Levilia's face became more and more solemn.

Considering everyone's safety is at stake.

And Xiao Feng's future.

Levilia said it without reservation.

Of course, Levilia only said an approximate date, which is much earlier than the time when it was taught to everyone collectively.

"Furthermore, Senior Brother Xiao Feng also specifically told me not to tell my father about teaching the exercises."

Levilia constantly recalled the situation at that time, and tried to describe everything in detail as much as possible.

Phoenix's mind was the most delicate, and when he heard this sentence, his expression instantly became serious.

According to common sense, even if you ask Levilia for advice and practice exercises, there is no need to worry about telling Levi Garrison!

After all, Xiao Feng was the boss's most valued apprentice.

The old bus can't help Xiao Feng to quickly improve his strength, so that he can share the pressure for him.

Take the lead as soon as possible and be on your own.

And Phoenix and others carefully recalled this time node.

It seems that just shortly after that time node, the crisis appeared little by little.

First, the base camp was attacked, and then the divine robbery was stolen.

Especially the joint attack of the multi-party forces, it is more like someone is behind the scenes.

Deliberately provoked such a war.

Later, Levi Garrison also determined that behind all this there are shadows of mysterious third-party forces.

Even the follow-up whereabouts of the Xuanming aliens were deliberately guided by someone secretly.

This directly led to the outbreak of the battle of the Demon Suppression Division.

“It now seems that the enemy only grew up quickly after obtaining the Levilia Cultivation Technique.”

Phoenix gives a judgment.

Azure Dragon also agreed, adding: “She really does it herself, and she is completely waiting for her strength to grow up.”

Everyone quickly thought of the mysterious woman who rescued Duguxiao in front of Levi Garrison.

Of course, even then, the other party obviously had no certainty.

Otherwise, he would not choose to kill Xiao Feng, in order to attract Levi Garrison to divert his attention.

Only in this way can we find an opportunity to save people from danger.

“The reason why Senior Brother Xiao Feng didn’t let me tell Dad to teach him the exercises.”

“It should be suspected that this practice method was created by my father, and I don’t plan to spread it.”

"The reason why it is said that I created it myself is just to hide people's eyes and ears."

"But Senior Brother Xiao Feng didn't dare to ask Dad rashly, so he secretly found me and asked about the content of the exercises."

Levilia is also quickly analyzing.

Phoenix and the others were quite surprised.

They never thought that Levilia could take this level into consideration at such a young age.

It has to be said that this speculation is very logical.

Otherwise, in the identity of Xiao Feng, why would he secretly ask about the exercises and worry about Levilia making a public statement?

It is nothing more than fear that Levi Garrison will have a bad impression of Xiao Feng after knowing this.

"So now we just need to make sure that Xiao Feng leaked the exercises."

Kirin said solemnly.

As Kirin said, as long as this point is confirmed clearly, all subsequent matters will be solved.

But then again, how to get Xiao Feng to tell the truth is a big problem.

"Then what are you waiting for, ask him directly."

"It's not wrong, it's time for this, and there's no need to show mercy. It's better to showdown directly."

Azure Dragon and Xuanwu also agreed with the meaning of Kirin .

"forget it!"

Phoenix directly blocked, "According to Xiao Feng's attitude before, even if we asked, it would be a vain question."

"Xiao Feng probably won't tell the truth, and the settings will be concealed for Gong Qianqiu."

"If you even push him in a hurry, you may even fight."

Azure Dragon sighed heavily and said, "I don't know what this guy did, it's like he's gone crazy."

Others also shook their heads and sighed, and Xiao Feng's previous excited reaction was vivid in his mind.

Faced with this level of suspicion now, will you be forced to go to war?

Really can't tell.

However, everyone did not expect it, and a firm look flashed in Kirin's eyes.

When Phoenix and others discussed with Levilia how to continue to investigate the clues.

Kirin excused himself and left the scene.

He is impatient.

Although Kirin is also skeptical about whether he can tell the truth in Xiao Feng's mouth.

But he still decided to cheat Xiao Feng.

At this moment, Xiao Feng was still addicted to swallowing the spiritual energy of heaven and earth, unable to extricate himself.

Because his cultivation base has greatly improved during this time.

Therefore, when the unicorn was close to several dozen feet away, it was already keenly aware.

Xiao Feng finished his work and looked at Kirin flatly.

“Xiao Feng, I’m here to ask you one thing, have you leaked the exercises that Levilia taught you?”

Seeing Xiao Feng’s face suddenly covered with frost, Kirin did not have the slightest fear, but took a few steps forward.

“We now have very clear evidence, as long as you leak the exercises.”

“Basically, it can be determined that the mysterious woman is Gong Qianqiu.”

This sentence is like a thunderbolt.

It directly made Xiao Feng Lei scorched on the outside and tender on the inside.

“What nonsense are you talking about?”

Xiao Feng stared at the unicorn with burning eyes, hoping to see the flaw in the other’s eyes.

However, Kirin’s eyes were full of calmness, and he did not dodge to meet Xiao Feng’s gaze.

“I’m not talking nonsense, it’s the same sentence, all the other evidence is in place, just the answer to the question just now.”

