

The Return of the God of War [The Protector]

Chapter 3827

Although this sentence is very common among normal couples, Gong Qianqiu almost never said it on his own initiative.

Xiao Feng even felt a little airy, and a strong feeling of longing filled his heart instantly.

"Qianqiu, I miss you very much too! It's like every three autumns if I don't see you for one day."

Xiao Feng said affectionately.

Gong Qianqiu held back his nausea and told Xiao Feng a few words of sincerity.

Then he turned the conversation and asked, "By the way, has Yufeng Tiansi explained the situation to Master?"

Advertisement

"The Shentian Superintendent has begun to remind me, but my current status is not good to enter the base camp directly."

Gong Qianqiu pretended not to know things.

"Qianqiu really doesn't know the situation."

Xiao Feng was overjoyed, and felt indignant again for the previous suspicions of Phoenix and others.

Advertisement

"Qianqiu, I'm sorry, I'm useless, Yufeng Tiansi was kidnapped by Duguxiao again!"

Xiao Feng then repeated what happened before.

After Xiao Feng finished speaking, Gong Qianqiu asked inexplicably: "How is it possible? That's near your base camp!"

"With Master's strength, even if Qianqiu Sect obstructs it, and Duguxiao is stronger, it won't help at all!"

In fact, this is the real purpose of Gong Qianqiu looking for Xiao Feng.

However, according to the report of the person in charge of the dead man who attacked the base camp, Levi Garrison was not seen when defending against their attack.

This made Gong Qianqiu quite puzzled. The importance of Yufeng Tiansi is self-evident, and Levi Garrison has no reason not to take action.

"Master is missing!"

Xiao Feng said with a sigh.

Advertisement

Gong Qianqiu hurriedly asked: "Missing? What are you joking about? Qianqiu is staring at him. How could the master play missing?"

"I'm surprised too! But the master is indeed missing."

"Even the master and Levilia don't know where the master is. If he is here today, Yufeng Tiansi will not be kidnapped."

"Your suspicions have also been completely cleared. It's really a wrong move, and the whole game is empty!"

Xiao Feng said in frustration.

Gong Qianqiu comforted: "That's a pity! If my suspicions are cleared, I can go back to the base camp with you."

"Master is also true, I won't tell you where I go, aren't you the apprentice that Master values most?"

"If you know Master's whereabouts, Yufeng Tiansi is absolutely foolproof this time."

"Xiao Feng, I didn't mean to speak ill of Master, I just felt..."

Xiao Feng directly interrupted: "Qianqiu, you don't need to explain, I understand, you are injustice for me!"

Although Xiao Feng did not show any strangeness on the surface, his dissatisfaction with Levi Garrison increased by a further point.

And Gong Qianqiu is also for this purpose, she deliberately guides Xiao Feng in every detail.

Frozen three feet is not a day's cold, Gong Qianqiu believes that as long as enough emotions are accumulated.

Then Xiao Feng can do some extraordinary actions.

"Okay, don't feel wronged, maybe Master has something to hide!"

"Since Yufeng Tiansi has been captured again, I have to continue to search for the whereabouts of Qianqiu Jiao, and everything will be fine when Tiansi returns."

Gong Qianqiu was very helpless and continued: "Once the problem is clarified, I will go to the base camp with you to see the master."

"It's just that I don't know where Master has gone? When will he be back? Only when he sits in the base camp can he be more confident."

"It's really good, I also hope that this day will come soon."

Xiao Feng was overjoyed, and this was the first time Gong Qianqiu took the initiative to say that he wanted to go back to the base camp with him.

But Xiao Feng was so excited.

"As for the master, as long as I have his movements, I will tell you."

Hearing Xiao Feng's answer, the corner of Gong Qianqiu's mouth rose slightly.

After chatting a few more words with Xiao Feng, Gong Qianqiu "reluctantly" disconnected the communication device.

Mass grave.

Inside the Qianqiu Church General Altar.

