

The Return of the God of War [The Protector] Chapter 3735 -

Thinking of this.

A name instantly appeared in Levi Garrison's mind.

Dugu Xiao.

As the only bloodline of the two alien races, Sen Luo and Xuan Ming.

Must know all the secrets of the two alien races.

What's more, Duguxiao dared to go to the base camp alone to show off his might.

It is enough to show that the mysterious woman behind her has obtained the alien spiritual vein.

The mysterious woman taught the devouring technique, and Duguxiao revealed the location of the spiritual veins.

trade ?

Ally ?

Or both?

Even apprentices?

Levi Garrison's expression gradually became solemn.

If so, the situation is even more bleak.

Although she has not yet confronted the mysterious woman head-on, she is still vivid in her mind when she attacked Xiao Feng with a divine robbery.

The attack strength of that sword, apart from himself, no one can resist head-on.

Even if the current Levilia resists hard, I am afraid he can only end up with serious injuries.

If the mysterious woman continues to devour the two major alien spiritual veins, I am afraid that even I am not fully sure of Yan Sheng!

Moreover, after several secret confrontations with the mysterious woman.

Levi Garrison discovered that the mysterious woman is not only powerful in personal combat, but also far beyond ordinary people.

Especially her eyeliner seems to spread all over the forces, even around her.

No clues so far.

This makes prevention more difficult.

“It’s been a long time since the last time I was waiting for the rabbit to be discovered in advance by the mysterious woman.”

“Maybe she is about to succeed!”

This must be prevented as much as possible.

After thinking about this, Levi Garrison said solemnly: “Shen Tianjian mobilizes all the power, and must find the spiritual vein of the alien race as soon as possible.”

“Don’t worry, Mr. Ye, I will do my best to do it.”

The temporary head of Shentianjian agreed without any hesitation.

In addition to being due to Levi Garrison’s coercion, there is more awareness that the lips are dead and the teeth are cold.

You must know that the last time to destroy the two alien remnants, Shen Tianjian and the Ministry of Suppression are the main forces.

Undoubtedly, he has already forged a blood feud with Duguxiao.

Today, Duguxiao’s cultivation base is advancing by leaps and bounds, and behind him stands a mysterious woman who is familiar with Zhen Mosi.

If these two people continue to become stronger, then Shen Tianjian will surely usher in bloody revenge from the other side.

However, the core peak powerhouses of Tianshenjian and Zhenmo Division suffered heavy casualties, and their overall strength has long since lost their peak of courage.

At that time, facing the mysterious woman and masters like Duguxiao, I am afraid that only the whole army will be destroyed.

“If there is any news, report it to me immediately.”

Levi Garrison turned around and left after giving instructions.

Return to the underground base.

Levi Garrison also instructed his subordinates and various forces to search for alien spiritual veins.

Many forces are like a huge net, with the base camp as the center, spreading out all around.

Do a carpet search.

The savage growth rate of the mysterious woman and Duguxiao gave him a sense of crisis.

Once the mysterious woman successfully devours the two major alien spiritual veins, her strength will definitely continue to increase greatly.

Even if she can do it to the point where she can hold herself back.

Then, with Duguxiao's strength, it is enough to start a massacre in the base camp.

At that time, I am afraid that only Levilia will barely have the strength to fight with him.

As for the others, they can only be the fish on the sticky board, and they can be slaughtered.

After a battle with Dugu Xiao not long ago.

The buildings of the base camp were basically destroyed.

Elite students and disciples also suffered heavy casualties.

Especially the core members headed by Xiao Feng, Azure Dragon (Qinglong) and others.

Morale was extremely low.

Xiao Feng lost his soul like a walking corpse, and it was obvious that Duguxiao's words had hit him hard.

The eyes of Azure Dragon (Qinglong) and the others were also dull, as if they had returned to the shadows that had just been dug out.

However, it was all caused by Duguxiao.

“hateful!”

Levi Garrison clenched his fists to the point of creaking.

He was completely angry.

“Duguxiao, wait for Laozi.”

“Even if you catch up to the ends of the earth, Lao Tzu will pull you out and burn you to ashes.”

“I swear to avenge this.”

