

The Return of the God of War [The Protector]

Chapter 3885

"Hahaha!"

Gong Qianqiu couldn't help laughing out loud, she really enjoyed the feeling of completely controlling a person.

"Xiao Feng, don't regret it, after the meeting, the sect master will send you to hell together."

"You can repent with Levi Garrison at that time."

"Is this sect master kind enough?"

Gong Qianqiu said sadly.

Advertisement

Gong Qianqiu's words were like a heavy hammer, hitting everyone's heart hard.

"It turns out that there are so many hidden secrets, no wonder Xiao Feng is obsessed with assassinating the boss."

"It seems that what we have detected is the tip of the iceberg!"

"Especially the previous guesses are basically true, this Gong Qianqiu is really hateful."

Advertisement

The shock in the hearts of Phoenix and the others could not be further increased.

It is one thing to investigate the situation, and it is another thing to admit that Gong Qianqiu himself.

"Gong Wenqian was also killed by her. The key point is that Xiao Feng unconsciously took the blame."

"The rubbish that deceives teachers and destroys ancestors is really inhuman."

"But then again, Gong Qianqiu was so weak at the time that he could play people in the palm of his hand, which would be too terrifying!"

Zoey Lopez was also extremely shocked. When he glanced at Xiao Feng again, he found that the latter was like a corpse that had completely lost its vitality.

"how so?"

"I was deceived so badly, and I was willing to do things for this devil."

"Even to assassinate my master who treats me like a family member, I'm a sin that deserves death!"

Advertisement

Xiao Feng felt extremely regretful.

Azure Dragon and others once reminded themselves to stay away from Gong Qianqiu's words echoed in their ears.

"Gong Qianqiu is not a good woman, you'd better stay away from her, or you will be harmed by her sooner or later."

"Gong Qianqiu is the leader of Qianqiu Sect, why don't you believe it?"

"Xiao Feng, you are hopeless."

.....

Xiao Feng felt that his head was about to explode.

Endless remorse filled his heart, Xiao Feng felt that his life was unnecessary.

"Phoenix, Azure Dragon, Jinye, I'm sorry!"

"Master, Levilia, I'm sorry."

"Master, the one I'm most sorry for is you, I can only apologize with death."

After making up his mind, Xiao Feng suddenly raised his right hand and hit his temple.

Bang!

Just when Xiao Feng's palm was about to touch his skin, he suddenly felt that his arm was tightly clasped.

Looking up, he saw an extremely pale face.

"Master... Master?"

Xiao Feng said incredulously.

Levi Garrison said solemnly: "Death is the simplest thing, but it is also a coward."

When Levi Garrison let go of his hand, Xiao Feng's body seemed to be drained in an instant, and he slumped to the ground, crying with a low head.

"The boss is here!"

"Didn't you see Master's face! He should be holding on!"

There was a lot of discussion, but also increased confidence.

Although Levi Garrison doesn't look good at the moment, as long as he is in charge, everyone seems to have the backbone.

Even if the jade is burnt, there is nothing to fear.

"Levi Garrison, I didn't think your life would be tough, but it won't last long, right?"

Gong Qianqiu said jokingly.

Her words were both a temptation and what she thought in her heart. After all, Levi Garrison's face was ugly, and it was exactly the same as the state of the poison of the gods.

Obviously holding on.

"Now there are tens of thousands of elites on our side, and there are many powerhouses in the Taixu Shenzong. Don't think about any of you or leave today."

Gong Qianqiu said condensedly.

"What can you do to me?" Levi Garrison said with a relaxed face.

Gong Qianqiu was stunned. She suddenly found that Levi Garrison, Wen Lei, Zhou Nanyan and the others had flat faces and showed no signs of fear.

It was in stark contrast to the nervous expressions on the faces of Zoey Lopez and other elites in the base camp.

"These people are too calm, aren't they?"

