.”

Amber got out of bed, staggered, ignoring the pain, and out of the ward. She saw Sean leaning against the wall and smoking.

His eyes were filled with gloom, looking very lonely.

Amber paused and said in a low voice, “Lu Yi, do me a favor.”

“Huh?”

“Fetch the folder on the co-driver’s seat of your car for me.”

Amber’s voice was light. Lu Yi nodded, and left for it.

The lights in the hospital were bright. From afar, Amber looked at the operation room, feeling distressed and anxious.

She didn’t even notice that Lu Yi was already back with the folder.

She walked to the door of the operating room with Lu Yi. Lin Man was there.

Seeing Amber, she suddenly cried, “Amber...”

“Go away!”

Cindy was still in danger. This was the best she could do to Lin Man.

“Amber, I’m sorry. I didn’t know something like that would happen...”

“I just went out of the bedroom to see why the power was off. When I came back, Cindy...”

Lin Man was explaining. Suddenly, her arm was grabbed by Lu Xiangxiang and then was thrown to the ground.

Sean’s eyelid twitched, “Miss Lu, don’t go too far.”

Lu Xiangxiang sneered, “Are you serious?”

“I saw Lin Man take Cindy out of the room.”

“Can Cindy, a three-year-old kid, walked to that road on foot?”

Of course not.

As soon as Lu Xiangxiang finished speaking, Amber raised her eyes at her.

“Feng Chen’s room is next to Sean’s.” Lu Xiangxiang’s voice was very low, “Amber, the moment the power was off, I saw Lin Man come out holding Cindy.”

“I’m claustrophobic, and I couldn’t chase after her. When Feng Chen chased her out, she was gone.”

Lu Xiangxiang sneered, “I called Mr. Smith, but I couldn’t get through.”

She turned her head and looked at Gu Jinyan, “I called Mr. Gu, but he hung up on me.”

Gu Jinyan thought of that call.

At that time, Lu Xiangxiang breathed quickly and Feng Chen was beside her. He thought...

Lin Man’s pupils contracted slightly, and she cried even more aggrievedly, “Miss Lu, even if you and Amber are friends, you can’t wrong me like this...”

“I admit that I should be blamed for Cindy’s accident, but it really wasn’t me who took her to that road. Amber, did you...offend anyone?”

Lin Man’s words had three meanings.

First, Lu Xiangxiang was the first to appear on that road, so she was suspected.

Second, Lu Xiangxiang was Amber’s best friend, so her words were unreliable.

Third, it might be an act of revenge from someone Amber offended, so it had nothing to do with her.

Sean raised his head slightly. He looked at Amber steadily with dark eyes. Obviously, he believed Lin Man’s words.

Amber was amused.

She laughed. Her laughter was bleak, freezing Sean’s heart.

Sean was depressed.

What did Amber mean?

Her daughter was still in danger.

But she was in the mood to make a scene and settle accounts with Lin Man?

Amber didn’t say anything. She opened the folder and walked in Sean’s direction.

She raised her head slightly, looked at Sean firmly, and asked in a low voice, “If I tell you Lin Man did that, will you believe me?”

“Where is the evidence?”

Sean looked at her, and in her eyes, he saw loneliness, grief and despair.

“Will you believe me? Answer me!”

Of course not!

He wanted evidence.

After being with Lin Man for eight years, he didn't think he would misjudge her.

It was Amber, who drove his first love away and married him by all means.

In order to get rid of Lin Man, Amber was likely to frame her up.

"Amber, stop it. What's the point of pressing me for an answer?"

Sean loosened his tie with a gloomy face, "The bouquet of roses was just an accident. I and Lin Man have no romantic involvement."

"Can't I even be friends with her after marrying you?"

"She had made her intention clear. She came back for the design exchange meeting not for disturbing our life!"

Sean took a half step forward and held Amber's hand. His voice was low, "I never thought of divorcing you..."

"You never thought of divorcing me because you care about the Smith Group."

"Divorcing me may cause turbulence in the Smith Group's stock..."

Sean was speechless.

Why did Amber mention the Smith Group at this time? Her daughter had a car accident, so she wanted to ask for the Smith Group's shares?

Sean lowered his eyes. When he was about to compromise, Amber suddenly spoke.

"It's okay. I don't care what you care about."

Sean froze. She took a stack of files from the folder, and said in a chilly voice.

"You don't have to be friends with Lin Man anymore." Amber said, "This is the divorce agreement I drafted today."

"Amber!"

Lu Xiangxiang reached out and grabbed her, "Lin Man did that to get you to divorce him. Are you stupid?"

"Yes!"

"I've been stupid for eleven years." Amber's eyes became red, "In these eleven years, I have done a lot of stupid things. I don't care about doing one more."

Sean caught the point of her words, "You want to divorce me?"

