

The Return of the God of War [The Protector] Chapter 4171 -

Levi Garrison led the crowd to find the hiding place of Yunzhou, and then sailed to the sea of death.

The hard work paid off, and as expected, a huge storm rose up in this sea area from a distance.

“Dad, I sensed the power of a powerful spiritual vein, right under that storm.” Levilia said suddenly.

Levi Garrison was overjoyed, he knew that Levilia had shown the talent of sensing spiritual veins before.

He never thought that with the improvement of his strength, this kind of talent would become more powerful, and he could detect the fluctuation of the spiritual pulse under the cover of such a powerful storm force.

“Master, this storm is extremely tearing, and we can’t approach it at all!”

Gongsun Yueying said with some trepidation.

Levi Garrison smiled without saying a word, and immediately jumped into the air, rushing towards the area where the storm was located.

“No matter how strong your storm is, I will break it with one punch.”

Levi Garrison immediately ran the basic exercises and tried his best to blast towards the center of the storm.

The terrifying power roared out, as if it could destroy the sky and destroy the earth, and it slammed directly on the storm.

Buzz!

The regional space began to vibrate violently, and the storm dissipated instantly after competing with Levi Garrison’s fist strength for a while.

Levi Garrison smiled as he looked at the calm sea again, and then sounded to signal Gongsun Yueying to drive the cloud boat over.

Everyone really found a giant spiritual vein in this sea area. After everyone used the power of the star vein to quench their bodies, their strength increased greatly again.

“Dad, when did you learn to make alchemy? The effect of this kind of cultivating alchemy is really good. It can actually eliminate the problem of physical endurance.”

Levilia said in surprise.

You must know that in the secular world, only Levilia could withstand the quenching of the dragon veins, and others did not dare to try it easily.

But after taking the medicinal pill Levi Garrison gave them, this confinement no longer existed.

Levi Garrison briefly explained, including the process of forging magic weapons.

Everyone was amazed, they did not expect that Levi Garrison had encountered so many things in the past few months.

“Next, we will destroy the Xingchen Sea Palace, and the two star veins cannot be spared.”

Levi Garrison said in a deep voice.

Everyone nodded in agreement, and now Levi Garrison is their backbone.

According to the information provided by Gongsun Yueying, the Xingchenhai Palace was at the bottom of the Xingchenhai, and everyone came to the door all the way.

Xingchenhaidian had already besieged Levi Garrison and damaged a lot of powerhouses before, and now that Levi Garrison was so powerful, they had no way of fighting back.

The powerhouses of Xingchen Sea Palace were killed, and the two star veins they controlled were also exhausted by Levi Garrison and others.

After solving the Xingchenhai Palace, Levi Garrison and others continued to kill Wandao City without stopping.

Many forces in Wandao City were caught off guard and were swept away by Levi Garrison and others.

Although Huangfu Hongsheng also brought many strong people to resist, but in the face of the huge gap in strength, they all became lambs to be slaughtered.

Several major sectarian powerhouses such as the Zijin Chamber of Commerce, the Heijia Tianjun, and the Tianyuan Sword Sect were slaughtered by Levi Garrison.

The resources held by these large sects were also occupied by Levi Garrison, and the entire Wandao City was under the control of Levi Garrison.

Levi Garrison then used various magical weapons and medicinal herbs as bargaining chips to recruit the Kunlun Ruins scattered cultivators and established his own sect.

The members of the Xingyue Shenzong were notified and moved to Wandao City to develop it into a base camp.

It took Levi Garrison nearly half a month to deal with these trivial matters.

However, the news that Wandao City had changed hands really shocked the sects in the surrounding area.

At the same time, I am afraid that the bandits are also silent, and many of them even take the initiative to make friends, in order to keep their own sects safe.

Levi Garrison also refused to accept the initiative of these people.

Levi Garrison is now trying to get his momentum to the top, so that other sects will not dare to attack easily, and he can leave and do his own business with confidence.

The Return of the God of War [The Protector] Chapter 4172 -

In the Taixu Shenzong.

Since the Sun Moon Divine Fire Temple and Sun Moon Divine Fire Academy were warned by Liao Yelin's two divine arrows, the entire Taixu Shenzong became sluggish.

Gong Qianqiu also returned to the Taixu Shenzong from the Sun Moon Divine Fire Palace. Now the real power of the entire sect is under her control, but she is not happy at all.

