

Mr Smith 51

Chapter 51: The last call

0 4 minutes read

But Amber White knew it's impossible!

How is that possible?

Sean Smith took Cindy White as a bastard with an unknown father, what's worse, Cindy White was born by her. He hated Cindy. How could he pick Cindy up from school?

From the beginning, the answer to that question was fixed !

But Amber White took out the phone, although she couldn't ask Sean Smith, she invited a nanny to take care of Cindy White because she was busy at that time.

She wanted to call that nanny at home and asked if she had picked up Cindy.

What made matters worse, Amber White's phone ran out of battery and automatically shut down.

She borrowed a mobile phone from Cindy White's teacher, but she couldn't remember the nanny's mobile phone number. She tried to call Lu Xiangxiang again and asked her if she knew anything about it. Then she realized she didn't remember Lu Xiangxiang's phone number, either.

In short, it was a mess!

After this incident, Amber White memorized everything about Cindy White. Kindergarten teacher, her deskmate's parents, Lu Xiangxiang, the nanny, everyone related to Cindy White and all the phone numbers were engraved in her mind.

Even if they changed their contact information, she would memorize it immediately.

"Director White, you don't let me speak in order to be in a daze? It seemed that the bastard is not so important to you!"

His sarcastic words pulled Amber White out from her memory. Instead of paying attention to Sean Smith, she looked thoughtfully in his direction.

Sean Smith was uneasy to be stared by Amber White. He frowned and his eyes became gloomy.

Why did Amber White stare at him? what did she want to do? Did she calculate something?

Amber White pressed her lips. Cindy's kindergarten had a good reputation. The teachers were all selected and were responsible.

If she didn't pick up Cindy and they couldn't get in touch with her, the kindergarten would definitely contact Cindy's father.

Amber White looked at Sean Smith. The first day when Cindy went to kindergarten, the kindergarten asked Amber White to leave the Cindy's father's mobile phone number.

Afraid of Sean Smith's resistance, she dared not to leave his cellphone number, so she called Xu Lin and left his cellphone number after getting his permission.

Amber White's eyes lit up, and she glanced up and down Sean Smith in confusion. He seemed to be unclear about Cindy from his expression.

"Do you still use my phone? if not, give it back to me! you are comfortable in the hospital, but I don't want to accompany you!"

Sean Smith said angrily, then stared coldly at Amber White.

Amber White tightened the phone, frowning. Since he didn't want to accompany her, why did he go back just now?

Amber White didn't think it deeply, Sean Smith's style was always changing. She was not so narcissistic to think he came back for he was worried about her.

Amber White looked back at the screen and said, "I'll make one last call. Mr. Smith, just wait a moment."

Sean Smith gave a cold snort, and his pupils were blurred, refracting the light in the room.

The last call?

Amber White was sure she can find that bastard with the last call?

Few people knew that he took bastard away from the police station!

Sean Smith's lips were lifted ironically, and then still kept silent. He planned to continue watching Amber White's show.

Amber White estimated that Xu Lin may be the only person who knew what happened.

Xu Lin was an assistant of Sean Smith and Sean Smith should have his phone number.

She lowered her head and opened Sean Smith's telephone contacts .

Sean Smith waited to see Amber White's show. Her actions were watched by him. As soon as he saw Amber White's action, Sean Smith's pretty face became dark.

Amber White dared to see his contacts in front of him!

She said she was worried about the safety of that bastard, but she always distracted while she only called twice. Now she unexpectedly had the mood to check his telephone contacts?

What did Amber White think she was, dare she interfere with his personal life?

Did she deserve it?

Sean Smith was furious and was about to reach out to the phone. Amber White suddenly turned her head and caught his eyes.

There was fire burning in his eyes, just as sharp as the knife and as if cutting her into pieces.

Amber White was shocked. Sean Smith had only a few contacts in his phone book. He didn't have Xu Lin's phone number. She wanted to ask him for Xu Lin's cell phone number, but when she looked up, she saw Sean Smith's murderous look!

Her fingers trembled with nervousness. "Mr. Smith, could you give me secretary Xu's cell phone number?"

It was like a pot of cold water poured over his heart.

The corners of his mouth twitched. Was Amber White finding Xu Lin's number? Wasn't she trying to pry something into his phone?

Was she not looking for mistress?

He glanced at her suspiciously with his eyes ambiguous.

Sean Smith asked: "What do you want my secretary's cell phone number for? The last call to secretary xu? Are you sure?"

Amber White nodded and said: "When Cindy entered the school, the school required her to fill in her father's contact information. You are so busy every day. I communicated with secretary xu and filled in his cell phone number."

Sean Smith sneered.

Amber White had a good plan. He was so confused that why that bastard's thing could involve him in. It was originally the woman's trick!

Paternity test, and today's drama, she wanted him to recognize Cindy White?

Dream!

He didn't have the habit to bring up other's children!

Sean Smith sneered, "my secretary? when can he be ordered by director White? Many of the women in the company have children. Director White, if everyone is like you to fill Xu Lin's information as children's father, the company will make a mess!"

Amber White felt bitter.

Sean Smith did not recognize Cindy. If she had filled in Sean Smith's cell phone number, it would have been messed up.

Moreover, Cindy was Sean Smith's child. She wrote down his secretary's cell phone number, isn't that reasonable?

Sean Smith could really embarrass her at any time.

Sean Smith always paid no attention to things and people around him. She didn't know whether to laugh or cry that she left a bad impression to him.

Chapter 52: Don't make trouble for yourself

0 4 minutes read

“If it is not convenient for you, I will change secretary Xu’s cell phone number tomorrow. I will not affect the normal operation of the company, ok? Smith Boss?”

At this point, she remembered to discuss the matter with him. Why didn’t Amber White have this consciousness when she wrote down the phone number?

Sean Smith gave her a gloomy smile.

Amber White took a deep breath and tried to control the anxiety. She fawned on Sean Smith and said, “Smith Boss, Secretary Xu may be the only one who knows Cindy’s position, It’s so late now, you don’t want to spend time with me in the hospital, right? Please tell me secretary Xu’s cell phone number. After I find Cindy, I will definitely not waste your time, OK?”

The man’s eyebrows were rising. This woman deserved to be the marketing director. After being locked up in Ye Se for so long, how could she react so quickly when she was supposed to be exhausted?

He felt ashamed !

He noticed that when he admired Amber White, a nameless fire rose up inside Sean Smith.

He hated Amber White’s self-righteous look, just like now, did she think that she knew him well?

He stayed here not because he loved her, but waiting to her fail.

The man removed the phone from Amber White’s hand, “Director White, pay attention to your tone. I can go anytime I want. Besides, bastard is not my baby, I don’t care if she’s alive or dead. ”

Amber White’s face went pale because of Sean Smith’s words.

She knew that Sean Smith always cared about Lin Man, and he still thought she drove Lin Man away three years ago.

Now she begged him, but Sean Smith may have a good laugh at her.

Amber White was not aggressive because Cindy White was missed. She whispered, “Smith boss, I beg you, can you tell me the secretary’s cell phone number, I want to ask him if he knows where my daughter is.”

Three years ago, she had chosen to accept her fate.

She compromised again and again just wanted to know Xu Lin’s cell phone number.

