

The Return of the God of War [The Protector]

Chapter 3842

Before the palm arrives, the wind arrives first.

The violent breath roared.

“So strong!”

Xue Pengzhan’s expression was slightly condensed, and Gong Qianqiu’s power displayed at this moment was much stronger than before.

Xue Pengzhan didn’t dare to neglect, and he also ran the exercises. He didn’t choose to avoid it, but faced Gong Qianqiu’s palm.

Bang!

The violent breath collided.

The two left at a touch, and soon they were fighting together.

time flies.

Xue Pengzhan became more and more frightened. He found that even if he used 60 to 70% of his strength, he could not take the initiative in the situation.

At the same time, Gong Qianqiu also explored the depth of Xue Pengzhan.

“The arrogance of the Taixu Shenzong is nothing more than this!”

Gong Qianqiu sneered in his heart, but there was no trace on his face.

She can basically judge that if she exerts all her strength, she can basically completely abuse Xue Pengzhan.

But now is not the time to reveal his full strength.

So Gong Qianqiu adjusted the degree of breath and gradually began to fall into the disadvantage.

Even so, Xuan Ming and the other three Tianjiao of the Taixu Shenzong were shocked.

They could feel that Xue Pengzhan was about to show eight points of strength, which would suppress Gong Qianqiu.

"It's too strong! If you enter the Kunlun Void, you will be stronger if you are nourished by a stronger spiritual energy."

This is an idea shared by several people.

After finally playing more than a dozen rounds, Gong Qianqiu pretended to be defeated and was directly shocked and flew out.

"Senior Brother Xue, I lost, you are too powerful."

Gong Qianqiu panted and said: "With all my strength, I have been suppressed to the point where I can't fight back. It is indeed the arrogant powerhouse of the Taixu Shenzong!"

Being complimented by Gong Qianqiu, Xue Pengzhan almost floated to the clouds.

"Qianqiu, it is already a gift for you to be able to achieve such a cultivation level in the mundane world."

"In the future, if you enter Kunlun Xu, your strength will definitely be improved to a higher level."

"Maybe senior brother will hug your thigh at that time!"

Xue Pengzhan's words were half true and half false. He was really shocked that Gong Qianqiu could have such a cultivation.

To be able to equalize 70% of his own strength is really amazing.

"With Xue Tianjiao's recommendation, it can be said that the Palace Sect Master's entry into Taixu Shenzong is a certainty."

Xuan Ming silently patted the rainbow fart, and then looked at Gong Qianqiu with a serious face.

The conversation turned and said: "But if you want to get a higher position, you need to come up with bigger chips."

"The meaning of the Xuanming Patriarch Qianqiu understands."

Gong Qianqiu understood, and said with a look of embarrassment: "Only what you offer can get the attention of the sect, and you have to ask the brothers to give more advice."

"It's easy to talk!" Xue Pengzhan took over the words: "The Taixu Shenzong masters swordsmanship, but for many years there has been no magic weapon."

"Brother Xue said very well, if there is a peerless divine sword, the Taixu Shenzong might even have a chance to join the ranks of the great sects."

"It's just that this is too strong for Junior Sister Qianqiu."

"Yeah, how can there be magic weapons in the secular world? We can only find other ways."

Gong Qianqiu's heart froze when he heard that, wouldn't the divine calamity that he had stolen from Levi Garrison's base camp just come in handy?

If it is dedicated to the high-level leaders of the Taixu Shenzong, he may really be valued and rise to the sky.

"Junior Sister Qianqiu doesn't have to worry too much, we will naturally help you think of other ways when the time comes."

Xue Pengzhan thought that Gong Qianqiu was silent because he was stumped by the bargaining chip he proposed.

"It's time for you, brothers." Gong Qianqiu hurriedly expressed his thanks, but sneered in his heart.

After all, Xuan Ming and the arrogance of Taixu Shenzong are still too shallow.

More precisely, they seriously underestimated Gong Qianqiu's ambitions.

At this moment, Gong Qianqiu has already begun to count and follow up many matters.

"Through Xue Pengzhan, I got in touch with the senior leaders of Taixu Shenzong, and even became the core in one fell swoop."

