

The Return of the God of War [The Protector] Chapter 4030 -

“What do you mean by bounty hunter?”

Levi Garrison asked with some doubts.

Without Murong Qingxue’s reminder, Levi Garrison had already felt the existence of those people.

Gongsun Yueying took over and explained: “Bounty hunters are a relatively special group in Kunlun Ruins.”

“In layman’s terms, it’s a group of guys with no family and no sect to keep warm, and the bounty hunters do whatever they want.”

“It’s as big as helping the gold master to kill the enemy or even destroy the sect, and it’s as small as helping other people do some dirty work, just in exchange for cultivation resources.”

Murong Qingxue added: “Bounty hunters take on some tricky and special tasks, and often wander around the edges of various forbidden areas and secret realms.”

“In the final analysis, they can’t compete for resources with big sects, and they can only exchange their lives for training resources by taking such extreme tasks.”

“Of course, bounty hunters sometimes organize their own activities, and risk their lives to try their luck.”

Levi Garrison nodded, no matter in the secular world or Kunlun Ruins, the survival of the fittest is an unchanging truth.

To be precise, the Kunlun Ruins are even more serious. After all, martial arts are respected here. If there is a disagreement, they will fight and even slaughter them.

These bounty hunters are of the same nature as bounty organizations in the secular world.

“The edge of this forbidden area is the most popular place for bounty hunters. Every year, there are probably forty or fifty organizations wandering in the secret realm of the forbidden area.”

“And the bounty hunters do whatever they can to plunder cultivation resources. They all live a life of licking blood all year round.”

“So there is no shortage of black people eating black. We may have been targeted by a team of bounty hunters.”

Gongsun Yueying said solemnly.

Levi Garrison said with a relaxed face: “There are seven or eight teams in this area that have shown killing intent to us.”

“But obviously they have different minds, and they all want to take advantage of the fisherman, so they haven’t started.”

“In the final analysis, they are a group of rabble. If they really don’t know what to do, I will send them directly to see the King of Hell.”

The three continued to move forward, and it didn’t take long before a team of more than ten bounty hunters greeted them.

“Where are you going, Your Excellency?”

The leader of a team of bounty hunters asked in a deep voice.

Seeing Levi Garrison, there were only three people, and other teams of bounty hunters also surrounded them one after another.

But they didn’t make a rash move, and Levi Garrison’s calmness made the bounty hunters feel a little clueless.

Levi Garrison didn’t hide anything, and responded truthfully: “I want to go to the Dragon Burial Valley to find some divine bones.”

“How dare you go to the Dragon Burial Valley?”

The leader of the bounty hunters was shocked.

These bounty hunter teams only dare to operate on the edge of the Dragon Burial Valley, and dare not set foot in the depths of the valley.

Of course, many bounty hunters who did not believe in evil had entered the Dragon Burial Valley before, but none of them came out alive.

There are many powerful masters among them, so the Buried Dragon Valley is a restricted area for these bounty hunters.

Levi Garrison nodded and said, “I heard that the Tianlei inside is a bit interesting, and I want to taste it.”

What the hell!

The bounty hunters couldn't help but let out foul language.

"Is there something wrong with this guy's head, does he think the Buried Dragon Valley is a tourist attraction?"

"The Tianlei there is known as the Tianlei Tribulation. It is the death catastrophe of the powerful cultivator. How many powerhouses have been destroyed by the bombardment of the Tianlei?"

"This guy is a typical self-destruction, but it's a pity that the two beauties are buried with them!"

"I advise you to go back and forth from where you came from. Entering the Dragon Burial Valley must have no return."

The bounty hunters taunted again and again.

Murong Qingxue and Gongsun Yueying's expressions gradually became ugly, but Levi Garrison's expression was still as steady as Mount Tai.

"Thank you for your kindness, I decided to go inside and take a look."

Levi Garrison walked straight in the direction of the densest sound of Tianlei. He felt that there should be the location of the real Dragon Burying Valley.