"Are you satisfied?"

Sean glanced at Lu Yi subconsciously.

Lu Yi brought that folder here, didn't he?

It was actually drafted long ago, wasn't it?

Cindy's accident gave her a chance to bring it up.

Sean didn't reach for the agreement.

Chapter 405: I'm the Child's Father

0 4 minutes read

-

Why should he fulfill Amber's wish? Why should he give money to Amber and watch them have a happy life?

Did he look like a fool who could be deceived on account of his generosity?

Amber didn't care about Sean's feelings at all.

The marriage gave her nothing but a broken heart.

The door of the emergency room was suddenly opened from inside.

Amber ignored Sean, turned around, and staggered to the doctor.

"The patient's family?"

"Me! I am the child's mother. How are my daughter and Mr. Feng?"

Amber pressed her lips and asked in a low voice.

The doctor said in a flat voice, "The situation is very bad. The child has lost too much blood and needs a blood transfusion."

"The child's blood type is HR-negative. The blood bank in the hospital lacks such blood. Who of you has the same blood type as the child?"

Amber's eyelids twitched. Sean had already strode forward, and handed his sturdy forearm to the doctor, "I am."

Sean whispered, "I am the child's father."

This was the first time he admitted that Cindy was his child in public. He could guess Amber's expression without looking back.

She must be very happy and regret bringing up the divorce, right?

No, no!

Amber must be very angry because the child had such an accident.

Donating blood to Cindy was his apology. Even if Amber was angry, she couldn't watch her daughter die.

“Mr. Smith, blood donation between immediate family members may induce serious transfusion reactions with a mortality rate of 99%. Your blood cannot be used.”。

Cindy was not his biological daughter!

When Sean was about to speak, Amber suddenly pushed him away. Her eyes were gloomy and filled with resistance.

“Amber, what are you doing?”

She can no longer hold back her tears, and said in a hoarse voice, “Cindy doesn’t need your blood.”

“She can’t afford it.”

“Are you crazy? How can you find some else whose blood type is HR-negative? Don’t you want your daughter to be saved?”

Saying this, Sean put his arm around Amber’s waist and held her tightly, “Cindy is not my biological daughter. Use my blood.”

Amber couldn’t get out of Sean’s arms, so she shouted, “Xiangxiang!”

“Lu Yi!”

Lu Xiangxiang and Lu Yi moved forward immediately and pulled Sean away.

Lu Yi punched Sean in the face, “Sean, are you done? Do you know where you are?”

Sean ignored the pain and said, “I just want to save the child!”

Amber’s hair was messy, and her eyes were bloodshot. When she heard his words, she screamed, “Get out of here!”

“You’re the one who got Cindy injured!”

“Even if Cindy dies, I won’t let her use your blood!”

“Don’t think about getting her killed again!”

“Who knows if your blood type is HR-negative or not!”

Sean looked at Amber. Her face was covered with tears. Lu Xiangxiang supported her with her hand. The bitter hatred filled her usually calm eyes.

He suddenly had a heartache.

His heart gradually tightened when Amber looked at him. The feeling that he was about to lose something important suddenly came up to him.

It was his fault. If he took Cindy to talk to Gu Jinyan and Lin Ye, the accident would not happen.

He didn’t want something like this to happen to Cindy, either.

But Cindy would really die if she didn’t use his blood.

Sean took a deep breath. Lu Yi, who was standing on the side, stepped forward and whispered, "Use mine."

Sean was shocked.

He looked at Lu Yi.

"You..."

Sean had always suspected that Lu Yi was Cindy's biological father.

If he was, Cindy would really die!

Sean suddenly remembered that Cindy tilted her head and called him dad.

His eyes darkened. He couldn't let other accidents happen to Cindy.

"No!"

He grabbed Lu Yi and said seriously, "Cousin, you heard that. Cindy will die if she uses her biological father's blood!"

Lu Yi pushed Sean with a sullen look, "Sean, I know you have been suspecting that there is a romantic involvement between me and Amber! But there isn't. Cindy has already used my blood once."

Sean was stunned.

As soon as Lu Yi left, the atmosphere gradually became heavy.

Amber kept crying, and so did Lin Man. Lin Man sat beside Sean and whispered.

"Sean, I'll bear the medical expenses of Cindy and Mr. Feng."

"It's my fault."

Gu Jinyan frowned, "Miss Lin, save it. Any of us can afford that."

"You should worry about yourself. There are a lot of loopholes in your words. How can Mr. Feng risk his life to frame you!"

Lin Man's face turned pale.

She looked at Sean who was holding a cigarette between his fingertips. His face was hidden in the thick white smoke.

"Sean..."

Sean turned his head, and looked at her gently, "Lin Man, your dress is very beautiful."

Lin Man was horrified. Sean continued, "But these sneakers don't match it."