Gong Qianqiu thought to himself.

Only in this way can we truly gain a firm foothold in the Taixu Shenzong, without having to look at the faces of other ordinary members.

At that time, the many cultivation resources of the Taixu Shenzong can be used for oneself, and the cultivation base can be quickly improved before jumping to a larger and higher platform.

It is best to enter the top sects of Kunlun Xu, and then become a truly terrifying existence that can call the wind and call the rain.

"Let's talk about the cooperation in front of us first!" Xuan Ming suggested.

Gong Qianqiu nodded and said, "That's right, dealing with Tian Si and Levi Garrison is the top priority."

"However, my Qianqiu Sect's eyeliner is all over the major sectarian forces, especially the Zhen Mosi, which has been infiltrated very seriously by me."

"We can keep track of the movements of Tiansi and others at any time."

"As long as the plan is well-planned, even if it may take some effort to exterminate Tiansi and others, at least the multi-party faction of Zhenmosi will be eliminated soon."

Xuan Ming nodded in satisfaction and said, "It would be best if we could do this."

"It's just that the young master of the Cang Qiong faction is a trouble after all. It is not difficult to kill him. The key is that the Cang Qiong faction behind him will be very difficult." Xue Pengzhan said solemnly.

"That's right, although the Taixu Shenzong has crushed the Cang Qiong faction in all aspects, it is not certain that the sect will give us a few successes."

"If you can come up with enough chips or contributions, you will be able to make the senior leaders of the sect pay attention."

"If there is any opportunity or bargaining chip to attract the elders or top talents in the sect, the Cang Qiong faction will not be a problem."

Gong Qianqiu was silent, but he had a deeper understanding of the overall situation of Xuanming and the others.

After all, these few people are still not high enough in the level of the Taixu Shenzong.

If they really kill the young master of the Cang Qiong faction, they are not sure that the high-level officials of the Taixu Shenzong will come forward to quell the matter.

But if the core high-level executives of the Taixu Shenzong get involved in this situation, then the situation will take a turn for the worse, even destroying the entire Sky Sect.

"I hope that Shen Jie can be qualified to attract the attention of the high-level officials of the Taixu Shenzong!"

Gong Qianqiu prayed silently in his heart.

The cooperation has been initially reached so far.

Gong Qianqiu immediately announced to the public in the name of Qianqiu Sect: officially formed an alliance with Xuan Ming and the Taixu Shenzong behind him.

As soon as this message came out, all parties shook.

Town Magic Division.

Inside the Chamber.

The expressions of everyone present were solemn, and the core members of the Zhenmo Division didn't even dare to let out the air.

For a while, needles could be heard in the hall.

Seeing Xie Huanyu's ugly face, Tiansi said solemnly: "Wait, go down first! There is an important matter in this seat to discuss with the young master."

The members of the Town Magic Division were relieved and quickly exited the discussion hall.

Although they didn't dare to say anything on the surface, they could clearly feel that Qianqiu Sect and Xuan Ming had joined forces to put pressure on the mighty young master.

When the idle people waited to go out, Tiansi released his breath and quickly isolated the discussion hall from the outside world.

"Young Master, what do you think of this matter?" Tian Si asked cautiously.

Xie Huanyu pondered for a long time before slowly saying: "It's a bit difficult to do!"

"Although it sounds a bit humiliating, I have to admit that the strength of the Taixu Shenzong far exceeds that of the Sky Sect."

"Once the high-level officials of the Taixu Shenzong take action, let alone you, the little devil-suppressing division, even the Sky Sect will face extinction."

Xie Huanyu was really a little scared.

The Return of the God of War [The Protector] Chapter 3843

The Taixu Shenzong is a middle-level sect in Kunlun Xu, and it completely suppresses the sky sect in all aspects.

"You don't have to worry too much, young master." The elder Xie Yunzong said suddenly.

Xie Huanyu raised his eyebrows and asked, "How do you say this?"

"Young Master, please think about it carefully, the Taixu Shenzong is powerful, but Xuan Ming is only a low-level person."

"Is the Taixu Shenzong really willing to go to war with the Sky Sect for an unimportant person?"

