Chapter 431: Mrs. Smith Removed It for Her

0 4 minutes read

Sean and Amber were not famous stars. How could reporters watch them every day to see if they got along?

Xu Lin felt that Mr. Smith worried too much.

Sean didn't answer and then hung up.

He drove directly to the hospital.

Sean hadn't reached the hospital, so Amber didn't dare to leave. Standing in the corridor of the hospital, Amber kept her eyes on the parking lot.

Sean's Maserati was particularly eye-catching.

Amber saw the car and stepped away.

She didn't go back to the ward, but went downstairs first and waited beside the nurse's desk on the first floor. After Sean went upstairs, she left the hospital.

On the way to the ward, Sean was thinking about how to explain to Cindy that he failed to bring Amber back.

And how to tell Cindy to call Amber and ask her to come back.

Amber ruined his marriage. Even after the divorce, he couldn't be with Lin Man.

She could no longer have love and marriage.

If he was already in the tomb, he wanted Amber to bury with him.

Sean sighed long and suddenly laughed.

He seemed to have found a vent for the depression and pain in his heart.

Going upstairs and passing by the nurse's desk, Sean saw the nurse on duty. He was not in a hurry to go back to the ward, and asked in a low voice, "Has Cindy's needle been removed?"

Sean was the largest shareholder in the hospital, and he made this hospital the largest one in Tong City.

The nurse answered immediately, "Yes, Mrs. Smith removed it for her."

Sean paused, and his voice became low, "What?"

The nurse was startled by the grimness in his voice, "Mrs... Mrs. Smith, Miss Smith's mother."

She looked at Sean cautiously and whispered, "Miss Smith stopped crying after Mrs. Smith came. She just got downstairs. Didn't you see her?"

Sean turned around at once.

He chased after Amber. He entered the elevator and went to the first floor.

He didn't know why he wanted to chase after Amber after hearing the nurse's words.

If he caught her up, what should he say?

To tell her that he would be against her forever?

To tell her that she would never get Cindy's custody in this life?

Sean couldn't feel any relief.

He pressed his lips tightly. The elevator door opened. Sean reached for the close button and went straight back to the SVIP floor.

When he passed by the nurse's desk, the nurse asked with a smile, "Mr. Smith, did you catch up with your wife?"

With a gloomy face, Sean stepped into the ward.

Cindy was asleep, and her hand was out of the quilt. The medical gauze was pasted on the back of her hand, and the tears on her face were wiped clean.

Amber took good care of Cindy.

The absurd pain hit Sean again, and he took a deep breath.

She didn't sleep, but walked to the sofa and lit a cigarette.

He knew that Amber was avoiding him.

She despised him and wanted a divorce wholeheartedly.

She said unfeeling words on the phone, but she was actually worried that he could not take care of her daughter. When he was out, she secretly came to take care of Cindy.

Amber was awesome!

Sean sneered.

When she took a fancy to him, she could marry into the Smith family with no effort.

When she hated him, she hid from him with no effort.

Amber knew him better than he knew himself!

He held the cigarette between his fingertips. He slept less than three hours this night. His brain seemed to be cracked open, heavy and painful. He took a deep breath and raised his eyes slightly. Under his thick eyelashes, his eyes were bloodshot.

The sky outside gradually brightened. Sean looked at the pale sky, and called Gu Jinyan.

Gu Jinyan answered it quickly. His voice was hoarse and low, and there was no sleepiness in it at all, "What's the matter?"

Sean whispered, "I will call my high school teacher and ask him to contact the classmates and hold a class reunion."

Gu Jinyan paused, "This is your business. Since you have arranged everything, why are you calling me?"

Sean smiled, and whispered, "I need you to do me a favor."

"If I go to the class reunion, I will be away for a few hours, and Cindy will be alone. Can you come and take care of her?"

Gu Jinyan was silent. His throat became dry, and his eyes were cold.

"No, who would want to take care of a brat?"

The smile on Sean's face instantly disappeared.

"Are you sure?" Sean chuckled, "Then I'll ask Mr. Feng to take care of her. Maybe he will readily agree for the sake of that woman!"

For the sake of that woman?

Feng Chen was a well-known workaholic in Tong City.

He wouldn't do that for Amber who basically had no dealings with him.

Therefore, 'that woman' was Lu Xiangxiang.

Gu Jinyan knew that Sean was trying to provoke him, because he knew Lu Xiangxiang disliked Sean!

He gritted his teeth and said in a low voice, "Send your daughter to my villa, and I will hire someone to take care of her!"

This was not a bad idea. Sean nodded though he felt the result of the negotiation was not very satisfactory.

When Amber received the call from her high school teacher, she was a little confused.

After graduating from high school, she never attended classmates reunions.

Those people witnessed the love between her and Sean. She was afraid of recalling the past when she saw them!

After Sean and Lin Man were together, she became a laughing stock in the eyes of her high school classmates.

Her boyfriend quietly became the boyfriend of her best friend. At that moment, most of them laughed at her.

Sean was from the Smith family. People who were jealous of her mocked her after she broke up with Sean.

Amber suddenly came out of her trance. She pressed her lips and said in a low voice, "Sorry, teacher, I have some personal things to deal with. I can't come."

The teacher sighed. Amber's academic performance was very good and could claim to be his favorite student. He actually looked forward to seeing her at the reunion.

Chapter 432: He Asked Me to Hold the Reunion

"Amber, when you were in school, you and Sean were very close, weren't you? It was he who asked me to arrange the reunion. Are you still in touch with him?"

Amber kept silent.

Suddenly, she thought of something from the past.

The teacher was old and didn't know what happened on the internet.

Three years ago, before marrying Sean, Amber was caught in a scandal overnight. The famous celebrity suddenly became the topic of conversation after dinner in Tong City. Even her teacher knew that.

He called her.

"Amber, my daughter showed me the newspaper today. They didn't make the happiest choice of words. My daughter said it was you..."

They didn't make the happiest choice of words?

This sentence was very gentle. When Amber thought about it again, she still felt that she was lucky enough to survive that dark time.

Sherman, her biological father, testified that her private life was indiscreet. The scandal of her being pregnant with an unknown man's child was in the headlines every day. Some people even showed their willingness to sleep with her with a price.

At that time, her scandal caused a big sensation.

She was not a star, but she was the young lady of the White Group.

At that time, Sherman was deep in the quagmire of betraying his ex-wife. After Amber was discredited by him, he became a decent person, and his career flourished.

After Amber received the call from the teacher, she did not explain at all.

In this world, people who trusted you would trust you no matter what others said.

People who didn't trust you would not believe a word you said no matter how you explained it.

The teacher comforted her for a long time. There were too many ups and downs in her life. This elderly teacher was like one of the few oases in the desert which gave her great comfort.