"Tell me the truth. Is Cindy's accident related to you?"

Lin Man shook her head and wept louder, "No. I was looking for Cindy. That's why I wore them."

Sean laughed suddenly and didn't speak anymore. Lin Man was even more flustered.

After a while, Tomas and Mrs. Smith arrived.

Tomas walked directly to Amber and asked her, "How is Cindy?"

"She lost too much blood. Mr. Lu is donating his blood to her."

Lu Xiangxiang replied for Amber.

"Dad..."

Amber suddenly spoke. Her voice was hoarse and her eyes were red and swollen, but her eyes were rarely firm, "I want a divorce."

Tomas was shocked. Amber covered her face, and tears seeped out through her fingers. She was sobbing too much to speak, "He... he left Cindy to Lin Man... It was Lin Man who made Cindy infect with toxoplasma."

"I, I can tolerate everything, but I am a mother. I can't watch my daughter be hurt again and again."

Sean's eyebrows twitched, "Amber, if you want a divorce, shouldn't you talk to me?"

Chapter 406: I Don't Want Anything From the Smith Family

0 4 minutes read

-

Tomas slapped Sean hard across the face, "Bastard!"

The scene was chaotic. Amber held Xiangxiang's hand with a blank face.

Mrs. Smith took out the divorce agreement she drafted.

She stretched out support Sean with her hand and stood in front of Tomas, "Tomas, calm down. Sean didn't want this to happen."

"Why don't you agree to Amber's request?"

"She wants a divorce, doesn't she?" Mrs. Smith said mockingly, "I brought the divorce agreement, the one you read before. I only have one request. If Sean becomes ill, you have to donate bone marrow to him."

Amber wiped her tears and whispered, "I won't want anything of the Smith family."

"I don't want your shares and money."

"And Mr. Smith doesn't want my bone marrow! On the day of our wedding, he said that even if he died, he would not accept my bone marrow!"

"Mrs. Smith, I guess you don't want it that much either!" Amber cried and laughed, "I almost died when Mr. Smith locked me in the bedroom that day!"

"The bone marrow you wanted was used up as early as that day."

“After the divorce, we will not see each other anymore!”

Amber hated them, so she mocked them mercilessly.

“What?”

Sean and Mrs. Smith looked at her in disbelief.

If Amber didn't want money, why did she make great efforts to marry into the Smith family? For what? For Sean?

Amber leaned down and picked up the divorce agreement she drafted. She took a breath. She pushed aside the crowd and walked to Lin Man.

“Lin Man.”

“Amber, I'm sorry...”

Amber handed the signed divorce agreement to Lin Man, “I met with a divorce lawyer today. I'll give up all joint property.”

“I don't want anything from Sean.”

“You have waited for marrying Sean for eleven years, but why couldn't you wait one more day?”

“I said, if you dare to hurt Cindy again, I will never let you go!”

Amber's pupils contracted, and she touched Lin Man's head, “But you always don't believe it.”

“Amber!”

Lin Man grabbed Amber's hand, “It was not me. Believe me.”

“I like Cindy very much. How could I hurt her? Amber, I admit that it was my carelessness that caused such an accident. I blame myself...”

“It's ok.”

Amber said, “I'm sure you hurt her on purpose.”

“So...” Amber stood up and said to Mrs. Smith, “Mrs. Smith, as long as you promise me that Lin Man will never appear in Tong City in the future, and she will never see Sean again, I promise I will appear immediately once Sean suffers from blood cancer.”

“I will donate bone marrow to him without hesitation.”

Mrs. Smith paused.

Although she knew that Amber was using her, she was still tempted.

She stood in front of Amber, and suddenly found what Tomas said before was right.

Sean will regret leaving Amber one day.

Mrs. Smith nodded, “Okay, I promise you.”

Amber lowered her eyes. Lu Yi finished donating blood and came back. He looked pale.

“Uncle, aunt.”

Tomas closed his eyes and took a deep breath.

He couldn't remedy Sean and Amber's marriage anymore.

He nodded to Lu Yi, “Lu Yi, why don't you have some rest?”

“I'm waiting for Cindy.”

“Alas.”

Tomas lowered his head and said to Amber, “I will send people to check what happened in the manor.”

“I agree with your divorce. But I will still give the shares to you.”

“It's not easy for you to raise a child alone. You should think of Cindy.”

The tears on Amber's face were already dry, and her eyes were full of disappointment, “No, I can give Cindy a good life.”

“I won't let her bear hardships with me.”

Tomas sighed, “Amber, I am Cindy's grandfather. Even if you are divorced, I can see her, right?”

Amber nodded.

Amber looked at Tomas and said in a low voice, “Thank you for taking care of me these years. If it weren't for you, I would not have any achievements in my career!”

“In my heart, you are the best father in the world.” Amber's voice became choked, “Thank you very much.”