The Return of the God of War [The Protector] Chapter 4031 -

However, Levi Garrison made no progress and suddenly stopped.

"That's right, it's too late to regret it now!"

"Hahaha, it turns out that I was manifested in front of people just now!"

"How powerful do you think you are?"

Levi Garrison turned around slowly and said to the bounty hunters, "By the way, you are here waiting for me to come out."

"What do you mean by this?"

One of the bounty hunter leaders asked in a deep voice.

Levi Garrison explained with a smile: "I will definitely bring out a lot of treasures when I enter the Dragon Burial Valley this time, and it is really difficult to transport it."

"You are so large and powerful that you are just acting as the transport brigade. Don't worry, I will definitely not treat you badly at that time."

Levi Garrison left quickly without looking back, and disappeared from everyone's sight after a while.

After a long time, the bounty hunters came back to their senses.

"F*ck, this guy is too good at pretending, and those who don't know think he is the master of Kunlun Ruins!"

"Dare to let us be a transport brigade, his skin is thicker than the city wall!"

"No matter how much, we are waiting here. If he really brings a lot of resources, we will just sit back and enjoy it."

"Even if that person survives the thunder, he must be seriously injured, and we can kill him without any effort."

"To be honest, I'm starting to hope that his pretense is successful."

Even if Levi Garrison went far away, he clearly heard everyone talking, and the smile on his face became more and more obvious.

the other side.

The spies secretly sent by the Taiyi Chamber of Commerce also learned that Levi Garrison insisted on going to the depths of the Dragon Burial Valley.

He was stunned for a moment.

At that time, the guides Wei Shuyang sent were just pawns on the bright side, and many spies were also arranged in the dark, in order to gain a better understanding of Levi Garrison.

The spies immediately passed this information back to the Longyang City Branch of the Taiyi Chamber of Commerce.

Wei Shuyang was equally shocked when he learned the news. He had thought that Levi Garrison would lead other strong men to go together.

Didn't expect to bring only two women into the depths of the Buried Dragon Valley, and even threatened to use the Thunder Tribulation to quench the body?

“This guy is a real lunatic!”

Wei Shuyang couldn't help but sigh.

“President, shall we help him?”

A senior of the Taiyi Chamber of Commerce asked tentatively.

“Help, how can I help?”

Wei Shuyang smiled bitterly and continued: “The Buried Dragon Valley is very dangerous, and no matter how many experts are sent out, they will inevitably die under the bombardment of thunder.”

“Let's do it, send more than a dozen strong men to the periphery of the Buried Dragon Valley.”

“If Levi Garrison can come out alive, we can also sell his favor. If he dies inside, we have nothing to lose.”

“As ordered!”

The senior members of the Taiyi Merchant Congregation said in unison.

Looking at the backs of the people leaving, Wei Shuyang muttered to himself, “Levi Garrison, I am really looking forward to your coming out alive!”

at the same time.

The fact that Levi Garrison and the three entered and exited the Taiyi Chamber of Commerce in Longyang City to trade and killed many masters in the bamboo forest outside the city quickly spread.

These two messages also quickly attracted the attention of the Sun Moon Divine Fire Temple.

In particular, a few sectarian forces recognized Levi Garrison as the first gangster who had been rumored before.

In order to hug the Sun Moon Divine Fire Hall's thigh, these sects directly informed the high-level people of the Sun Moon Divine Fire Hall.

After learning the news, the Sun Moon Divine Fire Temple organized a large number of masters to rush to Bury Dragon Valley, and even the two temple masters came out in person.

Of course, the two palace masters also let the hundreds of large and small forces that they organized to go together.

They made up their minds to let these sects act as cannon fodder, after all, the strength of the first gangster was unfathomable.

Although it is difficult to kill it with human sea tactics, it can definitely play a role in consumption.

“No matter what the price is, the madman must be smashed to ashes.”

The Lord of the Sun Moon Divine Fire Palace issued a death order.

