

Mr Smith 91

Chapter 91: Closed Meeting? And did it still hold until the early morning

0 6 minutes read

When they walked into the office of Sean Smith, Amber White asked Gu Jinyan: "Mr. Gu, now you can say it. Why are you looking for me?"

Gu Jinyan cleared his throat and went to the back of the desk of Sean Smith and sat down.

In addition to Cindy White greeted Amber White, no one would bother the talk about Gu Jinyan and Amber White.

"Mrs. Smith, I can't contact Lu Xiangxiang in the past few days. Can you contact her?"

Gu Jinyan asked. Amber White moved her eyes, and finally her eyes fell on Gu Jinyan who frowned, although there was still a smile on his face, the nervous in his eyes could not be hid!

Amber White remembered the last time Gu Jinyan helped Lu Xiangxiang buy underwear.

Although it was not the best time for gossip, Amber White still wanted to know, so she asked: "Mr. Gu, do you like Lu Xiangxiang?"

Gu Jinyan was stiff and said: "Of course not! I look for her to do other thing! We are friends! How can I fall in love with her? I have no tendency to abuse..."

Amber White thought he was right.

The relationship between Lu Xiangxiang and Gu Jinyan was really good, but one thing was that Lu Xiangxiang always bullied Gu Jinyan!

"A few days ago, I called Lu Xiangxiang. She said that she was on a business trip in other city. The boss was holding a closed meeting. In order to ensure the quality of the meeting, her mobile phone needed to handed over."

Amber White thought for a moment and added: "And their training will often hold until the early hours of the morning. It is estimated that Lu Xiangxiang have been tortured in these days, so she doesn't have time to watch the mobile phone! If you have something that needs her to do, you can call her in the early hours of the morning!"

Gu Jinyan cursed: "Fuck! Hold to the early morning. Can Lu Xiangxiang bear it? Then did she say that where was her business trip?"

"S City!"

After Amber White said, Gu Jinyan stood up from the sofa. He buckled his mobile phone with one hand and did not return his head. He waved to Sean Smith, and he said: "Sean! I still have something to do. Next time, we can eat together!"

After that, he didn't wait for Sean Smith to answer, and pushed the office door away and went out.

Gu Jinyan was a little angry. He was well-known for his good temper in the circle. Now he frowned, and the curvature of his lips was stretched into a straight line. The secretaries of Sean Smith's secretary department wanted to go up to say a few words. They were scared by the cold face of Gu Jinyan.

However, Gu Jinyan did not know anything about it.

The words in his heart were all the words of Amber White!

Closed meeting!

Also held until midnight!

Gu Jinyan knew Lu Xiangxiang's boss.

He was the upstart in Tong City's business circle in two years. After taking over Feng Group, he doubled the performance of Feng Group in two years, and he was indeed a talent!

When Lu Xiangxiang was looking for a job, Gu Jinyan invited her. However, she didn't agree. She didn't want to work as Gu Group's executives, but she wanted to go to Feng Group as a secretary!

Gu Jinyan suddenly remembered that the last time when he was driven out of his home by his father, and he went to Lu Xiangxiang's home.

Before he even entered the door, he saw that Lu Xiangxiang helped the drunken man to get out of the car!

Although he had no intersection with Feng Chen, Gu Jinyan knew him, especially after Lu Xiangxiang entering Feng Group, he also investigated the origin of Feng Group!

That night, the man who drove Lu Xiangxiang back home, wasn't it Feng Chen?

In the middle of the night, the boss sent the secretary home. hehe!

Everyone knew Feng Chen's mind.

Gu Jinyan bit his teeth, but he couldn't attend to see Sean Smith and Amber White's jokes. He went straight down to the underground parking lot of Smith Group and called his secretary while walking.

"Give me a ticket to S City! The fastest flight!"

The secretary was shocked and said subconsciously: "Boss? Why do you go to S City? Are you not going to eat with Lin Ju in the afternoon?"

"You choose another day to eat dinner. I am going to S city now!"

"But....."

Gu Jinyan was gloomy and he snorted: "But what? Are you the boss, or am I the boss?"

The secretary said, "I will book your ticket now!"

Gu Jinyan snorted, hung up the phone, then drove the car out of Smith Group and went straight to the airport.

After Gu Jinyan left, Amber White stood up and she planned to continue the public relations department meeting. She stood up and said to Sean Smith who was sitting behind his desk, "Mr. Smith, since Mr. Gu's matter is solved. I will go back first."

Sean Smith didn't look at her, and said: "Manager White, you are gone now, and are you planning to let me take care of your daughter?"

Amber White licked her lips and she glanced at Cindy White sitting on the sofa and she licked her red lips again.

She couldn't send Cindy White to the kindergarten, and now there was such news. In the morning, there was an accident caused by the reporter's interview. Amber White naturally did not dare to go to the kindergarten.

She needed to go to work, but Lu Xiangxiang was not in Tong City. No one could take care of Cindy White.

Amber White frowned and asked, "What do you mean?"

When Sean Smith heard Amber White's words, he looked at Amber White and pointed his finger at the desk in front of him. "You are here today!"

Amber White's pupils violently contracted. She didn't expect that Sean Smith would have proposed such a thing. She took a deep breath and whispered: "Mr. Smith, I will take Cindy to the public relations department. The day's things, only we two knew. I want to see if I can do to help you! You can rest assured that Cindy is good kid and will not bother others."

Sean Smith glanced at the direction of Amber White. He smiled and said: "You can't promise. If I let you bring her to work. Then, next time other employees want to bring their children to work, can I agree? Smith Group is a company, not a kindergarten!"

He sneered. She said she wanted to help.

He thought the fact was that she really wanted to stay with Lu Yu.

Amber White and Lu Yu were bad. Who knew if they want to take advantage of this opportunity to be unfavorable to his company?

Amber White didn't know what Sean Smith was thinking, but she thought that Sean Smith was right. She blinked and agreed to the words of Sean Smith, saying: "Then I will go to the marketing department and took my laptop."

Sean Smith reached for and pushed the landline on the desktop. He said: "How do I know if you will come back when you leave? Call your secretary to send it here."

Amber White: "..."

Amber White called the phone and hung up and after less than three minutes, Xiao Shen sent her what she wanted.

Amber White was trapped in Ye Se's toilet in the night last Thursday, so she didn't go to work on Friday, and Monday was the beginning of the week. There was a lot of things stacked up. She opened the laptop.

In a few minutes, she was immersed in the official business.

Cindy White was reading fairy tale book in the office, and there was the sound of her occasionally flipped paper and the sound of Amber White's clicking on the computer keyboard in the office.

He didn't know if it was easy to get tired in summer. The company was very quiet, so the presence of Cindy White and Amber White had become extraordinarily obvious because of the sound.

Chapter 92: Daddy, can you stop picking on mommy again?