She whispered, “How wonderful it would be if my father was like you.”

If Sherman were Tomas, she would not fall in love with Sean eleven years ago.

In these eleven years, she never had a single day of peace.

“By the way, I don't want Sean to interfere in the Smith family dealing with Lin Man.”

Tomas said, “Don't worry, he can never go out these days.”

After the two people finished speaking, the door of the emergency room opened.

A doctor came out. Amber took a step forward, and a bed was pulled out behind the doctor. Feng Chen lay on it with eyes closed.

“Doctor, how is Mr. Feng?”

The doctor looked at Lu Xiangxiang and said in a low voice, “After the rescue, he is already out of danger. He will be transferred to a general ward and wake up in two hours.”

“Thank you. Thank you!”

Lu Xiangxiang and Amber thank the doctor hurriedly.

Amber knew that if it wasn't for Feng Chen, Cindy would have been killed directly.

The doctor turned his head and looked at Amber, “The child has woken up.”

Amber was stunned and looked into the emergency room subconsciously.

Then why hadn't... she come out?

“Mrs. Smith, your daughter had the operation on her eyes not long ago... And the gauze on her eyes was removed too early. Our doctor is checking her eyes to see if the car accident has any effect on her vision.”

“Is she out of danger?”

The doctor nodded, “Yes.”

Amber was finally relieved. She covered her face, sat back on the plastic bench, and cried.

She only had Cindy. Fortunately, God didn't take her away from her.

Amber took a deep breath and asked anxiously, “Can I see my daughter?”

Chapter 407: The Third Time

0 5 minutes read

-

After Cindy's eyes were checked, Amber followed her to the ward.

Only Sean and Gu Jinyan were still in the corridor.

Gu Jinyan handed a cigarette to Sean, and a few cigarette butts were scattered under their feet.

“Sean, what are you going to do?”

Anyway, Lin Man was suspected of hurting Cindy. Even if Sean disliked Amber, he couldn't just sit back and watch.

“Jingyan, do me a favor.”

Sean blinked, and lowered his eyes.

“Huh?”

“Help me to do a paternity test.”

Sean's voice was low.

Gu Jinyan turned his head and laughed suddenly, “Seriously? It will be your third paternity test.”

He was right. It was indeed the third time.

It was so strange.

Cindy suffered an excessive loss of blood, but Amber didn't let her use his blood.

At first, he thought Cindy was Lu Yi's daughter. But Lu Yi had donated blood to Cindy more than once.

He never thought that he and Cindy would be related by blood.

Because he and Amber never loved each other.

Were there really so many coincidences in the world?

Cindy took after him!

"Help me investigate the owner of that private agency in prison."

Logically speaking, Sean should do it himself, but there was an accident when he did the paternity test for Cindy last time. Therefore, he asked Gu Jinyan for help.

After talking with Gu Jinyan, Sean was enveloped in shadows.

He raised his head and met Tomas's stern eyes.

"Follow me back."

"I have something to do."

Tomas sneered, "What is it?"

"Send Lin Man to the police station."

Tomas was a little surprised, "Will you really do that?"

Sean stood up and walked towards Lin Man who was sitting on the plastic bench dejectedly.

"I didn't hurt Cindy."

There were tears in her eyes.

Sean was unmoved, "Let's go to the police station."

"Sean, don't you believe me?"

Sean shook his head. Lin Man didn't understand what he meant. He whispered, "Lin Man, this matter is serious and the police have already got involved in the investigation."

"Even if I don't send you there, the police will come to you."

"You just need to make a statement. Are you afraid?"

Lin Man did not speak, and Sean was not in a hurry, "Feng Chen is the only son of the Feng family. I blocked the news that he is injured."

"Lin Man, we have been together for so many years. I believe you, but it does not mean that the Feng family also believes you."

“The Feng family has plenty means to deal with you.”

The people of the Feng family were not pushovers.

Lin Man was convinced. She stood up with Sean.

After sending Lin Man to the police station, Sean did not leave. He stayed outside and waited. Because of his special identity, he could watch Lin Man’s interrogation process.

What she told the police was the same as what she told him. The police asked the same question many times, and Lin Man’s answer remained unchanged. The only change was that she looked a little hysterical in the end.

Sean watched for two hours and saw no progress. He left the office and smoked.

He sat down on the stool outside and his phone rang.

It was an unfamiliar phone number from Tong City.

Sean licked the corner of his lips and answered it. It was Lin Ye.

“Mr. Smith, your wallet is still with me. I have checked the photo for you. It’s not synthetic.”

Not synthetic?

Sean was stunned.

That was to say, he and Amber loved each other before and Lin Man was not his first love?

Sean rubbed his temples. Why didn’t Amber tell him this when they got married?

She had fallen in love with others at that time?