The last time she was almost disfigured by the gangster, she used a lot of heaven and earth treasures to restore her original appearance, which made her extremely angry.

But because of the terrifying strength of the gangster, she didn't dare to take revenge, and at the same time she was worried that the incident of her framing the gangster would happen, so her mood became more and more irritable.

Fortunately, the Seven Holy Sons found a dragon vein for her from time to time to improve her cultivation, which made her feel a little better.

However, at this moment, the Seven Holy Sons rushed over and said, "Sister, the Sect Master is back, come and greet him."

Gong Qianqiu's heart froze, and his face did not show any strangeness, so he followed the Seven Saints out of the sect to welcome him.

Soon he saw Liao Yelin, who was wearing a robe of Yunjin, descending from the cloud boat, holding a long sword in his hand.

"Meet the Sect Master!"

All the Taixu Shenzong powerhouses fell to their knees one after another, and many people couldn't hide their excitement on their faces.

But the people headed by Gong Qianqiu who knew that the sect was destroyed could only force a smile, and were obviously worried that the incident would be implicated.

"Get up!"

Liao Yelin raised his hand and continued: "The gangster destroys my sect, and this seat will smash his corpse into tens of thousands of pieces."

"Sect Master, there is a peerless divine weapon in the hands of the bandit, and even the Sun Moon Divine Fire Temple was hit hard by his arrow from thousands of miles away."

"Yeah, Sect Master, the Sun Moon Divine Fire Palace is now honest."

"Not only that, but even the Zijin Chamber of Commerce returned home, of course, mainly because of the Taiyi Chamber of Commerce's efforts."

Everyone reported a lot of information, in order to make Liao Yelin not take it lightly.

Liao Yelin said with a look of disdain on his face: "Sun Moon Divine Fire Hall and Taiyi Chamber of Commerce are not as terrifying as you think."

"Besides, there is also a magic weapon in this seat. This sword is called Ling Xiao, and it was forged by Bingchi himself. The so-called magic weapon of that savage bandit is garbage in front of Ling Xiao."

Liao Yelin seemed to be extremely arrogant, and did not take Levi Garrison and the Taiyi Chamber of Commerce in his eyes at all.

However, everyone knew that Liao Yelin was not aimless. He himself came from an aloof clan, and it was not surprising that he had such a vision.

Everyone decided to hold a banquet to celebrate. The return of Liao Hualin was the biggest happy event of the Taixu Shenzong during this period.

However, before He Yan started, a rough voice came from outside.

"Gong Qianqiu, come out and die!"

This voice resounded through the heavens and the earth, spreading to every corner of the Taixu Shenzong.

Gong Qianqiu was guilty of being a thief, and he was really startled when someone suddenly called his name, but he didn't know why, but the voice was a little familiar.

Whoa whoa whoa!

The members of the Taixu Shenzong have raised their vigilance.

Liao Yelin's face was also icy cold, he never thought that such a thing would happen to him just after he came back.

After a while, a burly voice suddenly fell into the venue.

The person who came was wearing black armor, long hair and a shawl, and his exposed muscles showed an explosive sense of strength.

"Who are you, you dare to come to Taixu Shenzong to make trouble?"

Liao Yelin asked in a cold voice.

The strong man in black armor didn't pay attention, but stared at Gong Qianqiu in the crowd with burning eyes, exuding murderous aura all over his body.

"Gong Qianqiu, come out and die!" The strong man in black armor repeated it again.

Gong Qianqiu looked at the person with some doubts, and after a long time he said tentatively: "Are you Xiao Feng?"

"Yes, it's me, I came to you today to settle the account!" Xiao Feng's tone was particularly cold, without a trace of emotion.

Gong Qianqiu was taken aback. He never thought that Xiao Feng had turned into this. The key is that his strength still looks very strong.

The Return of the God of War [The Protector] Chapter 4173 -

Before waiting for Gong Qianqiu to respond, Liao Yelin said dissatisfiedly: "No matter what kind of grievances there are between you, but now to coax things here, you must also ask the sword in this seat's hand whether he agrees."

Xiao Feng frowned slightly, for the suzerain of the Taixu Shenzong, he really had no certainty of winning.

"Your sword promises."

A voice came from the sky again.

After a while, a giant cloud boat slowly landed from the sky.

Everyone present gasped involuntarily.