"That's right!" Tian Si's eyes lit up.

Advertisement

Regardless of the secular world or Kunlun Xu, the major sects are all helpless.

In particular, Kunlun is even more illusory. After all, it is a world where the strong respect the weak and prey on the strong.

It is not uncommon for the entire sect to be destroyed in order to cultivate resources.

Although the strength of the Taixu Shenzong crushes the sky sect, but if you really want to push the latter in a hurry, the Taixu Shenzong will also pay a big price.

Advertisement

And Xuan Ming was only a small trash fish in the secular world after all, and his status within the Taixu Shenzong was even more pitiful.

If it is unprofitable, Taixu Shenzong should not go to war for such a small soldier.

"The elder's words are reasonable."

Xie Huanyu paused, but suddenly changed the conversation: "But nothing is absolute, what if they have something that makes Taixu Shenzong attach importance to?"

"Is the young master too unfounded?"

The Great Elder chuckled and said, "A mere sect in the secular world, what treasures can be worth the attention of the senior officials of the Taixu Shenzong?"

"Could it be that they still have a peerless magic weapon?"

As we all know, the reason why Taixu Shenzong was not able to rank among the great sects was that it lacked a divine sword.

For the sword sect who majored in kendo, the Divine Sword is even related to the existence of the lifeline.

"Hahaha, that's true, I really admire him so much..."

Before Xie Huanyu finished speaking, he found that Tian Si's face was extremely ugly.

"What's the matter, is there any problem?" Xie Huanyu asked in confusion.

Tiansi said solemnly: "Young Master, as far as I know, the one who stole Levi Garrison's divine calamity is the leader of Qianqiu Sect."

"God robbery?" Xie Huanyu's face was also a lot dignified.

Xie Yunzong hurriedly asked, "Is this a magic weapon?"

"It can be understood in this way. It is said that Divine Tribulation itself already has aura, and the power it carries is even more powerful."

"When Levi Garrison swept the top forces of the countries, it was only with this magic weapon that he succeeded."

Tian Si then told all the information about the divine robbery that Zhen Mo Si got.

Not even some unrealistic rumors have been missed.

"The weapons left by the gods in the world are completely nonsense." Xie Yunzong said with a cold snort.

Xie Huanyu said condensedly: "This divine calamity can still exert such power in Levi Garrison's hands."

"What if it falls into the hands of a sword cultivator?"

When everyone heard the words, their mood instantly sank to the bottom.

What Xie Huanyu said was true, in their eyes Levi Garrison was a mortal.

But it is such a mortal who can rely on divine calamity to smash up and down, sweeping away many forces with few opponents.

If it is replaced by a strong swordsman, the divine robbery will definitely exert dozens of times or even more terrifying power.

However, the Taixu Shenzong lacked a magic weapon.

If Qianqiu Sect used the divine calamity as a bargaining chip and invited the peak powerhouses of the Taixu Shenzong to take action, the consequences would be unimaginable.

"It's impossible to let Qianqiu teach people to release people and come to the door to apologize."

Tiansi's voice was a bit bitter, but he knew that Xie Huanyu and others were worried.

Although I have a close relationship with them, it is ultimately about the survival of the sect.

No matter how deep the personal relationship is, once the vital interests of the Cang Qiong faction are involved, Xie Huanyu will choose the latter without hesitation.

"It's more than impossible, our lives are at stake."

Xie Huanyu said with a sigh.

The other members of the Cang Qiong faction were also full of ashes.

the other side.

Everyone in the base camp also got the message.

For a time, people were panicked and the pressure doubled.

“Qianqiu Sect is already strong enough, and if we join forces with Xuan Ming, who can be the enemy?”

This idea exists deep inside almost everyone.

When Levi Garrison was not in the base camp, a Dugu Xiao turned the place upside down.

What’s more, there is an unfathomable female leader.

Now Xuan Ming has returned with several powerful Taixu Shenzongs, joining forces and being invincible.

“Don’t forget that the Demon Suppression Division is not going to deal with us either. It was just an expedient measure to be sent by the boss (Master) before.”