Gong Qianqiu's eyes were slightly condensed, and his thoughts were turning rapidly.

The Return of the God of War [The Protector] Chapter 3828

Levi Garrison's whereabouts is a mystery, even Zoey Lopez and Levilia don't know, which is a bit strange.

"What on earth did Levi Garrison do to make it so mysterious?"

"Is it to improve your strength?"

Gong Qianqiu was busy and threw this thought out of the sky.

In her opinion, no one can compare to herself in terms of improving her strength in a short period of time.

Of course, Levilia is possible, because she herself devours the spiritual root and the spiritual bone, which is better than the root bone that she created in the later stage.

Advertisement

But Levilia is in the base camp, and according to the reports of the dead, Levilia's strength is not as terrifying as imagined.

Taking 10,000 steps back, even if Levilia has decided to take the path of extreme devouring, there are no super spiritual veins around the world.

There is not enough energy supply of spiritual veins, and it is also difficult for a clever woman to cook without rice.

Absolutely can't catch up with yourself.

Advertisement

"Levi Garrison should find a way to deal with me."

"Since the way of ascension from themselves does not work, there is only another way left."

"Destroy the energy source and stop me from continuing to devour."

Thinking of this possibility, Gong Qianqiu sneered.

Even if he did not continue to swallow, Levi Garrison would not pose a threat at all.

Now the only thing that can attract Gong Qianqiu's attention is Tiansi.

More precisely, the mighty ones who follow Tiansi.

Only by deeply understanding their roots can Gong Qianqiu have a better plan for the next step.

Judging from the current information, the legendary world is called Kunlun Ruins.

Advertisement

There are also many sects in the Kunlun Ruins, but the great powers there do not have any substantive achievements for reference.

Nei Ying in Zhen Mo Si also heard from the side that when Tian Si first entered the Kunlun Ruins, his cultivation base was only at the bottom.

"At that time, the strength of Tiansi was the only one in the town of magic, much stronger than Yufeng Tiansi."

"But there is absolutely no Duguxiao as powerful as he is today."

"In this comparison, even if you enter the Kunlun Ruins, you must at least be at the mid-to-high level of combat power, right?"

Thinking of this, Gong Qianqiu yearned for the Kunlun Ruins even more.

the other side.

Duguxiao also got the exact message that his father will return in three days.

This made Duguxiao excited.

Before the time of Tiansi's return was determined, Qianqiu Jiao was panicked for a while.

Duguxiao also doubled the pressure. After all, he was definitely number two when he slaughtered the major factions of the Demon Squad.

After Tiansi returns, he must also be an important target.

Therefore, Duguxiao was almost cautious and fearful in the process of performing tasks outside.

"I finally have the confidence."

Duguxiao couldn't help laughing.

At the same time, the biological father Xuan Ming also sent a lot of key information.

In particular, he introduced some Kunlun Ruins and his own situation.

Xuan Ming has now joined an evil sect in Kunlun Ruins called Taixu Shenzong.

The Taixu Shenzong majored in swordsmanship, and its overall strength was much stronger than that of the Qiongfong faction that Tiansi joined.

It's just that Taixu Shenzong lacks a real divine sword.

Otherwise, with the strength of the top powerhouses in the sect, the status of the Taixu Shenzong in the Kunlun Ruins can definitely be raised to a higher level.

You must know that in the real sword cultivator sect, a peerless weapon can make the peak powerhouse even more powerful, and the combat effectiveness soars.

This is also where the Taixu Shenzong has always been brooding.

For this reason, the disciples in the sect searched for divine swords everywhere, in order to achieve a stable status in the sect.

Of course, the Taixu Shenzong in the Kunlun Ruins can be regarded as a middle-level great sect.

It's just that Xuan Ming couldn't get in touch with the true core high-level executives of the Taixu Shenzong due to his strength.

However, after years of hard work and painstaking management, Xuan Ming has also gained a certain position in the Taixu Shenzong.

It is precisely because of this that Xuan Ming's return this time has only a few strong people in the sect to follow.