"Teacher, we stopped contacting each other a long time ago." Amber's voice choked. She took a deep breath and whispered, "Sorry, I brought you trouble by falling in love early."

“Alas.” The teacher laughed, “I have seen a lot of puppy love. As long as they didn’t stir up big trouble, I will not stop it. You were a good girl. You didn’t delay your studies.”

“I thought that you and Sean would make a perfect match. When did you break up?”

Amber’s heart ached. A perfect match?

“Before we graduated from high school.” Amber took a deep breath and explained in a low voice, “Teacher, I married him later, but I just got a divorce.”

“Please don’t mention me in front of him, in case we will all be embarrassed.”

There was silence on the phone.

After a long while, the teacher said, “So, you don’t want to come, because you are trying to avoid him?”

Amber acquiesced.

The teacher laughed, “Amber, my son has finished studying abroad and is engaged in scientific research in Tong City. If you like, I can introduce him to you.”

Amber quickly refused.

The teacher had his son at an old age. He spurred and taught his son well. His son was very successful, and his academic papers were well-known at home and abroad.

Amber didn’t think that the teacher’s son would take a fancy to her.

“Amber, are you going to be single for the rest of your life after leaving Sean?”

Amber was stumbled by this question.

No.

She never thought she couldn’t live without Sean.

But the teacher didn’t know that Sean’s appearance dispelled the pain of losing her mother, the despair of being rejected by her biological father, and the loneliness of being alone.

Even in the future, no matter how many people appear in her life, she couldn’t forget Sean.

He was different.

It was just that her feelings for him changed and disappeared.

That was it.

In the end, Amber agreed to attend the reunion.

She agreed to meet the teacher’s son.

She was unwilling to be alone after leaving Sean.

...

Three o'clock in the afternoon.

When the sun was the most scorching, Sean sent Cindy to Anshang Mansion.

Then he went to the reunion.

The teacher would also come, so Sean booked Ritz-Carlton as the rendezvous.

Sean had asked Xu Lin to inquire about the teacher's preferences for food.

The teacher liked Sichuan cuisine, so he asked Xu Lin to order a few dishes in the most prestigious Sichuan restaurant in Tong City and had them delivered here.

There was a traffic jam on the way. When Sean arrived, there were already several people in the private room.

Sean opened the door and saw the person in a red dress sitting next to the teacher at a glance.

Lin Man.

In just two days, the wound on her face healed. She sat beside the teacher quietly, like a black rose.

"Sean."

The teacher stood up and called him. Sean smiled and sat down on the other side of the teacher.

Sean personally opened a bottle of red wine and poured a glass of it for the teacher.

The teacher smiled and looked around. He was in good spirits, and could even remember the names of most people present.

"Everyone is here except for Amber."

Sean sneered.

Amber was anxious to divorce him and would never come.

However, Sean didn't expect that Amber would put on airs like this. The teacher invited her personally, but she still refused to come.

Sean was a businessman who knew well how to get along with people.

Lin Man was present. Even if he wanted to pry into his and Amber's past, he kept silent and didn't mention a word about it.

After they had filled and emptied their glasses three times...

Some people got drunk and started to talk about the past.

"Sean, I have been curious about one thing for more than ten years..."

Sean looked at the person, who was a famous dandy in Tong City.

He had fooled around with almost all the female young stars in the showbiz.

He was Shen Qiu.

In normal times, Shen Chun didn't dare to offend Sean, but he was drunk at this time.

Some men talked too freely when, as was too often the case, they were in their cups.

"At the beginning, you and our campus belle were in love. Why did you get involved with Lin Man later? Lin Man is less pretty than Amber. Lin Man, how did you hook up with Mr. Smith? Because you were great in bed?"

Shen Chun's eyes were obscene and reckless, which distorted his good-looking face.

Lin Man turned pale in an instant.

"Shen Chun!"

The teacher reacted first and snapped at him.

Shen Chun's family was rich, but if Sean was really angry, he could destroy his family with no effort.

Moreover, Amber was his favorite student. He didn't want anyone to gossip about her.

The teacher glanced at Sean.

Sean sat under the light with a gloomy face. If it weren't for his tight grip on the wine glass, the teacher could hardly find out his mood.

"What are you guys afraid of?" Shen Chun shook off the hands of his good friend tugging at his clothes and said with a smile, "Mr. Smith, you have so many women. Lin Man and Amber are only two of them, aren't they?"

Shen Chun hiccupped and stood up. The wooden floor creaked with a harsh sound as he staggered up to Sean. He said obscenely, "To be honest, I have been thinking about Amber for many years. Is she really as flirty as the rumors three years ago?"

"Help me contact her!" Shen Chun reached out one figure, "It would be enough if I sleep with her for one night... ah!"

Shen Chun screamed suddenly. Sean grabbed his finger and almost broke it off. The others kept silent in shock.

He suppressed his anger with a cold face, "What are you? How dare you think about my woman?"

The pain in the finger almost occupied all of Shen Chun's senses. He suddenly sobered up and broke into a cold sweat.

"Mr. Smith... Mr. Smith, I'm drunk. Sorry, I shouldn't have said those words..."

Sean licked the corners of his lips and slowly let go of him. He stared at Shen Chun firmly. Shen Chun was scared by his gaze and deeply regretted what he said.

The atmosphere was tense. Sean arranged his suit jacket and got up from the stool.

The teacher reacted and called, "Sean..."

Sean suddenly smiled, "Teacher, I have something to do. Excuse me."

"Enjoy yourselves. I'll cover all your expenses."

Obviously, there was a misunderstanding between Sean and Shen Chun. When the teacher was about to explain for Shen Chun, Xu Lin pushed open the private room door and walked in. The file in his hand attracted everyone's attention.

Sean left the private room, and Xu Lin glanced at his expression worriedly.

"Mr... Mr. Smith."

Sean frowned, "Go to the private room and get Shen Chun to my room. I have something to ask him."

Xu Lin nodded.

He held a cigarette, and the white smoke wrapped his entire face. His expression was fuzzy.

He took two steps and saw a few waiters carrying some dishes and walking to another private room. When he passed them, a faint scent of food rushed into his nose.

Sean glanced at the food and happened to see the Dried Winter Bamboo Shoots in the middle.

When Amber went to the Smiths' mansion for the first time, aunt Zhang mentioned that Amber liked this dish.

A daze flashed across his face. Standing in the long corridor, he was lost in thought. At this moment, the door of the private room opposite was pushed open.

He was about to leave. Before turning his head, he saw Amber sitting at the side of the dining table, wearing a black dress and delicate makeup.

The private room was closed, and footsteps came from behind. Xu Lin walked over with Shen Chun, "Mr. Smith? You... haven't left?"

Sean squinted, came out of his trance and took the lead to leave.