Sean Smith smirked, “Aren’t you stubborn? Just now, you mocked me that I’m impolite. Amber White, don’t you feel embarrassed to beg a person you just mocked?”

Amber White had no expression on her face, but she was still begging, “Smith boss, I... It’s my fault. You are so generous, don’t quarrel with me any more, ok?”

She stared at Sean Smith’s phone, which seemed to please Sean Smith.

The man smiled, clicked twice on the phone and dialed out a cell phone number.

He pressed his finger on the screen and pressed the speakerphone before the call was connected. But he didn't mean to give the phone to Amber White.

Mechanical beep was strange and it spread out in the ward.

Amber White thought it would not get through when suddenly the call was answered.

"President?"

His voice was hoarse because of being waken up. Amber White was stunned and then said quickly, "Secretary Xu, it's me. I'm Amber White. I'm sorry to bother you so late. I want to ask if Cindy's teacher contacted you today?"

Xu Lin held the phone away from him, then looked at the screen.

White director? Why was director White together with the President at this time?

When Xu Lin heard Amber White's words, he couldn't think it carefully but answered, "Yes..."

But ,was not Miss Cindy together with the CEO?

Xu Lin hadn't finished words, but then was interrupted by Sean Smith's cough. The man's voice was light, but it carried a great deal of menace.

"This was director White's daughter. You're responsible for losing her. Secretary Xu, please think carefully about what happened. Don't make trouble for yourself if you don't pick up the baby!"

Xu Lin choked and all the words stuck in his throat.

Miss Cindy was lost? Be responsible for her losing? Was she not in Hai Wan Xiang Xie? Miss Cindy went to the public security bureau with her classmate in the morning. Wasn't she picked up by the President?

He was worthy of Sean Smith's secretary. He rolled his eyes and understood what Sean Smith meant.

Did Smith boss want to play a trick on director White?

Amber White didn't catch Sean Smith's hint. The man was making sarcastic remarks again, she thought and frowned. Xu Lin didn't say anything. She asked him again, "secretary Xu, did you pick up Cindy this afternoon?"

Amber White had a delicate smile on her face, she thought she would know her daughter's situation later.

This smile was light, just like a hundred of flowers bloomed in the same time. Sean Smith raised his chin and stretched his body, then thought: "Just smile now! You're going to cry later!"

He wondered how Amber White would react when her last hope broke.

There was a moment of silence on the phone. Xu Lin didn't say anything. Amber White had a bad feeling.

"Secretary xu... "

Amber White was about to ask again, but she was interrupted by Sean Smith, "Xu Lin, why didn't you answer director White's question. Is that a hard question to answer?"

Xu Lin smiled and whispered through the radio waves, "Director White, miss Cindy's teacher called me. Unfortunately, the President is not in the company this afternoon, and I need to host the summer summary meeting of the company, so I asked the teacher to contact someone else to pick up miss Cindy."

Xu Lin was guilty. Although he knew where Cindy White was, he couldn't say because of Sean Smith's pressure.

She was targeted by the president. Although Xu Lin sympathizes with Amber White, Miss Cindy was well along with the President, what the president wanted was making Miss White worry. So it was not serious to cooperate with president, right?

Instead, he was sure that the President would fire him immediately tomorrow if he revealed one word.

Amber White's brain went blank when she heard the news. She paused for a moment and asked anxiously: "secretary xu, did the teacher say who picked Cindy?"

Whether Xu Lin was Cindy's father or not, but since he said such things, the teacher must tell Xu Lin who would pick Cindy up, right?

Amber White asked anxiously and hopefully.

Xu Lin gave her a negative answer: "director White, when the call came, I was supporting the meeting, so I directly hung up when I finished speaking. Sorry... I didn't know this was going to happen."

Amber White's heart contracted as she listened, and the sudden chill of hell gripped her.

Chapter 53: He waited for her to beg him

0 5 minutes read

Her eyes fell on the mobile phone screen of Sean Smith, it was two o'clock in the morning.

The last time when she found Cindy White, it was two o'clock, too.

Amber White's mind was all the scenes of Cindy White's crying in the small alley near the kindergarten.

The breath of Amber White seemed to be stopped, her eyes were congestive, and her body trembled fiercely.

She didn't know which corner Cindy White was in and crying now. Her body was stiff like a stone, and her ears were full of Cindy's voice: "Mom... Mom... I am afraid... .."

Amber White felt heart-breaking, and she remembered what happened a year ago.

After she found Cindy mistakened her father, for the first time, Amber White talked with Cindy about the word "Dad."

Her voice was hoarse and muttered to her, "Mom, what is Dad? Why do other children are sent to school by their mom and dad, but I only have mother?"

"Why Xiao Pang call Dad and someone will answer him, but no one answer me?"

Amber White didn't know how to answer Cindy White's questions, and she also figured out the reason that why Cindy got lost.

She regarded other people's fathers as her father.

She followed them outside the school and went to a strange place. She didn't know the way home. She only waited in the alley from the dawn to the dark, from sound to silence.

Amber White's eyelids ached, and the tears fell down.

When Cindy was two years old, she lost her once, Now Cindy was three years old, she lost her again!

She really hated such a powerless self, could not give her a complete home, and now, she even did not play well the basic role of mother!

When Xu Lin's words were finished, Sean Smith put his eyes on the face of Amber White.

She took two heavy breaths, her lips were so pale that it seemed like she didn't have any vitality. Her forehead was bleeding out of countless cold sweats which made her like just out of the water.

She was trapped in some sort of magical obstacle. The tears fell down endless, and the eyes were almost bleeding.

Amber White now seemed to be a ghost!

Sean Smith twisted the eyebrows, he asked the Svip ward for Amber White, the indoor temperature was low enough. So Amber White was really scared now but not because she was hot.

He sneered with disdain. The bastard was so important in her heart?

Or is it that Amber White was just pretending in front of him?

When this thought appeared, it was vetoed by Sean Smith. If it was a play, Amber White was really a good actress.

Seeing the reaction of Amber White, it was strange that he didn't feel any happy but a little upset. It seemed that the mourning of Amber White was infected with him.

The man blinked his eyes. Amber White was not worthy of his sympathy. Since three years ago, she had the means to drive away Man Man and become Mrs. Smith with a bastard, then this kind of little trouble could not overthrow Amber White!

Sean Smith looked at Amber White, but in a second, Amber White suddenly opened the quilt on the bed. She did not hesitate and directly pulled out the needle on the back of the hand without hesitating, as if she did not feel pain.

Her movements were rude,

The blood bead immediately oozed out along the back of her hand, and a drop fell to the ground in the blink.

Sean Smith's eyelids jumped, watching Amber White put on shoes and rush out of the ward door.

The man squatted for a moment, then looked down at the phone. Xu Lin's phone had not been hung up. Amber White had left the ward, Sean Smith stood up straight, subconsciously wanted to chase Amber White.

" Director White..."

Sean Smith heard the voice coming from the phone, and his eyebrow wrinkled a deep gully. He said, "What's up? Is there something else?"

Xu Lin didn't expect the phone to be in the hands of Sean Smith. He cautiously tried to ask: "President, Director White is very anxious. Do you want to tell her that Miss Cindy is all right?"