It's just that Xuan Ming's next words made Duguxiao's heart shudder.

The Return of the God of War [The Protector] Chapter 3829

"The great powers brought by Tiansi are powerful, and the powers of the great powers around my father are slightly inferior."

Xuan Ming's words made Duguxiao's mood sink to the bottom.

In the final analysis, it is the Kunlun Ruins who can really decide the trend of the battle.

"But you don't need to worry too much. The people who follow the father are also the arrogance of the Taixu Shenzong."

"Although they can't compare to the arrogance of the inner sect, their strength is much stronger than that of being a father."

"Ten thousand steps back, even if you can't defeat the powerhouses brought by Tiansi, there is absolutely no problem in protecting yourself."

Advertisement

Duguxiao felt a little relieved when he heard this.

Through the next conversation with Xuan Ming, Duguxiao learned more information.

After all, the Taixu Shenzong is a big sect, and the status of his biological father Xuan Ming cannot reach the top genius in the sect after all.

It is not easy to bring back the ordinary Tianjiao.

Advertisement

In particular, Duguxiao learned that the Kunlun Ruins paid more attention to the use of the elements of heaven and earth and the cultivation rules of the combination of heaven and earth.

"Father, so the power to devour the elements of heaven and earth is also very advantageous?"

Duguxiao asked excitedly.

Xuan Ming immediately replied: "That's right, and the power of the spiritual energy and the elements of heaven and earth in the Kunlun Ruins is more abundant."

"If you can directly swallow it for your own use, you can occupy a place even in the Taixu Shenzong."

"Great!"

Duguxiao found this message very encouraging.

Immediately, he told about his own cultivation method.

"I didn't expect my son to have such an adventure. If that Gong Qianqiu is strong enough, we can consider joining forces this time."

Advertisement

Xuan Ming paused for a while, then changed the conversation and said, "At that time, take a good look at the father and make a decision!"

Duguxiao felt that his father was thinking a little too much.

Gong Qianqiu is so powerful, and if they join forces, they may really turn the tide of the battle.

Then the two chatted for a while before cutting off contact.

Duguxiao also yearned for Kunlun Ruins even more.

He even made up his mind that as long as he could protect himself this time, he would go to Kunlun Ruins with his father.

"Maybe you can break out of the world through extreme swallowing exercises?"

Duguxiao thought excitedly.

the other side.

Inside the base camp.

After detailed investigation by Phoenix and others, they finally found key clues.

The three of Xu Qingya actually disappeared near the base camp.

Especially that day, it was Xiao Feng who was in charge of the periphery.

In addition, Yufeng Tiansi was also kidnapped under Xiao Feng's eyes not long ago.

"Xiao Feng must be inseparable from the relationship. In that case, if you want to hide people's eyes and ears, you need to move people away from relevant positions."

"And I've heard people say before that Xu Qingya and Xiao Feng had a very intense verbal conflict, and they even almost did it."

"The reason for the conflict is precisely because of Gong Qianqiu."

Everyone, you said every word, and pointed the finger at Xiao Feng.

"I have to showdown with him, even if it is to ask questions." Kirin said coldly.

Phoenix and others joined Ning Jinye to find Xiao Feng.

Sure enough, he found Xiao Feng who was cultivating at the base camp's martial arts field.

Seeing the menacing crowd, Xiao Feng frowned, and he could clearly feel the anger and hostility of several people.

Swish!

Several people quickly surrounded Xiao Feng in the middle.

"Xiao Feng, have you contacted Gong Qianqiu again recently?"

"Or did you meet her again?"

"Xiao Feng, can you stop helping Zhou to abuse him?"

"Gong Qianqiu is the leader of Qianqiu Sect. When will you recognize her?"

The tone of Phoenix and the others was very strong, almost equivalent to questioning.

Xiao Feng's face became more and more difficult to look at.

His eyes were getting colder.

"Are you finished? Are you willing to force me to do something to you?"