The three of them took the elevator directly to the presidential suite on the top floor. He didn't rest well last night and planned to have some rest here.

Sitting down on the sofa, Sean poured himself a glass of red wine, then pointed to the sofa opposite, and said to Shen Chun, "Sit down."

The pressure that came from him was too strong, and Shen Chun directly broke out in a cold sweat.

"Mr. Smith, I didn't mean what I said. Please... forgive me..."

Sean smiled and said in a low voice, "I'll just ask you a few questions. Don't be nervous"

If the gloominess in Sean's eyes could reduce a little bit, maybe Shen Chun would not be so nervous.

He pressed his lips and sat down anxiously across from Sean.

Sean beckoned. Xu Lin hurriedly handed over a document. He flipped through it, then handed the document to Shen Chun and whispered, "Read it."

Shen Chun was suspicious.

The Shen Group was not big. Sean got him here because he wanted to cooperate with the Shen Group?

Shen Chun was uneasy. He lowered his head and opened the first page.

The Acquisition Planning of the Shen Group.

Shen Chun's eyelid jerked.

He was a dandy and didn't know much about the company, but the Shen Group was his backing. The Smith Group accounted for more than 45 percent of the economy in Tong City. It would be a breeze for Sean to annex the Shen Group.

He was suddenly afraid, "Mr. Smith, I'm sorry. I shouldn't have insulted Mrs. Smith at the class reunion. Please forgive me. I can apologize to Mrs. Smith."

The curtains in the suite were not opened, and the atmosphere was depressing. Sean's expression was not clear.

He held the goblet, took a sip of red wine, and his lips were dyed red by the wine.

Sean lowered his eyes and asked in a low voice, "How much do you know about Amber and me in high school?"

Shen Chun was surprised.

Amber was a stunningly beautiful woman, so Shen Chun always remembered her.

Shen Chun was a little surprised.

"Mr. Smith?"

"Tell me all you know!"

Sean snapped.

Shen Chun took a deep breath and said, "I don't know much, but everyone witnessed you loved Amber."

"At that time, you were a character in the school, and most girls had a crush on you. When you were with Amber... Mrs. Smith, Rouran once locked Mrs. Smith on the rooftop for three days. You... almost turned the entire school upside down to find her..."

Chapter 434: Lin Man and Mrs. Smith Fell Into the Water at the Same Time

Shen Chun glanced at Sean cautiously.

Shen Rouran was his cousin. They were the same age and went to the same school. She had a crush on Sean since childhood.

“Don’t you remember? Rouran was sent out of the country eleven years ago because you said that you don’t want to see her again...” Shen Chun looked at Sean’s dazed face and continued, “Until now, my family dare not let her return to home without your permission.”

“Anything else?”

Shen Chun thought carefully, and chuckled, “You know, I dare not inquire about the privates between you and Mrs. Smith!”

Sean squinted at Shen Chun.

Shen Chun shivered and whispered, “Not long after you and Mrs. Smith were together, you and Lin Man were in love and left school. Amber also disappeared... Three years later, I saw her on a cruise ship... Oh, you and Lin Man were also there. I remember very clearly that Lin Man and Mrs. Smith fell into the water at the same time.”

Sean had a fuzzy memory of this.

That happened already eight years ago. He jumped into the water to save Lin Man and didn’t notice Amber.

Amber tried to get close to him so early?

She couldn’t accept their breakup, so she pestered him?

He had an awful eye for women. He actually took a fancy to Amber back then!

He even drove other women out of the country for her!

Did Amber coax him to do that?

Sean bit his lower lip, looking at Shen Chun with cold eyes.

Shen Chun was under a lot of pressure. He hesitated and didn’t dare to speak, but Sean was obviously waiting for him to go on, “On the cruise ship, Mrs. Smith talked to Miss Lin for a while.”

“Later, Amber left the cruise ship. It was Lin Man who sent her away.” Shen Chun whispered, “At that time, I coveted Mrs. Smith...”

Sean’s dark gaze fell on him again which scared him.

He swallowed and continued, “Mr. Smith, I didn’t do anything to her. Mrs. Smith was crazy at the time. She walked all the way from the dock back to school, and her feet even rubbed raw.”

“She went on the rooftop of the school, crying and laughing. I thought she wanted to jump off the building, but she took out a lot of photos from her purse and burned them there.”

The situation was dangerous at that time. Shen Chun shivered when thinking about it.

“These are all I know. My friend, Lai, can prove what I told you is true. We followed Mrs. Smith back to school...”

At that time, they had graduated for three years.

Shen Chun originally wanted to take advantage of Amber. He followed Amber and wanted to comfort her when she was exhausted.

Who knew he saw that scene.

He was frightened by Amber and couldn't even have an erection when he saw beautiful women.

But then, he saw Amber in the headlines. She looked better. Her beauty was like a weapon.

His suppressed yearning for Amber was out of control.

Sean and Amber divorced. He was overjoyed and then offended Sean...

After Sean heard him out, the expression on his face gradually became numb.

He pressed the corner of his lips with a sullen look.

It was impossible!

“Get out!”

He suppressed the tone and uttered two words, hoarse and unpleasant. Shen Chun and Xu Lin were taken aback and went out at once.

“Wait!”

Shen Chun was timid. His calves started to tremble, and he didn't even dare to turn his head back. Sean's voice came from behind him quietly.

“If you don't want me to acquire the Shen Group, apologize to Mrs. Smith.”

Shen Chun was about to cry.

Although he was a dandy, he knew what to do in such a situation.

“I'm going to Mrs. Smith.”

“She's in the 1213 box downstairs!”

Sean said lightly.

After Shen Chun and Xu Lin were driven out, he sat on the sofa alone.

His brain started to hurt. It was an unfamiliar pain.

He always felt familiar with what Shen Chun said, especially in the section of Shen Rouran and the cry of a woman on the rooftop.

But why was it Amber and not Lin Man?

He was a little flustered and felt that something was wrong.

Shen Chun liked Amber, and Amber had always been very good at seducing men.

Who knew if he was bought over by Amber or not?

She wanted him to be sorry. She hated him. It was very likely.

His phone rang. Sean answered it, and Gu Jinyan's voice immediately came.

"Sean, is your reunion over? Your daughter is asleep. Come and pick her up if it's over."

Sean took a deep breath and kept silent.

Gu Jinyan noticed it, paused, and asked, "What happened?"

Sean shook his head, "No..."

His voice was dry and hoarse. Gu Jinyan was frightened, and whispered, "Did you find out anything?"

Sean suddenly laughed, "No, but I've deduced something."

It was difficult for him to accept it.

Sean's eyes were stinging, and his voice became lower and lower, "Eleven years ago, I had a car accident and lost part of my memories... When I woke up, Lin Man was by my side."