“If Si brings back the Kunlun Xu master today, he will definitely not look down on others, and there is even a very high possibility that he will come to take revenge.”

“The three powerful enemies are targeting at the same time, even the master (the boss) is hard to resist, right?”

Once the emotion of fear and worry is planted, the speed at which it spreads is extremely terrifying.

Especially now that Levi Garrison has not appeared in public for a long time, of course, there are many people who have been inquiring from the front or the side.

But Phoenix and the others were all tight-lipped and evasive.

There hasn't been any positive "official" answer.

This further exacerbated the unease among the members of the base camp.

In fact, Levi Garrison has been idle all the time.

He said that Ning Jinye and other 80 people were sent to the Siberia Super Spiritual Vessel in batches for body quenching.

Afterwards, special training was also conducted separately, dedicated to building a group of elite troops.

However, this situation is unclear to everyone, including Levilia and Zoey Lopez.

Xiao Feng also realized a strong sense of crisis.

During this time, Xiao Feng also devoured the spiritual energy and the power of the enemy masters frantically.

The cultivation realm has been greatly improved again.

However, what Xiao Feng is most worried about is Gong Qianqiu.

Because he got the exact information, Qianqiu Sect and Xuan Ming united to deal with the Zhenmo Division, so Gong Qianqiu's life was worrying.

So Xiao Feng used various means to start practicing Gong Qianqiu, but he got no reply.

"Could it be that Qianqiu is looking for a place to hide?"

"That's right, it must be the case. Xuan Ming and the others are powerful, and they can obtain their location based on communication tools."

Xiao Feng thought of this and sent a few messages to Gong Qianqiu.

"Qianqiu, you can rest assured that I am strong enough."

"If Qianqiu Sect goes to war with Zhen Mosi, I will stand by your side unswervingly."

"With me, no one can hurt you."

After Xiao Feng sent it, he continued to frantically devour the spiritual energy of heaven and earth, and he wanted to continue to improve his strength.

Mass grave.

Inside the Qianqiu Church General Altar.

Xiao Feng sent information continuously, and changed direction to remind Gong Qianqiu of one thing.

Soon after, his identity will be announced to the world, and then Xiao Feng's chess piece will really be useless.

"If you don't use Xiao Feng to backstab Levi Garrison now, when will you wait?"

The corners of Gong Qianqiu's mouth rose slightly, and his murderous aura was suddenly released.

Gong Qianqiu seriously thought about various feasible plans.

Xiao Feng was Levi Garrison's most important first disciple.

If you want him to do something like a 'rebellious' thing like a backstab, you have to take a strong medicine.

A lot of work has been done in the early stage of sowing discord.

Otherwise, Xiao Feng could not have sent a message some time ago, saying that he had shot at Ning Jinye.

If it wasn't for Levilia to stop it in time, it is very likely that Phoenix and others would also be injured.

This shows that the previous provocation foreshadowing has already paid off.

But these people are only Levi Garrison's subordinates after all, and Xiao Feng does not have such a big psychological burden.

"It seems that I can only use Xiao Feng's feelings for me to start."

"It may be feasible to frame Levi Garrison and seriously injure himself, and it may even have miraculous effects."

Gong Qianqiu's thoughts ran fast, trying to make the plan as foolproof as possible.

"But now Xiao Feng's strength is far from enough!"

The Return of the God of War [The Protector] Chapter 3844

Gong Qianqiu was a little bit in trouble, after all, even he didn't have enough super spiritual veins to devour and improve.

Where can the wealthy give Xiao Feng this waste?

"Sect Master, I have a method that may work."

Some time ago, Master Bone searched everywhere for super spiritual veins to no avail.

"Oh? Talk about it."

Gong Qianqiu said with great interest.

Advertisement

The bone master said solemnly: "Sect Master, I have seen an evil method in ancient books, it is called Heart Demon Yin."

"Use special materials to refine evil pills, and at the same time cooperate with specific cultivation methods, and then deliberately guide them."

"It is possible to draw out the deeply hidden demons, not only to greatly increase the strength, but also to greatly change this person's personality."

"As long as the time is ripe and the spellcaster's skill detonates, the recruiter can make extraordinary moves."

