

The Return of the God of War [The Protector] Chapter 4139 -

However, in contrast, the Hundred Refinements Tianzong is more persistent.

They are obsessed with believing that they can successfully kill Levi Garrison with their own strength.

Even though the Hundred Refinements Gods Array had been slaughtered by Levi Garrison, they continued to attack.

The deputy sect master was not idle either. He kept moving around at high speed, looking for the perfect opportunity to kill him with one blow.

However, Levi Garrison's speed is faster, and his moves are sometimes smart and elegant, and sometimes open and close, and he can't figure out his path at all.

"Give me a death!"

Levi Garrison made another move, and the deputy sect master was cut to the chest by the sword and died on the spot.

With the group of dragons headless, the other powerhouses of the Hundred Refinements Tianzong finally panicked, but their personnel had already been beheaded by Levi Garrison and Lei Kirin .

In addition, Wei Shuyang and others who followed him not long ago were making up for the knife, and the powerhouses of the Hundred Refinements Tianzong were simply unavoidable.

Seeing Levi Garrison rushing to kill the enemy formation and unstoppable, Wei Shuyang and the others were only left in shock and admiration.

"Levi Garrison's strength is so terrifying, do you really need the protection of the Taiyi Chamber of Commerce?"

"One person and one beast can brutalize the two top sects, the King of Free and Easy, and the Hundred Refinements Heavenly Sect. This is too powerful!"

"Faced with the powerhouses of the Zijin Chamber of Commerce, he is enough to deal with it alone!"

"And that Lei Kirin 's combat power is also extremely powerful, and the king-level spirit beast is nothing but terrifying."

The powerful members of the Taiyi Merchant Association were shocked.

Wei Shuyang sent the message back to the headquarters again, so the president's determination to stand on Levi Garrison's side became firmer.

About half an hour later, the powerhouses of Bailian Tianzong were slaughtered by Levi Garrison.

"It's really fun!"

Levi Garrison said with a smile.

Seeing that Levi Garrison's lack of anger did not change his face, everyone was shocked and stunned again.

Co-authoring and rushing for so long, is it no effort at all?

"Let's go back, other reinforcements from the Zijin Chamber of Commerce won't be able to come for a while!"

Levi Garrison decided to go home.

Wei Shuyang and others followed closely behind, leaving behind a sea of blood and corpses from the Bailian Tianzong.

It didn't take long for the news that the army of the Free King and the Bailian Tianzong had been defeated and slaughtered firstly spread in this area.

Gong Qianqiu soon got the message that she had previously stayed in the Zijin Chamber of Commerce's temporary stronghold outside Longyang City.

Gong Qianqiu thought that he would soon hear the news of the murder of the bandits. After all, the Zijin Chamber of Commerce is like a cloud of powerhouses, and they have summoned many top sectarian powerhouses.

Such a large-scale joint operation was absolutely foolproof, yet she had no idea that it would backfire.

"What can I do? If the gangsters know that it was me who leaked the information, they will definitely not spare me!"

"At that time, I am afraid that life will be worse than death. What did this Zijin Merchant Guild do, so many people can't even kill a bandit?"

"I don't know how long I can hide the blame for the gangsters. Wouldn't the suzerain of the Taixu Shenzong be the first to settle accounts with me?"

Gong Qianqiu felt uneasy about sleeping and eating, and he was even more terrified in his heart.

A pretty face was as pale as paper, for fear that the gangsters and the Sect Master of the Taixu Shenzong would come to the door to settle the general ledger.

The three black-robed elders of the Zijin Chamber of Commerce were also solemn, and the other powerhouses were even more panicked.

“Although King Xiaoyao’s side is a motley army, there are many vicious desperados under him, and they have been scattered.”

“The key is that Bailian Tianzong was also slaughtered. I heard that they sent the deputy suzerain to sit in person this time.”

“What kind of terrifying existence have we provoked this time?”

“Fortunately, we are not the first to rush to the Xingyue Divine Sect, otherwise we will surely die!”

Everyone was talking, and a bad premonition arose in their hearts.

the other side.

The news of the destruction of the two major forces also spread to other sects in this operation.

Suddenly, it was like a stone that stirred up a thousand waves.

The Return of the God of War [The Protector] Chapter 4140 -

The two news that the army of the King of Xiaoyao scattered and fled and that the Bailian Tianzong was destroyed by the group immediately shocked many sects.