"I might have mistaken someone else for her."

...

When Amber just arrived at box 1213 of Ritz-Carlton, the teacher's son was already there.

He was very handsome with a gentle and cultivated aura. Seeing Amber, he smiled, making her feel warm.

"Miss White?"

"Yes."

Amber answered. The man stretched out his hand and said in a low voice, "Nice to see you. I'm Fu He."

Amber whispered her name. She knew him. He was her senior and the number one in the final mid-term exam for three consecutive years.

She was amused. Unexpectedly, she was actually having a blind date with Fu He.

Amber was a little restrained. Fu He didn't keep looking at her. He reached for the menu the waiter handed over and whispered, "My dad told me you like Fried Winter Bamboo Shoots?"

Chapter 435: I Have a Three-year-old Daughter

“Yes.”

Fu He chuckled and ordered it. He discussed with Amber, ordered a few more dishes, and closed the menu.

Their private room was very quiet. It was not as big as the private room where the reunion was held, but it was more suitable for a date.

The two chatted for a while. Fu He was not a nerd but a man of wide knowledge and experience. Even though they had different majors, he made their conversation interesting.

The dishes came. They started to eat, and the private room became quiet.

After a while, Amber put down her chopsticks.

Fu He whispered, “Are you full?”

Amber nodded.

“What about going out for a walk?”

Amber hesitated for a moment and made her thoughts clear to him, “Mr. Fu, I don’t know if your father told you about my situation. I am Sean’s wife. I am getting a divorce, and I have a three-year-old daughter. “

“Sorry for taking up your time, but I don’t want a relationship for the time being.”

Fu He was about to speak when the door of the private room was knocked. The two turned around together. Shen Chun pushed the door in.

Amber squinted. Shen Chun walked up to Amber in two steps, “Mrs. Smith, I’m really sorry. I shouldn’t have said something like that to offend you at the class reunion. I heard that you are here, so I came to apologize...”

Amber was keen and caught the key point of Shen Chun’s words, “Who told you I’m here?”

Shen Chun froze.

Only the teacher knew Amber and Fu He were here. This “blind date” was arranged by the teacher. He couldn’t tell Shen Chun about this and let him deliberately destroy their blind date, right?

“I...”

Shen Chun hesitated and changed the subject in embarrassment, “Mrs. Smith, we are having our class reunion. Our classmates are in the opposite private room. Would you like to say hello to them?”

Amber glanced at Fu He who got up and said in a low voice, “Let’s go together. My mother asked me to keep an eye on my father and not to let him drink.”

Amber was very grateful for Fu He’s gentleness and nodded.

The two went out together and entered the private room opposite.

Everyone was indeed here, except for Sean, and even Lin Man was here. Amber sat down beside the teacher, and the two chatted.

Lin Man suddenly interrupted, "Amber, isn't Cindy in the hospital after the car accident? You and Sean are both at the party. Who is looking after her?"

Amber raised her eyes at Lin Man with hostility.

Lin Man's eyelid jumped. She took a deep breath, and smiled, "And why did you come here with Mr. Fu?"

The news of the divorce between Sean and Amber had not been announced, but these people had already looked at Amber with questioning eyes.

Was it a lie that they hadn't divorced?

Or, Amber and Sean's marriage existed in name only?

Amber's lips moved, "What do you mean?"

"Lin Man, isn't it tiring to beat around the bush?"

Lin Man's eyes deepened. She looked at Amber without saying a word, just smiling.

Amber looked at Lin Man, and countless hatreds grew in her heart. She easily destroyed everything she had worked so hard to manage and almost killed Cindy.

In this kind of occasion, Lin Man was actually trying to provoke her?

"Why, you want to get something on me? You can't wait to see Sean divorce me?" Amber said indifferently, "Why bother? Even if we get divorced, you can't marry him!"

Lin Man clenched her fists.

She couldn't be led by the nose by Amber!

"Amber, what are you talking about? Sean and I had separated long ago. Why are you so hostile to me?"

Amber glanced at Lin Man leisurely.

Shen Chun glanced at Lin Man with a smile. She was also pretty, but couldn't compare with Amber at all.

After knowing that Sean and Lin Man were together, Shen Chun laughed at Sean's eye for choosing women.

Lin Man was neither good-looking nor kind!

"Miss Lin, are you serious? If Mrs. Smith is hostile to you, can you still sit in the private room and sneer at her?"

Lin Man was speechless.

Shen Chun was a veteran of winning women's favor. He knew how to coax women and how to mock women.

“Then why did you hit the headlines with Mr. Smith frequently? You want to be a star?” Shen Chun’s tone became more ironic, “Miss Lin, you chose a good pawn!”

Shen Chun’s words were really meaningful.

Lin Man turned her head, and her gaze paused for a while on Shen Chun’s face. Then she laughed, “Amber, you misunderstood me.”

Saying that, she stood up with her handbag and said, “Since I am not welcome here, I’m leaving. Goodbye, teacher.”

Lin Man brushed against Amber and left the private room.

Amber gave a low laugh.

She had no interest in gatherings and left the reunion soon after Lin Man did.

Fu He had to stay and look after the teacher. She walked out alone. When she reached a turn, someone attacked her neck, and she lost consciousness.

...

In the presidential suite on the top floor, Sean kept smoking, and the ashes fell all over the floor and his shiny leather shoes.

His eyes were bloodshot.

He was waiting. He had sent someone to investigate what happened eleven years ago.

His speculation was a huge blow to himself.

As soon as his phone rang, Sean took it out. He received a document.

The results of the investigation were far from satisfactory. The private detective didn’t even find a picture of him and Amber.

Sean squinted and made a call.

The private detective answered it. Sean said, “I paid you so much money. Is this what you got for me?”

“Mr. Smith, things related to you eleven years ago have been erased.”

“You said you want the love story between you and Amber, but I can’t find a photo of you two. Instead, I find the details of your love story with Miss Lin. And there are many photos of you. Do you want me to send them to you?”

Sean cursed and hung up.

The private detective couldn’t even find out what happened, which proved that the person who erased the past was of great finesse.

Sean could only think of one person, that was, his father Tomas.

Chapter 436: I Saw Shen Chun Carrying Mrs. Smith

-

But it was impossible. His father always wanted him to treat Amber better. If Amber had a past with him, and his father knew about it, why didn't he tell him?

Did his father want him to forget his past forever?

He took a deep breath and had a splitting headache.

Then he picked up his suit jacket and was about to leave the suite.

As soon as he opened the door, he saw a woman who raised her hand to knock on it.

Sean had a slight impression of this woman. He saw her at the party just now.

Seeing him, the woman froze, "Mr. Smith..."

"What's the matter?"

Sean frowned. How did she know he was in the suite?

"Mr. Smith, I just saw Shen Chun carrying Mrs. Smith and heading to the suite downstairs..."