"Who?" Liao Yelin asked.

For some reason, there was a sense of fear in his heart.

Although the other party did not make a move, the energy coercion revealed by his gestures was extremely terrifying.

"Master!" Xiao Feng's voice trembled.

"Levi Garrison, you are Levi Garrison, and the gangster is Levi Garrison?"

Gong Qianqiu's pupils shrank sharply when he heard the words, and he spoke his judgments one after another.

Combined with what happened before, she finally understood why the bandits didn't kill her back then. It was not luck at all, but that Levi Garrison wanted to leave himself to Xiao Feng to take revenge.

Liao Yelin was also shocked when he heard the words, he said coldly: "So you are the gangster who destroyed my sect. It takes no effort to find any place in the iron shoes, since you took the initiative to bring it to the door today, this seat Take your sacrificial sword."

Clang!

Ling Xiao sword was unsheathed, Liao Yelin stared at Levi Garrison with a cold expression, and could not help but say that it was a sword aimed at his head.

"It's just this piece of shit that calls itself a magic weapon?"

Levi Garrison waved his arm gently, and the Burying Dragon Sword was cut out. The sword qi of the two divine soldiers first collided, and then the blades collided with each other.

Click!

Ling Xiaojian snapped.

"This...how is this possible?"

Liao Yelin couldn't believe his eyes, how could Bingchi's proud work be cut off so easily?

The long sword in this guy's hand turned out to be a higher-grade magic weapon?

"The people of the Taixu Shenzong listen, whoever dares to disturb the life-and-death confrontation between them, I will destroy whoever is first!"

Levi Garrison said coldly.

The members of the Taixu Shenzong were silent, and no one dared to take another half step.

Especially seeing that the magic weapon that Liao Yelin boasted was cut off in one fell swoop, he was even more afraid of Levi Garrison's terror.

Liao Yelin took advantage of Levi Garrison to turn his eyes to other places, and left Taixu Shenzong after a few flashes, and soon disappeared from everyone's sight.

Levi Garrison did not catch up, he paid more attention to the battle between Xiao Feng and Gong Qianqiu.

The members of the Taixu Shenzong suddenly lost their minds. They originally thought that their powerful backers would return, but they did not expect to escape after a round in front of Levi Garrison.

"Use your strength to end this grievance!" Levi Garrison said to Xiao Feng.

Xiao Feng nodded and didn't say much, and charged directly in the direction of Gong Qianqiu.

"Just because you want to kill me?"

Gong Qianqiu also intends to fight to the death. Since Levi Garrison is a bandit, it is difficult for him to retreat today.

But if he can successfully control Xiao Feng, there may be a chance.

However, when she confronted Xiao Feng, she realized that she was wrong. Xiao Feng's strength was not weaker than her, and she was even stronger in strength.

“How did you do it?” Gong Qianqiu was puzzled.

Xiao Feng did not intend to continue to attack at that time, and quickly brought the situation under control.

Levi Garrison was also quite shocked. He never thought that Xiao Feng had grown to such a degree, and the exercises he performed were not completely devouring.

However, what Levi Garrison didn't know was that Xiao Feng accidentally got the secret method of the alien race and chose to burn his life force to improve his strength.

“Gong Qianqiu, go to hell!”

Xiao Feng finally found the opportunity to attack for another half an hour or so, and aimed at Gong Qianqiu's back heart with a heavy punch.

Gong Qianqiu was shocked, and it was too late to hide.

“My life is over!” Gong Qianqiu's heart sank to the bottom in an instant.

The Return of the God of War [The Protector] Chapter 4174 -

However, at this critical moment, a figure flashed over at a very fast speed and came between Gong Qianqiu and Xiao Feng.

Snapped!

Xiao Feng slammed into the chest of the person who came, and there was a faint sound of broken bones.

“Little Seven!” Gong Qianqiu exclaimed, she didn't think that at this time, the Seven Holy Sons sacrificed her life to save her.

“Sister, I finally did... a big thing for you!”

The Seven Holy Sons lost their vitality as soon as they finished speaking.

Gong Qianqiu's grief came from it, and he did not think that the deceived person saved his life, and there was no regret in the eyes of the Seven Saints.

“Sister, I'm sorry for you!” Gong Qianqiu raised infinite remorse in his heart. Before that, all the seven saints were used.