The faces of many masters sent by large sects such as Dark Flame Pavilion, Holy Spirit Academy, and Tianyuan Sword Sect were also very solemn.

“King Xiaoyao personally led the army of spirit beasts and hundreds of strong confidants to lose so miserably, which is really surprising!”

“The Hundred Refinements Tianzong dispatched the deputy sect master, and they also had the battle technique of the Hundred Refinements Gods Formation, which made the strong people feel terrified, and they even destroyed the entire army.”

“It’s really incredible. In terms of combat effectiveness, these two major forces are not weaker than the army led by this audience.”

“King Xiaoyao once used the army of spirit beasts to destroy three large-scale sect master rudders in one day. This time the ship capsized in the gutter. Could it be careless?”

“No matter how careless their strength is, it is said that no spirit beast escaped alive from King Xiaoyao.”

Everyone gasped when they heard the words.

The spirit beasts ruled by the King of Free and Unfettered are all high-rank existences, and at worst, they are comparable to the elders of large sects.

The subordinates of the Happy King are composed of many gangsters who do all kinds of evil.

There are even many people who practice crooked cultivation techniques, and their strength should not be underestimated.

The Bailian Tianzong is even more proficient in alchemy and refining tools, and there are not a few magic weapons in their hands, which shows their combat effectiveness.

In particular, the Hundred Refinements Gods Array once had a terrifying record of beheading ten top sectarians in a row.

How could it be possible to slaughter those two major forces with just one gangster and the little-known Xingyue Divine Sect?

It’s incredible!

“I know what’s going on!”

An elder of the Dark Flame Pavilion said suddenly.

Everyone turned their eyes away, waiting for the answer from the other side.

The dark flame pavilion elder said solemnly: “It must be the top powerhouse of the Taiyi Chamber of Commerce, and only this possibility is in line with common sense.”

A word woke the dreamer.

Other sectarian powerhouses also nodded in agreement.

“It’s not wrong, it must be the case. Although the comprehensive strength of the Taiyi Chamber of Commerce is not as good as that of the Zijin Chamber of Commerce, it must not be underestimated.”

“Wei Shuyang, the branch president of the Taiyi Chamber of Commerce in Longyang City before, made it clear that he wanted to keep the bandits, and it must have been the strong man who disturbed the headquarters of the Taiyi Chamber of Commerce.”

“So it makes sense. No matter how powerful the bandits are, they are only one person. How can they easily slaughter the two powerful sects?”

The more everyone thought about it, the more reasonable it became, and they pointed the finger at the Taiyi Chamber of Commerce.

“It seems that we can only solve the troubles of Taiyi Chamber of Commerce first.”

“That’s right, we’ll go to Longyang City to verify. If that’s the case, it’s okay to teach Taiyi Chamber of Commerce a lesson first.”

“This seat also fully agrees. We must teach Taiyi Chamber of Commerce a lesson, so that these people know that Zijin Chamber of Commerce is not something they can provoke.”

After deliberation, everyone chose to return to Longyang City first.

The Zijin Chamber of Commerce allied forces headed for the Taiyi Chamber of Commerce branch in Longyang City.

There was nothing to say on the road, and many sectarian forces came directly to the main gate of the Taiyi Chamber of Commerce Branch, and they were all full of righteous indignation.

“Listen to the people from the Taiyi Chamber of Commerce, and immediately withdraw the powerhouses you sent to the Xingyue Shenzong, otherwise the Zijin Chamber of Commerce will launch an all-round attack.”

“Hurry up and let your branch president go out to greet you, or we will attack directly.”

“Don’t talk nonsense with the people of Taiyi Chamber of Commerce, and flatten the Longyang City branch.”

Just as the affiliated sects of the Zijin Chamber of Commerce were clamoring, the 800 Taiyi God Group powerhouses dispatched by the Taiyi Chamber of Commerce headquarters had just arrived at the Longyang City Branch.

The two sides instantly confronted each other.

“This can’t be wrong, it’s the Taiyi Chamber of Commerce who helped the bandits.”

“The Taiyi Chamber of Commerce has really made a lot of money this time, and there are so many strong people from the Taiyi God Group.”

“It is conceivable how many powerhouses of the Taiyi God Group participated in that battle.”