The face of Sean Smith instantly condensed a layer of frost, and the tone was cold and incomprehensible: "Do you teach me to do things? Do you want to be the president of Smith's tomorrow? Um?"

Xu Lin's was shocked and stopped talking.

Sean Smith was more angry. When his words came out, the pronunciation was extremely heavy. It seemed like he was venting anger: "Since you care about Amber White so much, and like to take care of her. It is better for me to transfer you to the marketing department tomorrow, so that you can be with her every day. how about this?"

After talking about it, he didn't want to listen to Xu Lin's thoughts. He directly hung up the phone and strode to Amber White who was like a headless fly.

He wanted to see when things developed to this point, what would Amber White do.

Amber White went to the entrance of the hospital, the lights were blurred, and the summer night was quite. The light fell on Amber White's hand, making the blood particularly horrible.

She couldn't wait still, but as soon as she stopped, her ears were all Cindy's voice yelling at her mother.

Cindy was timid, as long as she thought about the time she lost a year ago, she was shocked and shuddered with fear.

There was only one taxi at the entrance of the hospital. This hospital is not a hospital in the city center, so it was remote. Amber White noticed this detail and she felt sour in her heart.

She knew the reason. Sean Smith had always been ashamed of her. All the people in the downtown hospital know him. How could he take her there and let everyone know that.

He didn't want her to live well, and he wouldn't reveal anything about he had helped her, nor would he give anyone a chance to talk about him and her!

Amber White had no time to care about that, she subconsciously walked in the direction of the taxi.

As soon as he came out, Sean Smith saw this scene.

He raised his eyebrows, “what is Amber White doing?”

Going to find the little bastard?

Ready to take a taxi to find?

Tong city is big enough for Amber White to find at least three days.

Even if she was too worried now, she shouldn't be so stupid to use such a stupid way?

Moreover, Did Amber White have money?

Sean Smith looked down, and the light from the hospital gave a magic color to the the hair of Sean Smith. The lights all fell into his eyes which turn to endless starlight. Under that, it was disdain.

The man's movement paused, then took out a cigarette from his suit jacket and put it into mouth. He used his fingertips to play with a lighter. There was no tendency to smoke, and his expression was cold like frost.

Xu Lin called before and said that Amber White's bag and mobile phone had been sent to the company, and she would soon realize that she had no money.

He waited for her to come and ask him!

When Amber White was about to go to the taxi, she suddenly stopped. She reached out and touched the pocket on her clothes. It was empty.

Her mobile phone and bag were not here, there was no money, and the taxi would not carry her.

Chapter 54: Say you are a bitch, I will lend it to you

0 6 minutes read

Amber White subconsciously turned back and trotted back to the side of Sean Smith, the man just lit the cigarette, and the fingertips were covered with sparks, dyed with thick fog, and his handsome face was even more impersonal.

Amber White stopped her step, and she opened her mouth in a low voice: “Mr. Smith, can you lend me some money? I will pay you back tomorrow.”

There was no wind around, although her voice was not high, it was also very clear. And Sean Smith looked at Amber White without interest, just spit out smoke from his mouth, with the smoke curling upwards. The smell of tobacco scattered around.

The man's tone was slowly and a little fractious: “What did you say? I just didn't hear it clearly.”

Sean Smith always remembered that she had driven away Lin Man. Today, he would definitely humiliate her in different ways.

Amber White's eyes were a bit vacant and a bit desperate.

She lowered her face and bit her tongue.

She once wanted to maintain her own self-esteem in front of Sean Smith, but at this moment, it had vanished.

“Mr. Smith, could you please lend me some money? I’ll pay you back tomorrow as soon as I get back to the company.”

The tone of Amber White had been higher. She looked directly at Sean Smith, and some of the things in the light of eyes shattered into inches of light and dissipated in her eyes.

Sean Smith stunned for a while, and the pupil contracted.

This was Amber White. She had always been very ambitious. Even if she was notorious at first, she never looked down in front of anyone. She even could coerce his mother and married Family Smith.

At the moment, she humiliatingly asked him for a few Yuan.

She could do anything to achieve her goal.

Three years ago, what Amber White asked for was to marry into the wealthy family. Three years later, what Amber White’s asked was a few money that she didn’t put into her heart at all.

The nature had not changed, the only change was attitude, three years ago was a threat, three years later was begging.

Sean Smith was more depressed in his deep heart, did she want money?

He gave it to her!

Sean Smith carried the cigar between the deep lips, and the hands stretched out to touch the pockets up and down, and finally found the wallet from the inside pocket of the suit.

When Amber White saw that, she licked the lips and involuntarily stepped forward.

The man did not hesitate to pull out a stack of bright red banknote from the wallet. He didn’t count it, and put it in front of Amber White. His wrist waved in the air and the friction of paper money sent out the rustling sound that is not easy to detect in the silent night.

Amber White’s eyes were bright, and she subconsciously reached out for it.

Sean Smith raised his hand and avoided the action of Amber White. This move made Amber White’s heart instantly cold down.

The man’s tone was shallow, and a layer of coolness appeared in the sultry summer because of his words: “Do you want it?”

Amber White licked her pale lip and nodded. “I will return it.”

How ironic a sentence, she and Sean Smith were the couples who got the marriage certificate. Just a few banknotes, she actually used the word “return” three times.

But Sean Smith laughed even more ironically. He pinched the money and shook again in front of Amber White. His expression was even more ridiculous: "I don't need such a little money, Director White, say you are a bitch, I will lend it to you!"

Amber White's mind was roaring. Looking at Sean Smith's lips open and close, the heart seemed to be pinched by a big hand, and she was painful almost to scream out.

She looked at Sean's face, which made her feel much stranger. She couldn't think this is the teenager who held her and promised her 11 years ago.

There were tears in the eyes of Amber White, and she stared closely at Sean Smith. The heart was broken into a hundred pieces.

There were a few unpleasant feelings between Sean Smith's eyebrows. Didn't Amber White love the small bastard very much?

Wasn't she willing to do anything for the small bastard?

Reasonable trade, as long as she could say those words, he could let Amber White take away so much money from him, she would win!

Or was it that bastard could not be comparable to the illusory dignity in her heart?

Sean Smith sneered at her in his heart, and what he asked her to say was nothing but facts. He only wanted her to admit a thing that all people in Tong City know it well, and then she could take the money to find the bastard.

Was it so difficult for Amber White?

Sean Smith's thin lips opened for a while, but before he spoke out Amber White suddenly looked in the direction of Sean Smith and said firmly: "Yes, I am a bitch!"

The man's pupil suddenly shrank, from the words he said to Amber White admitted, less than three seconds, she admitted so fast.

As she said, she was really a bitch!

What a woman Sean Smith married?

She had no backbone, but had conspiracy and tricks, and there were many tricks. What kind of woman, what did she have except the useless appearance?

Sean Smith smiled coldly and raised his hand to throw the banknote to Amber White's face which was like white porcelain.

There was no wind in the air, and the subtle sound banknotes sounded out, spinning from the air to the ground.

The last trace of blood on the face of Amber White also dissipated. The strength of Sean Smith was relatively big. Her face was marked with a red mark by a new banknote. She bit her teeth and did not make a sound.

Even if she was still standing in front of Amber White, she slowly lowered her body to pick up the banknotes scattered on the ground one by one with her head lowered.