Or, she hated him, deliberately married him, and wanted to get back at him?

Sean suddenly remembered what he did to Amber three years ago.

At that time, he was overwhelmed with anger and locked Amber in his room. She knocked on the door desperately and asked him to save their child in tears.

If Cindy was his daughter, what happened between him and Amber four years ago?

There was a mess in Sean’s mind.

“Have you found the IP of that hacker?”

Lin Ye said, “No, the traces have been wiped out.”

Sean nodded and said okay.

When he was about to hang up, Lin Ye said, “Mr. Smith, there are sweat stains on its back.”

“Someone probably held it in his palm for a long time.”

Lin Man?

This was Sean's first reaction.

This morning, Lin Man was in the car, and so was his wallet.

Lin Man was the only one who would do that after seeing the picture.

Sean shook his head in denial.

Would she do that?

Sean didn't think Lin Man was still loving him that much.

It was normal that she would think about him, but after so many years, her love for him should fade away. Moreover, Cindy was his daughter on the surface.

He was married.

There was no need for Lin Man to do that for a married man.

Sean took a deep breath.

After hanging up the phone, Sean returned to the office. The interrogation was over. He asked in a low voice.

"What's the result?"

"According to the current interrogation situation, Lin Man's statement is probably true. She even passed the lie detector test."

Sean pressed the corner of his lips.

He didn't know whether to be happy or to be surprised.

"During the interrogation, Lin Man did not have any physical movements. When she answered questions, she was relaxed and didn't look like she was lying. Moreover, when answering questions, she was very serious and sincere."

"She was a little flustered then, but long-term interrogation will cause certain depression and influence on people. It's normal."

"We've investigated the situation in the manor. At that time, the circuit went wrong and the camera didn't work, so there is no evidence..."

"Even if Mr. Feng wakes up and identifies Lin Man, Lin Man is just a suspect."

"Moreover, the truck driver and Lin Man doesn't know each other. Lin Man is not guilty of murder. At most, she would be blamed for her negligence on the child, which can't meet the criteria for imprisonment."

"..."

Sean waited for a while before Lin Man came out. Her eyes were a little dull. After she saw Sean, there was a trace of complaint in her eyes, "Sean, are you satisfied now?"

“I have a question for you.”

Lin Man turned her head suspiciously and looked at him.

“You and Amber were good friends. I want to know the reason why you fell out.”

“Don’t you remember what happened three years ago? It was Amber who coveted you and turned against me unilaterally. Until now, she still refuses to let me go!” Lin Man’s tone was stained with irritation, “She is trying to get rid of me. As long as something happens to her and her daughter, she will put the blame on me.”

Chapter 408: Why Does Amber Hate You

0 4 minutes read

Lin Man pointed at her cheek which was red and swollen, “Sean, I don’t blame you for suspecting me, but my face...”

“Would I do this to myself?”

Sean took a deep breath.

She wouldn’t.

“Lin Man, you are a smart woman. You should know what I’m really asking. Why does Amber hate you so much?”

“Because she loves you!”

Lin Man screamed, and her eyes were bloodshot.

“Amber wouldn’t turn against anyone for a man. I have known her for three years. She is calm and modest...”

“Did she and I ever get together?”

Lin Man sniffed, and suddenly calmed down, “Don’t you think you are asking the wrong person?”

“You should ask her.”

Lin Man finished speaking and went straight down the stairs to leave.

Sean didn’t stop her or send her off. He drove directly to the hospital.

In the ward where Amber was in, the light had not turned off, and the sky was getting brighter.

Sean took a step forward and saw Lu Yi come out carrying a jacket.

Seeing him, Lu Yi was a little surprised.

“Sean, Amber doesn’t want to see you.”

Sean’s eyes darkened. Their divorce agreement had not yet been notarized. Amber was still his wife.

Lu Yi didn’t care what Sean was thinking, and pulled him out directly.

“Why are you here?”

“Why haven’t you left?”

Lu Yi smiled. He didn’t wear glasses. A trace of coldness flashed across his sharp eyes.

“Cindy woke up a moment ago, crying and yelling in pain, saying she wanted dad.” Lu Yi said in a low voice, “Amber didn’t want to call you, so she asked me to hold Cindy for a while.”

Sean’s heart contracted violently.

Cindy had a lot of injuries. If it weren’t for Feng Chen, she was already killed.

“Sean, are you very happy for getting rid of Amber and Cindy?”

“Unfortunately, you can’t be with Lin Man though you love each other deeply.”

Mrs. Smith wouldn’t accept Lin Man. Lu Yi clearly knew that in her eyes, no one could be more important than Sean.

Lu Yi wanted to leave. Sean reached out and grabbed his collar. He was a little higher than Lu Yi. He squinted slightly and was extremely calm.

“Who is Cindy’s father?”