Sean's pupils contracted, "What?"

"Shen Chun carried Mrs. Smith and went to the accommodation floor downstairs..."

Sean went straight downstairs before she finished speaking.

He was in a state of confusion.

How could Amber be taken away by Shen Chun?

After leaving him, she had such a poor eye for choosing men?

Sean held his phone. What did this have to do with him?

Standing in the elevator, Sean took a deep breath and called Xu Lin, "Call Amber... No, call the front desk of Ritz-Carlton. I'll give you five minutes to find Amber or Shen Chun!"

This was really an unexpected order.

After hearing this, Xu Lin quickly contacted the front desk of Ritz-Carlton and checked all the rooms.

Five minutes later, Xu Lin came to Sean and said, "Mr. Smith, two rooms are locked. No matter how we knocked, they wouldn't open the door."

Two rooms?

Sean frowned and whispered, "Smash the doors open!"

Ritz-Carlton was not the Smith Group's property. Hearing this, Xu Lin was dumbfounded.

Sean's eyes were cold and he said, "Mrs. Smith is missing. I suspect someone is going to hurt her! Smash the doors open!"

Xu Lin hurriedly acted on the order.

The first door was violently smashed open.

Sean was angry. He asked Shen Chun to apologize. This was his apology?

Sean didn't trust Amber, but Amber was still his wife. He didn't want to let the others see the situation inside. When the door opened, Sean made them turn around and walked in alone.

The woman's cries were miserable, seeping out of the doorway with a little hoarseness.

Sean was stunned and quickly walked in.

Shen Chun was pressing the woman, frantically tearing her dress.

Sean's eyes were filled with anger. He grabbed Shen Chun's collar, pulled him off the bed, and punched him hard.

"Woo... Sean, Sean, help me."

Hearing the sound, Sean turned his head and saw Lin Man who was crying in fear.

He was stunned for a moment. Before he could react, a tumult rose at the door. A lot of reporters came. Even the bodyguards couldn't stop them. They rushed in, and the spotlights kept flashing. Then countless questions poured to Sean.

"Mr. Smith, you like Miss Lin very much, don't you? Will you divorce Mrs. Smith for her?"

"Mr. Smith, as far as we know, Miss Lin is your first love. How much does the reason why you didn't attend the wedding three years ago have to do with her?"

Sean's blood flowed backward, and for the first time he felt like a fool, stupidly falling into the trap.

Many faces flashed across his mind.

Was it Amber?

In order to get a divorce from him, she was doing whatever she could?

She ignored Cindy and abandoned her dignity just to get rid of him?

Sean stood up from the ground and looked at Lin Man. Her dress was torn apart. There were traces of abuse on her fair-complexioned skin.

But Shen Chun did not succeed.

She cried so hard that her voice became hoarse. Sean took a deep breath, pushed away reporters, and put her jacket on Lin Man's shoulders.

Lin Man fell into his arms, crying aggrievedly, "I'm so scared. Sean, I'm so scared!"

However, Sean didn't feel a trace of heartache for her.

...

When Amber woke up, it was pitch black around her.

Amber felt familiar with this situation. She was locked in Ye Se's bathroom by Tang Tian like this.

She lowered her eyes, and her gaze fell on the phone screen one meter away.

She was tied to a chair with something gagged her mouth.

A piece of financial news was being broadcast. Amber didn't know the intention of the person who knocked her out.

That person locked her here to show her financial news?

The back of Amber's head hurt, and it was dark around her.

Amber struggled but failed to break free.

Then the financial news instantly turned into entertainment news.

Sean pressed Shen Chun to the ground and punched him bitterly. Lin Man on the bed was in a mess and crying.

Amber stiffened suddenly.

Even though she told Sean Lin Man was the one who hurt Cindy, he still had such a deep affection for Lin Man?

Amber couldn't believe her eyes. She fixedly looked at the screen, and her heart was like being clutched, "The Smith Group's chairman, Sean Smith, beat the young master of the Shen family who harassed his ex-girlfriend. When our reporters arrived, they asked if Mr. Smith was about to get married to Miss Lin. Mr. Smith didn't deny it."

"It is reported that Sean has secretly signed a divorce agreement with Amber... Sean and his ex-girlfriend are a perfect match. We wish them a good marriage in the future..."

Amber's ears were roaring. Her heart was already riddled with holes. She thought it would never hurt anymore, but when she saw this scene, her tears suddenly fell.

The rope tightly tied her. She couldn't move.

Amber stared at the phone screen. At that moment, she knew that she could not forgive Sean for the rest of her life.

Amber didn't know how long she had been sitting in this room. When the door of the room was opened from the outside, the cleaner of Ritz-Carlton was scared and she quickly untied Amber.

Amber stretched herself and asked in a low voice, "What time is it?"

The cleaner glanced at the time, "Four o'clock in the morning."

Chapter 437: Don't Tell Anyone

0 4 minutes read

-

“Miss, who did this to you? Should I call the police for you?”

Amber glanced at the utility room. There were basically no valuables in this kind of place. Ritz-Carlton did not install cameras here. Amber was sure that she couldn't find the person who took her here.

“No. I'm fine.”

“Please don't tell anyone about this.”

The cleaner didn't know what Amber wanted to do. She nodded and reached for the phone on the wall.

The phone was Amber's.

Amber entered Microblog. Sean and Lin Man made the headlines.

The scene of Sean beating Shen Chun was edited into a small video. In the video, Sean's face was clouded, and his eyes were full of anger.

Amber stood at the door of the utility room for a while. Her heart was gradually getting cold. It seemed to be trapped in a cold cellar.

Amber's fingers trembled, and she dialed a number.

The phone beeped a few times, and the person on the other side answered it, “Sister?”

There was no sleepiness in the man's voice. Amber said, “Are you still up?”

“Sean and Lin Man have made such big news. That bitch lives so happily. I feel uncomfortable and can't sleep.”

Amber was silent, and Marcus reacted. After all, Sean was still his brother-in-law, and they were not divorced completely. Marcus hurriedly said, “Sister... are you all right?”

Amber's eyes were stinging. She almost couldn't hold back her tears, “I'm fine.”

“Sister, I've mentioned to my parents about the inheritance of the White Group. When can you come to work?”

“They didn't agree, did they?”

“They gave me the White Group. It's mine, and I give it to whoever I want! I was not asking for their consent but informing them.” Marcus was depressed.

Amber felt surprised. She hated Yolanda, and even hated Marcus.

Sherman and Yolanda were despicable and mean, but their child was kind and straightforward like a pure glaze.

“Sooner or later, the White Group will decline if I’m in charge of it. Sister, after you come to the White Group, you are the president. Although your money will be less than Sean’s, at least you don’t have to depend on another’s favor.”