A cold glow flashed in Levi Garrison’s eyes.

At this moment, the spiritual veins of the Xuanming alien race.

A sneeze!

Sneezed several times in a row.

He even felt cold all over, and couldn’t help shivering.

Duguxiao felt that it was very likely that Xiao Feng Azure Dragon (Qinglong) and other defeated generals were scolding him.

Gong Qianqiu meditated cross-legged, and she was making the final preparations for devouring the alien spiritual veins.

She must completely digest the treasures of heaven and earth accumulated by the two alien races for more than a hundred years.

In the end, he devoured the spiritual veins of the Xuanming alien race.

Originally wanted to devour directly, but found that it was a little powerless.

For example, by expanding her physical strength, she can devour in one go.

So start with the treasures of the two great alien races.

“If you have something to say, just say it directly, don’t babble.”

Gong Qianqiu’s tone was extremely majestic.

Duguxiao asked cautiously, “Master, there is something I don’t know about this disciple, so I would like to ask Master to enlighten me.”

“Ask!” Gong Qianqiu said solemnly.

Duguxiao asked: “Master, with Xiao Feng’s current ability, it is useless, why not kill him?”

“It’s not that I don’t kill, but the time has not come, not to mention that I keep Xiao Feng’s life, and there are other wonderful uses.” Gong Qianqiu’s face was unfathomable.

Duguxiao was still puzzled and said, “What use is this trash? It’s unrealistic to expect him to assassinate Levi Garrison!”

“It’s really hard to get this done.”

Gong Qianqiu paused, and then suddenly asked: “But finding the right time to let Xiao Feng know that he killed all the people around him, isn’t that interesting?”

In Gong Qianqiu’s view, killing a person is the lowest level method.

And completely control a person from the body to the spirit.

In particular, let him live rather than die, but he is determined to use it for himself.

It made her feel more accomplished.

For example, playing Xiao Feng in the palm of his hand.

Destroying him spiritually in the end is more interesting than killing him outright.

“It’s wonderful! As expected of the master! The ingenuity is unfathomable, but the disciple is too superficial.”

When Duguxiao admired, he patted the rainbow fart by the way.

“By the way, I have to quickly devour the spiritual veins of the Xuanming alien race!”

Gong Qianqiu said suddenly.

Duguxiao said with some puzzlement: “Master, what does this mean? The location of the alien spiritual veins is extremely secret. Now no one knows the exact location except me, and there will never be any mistakes.”

“Although it’s not wrong to say so, but the ability of the opponent should not be underestimated, especially Levi Garrison.”

Seeing Duguxiao still having some doubts, Gong Qianqiu explained:

“Your appearance in Levi Garrison’s base camp this time will inevitably lead to Levi Garrison’s speculation. Combined with the fact that we have disappeared during this period of time, it is impossible to think that our ultimate goal is the alien spiritual vein.”

“Even Levi Garrison has already started sending people to look for the spiritual veins of alien races!”

“It won’t be that fast, will it?”

Duguxiao didn’t quite believe that Levi Garrison’s response could be so fast.

Gong Qianqiu’s face sank, and he said coldly: “Remember, if you underestimate your opponent, you will pay a heavy price sooner or later.”

“The disciple is wrong.”

Duguxiao was very aware of current affairs and hurriedly bowed his head to admit his mistake.

Gong Qianqiu nodded with satisfaction and didn’t say much.

Although she reminded Duguxiao not to underestimate the enemy, she didn’t think Levi Garrison could keep up with her rhythm.

After all, Levi Garrison is in the bright, and her Gong Qianqiu is in the dark.

Even if Levi Garrison judged everything and sent someone to look for the alien spiritual vein.

In the absence of any directional map, those people looking for alien spiritual veins is tantamount to looking for a needle in a haystack.

By the time they found the exact clues, they would have already swallowed it successfully.

At that time, his cultivation will reach a higher level, and it will even reach the level of crushing Levi Garrison.

At that time, if you wanted to get rid of Levi Garrison, wasn't that an easy task?

“Levi Garrison, you will be my defeat after all.”

Gong Qianqiu sneered again and again, and a smile appeared on her charming face unconsciously.