Unable to control herself, the moment she lowered her head, her tears fell on the ground.

She knew that from this moment on, her soul had knelt before former lover, and she could no longer have dignity in front of him.

She got a lot of achievements in Company Smith, all because she worked hard for three years without asking for Sean Smith. She did not ask Family Smith to maintain her pride. But now all her efforts were easily defeated by Sean Smith's sentence.

But, at this time, she didn't even have time to grieve.

After picking up the money, Amber White turned around without hesitation and walked toward the taxi driver.

There were two people, Amber White and Sean Smith, at the gate of the hospital. The taxi driver noticed they two when he heard the movement, and when he saw Amber White coming over, he cut down the window and blew a whistle at Amber Smith.

After the driver's eyes touched the beauty of Amber White, they turned to bright. His eyes were constantly looking at Amber White. Seeing her approaching, he laughed and ridiculed, "Miss, quarreled with boyfriend? Don't bother with such a boyfriend. You are so beautiful, there're many men are waiting for you on bed!"

Amber White's pace suddenly stagnated; she looked up at the taxi driver. He is very ugly, and the greasy fat was accumulated on the face. His mung bean eyes reflected a filthy light.

She had already walked to the taxi, the window slid down, and the man had a few sour smells.

Amber White endured the nausea in her heart and looked around in a circle.

There were not many buildings around, so there was also emitted sporadic lights in addition to the hospital's light. It was dark around.

There were a few trees planted at the gate of the hospital. The shadows of the trees fell on the ground, layer upon layer. It seemed that the ghost could emerge from the cracks in the ground in the next second.

Chapter 55: He was worried about Amber?

0 5 minutes read

In addition to this taxi, there was no shadow of the car around, and even the street at the entrance gate of the hospital was dark and in a dead silence.

Amber White moved the eyelashes, and the breath gradually became shallow. From here to the school of Cindy White in the urban area, it took more than an hour to drive.

Sean Smith was only waiting to watch her make a figure, he still hated her deeply, and he would not send her.

Not to mention if she knew the way to Cindy White's School, even if she knew that and she was willing to walk on foot, it was almost dawn.

She had time to walk to there, but Cindy was only three years old, could she afford to wait?

"Miss, are you leaving? Here is only my taxi. I came over to send people. You are lucky. I dozed off a little while before. If you don't want to leave, I have to go now!"

The driver grinned and looked at Amber White with a smile. He also learned Sean Smith's action to light a cigarette.

However, Sean Smith was very temperamental and beautiful, and the movements were so fluent and attractive, but the driver's every move revealed obscenity with unsatisfactory appearance .

Amber White even thought it was needless to use the idiom Dong Shi Xiao Pin on him.(Dong Shi Xiao Pin:blind imitation with ludicrous effect )

But after thinking again and again, Amber White did not have a better way than to get on the car, she nodded and bit her teeth and said: "Yes, I'll leave!"

The driver smiled smugly and unlocked the central locking on the car. "Get in, miss, I have good skills." He said with a flirtatious tone.

Amber White paused to pull the door open, she hesitated for a few seconds, but still got on.

She had no methods now, and it was only one life-saving straw, how could Amber White be willing to throw away?

Amber White only wanted to find Cindy, so naturally, she missed the obscenity and ferocious on the driver's face!

When Amber White got on the car, the driver turned on the lights, and then the car left the hospital.

The taxi drove from the side of Sean Smith. The man reached out and rubbed his eyebrows. Before Amber White getting on the taxi, he clearly saw a flash of the obscenity on the driver's face.

It was not a good person at first glance.

He did not believe that Amber White did not find the strangeness of the taxi driver!

Sean Smith felt that today he was really strange. He not only meddled in matters from the public security bureau to pick up the small bastard, but also to Ye Se to save Amber White.

He really should go to the hospital to check himself!

The man glanced at the exquisite wrist watch. It was more than two o'clock in the morning, he had stayed with Amber White for almost four hours!

It was a waste of his life!

The man put his hand down and walked into the parking lot of the hospital. There were not many people in the hospital, so there were not many cars. As soon as he went in, he saw his own Maserati, which was incompatible with the surrounding vehicles.

Sean Smith opened the car door and started the car engine. He drove the car out of the hospital. The location of the hospital was not very good. The road ahead was dark and he could not see his fingers in the darkness.

The inexplicable irritation appeared in his heart, and the driver's smile always haunted on his mind.

The gentle music sounded in the carriage, but it did not smooth the ripples in the man's heart, on the contrary, it made him more and more bored.

When he was about to turn off the music, it suddenly stopped.

There was a piece of flat news broadcast: "Respected listeners and friends, I'd like to repeat the evening news. According to our reporter, three female corpses have been found raped and killed on different occasions in this city. The victims were killed in a taxi in the early morning without exception. The police have not locked down the suspects yet. Please be vigilant, listeners and friends..."

Sean Smith reached out and grabbed the steering wheel, making a loud noise.

"Fuck!"

The man cursed in a low voice and reached out to turn off the car radio. What is this special shit radio station? In the afternoon, it reported girls were murdered; in the early morning, it reported the woman were raped ? !

What a coincidence!

Sean Smith sneered coldly and stepped on the accelerator pedal with one foot. The car with excellent performance was flying on a wide road like a string of arrows.

The car had driven out such a long distance, Sean Smith had already seen the street lamp, but he did not see the taxi.

There is only such a north-south road at the gate of the hospital, south to the urban area and north to the mountains.

Was Amber White going to the mountain to find that bastard?

The man tightened a pair of narrow eyes, his temple suddenly jumped up and down, and suddenly the driver's smile flashed out.

The more he thought about it, the more he felt the taxi driver had a problem!

Damn it, was Amber White retarded? Unexpectedly to get on the car. Obviously, the driver had a problem!

Wasn't she always smart? For the small bastard, she would get on the car although she knew that the man was bad?

Didn't she afraid of being killed and thrown into the wilderness?

Why didn't he find Amber White was so bold?

If she was bold, why did she perform a dying look when he rescued her in Ye Se? Compared to the taxi driver, Ye Se was safer!

When Sean Smith was depressed to the extreme, the phone suddenly rang.

The man clicked on the brakes, took out the phone from his pocket, and glanced at the screen. His memory was always good. This number was called by Amber White before.

He was irritated and accepted it then: "Who are you looking for?"

On the phone, he heard the sound of Lu Xiangxiang: "I am looking for Amber White, the person who just called me with this mobile phone? Is it convenient for her to pick up the phone?"

"No! Who is Amber White? I don't know!"

The voice of Sean Smith was with a little anger, he vented his anger to Lu Xiangxiang, and he directly cut off the phone when he finished.

He was annoyed in his heart, how could he treat Lu Xiangxiang good? and after hanging up the phone, his heart seemed to be blocking by a breath, and he could not vent it.

Sean Smith re-launched the engine. He thought about it carefully. Whether at the opening ceremony of Luoshen Bay or married him successfully three years ago, Amber White's means were superb!

Shit! Maybe, Amber White got in the car deliberately in front of him!

She wanted to tell him that she loved her child very much to give him a good impression!

He was not Gu who is mentally retarded, he wouldn't be deceived!