Lu Yi froze.

He pushed Sean away and said with a smile, “Okay, I’ll tell you.”

“You are Cindy’s biological father.”

“However, Amber and uncle just talked about Cindy’s custody. It will be given to Amber, and she won’t accept your alimony.”

Sean paused.

There was only one thought left in his mind. Amber didn’t want him to know that Cindy was his daughter.

He didn’t even know when did he get Amber pregnant with Cindy.

Did Amber seduce him?

How did she do that? At that time, he was in love and had a successful career. Amber did not have an opportunity to do that.

Sean took a deep breath, looked at Lu Yi, and asked in a low voice, “Did you help Amber change the result of my paternity test?”

“That matter had nothing to do with Amber. It was your bad luck. You sent it to Lin Man’s friend’s appraisal agency.”

Lin Man?

At that time, Lin Man had just returned and had no time to tamper with the result of the paternity test.

Lu Yi smiled and then said, "Lin Man tampered with it."

"However, I happened to know that and changed the result of the paternity test to the real one."

"The fake one went out to the Internet. Sean, you don't deserve Amber at all!"

He stretched out his hand and patted Sean, "You have never trusted her. You know what you have done."

"Show some mercy to her, and don't bother her anymore."

When Lu Yi spoke, many unconnected memories seemed to be connected.

On the day of worshipping Johnson, there was a landslide, and he could not find Amber. At that time, Amber's wound was infected and she was unconscious...

Therefore, Lu Yi took Amber away and told his father that he wanted to kill Amber. Then his father withdrew the search and rescue team!

In the Paramount thing, the nurse said that it was Lu Yi who saved Amber, but Lu Yi told him that he did not find Amber.

The two things proved that Lu Yi wanted to get him killed.

How ridiculous it was!

His good cousin wanted to get him killed?

Because of Amber?

Or because of the inheritance of the Smith family?

No!

Lu Yi knew that Cindy was his child. Even if he died, Lu Yi had no inheritance rights. So he did those things for Amber!

Sean couldn't remember the past between him and Amber.

So he was not sure whether Amber helped Lu Yi with those things.

After all, he didn't find Amber in Paramount.

What if Amber deliberately hid and wanted to get him killed in the fire?

If he died, Cindy would be the only heir to the Bo family.

Sean's eyes darkened. No wonder Amber didn't want the shares of the Smith Group!

Even if she didn't want them, they would be hers one day!

Sean let go of Lu Yi.

His questions had already been answered.

There was no point keeping Lu Yi here.

“Sean, uncle knew you would come back and disturb Amber, so he asked me to stay and take you back to the Smiths’ mansion.”

“Let’s go.”

Sean glanced at Lu Yi and his mood was complicated.

In any case, Cindy was the most innocent in this matter. Thinking that he once called Cindy bastard, he couldn’t help feeling it was ironic.

“If I go with you, I’m afraid I can’t see the dawn.”

Lu Yi was surprised and suddenly smiled, “Sean, what are you talking about? I am your cousin. Why would I kill you?”

Sean glanced in Lu Yi’s direction and chuckled, “I won’t go to the mansion.”

“Go without me!”

Lu Yi didn’t move. Sean looked back into the ward. Cindy was having a drip, and Amber was sleeping beside her.

After hesitating, Sean turned around and left the hospital.

He went to Xingyue Bay.

Amber once gave Sean the key to Xingyue Bay. It was kept in his car.

After getting there, Sean took out the key and entered the house.

He had been Xingyue Bay a few times, but he hadn’t taken much notice of its decoration.

The layout looked very simple and was mainly in three colors, black, white, and gray.

It was not like a residence of a woman living with her daughter.

Chapter 409: He Forgot the Person He Once Loved

0 5 minutes read

-

But Cindy’s room was pink.

The curtains in the living room, the lamp in the master bedroom, and the agarwood desk in the study were all in line with his aesthetics.

He noticed the desk before, thinking that Amber was deliberately pandering to his taste.

But he was wrong.

Maybe Amber just wanted to live in peace with him, so she bought some decorations according to his preferences.

However, after they got married, he seldom came back.

If Amber didn't love him, how could she know his preferences so well?

Cindy had a car accident. Amber hated him so badly that it was impossible to tell him what happened between them.

But Sean didn't want to be kept in the dark.

If Amber loved him, she probably had thought of telling him what happened before!

There must be some trace of them being together in Xingyue Bay.

Sean didn't know why. He was extra concerned about this matter.

Standing at the door of the master bedroom, Sean held the door handle.

Not because he was interested in Amber but because he wanted to know the truth.

What if he was never in a romantic relationship with Amber?

Could it be that he forgot the person he loved?

Maybe this was a move of Amber trying to get rid of Lin Man. Maybe this was something Amber made up to confuse him.

Yes!

That was the truth!