“Sister, get a divorce from Sean. We don’t want anything from the Smith family, and draw a clear line with them. Staying at the Smith family, you will only suffer more.”

Amber let out a sigh of relief.

“Marcus, I can work in the White Group, but I have a request.”

“What is it?”

Five minutes later, Amber walked to the gate of Ritz-Carlton. She ran into Xu Lin. Seeing Amber, Xu Lin was a little surprised, “Director... Director White?”

Amber glanced at Xu Lin with a faint smile, and whispered, “Secretary Xu, I am no longer an employee of the Smith Group!”

“You shouldn’t call me Director White.”

Amber went straight out of the hotel. There was no taxi at the entrance of Ritz-Carlton. She walked to the intersection and stopped a taxi. She told the driver the address of the Smiths’ mansion, leaned on the seat and closed her eyes.

Xu Lin watched Amber leave and froze in situ.

Red eyes, messy hair and mess dress. A bad premonition rose in Xu Lin’s heart. He took out his phone and called Sean.

When Sean received the call, he just closed his eyes.

When the phone rang, he opened his eyes and answered it.

“What is it?”

Xu Lin stammered, “Mr. Smith... I saw Director White.”

Sean’s eyebrow twitched. He asked Xu Lin to check what happened in Ritz-Carlton...

Xu Lin saw Amber there?

“Director White doesn’t seem to be in good condition.” Xu Lin took a deep breath and said cautiously, “Her dress was messy, and she has cried...”

Xu Lin described it very euphemistically.

Sean knew what he meant.

His heart contracted, as if being pinched.

“What?”

Sean’s voice was cold, and Xu Lin panicked, “Mr. Smith, should... should you call Director White?”

Sean hung up abruptly, and he got up from the bed.

As soon as he moved, Cindy woke up.

“Dad, where are you going?”

Sean touched Cindy’s head and whispered, “Cindy, I’m going to find your mother. You stay in the hospital by yourself, okay?”

“Dad will ask someone to take care of you.”

Cindy was very good, but for the first time, she didn’t say okay directly.

“Dad, I saw the news from uncle Gu.”

“Are you going to see aunt Lin?”

Cindy’s eyes were black and shiny, and a halo shattered in her eyes, looking soft and warm. In fact, they were all tears.

Sean was speechless.

Cindy held back her tears and whispered, “Dad, it was Aunt Lin who took me out to that road. She left me on the road where the street light was dim. I couldn’t find mom...”

She suddenly cried and was afraid that Lin Man would feed her to a big bad wolf like she said. She was also afraid that... Sean would leave.

Cindy was sobbing too much to speak, “Dad, please don’t go to aunt Lin... She’s a bad person.”

“Dad...”

Sean’s breathing seemed to be cut off by Cindy. He frowned and looked overcast.

“I’m not going to see Lin Man.”

“In the afternoon, you said the same thing.”

But Sean was with Lin Man and made headlines.

What saddened Cindy the most was that he went to pick her up after four PM.

She was young, but she knew that Sean loved Lin Man more than he loved her and her mother.

And It had been a long time since she saw her mom.

Cindy pinched her little fingers and said in a low voice, “Dad, can you call mom? I want to see her.”

Amber wouldn’t come.

Sean hesitated and said in a low voice, “I’ll find your mother and bring her back.”

Sean directly hired a caregiver for Cindy in the hospital, and then he called Xu Lin to keep an eye on Cindy before leaving the hospital.

He went to Xingyue Bay first, but did not find Amber there.

At that time, Amber arrived at the Smiths' mansion. It dawned and Tomas was already up.

Chapter 438: I Don't Want Any of You to Disturb Me

0 4 minutes read

Amber held the newspaper she bought by the roadside tightly.

Seeing her, Tomas was surprised, "Amber, why are you here? Sister Zhang, prepare an extra breakfast."

Amber smiled and said in a low voice, "Don't bother. I'll have a few words with you and leave."

Tomas looked at Amber. She was calm and composed, spread the newspaper in her hand, and handed it to Tomas.

Just after reading a little bit of content, Tomas frowned.

Amber whispered, "Mr. Smith, if my divorce went smoothly, I probably have already got the divorce certificate and shouldn't bother you again, but I want to get it today."

Tomas was stunned. The divorce agreement signed by Amber had already been torn by Sean. The divorce agreement could not be sent for notarization. Sean did not cooperate on the divorce thing.

"Look, Mr. Smith." Amber pointed to Lin Man on the cover who was wearing Sean's jacket and leaning against Sean's arms, "Sean and Lin Man are a very good match.

The divorce agreement has been torn by Sean, so the agreement we signed before is invalid, and the verbal agreement between me and Mrs. Smith is also invalid."

"No matter whether Sean marry Lin Man or Zhang Man, it has nothing to do with me. I hope I can get a divorce today."

Tomas kept silent, looked at Amber's cold face, and heard her out, "After the divorce, I hope my life will not be disturbed by anyone from the Smith family."

"I won't donate bone marrow to Sean."

Tomas felt very guilty for Amber. Lin Man was suspected of hurting Cindy, but Sean still got entangled with her.

It was understandable that Amber was not willing to donate bone marrow to Sean.

Tomas took a deep breath and said in a low voice, "Amber, I agree with your requests. I will call Sean over, and you two will go to the Civil Affairs Bureau and get the divorce certificate."

Amber shook her head, fixedly looking at Tomas with dark eyes, "Mr. Smith, three years ago, Sean did not go to the Civil Affairs Bureau to get the marriage certificate with me."

"He was not willing to marry me, so he must be very happy when we get the divorce certificate."

“But ever since he knew that Cindy was his child, he has been delaying our divorce.” Amber’s voice was so soft, but her words were so cold, “In this case, I don’t need him to go to the Civil Affairs Bureau with me.”

...

Sean was waiting outside Xingyue Bay for Amber.

It had been dawn for a while, but Amber still hadn’t returned.

His eyes were haloed with thin morning light. He was in a panic and could hardly breathe.

Sean was worried that Amber would hurt herself.

He hit the steering wheel with a punch, and the horn sound was harsh and sharp. He couldn’t wait any longer, took out his phone, and called Xu Lin, “Find out Amber’s location!”

Xu Lin acted on the order.

After hanging up the phone, Xu Lin was about to contact a private detective, and a message was pushed to him.

#Amber, Goodbye, Mrs. Smith, #pics#

Amber’s Microblog account was certified and applied when she was in the Smith Group, so everyone in the company followed her.

Xu Lin was no exception. He clicked into it to see Amber’s post.

Amber just posted it, and there were only a few comments under it.

The pictures were two divorce certificates.

Sean and Amber’s names were on them, and the date was new.

Xu Lin forgot to react.