Sean took a look by the direction of Amber, she just stood besides the window, and the sunlight was blocked by curtains, but there were still one or two wisps of lights coming through from the gap and struck on the woman's side, giving her long thick eyelashes a golden glow. Her side face immersed into the air, setting off her smooth skin! Because of the lights, people got to see the floating dust in the air.

Sean moved his fingertips, he actually didn't like this quiet atmosphere. People who didn't know the real situation would assume the three of them were a harmonious family, and he could accept this assumption, but his wife and daughter couldn't be Amber and Cindy!

He raised his eyebrows and threw hardy the document he was reading on the desk.

The sound turned to be so harsh in the quiet room!

Amber and Cindy all looked up at Sean, but at the next second, Amber hurriedly turned back her head and fixed her sight on the computer screen.

At this moment, Sean said: "director White, I'm hungry, I want to eat the braised chicken with sauerkraut of Shangpin Pavilion, the fish bead with winced pepper of Mu Ding and the curry shrimp of Sakura restaurant. Please bring it to me!"

Hearing this, Amber's brows moved a bit. Shangpin Pavilion was located in the center of the city, just below the company Smith, and they made so yummy dishes, but its not for the profit instead of publicizing some ideas. They only made few dishes a day and it won't have no more once it was sold out!

Mu Ding restaurant was located in Haiyang road, there were three streets and one viaduct from here. And it needed half an hour of driving to be there.

Sakura restaurant was not far away from here, but it went on the opposite way with Mu Ding...

Sean used not to eat spicy food, but now he wanted to have fish head with pepper. Amber surely could tell that this was only his way to torture her!

Amber now blinked her eyes.

Sean knocked twice on the desk, he was dressed in a white shirt with his sleeves rolling up, and his white arms exposed in the air. Even a slight gesture had somewhat force.

But Amber only raised her head. "President Smith, I still have some unfinished business at hand, can you ask assistant Xu to order food for you?"

Hearing this, Sean sneered.

This woman was somewhat arrogant!

Mrs Smith did have strong air, she was so good at taking orders to people!

Three years ago, was the reason she tried so hard to be Mrs Smith for today's fame? But how could she get what she wanted?

Sean hooked up his lips and said: "I specially hired Xu Lin with high fees to tackle important things in company instead of running some trivial errands! But as for director White, if you do need to take care of something, how could you run directly to the PR department the minute when you came back to the company?"

Amber now choked there a bit. If it wasn't for reserving his fame, how come she would do so many things? Amber didn't want to argue with him, she took out her phone and sent out some texts, seconds later, she said: "President Smith, the dishes you asked will soon be delivered here, anything else?"

Sean licked his lips and said in a low voice: "make me a cup of coffee!"

Amber was about to get up, Cindy suddenly stood up from sofa: "mom, I can do this, you go do your work things, I'll make daddy coffee!"

Amber then held Cindy's hands: "I'll go, there's so many people here, you don't know where the water-heater room is, so just stay here to read your book."

Cindy was still young, Amber surely wouldn't want her to walk so long distances. So she directly walked into the teatable to make the man coffee!

Sean now felt so pleasant, seeing the satisfying look on his face, Amber went back to her seat and continued doing her work things.

Sean moved his wrist, suddenly, a cup of coffee spilled on the desk. Amber and Sean shared the same desk, seeing this, she hurriedly stood up and moved to the side.

Sean then said slightly: "director White, please tidy up the desk for me, I need this document this afternoon, after that, get me a copy of that!" his voice was frivolous.

Amber took a look at him, and she didn't find the electronic version of that document, she then directly picked up the document on the desk.

Amber exhaled one breath, luckily there's a another copy in her computer, so she didn't feel so anxious.

But Cindy then ran to the desk, she pinched pieces of tissues and said: "mom, I'll help you with the desk." the little one did houseworks before, so she quickly cleaned the desk. Amber then hooked up a smile,

she held up the usb drive she had just unplugged from her computer and said:“mom needs to print this document, you stay here!”

Cindy nodded!

After Amber left the office, Cindy cleaned up the desk and threw the tissue into the garbage can. The little one didn't directly leave, she had been staying silent there since she entered into the office, now she stood besides Sean as if she were going to say something to him. Sean naturally felt a bit surprised. But he had played Amber for a long time, so obviously, Sean was in good mood, he then looked at Cindy:“what's wrong?”

Cindy paused there at first, she then said:“daddy, you were so careless today, mommy don't feel so well today, when she's back, can you stop picking on her again?”

He picked on her?

The little one was indeed Amber's good kid, she not only cleaned up the desk for Amber but also gave lesson to him now!

So hideous!

Sean again became unhappy, when he was about to be angry with Cindy, his head suddenly flashed out some lights. He played Amber from the beginning, but until now, she didn't suffer a loss instead of wasting him sometime!

But...

The good show would be at night! He needed not to argue with this little one at this moment!

He wanted to see if Amber could take the stress!

Sean then took up his phone and sent out three texts immediately!

Chapter 93: Amber White was the target of criticism.

0 5 minutes read

It didn't take a long time that the meal she ordered arrived after Amber White printed the documents and went back to the office. Then she went downstairs and took the food to the office of Sean Smith.

The man picked up with the chopsticks and he did not eat much. Instead, Cindy White ate a lot.

Amber White didn't say anything. Sean Smith was picky because of the extravagant life. She did not feel surprised.

After the meal, Amber White did not wait for Sean Smith to order her, she collected the garbage before she sat down again to deal with the work.

Sean Smith waited to see the jokes of Amber White at night, and naturally did not torment Amber White.

Time passed by little, and soon it was the time to get off the work.

Old Mr. Smith called Amber White in the morning, and he told her to go back for dinner with Sean Smith.

In the morning in the hospital, Amber White wanted to take Sean Smith's car, but Sean Smith refused.

Sean Smith always hated her, and did not want her to get on his car. Amber White simply packed up things and took Cindy White to go out of the office.

Sean Smith frowned and passed Amber White with a steady step. His pair of powerful arms blocked in front of Amber White. Lowering his eyes, he said with a bit of cold and cool voice, "You promised that we will go back together at night. Where do you want to go?"

Amber White was very sensitive. She did not think that Sean Smith was inviting her to go back together. She looked at Sean Smith and said. "I and Cindy will take a taxi and wouldn't bother you."

Sean Smith sneered.

How could Amber White let the chance go when she could get along with him alone?

Taking a taxi to the Smith house was just an excuse for her to block him and her true purpose was that she wanted to cause the conflicts between him and his father?

In the same company, he let them who got injury take a taxi to go back. How bleak they were! And it was enough to cause old Mr. Smith to be angrier and feel sorry for Amber White!

At that time, Amber White would get what she wanted.

He knew this point, and he couldn't help but feel a trace of contempt.