“Xiao Feng, now you look into my eyes and answer, have you leaked the exercises to Gong Qianqiu?”

“Tell the truth!”

Kirin’s words are sonorous and powerful.

Xiao Feng felt a little guilty at that moment.

Although he was also looking directly at the unicorn, his eyes dodged for a moment.

However, it was still keenly captured by Kirin.

But he didn't reveal it on the spot.

Continue to wait for Xiao Feng's answer.

"I didn't leak!"

Xiao Feng said in a deep voice.

Compared with the previous aggressiveness, it is obvious that there is a lack of confidence at this moment.

"Okay, remember your answer today."

"Xiao Feng, our brothers have done their best to you."

"Be prepared to take responsibility if there are other consequences because you lied."

"Especially the anger of the boss."

Kirin turned around and left.

In fact, he already has the answer.

Although Xiao Feng still denied leaking the exercises just now, his eyes can't deceive people.

Xiao Feng lied.

In other words, the probability that Gong Qianqiu is a mysterious woman has increased significantly again.

Looking at the back of Kirin's departure, Xiao Feng didn't come back to his senses for a long time.

The phrase "to bear the anger of the boss" echoed in his ears, and it didn't dissipate for a long time.

Phoenix and the others might have some solid evidence.

Except for the clues in this area, I am afraid it is already complete.

Is it really locked in the future?

Once everyone is in crisis because of their own concealment.

Master's anger, can you bear it?

Xiao Feng was a little panicked.

The unswerving trust in Gong Qianqiu once had a trace of cracks at this moment.

Of course that's all.

"The big deal is that when you see Qianqiu next time, just ask around and ask."

Xiao Feng secretly made up his mind.

I haven't seen Master for many days, and I don't know where he went?

Xiao Feng didn't think any more, and continued to quickly swallow the spiritual energy of heaven and earth.

He still had a firm idea.

As long as you have enough strength, even if the master is angry, or before making a certain decision.

Also think twice.

This is the benefit of absolute power.

the other side.

Levi Garrison also came to the sea base under the Atlantis plan.

Immediately use absolute power to forcibly open this spiritual vein.

Prepare to use the spiritual veins for chain quenching.

The powerful energy fluctuations even triggered an unprecedented terrifying tsunami in this sea area.

Under the continuous bombardment of Levi Garrison, the dragon vein on the bottom of the sea finally appeared in front of him.

From a distance, the twinkling golden light shines.

Even if Levi Garrison was not close to the spiritual veins, the pure and extremely pure spiritual energy rushed towards him.

This is just the beginning.

With the passage of time, the powerful spiritual energy centered on the underwater spiritual veins quickly spread out to the surroundings.

And the speed of the aura is getting faster and faster, and it gradually spreads to every corner of the world.

In a small sect on the border of Daxia Northern Territory.

Many disciples are doing morning exercises in the martial arts field.

However, the leading master suddenly felt aura constantly pouring into his body.

Even just a slight operation of the exercises can be absorbed quickly.

The point is that this aura is stronger than ever before.

It even quickly raised his cultivation base by a level.

“Everyone quickly runs the exercises to absorb the spiritual energy.”

The teacher and father immediately reminded the disciples.

There is no way that this burst of spiritual energy can make the sect rise to a higher level!

Similar situations have also occurred in many cultivation schools in Daxia.

Town Magic Division.

Shen Tianjian’s temporary talker also clearly felt the change in spiritual energy.

At first, he thought it was the spiritual meridian on which the town demons depended to survive.

But upon inspection, nothing was found to be wrong.

But no matter what the change is, it's a good thing for the town magician.

After all, they are all powerful cultivators, and now they are surrounded by powerful enemies.

There was no temporary person to issue an order, and the disciples of the many factions of the Zhenmo Division began to frantically cultivate and absorb the pure spiritual energy.

At the same time, Duguxiao also paid attention to this situation.

For him, a devouring madman, the change in the spiritual energy of heaven and earth came just right.

So Duguxiao didn't go to investigate what was going on, and went straight to devoured it frantically.

Of course, Duguxiao led those dead men who did this, and they were all the first to taste the sweetness of devouring.

This pure spiritual energy is naturally open to anyone who comes, the more the better.

the other side.

Gong Qianqiu had no way of knowing that she was wholeheartedly carrying out the Sky Thunder Body Tempering.

There are continuous thunderstorms on Gong Qianqiu's body.

The violent electric light continued to surround, guided by Gong Qianqiu's cultivation technique, constantly quenching every inch of the body's skin.

It was as if the swordsmith kept hitting a peerless weapon with a sledgehammer.

Every time you smash it, the toughness of the blade becomes stronger.

If you look closely, you will find that Gong Qianqiu's skin has undergone earth-shaking changes at this moment.

On the surface of Gong Qianqiu's skin, layers of pale golden light were faintly attached.

Reveals extremely strong and tough metal texture.

And in every tiny pore, there is a faint flow of thunder and lightning.

This is the power of lightning that has been extracted and purified by Gong Qianqiu's exercises. After entering the body, it is constantly washing the meridians.