Sean Smith was driving angrily, and the handsome face was hidden in the boundless night, which hidden all the depressed color on his face.

He took a heavy breath and once again reached out and rubbed his own eyebrows. The temperature at his fingertips was low. The man frowned, the chilly and shimmering light flashed across his face.

Fuck!

Was he worried about the damn woman, Amber White?

As soon as this idea appeared, Sean Smith sneered at himself!

He was worried about Amber White? How could it be?

Chapter 56: Is he mentally retarded?

0 5 minutes read

That woman was cheap and every man could sleep with her. Even if she went to bed with that taxi driver, he wouldn't care!

He didn't let Amber get on that car and he didn't say he refused to drive her!

This was her own choice, no matter what happened, Amber White deserved it! It had nothing to do with him!

Sean Smith's car got faster and faster, and two seconds later, there was a shrill sound of brakes on the empty and silent road.

Maserati, with smooth lines, suddenly turned back on the narrow path. After turning the corner, the car was speeding to the extreme and driving to the coming direction.

The night was getting darker and darker, and there was nothing but the roar of the car engine.

The car quickly passed the hospital, the lights flashing through the hospital reflected to the face of Sean Smith through Maserati windshield, who was with a faint look of frightening.

The road grew darker and darker, and Sean Smith drove so fast that he reached out and turned the near light into high light, but he still couldn't find that taxi.

His eyebrows frowned and countless absurd feelings spread from the bottom of his heart.

Shit!

Is he mentally retarded?

Why would he want to catch up?

What did Amber White have to do with him? why did he care about her?

He had always hated her, and if she had something wrong, he would control himself not applauding and laughing, that was the last mercy he left her.

Yuck! No!

He's still the legal husband of the woman. What if she does do something wrong, then what about the little bastard?

Did Amber White want to leave the father's unknown child to him? And let him take care of that bastard?

Then let her call him father, take his last name, enter his account, and inherit his property in the future?

Fuck!

She had a nice try.

He's not gonna let that happen!

.....

After Amber White got on the taxi, she directly reported the address of Cindy White's Kindergarten. She came out a few hours a day and did not see Cindy for a few more hours.

She carefully pondered the details after Cindy White lost last time. Her child was very clever, when she could not find the way, she would not run around. Despite her fear, she would still be waiting for her to find her in a place!

Amber White infiltrated a cold sweat again, Tong city was not peaceful these days, and there were stray cats and dogs in the city, so far there was no whereabouts of Cindy White, Amber was almost crazy.

Her mind was full of the positions that Cindy would stay near the kindergarten while putting her crossed hands on the trembling lips.

Cindy, where are you?

She was trapped in a closed world and did not find the driver driving her in the opposite direction of the city.

There was no air conditioning in the car, the window glass had come down, but the sour smell in the taxi still did not dissipate. There occasionally sounded crickets' chirp in her ears. She suddenly regained her mind and wanted to see where she went.

The night outside was dark and could not see any environment clearly. The faint light emitted by the taxi seemed to have turned into a ghost fire, and the chirps of unknown insects were more like a death warrant!

Amber White suddenly felt terrible in her heart, whispered: "Sir, are you in the wrong direction?"

The playful voice came over from the driver's seat, "No, weren't you in a hurry? I found a path and it would be faster, but... Hey hey, I promise there will be no one! "

Amber White was immersed in Smith's for three years, and she had met countless matters, so she reacted violently.

Her heart was overwhelmed by panic, a pair of beautiful eyes squinted tightly, then said coldly: "you are going in the wrong direction!"

Seeing Amber White find it, the taxi driver laughed, then his obscene and disgusting were all showed, "Yes, you just quarreled with your boyfriend? Brother will take you to have a good time. Aren't all women keen on face-saving? Don't worry, there will be no one where I take you. What, am I considerate? "

Cindy White had been already three years old, Amber White was not a girl without any experiences, of course, she could understand the driver's words.

There was fury in her heart, but the surrounding environment was really bad for Amber White, and she could only endure it.

She paused and her mind racing up at a high speed, then she said calmly: "Sir, do you know Smith's company? I was the director of marketing, my daughter lost, and I was in a hurry to find her. If you send me back now, I can give you enough money to spend in Ye Se! At that point, you can get no matter what kind of woman you want "

The taxi driver didn't mean to stop or turn around. As soon as she said it, he suddenly laughed a few more times. His voice was loud and dispersed farther and farther in the silent night, and there was even a faint echo. It sounded terrible.

“All in all, you want me to go whoring some high-end hookers? I’m not interested in that. I, ah, like a man’s wife like you, Miss, don’t be afraid. When you got in the car, I told you. I have good skills!”

“you’re not a little girl anymore, can’t you understand?”

Amber White paused, at that time, she thought the driver meant that he was very good at driving!

How could she know his disgusting idea?

And what she thought all was Cindy White, how did she have time to think about something else?

“don’t you just want a beautiful woman? I give you money, you can find a woman to accompany you, if you offend me, you will commit a crime, it is not a good deal!” Amber White smiled and said, “I have a good friend who is a lawyer, and he has never failed a sue!. Once you are in prison, there would not even a sow, not to mention woman!”

The driver smiled again, but did not speak.

While negotiating with the driver, Amber White’s eyes fell on the road ahead, the lights were dim, the road was rugged, and both sides were high-built rocks.

And looking at the driver’s familiarity, it was not his first time to do it!

Amber White tried all the ways, but the driver did not care at all. She only felt afraid.

She was afraid of what happened to Cindy White, afraid that she would be raped by this driver, and she was even more afraid of death!

In her mind, the frosty face of Sean Smith flashed through. If she really had something wrong, would he take care of Cindy?

Sean Smith always felt that Cindy White was just a bastard. Because of her, maybe he still hated Cindy, how could he be willing to act as a father in front of Cindy?

Amber White’s hand touched the door handle subconsciously, thinking about how likely it was that the she would survive and escape by jumping off the car.

Chapter 57: I am the wife of Sean Smith

0 5 minutes read

Next second!

Her body tilted forward and crashed into the back of the chair in front of her.

Amber White suddenly became nervous and immediately heard the sound of the driver’s seat opening.

Did he park? !

Without thinking of the countermeasures, the door was suddenly pulled open from the outside. Through the moonlight, the expression on the driver’s face became more and more ferocious.

“Little baby, hurry up and let me have fun!”

Amber White subconsciously hid him, she screamed scaredly: “Go away, don’t touch me!”

The driver didn’t catch Amber White at first, then he lowered his body to drill in the rear compartment. Amber White was so scared that she looked pale, she unconsciously stretched her feet to kick that driver. After a few wild kicks, her ankle was grabbed suddenly.

His strength was great, he clasped her leg, and dragged her out of the rear compartment. His movements were so rude, that when Amber White was pulled out of the taxi, her head hit the door, instantly Amber White was dizzy.

For Near thirty hours without eating, Amber White’s head was dizzy, and she felt disgusting.

She bit the tip of her tongue hard to clear her up, Amber White stood up and took two strides as the driver closed the door.

However, her physical strength had long been overdrawn. When she had an action, her legs went weak and almost fell to the ground.

“Haha, where are you going to go?”

The driver’s voice sounded obscene as he sped up to her and grabbed Amber White’s arm.