He didn't talk to Amber White any more, but he bent down and spoke slowly to Cindy White: "Do you want to take Dad's car?"

Cindy White looked at Amber White, and looked over at Sean Smith, asking: "Can dad bring mom together?"

Sean Smith was silent.

He was not the leg of Amber White. Could he control where she went?

Amber White was so arrogant. The reason she married him was just for the power of the Smith family. Maybe she didn't want to take his car!

After all, this news was beneficial to Amber White!

He knew everything what she thought!

Sean Smith snorted and he leaned down and hugged the little guy. "Go, Dad takes you to the parking lot!"

Sean Smith did not refuse, so Cindy White's eyes brightened. Because Sean Smith was high. When Cindy White was held by him, her vision was also very broad.

Cindy waved her hand at Amber White: “Mom, you go with us! We will go to the grandparents’ home with Dad!”

Amber White subconsciously followed them.

The wife-abused scandal had spread, and the public relations department had not yet set a clarification in addition to a formulaic denial of the news report case.

Now Sean Smith and her actions were definitely watched .

When Sean Smith came over in the morning, he drove his Maserati that was often drove by him to public places. If she didn’t take Sean Smith’s car, but took the taxi at the door of Smith Group, and then if she was seen by someone...

Then this news would definitely be upgraded. The impact on the stock price of Smith Group was terrible.

Amber White raised her hand and smoothed the long hair hanging on her face.

Even if she didn’t say to Sean Smith, he should know it clearly. He should not act like this morning in the hospital, blocking her from not letting her get on the car.

After all, Smith Group was his company.

Amber White licked her lips, and her slow pace gradually accelerated, and went to the underground parking lot together with Sean Smith.

The light in the parking lot was faint which made Sean cold when the light fell on Sean Smith’s face.

After Sean Smith put Cindy White on the passenger’s seat, Sean Smith turned to Amber White who reached out and pulled the rear door. He was gloomy.

Amber White was really a good mother. Because of Cindy White’s words, she gave up the opportunity which could get old Mr. Smith’s pity!

The action of her pulling the door was quite skillful!

Since she became his wife, there must be so many people who lined up to drive her back home. Now she wanted him to be her free driver? !

Sean Smith was so angry. He couldn’t control himself. After he helped Cindy White buckled the seat belt, he strode directly onto the car, started the engine, turned around the car, and drove the car out of the underground parking lot.

When Sean Smith started the car, the speed was very fast. Amber White was not prepared. Her head hit on the back of the chair and hit the wound on her forehead.

Amber White hurt and gasped, but she held back the screams!

She rubbed her wound, looking at the road ahead through the windshield, and there was a moment of loss in her eyes.

After marrying Sean Smith, the marital status between them was destined. Sean Smith could do nothing about it so he vented all his anger to Cindy.

And he definitely didn't admit this child was his daughter!

Up to now, the three widows of Smith family always looked at Cindy White with strange eyes, and every time what they said were straightforward and vicious.

She could bear it, but she was afraid that Cindy White couldn't stand it!

Hesitantly and repeatedly, Amber White looked at Sean Smith, and asked: "Mr. Smith, who are in home at night? Are your three sister-in-law going to go?"

Through the rearview mirror, the man glanced at Amber White who was a little worried.

He sneered. He didn't know that Amber White feared those women!

Sean Smith heard more or less a few times about the things that happened in Smith house. And he knew clearly what Amber White was worried about!

"Who do you want to go there? What? Director White was abused by me, and you hope that everyone will support you and hold a meeting for you?"

After Sean Smith said, Amber White was relieved.

What he said meant that after returning to the Smith house, as long as she explained these things with Sean Smith's parents, they could go back?

But after thinking, she felt it was not right. In the Smith family, it seemed that only old Mr. Smith stood on her side and helped her. Even if there was really a meeting, it was impossible for Sean Smith to be the target of the meeting. On the contrary... Amber White was the target of criticism.

Chapter 94: What is it to only coax the old man?

0 4 minutes read

Amber took a sigh, today was a tough day for her! In the kindergarten, Xiangpang's mom picked on her, at the gate of school, she almost got stepped to die, and she also needed to deal with Sean Smith. Amber now felt so tired.

She pinched her brows and curled up in the car.

The car slowly drove to the old house of family Smith.

The house covered a large area, the door of villa was full of rare green plant that had been taken care of meticulously by servants, at the position that was on the opposite to the gate, there placed a small fountain. Next to the green plant, there planted the flower that couldn't be called on the names.

Amber got off the car and walked to the co-piolet's seat, then held up Cindy.

They then went upstairs, Sean walked in the front, from the distance, the three of them did look like a family.

Amber inhaled one breath and held her unrealistic fantasies. She then walked into the old house without looking around the situation of villa.

“Um, your sister-in-law and I have been waiting for you two for like three hours, what are you so late?”

Hearing the complaints, Amber’s body went into stiff. She suddenly raised her head and saw Shen Ruyun standing on carpet of intricate patterns. Shen Ruyun was the third sister-in-law of Sean Smith.

Amber then took a look at sofa, Jiang Xue sat there, she wore Chanel couture dress with exquisite hairstyle. She was the second sister-in-law of Sean Smith.

Amber now felt a bit surprised, she then looked at Sean. Didn’t he say there’s only his parents here in the old house?

Why Jiang Xue and Shen Ruyun were also here?

Noticing the surprising look on Amber, Sean then turned back at Amber with mocking sight.

Amber then had a shiver in the body. Sean Smith’s expression was enough to tell everything!

Shen Ruyun and Jiang Xue were here surely for some reason, and it had something to do with Sean Smith. He always didn’t like her, and Amber also knew that he didn’t get along well with his three sister-in-law, but now they all showed up here. Obviously, Sean called them here specially to against her!

At the thought of this, Amber exhaled one breath, she then blocked Cindy with her body while said: “sister-in-law...”

Jiang Xue didn’t answer Amber, Shen Ruyun then came closer and took a glance at Amber. “sister, you’re now Sean’s wife, how can you still dressed in rags? Don’t you know we represent our family’s dignity? If you walk out in this way all the time, our family dignity would lose sooner or later because of you!”

Hearing this, Amber still stayed silent, she held still Cindy’s hands.

Sean then raised his eyebrows. He so wanted to know how long could Amber White stay in such steady manner? Didn’t she always smart? Wasn’t she good at talking sweet words to everyone? So he called all of his sister-in-law back here so that she wouldn’t feel lonely!

“Sister-in-law, I’m wearing the uniform of company Smith, there’s so many staffs in the company, who you actually despise? You despise Sean or dad?”

Shen Ruyun then cold humed a voice and added: “hum! How can you bring up company Smith? Sister, what’s wrong with you these days? There’s scandals about Sean in every media, didn’t you always like wiping clean Sean’s butt? What happened to you now?”

