

The Return of the God of War [The Protector]

Chapter 3888

Out of the corner of their eyes, the others glanced at them. Except for the Three Holy Sons, who were watching from the sidelines, everyone else was in a hard fight.

Especially the ordinary Tianjiao of Taixu Shenzong have been completely suppressed.

Only Xue Pengzhan and Huoyun Evil God had a slight advantage in the battlefield.

And this slight advantage was slowly wiped out over time.

"It's no wonder that those people in the sky sent and Tiansi returned home, so their strength is so powerful?"

"But how exactly did they do it?"

"It should have been significantly improved in the recent period, otherwise everyone would never have been hiding in the base camp and couldn't hold on to it."

Gong Qianqiu was puzzled.

"You dare to wander at such a time?"

An icy voice sounded after itself, instantly making Gong Qianqiu come back to his senses.

Out of her instinct for danger warning, she directly urged the exercise to avoid it, and the place she was standing had turned into an afterimage.

Boom!

The bluestone standing before Gong Qianqiu instantly turned into a powder.

"Hide quite fast!"

Levi Garrison did not give Gong Qianqiu a chance to breathe, and continued to attack.

With three palms in a row, the violent palm wind seemed to completely cover the entire area, leaving Gong Qianqiu nowhere to hide.

In desperation, he could only push Qi Ji to conduct a frontal resistance.

However, facing the overwhelming energy coverage, Gong Qianqiu already felt a little powerless.

"Saint Son, save me!"

Barely resisting Levi Garrison's three consecutive palms, Gong Qianqiu finally asked Sanshengzi for help.

The figure of the three saints appeared like a ghost in front of Gong Qianqiu, and he had been paying attention to the whole battle just now.

He never thought that Levi Garrison's strength was so powerful, and Gong Qianqiu's strength also surprised him.

Because the battle power that Gong Qianqiu burst out in the final stage can almost catch up with himself, even if there is a gap, it is not very big.

"It seems that when Gong Qianqiu was tested before, she still had reservations!"

Sanshengzi thought to himself, but he also had a unique trick that he did not use.

Therefore, the Three Holy Sons were only a little surprised, and still had absolute confidence in controlling the entire situation.

"Master's poisoning can actually suppress Gong Qianqiu?"

"As expected of the boss!"

"Mr. Ye is too powerful, but facing the Three Saints and Gong Qianqiu at the same time, I'm afraid there will be danger!"

The unsuspecting members of the base camp turned from an uplifted spirit at the beginning to a state of anxiety and worry.

After all, all other battles are now firmly occupying the advantage.

Even the Huoyun Evil God, who was faintly at first, gradually stabilized the situation through a protracted battle, and was in a position between equals.

Therefore, Levi Garrison is the only one who can really control the direction of the battle.

Once Levi Garrison is defeated, the victory that the base camp finally achieved will collapse in an instant.

Almost everyone was extremely nervous. After all, in their perception, Levi Garrison was poisoned!

"It seems that you used some special technique to control the spread of the poison of the gods."

Gong Qianqiu said solemnly: "But you forgot, once you activate the exercise to release the Qi, then the poison of the gods will permeate and spread to the heart, and even if the Golden Immortal Daluo comes, it will be difficult for you to stay for a while. "

"Really? How did you know I must have been poisoned?"

Levi Garrison asked back with a smile.

Gong Qianqiu was slightly startled, then his pupils shrank suddenly, and even looked at Levi Garrison in horror.

"Is it all your plan?"

Gong Qianqiu suddenly had a hint of fear.

At this moment, the three saints sneered and said, "Levi Garrison, what if you are not poisoned?"

"With this seat and the master of the palace, do you think you can still live today?"

"yes?"

Levi Garrison said quietly: "Since that's the case, then let you see Lao Tzu's true strength.

"How much real strength can you have..."

The last word 'strong' of the Three Holy Sons was swallowed by him before he could say it.

Seeing that Levi Garrison suddenly released an extremely terrifying energy coercion.

Because this power is too terrifying, it directly caused the energy imbalance in this area.

Boom!

The world began to vibrate violently.

The surrounding trees and rocks were suddenly twisted into powder by the powerful airflow.

With Levi Garrison's body as the center, a huge energy vortex is formed.

The surrounding aura also seemed to have received a huge suction force and quickly poured into Levi Garrison's body.

On the other hand, Levi Garrison's body exudes brilliant golden light, like a god coming into the world, and his gestures reveal a majesty that makes people willing to surrender.

As for the sickness on Levi Garrison's face before, it was swept away in an instant.

The golden glow of the cheeks flowed, and there was a faint verve.

In particular, those eyes shot out two fierce divine beams, which made people dare not look directly.

"This...how is this possible?"

Gong Qianqiu couldn't believe everything in front of him.

The poison of the gods is completely ineffective?

The key is how could Levi Garrison's strength be so strong? How long has it been since the last time!

Moreover, according to the information provided by Xiao Feng, it is impossible for Levi Garrison's basic exercises to improve his cultivation in a short period of time, and only long-term cultivation can be effective.

Gong Qianqiu's face gradually turned from surprise to horror.

The fear in my heart is rising rapidly.

Due to Levi Garrison's terrifying changes, other battles also stopped one after another, and all eyes were focused on the three of them.

"Levi Garrison is so strong?"

"How can such a clan's blood vengeance be avenged?"

Duguxiao and Xuan Ming's expressions also changed greatly. They originally had a blood feud and wanted to slaughter Levi Garrison and his relatives and friends to relieve their hatred.

Now that Levi Garrison's combat power has soared, the battle situation has become unclear in an instant.

"Father, what shall we do now?"

Duguxiao asked through voice transmission.