The Return of the God of War [The Protector] Chapter 3886

Gong Qianqiu was quite dissatisfied. In her imagination, this group of people should be so frightened that their hearts were split.

How did she know that the strength of Levi Garrison and others had greatly improved, and they were not afraid of facing the powerhouses of the Taixu Shenzong.

In the face of absolute strength, any conspiracy and tricks are useless.

Especially Wen Lei, Zhou Nanyan and Huoyun Evil God, they even fought against the sky powerhouse.

They have a certain understanding of the so-called great powers of these Kunlun Ruins sects, and their own strength is not even weaker than the other party, which makes them more confident.

Take the people standing in front of them, except for Gong Qianqiu and the three holy sons, the others, Wen Lei, really didn't see them in their eyes.

Advertisement

There are even a few Taixu Shenzong Tianjiao who do not have Xie Huanyu and Xie Yunzong, the young masters of the Cang Qiong faction.

What's more, Levi Garrison cheated and hurt Wen Lei and other people well aware of it.

Although I don't know how terrifying Levi Garrison's strength is, he will definitely not be weaker than Gong Qianqiu and Sanshengzi.

Therefore, Wen Lei and others can be said to have nothing to fear.

"What happened to these people?"

Gong Qianqiu was puzzled.

Judging by Xiao Feng's reaction, the information passed on before was definitely not adulterated, especially Levi Garrison's state also shows that his poisoning has not healed.

But this calm doesn't seem to be pretending.

"Levi Garrison, let your people be captured, and this sect master can let you live."

Gong Qianqiu said condensedly.

Levi Garrison said with a smile: "Gong Qianqiu, don't try it. If you have the ability, just attack, don't talk nonsense."

"you....."

Gong Qianqiu was dismantled on the spot and immediately felt that his face was damaged.

Advertisement

However, she acted extremely cautiously in the end, and felt that there were still hidden dangers in rushing to make a move before it was fully discussed and investigated.

"Don't think that you are invincible by defeating the scumbags of the Cang Qiong faction. Today, I will let you know what is called a natural moat in terms of strength."

Gong Qianqiu said coldly.

Levi Garrison was still unmoved, and said indifferently, "I will accompany you to the end."

Gong Qianqiu was a little anxious for a moment.

She has always taken pleasure in playing others with applause, but now Levi Garrison is completely out of control.

And looking at her state, it seems that everything is under control, but she is unpredictable.

"Don't talk nonsense with him, except that kid, kill everyone else."

The Three Holy Sons couldn't stand it any longer, and gave an order directly.

"Follow the orders of the Son."

Gong Qianqiu naturally did not dare to disobey the order of the three saints, and then waved to his subordinates and said solemnly: "Kill!"

Qianqiu Sect and the masters of the Taixu Shenzong immediately started to fight, and the two sides immediately scuffled together.

"Levi Garrison, this sect leader will kill you with his own hands today."

Gong Qianqiu said murderously.

Even if Levi Garrison is seriously injured now, Gong Qianqiu will kill Levi Garrison with his own hands.

Especially when she recalled that when she was still weak and almost died at the hands of Levi Garrison, Gong Qianqiu was even more furious.

"what!"

Before Levi Garrison could react, he suddenly heard a roar from a distance.

Immediately, the figure flashed, and it was a palm directly aimed at Gong Qianqiu's face.

Xiao Feng!

Gong Qianqiu frowned, he didn't think that Xiao Feng would suddenly attack at this time, this guy was actually beaten down?

"Gong Qianqiu, you lied to me for so long, I'm going to kill you!"

Xiao Feng's eyes were red, like a wild beast, and his palms were even stronger than in the heyday.

"Waste, with your strength, would you be embarrassed to show shame?"

Gong Qianqiu's face was full of disdain, and he did not dodge in the slightest, and slapped a palm in the direction of Xiao Feng's attack.

Xiao Feng couldn't dodge in time, and instantly felt a majestic force hit.

