

The Return of the God of War [The Protector]

Chapter 4090

provocative!

**Naked provocation.

The elder's face became particularly gloomy, and he clearly felt that his majesty was being challenged.

"court death!"

The first elder said coldly: "It seems that you have to lose something before you can understand it!"

"Elder, what do you have to say to him? Just kill him."

"How dare you ignore our Zijin Chamber of Commerce, it's really a dead thing."

"I really thought you were a master blacksmith, so I wouldn't be willing to kill you?"

"Elder, hurry up and order, as long as these ants are killed, the treasures of heaven and earth and the peerless soldiers will be ours."

The other strongmen of the Zijin Chamber of Commerce were very excited, and they didn't take Levi Garrison in the slightest.

At this moment, Gongsun Yueying whispered: "Master, these are the top powerhouses of the Zijin Chamber of Commerce, let's try our best to put harmony as the most precious!"

"Yes, Sect Master, the Zijin Chamber of Commerce is far stronger than the Taiyi Chamber of Commerce, and we can't afford to offend it."

Murong Qingxue was also worried.

Levi Garrison has offended too many people, first the Taixu Shenzong, then the Sun Moon Shenhua Academy and the Sun Moon Shenhua Temple.

If you offend the Zijin Chamber of Commerce to death again, wouldn't it be difficult to walk in the Kunlun Ruins in the future?

After all, no matter how strong Levi Garrison is, he is only one person after all!

Levi Garrison said with a smile: "Do you think that these people value harmony? Well, don't talk more, I know it."

Seeing Levi Garrison's resolute attitude, Murong Qingxue and the others didn't dare to persuade them deeply.

Once Levi Garrison decides, the nine super spirit beasts cannot be pulled back.

"Young man, this seat finally gives you a chance, if..."

"There is no if, I don't need you to give me a chance."

Before the first elder could finish speaking, Levi Garrison took the lead in interrupting: "I always win opportunities for me, and I don't need any cats and dogs to give them."

This guy actually called himself a cat and a dog?

Extremely arrogant and unforgivable.

The corner of the elder's mouth twitched slightly, and the anger in his heart was rising exponentially.

"Leave this arrogant person for a while, and kill all the other two women, as a lesson to him."

The elder said coldly.

Murong Qingxue and Gongsun Yueying's expressions instantly became ugly, and they involuntarily took a few steps back.

Levi Garrison said with a smile: "Burying the Dragon and Slaying the Thunder have just been forged, and they just need the blood of the strong to sacrifice the sword."

"Although you guys aren't considered strong in your cultivation, you can barely make do with it. I've never been a picky eater with my sword."

"Don't waste time, let's go together!"

While speaking, Levi Garrison waved lightly, and Burial Dragon and Slashing Lei were like soldiers who received orders, and immediately swept over and fell into Levi Garrison's hands.

"You don't need to take action, one person in this seat is enough!"

Before he finished speaking, one of the strong men from the Zijin Chamber of Commerce rushed out.

The arm moved slightly, and a knife gang roared out, slashing directly at Levi Garrison's head.

Although the elder asked to keep Levi Garrison's life, he felt that it was better to kill him. Levi Garrison's arrogance just now made him murderous.

The speed of the knife Gang was extremely fast, and it was already approaching Levi Garrison's head in an instant.

On the other hand, Levi Garrison stood there and didn't move at all, as if he didn't react at all.

"Just this little strength is so arrogant, do you really think that the life of a master blacksmith is more precious?"

"Elder Chen has murderous intentions. It's a pity. It's too late to stop him now."

"It doesn't matter, isn't it that there are four top-level magic weapons, Zijin Chamber of Commerce is not at a loss."

There was a lot of discussion among the people, and the first elder was also quite regretful, feeling that Levi Garrison would definitely die under this knife.

"It's a pity for a top forging master."

However, the emotion in the elder's heart has not completely dissipated, and he was stunned by the next scene.

The Return of the God of War [The Protector] Chapter 4091 -

Clang!