In just three minutes, Xu Lin’s mobile phone stuck, and he got disconnected from Microblog.

The divorce certificates of Sean and Amber caused an uproar on the Internet, and the Microblog server was paralyzed. Xu Lin paused, remembering that Sean asked him to find Amber.

He suddenly felt sorry for Sean. He probably hadn’t known this.

After hesitating, Xu Lin called Sean.

Sean’s tone was full of anxiety, “You’ve found her?”

“Mr. Smith...Director White posted something on Microblog.”

Xu Lin didn’t tell Sean in detail.

Sean felt relieved. Amber was not in danger?

His back was no longer stiff, and he said in a low voice, “Well, I’ll check it out.”

Sean's voice was particularly peaceful, even with a slight gentleness that was not obvious.

Xu Lin hesitated for a moment, hung up and called Lu Yi.

He should notify the PR department of such a big matter.

Sean clicked directly into Amber's Microblog account.

Her new post?

What was it?

Was it about him?

To bare her heart to him openly?

The corner of Sean's lips was raised, and he clicked into Microblog.

Countless @ made Sean's phone stuck for a while, and his phone even went dark.

What shocking words did Amber post on Microblog?

Was it something nasty like Sean I love you, I can't live without you?

Sean was a little pleased.

Did she suffer some kind of grievance last night? So that she was afraid and wanted to return to his arms?

Thinking of this, Sean frowned.

Before he could find Amber's Microblog ID, a message was pushed to him.

Sean and Amber Are Divorced

Sean was stunned.

He thought that it must be disclosure from someone because when Amber and he signed the divorce agreement in front of the emergency room, several other people were also there.

However, the Weibo homepage automatically refreshed, and Amber's post was on the homepage.

Sean clicked into the long picture.

Divorce certificates.

There were the stamps of the Civil Affairs Bureau on them.

Sean's breathing froze, and at that moment, his brain went blank.

The divorce agreement had been torn by him.

It couldn't be true.

Amber hadn't got what she wanted. How could she get the divorce certificate so willingly?

There was a mess in Sean's mind.

Sitting in the car, he felt the air gradually became thinner.

He held the phone tightly.

Amber married him without his consent three years ago, and divorced him without his consent either?

Sean licked his lip. The sharp phone ringing came from the palm of his hand, and he paused.

Amber?

Amber called to humiliate him!

What would she say?

Chapter 439: He Loved Amber Deeply

0 4 minutes read

The Smith family was a big family. How could she come and leave as she pleased?

He, the Prince Charming of most women in Tong City, was rich and influential, even had no say on his own marriage?

Sean's face was cloudy. The stars in his eyes were dark.

The phone stopped ringing. Sean raised his hand and threw it onto the co-driver seat.

He lit a cigarette and leaned back to the chair. His phone rang again, and he suddenly sneered.

Amber wouldn't stop it, would she?

He tilted his head. The words Lu Yi suddenly jumped into his sight.

He frowned. It had been two months since he went to bars and fooled around with other women.

Others probably thought he was very affectionate towards Amber.

Suddenly the news about their divorce went out. The PR department of the Smith Group was probably in chaos.

Sean held the cigarette in his mouth and answered the phone.

"Sean, the company's stock is falling sharply. You'd better come back to the company and have a meeting with us."

Lu Yi said calmly, but Sean knew Lu Yi must be very happy.

With a calm face, he hung up the phone. It returned to the call log page, and the missed call was from Lu Yi.

Amber did not call him at all. Her post posts triggered volatility in the Smith Group's stock, but she felt no guilt.

Sean started the car and went directly to the company.

...

The Smiths' mansion.

When Mrs. Smith saw the news, it was already after breakfast.

She saw it from a newspaper that was brought in by a maid's daughter.

She suddenly stood up from the stool, went upstairs angrily, and smashed the newspaper at Tomas.

"Who announced the news of Amber and Sean's divorce?"

Mrs. Smith said with a sullen face, "It's Amber, right? Tomas! Are you crazy? You know the effect of their divorce on the Smith Group's stock. Why did you agree?"

"These years, our Smith family helped a lot, and never treated her wrongly. And this is how she repaid us?"

"No, I'm going to find her. She will refute the rumor by herself. If she can't quell this scandal, I'll expose what she did to marry into our family!"

With that, Mrs. Smith turned around.

"Stop!"

Tomas snapped at her. His voice was loud. Mrs. Smith couldn't help but stop.

"Don't you feel ashamed?"

Mrs. Smith gritted her teeth, "What? For Amber, you embarrassed me again and again and never listened to me, but this time, you must listen to me!"

"Listen to you? If I listen to you, the Smith Group will go bankrupt soon or later!" Tomas's voice was raised, "You never treated Amber wrongly? Where did you get the nerve to say that?"

"You think I don't know why Amber gave birth to her daughter by doing cesarean herself?" Tomas pointed to Mrs. Smith's nose and cursed, "You want Amber's bone marrow, but you hate her guts! It's you who made your son such an ungrateful person!"

"If you tell the media that Amber married into our family at the price of her bone marrow, the Smith Group will be ruined by you."

Mrs. Smith turned pale. She bit her lower lip tightly in anger and knocked over the lamp on the study table with one hand.

"What do you mean? You mean I am vicious?"

Tomas did not speak, but in the eyes of Mrs. Smith, it was an acquiescence.

She trembled with anger, and her eyes were red, "Fine! I'm vicious. Since Sean and that bitch has divorced, we'd better get a divorce as well!"

"What are you talking about!"

Tomas sneered, "Johnson and the other three children died of illness, and now Sean is our only child. If you expose what Amber did three years ago, you are like telling everyone that Sean might die sooner or later. I'm old. I can't manage the Smith Group anymore. People with ulterior motives will wait for Sean's death and try to snatch the company from us!"

"If it weren't for your good son, Amber would not divorce him!"

Tomas's eyes were red, "Your good son is unwilling to divorce, so he tore up the divorce agreement prepared by Amber. However, he doesn't cherish the opportunity to get Amber's forgiveness!"

"Amber said she didn't want anyone from our Smith family to disturb her life! She wouldn't donate bone marrow to Sean!"

"Sean asked for it!"

Mrs. Smith was shocked. She knew a little bit about Sean's past more than ten years ago.

She knew that Amber loved Sean, and even knew that she was willing to do a lot of things for him, including donating bone marrow.

Mrs. Smith read Yesterday's news about Lin Man and Sean, but there was news that was sensational than that.

Why didn't she bring up divorce before?

Mrs. Smith felt that Tomas was lying to her, because he didn't want her to bring trouble to Amber.

"Aru, you know Amber. She can do everything for Cindy!"

"Sean didn't keep a distance from Lin Man and even hit headlines with her! Lin Man is the only suspect of hurting Cindy."