Maybe Jiang Xue felt interested in this subject, so she looked at Amber and said: “that’s so true, playing with those young models aren’t that important, at least Sean could increase public awareness, but abuse his wife...um! Now company Smith’s shares went down a lot more, even myself feel so pity about this.”

“Yes, lost sixty million at oneday! Sister, if you cannot take care of this thing, you have to pay me!”

Hearing this, Amber's temple jumped a lot. She knew that Sean's three sister-in-law held some shares of company Smith. Sean's three brothers all died of cancer, they three all got married. After the death, Sean's three sister-in-law didn't remarry to another man, they all insisted to be single. Later, Sean's father gave them some shares of company!

But only themselves knew what they really wanted in family Smith!

Amber then replied: "sister-in-law, the PR department has been working on this thing! Company Smith owned high reputation in Tong city, and it has deep foundations. So it couldn't be crushed down so easily!" she then held Cindy's hand, walking to the sofa.

Sean sat there easily, he held his phone with one hand with sight fixing on the screen.

Seeing Amber here, Sean suddenly smiled. Didn't the woman really think she would send away his sister-in-law by only few words? Or she wanted to wait till the old man here? His three brother had been dead for so many years, and his three sister-in-law had high status in the family, so even they beat Amber, Amber couldn't win over his sister-in-law!

"Sister, are you saying the sixty million isn't money? Big sister-in-law and I have no one to depend on, we have been living in intense for not losing dignity for our family, now the company lost so much money at one day, what do you expect us to live for?"

Jiang Xue then added again: "you're right, sister, you see, our husband left us so long ago, and we don't have kids, so when we get older, there would be no one to support us, we all depend on the shares of company Smith, so you have to give us a satisfying answer!"

"Yes, yes, yes, sister, don't try to bully us, the scandals are on you two, so you have to cover the loss! This kind of thing also happened two years ago, we cannot cover the loss again!"

"Sixty million are enough for us to invest one nursing home!"

Shen Ruyun and Jiang Xue kept saying. Which made Amber kind headache!

Chapter 95: Sister-in-law

0 4 minutes read

Seeing no reactions from Amber, Shen Ruyun pouted her mouth and walked over. She put one hand on Amber's shoulder and squinted at Cindy. "sister, it's not that I'm indifferent, but you cannot let our family suffer great losses!"

"Family Smith not only raise that little bastard but also spend money for you! And about the house you're living now, it's also paid by our family!"

"You cannot even take care of this news, so how dare you bring in that little bastard for the property of our family?"

"When that little bastard grows up, it's just more waste of dowries."

"Poor little thing only want the money!"

Hearing this, Sean hooked up his lips, his third sister-in-law was indeed cruel!

Tang Tian wasn't the same level as her! Because she knew so well where Amber's weakness was! Though Tang Tian swore at Amber before, she didn't really know Amber, all she cursed Amber most was some words like bitch, now Shen Ruyun even swore at Cindy, Sean didn't believe that Amber could still stay silent there! At the thought of this, Sean moved his body and fixed his sight on Amber.

Amber's face was pale, her fingers clenched tightly together. Seconds later, Amber looked at Shen Ruyun with sense of mocking.

"Sister-in-law, you know clearly which one of us really covets family Smith's property! I didn't use the house to mortgage or pay the gambling debt!" "in the place like Casino, it's not just by luck, so you still need to be careful in case you lose the only thing third brother left for you, by that time, even if you have more shares of family Smith, it couldn't save you anymore!"

Hearing this, Shen Ruyun paused there. It's actually an open secret that Shen Ruyun liked gambling! Sean's mom and dad had been turning a blind eye to this thing, but few days ago, Shen Ruyun got bad luck, she lost all the money at hand and secretly mortgaged few houses of Johnson Smith! At first, she planned to redeem the house after she got the shares, but who would've thought family Smith's shares shrank more and more because of the thing happened between Amber and Sean! So after Shen Ruyun got text from Sean, she hurriedly ran over here. But how come Amber knew about this? She didn't know how much Amber really knew, so she dared not to argue with Amber anymore.

"Sister, I don't understand, Sean, you heard Amber's words just now, you two are now a couple, just beware of the houses under your name in case it's mortgaged by someone!"

Sean hooked up his lips at this moment. What? Amber mortgaged his house? How was that possible? She didn't even know where his real estate was! Even if she knew, how dared she do this kind of thing? In other words, if he still lived in this world, no one dared to take it even if Amber mortgaged the house!

Seems Shen Ruyun wanted to drive a wedge between her and Sean, Amber then said:"since sister-in-law knows so clear about the mortgage thing, couldn't you already transfer the money that got from mortgage under your name?"

The expression on Shen Ruyun's face suddenly changed.

Sean's mom always liked Johnson, so she also gave Shen Ruyun some praises among the four daughter-in-law of family Smith, if the thing spread into her ears, she would be so shameless!

Shen Ruyun's face turned deathly pale, seconds later, she sat down with a gloomy look. "I don't know what are you talking about!"

At this moment, Fang Weiwei came in. She's the elder sister-in-law of Sean, though she's over 30 years old, she still looked so young.

Fang Weiwei smiled when she came in:"everyone's all here?"

Jiang Xue then said:"sister-in-law, before you came, I was discussing the shrinking thing of family Smith's share! We think that Amber should cover the loss this time!"

“They have always been on bad terms since they got married! If they keep doing this, company Smith would be toasted sooner or later!”

Fang Weiwei took a look at Jiang Xue and said softly: “sister, you cannot put words like this, I’m sure this isn’t what Amber want either!”

“Sean, you have to take care of this very carefully! The news clearly were distorted.”

Sean then sneered at Amber. He still didn’t even know who TINA really was. So how to take care of? This thing concerned with everyone’s profits, even if Fang Weiwei wouldn’t blame them, what about Jiang Xue? And as for Amber, how could she knew things about his third sister-in-law, it seemed that he underestimated her!

“Sister-in-law, you’re really a good person? Until now, you still stand on Amber’s side!”

“She got pregnant before she married to our family, the person like her surely was a bad person!”

“Now, she worked in marketing department, and there’s so many stars! Who knows which one she’ll set her eyes on next time?”

“If she again conceives the babe of others, what about Sean?”

“If the thing of her looking for men becomes headlines, we will be the victim by then!”

Jiang Xue kept saying there.

“Sister-in-law, are you done?” Amber slightly smiled: “how did I not know you actually can be so talkative?”

Hearing this, Jiang Xue felt instantly unhappy! “Amber, you’re so shameless! If you can get knocked up once, who knows if there will be a second time!”

“What? You want family Smith again support another bastard?”

“I’ve never seen a woman being such bitchy in my entire life!”

Hearing this, Amber walked forward and said coldly: “I cannot compare with you, after getting bored at the bar, you even played in the casino!” “and after got threatened by the boss of casino, you were forced to pay him five billion!” “sister-in-law, since second brother had been dead for years, so if you ever got pregnant, what will you supposed to say?”