With the sound of metal cutting, the big knife in the hands of the strong Zijin Chamber of Commerce was folded into two pieces.

puff!

Then a blood line was drawn.

This strong man was headed in a different place in an instant, and his corpse fell to the ground, smashing layers of dust, as if mocking his self-control.

sizzle!

There were bursts of cold air from the scene.

Although the elder who shot was not the strongest in the team, he was definitely at an intermediate level.

Was actually killed by a sword?

"Don't panic, Elder Chen is negligent and suffers from the difference in the level of magic weapons."

"That's right, this guy won by surprise by the peerless magic weapon."

"In order to avoid accidents, let's make a joint shot! So as not to cause unforeseen problems."

The strong men of the Zijin Chamber of Commerce quickly recovered from the extreme shock, and at the same time also attributed Levi Garrison's instant killing of Elder Chen to the peerless magic weapon.

The first elder said solemnly: "If you can't capture it alive, kill it on the spot, everyone's safety is the first priority."

Everyone was stunned when they heard the words. After all, the man in front of him was a top forging master, and he could even be said to be comparable to the existence of the God of War.

“Go!” The elder said solemnly.

Swish swish!

The swords and swords of the strong men of the Zijin Chamber of Commerce came out, and the sword glow and the sword gang criss-crossed, like a net of heaven and earth surrounding Levi Garrison layer by layer.

“Suffer to death, arrogant boy.”

“So many of us shot together, even death is honorable.”

“That’s right, you should feel honored to die under our joint attack.”

In the eyes of the powerhouses, Levi Garrison is no different from a corpse at this moment.

Levi Garrison was still standing in the same place, watching the sword qi and the sword gang that were constantly approaching and crisscrossed, without any fear.

“Is it only that much? It’s too disappointing for Lao Tzu.”

Levi Garrison waved the Buried Dragon with his right hand, and a terrifying sword qi roared out with a violent electric arc.

At the same time, Slashing Thunder swung out from left and right, and the fiery and scorching knife Gang was extremely domineering, and it met many attacks and hit it directly.

Clang! Clang! Clang!

In the void, the sound of Jin Ge symphony came one after another, and the Thunder Slashing Dao Gang pressed the crowd to attack in a domineering manner.

Destroy those sword qi swords one after another, because the energy is too terrifying, coupled with the extreme heat, the entire space is seriously distorted.

Clap clap!

After a while, the sound of metal shattering continued.

It turned out that the quasi-peerless divine soldiers in the hands of the powerful Zijin Chamber of Commerce were unable to withstand the pressure of energy, and were directly shattered by the shock.

However, this is only the attack effect of Thunder Slash.

Before everyone could react, Burial Dragon's clever and cunning sword qi poured into the ground and attacked.

Puff puff!

For a while, blood flowers burst out one after another, screaming and moaning one after another.

Where the sword energy passed by, a strong man of the Zijin Chamber of Commerce died unexpectedly.

In just three breaths, nine souls had returned to Jiuyou.

Deng Deng Deng!

The remaining seven people stepped back one after another, looking at everything in front of them with astonishment on their faces.

"This...how is this possible?"

"Why is his strength so terrifying?"

"Elder, our cultivation realm is completely different from his level!"

The voices of the surviving members of the Zijin Chamber of Commerce were trembling, and their faces and hearts were filled with fear.

The joint action not only did not cause any harm to Levi Garrison, but damaged more than half of his own personnel.

hiss!

The first elder also sucked in a breath, and the shock and fear could not be concealed in his eyes.

This was the first time in decades that he was so terrified!

In a short period of time, ten powerhouses were easily slaughtered, even the peak powerhouses of the Hidden World sect could hardly do it!

“You... who are you?”

The elder’s legs trembled uncontrollably.

He suddenly recalled the situation of the gangsters that the bounty hunter organization said before, and a strong ominous feeling suddenly rose in his heart.