"If you go to Amber, what will you say? We owe Amber, but she doesn't owe us!"

Mrs. Smith's face, because of Tomas's words, instantly became pale.

So, Tomas didn't lie to her? Amber really didn't plan to donate bone marrow to Sean?

"No! Amber said as long as Sean didn't marry Lin Man, she... would donate bone marrow to Sean. How could she go back on her word?"

She said, covering her face, and cried, Tomas looked at her coldly, "Amber has taken back her words, and she even wished Sean and Lin Man a happy marriage! She took back all her love and dedication!"

Mrs. Smith could not hear Tomas. All she knew was that Sean's life-saving talisman was gone!

She raised her head suddenly with determination in her eyes, "Fine!"

"Since Amber showed no mercy, don't blame me for being ruthless!" Mrs. Smith said, "She doesn't want Lin Man to have an easy time, does she? I'll help Lin Man. My son has been thinking about marrying her for eleven years! I'll fulfill my son's wish!"

Chapter 440: Man Is Better Than Amber in Every Way

0 5 minutes read

-

"I'm going to prepare for Sean's wedding!"

The blue veins on Tomas's forehead stood out.

"Aren't going to ask Sean if he wants to marry Lin Man or not? Are you addicted to make choice for Sean?"

"You stay out of this! I didn't choose a satisfactory wife for Sean. This time, I will not make the same mistake! I think Lin Man is better than Amber in every way!"

After that, Mrs. Smith turned around and went out.

Tomas collapsed in the office chair.

He had been wise all his life. Why did he have such a confused wife and son?

His wife was stupid, and his son didn't even know who the person he liked was.

...

After Sean finished the meeting, he went directly to his office.

Xu Lin followed in. He lowered his eyes cautiously.

"Mr. Smith, I've finished investigating. Yesterday... Director White was locked in the utility room of Ritz-Carlton where was the blind spot of surveillance cameras."

Sean's eyelashes trembled. Xu Lin said in a low voice, "Director White was locked in there before Miss Lin had the accident. She was found by the cleaner at four o'clock."

"Moreover, she told the cleaner not to call the police or tell anyone!"

Sean, "..."

So, the divorce certificate thing was made by Amber on purpose to get back at him?

He suppressed the surging anger in his eyes, "Get out!"

Xu Lin went out of the president's office, then Sean called Tomas.

The phone was answered after ringing for a while.

There was silence on the other side.

Sean mocked, "Mr. Smith, how come I didn't know you've begun to work in the Civil Affairs Bureau?"

Tomas smiled and said in a low voice, "Sean, stop being sarcastic. You asked for such an ending for you and Amber. It has nothing to do with me."

"I gave you the opportunity and said that if you didn't treat Amber well, you would definitely regret it."

“Why would I regret it? I am happy to get rid of her! I will never regret it!”

Tomas sneered and said, “Amber said, after the divorce, she didn’t want you to disturb her, and she wouldn’t donate bone marrow to you. You don’t have to be embroiled with her. I guess you must be happier.”

Sean’s chest was blocked.

Hatred grew out of love.

Amber hated him. Wasn’t it because she loved him?

Sean’s discomfort eased slightly. Then he reacted.

He was wrong. Amber didn’t love him. She only loved her daughter.

“Oh, by the way, your mother said she would try to bring you and Lin Man together.”

“You were in love with Lin Man for eight years, and she doesn’t mind that you just got a divorce. If you two get married, it would be a good story. If you are willing to change your dissolute character for Lin Man, it will have a good effect on the Smith Group!”

These words seemed like coming out between Tomas’s gritted teeth, carrying a huge weight and hitting Sean’s heart hard!

“What?”

“You’ll marry Lin Man. Isn’t that what you always want?”

“Didn’t you tell mom that Lin Man is likely to hurt Cindy! I’ve already had nothing to do with her. I won’t marry her!”

Sean probably realized that he was being too resolute. He pressed his lips and said in a low voice, “I must get Cindy’s custody. I will remarry, provided that that woman doesn’t mind my past and can treat Cindy like her own daughter!”

What a fancy!

In this world, only Amber could treat Cindy like her own daughter!

He snorted, and Sean heard it. Sean pretended not to hear the mocking on the phone, and hung up.

He clicked into Microblog and looked at the divorce certificates Amber posted.

Sean and Amber each had one. Sean frowned, only feeling his eyes hurt.

He put down his phone, glanced at the time, got up with his jacket, and was going to the hospital to see Cindy.

As soon as he opened the door, Sean almost ran into Xu Lin who had hurried in.

Xu Lin moved back, stabilized himself, and lowered his head, “Mr. Smith.”

“Why are you in such a hurry?”

Sean was not in a good mood. He raised his eyebrow slightly, and his face covered with a trace of fatigue. Xu Lin never saw his boss being so haggard.

It was probably because of Director White.

Xu Lin hesitated for a moment, and his voice getting lower and lower, "Mr. Smith, news came from the hospital, saying that Miss Smith has been discharged..."

Sean's eyebrow twitched.

He suddenly raised his head, and stared at Xu Lin with dark pupils.

Xu Lin's hair stood up, and he summoned up courage, "The caregiver we hired tried to stop it, but the person who went to handle the discharge was Cindy's mother. She is Cindy's legal guardian, so the caregiver couldn't stop her."

Sean frowned deeply.

The wound on Cindy's leg was serious. Was Amber trying to get Cindy killed?

He moved his legs and walked out. Xu Lin stood at the door of the office, being motionless.

Sean's eyes deepened. He looked at Xu Lin steadily, and asked, "Is there anything else?"

Xu Lin nodded and said in a low voice, "Mr. Smith, when you had the meeting, Director White held a press conference to announce that Miss Lin has been in love with you for eight years and will soon marry you..."

Sean's breathing became heavy. Xu Lin took a deep breath and said in a low voice, "Mr. Smith, Director White was trapped last night, but you saved Miss Lin. She must be angry."

"You should go to Director White and explain to her that you were looking for her. It was just a coincidence that you saved Lin Man... The press conference this morning was not what you wanted..."

"Xiaoshen can't manage the marketing department at all after Director White resigned..."

Before Xu Lin finished speaking, Sean clasped his shoulders and pushed him aside. He calmly stepped into the elevator.

While driving, Sean called Amber all the way.

But the mechanical female voice came over from the phone. Sean hung up directly.

When Cindy had a fever, Amber had blacklisted his phone number.

Sean was enraged. Amber indeed hated him. She ignored him and kept his phone number in her blacklist!

He drove faster and faster.

Holding the phone with one hand, he went to Xingyue Bay.

When he arrived, the door of Xingyue Bay was open, and a man in a suit was standing by the door. He paused.

Sean got out of the car and approached. There was another person behind the man in the suit with a tool in his hands. He was changing the lock.