It can be said that the current Gong Qianqiu, the body and the meridians are close to perfect.

"It seems that it won't take a few more days of thunder, and the quenching can be completed."

Gong Qianqiu raised her eyebrows with joy.

In particular, I felt that the original dantian, which was extremely full, now has a vast space.

The corners of Gong Qianqiu's mouth couldn't help but rise slightly.

"Finally, I can continue to devour the spiritual veins again."

Gong Qianqiu was so excited that if it weren't for the inopportune moment, she would have danced to celebrate.

On the other hand, the Heavenly Masters of the Heavenly Master Mansion were all face ashes.

They can judge that Gong Qianqiu is about to complete the body quenching.

At that time, it will be the day when their Tianshi Mansion will be destroyed.

"Why is there no news from Levi Garrison?"

The headmaster Lao Tianshi couldn't help but look at Wentian.

Wen Tian was also helpless, he also contacted Levi Garrison, but he did not receive any response.

Undersea Spirit Vessels.

Levi Garrison has entered a state of crazy chain quenching at this moment.

It seems to be fused with this spiritual vein.

The huge spiritual veins are particularly dazzling against the golden light.

A terrifying aura filled the entire space.

Levi Garrison felt that all aspects of his body were rapidly undergoing the quenching chain of spiritual energy.

Both strength and speed were significantly improved in just a few days.

With the passage of time, the golden color of the underwater spiritual veins gradually dimmed.

On the other hand, Levi Garrison had a faint layer of dark golden energy floating on his body.

The basic exercises run fast, and the energy of the spiritual pulse is extracted and purified frantically.

Subsequently, he continued to refine and improve Levi Garrison's quality in all aspects.

After a few more days, the entire underwater spiritual veins finally completely dimmed.

And Levi Garrison also slowly opened his eyes, and the body training was finally completed.

Although he didn't have any exercises at the moment, the whole person revealed an unparalleled power and coercion.

It's as if you can shake the sky and the earth with your hands and feet.

"Hi!"

Levi Garrison let out a low voice and threw a punch to the side at will.

An incomparably powerful violent force suddenly swept out.

There was a huge vortex centered on Levi Garrison's body around the bottom of the sea.

The violent tsunami also appeared suddenly with the burst of power.

An extremely powerful earthquake occurred directly in the entire sea area.

Bang!

Levi Garrison suddenly exerted his strength, and the whole person broke out of the water.

Feeling the surging power in his body, Levi Garrison felt extremely wonderful.

"Power and speed have a new breakthrough!"

Levi Garrison was very satisfied with the effect of this training.

The spiritual energy contained in this underwater spiritual vein is much richer than that in the eternal kingdom.

With this boost of power, even if he encounters a mysterious woman, he still has the confidence to defeat him.

"Now she is also using Tianlei to quench her body, so she can't take it lightly."

"Now is the critical period to grab time."

With this in mind, Levi Garrison was ready to go to the second spiritual vein.

Levi Garrison chose the spiritual vein of the eternal kingdom.

Because of the explosion of the spiritual energy of the Atlantis project, the whole world was once again plunged into turmoil.

People are panicking everywhere, and various sects have also broken out many conflicts due to the absorption and distribution of spiritual energy.

Completely messed up.

The point is that no one knows what's going on.

Duguxiao is looking for a source of energy everywhere while making trouble everywhere.

After all, the source of the spiritual energy that can explode around the world must be a super spiritual vein.

This is extremely important both to Gong Qianqiu and to him.

It may even be promoted to the cultivation level again through this super spiritual vein.

So for this matter, Duguxiao can be said to be very positive.

the other side.

For everyone, the concentration of aura has increased too much.

Azure Dragon and others themselves are also practicing Levilia Gongfa. While they are investigating Gong Qianqiu, they are also practicing hard.

Build strength as quickly as possible.

In particular, Xiao Feng's strength has undergone earth-shaking changes.

He practiced the extreme devouring technique, and the burst of spiritual energy just met his greatest needs.

The early stage is to swallow a lot of spiritual energy.

Xiao Feng's strength almost soared exponentially.

This makes Xiao Feng very satisfied. After all, for him, the improvement of strength is equal to the improvement of the right to speak.

When the time comes, Gong Qianqiu will be introduced to everyone, and even if everyone resists in their hearts, they will be concerned about their own strength.

However, what disappointed Xiao Feng was that Gong Qianqiu lost contact again.

He originally wanted to share the joy of his strength improvement with Gong Qianqiu.

Brush the favorability again.

“Is she in any danger again?”

Xiao Feng was a little worried.

But on second thought, there is no relevant information from the outside world.

In particular, Phoenix and others have been keeping Gong Qianqiu locked up. If something really happened to the latter, he would definitely be able to get the information.

Xiao Feng sent a lot of information to Gong Qianqiu, but after waiting for a long time, he still could not get a response.

“Maybe Qianqiu found a hidden place to hide.”

“And contacting the outside world will inevitably be locked by a master.”

“It must be so!”

Thinking of this, Xiao Feng was relieved.

What’s more, the most important thing now is to become stronger as soon as possible and continue to devour the spiritual energy madly.