Advertisement

"Oh? And this kind of evil art?"

Gong Qianqiu was very surprised, this was just tailor-made for Xiao Feng!

"It's just that it takes time to refine the evil pill, and what we lack most is time."

Master Bone said with a smile: "Teacher, I have practiced this pill a long time ago. I used three pills for the test, and now I have the last one left."

When talking, Master Bone took out a small porcelain bottle in his arms, opened the cork, and there was a purple pill inside.

"Okay, Master Bone, you have made a great contribution to Qianqiu's teaching." Gong Qianqiu praised the porcelain bottle.

All is ready except for the opportunity.

Gong Qianqiu made up his mind and immediately made an appointment with Xiao Feng.

After receiving the message from Gong Qianqiu, Xiao Feng was overjoyed and came to meet him at the fastest speed.

"Qianqiu, you're finally willing to see me." As soon as they met, Xiao risk wept with joy.

Gong Qianqiu resisted the nausea and said softly: "The situation is special during this time, so I cut off contact with the outside world."

"Understand, after all, the combined strength of Xuan Ming and Qianqiu Sect is too strong."

When Xiao Feng spoke, he wanted to hug Gong Qianqiu and solve the pain of lovesickness during this time.

However, Gong Qianqiu took a few steps back to avoid it.

"Xiao Feng, now is not the time for children to love each other."

"According to reliable information, Xuan Ming and Qianqiu Sect will attack Zhen Mo Si soon. How can you protect me with your current strength?"

"Xiao Feng, listen to me, as long as we get through this difficulty, we can truly be together."

Gong Qianqiu deliberately made an eager look.

Xiao Feng suddenly felt ashamed and felt that he was too impatient.

"Qianqiu, are you looking for me today?" Xiao Feng asked in confusion.

Gong Qianqiu pretended to be mysterious and said: "I got a secret technique from the ancient book of Zhenmosi, and supplemented by medicinal pills, people's cultivation base can be greatly increased in a short time."

"I have tested it myself, and there is absolutely no problem, so I thought of telling you about this exercise."

While speaking, Gong Qianqiu deliberately released his breath.

"Qianqiu, you are so kind to me."

Xiao Feng was so grateful.

Xiao Feng has no doubts about Gong Qianqiu's words.

Especially the breath released by Gong Qianqiu is indeed much stronger than the last time we met.

If it hadn't used some kind of secret technique to improve, it would never have reached this level.

Gong Qianqiu winked and said, "You are my man, I am not good to you and who is good to you?"

Xiao Feng was overwhelmed with joy, and he was so moved.

"Take this medicine pill, and then quickly run the exercises I teach you for fifty weeks."

"It may be a little painful in the early stage, you must persevere."

"Otherwise it will fall short."

After Gong Qianqiu finished speaking, he handed the evil pill over.

Xiao Feng took the evil pill without any hesitation, and then practiced according to Gong Qianqiu's statement.

At the beginning, Xiao Feng didn't feel much, but as time went on, he felt more and more that his veins were swollen.

It's just that I think of Gong Qianqiu's words and continue to insist on practicing.

It didn't take long for Xiao Feng to enter a state that was almost on the verge of going crazy.

It's just that Xiao Feng didn't notice it himself, and he felt the strong aura surging. He instinctively thought that the secret technique played a role.

And Gong Qianqiu clearly saw that a purple-black light appeared on the edge of Xiao Feng's eyes.

"Continue to practice, and then you will be able to use it completely for me."

The corner of Gong Qianqiu's mouth flashed a smile of successful conspiracy.

the other side.

After some deliberation, Tian Si and the young master felt that they should join hands with Levi Garrison to deal with Qianqiu Sect and Xuan Ming.

After all, Zhen Mosi and Levi Garrison are not bloody enemies.

At most, it was a battle of anger that was once suppressed by Levi Garrison.

Regarding this matter, it can be settled separately after the fact.

Today's biggest enemies are still Qianqiu Sect and Xuanming.

Jointly with Levi Garrison will also have a greater grasp.

It is best to eradicate Xuan Ming, Duguxiao and others in one fell swoop, so as to avoid future troubles forever.