“Xiao Feng, I'm going to kill you!” Gong Qianqiu rushed towards Xiao Feng as if going crazy, she would definitely die with Xiao Feng.

“This should be what I said to you.”

Xiao Feng was expressionless, he had waited too long for this day to take revenge.

The two sides fought a few more moves, and Xiao Feng directly killed Gong Qianqiu.

I feel that the vitality is quickly passing away, and all the past things appear in my mind.

“The two people I played hardest on, one saved my life and the other killed me.”

“Maybe this is life!”

Gong Qianqiu slowly closed his eyes and completely cut off his vitality.

Xiao Feng didn't stay in Taixu Shenzong for too long, he knelt down directly to Levi Garrison and said, “Master, I have not had many days. My disciple is not filial, and I have failed your expectations, so let's just let it go!”

After Xiao Feng finished speaking, he turned and left, looking at his resolute back, Levi Garrison sighed faintly.

He could feel that the aura in Xiao Feng's body seemed to be weakening rapidly, and it seemed that he was able to improve the realm of Dao at a great price.

Levi Garrison did not stop Xiao Feng from leaving, just as Gong Qianqiu said before his death: Maybe this is life!

Gong Qianqiu paid the price of her life for her evil deeds, and Xiao Feng paid for the mistakes he once made.

“The rest of the leaders of the Taixu Shenzong will not be left behind.”

Levi Garrison said coldly.

Then Levi Garrison personally killed Xuan Ming, Duguxiao and other Gong Qianqiu's confidants, and the Taixu Shenzong disappeared in an instant.

The hatred of attacking the base camp was finally repaid, and Liao Yelin was the family who returned to the city of the sky. He vowed to kill Levi Garrison quickly.

After cleaning up the remnants of the Taixu Shenzong, Levi Garrison planned to find the whereabouts of the promoted clan, but Meng Wuya brought people there.

“Levi Garrison, please follow me back to the Taiyi Chamber of Commerce headquarters, otherwise don't blame me for forcibly tying you away.”

Meng Wuya's tone was cold.

Levi Garrison said with a smile: “If you can't persuade you to change it, it seems that your Taiyi Chamber of Commerce is also impatient, so let's clean it up with you!”

The two sides did not speculate on the spot. Meng Wuya thought that it was enough to bring more than a hundred peak powerhouses of the Taiyi God group. He never thought that Levi Garrison would kill all these powerhouses without any effort.

“Meng Wuya, you go back to the Taiyi Chamber of Commerce headquarters to report a letter, I will personally go there and destroy the Taiyi Chamber of Commerce, get out!”

Levi Garrison kicked Meng Wuya fiercely. Although she was also seriously injured, she managed to save her life after all.

Levi Garrison learned through interrogation that the Taiyi Chamber of Commerce, the Zijin Chamber of Commerce, and the family headquarters of Liao Yelin’s family were all in the City of the Sky.

So directly rushing to the city of the sky, Levi Garrison decided to completely eradicate all hidden dangers.

After all, Wandao City also belongs to the doves occupying the magpie’s nest, and it is difficult to guarantee when the Zijin Chamber of Commerce will kill them back.

About half a month later, Levi Garrison rushed to the city of the sky, he directly found the helm of the three major forces, and directly launched a bloody revenge.

Under the crushing of Levi Garrison’s powerful strength, the three major forces suffered heavy casualties, and finally chose to surrender to Levi Garrison, which was barely able to save his life.

Sweeping the three major forces of the city of the sky, Levi Garrison also obtained more than ten star veins that they mastered.

Levi Garrison didn’t miss this precious opportunity to improve his strength, and immediately used the star vein to temper his body, and his strength was greatly improved again.

And Levi Garrison learned from Bingchi that the largest central city in the Central Region is called Kunlun City, which is the center of the entire Kunlun Ruins.

The taboo lineage is the most powerful force in Kunlun City, and it is also the existence of the ruler of Kunlun Ruins.

Among them, the most prosperous of the taboo lineage is the Li family. The head of the Li family, Li Qingfeng, is extremely terrifying and is the strongest ruler of the Kunlun Ruins.

The Return of the God of War [The Protector] Chapter 4175 THE END -

In order to investigate the whereabouts of Master Cheap, Levi Garrison absorbed the power of countless star veins along the way, and his strength finally reached its peak.

“It’s time to go to Kunlun City to investigate the taboo clan.”