His movements were rude and his strength was great. Amber White only felt that her arm was caught by the talons, and it hurt and she could not escape.

“I didn’t find that you are quite interesting! If you are sensible, you should enjoy it. After I released myself, I will let you go!” The driver laughed and bowed his head to Amber White. “Come on, let me kiss you!”

Amber White was worried about Cindy White, and she was scared. When the driver came over, she was shocked and angry, raising her hand and slap on the man’s face.

“Pa!”

She used all her strength, and in the quiet late night, it was exceptionally loud.

After she finished, she pushed the driver away. Don’t know if her desire to survive was too strong, or the driver was hurt by her suddenly that he didn’t react, Amber White actually broke away from the man’s restraint.

She barely hesitated, turned and ran to the darkness.

But just after two steps, the scalp suddenly hurt, her hair was caught by the taxi driver from the back, and the pain made Amber White almost scream.

She held back the pain, with her teeth biting her lower lip and the sweat oozing from her forehead. The night covered the whiteness on her face.

“Bitch, shameless!” The driver’s voice was harsh. He tugged Amber White’s hair back, and with his other hand touched his slapped face. He scolded aloud: “dare to slap my face!”

Amber White only felt the tingling of the scalp, and even heard the sound of broken hair in her ear. She took a deep breath and could not make a sound.

On the way while being dragged by the driver, Amber White could detect that the bare calf was forced to rub on the uneven ground and even notice the sting of the ankle being scratched.

Amber White only felt pain, and it hurts all over her body. Her mind was blurred. In the next second, the man grabbed the placket on her chest and pulled her hair hard. She was forced to look up.

The lights are not too bright, but it was enough for Amber White to see the taxi driver's face, fat and disgusting. There was a scar between chin and neck that cannot be found without looking at it carefully.

This moment is especially terrible!

Suddenly, the driver raised his big hand and slapped on her face twice.

She was dizzy being hit, feeling her face was burning. Amber White endured the pain, and subconsciously caught the man's face.

The man took a sigh of air, and he stood up straight, touched his face with one hand and snarled: "Fuck!"

Seeing Amber White was still not quiet, the man threw Amber White heavily on the ground.

There are many small stones of different sizes on the ground. She suddenly fell to the ground, and the bones and muscles were filled with pain that could not be ignored.

The man threw himself at her, pushed her head down and banged her head on the ground. His voice was grim. "You hit me! Stinking shameless bitch!"

Amber White's consciousness became weaker and weaker. When she opened her mouth, she cried out in pain.

A warm liquid slid down her scalp, and the force on her head became light. The driver kicked her again on the next second.

"I'm going to fuck you today! Bitch!"

The driver said as he tugged at Amber White's dress. she was still wearing the small suit she wore to the party, and Amber White's coat was half torn off as soon as the man had an action.

Amber White took a sigh of relief and struggled and said, "Do you dare to force me? I am Sean Smith's woman!"

She reached out and picked up the messy hair when she was entangled with the driver. The good looks were exposed. Her voice was very light, but the taxi driver who was close enough to her could hear clearly: "If you don't want to get into trouble, just let me go!"

The driver suddenly smiled and taunted: "Lies!"

"Do you think I am stupid? would Sean Smith's woman come to this broken place to see a doctor?" The man once again reached for Amber White's clothes and said: "Do you think I'm blind? That man at the

Hospital door just now threw his money in your face, you are a cheap toy for sale. Sean Smith couldn't like you."

Amber White was very beautiful. The faint light of the taxi shined on her face. It is stained with a few bloodstains. The black hair sticks to the white porcelain-like face, and the black and sleek eyes were full of fear.

Her look now let the driver have a feeling of abuse.

Amber White didn't know anything and whispered, "I am Sean Smith's wife!"

Amber White resisted all the pains of her body, clutching her neckline and breathing heavily: "The man at the hospital entrance is Sean Smith! If you dare to rape me... he won't let you go!"

Amber White's mind was very messy. She had been married for three years. This is the first time Amber White mentioned the name of Sean Smith, but it was used to save lives.

In fact, she knew that it was useless to say this to the driver who had lost humanity, but she still wanted to delay the time.

To wait hopelessly... wait for that person to save her.

The driver seemed to hear a funny joke, he laughed loud and bowed his head: "Oh? Sean Smith's wife? Then you tell me, how's Sean Smith in bed?"

Chapter 58: Pest

0 5 minutes read

After that, Amber White heard a short, tearing sound in her ear. Suddenly she felt that the skirt was loose. Her clothes had a good quality, the driver didn't rip open and didn't feel annoyed. He pressed Amber White's struggling body and said in a low voice,

"I have played a lot of women, but I haven't played Sean Smith's wife yet, It's really exciting!"

He finished, and reached out to tear Amber White's skirt.

Amber White was trapped in Ye Se for a long time. Her physical strength was already overdone. Then she was beaten by the taxi driver. Now, she had exhausted all her strength.

Not to mention that men and women are unequal in strength!

Amber White's brain was blank and her eyes were dark. The sound of cloth being torn came to her ears again. All she could think about was Cindy White's lovely face.

This unwilling emotion made Amber White feel uncomfortable. She touched a stone on the ground and smashed it toward the driver's head: "Don't touch me!"

But not until did she touch that person, her hand was pressed tightly, "Shit, don't move!"

Amber White was slapped again, the man's strength was really big that Amber White's face was beaten to sideways, there was a glare of light appeared, Amber White could not even open her eyes.

The driver didn't notice that, but clasped her shoulder with hands, and the words were more and more obscene: "Hey, I don't know how about Sean Smith in bed, but I can let you try me!"

He excitedly reached out and touched the chest in front of his eyes. When his hand was about to touch the breast, his body was suddenly thrown away by a tremendous force and he was punched hard in the face.

The handsome face of the man reflected coldness in the night and the blurred headlights, he punched out: "Let you know that my skills!!"

Sean Smith's strength was extremely strong. And every punch fell on the face of the taxi driver. It seems to vent his anger. He asked, "How about me? Em?"

There was a layer of anger that could not be calmed down in his heart, and the flames burned.

The taxi driver let out a sudden pig – like howl

"Help... I am wrong! Forgive me!"

Sean Smith gave him another punch, slamming him to the ground. The gloomy face flashed through a ferocious murder. He kicked into the driver's heart and watched the man faint. Then he strides over to the cab and pulls out the key.

With the gloom on his face, he raised his hand and threw the car keys in the direction of the mountains.

Oh shit!

Since the driver likes this place so much, let him stay here before going to jail!

Finishing this, Sean Smith looked at Amber White. The woman supported the tree to stand up, and the clothes on her body were loosely attached to her body, unable to cover the scenery of her good body.

The man's eyebrows were twisted out of a deep fold, and he glanced disgustedly, then quickly turned away.

Damn, this sly woman, she was so smart on usual, how could she not see the strangeness of the driver. Maybe she would think that he destroyed her good chance!

Sean Smith was very annoyed. He stood there for so long, and Amber White didn't have any movements. The fire in the man's heart rose again.

Fuck!

Was this dead woman still going to let him beg her to get in the car?

Was she taking herself too seriously?