Xuan Ming pondered for a moment and responded: "Look at it again, the three saints and Gong Qianqiu join forces, they should be able to defeat Levi Garrison, right?"

Even if Xuan Ming didn't realize it himself, he was seriously lacking in confidence when he said this.

The father and son put all their hopes of revenge on Gong Qianqiu and the three holy sons.

I kept praying in my heart that they could defeat Levi Garrison.

As for the other Taixu Shenzong Tianjiao, they were completely shocked. They never imagined that there would be such a strong person as Levi Garrison in the secular world.

"This kind of cultivation can be ranked even in the Kunlun Ruins, right?"

"It's more than the number one ranking. Even in some medium-sized sects, it is at least the core elder level, or even higher."

"How on earth did he cultivate? Can the Three Holy Sons and the others win?"

Xue Pengzhan and several Tianjiao felt uneasy in their hearts. Since entering the secular world, this is the first time they have felt fear.

Especially thinking that the Cang Qiong faction only killed two Tianjiao not long ago, the mood of several people sank to the bottom, and they took a few steps back unconsciously.

One is happy and one is sad.

Everyone in the base camp was in high spirits, and the elites who were still a little depressed were full of confidence at this moment.

"Are you okay with King's Landing?"

Zoey Lopez's shock and consternation at the beginning gradually turned into excitement and joy, and finally turned into a trace of resentment and anger.

She is a very smart woman, recalling her daughter's abnormality, Zhou Nanyan, Wenlei and others were calm at that time.

Zoey Lopez was almost certain that these people must have known in advance that Levi Garrison was not poisoned.

He even knew Levi Garrison's strength for a long time, so he was so calm and calm, and in turn comforted himself.

"Levi Garrison, wait and see how I will deal with you when the time comes?"

Zoey Lopez thought angrily.

"Boss is so strong?"

"This momentum has completely crushed Gong Qianqiu and the others."

"The key is how did the boss get rid of the poison?"

Phoenix and the others were also excited.

Although Zhou Nanyan, Wen Lei and others showed extremely powerful combat power before.

However, Phoenix and others are not optimistic in the face of the powerhouses like Sanshengzi and Gong Qianqiu.

However, now that King Levi Garrison has returned, the situation is completely different.

"Master, is he... okay?"

Xiao Feng also woke up at the moment, but his breath was very weak.

Gong Qianqiu's palm directly seriously injured him.

"That's great, Master is fine."

Xiao Feng changed from the initial shock to joy, and the guilt in his heart was slightly reduced.

But then Xiao Feng was extremely puzzled. At that time, he clearly stabbed the Wanjun short blade into the master's body.

Later, Master's worse and worse situation is still vivid in my mind. Why is there suddenly nothing?

"Xiao Feng, you bastard dare to lie to me!"

"This sect will mainly burn you to ashes."

Gong Qianqiu changed from initial shock and doubt to final anger.

She felt that Xiao Feng and Levi Garrison had deceived her.

This made Gong Qianqiu, who always took pleasure in playing with others, very unhappy.

"Gong Qianqiu, Xiao Feng didn't lie to you, it's just that you were clever but mistaken by wisdom."

"I have long noticed that Xiao Feng has murderous intentions towards me, so I just decided to do it."

"I haven't been hurt from the beginning to the end, how about this, are you satisfied with this surprise?"

Levi Garrison said jokingly.

"what?"

Gong Qianqiu was shocked again, and at the same time, there was an unprecedented sense of frustration in his heart.

"The boss is mighty!"

"Teacher's ingenuity is unparalleled!"

"We finally fought a turnaround."

Everyone in the base camp suddenly realized that they were in high spirits again.

Levi Garrison has never let them down.

"Since you are here, just stay completely!"

"Leave none, kill!"

Levi Garrison ordered a counterattack, and immediately took the lead in fighting against Gong Qianqiu and the Three Saints.

The prestige was shaken, and the others were also high-spirited, and they launched a collective charge without fear of death.

The scene was suddenly chaotic, and there were sounds of fighting everywhere.

"I don't believe that you, a monkey in the secular world, can be so strong!"

The Three Holy Sons did not dodge, but threw a punch against Levi Garrison's attack.

I have to say that the three saints still have two brushes, and the fist style is strong and powerful, not weaker than Gong Qianqiu's full-strength strike, or even worse.

"To Lao Tzu, break it!"

Levi Garrison gave a low drink, and also punched out.

Two powerful energies collided in one place in the void, making a deafening terrifying sound.

The giant fist that the three holy sons used to transform into energy shattered in an instant.

And Levi Garrison's energy giant fist has not diminished in the slightest, and continues to approach the body of the three holy sons with the momentum of destroying the dead.

It was as if a ferocious beast opened its bloody mouth, intending to swallow the whole of the three saints into its belly.

"So strong!"

Sanshengzi's pupils shrank, he didn't think that his fist strength would collapse with a single blow.

Unprepared, the three saints had to run the defense technique, and the layers of defense energy shields broke out.

At the same time, the three saints quickly stepped back.

Clap clap!

The energy shield suddenly shattered.

The fist strength has only been reduced by nearly 20%, and the remaining strength is still like a maggot in the tarsus, continuing to track the direction of the three saints' retreat.

After repeating this several times, his fist strength was exhausted.

However, the body of the Three Holy Sons was also hit by the aftermath.

Bang!

The three holy sons flew out straight upside down.

It can be clearly seen that his shoulders are sunken, and there is a faint sound of broken bones.

"hateful!"

Sanshengzi wiped the blood from the corners of his mouth, and a piercing pain came from his shoulders.

He just wanted to take a pill for repair, but Levi Garrison obviously didn't plan to give him a chance to adjust his breath.

"Danger!"

The Three Holy Sons only felt a strong aura of death approaching rapidly.