Hearing this, Jiang Xue widened her eyes, because of the shockness, her body got straighten up instantly! She once made a deal with the boss of casino that she would pay him the money once she got shares from family Smith, by that time, he would returned back her videos and keep the secret!

Amber...

How could Amber know this?

Chapter 96: Because your bone marrow is so precious?

0 4 minutes read

After a while, Jiang Xue's spine hit the chair on the back. The expression on her face changed again and again!

Noticing this, Sean sipped his lips and moved his body. The white shirt that tucked into his trousers was then straightened, which made Sean's waist be thinner and smoother.

His three sister-in-law were all mean, but Amber now made them become speechless... this result was out of his expectation! At first, he specially called his three sister-in-law here to humiliate Amber, but who would've known Amber could reverse the situation!

This woman was indeed smart! No wonder the old man allowed her into company Smith and climbed all the way up to the director of marketing department! Sean just showed a bit appreciation to Amber, suddenly, the smile on his face went into stiff!

No! How could this woman know so well about the situation of everyone in family Smith? Firstly it was his phone password, now it was the secret about his third sister-in-law, had she done the research on family Smith? No wonder the old man loved her so much, she even forced his mom to agree this marriage by the spine-donation thing! The woman was so scheming!!!

"Sisters, we're a family, don't make such a scene! We finally gather together here, if dad and mom see us being like this, they'll feel unhappy!" Fang Weiwei said.

At this moment, there came through the sound of footsteps on the stairs.

The people downstairs all stunned there, they then looked up.

Sean's mom now walked over with a phone holding in her hand. Sean and Fang Weiwei sat respectively on the single sofa, Shen Ruyun and Jiang Xue sat at the opposite of Amber. There's a position besides Amber, at first, Amber thought Sean's mom would directly sit down here, but to her surprise, Sean's mom pushed Sean, Sean then moved to Amber and held up Cindy.

After noticing Cindy, there's instantly a sense of annoying in the mom's eyes.

"Sean, you seem to be good at holding kids of others?"

Sean then replied:"mom, don't forget that it was you who forced me to marry Amber White three years ago! You gave this to me!"

Hearing this, the mom stared at Sean, she then fixed her sight to Amber.

"Amber, what's going on with the news today? No one in the marketing department and PR department? Why the news still stand on the headlines?"

Amber then said:"mom, the company is still discussing the clarification plans..."

"Discuss? I know my son so well, he really hit you? Who really beated you?"

"At first, it's the kid thing, now it's the hit thing, is he so easy picked on?" "is this all about the spine-donation thing? You think your spine is so precious?"

Amber knew that the mom didn't like her at all, now after this thing, she would surely hate her more! But she's also the mom of Sean and also her elders, she couldn't swear at her? Amber then inhaled one breath, her face turned to be pale, while she felt more anxious, Fang Weiwei added: "mom, this thing has nothing to do with fourth-sister!" "forth-sister now injured and she feels so wronged, if you keep scolding at her, it will make her feel more uncomfortable!"

Hearing this, the mom sneered there. She had bad fate, her four son all died and she didn't even have one grandchildren, and three years ago, she even forced her forth-son to marry a woman who already conceived a babe of others! At the thought of this, the mom exhaled one breath. Amber felt uncomfortable? Then how about her? Was she feel comfortable?

"What's this to do with you?" the mom threw a stare at Fang Weiwei at first, then she said to Amber: "you and Sean had been married for three years, couldn't you take care of him? Family Smith runs a company instead of his harem, I seem to see his news all over the newspaper!" "he wants me to die? Or he wants his dad to die out of anger?"

Hearing this, Shen Ruyun and Jiangxue exchanged a look, they now felt somewhat pleasant!

Sean then took a glance at Amber.

Did his mom being here for fun? Amber wanted to take care of him in the daily life, but seems that was out of her control! If the mom really wanted her son to be disciplined, she should've let him marry Manman!

"Daddy, this is my grandma?" Cindy suddenly asked.

Sean was about to answer Cindy, the mom suddenly retreated her legs while said: "I don't have a granddaughter with your age! Stop adding relations with me!"

Cindy sipped her lips and nodded.

Amber's face suddenly got ripples, she clenched her fingers and felt so wronged at this moment! The mom was clearly mocking at her!

"Well, enough, she's just a kid, why are you angry with her?" Sean's dad came downstairs at this moment.

Seeing him here, Amber stood up to make room for the dad: "dad, sit here!"

Though the dad was now at his late middle age, the stateliness of him was still on, he walked besides Amber and took a sharp look at Sean!

"You bastard! How dare you come back? If you don't hold the kid now, I'll break your legs!"

"..." Sean knew there might be bad things coming at him in the old house, this Amber, her actions were so fast, no wonder the old man liked her so much! She must intentionally make the room for the old man so that the old man could scold him easily!

Sean then pulled his lips, and there's some coldness coming through his cold eyelid, he just sat on the sofa easily!

Seeing the look on him, the dad felt more angry, he then turned and said to Amber: "Amber, I'm here now, you can tell me what really has happened! Does the wound in your body has something to do with this bastard? How did he torture you?"

Hearing this, Amber stunned there, in fact, this thing indeed had something to do with Sean, but he didn't beat her!

"Dad..." Amber was about to explain.

Sean suddenly cold humed a voice and said firstly: "yes, I hit her, I did abuse her, so what's dad gonna do with me? I'm the only son you have now, you want to hit me die?"

"Bastard! You're really bastard!" the dad instantly became furious, he suddenly stood up and pointed at Sean: "come to the study room with me!"

Chapter 97: Does she deserve it?

0 4 minutes read

Probably because of anger, Sean Smith's father's eyes flashed and the veins on his forehead protruded. The majesty of his face was formidable.

He startled all the people present, especially Mrs. Smith, and she unconsciously stopped Mr. Smith as he stepped forward.

"What are you doing, Tomas? The child seldom come home, we'd better talk about things after dinner."

As Mrs. Smith spoke, her voice softened, and her tough stance suddenly subsided. Seeing this, Fang weiwei got up from the sofa.

"Dad, mom is right. Sean and Amber are rare to come back..."

She was stopped by Toma's eyes. He reached out and pulled away Mrs. Smith's hand in front of him, then pointed one finger at Sean Smith and said, "stop spoiling him. Come in with me!"

The latter part of his sentence was clearly said to Sean Smith.

Mrs. Smith tried to speak, but she was scared by the roar of the Tomas, "shut up!"

Seeing this, Sean Smith sneered.

He glanced at Amber White, who stood aside and couldn't get a word in.

Amber White must be very happy to see Tomas teach him a lesson.

He had suspected that if TINA was Amber White, but he had been deluded by her several times before! So TINA must be Amber White!