Sean opened the door, and just as he opened it, the house door was opened from outside.

He frowned and turned his head. Amber was in the hallway, changing shoes.

Her high heels were put beside Sean's shiny leather shoes, which looked extraordinarily matching.

Amber stroked her hair and looked up at Sean.

"Why are you back? You left Cindy alone in the hospital?"

Sean released the doorknob. Seeing Amber, he had mixing feelings.

On the one hand, Amber was likely to be his former lover. On the other hand, Cindy may be his daughter. But he had no idea what happened that night when he got Amber pregnant with Cindy.

He wondered how Amber had sex with him without making him aware of it.

"That's what I should ask you. Why are you in my house?"

"Your house? If I remember correctly, Xingyue Bay is also my house, isn't it?"

Amber was indifferent, and whispered, "I bought Xingyue Bay, and we are divorced. This is my personal domain."

"Mr. Smith, please get out of here, otherwise I will call the police."

“You care about the Smith Group, don’t you? I don’t think you want a scandal like Sean Smith broke into a private house to appear on the internet, right?”

Sean laughed angrily.

He stepped forward and walked to Amber. His strong masculine aura instantly enveloped Amber.

Amber took a step back, distancing herself from him.

Sean’s pupils contracted!

Amber was so anxious to stay away from him?

“First, I didn’t sign the divorce agreement, so it’s not considered trespassing. Second, even if I’ve signed it, it hasn’t been notarized, so the house is still our joint property.”

“By the way, I’ve taken Cindy’s hair for a paternity test.”

Amber’s pupils contracted.

“Director White, you are always smart, but I don’t know if you have anticipated that I will fight you for Cindy’s custody if she is really my daughter.”

Did Amber really think he cared about her?

What he wanted was the child. If Cindy was his child, he would never let Cindy bear hardships with Amber.

Amber was suddenly wordless.

Sean was going to do a paternity test?

Of course Cindy was his child. What if Sean really fought her for Cindy’s custody after he was sure Cindy was his child?

All she had was Cindy.

Amber’s eyes flickered.

She knew she couldn’t keep it from him for long, but she thought fighting him for Cindy’s custody would happen in the far future.

“Sean, what do you mean?”

“You’re pushing me so hard, because you don’t want to divorce me and you’re in love with me? You can’t give up on me? And even my daughter?”

Sean’s pupils contracted. He was in love with her?

Where did Amber get such confidence?

She thought that he loved her so much that he would even give the Smith Group to her in the future?

The corner of his mouth twitched. He lowered his eyes and mocked, “It’s not even dark yet, and you’re already dreaming.”

“Yes, I don’t want to get a divorce, but it’s not because of you. If it weren’t for the Smith Group, I would have got the divorce papers notarized.”

Amber chuckled. Three years ago, when Sean said something like this, she would probably feel heartbroken.

But Cindy was nearly killed by him. No matter how deeply she loved him, it was nothing compared to Cindy’s safety.

“I don’t want to waste my breath on you.” Amber suddenly calmed down, “If you want to fight me for custody, I will not shrink.”

“I’d like to see if you have the courage to show up in court and confront me in court after never taking up the role of a father and raising Cindy during the past three years.”

There was no tenderness in her eyes.

Sean suddenly held Amber’s shoulders tightly.

He doubted Lu Yi’s words, but Amber’s words were like admitting that Cindy was his child.

Cindy was his child!

But he never raised her and assumed the responsibility of a father.

All this was because of Amber.

If others were in Amber’s place, he would be told the truth.

Sean suddenly remembered that on the day of their wedding, she said that the child in her belly was not a bastard but his child.

And after the opening ceremony of Luoshenwan, she stopped his car and said that the child wanted to see him.

Back then, Amber told him that the child was his.

But he didn’t believe it.

Later, Amber refused to admit that Cindy was his child.

This was her revenge!

She hated him, so she deliberately let him and Cindy be together every day without telling him that his own daughter was right under his nose!

Yes!

Sean stared at Amber.

She was so smart. It was easy for her to let him know that Cindy was his daughter.

Later, he suspected that Cindy was his child, but she dispelled his idea easily.

Sean took a deep breath, and was overwhelmed with hatred.

“Amber, divorce isn’t a laughing matter! I can take it as your little trick of playing hard to get!”

“But if I really sign it, the whole thing is over and you can only regret it!”

Amber laughed in anger and looked at Sean’s face firmly.

Chapter 410: Sign It as Soon as Possible

0 4 minutes read

-

The past was already not very clear to her.

But there was one thing she had never forgotten.

Sean was introverted and arrogant. He never took the initiative to tell her anything.

At that time, Lin Man was her only best friend.

During the holidays, when Sean wanted to give her a romantic date, he would ask Lin Man about her preferences.