Levi Garrison walked forward slowly, the corner of his mouth raised slightly, and said with a smile, “I am the one who will kill you.”

The Return of the God of War [The Protector] Chapter 4092 -

The few surviving Zijin Chamber of Commerce powerhouses lost their fighting spirit in an instant, and their hearts sank to the bottom in an instant.

The strength shown by Levi Garrison has already exceeded their cognition, and it is useless to continue to resist.

The first elder said unwillingly: “Sir, calm down, we have something to discuss.”

“No matter what conditions you put forward, this seat will do my best to fulfill it.”

The other strongmen of the Zijin Chamber of Commerce also turned their attention and looked at Levi Garrison with hope.

This is their only chance to survive.

“If we are in different places, will you let us live?” Levi Garrison asked back.

The first elder was at a loss for words. In all fairness, he definitely couldn’t do it. He knew the truth very well.

“Elder, we may still have a chance if we try our best.”

“It’s a death both horizontally and vertically, it’s better to fight and be happy.”

“You guys hold this person down, and I’ll take the two women as hostages.”

The last sentence was the voice transmission of the first elder, and the rest of the people were shocked and felt that this strategy was feasible.

“kill!”

With the order of the Great Elder, the rest of the Zijin Chamber of Commerce powerhouses attacked Levi Garrison like arrows from the strings.

Almost at the same time, the first elder directly attacked the two daughters of Murong Qingxue.

I have to say that these people cooperate very well. In the eyes of the elders, there is almost no flaw in this plan, and it is guaranteed to succeed.

“Tips for carving insects!”

Levi Garrison snorted coldly, and the swords came out.

There was a faint sound of thunder in the void, and the terrifying arc jumped around, directly blocking the attacking direction of the elder.

The first elder only felt a tingling sensation all over his body, and the powerful sword qi coercion also prevented him from advancing.

As for the joint attack of the others, it was perfectly resisted by a heavy sword gang, and even a whirlwind of violent energy was rolled up in front of several people.

Two of the Zijin Chamber of Commerce powerhouses were unable to dodge in time, and were caught up in the sword gang storm, which instantly reduced to two groups of blood fog.

Others also suffered internal injuries to varying degrees, and Levi Garrison’s random blow once again made everyone feel hopeless.

“hateful!”

The first elder wiped the blood on the corner of his mouth, his eyes filled with incredible colors.

There are only five people left in the 17-member team, and all of them have won prizes.

“Escape! Divide into five directions to escape!”

The Great Elder immediately transmitted the sound.

Several other people did not hesitate at all, and directly urged all the spiritual power in their bodies to escape.

“You want to escape now? It’s too late!”

Before he finished speaking, the Dragon Burying Sword Qi roared out, causing several thunders to pour down.

The few escaped Zijin Chamber of Commerce powerhouses were directly hit by the multi-colored sky lightning, and they only turned into powder after a moment of confrontation.

If they are in their prime, they may also be able to resist this thunderstorm.

But they all suffered internal injuries to varying degrees before, so naturally they could not escape death.

The elder elder saw this scene out of the corner of his eyes, and his heart was half cold.

However, before the Great Elder had time to think about it, a strong sense of crisis suddenly appeared in the direction behind him.

“not good!”

The first elder scolded secretly, but he still used his energy shield to defend himself out of his instinctive operation technique.

The breath in the body is running, and the layers of energy fluctuations spread out, trying to offset the energy coercion behind it.

Clap!

The thunderbolt knife swept past, and the energy shield suddenly shattered.

The speed of Thunder Slashing was not delayed in the slightest, and it continued to run through the Great Elder’s body directly.

puff!

As soon as the blood line carried out was separated from the body of the Great Elder, it was directly vaporized into a cloud of red smoke by the fiery earth pulse flame carried by Zhan Lei.

The Great Elder’s body also couldn’t last long, and immediately turned into a flame under the stunned and terrified look on his face.

until the coke state.

At this point, the seventeen masters of the Zijin Chamber of Commerce were wiped out.