After unanimous approval, Tian Si, Xie Huanyu and others went directly to the base camp to find Levi Garrison.

When everyone came to the periphery of the base camp, they were discovered by Phoenix and others who were in charge of patrolling.

"Young Master of the Sky Sect is here, why don't you wait to welcome me?"

Tiansi shouted Luck, his voice was like a thunderbolt from the blue, only the eardrums of the base camp patrol personnel were sore.

Phoenix and the others frowned. Although the arrogance of the other party was very unpleasant, she also knew that they had arrogance.

Quickly report the information to Zoey Lopez and Levilia.

Now that Levi Garrison's whereabouts are unknown, the base camp is temporarily in charge of Zoey Lopez.

And Levilia is the strongest fighting force in the current base camp.

In fact, there is no need to report, Levilia and Zoey Lopez and other cores of the base camp rushed over.

Zoey Lopez came down to the front of Tiansi under the escort of everyone.

"What's your reason for coming here?"

Zoey Lopez asked in a deep voice.

The members of the base camp were ready to fight, and the swords were drawn for a while.

Tian Si glanced at the crowd, but did not find Levi Garrison's figure.

In particular, although the strength of these people in front of them is much stronger than that of ordinary monks, there is absolutely no way to compare them with them.

"Where is Levi Garrison? You people are not worthy of a direct dialogue with the young master!"

Tian Si spoke with a condescending tone.

Xie Huanyu glanced at everyone, and said proudly: "Seeing your little strength, I really regret coming over to discuss cooperation."

"On their level, I'm afraid they can only act as cannon fodder." Xie Yunzong snorted coldly and agreed.

Phoenix and the others clenched their fists, and they could clearly feel the contempt of each other.

Levilia also frowned tightly, but still resisted the anger that was about to burst out.

Zoey Lopez was naturally very angry, but she heard a key word from the other party – cooperation.

"Don't be impulsive, let's listen to what these people have to say."

Sound transmission appeased everyone, turned around and said to Xie Huanyu:

"Presumably Your Excellency is the young master of the Sky Sect."

"Since your Excellency is here to discuss cooperation, you should also follow the most basic etiquette, right?"

Zoey Lopez said in a deep voice.

"Courtesy?"

Xie Huanyu laughed on his back, as if he had heard a big joke.

"Can you handle the etiquette of this seat?"

Zoey Lopez's face changed slightly, she really wanted to turn her face.

But there is no Levi Garrison in the base camp, and the other party is the power of Kunlun Ruins.

If they really do it, these people on their own side will probably suffer annihilation.

In particular, Qianqiu Jiao and Xuan Ming are coveting together.

United Tiansi and others are indeed the best choice.

After all, I used to worry that Tiansi would target the base camp!

"These people are so arrogant!"

"It's just arrogant. If the boss (Master) is here, how dare they?"

"But given the current situation, it is really beneficial to be able to join forces with them."

Although everyone in the base camp was filled with righteous indignation, they were defeated by the cruel reality.

It's just that this kind of cooperation is too uncomfortable.

"Of course I can."

Just as everyone was in a dilemma, a steady voice came from the far end.

"The boss is back."

"Master is finally back."

"See if these guys dare to be arrogant?"

The crowd instantly had the backbone.

After a while, Levi Garrison flashed over.

The Return of the God of War [The Protector] Chapter 3845

Xie Huanyu and others narrowed their eyes, but after some exploration, their expressions returned to normal.

Because they found that Levi Garrison's strength was not much stronger than others.

Anyway, it can't be compared with several geniuses in Kunlun Ruins.

"Are you Levi Garrison?"

Xie Huanyu asked jokingly.

Levi Garrison nodded and asked, "Are you here to discuss cooperation?"

Advertisement

"That's it!"

Xie Huanyu said noncommittally: "More precisely, it is to give you a chance to live."

"Oh? How do you say this?"

Levi Garrison deliberately made a puzzled expression.

Advertisement

Xie Huanyu said solemnly: "Xuanming and the powerhouses of the Taixu Shenzong have allied with Qianqiu Sect. If you fight alone, you will definitely be dead."

"But if you belong to this throne, even Xuan Ming and others will have some scruples and dare not act rashly."