After all, no one in the world except Amber White would hate him like that.

Did she really think that all these things would make him compromise?

Amber White is dreaming!

Sean Smith put his lips down, his pupils were covered by the shade, and he gave his hand to help Mrs. Sean Smith and said, "Mother, sister-in-law, you don't have to persuade. This table is so crowded and unappetizing that I couldn't eat at all. I'd like to hear what papa is going to tell me."

Amber White's body shook.

Sean Smith was deliberate. He knew that Tomas was angry about that scandal! Only if he be obedient, he could pass the difficulty, but he still said these words in front of Tomas, which would make Tomas more angry.

Sean Smith would go against his father every time. All he had to do was to be obedient and explain everything, but he made it more serious!

She glanced anxiously at Tomas, and sure enough, his face was flushed with anger and his fingers trembled. "beast!"

Sean Smith sneered.

Since Amber White married him, his father never cared him.

His heart was full of his daughter-in-law!

If Amber White was a man, her father would give her the company for nothing.

Nothing he did can worth Amber White's words!

Amber White didn't explain it just for let him beg her and let her explain to his father.

What the hell was she? Was she worthy of that?

He never followed her idea.

Tomas was trembling because of Sean Smith. Now the scene was a little chaotic, Fang weiwei pulled Sean Smith and said: "Sean, father is angry, stop!"

Tomas Smith calmed his anger for a moment and then raised his voice, "All of you go to dinner!"

Then he looked at Sean Smith and yelled, "Follow me here!"

Sean's expression did not change, he passed Fang weiwei and followed his father to the study without any hesitation.

The Mrs. Smith's body shook violently, and Shen Ruyun took the opportunity to please her, "mom, what's wrong?"

Mrs. Smith gritted her teeth and straightened up, her face visibly flurried, "Your dad's been mad all day about this, and now Sean admits he abused his wife! He would must punish him! He's the only son I have now!"

"Does he want to kill me? "

The Mrs. Smith's eyes filled with tears.

She suddenly remembered that Amber White was forced to have a c-section in her bedroom three years ago.

When Tomas Smith found out, he beat her son and left him in the hospital for a month!

When Tomas punished his son, he never show mercy.

The lady suddenly felt as if falling into a icehouse. In the room with the cool air and the right temperature, she still felt a cold sweat on her back.

Her body shivered, and before she knew what to do, Amber White suddenly stood up!

"What are you doing?"

The lady screamed. She came from a celebrity background and she had a good culture. It was the first time she shouted so loudly.

Mrs. Smith stared at Amber white, if she's trying to do the same thing, she would fight with her.

Amber white nervously licked her lip flap and said, "mom, I'm going to explain it to dad."

"explain? You wouldn't made it be known to all if you were kind!"

Mrs. Smith said hatefully.

Three years ago her son was beaten because of this woman!

How scheming this woman was!

She convinced her by telling her that she was pregnant with Sean's child, plus her bone marrow, Mrs. Smith thought they wouldn't get any loses in any cases. But she didn't expect that the baby in her belly was not belonged to Sean.

As long as she was involved in, Sean would suffer a lot!

She deliberately married Sean Smith and made this family messy. Even if Sean really abuse her, she deserved it.

After hearing what the lady said, Amber licked her lips and tried to explain, but Mrs. Smith had pushed her away and walked towards the study with a gloomy face.

The aunt had served the dishes on the table. Amber white tried to catch up when she was grabbed by fang wei wei.

"Amber, eat first!"

"It's useless if you go now because mom and dad are angry... "

Sean Smith's personality was as bossy as his father's. If he wanted to do something, no one could prevent him from doing that.

Amber stopped, nodded to fang weiwei, and sat down at the table with Cindy and three sister-in-laws. She absent-mindedly served Cindy a bowl of rice. A noise came from the study!

“Crack!”

Although the sound had become dull when it reached to the dining-room, it did not prevent them from recognizing that it was the sound of a whip!

Amber white’s hands shook and her fingertips turned white.

Cindy bit her chopsticks and looked at Amber white with big eyes. Child’s mind was so sensitive that she instinctively realized that everyone around her didn’t like her very much.

She asked warily, “mom, what is it?”

Chapter98: Mom, is grandpa really hitting dad?

0 4 minutes read

Amber White licked her lips, she reached out and took an egg for Cindy White. She whispered: “Cindy, eat first!”

There were few people had appetite now. Shen Ruyun looked at the movements of Amber White and heard the words she said, which annoyed her, so she couldn’t help but satirized:

“you are really cold-blooded, your husband was whipped in the room, but you still have a good appetite!”

Jiang Xue also looked at Amber White and said:

“That’s it! My brother is noble, if he is injured, I am afraid some people can’t afford it!”

Amber White was indifferent. Seeing that Cindy White stopped eating, she took the bowl on the table and put an egg with porridge and sent it to Cindy White.

Cindy White’s head receded and rejected the meal that Amber White handed over. She licked her mouth and asked, “Mom, is Grandpa really hitting Dad?”

The sound of the whip in the ear was still going on, and after a pair of sounds that tear the flesh, they could image that the he was bleeding.

Amber White was stunned,and she saw that Cindy White was tearful. “Cindy, I taught you, children should never talk about adults’ affairs.”

Cindy White took a deep breath, her nose was red, and the tears fell on the eyelashes, which was a heavy burden, as if it would fall down at anytime.

It seemed that she was a bit choked,which showed her sadness:

“But Mom, I heard it! Grandpa is really hitting Dad. Mom,could you talk to grandpa, don’t let him do it. I finally have my dad, I don’t want to lose him.”

Before Amber White answered, Shen Ruyun sneered.

She seemed to hear a joke, she looked at Cindy White and disdained her.

“That’s a joke, you never gain your father.”

Amber White showed her a cold glance. If it was at usual times, Shen Ruyun was not afraid of Amber White, but she remembered that Amber White had said something about Johnson in the living room before she opened her mouth.

She bit her lips and stopped.

“It is a fact, why can’t we say it?”

Jiang Xue muttered, They didn’t even know whose child Cindy White was. Did Amber White expect to let her child get Smith’s surname after marrying Sean?

Cindy was a girl, but she could also get the property of Smith in the future.

She was not Sean Smith’s child, even if she called him father, He wouldn’t admit her!

Otherwise, Cindy White had changed her last name!

Amber White was so shameless to do such things, why couldn’t they say it?

Shen Ruyun and Jiang Xue had been muttering for a long while. Fang Weiwei finally said: “Okay, stop, it’s dinner time!”

The dining room was silent for a moment, but the sound of the whip was clearer in such an environment, which was mixed with the dispute between Tomas and Sean Smith’s mother.

“Hey, Tomas, that’s enough!”

“I only have one son left, do you want to kill me?”