Levi Garrison made up his mind to rush directly to Kunlun City, but he was told to go to Li’s house before he entered Kunlun City.

Levi Garrison was quite surprised, as if his every move had been controlled by others, but he clearly didn’t feel that someone was watching him before!

With great curiosity, Levi Garrison came to Li’s house, and when he entered the reception hall, he saw an old man sitting in the middle, who was his cheap master.

“Master, is that you?” Levi Garrison felt incredible, and even wondered if he had hallucinations.

Li Qingfeng said with a smile: “Stinky boy, I thought you forgot about Lao Tzu! How about it, is this journey still comfortable?”

Li Qingfeng had a good smile, just like the first time they met, causing Levi Garrison to be in a trance for a while.

The two chatted on their knees, and Levi Garrison understood the reason.

Li Qingfeng had been secretly escorting Levi Garrison in order to find a successor.

It just so happened that Levi Garrison and Li Qingfeng had very similar experiences when they were young, both of them were abolished. In addition, Levi Garrison’s physique was just right for the exercises, so they chose to preach and accept the profession.

“King’s Landing, in fact, there is a world outside the Kunlun Ruins, where there are countless real demons, and the mission of the master of the Kunlun Ruins is to protect.”

“But don’t worry, those demons have been chased away by Lao Tzu, and it is impossible for them to make a comeback in a short time, but it will depend on you in the future.”

“Also, I also sent cronies in the secular world to look for people with superpowers, and trained them to hide in the general population. These years are also for the selection of talents.”

Hearing what Li Qingfeng said, Levi Garrison suddenly realized that this is the biggest secret of the Baolong family!

Knowing all the truth, Levi Garrison felt that the burden on his shoulders was a little heavier.

“I have worked hard all my life, can’t you feel sorry for me and let me go?” Li Qingfeng scolded with a smile.

Levi Garrison had to agree, but the demons outside the territory would not attack in a short time, so Levi Garrison planned to return to Daxia first and continue to live the life of ordinary people.

Li Qingfeng didn’t stop him either. After all, there was a taboo clan, so there wouldn’t be too much trouble.

So Levi Garrison took his family away from Kunlun Ruins and returned to Daxia.

Ten years later.

A holiday island in Daxia.

Levilia has grown into a slim big girl, and she is teaching two little boys to practice.

“Xiaojian, Xiaoxian, can you be more serious? In this case, I will let Uncle Azure Dragon (Qinglong) teach you.”

Levilia said with a straight face.

The two little boys looked alike, about six or seven years old, and they were the twins Ye Jianzi and Ye Xianji that Zoey Lopez gave birth to Levi Garrison.

Ye Jianzi and Ye Chen Xianji were busy practicing hard. They knew that Uncle Azure Dragon (Qinglong) was never soft in training, and he was far from being as gentle as his sister.

Levi Garrison put his arms around Zoey Lopez and looked at the distant scene with a happy smile on his face.

As for the grandmother and grandparents of the three children, they are worried.

“Time always goes by so fast, the kids are so big in the blink of an eye.”

“Boss, I can’t beat Xiaofan and Xiaochen now. Uncle’s majesty will soon be lost.”

“You couldn’t keep it for a long time, did you forget that you were pressed and rubbed by Levilia ten years ago?”

The sound of footsteps and ridicules came one after another, Levi Garrison turned his head to look, and saw the five Azure Dragon (Qinglong) Vermillion Birds coming side by side.

Followed by Zhou Nanyan and Wen Lei.

“Brother, you promised to introduce me to a young talent, why haven’t you fulfilled it?”

While speaking, Zhou Nanyan handed over the washed fruit, and Levi Garrison unceremoniously picked up an apple and nibbled it.

“Your vision is too high. Isn’t the young sect master of Qingxuan Shenzong very good, and is it not in your eyes?”

Levi Garrison rolled his eyes and said.

Zoey Lopez suggested, “It’s better to have a martial arts contest to recruit relatives!”

“Agree with what Ziran said.” Wen Lei hurriedly coaxed.

Levi Garrison shrugged and said, “I don’t care, as long as you are happy.”

The crowd burst into laughter, they looked into the distance, and the sea was calm.

The sky is sunny and sunny, and it is a rare good weather!

Levi Garrison lived the life he wanted.

Family, friends, brothers and apprentices are all around.

Feels great.

Such a carefree life should go on and on...