"Of course, more importantly, you will also get a once-in-a-lifetime opportunity."

"What chance?"

Levi Garrison asked curiously.

A smile appeared on Xie Huanyu's face, and he said, "After this is done, I can take you to the Kunlun Ruins and join the Sky Sect."

"From then on, I've been with this seat, and I'll make sure you eat spicy food."

Xie Huanyu seemed to have an aloof attitude, as if it was the alms of the upper class to the bottom class.

"Being able to tide over the difficulties and taking the opportunity to enter the Kunlun Ruins sounds really tempting!"

Advertisement

Levi Garrison said very excitedly.

Xie Huanyu was overjoyed, and the negotiation was much easier than he thought.

"So I refuse to cooperate!"

Levi Garrison said suddenly after turning around.

ha?

Xie Huanyu didn't react for a while.

Levi Garrison was very interested in the conditions he offered just now!

Xie Yunzong, Tian Si and others were also a little confused.

"Levi Garrison, are you kidding me?"

Tian Si couldn't help but say.

Levi Garrison said solemnly, "I never joke with people other than my friends. Are we familiar with each other?"

What the hell!

Tian Si almost couldn't hold back the foul language in public.

This guy is just so annoying.

Xie Huanyu's face also became gloomy, and he said coldly: "Levi Garrison, do you know that you missed the opportunity to reach the sky in one step?"

"Are you sure it's not a chance to ascend to heaven?"

Levi Garrison sneered twice and continued: "Don't the so-called cooperation just want to use us as cannon fodder?"

"you....."

The corner of Xie Huanyu's mouth twitched, and when Levi Garrison exposed his thoughts in public, he felt disgraced.

"Don't regret it!" Xie Huanyu waved his hand and told the others, "Let's go!"

Seeing the back of Xie Huanyu and others leaving, Levi Garrison sneered at the corner of his mouth.

"Boss, do you really not consider working with them?"

After a long time, Phoenix took the lead in asking.

Others also focused their attention on Levi Garrison.

The refusal to cooperate this time is equivalent to offending Tiansi and the powerhouses of the firmament to death.

It may even lead to the intensification of the conflict between the base camp and the town magic department, and gradually turn into hatred.

"Do you think they are here to cooperate sincerely?" Levi Garrison asked rhetorically.

Phoenix was speechless, Xie Huanyu's attitude just now was obvious, and he didn't take them seriously at all.

"Don't worry everyone, I have my own way to deal with them."

Levi Garrison gave everyone a reassurance.

Levi Garrison is by no means aimless, but just now clearly explored the details of Xie Huanyu and others.

I've probably figured it out already.

at the same time.

Tiansi and others who were refused to cooperate were quite depressed.

They never thought that Levi Garrison would refuse so simply.

"Levi Garrison, this bastard, is so ignorant of praise." Xie Huanyu was a little exasperated.

"Young Master, calm down!"

Xie Yunzong advised: "Since Levi Garrison insists on courting death, let him fend for himself!"

"Young Master, Great Elder, based on the eyesight of the two of you, what is the realm of Levi Garrison's cultivation?"

"Is he refusing to cooperate, is he confident, or is he just bluffing?"

Tian Si condensed.

Xie Yunzong pointed to the top arrogances of the Cang Qiong faction, and said solemnly, "In my opinion, Levi Garrison's strength is at best similar to theirs."

"In the secular world, it may be possible to run wild, but compared with this seat and the young master, it is simply vulnerable."

Tian Si was slightly relieved when he heard the words, as long as Levi Garrison was still in a good position, he didn't need to worry.

"Then what should we do next?" Tian Si continued to ask.

Xie Huanyu thought for a long time before slowly saying: "Since Levi Garrison doesn't know how to praise, then let's find someone else to form an alliance."

"Point the spear directly at Levi Garrison. As for Qianqiu Sect, Xuan Ming and the others will leave sooner or later."

"At that time, we will find Qianqiu to teach the settlement."

"Abide by the law of the young master."

Tiansi agreed.

Everyone discussed it again, and finally decided to let Qianqiu Jiao let the people go first.