The Return of the God of War [The Protector] Chapter 4032 -

More than a hundred sect core masters rushed to Bury Dragon Valley, and Taixu Shenzong was among them.

This time, the Taixu Shenzong can be described as the best of the best, headed by the Great Holy Son, and assisted by Gong Qianqiu and the elders.

The high-level officials of the Taixu Shenzong were determined to leave a deep and good impression on the Sun Moon Divine Fire Temple through this action of beheading the bandits.

In fact, the Taixu Shenzong is indeed the top existence of the middle sect.

Especially after the Divine Tribulation Sect, Taixu Shenzong has faintly entered the category of large-scale sects.

“Husband, what do you think the outcome of this battle will be?” Gong Qianqiu asked excitedly.

Since coming to Kunlun Ruins, Gong Qianqiu is the first time to see such a large gathering of powerhouses at the same time.

More than a hundred sects acted at the same time, making Gong Qianqiu more yearning for the top sects.

The Great Holy Son said with a smile: “Even if the madman’s cultivation is high, it is impossible for him to survive the siege of so many masters.”

“That’s right, what’s more, there are two temple masters of the Sun Moon Divine Fire Temple sitting in town. We will win this battle.” The three saints echoed.

“Moreover, the Sun Moon Divine Fire Hall is full of elites. There are more than a hundred elders. This scale and background are worthy of being a top sect!”

‘Even if you play crowd tactics, that madman will be exhausted to death, and there is absolutely no possibility of escape. ‘

“This guy has killed so many geniuses from Sun Moon Divine Fire Academy and Sun Moon Divine Fire Temple, and their anger is on the verge of erupting.”

There was a lot of discussion, and almost everyone was optimistic about the war.

Gong Qianqiu is also full of hope. He has long been yearning for this mysterious powerhouse, and hopes that he can reach such a state in the future.

It won’t be long now that the gangster will unveil the mysterious veil, and Gong Qianqiu is naturally looking forward to it.

“Being able to participate in the beheading of such a strong person will definitely become a good story in Kunlun Ruins.”

The excitement in Gong Qianqiu’s heart was unstoppable.

“Qianqiu, when the two of us seize the opportunity, we must play an important role in this battle.”

“At that time, the two of us will be able to enter the Sun Moon Divine Fire Academy, and the future will be limitless.”

The Great Holy Son preached the sound.

Gong Qianqiu responded: “No problem, I also want to kill that madman myself.”

Success or failure is here, and Gong Qianqiu feels that this is an excellent opportunity to become famous in the first battle.

the other side.

Xiao Feng also devoured everywhere during this time. Of course, he chose to attack small sects.

Moreover, in the process of extreme devouring, Xiao Feng also practiced basic exercises.

However, to Xiao Feng's surprise, this joint cultivation method can actually offset some of the sequelae caused by extreme phagocytosis.

Although Xiao Feng has not practiced basic exercises for a long time, it has an unimaginable effect on strengthening the root bone and strengthening the body.

It is precisely because Xiao Feng picked his opponents everywhere to devour them, and then fled and hid for a while, so there were more sources of information.

"Master is in trouble. As a disciple, I must not sit on the sidelines."

Xiao Feng made up his mind and rushed to Bury Dragon Valley.

Although Xiao Feng didn't know what cultivation realm Levi Garrison had reached now, it was definitely dangerous to face the joint siege of more than a hundred sects.

What's more, Xiao Feng learned that the Taixu Shenzong was also full of elites, and aside from others, at least Xiao Feng felt that he could take this opportunity to take revenge.

"Even if the powerhouse of the Taixu Shenzong is dealt with, it can be regarded as a relief for the master."

Xiao Feng muttered to himself.

After this period of extreme devouring, Xiao Feng is also confident in his own strength.

"Gong Qianqiu, wash your neck, and I will personally send you to see the King of Hell."

Xiao Feng's tone was extremely cold, and his whole person exuded a fierce murderous aura.