Bang!

Xiao Feng flew out like a broken thread, and finally fell heavily to the ground.

The Return of the God of War [The Protector] Chapter 3887

In the face of Gong Qianqiu's provocation, Levi Garrison was naturally not afraid at all, and even said that he had long been looking forward to this battle.

Gong Qianqiu played a lot of forces all by himself. He wanted to see how strong this scheming female leader can be?

"Levi Garrison, die!"

Before the words fell, Gong Qianqiu's figure had disappeared in place.

In the next moment, he appeared in front of Levi Garrison, his palm wrapped in rich black energy.

Chi Chi Chi!

Advertisement

The area near the black energy was strongly corroded, and an extremely pungent unpleasant smell appeared in the void.

"Poison Palm?"

Levi Garrison didn't mean to avoid it at all, he just wanted to test Gong Qianqiu's strength.

Bang!

Advertisement

The palm winds of the two collided in the void, making a deafening muffled sound.

The violent energy aftermath also spreads rapidly from the contact point of the two palms to the surrounding.

"So strong!"

Gong Qianqiu's eyes were slightly condensed, and he instantly felt the extremely powerful anti-shock force.

The whole person flew out backwards.

"You pretended that your serious injury didn't heal?"

After being shaken back more than ten feet, Gong Qianqiu's figure was stable.

Of course, Gong Qianqiu did not suffer any substantial damage, but Levi Garrison's combat power far exceeded her expectations.

Obviously, he has been poisoned by the poison of the gods, and he should be instantly killed by himself.

Advertisement

How can you easily defuse your attack?

Gong Qianqiu was puzzled.

"Perhaps he was at the end of the shot just now?"

"And reluctant support is to bluff and give confidence to the members of the base camp."

"It must be so!"

"It was just a warm-up just now, Levi Garrison, the next moment is your death."

In fact, Gong Qianqiu didn't lie to a certain extent, because she didn't exert all her strength just now, even only five successes.

After all, in her opinion, when Levi Garrison was poisoned, five successes were enough.

The violent palm wind whistled out, as if to shred the space of this area.

"Good come!"

Levi Garrison still did not dodge and let Gong Qianqiu's attack keep approaching.

Bang!

The two sides faced each other again.

The energy that erupted this time was several times more terrifying than before.

Gong Qianqiu was shaken back again, but Levi Garrison stood still.

"how can that be?"

Gong Qianqiu's face was full of incredible colors.

She really can't understand, she has clearly exerted the power of eight successes, and even Levi Garrison's figure has not been shaken?

Did the poisoning make him stronger?

"Come again!"

Gong Qianqiu felt that his face was lost, and the anger in his chest was increasing exponentially.

"you wanna die!"

Gong Qianqiu went completely berserk, and this time he didn't have any hold, and launched an attack with all his strength.

For a time, the sky and the earth changed color, and a terrifying cyclone was formed between the black energy circulation, and the surrounding space seemed to be twisted and twisted.

The sound of the cyclone was like a ghost crying and wolf howling, which made people shudder.

"That's what it looks like!"

A strong fighting spirit rose in Levi Garrison's heart.

The attacks of the two sides collided head-on again, and the energy aftermath that erupted was like a tsunami.

In an instant, sand and rocks flew, the entire area was ravaged by energy, and the branches of trees were twisted into pieces in an instant.

Some personnel with relatively low cultivation bases were directly swept away, and they were instantly shaken out of internal injuries.

Many people even died on the spot.

Seeing Gong Qianqiu taking a few steps back in the field, the shock on his face could not be concealed.

And Levi Garrison was still standing in the same place and did not move.

"Now it's my turn to attack, are you ready to die?"

Levi Garrison said in a very cold tone.

After taking Gong Qianqiu's three palms in a row, Levi Garrison has tested her approximate strength.

Gong Qianqiu's face became particularly dignified, and there was a faint hunch in his heart.