Then the two sides reached a cooperation to deal with Levi Garrison together.

"I'm going to talk in person, it seems more sincere." Tian Si recommended himself.

Xie Huanyu and others also did not object, and stayed in the town magic department to wait for the good news.

Then Tian Si came to the mass grave alone.

Gong Qianqiu was quite surprised when he learned that Tiansi was coming.

Especially according to the report, Tiansi seems to be seeking cooperation?

"Invite people in!"

Gong Qianqiu ordered.

After Gong Qianqiu finished speaking, put on the human skin mask prepared in advance.

She doesn't want to reveal her true identity for the time being, especially since the other party is the controller of the Town Demon Division.

Once the secret that he is the spy of Zhen Mosi is exposed, then Tiansi will definitely cancel this negotiation.

After Tian Si entered the welcoming hall, his eyes kept staring at Gong Qianqiu.

"Why is Tian Si coming?"

Gong Qianqiu asked in a deep voice.

Tiansi said in a negotiating tone: "Please order the leader to hand over Yufeng Tiansi and the top ten Tianjiao, and then we will join hands to deal with Levi Garrison."

"I don't know how to teach?"

"It's not a problem to join forces to deal with Levi Garrison, but people must let go after killing Levi Garrison." Gong Qianqiu said with a smile.

"It's a deal!" Tian Si said with a serious face.

The two talked happily and soon reached an agreement.

Looking at the back of Tiansi leaving, Gong Qianqiu's face immediately became cold.

Based on what he did to Yufeng Tiansi and the top ten Tianjiao, how could Tiansi give up once he was released?

Talking about cooperation now is nothing more than trying to kill someone with a knife.

"Tiansi, Tiansi, this sect master has seen through your plan."

Gong Qianqiu said proudly.

Although there are no eternal friends in the world, there are only eternal interests.

But Zhen Mosi, Qianqiu Sect, Xuan Ming and others teamed up to deal with Levi Garrison, but it was unexpected for everyone.

Not only that, Gong Qianqiu also issued an invitation to Xie Huanyu, the young master of the Cang Qiong faction, on the grounds of discussing specific cooperation matters.

Xie Huanyu readily agreed, and in order to show his strength and courage, he decided to go alone.

When I came to the designated place, Gong Qianqiu had been waiting for a long time.

"The younger generation Gong Qianqiu welcomes the young master."

Gong Qianqiu Yingying bowed, and her gestures were full of coquettishness.

This time Gong Qianqiu did not hide his appearance, and even deliberately dressed up after learning that Xie Huanyu had come by himself.

The dress is also quite s*xy, which perfectly outlines her graceful figure.

"The master of the palace is too polite, we are the same generation, and there will be more opportunities for in-depth exchanges in the future! Don't be too cautious!"

Xie Huanyu reached out to help Gong Qianqiu, and by the way, he patted the weak and boneless hand lightly.

When he saw Gong Qianqiu for the first time, Xie Huanyu was deeply attracted.

Especially Gong Qianqiu's frown and smile, he couldn't help but indulge in it.

It must be said that Xie Huanyu has also seen many peerless faces in Kunlun Ruins, but Gong Qianqiu seems to have a special charm that makes him fascinated.

"Then what should Qianqiu be called?"

"Brother Huanyu?"

"Will this be too presumptuous?"

Gong Qianqiu looked flattered and frightened.

It made Xie Huanyu feel love and pity in his heart.

"How can you be presumptuous? I think Brother Huanyu is very good, and it makes people feel friendly."

Xie Huanyu was overjoyed, that 'brother Huanyu' made his bones almost brittle.

"Then the slave family will be called that way!"

Gong Qianqiu smiled and continued: "Brother Huanyu, please take a seat, the little sister has many things to ask her brother for advice!"

Gong Qianqiu is extremely shrewd and will not miss any opportunity to make contacts.

Especially after Xue Pengzhan has confirmed that he can enter the Kunlun Ruins, Gong Qianqiu's ambition is even more inflated.

Although the overall strength of the Cang Qiong Sect is not as good as that of the Taixu Shenzong, Xie Huanyu is the young master of the Cang Qiong Sect.