He's been waiting for this day, too long!

The Return of the God of War [The Protector] Chapter 4033 -

At this time, the vanguard of the Sun Moon Divine Fire Temple had arrived at the periphery of the Buried Dragon Valley.

This forward troop was originally on the mission near Longyang City, so it took the shortest time.

They thought they would encounter the ruthless gangster in this area, and they were even ready for a decisive battle.

After all, in the eyes of everyone, the Buried Dragon Valley is very dangerous, and no matter how strong the bandit is, he will not dare to enter it easily.

Even the Sun Moon Divine Fire Hall, or even the top powerhouses of the Taiyi Chamber of Commerce, dare not easily set foot in the deepest part of the Buried Dragon Valley.

Unless more powerful hidden families or transcendental forces may be in danger, other forces will have no return if they rush in.

However, this forward force happened to encounter several bounty hunter groups.

Only after inquiring did they know that Levi Garrison and his party had entered the core area of the Dragon Burial Valley.

“Are you sure they really walked in?” asked the leader of the front troop of the Sun Moon Divine Fire Temple.

Several bounty hunter leaders have said that they have seen it with their own eyes, and many can testify.

“Hahaha, now that gangster is sure to die, we all save our hands.”

“That’s right, thunder is surging at the core of the Buried Dragon Valley, and even the superpowers have a high probability of going back and forth.”

“This guy is really arrogant and arrogant. He only brought two people into the Dragon Burial Valley. Isn’t this equivalent to seeking death?”

The vanguard team burst into laughter.

In their opinion, Levi Garrison and the others are sure to die. Unless their luck is against the sky, there is only a glimmer of hope that they will come out alive.

After all, Tianlei Tribulation is not a joke, and many peak powerhouses have been blasted to ashes by Tianlei Tribulation.

“Don’t take it lightly, the palace master has issued a death order, that bastard gangster wants to see people die and see corpses.”

“Everyone’s team blocked several exits in the Buried Dragon Valley. Even if they survived, they must be killed on the spot.”

The head of the forward force said in a cold tone.

Everyone was ordered to divide into several teams to completely seal all the exits, waiting for Levi Garrison and others to come out.

With the passage of time, more and more sects under the Sun Moon Divine Fire Palace gathered, and the surrounding of the Buried Dragon Valley was surrounded by water.

at the same time.

The people in the Sun Moon Divine Fire Hall had already entered the primitive jungle.

The dark clouds covered the top like Mount Tai, which made everyone feel extremely depressed.

Boom!

The thunder was rolling in, and some disciples of the Sun Moon Divine Fire Temple, who were slightly underground, felt dizzy, and the blood in their chests was surging.

“The power on the edge of Tianlei is so terrifying. One can imagine how terrifying the Tianlei at the core of the Buried Dragon Valley is?”

“Also, the force in this area is too strong, and these legs seem to be filled with lead.”

“Not only that, the speed of running the exercises is much slower than usual, which is really incredible.”

The disciples of the Sun Moon Divine Fire Palace walked slowly forward, and every step took a lot of energy.

Deng Deng Deng!

Heavy footsteps came one after another.

If you observe carefully, you will find that every time the disciples of the Sun Moon Divine Fire Hall take a step, the soles of their feet sink deeply into the ground.

Everyone felt as if they were carrying a big mountain on their backs, and it was not an exaggeration to describe it as difficult.

“Specially, I feel that the power in my body has nowhere to release, which is really unpleasant.”

“Did you feel as if something was peeking in the dark? Like...”

“It’s as if we had some kind of behemoth under our feet.”

“F*ck, it turns out that you all feel the same way, I thought it was just my own psychological effect!”

The hearts of everyone suddenly became uneasy, and an emotion called fear spread rapidly in the hearts of everyone.

The Lord of the Sun Moon Divine Fire Hall said solemnly: “Everyone, don’t panic. With this seat here, even the ancient beasts have to retreat.”

One sentence instantly calmed the restless crowd.
