

The Return of the God of War [The Protector]

Chapter 3875

Levilia also met Phoenix and others on the way to visit Levi Garrison.

Looking at Levilia, who greeted him with a relaxed face, a few people were stunned except for their doubts.

"Levilia, is this child too nervous to become like this?"

Azure Dragon (Qinglong) asked worriedly.

During this time, the pressure on the three-way coalition was indeed too great, and even those who had been on the brink of death for many years were a little breathless.

Let alone a child?

The strength is strong and true, but the psychological quality may not be stronger than them.

"When the war starts, we have to escort Levilia to escape no matter what."

Azure Dragon (Qinglong) said firmly.

Several people nodded in agreement, Levilia was their last hope, especially as long as she was given enough time, there would be no problem with her cultivation base reaching the peak.

"Report, several leaders, suddenly a master attacked and killed us, and our outer guards couldn't hold it anymore."

At this moment, someone suddenly reported loudly.

"what?"

Phoenix and the others were stunned.

"According to the plan to meet the enemy, separate the elite to protect the boss, and his physical condition cannot be moved."

After Azure Dragon (Qinglong) finished his instructions, he led a few people to act separately, some to protect Levi Garrison and Levilia, and some to organize people to go out to fight.

At the same time, Xiao Feng was patrolling the periphery, and she was the first to learn that the strongmen of Zhenmo Division had raided.

"Don't panic, I'll go meet Tiansi first."

Xiao Feng had already accumulated strength and prepared to establish his prestige in the base camp through this battle.

Moreover, Xiao Feng devoured wildly during this time, and his cultivation realm has indeed greatly improved.

Coupled with Gong Qianqiu's deliberate guidance, Xiao Feng seemed to feel that he could be invincible in the world without the Kunlun Ruins Tianjiao.

"Stay out of the way, and hand over that old mess of Tiansi to Lao Tzu to deal with."

Xiao Feng ran all the way, and the members of the base camp to defend the enemy gave way.

Seeing Xiao Feng so brave, everyone's hearts were also excited.

"As expected of the senior brother, this aura of giving up on me is really a bit of a master's style."

"Indeed, I hope the senior brother can kill Tiansi."

"There are many Kunlun Ruins powerhouses behind him!"

One sentence made everyone's mood sink to the bottom.

Let's just say that Xiao Feng came directly to the front of the formation and saw Tian Si easily and seriously injured several base camp guards.

"You immortal, look at the tricks!"

Xiao Feng took the lead, aiming directly at Tian Si's chest with a palm.

"You are Xiao Feng, right? Since you are courting death, this seat will take your life sacrifice flag."

Tian Si didn't have the slightest intention to avoid him, so he rushed towards Xiao Feng's attack.

Bang bang bang!

The two released a terrifying energy aura, and they collided with each other to make a deafening terrifying sound.

At the beginning of the period, Tian Si didn't do his best, he thought it would be easy to kill a small fish like Xiao Feng.

However, after the fight, it was discovered that Xiao Feng did not show weakness under his Liu Cheng power.

"You have grown to such an extent?"

Tian Si was a little surprised.

Xiao Feng was instantly inspired, and thought that Tiansi would have no way to take him!

"When you enter the Kunlun Ruins, you think you are invincible in the world. Today, I will teach you how to be a man!"

Xiao Feng roared angrily and launched fierce attacks frequently.

"Insanity!"

Tian Si was furious, and the two instantly fought in one place.

Soon Zoey Lopez, Azure Dragon (Qinglong) and others also came to the scene, and followed the elites of the town magic division to fight together.

At the beginning of the period, none of the Cang Qiong faction joined the battle. In their opinion, as long as Tian Si himself could easily eliminate the guards at the base camp.

As for oneself needing to store up physical strength to deal with the variables, the most important thing is to prevent the strong intervention of Taixu Shenzong from endangering their lives.

However, after the melee between the two sides, Xie Huanyu was shocked to find that it was quite difficult for Tiansi to lead someone to take down the base camp.