If it wasn't because he didn't have the tendency to be a green tortoise, he didn't care about her. (In Chinese, people always indicate someone's wife or husband had affairs outside with 'green')

Oh shit!

Wasting his time and feelings, since she is willing to feed mosquitoes here, he will not accompany her!

Sean Smith scowled as he took a step, his strong wrist caught by a small, greasy hand. Sean Smith looked back subconsciously but saw a bloody face!

Sean Smith's temple jumped and cursed: "Fuck!"

He worked hard to waste his sleep time to save Amber White, but she even showed such a damn face to scare him! ?

Sean Smith suddenly pulled back his hand, Amber White had no support, her body swayed twice, and before she had no consciousness, she shouted two words: "Cindy Cindy..."

Sean Smith felt a little sinking and Amber White fell into his arms.

The man's face was full of anger, and he resisted the desire to throw Amber White out and took her up and walked over to his car.

Sean Smith took Amber White to the lighted place to see what Amber White looked like at the moment.

Her face was pale, he could clearly see the finger marks on her face. He didn't know where her head was hurt, and there was dry blood on her face.

The hair was messy and stuck on the face, the clothes on the body were wide open, and there was a clear fingerprint on the neck.

Sean Smith's eyes were deep, pulling the door and putting people into the rear compartment, going to the driver's seat, getting on the car, and making a phone call while turning around.

The person on the other side picks up and scolds a voice: "Fuck! Who is that! Don't let me sleep in the middle of the night!"

The expression on Sean Smith's face was more serious. After a while, he said: "Uncle Shen, it's me, Sean Smith."

"General Smith?" The voice on the phone smiled and asked carefully: "It's too late, why do you call me?"

Sean Smith licked his lips and looked sullen: "I heard that there was a taxi case in Tong city. I found a suspect here. In the mountainous area east of the suburban hospital, you sent someone to come over. Bring him back and question him."

"Hey? General Smith, is that true?"

"Yes!"

Sean Smith said a word coldly, and then he cut off the phone. He threw the phone into the co-pilot position.

After hanging up the phone, the man looked at the woman in the rearview mirror calmly.

Was Amber White killed by that man?

His eyebrows were twisted.

If he ignored her now, would there be 'the wife of the president of the Smith group was killed and thrown into the wild' in tomorrow morning's social newspaper headlines?

Pooh!

Who is Amber White?

Did she deserve to match with Smith Group? He doesn't want to be shameful!

The man stepped on the gas pedal and stopped in the parking lot of that broken hospital.

For such a profligate woman, he had come here for several times in a day!

Oh shit!

He shouldn't go to Ye Se, so that this woman wouldn't come out and seduce a taxi driver, causing a bunch of broken things!

Pest!

Sean Smith cursed in his heart, and took Amber White out of the rear compartment. When he just took two steps, the woman in his arms screamed in confusion: "Cindy..."

Chapter 59: Amber White didn't deserve his princess hug

0 5 minutes read

The man frowned!

What the hell? ! She even couldn't protect herself, and she was worried about that bastard! ?

Sean Smith was gloomy, and he speeded his paces, and entered the hospital and watched that Amber White was pushed to the emergency room.

In the hallway of the hospital, there was a bench for people to rest. Sean Smith wanted to smoke. He sat down on the stool and wanted to take cigarettes of his pocket of his trousers. When he reached out, he looked down and his eyes were on the dust on his trousers.

When he looked up, there was Amber White's blood on his white shirt and the blood had already dried.

The man was stiffy, and said with hatred: "Amber White!!"

She was so good! She could make him dirty like this!

He sat stiff for a long time, and there was anger in his eyes, and finally he frowned and gave a sigh of relief.

The door of the emergency room suddenly pulled away from the inside, and the doctor looked at Sean Smith and said: "The patient's relatives come over!"

Sean Smith did not move.

Patient's relatives?

Who were the relatives of the damn woman? She was his enemy!

As for the marriage certificate, sorry!

Amber White, was not his willingness to marry! He did not admit, even if there was a certificate, how come?

The doctor saw that Sean Smith didn't move, and he gave nurse a look, and went in front of Sean Smith. He said, "This gentleman, your wife is ok. We have already dealt with her wounds on the head! Other wounds are trauma."

After the doctor said, he took a few pill boxes from the nurse's hand and said, "One external application, one takes orally."

The man half-closed his eyes and stared straight at Amber White lying on the mobile bed. His tone was cold: "Is she all right?"

"Well, there is nothing wrong with her except for a little pain!"

In other words, Amber White, the bitch, did not plan to walk by herself?

Lying in a bed and pretending to die?

"But she hasn't eaten for a long time, and she has been ill-treated, so she was hypoglycemia. When she wakes up, let her eat something and have a rest!"

Sean Smith was speechless, and the doctor said: "After this infusion, you can go back!"

When the doctor finished, he left with two nurses.

The three of them went unhurriedly, and their voice sounded. "Doctor Hu, is the man really the husband of the patient? The injury on the patient will not be made by him?"

"It is him. And I receive them when they came to hospital. And they just came out for several hours, and then the woman got so many injuries? Is the woman crazy? Did she beat herself, and you also saw the wounds on her face, which were not hit by woman!"

"But he doesn't look like the kind of man who abuses his wife!"

"What does he look like? You don't know the society is sinister. I told you that there are more bad guys in the world. How many men have you seen? The man looks like a rich man. If he didn't hit his wife, what did they come cover here? They had already come to center hospital!"

"How many times have I told you, don't judge a man by his appearance!"

Sean Smith was stiff again!

Did he hit Amber White?

Was he a bad guy?

Did he abuse his wife?

Sean Smith was angry because of these words. If he wanted to hit Amber White, he would do it earlier.

Amber White, a bitch, even when she was in a coma, she could frame on him!

She wanted to do this when she didn't hesitate to get in the driver's car?

Sean Smith didn't wait Amber White finished the infusion, and he had no patience. He reached out and pulled the needle on the back of her hand out.

Since she was a troubler, then she didn't need to get infusion.

And he was so embarrassed in this wilderness, and he thought her very good!

The man casually used the medical tape to stick on the back of Amber White's hand and was ready to hug her.

When his fingertip touched the woman's warm calf, and his hands was paused again.

Amber White was nothing for him, and she couldn't enjoy his princess hug.

She was fine, and why should he bring her back so obedient?

Who was she?

If he took her away, and it meant that he admitted that he had abused her?

The man thought with angry, not only he didn't hit her, and but also if it wasn't him, maybe Amber White was already a dead body!

Why should he bear this?

Sean Smith thought so, and stood up straight, turned and walked toward the stairs.

If there was somebody cared about Amber White and then he brought Amber White back! He didn't want to care about her life and death!

He didn't like her!

After two steps, the man's pace stopped, not right!

Then if he went back now which meant that he still had to take care of Amber White's daughter?

And let him send that bastard to go to school tomorrow and made breakfast for her?

Fuck!

Absolutely not!

Sean Smith snorted and turned to walk to the mobile bed. His arms stretched out and took Amber White out of the hospital bed. He held her on his shoulder and strode out of the hospital.

Throwing Amber White into the rear compartment of Maserati, Sean Smith drove all the way back to Hanwan Xiangxie.

When he got off the car, he glanced at the brightly lit villa.