Xiao Feng almost roared, and he felt that the emotions in his heart had reached the brink of eruption.

"Xiao Feng, you are really hopeless." Ning Jinye said solemnly.

The Return of the God of War [The Protector]

Chapter 3830

"It's not your turn to tell me about my business, get out of my way!"

Before he finished speaking, Xiao Feng's figure had disappeared.

"Jinye, be careful!"

Azure Dragon reminded loudly.

His perception of danger over the years on the edge of death told him that Xiao Feng had murderous intentions at a certain moment.

Ning Jin's cultivation base is not low, and out of the cultivator's instinct, he quickly dodged to the side.

Advertisement

Bang!

However, Xiao Feng's speed was even faster, and he punched him on the shoulder.

Clap!

With the sound of broken bones, Ning Jinye's body also galloped backwards.

Advertisement

"You dare to point fingers at Lao Tzu even with this little skill. Who gave you the courage?"

Xiao Feng said in a condescending tone.

"And you guys, don't you always like to make accusations without evidence?"

"Only know that it is aimed at Qianqiu and at me."

"Today, I just settled the old and new accounts with you. Come on, you can settle together."

Xiao Feng's eyes were red, and the breath on his body was also extremely fierce.

Azure Dragon and the others were really shocked for a while.

Of course, it was more of a shock. He didn't even think that Xiao Feng would attack Ning Jinye anyway.

"Looks like you're crazy, Phoenix, let's go together, maybe we can beat him up!"

Advertisement

Kirin had been holding back a belly of fire for a long time, and Xiao Feng suddenly shot, directly detonating the flames completely.

"Then what are you waiting for, let's go!"

Xiao Feng was equally angry and felt isolated by everyone, and now he finally vented his forbearance.

It's just that once this emotional rift appears, it's like a flood that bursts a dyke, out of control.

"Since you don't take action, then I'll come."

While speaking, Xiao Feng disappeared from everyone's sight again.

In the next second, Xiao Feng had appeared behind Phoenix, with a palm on her back.

It was too late for Phoenix to try to hide.

Just at this critical moment, a figure suddenly appeared and punched Xiao Feng's palm.

Bang!

A powerful aftermath of energy suddenly spread from the contact part of the two fists.

Xiao Feng immediately backed out, and after a closer look, there was already a person standing in front of him.

It is Levilia.

“Senior Brother Xiao Feng, what are you doing?”

“If you have anything to say, it’s fine, do you have to fight each other?”

Levilia said solemnly.

Xiao Feng was stunned, his face changed several times, but he finally resisted the urge to continue shooting.

It’s just that at that moment, the thought of wanting to devour Levilia’s power surged again.

It was even stronger than before, which shocked Xiao Feng.

“If it wasn’t for them struggling, how could I do anything to them?”

Xiao Feng pointed at Phoenix and the others and said, “I said long ago that if you can produce conclusive evidence, I’ll be fine with my death.”

“But if there is no evidence to still accuse with prejudice, then don’t blame me for not remembering the old friendship.”

At this moment, Xiao Feng did not give in, he felt that it was necessary to tell the matter thoroughly.

Levilia instantly understood what was going on.

“Senior Brother Xiao Feng, you calm down first, I will make it clear to Uncle Azure Dragon and the others.” Levilia reassured. .

“Levilia, today I will look at your face and not care about them. You can do it yourself.”

After Xiao Feng finished speaking, he turned and left.

Looking at his back, everyone looked at each other.

The person who should do his best to do his own thing actually allows himself to do his own thing?

joke!

"Levilia, Xiao Feng's reaction just now was too intense."

"I think Yufeng Tiansi and Xu Qingya are the ones who leaked it to Gong Qianqiu."

Phoenix said solemnly.

Ning Jinye also took the medicine pill and stood up at this moment, but the blood in his body was still surging.

"Just now Xiao Feng had murderous intentions. I really suspect that he has gone into trouble."

Ning Jinye breathed heavily.

Levilia's face is solemn, why doesn't she feel this way?