At least it is seriously inconsistent with the original intention of the blitz they set.

The Return of the God of War [The Protector] Chapter 3876

"Young Master, let's go over and help! So that you don't have too many dreams at night."

Xie Yunzong said solemnly.

Xie Huanyu nodded and said, "Okay, make a quick decision."

As soon as the words fell, seven experts from the firmament faction joined the battle group, and the situation soon changed.

After all, these people are strong in the Kunlun Ruins. Although they have not done their best, they are also a dimensional blow to the members of the base camp.

Casualties among base camp members increased dramatically.

As time went on, Xiao Feng's situation became more and more difficult, and now he was completely suppressed and beaten by Tiansi.

Zoey Lopez and others were also injured more or less.

"Catch that kid!"

Xie Huanyu suddenly found Levilia and attacked directly.

"Levilia, be careful!"

Zoey Lopez and others reminded loudly.

Although they wanted to go to the rescue, they were already unable to protect themselves against the attacks of the strong men of the firmament, and they were helpless at all.

Just at this critical moment, there was chaos behind the Demon Suppression Division.

Screams and moans came and went, and sometimes a figure flew out backwards, and finally fell to the ground with serious injuries.

Xie Huanyu and others also suddenly stopped and turned to observe.

"what's the situation?"

Tian Si frowned slightly, followed the voice and saw hundreds of people attacking from all directions.

In particular, the leaders of the army ran rampantly, and wherever they went, the elites of the Demon Suppression Division were killed or injured.

"It's Nan Yan and Wen Lei!"

"And Huoyun Heretic God and Ning Jinye!"

"Heavenly Commander Tiance and Young Commander Tiance are also here."

Zoey Lopez and others were overjoyed, these people really belonged to the timely rain.

In particular, everyone found that Wen Lei, Zhou Nanyan and others were powerful, and those elites of the Magic Suppression Division, who were originally very difficult to deal with, were completely vulnerable in their hands.

"Mom, our turnaround is here!"

Levilia said with a smile.

Seeing her daughter's incomparably bright smile, Zoey Lopez suddenly realized something, but now the situation is special and she doesn't have time to think about it.

"Do you think you can turn the tide of the war with these few people? Joke!"

Xie Huanyu took the lead and directly met the Huoyun Evil God.

The other Tianjiao of Taixu Shenzong faced Zhou Nanyan and others.

Soldier to soldier to general, this time the battle has become more intense.

"Let me experience the great tricks of the young master of the Cang Qiong faction."

Before she finished speaking, Wen Lei slapped Xie Huanyu's chest.

The violent palm wind whistled out, and the surrounding area was squeezed a little distorted because the power was too terrifying.

It was like wrinkled paper, as if it had been torn apart.

"The arrogant junior, today I will show you what the insurmountable power gap is."

Xie Huanyu did not show weakness, in his opinion, he could kill Wen Lei in seconds.

However, Xie Huanyu completely dispelled this idea when the two palms collided in the void.

The violent energy pressure, even though he had an energy shield on his body, his cheeks still hurt from scratching.

Especially that powerful anti-shock force made Xie Huanyu take a few steps back to stabilize his body.

Of course, Wen Lei was not relieved. She also took a few steps back, but the expression on her face was still calm, but her eyes were a little more solemn.

"There is such a strong person in the secular world?"

The corner of Xie Huanyu's mouth twitched. Although the palm of his hand didn't use his full strength, he still needed 60-70% of his skill.

Not only was he unable to kill his opponent in seconds, but Wen Lei gave him a disservice.

This made Xie Huanyu feel disgraced.

"Today you must die!"

Xie Huanyu's figure disappeared again, his whole body turned into a black shadow, and he appeared behind Wen Lei in the next second.

However, before the shot, he suddenly felt the evil wind behind him.

"Sneak attack?"

Xie Huanyu was shocked, because he found that his body had a brief stagnation.

As if locked by some invisible force.