The orange light was reflected from the living room, and the grass outside the villa reflects a layer of ambiguity.

This was the first time that Sean Smith came back late at night and there was light in the villa.

He was warm, and looked down at the time on his wrist, four in the morning.

His eyebrows were slightly raised, and the bastard would not sleep yet? Waiting for him?

He said that the little child was much more lovely than Amber White!

Sean Smith stretched out and pulled the door in the rear compartment. After seeing Amber White, the soft between his eyebrows was replaced by condensation.

Humph!

How did he forget this damn woman, how could the bastard wait for him?

She definitely waited for Amber White!

Sean Smith's lips closed to a line. He reached out and took her from the car. He walked to the door of the villa and opened the door with his fingerprint. When the man entered the door, he saw Cindy White lying on the sofa and sleeping.

He stopped and frowned.

Damn, why didn't he leave Amber White in the hospital?

This damn woman was still unconscious, and she couldn't take care of children!

He brought Amber White back, and he still had to take care of Amber White's daughter?

Fuck!

Had he owed Amber White money last life?

Sean Smith cursed, holding Amber White to go upstairs with no expression, why should he care about the life of Amber White's daughter?

Not his child!

What the hell was he doing? !

He was thinking about something, and he went into the master bedroom subconsciously, and then threw Amber White on his incomparably spacious bed.

Chapter 60: A terrible scar

0 5 minutes read

With his hands empty, the man reached out and loosened his tie and unfastened the button at the top of his shirt.

After a series of actions, Sean Smith suddenly wakes up for a few minutes, he then turns around and stares at Amber White on the bed with burning eyes.

Fuck!

Was his brain kicked by a donkey?

Otherwise, how could he bring Amber White into his room?

The man's hand paused and then he tightened his body involuntarily.

He took care of Amber White's child for a day! And then he went to Ye Se and that mountain to save her, but there didn't have a 'thank' from her. Although he needn't that, it didn't mean that he had to give his bed to her!

The man was upset and half bent down to pull Amber White out of bed.

Before touching Amber White's body, his eyes fell on the dust on the stone-gray sheets.

Amber White struggled in the mountain for so long, in the process, that driver dragged Amber White's hair and walked for a long way, so there were many dust and small scree on her body.

The man's pupils shrank violently!

Amber White, a dirty woman, had dirty his bed! Was he going to throw her into the second bedroom or the guest room to make another bed dirty?

Is Amber White responsible for washing his sheet?

Sean Smith took a few deep breaths, suddenly, he remembered that his clothes were dirty because he held Amber White so often.

The man's body was stiff again, and then suddenly stood upright.

Damn it, if he had time to sulk here, it was better to take a bath!

With a curse, Sean Smith straightened himself and suddenly felt a soft touch on his arm.

He glanced back. Amber White was grabbing his arm and her beautiful eyes were closed tightly. There were many sweat on her forehead and she was whispering, "Cindy... Don't leave..."

Sean Smith twisted his eyebrows violently with impatience in his heart.

Don't leave? Then stay here and listen to Amber White's mother and daughter's affection all night?

Did he look idle?

Thinking so, Sean Smith shook his arm, but Amber White's hand tightened, and he did not throw her away.

The man's dark eyes were dyed with anger, his lips were lifted, and a low curse was uttered: "Fuck! Damn woman! Let me go! "

Sean Smith's grasped hand pulled back with great force, and directly pulled Amber White off the big bed.

The man looked down at the woman lying like a dead on the ground and frowned.

Listen to the voice she fell down, it must be very pain.

His eyebrows jumped suddenly, can't he be blamed for that?

Would Amber White fall down if she hadn't held him?

She deserved it!

Besides, if he didn't leave, would he sleep with Amber White, a dead woman?

Sean Smith's eyes narrowed slightly, he looked up and down at Amber White with some malice, didn't this shameless woman wake up?

She wanted to seduce him pitifully with her wounded body?

He stretched out his foot and kicked Amber White's body, frowned and spoke calmly: "Are you dead?"

Except for the words she blurted out just now when she held Sean Smith, Amber White no longer responded.

Sean Smith scolded dirty words again. The good cultivation he had developed over the years was burned by Amber White today.

She was really powerful!

With a sneer, the man squatted down and touched Amber White's body with his hand, he twisted his eyebrows and looked at Amber White carefully, his eyelashes, as thin as cicada wings, were reflected on his lower eyelids, laying a thin shadow.

The whiteness of her face and the ferocious marks of her fingers became more and more horrible.

It didn't look like she's pretending!

Sean Smith couldn't vent his anger, so he raised his feet to kick the trash can beside. Regardless of Amber White, he stood up and walked out of the room.

Now that Amber White didn't like sleeping in bed, just stay on the ground!

He had already lowered himself to hold Amber White, but the woman was still so ignorant!

She soiled his clothes and bed, it was lucky for her that he didn't look for her troubles!

Did Amber White deserve that he breaks his rules again and again?

As soon as Sean Smith went out, his footsteps stopped.

There was no light in the corridor on the second floor. The moonlight seeping through the window was intertwined with the light on the first floor, a layer of orange shadows was made on the second floor, especially beautiful and chic.

Even Sean Smith's dark face was softened a little.

The man stood at the door of the bedroom, thinking with indignation.

The air-conditioner in the bedroom was on, Amber White was injured and overdrawn, what if she got a fever after he left her on the ground?

Hai Wan Xiang Xie is his personal field, if Amber White had a good or bad situation here, wouldn't he have to serve her?

Oh, by the way, and that little bastard!

He was not very clear after being annoyed by that bitch Amber White. Originally, he wanted to bring Amber back and let her send that bastard to school!

Hum!

Damn it, it's Saturday after dawn!

If Amber White can't wake up tomorrow, that bastard would must chase him and ask questions.

No matter Amber White or the bastard, they were both troubles. From the beginning, they were not well-intentioned!

He didn't want to serve any of them!

Maybe the little bastard would think that he had deliberately abused Amber White.

Sean Smith licked his slightly dry lips, and the thin lip flaps reflected a watery light, it adds some charm to the man's frosty face.

The man's foots moved, turned back and bent down to pick up Amber White from the ground and throw her on the bed.

He looked left and right, and his eyes fell on the blanket on the bed.

Suddenly, Sean Smith had an idea, he covered Amber White with blanket, then it would not be so cold or so hot, and her ill wouldn't be more serious.

When Amber White woke up tomorrow, he would let her take the bastard out of his place!

It was no way for Amber White to stay at here on the pretext of her illness!

Sean Smith therefore picked up the lip corner, and his gloomy mood turned good.

When he reached out to pull the quilt, he saw her body.

When he pulled her just now, Amber White's fragmented skirt fell down completely.

The little suit jacket was also wide open, and the last buttons of the shirt inside burst open, exploring the fair belly in the air.

Amber White's abdomen is flat, and the orange light falls on her abdomen, which gives her body a bright white and compact luster, like fine milky white satin.

Sean Smith's eyes shrank sharply, his cold and sharp eyes fell on the scar of more than ten centimeters on Amber White's lower abdomen.

The scar, like a centipede, winding lay on her lower abdomen. It is this scar that breaks the perfection of Amber White's abdomen and makes her lower abdomen look particularly ferocious.