“Keep away from me, how can he make such a shameful thing, he even dares to hit his wife, which really disgraces me!”

Smith’s mother cried in a sudden.

“You had beaten my son for several times because of that woman, does she have anything to do with you? why do you cherish her so much?”

“Would you feel happy today to kill your son?”

The quarrel in the study was intermittent and somewhat vague, but the voice of the whip was clearer and clearer.

Cindy White made a cry cough, the teardrops fell into the bowl. She ate while crying, making her look so sad.

Instead, Amber White was still indifferent. She sat under the light and the eyelashes covered all the light in her eyes, which made her even colder.

Her fingers which were holding the chopsticks were tight, her hands were white, but it seemed that her face turned pale for a second and she trembled, was it a vision?

She was like a sculpture!

Didn't know how long it took, the sound in the study room finally stopped, and the door was opened from the inside. Smith's mother walked out and she was crying.

Shen Ruyun was her mother's favor. When she heard the movement, she quickly stood up and walked to her and reached out to support her.

"Mom, how about Sean? That's his wife's fault, she was not willing to go in and persuade!"

She deliberately said this, with that, Jiang Xue also calmly opened her mouth: "Yes, they are a couple! Does she want to revenge after being abused by her husband?!"

In fact, Jiang Xue really wanted that Sean Smith could kill Amber White, anyway, she knew her shortcomings.

Amber White unexpectedly dared to threaten her. If she was not worried about that, she would said more.

Amber White: "..."

Mrs. Smith had been in the study room and watched the whipping process.

Anyway, Sean Smith was her son.

After her three sons had passed away, Mrs. Smith always worried that the end of Sean Smith was the same as his brothers!

Amber White was a cure for her three years ago.

However, ... three years had passed, she didn't denote anything! On the contrary, because of this woman, her son had been half-killed.

Her body was trembling so badly, it seemed that she was so sad, and she had the unspeakable sadness!

In the end, Fang Weiwei glanced at Shen Ruyun and Jiang Xue. "You two don't talk nonsense. Sean Smith is beaten by Dad, Amber also felt sad."

The two snorted, but they still remembered that Amber White knew their weakness, forcing the anger of their heart, and did not speak again.

Fang Weiwei just turned over and looked at her mother and asked: "Mom, is he injured seriously? Or I will call Dr. Song and let him have a check."

This made Mrs. Smith's eyes turned red again. She opened her mouth and her lips were pale:

"Your dad said, we couldn't call the doctor. This is family's shame. That guy is so stubborn, maybe this is not the end, he would suffer more... I..."

When she said this, she was so sorrowful. She glared at Amber White, which showed her hatred.

Sean had been hurt so seriously, but Tomas didn't even let her call a doctor.

Sean stayed in the hospital for a month last time. but this time,he wasn't allowed to go to the hospital. When would he recovered then?

The more she thought,the more she was desperate, she gritted her teeth and said finally:

"it's my fault to let her be my daughter-in-law!"

Chapter 99: Grandmother, my mother is not evil

0 4 minutes read

The way Mrs. Smith looked at Amber White frightened Cindy White.

Mrs. Smith still stood where she was. They left the table, and Amber White stood at her right. Unconsciously, Cindy White slipped off the stool, took Amber White's hand and said to Mr. Smith's mother,

"Grandmother, my mother is not evil!"

Mrs. Smith was already angry, but Cindy still chose to provoke her. She sneered and said, "who allows you to call me grandma? "

After finishing this sentence, Mr. Smith's mother turned her eyes to Amber White.

She now knew that the girl was not the Sean's child!

Grandma?

She did not know who could disgust her except Amber White!

Mrs. Smith looked at Amber White, "did you teach her? "

Amber White tried to speak, but shen ru yun, holding Mrs. Smith by her arm, preempted her by saying, "of course, mom. She's counting on this child!"

Shen ru yun avoided Amber White's gaze.

There was a hint in what she said, and even though she didn't say it clearly, everyone knew what shen ru yun meant!

Amber White married Smith with a big belly. What else did Amber White think about besides money?

Mrs. Smith snickered, "oh... Ha ha, you know our family is rich, and then want to take the children to inherit our industry? I should have listened to Sean and let him to marry Man man!"

"She's much better than you, except she doesn't have your bone marrow. What a fool I am! My three sons died of cancer, and I was afraid Sean would end the same. You're killing Sean before he gets cancer!"

Amber White holds Cindy White's hand tightly. Her face turns pale. She's squeezing her lips.

Cindy White had tears in her eyes. With her mouth pursed, she raised her voice to retort, "Grandma, my mom didn't hurt dad, my mom didn't torture dad!"

What Cindy White said stung Mrs. Smith's heart.

Her son was bleeding because of Amber White, but she can't call a doctor!

Now Amber White's kid said that Amber White didn't hurt Sean?

It wasn't Amber White? Did her son deserve it?

Mrs. Smith gasped and clenched her fingers in a fist.

It's nothing for Amber White to argue with Mrs. Smith, but it's just after Sean Smith got whipped!

She hated Amber White, and hated Cindy White, too!

"You are a little bastard, what do you know? "

Mrs. Smith sulked.

The Smith family had been in tong city for many years. If Mrs. Smith was really angry, how can a child bear it?

Cindy White's body shrank. She was holding Amber White in one hand and wrapped the other around her.

Amber White, who had been just a little pale, went suddenly pale with Mrs. Smith's words. Her lip flap quivered, revealing the true emotion buried beneath her calm expression.

She looked up, while her eyes like a bottomless pool of cold water.

"Mom, Cindy is only a child. As you said, she doesn't know anything. It's not her fault. So, can you stop calling her 'little bastard'!"

Amber White had just finished when jiang xue sneered.

"Amber is really brave getting father's support. Not only did you let daddy beat Sean, but now you don't even take mother seriously." Jiang xue sighed and then said, "Are we three, whose husbands had died, going to be the barriers in future?"

As shen ruyun held Mrs. Smith, she could feel her trembling with anger. Hearing jiang xue's words, she could not help adding words.

"Mom, will Amber be the hostess of this family? I'm not a good speaker, I don't know how many times I've offended Amber. Will there be room for me to stay at home?"

"What are you doing now here?" Fang weiwei said, "do you want to annoy mom?"

Shen Ruyun was about to say more when she lifted her eyes to Amber White's cold stare. Her heart trembled, then she bit her lips.

Amber White looked like a crazy woman in her and jiang xue's eyes.

Amber White knew something about them. Although they didn't want Amber White to be well, Jiang Xue and Shen Ruyun were still afraid to talk again.

Mrs. Smith caught the eye of the interaction. Her force grew heavy and her face grew pale.

Mrs. Smith had been on the throne for many years. Except for a few run-ins with Mr. Smith, no one said bad to her!

Now Amber White not only done it, but she's also doing it in front of her daughter-in-laws. How could she bear it?