At that time, she was jealous, and felt that she was really narrow-minded. However, he was with Lin Man afterwards.

She waited for him for so long, but he did not come back. Lin Man told her with pity that he didn’t love her. What he did to please her was also for Lin Man.

For the past eleven years, she swallowed grievance every day. Everything Sean did to hurt her blurred her memory of him.

Her love for him had changed in quality, mixed with obsessions. She had never felt so clearly that Sean was no longer worthy of her stubborn persistence.

Amber’s eyes turned red.

She had nothing to lose. Maybe she should thank him for bringing Cindy to her.

Amber lowered her head to hide the heartache in her eyes.

“I’m not playing hard to get or joking with you.”

Amber shook off Sean’s hands, “You hate my guts, don’t you? Please sign the divorce agreement and teach me a lesson.”

“Now, you should leave.”

Amber looked very firm.

Sean bit his lip and got out of the house angrily.

Although he did something wrong, why should he humble himself in front of Amber?

His confused mind didn’t calm down until he got out the door.

He was fooled by Amber again!

Amber's determination of divorcing him didn't waver at all!

Since she didn't care, why should he be afraid?

Was he really afraid that the Smith Group would go bankrupt?

Would their divorce have such a big impact?

Sean was very angry. He got into the car, pulled out the divorce agreement and quickly signed it.

Then his eyes rested on Amber's signature which was strong and imposing.

It showed that when Amber signed it, she did not hesitate at all.

Sean's eyebrows were knitted. He held the last piece of paper, becoming more and more upset. When he reacted, the divorce agreement had been torn to pieces by himself.

He held them in his palm, stiffening all over.

He had torn them up. Should he ask Amber to sign another copy?

Amber would taunt him mercilessly, wouldn't she?

Besides, what if Amber wanted to marry someone else with his daughter?

There was always news about men beating their stepdaughters to death!

In this world, few men were good-tempered and could put up with Amber like him!

Sean closed his eyes, and stayed in the car for a while. The sound of opening door came to his ears.

It was very slight, but in the quiet night, he was still taken aback.

He opened his eyes abruptly and stared at the door of Xingyue Bay with fixed eyes.

His Maserati stopped across the road.

Amber was carrying a few clothes in her hands and was going to the hospital, but after two steps, she suddenly changed the direction and walked towards his car.

Sean paused for a moment.

What Amber was going to do?

To apologize to him?

To tell him she changed her mind?

Amber was not a fool, and she must know that she wouldn't get anything if she divorced him.

If he were her, he would be judicious and wouldn't say those words in Xingyue Bay.

Sean was a little proud.

After all, he was the Prince Charming in many women's eyes. They all wanted to be his women, let alone Amber!

Sean drew a cigarette from the cigarette case. Seeing Amber approaching, he rolled down the window, and said in a somewhat cool voice, "Director White, what's the matter?"

Amber nodded. Her eyelashes were elongated by the street light behind her, tickling Sean's heart and making him feel uncomfortable.

Sean stared into her eyes and heard her say.

"Mr. Smith, we are divorced. You should return the key to Xingyue Bay to me."

The smile that just emerged at the corner of Sean's mouth disappeared in an instant. He frowned and said with a sullen look, "What?"

"The key! Give it back to me!"

Amber said firmly, "Are you going to keep the key to my house forever?"

Sean clenched his fists.

Amber was here to get her key back?

Not apologize to him?

Sean's face turned livid with rage. He pressed the corner of his mouth and held back his anger, "What do you think I'm here for?"

Amber frowned.

"I'm here to return your key! When did you become blind?"

"Didn't you see the key in the hallway when you came out of Xingyue Bay?"

She didn't see it!

Amber looked at Sean suspiciously.

Sean looked even more gloomy, "Why are you looking at me like that?"

"A Xingyue Bay is not even worth half a toilet of Hai Wan Xiang Xie. You think I want it?"

"You are the only one who treats it as a treasure!"

The place where Hai Wan Xiang Xie was located was very quiet, and it was a single-family villa. Even if Amber worked in the Smith Group for a few more years, she may not be able to afford it.

Amber nodded. Sean couldn't wait to get rid of her, and looked down on Xingyue Bay. Amber was wondering why he was here. Hearing his words, she understood.

She turned to leave.

Sean paused.

Amber obviously believed his words.

Sean thought he should be happy, but he was annoyed!

He turned the car and stepped on the accelerator hard. Amber's figure quickly disappeared in his rearview mirror.

The Maserati performed extremely well and quickly ran out of the street where Xingyue Bay was located. Sean pressed his lips.

He was still annoyed and upset.

Xingyue Bay was not in the city center. At this time, taxi drivers would not come here.

The street lights were off. Amber probably couldn't wave down any taxi.

Sean stared at the road, shaking his head.

Forget it. What did it have to do with him even if she died on the side of the road?