"Are you lecturing me?"

Amber White took a deep breath, straightened her back, and held Cindy close behind her.

She looked directly at Mrs. Smith and said, "I dare not, but Cindy hasn't been back for three years. She came back today because Sean took her back. I hope you can apologize to Cindy and be a good eldership."

"Mama! Amber dares to make you apologize. Then is she going to drive us out?"

"Amber, you are so overbearing! No matter what mom says, we should take it! Besides, we can't call a doctor now because Sean's been whipped for you. Can't mother be angry?"

"Why are you so serious with mother?"

Shen Ruyun seemed to be talking good to Amber White, but the fact her words made Mrs. Smith even angrier, "You're really awesome! You want your mother-in-law to apologize to a little bastard?"

Amber White's eyelashes trembled and her expression faded, but she stood obstinately in front of Mrs. Smith. She carried her back from the window, blocking out part of the light before her.

From Mrs. Smith's point of view, she can only see Amber White's face.

Amber White said, "if mom wants to be insulting, I can go into the study and talk to dad right now."

Mrs. Smith's eyes were widened. She looked at Amber White in disbelief and asked, "what do you mean? ! You want Tomas to teach me a lesson?"

She kept sneering!

How did she get cajoled by such a woman and let Sean marry her back?

Now her family was messed by her!

She regretted it!

chapter 100: Mom, I always respect you

0 4 minutes read

Fang Weiwei walked a few steps forward and took the arm of Amber White and she whispered:

“Oh,Amber, mother is angry because of Sean’s injury. What she showed was nothing but anger. Why do you care about those words?could you ignore it?I know Cindy is wronged,but just once,okay? “

Just once?

Amber White laughed. In the past few years, Cindy had suffered too much.

She was laughed by her classmates,she was insulted by the teachers and classmates, but what was more,they wanted to bully Cindy when she was still with her.

Sean Smith’s mother was a mother,but she was also a mother!

Saying that Amber White had no intention to compromise. Shen Ruyun’s face was dark, she said: “My sister-in-law,please be less arrogant. At this point, you should worry about the injury of my brother, why kept bothering our mother and do such things!”

“You are really cold-blooded!”

“Mom didn’t make any mistake, every penny you cost was from this family, If I were mom,I would hit you!”

Because Amber white did nothing to Shen Ruyun and Jiang Xue but just one glance, the two was more courageous and kept insulting her.

Amber White didn’t want to waste her time on quarreling with Shen Ruyun and Jiang Xue. And she didn’t want Cindy to be more sensitive.she was still small,how could she afford those bad words!

Therefore, whether insulted or persuaded,Amber White did not retreat. She just looked at the man’s mother and said:

“Mom, you are old and your are unhealthy. You gave birth to four sons for this family,so dad won’t beat you. But it is Sean’ss idea to bring Cindy here. I don’t know if dad would be mad at him...”

All the woman cared was her son,Amber White’s word got the key point.

She was very angry, but Amber White got her weakness.

“you!”

After this words, the woman was silent,all she was doing was sighing.

But her silence was not the signal of the end,Amber White still had something to say.

Amber White turned, her eyes was slightly pink, she licked the lip, turned her head, and looked at the woman,she said: “Mom, I always respect you.”

respect?

Mother Smith sneered!

Ridiculous!

If Amber White really respected her, she should know how important Sean was to her!

When Sean's father wanted to punish him, she should have stopped it!

But she was here, looking at it indifferently!

If Amber White respected her, she wouldn't have asked her to apologize to a child in front of those persons!

If she apologized, if she apologized to Cindy White. What about her reputation? It's shameful.

If it was spread out, how could she keep her fame in this city?!

The woman looked up and looked at Amber White wickedly!

She did not believe that Amber White would go to the study room to tell Tomas what happened here!

Thinking about this, she stood up straight, and she ignored Amber White.

Amber White was not a fool. She understood the woman's meaning that she wouldn't apologize to Cindy.

Amber White lowered her head and took Cindy's hand. Cindy was forced to take a step.

The girl looked up, she stared straight at her mother with her big eyes, and she asked softly: "Mom, where are we going?"

As soon as she spoke, the other four pairs of eyes in the living room also fell on Amber White.

Amber White squinted, although the tone was chilly, when she turned Cindy White, her tone was gentle:

"Go and ask Grandpa whether you are your father's daughter!"

When she was about to move, she was stopped by Fang Weiwei.

Fang Weiwei's face was a bit anxious: "sister-in-law, don't be angry, can I apologize for my mother?"

"apologize? Amber White, do you think that Sean has not suffered enough? He had been injured, but you still insist to go in?!" Jiang Xue said: "Do you want to see him killed by father?"

"Do you think that's not enough? Do you want to make our parents have no offspring?"

Amber White's gaze wandered for a while on the Jiang Xue's and Shen Ruyun's face, and she finally said: "are you finished?"

Shen Ruyun and Jiang Xue looked at each other. Amber's gaze made the two nervous. After hearing the words, they did not dare to say anything.

"then leave me the way when you're done!"

She said coolly, Shen Ruyun pushed Jiang Xue away, and they showed her the way!

As soon as she moved, the woman stepped over and stopped her and Cindy. She said loudly: "I apologize! I apologize to her, could you stop?!"

If Sean Smith was dead, she couldn't live anymore!

After she said this, Amber White's expression was better. She leaned down and looked at Cindy White. "Cindy, Grandma just told me that she said something wrong, she is sorry. Cindy, she will treat you well in the future. Are you willing to accept her apology?"

The woman pouted, and if Amber White didn't threaten her, she would not apologize!

What she wanted to do was show off and let everyone know that she won.

It was her fault!

It was she who bothered the cold-hearted comet, she felt sorry for her son!

She had married her son, how could she be such arrogant?

Only Tomas, the stubborn old man would believe that his son had hurt her.

The woman's body was so stiff that she was afraid that Cindy White would deny. If that, Amber White would still go to the study room and say something to the old man!

After all, she was Amber White's daughter, who knows if she was wicked, too?

Cindy White moved and suddenly said: "Mom, I am willing to."

The woman took a sigh of relief. Amber White reached out and touched the head of Cindy White. She looked at Cindy's eyes softly and her voice softened. "If you are willing to, you should call her 'grandma' again, and let your grandmother hug you."

Cindy White nodded, although she was somewhat afraid of that woman, but compared with fear, she wanted grandparents more.

The little girl walked up to the woman and grabbed the woman's clothes, she asked, "Grandma, can you hug me?"

The woman's body was stiff again.

What did Amber White mean?

Wasn't she afraid of that she would hurt her baby?

Besides, why should she do this?

She was not Sean's daughter!

Did Amber White intend to threaten her and let her admit this child?

The woman did not respond, Cindy White was a bit sad, but she did not give up, she went closer, and held the woman's thigh.
